KAS Prelims 2026: The Strategy Pack

Prepared 27-10-2026 (IST). Exam date: 15-11-2026 (Sunday), shown as "tentative" in the notification; confirm on your admit card.

Strategy Pack: chapter 0 of 8 ready, steady, go

Hey, this is your **game plan**, not a lecture. Think of the prelims as a cricket chase: 200 marks per paper, 120 minutes, and the smart batsman does not slog every ball. He picks the balls he can hit, leaves the dangerous ones, and keeps the scoreboard moving. By the end of these pages you will know **how many to attempt, when a guess is worth it, how to eliminate options with a reason, and exactly what to do each day until 15 November.**

> **Peak fact:** One wrong answer costs **2.5 marks** compared with a right one, but only **0.5 mark** compared with leaving it blank. That one line explains the whole strategy.

1. Exam facts (from the official notification)

Chapter 1 of 8 12% done

First, the rules of the game, straight from the paper that matters.

- Notification No. KPSCKA/EXA1/EXMF/9/2026-EXAM-1/I/251710/2026 dated 31-07-2026 (read from a mirror PDF; kpsc.kar.nic.in does not load from the box).
- 2 papers, objective, **4 options**; each paper **100 questions x 2 marks = 200 marks, 2 hours**; total 400.
- Paper I: 40 questions National/International GS (80 marks) + 60 Humanities (120 marks). Paper II: 40 State-importance GS + 30 Science & Tech, Environment & Ecology + 30 General Mental Ability (SSLC level; the rest is degree level).
- Question papers are set in **Kannada and English** (note (a) in the notification).
- **Negative marking:** one-fourth of the marks of the question for each wrong answer = **0.5 mark per wrong answer**. (The notification cites the 10th Amendment Rules 2013, DPAR 118 SRR 2012 dt 12-02-2013.) The rule also allows some questions with "inbuilt" graded marks (most/less appropriate answer); none seen in past papers.

- Candidates admitted to Mains = **15 x notified vacancies**, in order of merit and category-wise (note (c)). Prelims marks do **not** count toward the final rank; they only qualify you.

> **Common trap:** Some coaching pages say the penalty is 0.25 mark per wrong answer. For a 2-mark question the notification gives **one-fourth of the question's marks = 0.5**. Use 0.5.

> **Next up:** Chapter 2 has the one calculation that decides when to guess and when to keep quiet.

---

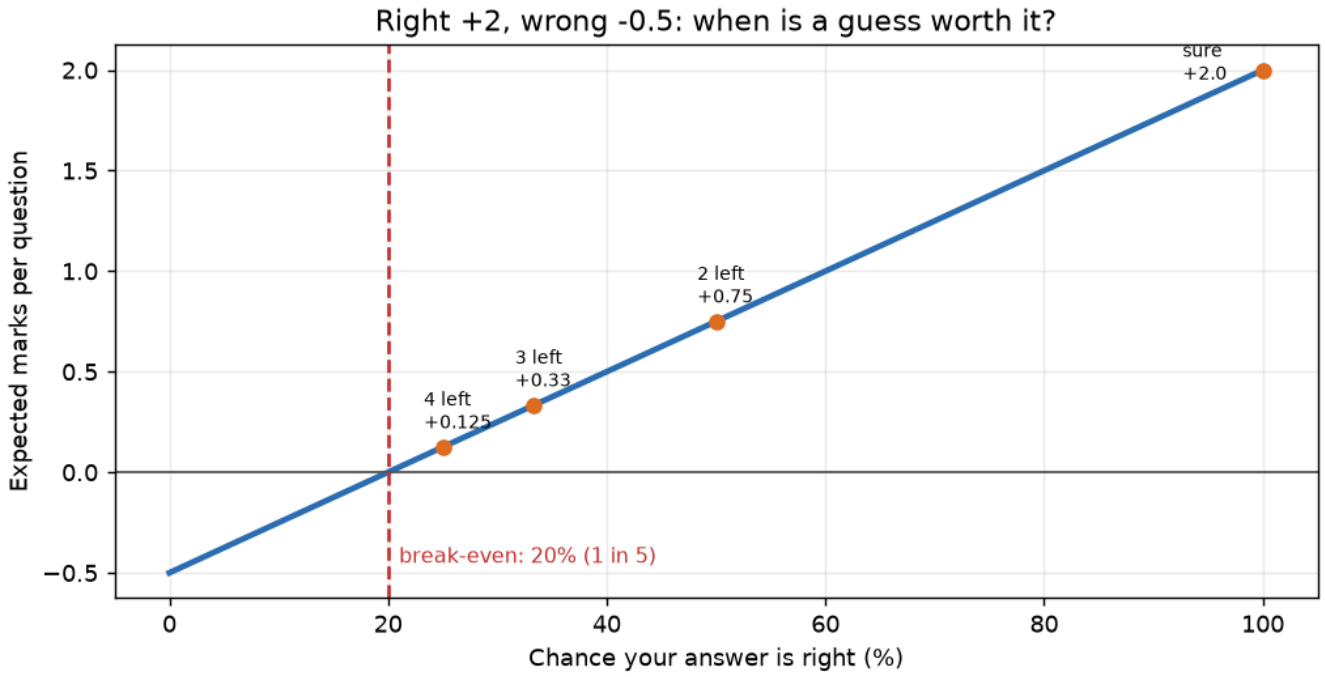

2. Negative-marking maths: the "should I guess?" calculator

Chapter 2 of 8 25% done

Checked two ways: a closed form and an exact binomial sum (script `build/strategy_math.py`, output in `data/strategy_math_output.txt`).

Right = +2. Wrong = -0.5. Blank = 0.

Expected marks from one attempt with chance p of being right: EV = 2.5p - 0.5. It is positive when **p is above 20%** (break-even is 1 in 5).

> **Remember it like:** Treat a guess like buying a lottery ticket at 0.5 mark that pays 2 marks. With 4 options left you win 1 time in 4: barely profitable. With 2 left you win 1 time in 2: very profitable. So **buy tickets only after you have thrown away options.**

Options you cannot rule out	Chance of being right (if your elimination is correct)	Expected marks per question
4 (pure guess)	25%	+0.125
3	33.3%	+0.333
2	50%	+0.75
1 (sure)	100%	+2.0

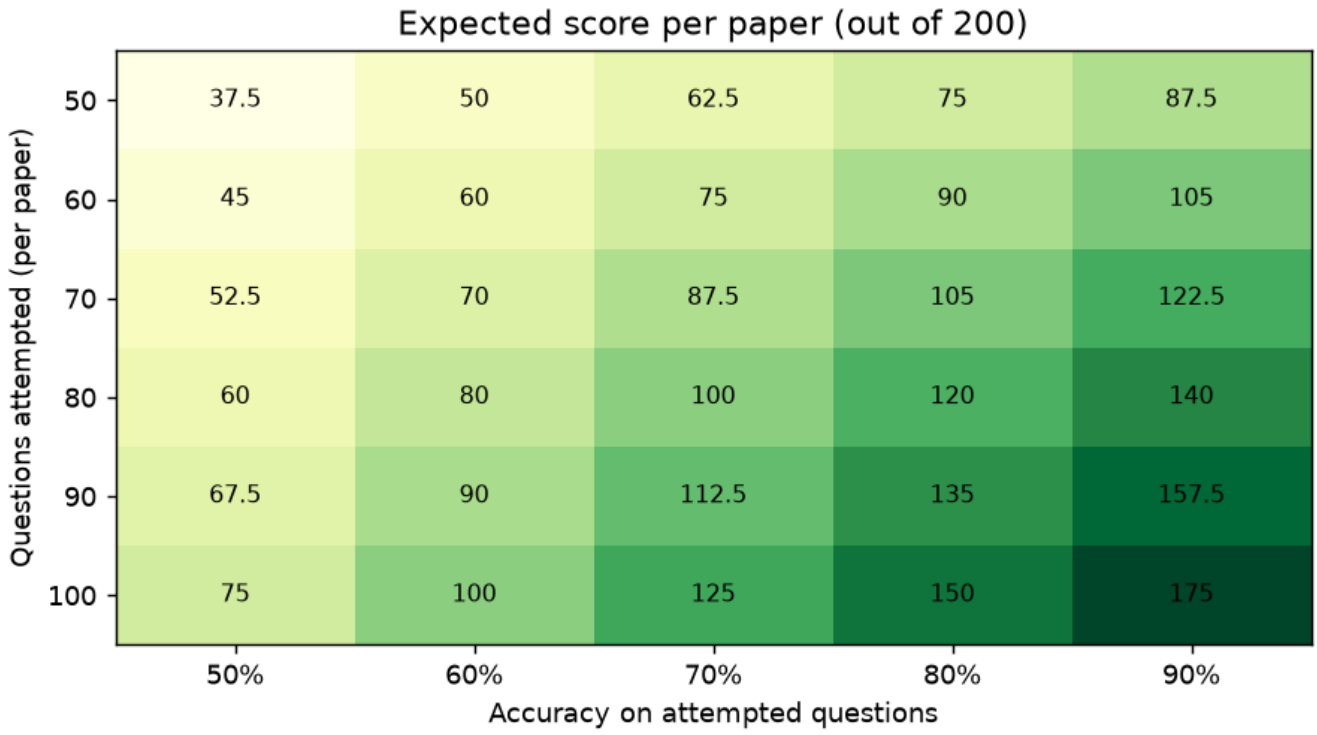

Reading this table honestly: the figures assume the right answer is still among the options left. If your elimination is wrong 1 time in 4, a "2 options left" guess is really about 37.5% (+0.44), and a "3 left" guess about 25% (+0.125). Rule of thumb in this pack: **guess only with 2 or 3 options left; guess at 4 left only when the paper is nearly done and you are behind your target.**

Risk of a batch of guesses (exact):

Guesses	Chance right	Expected gain (marks)	Std dev (marks)	Chance net is negative
10	25%	+1.25	3.4	24%
10	33%	+3.3	3.7	10%
10	50%	+7.5	4.0	1%
20	25%	+2.5	4.8	22.5%
20	33%	+6.7	5.3	6%
20	50%	+15.0	5.6	0.1%
30	25%	+3.75	5.9	20%
30	33%	+10.0	6.5	3.5%
30	50%	+22.5	6.8	0%

Meaning: blind guessing earns almost nothing and loses marks about one time in five; guessing after eliminating two options is clearly worth it.

Expected score per paper (out of 200) = N x (2.5a - 0.5), where N = questions attempted and a = accuracy on them:

Accuracy needed to reach a per-paper target (a = (S/N + 0.5) / 2.5):

Target per paper (total of two papers)	N = 70	N = 80	N = 90	N = 100
75 (150/400)	62.9%	57.5%	53.3%	50%
85 (170/400)	68.6%	62.5%	57.8%	54%
92.5 (185/400)	72.9%	66.2%	61.1%	57%
100 (200/400)	77.1%	70%	64.4%	60%
110 (220/400)	82.9%	75%	68.9%	64%

Common trap: "Attempt everything" and "attempt only what I am 100% sure of" are both wrong. The sweet spot is **attempt every question where you can reach 2 or 3 options**, and skip the ones where you are totally blank.

Recap: break-even 20%; guess at 2 or 3 left; each wrong costs 0.5; the target table tells you how sharp you must be.

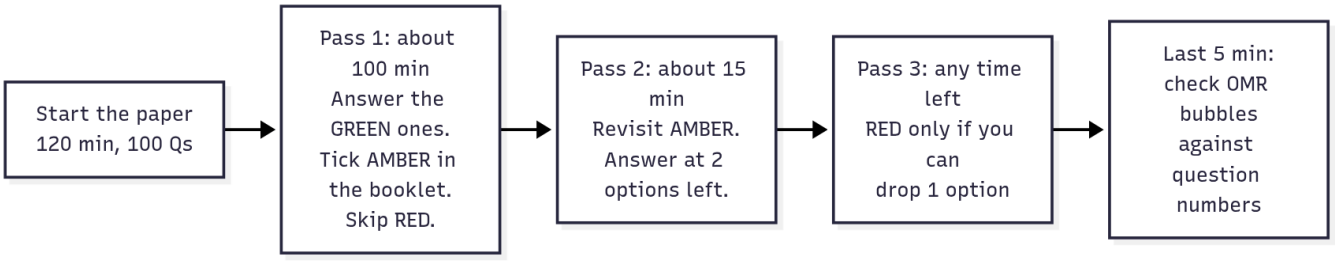

> **Next up:** Chapter 3 turns the maths into a plan you can run with a stopwatch.

---

3. Attempt strategy: the three-pass method

Chapter 3 of 8 38% done

Time: 120 minutes for 100 questions = **72 seconds** each. Do not spend 4 minutes on a 2-mark question you only half-know.

1. **Pass 1 (about 100 min): green questions only.** Answer at once when you know it or can narrow to one option. Put a faint tick **in the question booklet (not the OMR)** against any question with 2 or 3 options left ("amber"). Skip long calculations, long puzzles and anything with a four-way unknown ("red").
2. **Pass 2 (about 15 min): amber questions.** Re-read, eliminate again, answer when you are at 2 options (guess at 3 options only if you honestly feel 33% or better).
3. **Pass 3 (any time left): red questions.** Guess only if you can drop at least one option. If the paper is nearly done and you are below target, a 4-option guess is worth +0.125 each, but the swings are real, so never make it your main plan.

> **Remember it like: Green, Amber, Red: like traffic lights.** Go, slow, stop. A good driver does not run reds to save 10 seconds.

Section order (suggested; test it in a mock first) - **Paper I:** the Humanities block (Q41-100) first while your head is fresh and the questions are static (History, Geography, Polity, Economy); then the 40 National/International questions (current-affairs heavy; you either know it or you do not). - **Paper II:** Mental Ability (Q71-100) is the most certain marks, because every answer is exact. Do the **quant and reasoning items you can finish in 60-90 seconds first**, then Karnataka (Q1-40), then Science and Environment. Skip any puzzle that has not yielded in 2 minutes. - Mental Ability is SSLC level in the notification. The December 2024 paper had 21 reasoning and 9 quantitative items (my trend analysis); do not assume the same mix.

Per-section targets (a starting point; adjust after your first 3 mocks). Treat these as habits, not predictions.

Section	Questions	Target attempt	Target accuracy
P-I National/International GS	40	28-32	70%+
P-I Humanities	60	50-55	70%+
P-II Karnataka/State	40	30-34	70%+
P-II Science, Env	30	22-25	70%+
P-II Mental ability	30	24-28	85%+

Statement and "how many are correct" questions (my trend analysis: 6 in Aug 2024 P-I, 14 in Dec 2024 P-I, 3 in Dec 2024 P-II): you cannot eliminate by "one right answer"; you must test each statement. If you are sure about two statements, the combination options often shrink to one or two. Do not guess when you know 0 or 1 statements.

After the exam: write down the Q numbers where you guessed. When the provisional key comes out, check which guesses were right; that is how you calibrate your guessing next time.

Peak fact: Mental Ability is the one section where you can be **certain**. That is why this library gives it a full bank and a formula sheet: sure marks first, uncertain marks second.

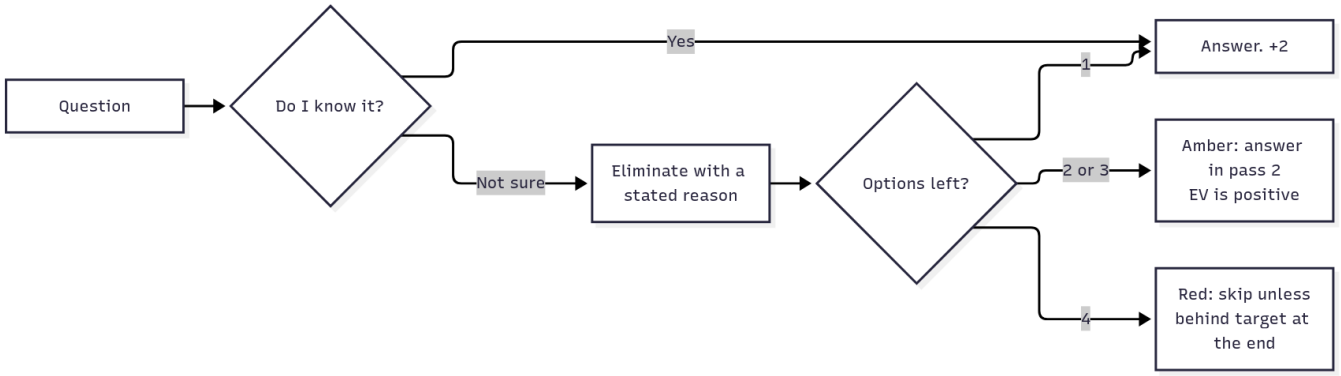

Next up: Chapter 4 is the toolbox for the 2-or-3-options moment, the exact moment where marks are won.

---

4. Elimination guide: 12 tools, each needs a reason

Chapter 4 of 8 50% done

Elimination is a method, not a trick. Every step must be a reason you can say in one line.

1. **Test the extreme words** (heuristic, not a law). "Only", "always", "never", "all", "none", "exclusively" are right less often in statements about institutions or history than "may", "generally", "mainly". If you know one counterexample, drop that statement.
2. **Combination options** ("1 and 3 only"). Fix one statement you are sure of (true or false) and cross out every option that disagrees; then look for a second statement. One or two sure statements usually cut 4 options to 2.
3. **Chronology.** Place the two events you are surest about; that removes half the options. Anchor on dates you have drilled (1498, 1526, 1757, 1857, 1885, 1905, 1919, 1947, 1950 and the Karnataka dates in the fact bank).
4. **"NOT / except / incorrect" questions.** Underline NOT. Mark each option T or F, then pick the F. Never pick the first T you see.
5. **Match the following.** Match the pair you are certain of and strike every option that pairs it differently. Two sure matches usually leave one option.
6. **Assertion-Reason.** Decide whether A is true, then whether R is true, then whether R explains A. The four options are the same every time, so learn their meanings once.
7. **Numbers.** For Economy and Science figures use order of magnitude (is GDP growth near 6-8%, not 18%?). Drop options that are off by a mile.
8. **Karnataka facts.** When two options sit in the same district or on the same river, ask which one fits the second clue in the stem (a river, a dynasty, a century).
9. **Mental ability.** Estimate before computing; check the last digit against the options; for series test difference, then ratio, then alternating pattern; for puzzles, draw the table and fill sure facts before branching.
10. **Language.** The papers are set in Kannada and English. If the two versions seem to differ, check the rule printed on your question booklet; I could not confirm a rule from the notification.
11. **When elimination fails** (4 options still open): skip, unless you are in pass 3 and behind target.
12. **Never change an answer** without a specific new reason. Gut-feel changes lose marks more often than they gain.

Remember it like: EMCAN for the question types: **E**xtreme words, **M**atch, **C**ombination, **A**ssertion-reason, **N**OT questions. Say it as "Emcan, you can".

Common trap: Elimination by a feeling ("this sounds too big") is not elimination. Name the reason: "No, because Article 356 is about President's Rule, not Finance."

Recap: reason every cut; fix one sure statement first; underline NOT; never change without a new reason.

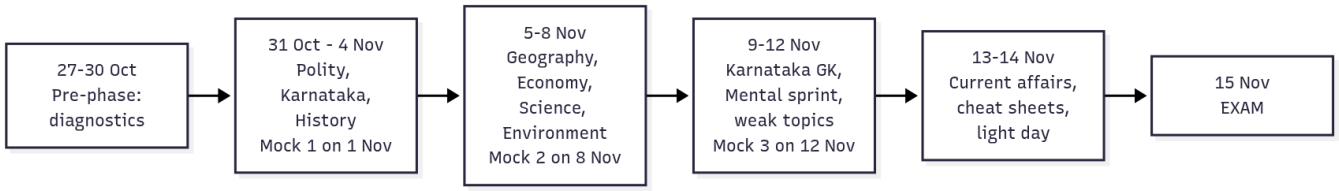

Next up: Chapter 5 is the calendar: 19 days, three mocks, and a rest day you must actually take.

---

5. The 15-day plan (Sat 31-10-2026 to Sat 14-11-2026; exam on Sun 15-11-2026)

Chapter 5 of 8 62% done

Built from the trend analysis: Paper I per 100 has History & Culture about 17-29, Geography 15-25, Polity 15-24 and Economy/Agri 13-22; Paper II has Karnataka State topics 17-38 and rising, Science 14-31, Environment 10-21 and Mental Ability about 30. Karnataka is about 30% of GS.

Tools: the 10 Model Paper Sets PDF (already delivered), the subject banks, fact bank and notes in this library. **Day 0-3 (27-30 Oct) is a pre-phase** to catch up on the fact bank and the formula sheet.

Daily rhythm (about 8 hours; adjust to your life): 1. 60 min: revise the day's notes. 2. 90 min: timed questions from the day's bank. 3. 45 min: review **every wrong answer** (one line per mistake). 4. 45 min: current affairs (last 12 months; Karnataka first). 5. 30 min: mental ability, 10 problems timed. 6. 10 min: recall yesterday's mistakes.

Day	Date	Focus	Task
0-3	Tue 27 - Fri 30 Oct	Pre-phase	Read this pack. Read the Karnataka fact bank (history timeline, geography). Memorise the mental-ability formula sheet. Take a 25-question diagnostic from each finished bank to find weak topics.
1	Sat 31 Oct	Polity I	Constitution features, Preamble, FRs, DPSPs, amendments. Bank: Polity Q1-50.
2	Sun 1 Nov	**Full mock 1** (Set 01)	Paper I and II under exam timing; strict. Review afterwards.
3	Mon 2 Nov	Polity II + Karnataka polity	Parliament, judiciary, federalism, Panchayat Raj (73rd, 74th, Karnataka Act 1993), Lokayukta, KPSC.
4	Tue 3 Nov	Karnataka history	Dynasties, Vijayanagara, Wodeyars, unification, freedom fighters. Bank: Karnataka History.
5	Wed 4 Nov	Indian history	Modern India 1857-1947, chronology; ancient and medieval basics. Bank: Indian History.
6	Thu 5 Nov	Geography India + Karnataka	Physical, rivers, soils, climate; Karnataka districts, rivers, dams, agro-climatic zones. Bank: Geography.
7	Fri 6 Nov	Economy	Budget basics, RBI, inflation, schemes, Karnataka budget numbers. Bank: Economy.
8	Sat 7 Nov	Science + Environment	Biology and physics basics; Ramsar, national parks, Karnataka protected areas. Banks: General Science, Environment.
9	Sun 8 Nov	**Full mock 2** (Set 02 or an unseen set)	Exam timing. Review.
10	Mon 9 Nov	Karnataka State GK + schemes	Guarantee schemes, budget, departments, awards. Use the fact bank.
11	Tue 10 Nov	Mental-ability sprint	All types: series, coding, blood relations, directions, ratio, percentage, time and work, DI; two timed sets from the bank.
12	Wed 11 Nov	Weak-topic day	Only topics where mocks 1 and 2 scored under 60%.
13	Thu 12 Nov	**Full mock 3** (Paper I only) + Paper II revision	Mark guesses; test the three-pass method.

Day	Date	Focus	Task
14	Fri 13 Nov	Current-affairs sweep	Last 12 months national + Karnataka; one-page cheat sheets only. No new topics.
15	Sat 14 Nov	**Light day**	Revise one-page cheat sheets, the formula sheet and your mistake list (1 hour each). Check the admit card, the centre route and the chapter 6 checklist. Sleep by 10 pm.
-	**Sun 15 Nov**	**Exam**	Follow chapters 3 and 6.

Rules of the plan: (a) Every mock is followed by a review of **every** wrong and every guessed question. (b) No new sources after Day 13. (c) If a day is lost, drop the lowest-yield topic, never the review or the mocks. (d) Never study the whole night before the exam.

Remember it like: Learn, Test, Fix. Every day is a small loop: learn the topic, test it with the bank, fix the mistakes. A mock is just a big loop.

Common trap: Spending the last two days on new topics. Cheat sheets and mistake lists give more marks per hour than a new chapter.

Next up: Chapter 6 is the checklist that saves you from losing marks before the paper even starts.

---

6. Exam-day and hall-ticket checklist

Chapter 6 of 8 75% done

Source note: the 2026 notification does not carry candidate instructions for the exam day (read in full; it covers application, eligibility, pattern and reservation). The items below are standard practice and what past admit cards usually say. **Your own admit card's instruction page beats this list.**

Days before - [ ] Download the admit card as soon as KPSC publishes it (KPSC website, applicant login). Check name, photo, signature, roll number, paper timings and centre address. - [ ] If any detail is wrong, contact KPSC the same day (contact details on the KPSC site). - [ ] Visit the centre or check its route and travel time the day before; note a backup route. - [ ] Confirm the exam is still on 15-11-2026 (the date is "tentative") from the KPSC site and news. - [ ] Keep two printouts of the admit card plus a photo ID (whichever the admit card lists). - [ ] Pack: black or blue ballpoint as your admit card says (carry 2-3), a clear water bottle if allowed, a watch only if allowed (many centres allow only plain analogue watches or none). - [ ] Do **not** carry phones, smart watches, calculators or notes if the admit card forbids them; leave valuables at home.

On the day - [ ] Sleep 7 hours. Eat light. Leave early (arrive 45-60 minutes before reporting time). - [ ] At the hall: check the **seat number**, the booklet series (A/B/C/D) and that the booklet has all pages. Enter roll number, series and other details on the OMR sheet exactly as instructed; wrong entries can make the sheet invalid. - [ ] OMR: darken exactly one bubble per question, fully; no tick marks, no overwriting; no changes after collection. Use the rough space in the booklet. - [ ] Use the three-pass method (chapter 3). Check the clock at 30, 60, 90 and 110 minutes. - [ ] Mark the OMR as you go (not at the end); keep the last 5 minutes to verify bubbles against question numbers. - [ ] After Paper I, do not discuss answers. Rest, eat, reset for Paper II. - [ ] Hand over the OMR as instructed; keep the question booklet only if the centre allows (usually allowed, which lets you check the provisional key).

After - [ ] Note the answers you guessed and the ones you left. When KPSC publishes the provisional key, work out your expected score (+2 per right, -0.5 per wrong). - [ ] If you find an error in the key, object **within the window and by the procedure KPSC announces**. Do not rely on rumours.

Peak fact: Most lost marks in competitive exams are not knowledge gaps. They are OMR errors, wrong series entries and time panic. This checklist exists to remove those.

> **Next up:** Chapter 7 is the honest bit about cut-offs: what is known, what is guesswork.

---

7. Cut-off and target-score note (honest edition)

Chapter 7 of 8 88% done

- **No official cut-off table was reachable from the box.** I searched again on 27-10-2026: the KPSC results page and news reports for the 2023-24 prelims re-exam (held 29-12-2024) show a **1:15 qualified-candidates list** published on 10-11 February 2025, not a category-wise mark table. A reachable coaching article (StudyIQ) lists category figures but labels them "**expected**" (for the August 2024 exam) next to "previous year" figures. Those are estimates, not official numbers.
- **Figures that circulate** (unverified; out of 400): **General 185, SC 150, ST 163, C1 168, 2A 150, 3A 175, 3B 172, 2B 135** (labelled "expected") and General 183, SC 153, ST 161, C1 166, 2A 149, 3A 173, 3B 170, 2B 137 (labelled "previous year"). Another site gives 1-mark differences in a few categories. **Treat them as a rough range, nothing more.**
- **What this means for you, if those figures are roughly right:** a total near **185-190/400** would have been around General-merit level. By the tables in chapter 2, 185/400 is 92.5 per paper: attempt 90 at 61% accuracy, or 80 at 66%.
- **Target I suggest:** set a target **at least 10% above the highest category cut-off you could face**, because the 1:15 ratio and the paper's difficulty change each year (the 2024 papers had fewer one-liners and more statement-based items). A safe planning target is **210-220/400 (General)**.
- **Verify** on the KPSC "Cut-off Percentage" page, or the official result PDF, before relying on any number here.

> **Common trap:** Some web pages quote a 0.25 mark penalty for wrong answers. For this exam the notification gives one-fourth of the question's marks, i.e. 0.5 on a 2-mark question.

---

8. Sources and unverified items

Chapter 8 of 8 100% done. Strategy Pack complete!

- Official: KPSC notification dated 31-07-2026 (mirror PDF), and the Karnataka Recruitment of Gazetted Probationers (Appointment by Competitive Examinations) Rules (9th Amendment 2011, 10th Amendment 2013), as quoted in that notification.
- Trend data: kpsc-prediction/trends (1,195 prelims questions).
- Maths: this pack's tables were computed two ways in `build/strategy_math.py`; charts are drawn from the same formulas.
- Cut-off: results page of kpsckarnataka.in (11-02-2025), the KPSC results page (no mark table found) and StudyIQ's cut-off article (labels the figures "expected" and "previous year"). All unofficial for cut-off numbers.
- **Unverified:** exam-day rules on your admit card; reporting time; permitted items; whether the exam date moves; the language-version rule.

> **Next up:** Open the banks and start the clock. The Indian History bank is coming next, and it answers the Mysore-war cliffhanger from the Mental Ability bank.

Polity Question Bank

Status: PREDICTED / PRACTICE questions written fresh for the KAS (KPSC Gazetted Probationers 2026-27) Prelims. Not copied from any past paper. Not leaked. Prepared 27-10-2026 IST.

Fresh practice questions for KPSC Prelims, Polity and Governance (Paper I). Topic mix follows the trend analysis: Constitution and FR/DPSP, Parliament and executive, Centre-State, local government, judiciary, constitutional bodies, with Karnataka polity items.

161 questions. Marks: +2 right, -0.5 wrong (0.25 of the marks), 0 blank. Suggested time: 193 minutes at exam pace (72 seconds per question).

Style mix: Direct 93; Statement 41; Match the following 11; Assertion-Reason 11; Chronology 2; Odd-one/NOT 3

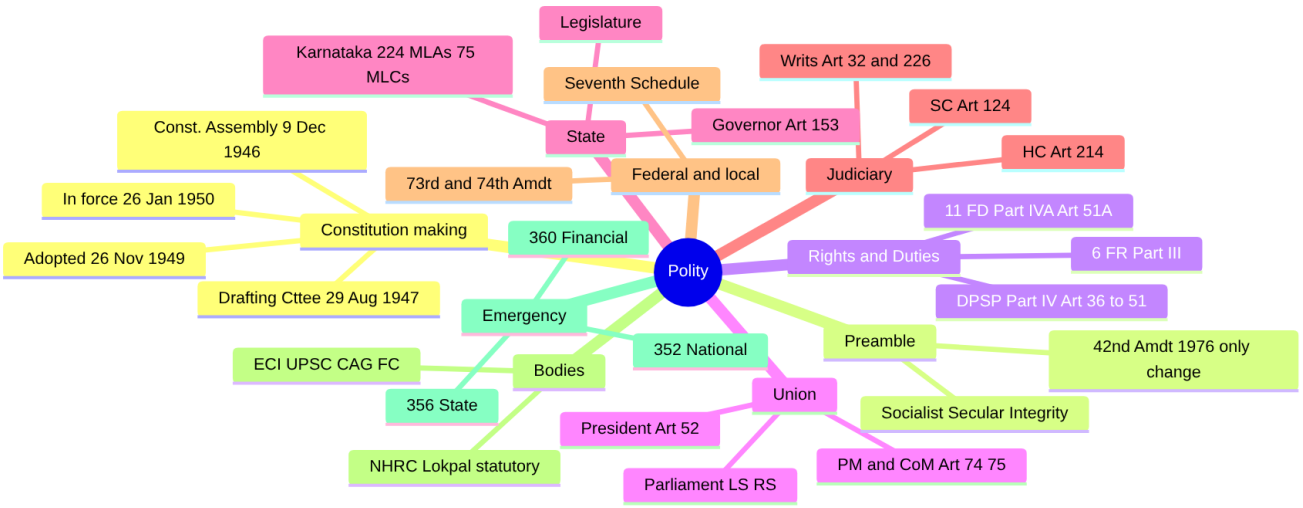

Status codes: R = standard reference (textbook / Constitution / Gazetteer / official publication) cited and hand-reviewed, page not re-opened live; V1 = one live page opened and the keyed fact seen; V = two sources incl. an official one opened; C = computed and solved twice by independent methods.

Topic tags (count): FR 19; Parliament 17; Amendments 12; Constitution-making 10; Judiciary 10; DPSP 9; President 8; Local-govt 7; Rights-cases 7; Governance 7; ConstBodies 6; Citizenship-UT 6; State-legislature 6; Preamble 5; Features 5; Emergency 5; Centre-State 5; Elections 5; Federalism 4; PM-CoM 3; Governor 3; FD 2

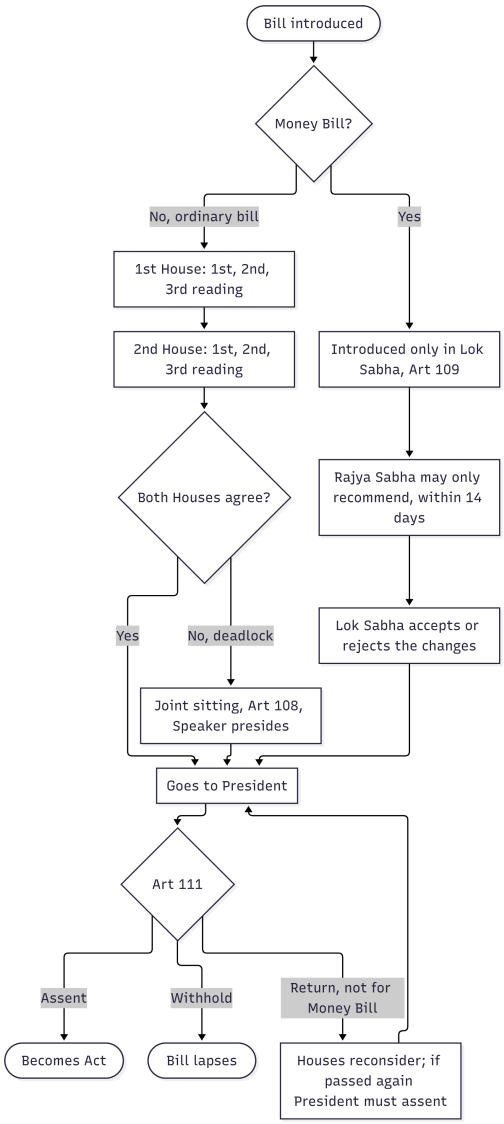

Bank 1 of 8 12% of the question-bank library done

Warm-up: see the whole of Polity on one page

Think of Polity as a big Bengaluru apartment complex: the **Constitution** is the rulebook, the **Union** and **State** are two blocks, the **Judiciary** is the referee who checks both blocks follow the rulebook, and the **bodies** (ECI, UPSC, CAG) are the security guards who are not controlled by anyone in the blocks.

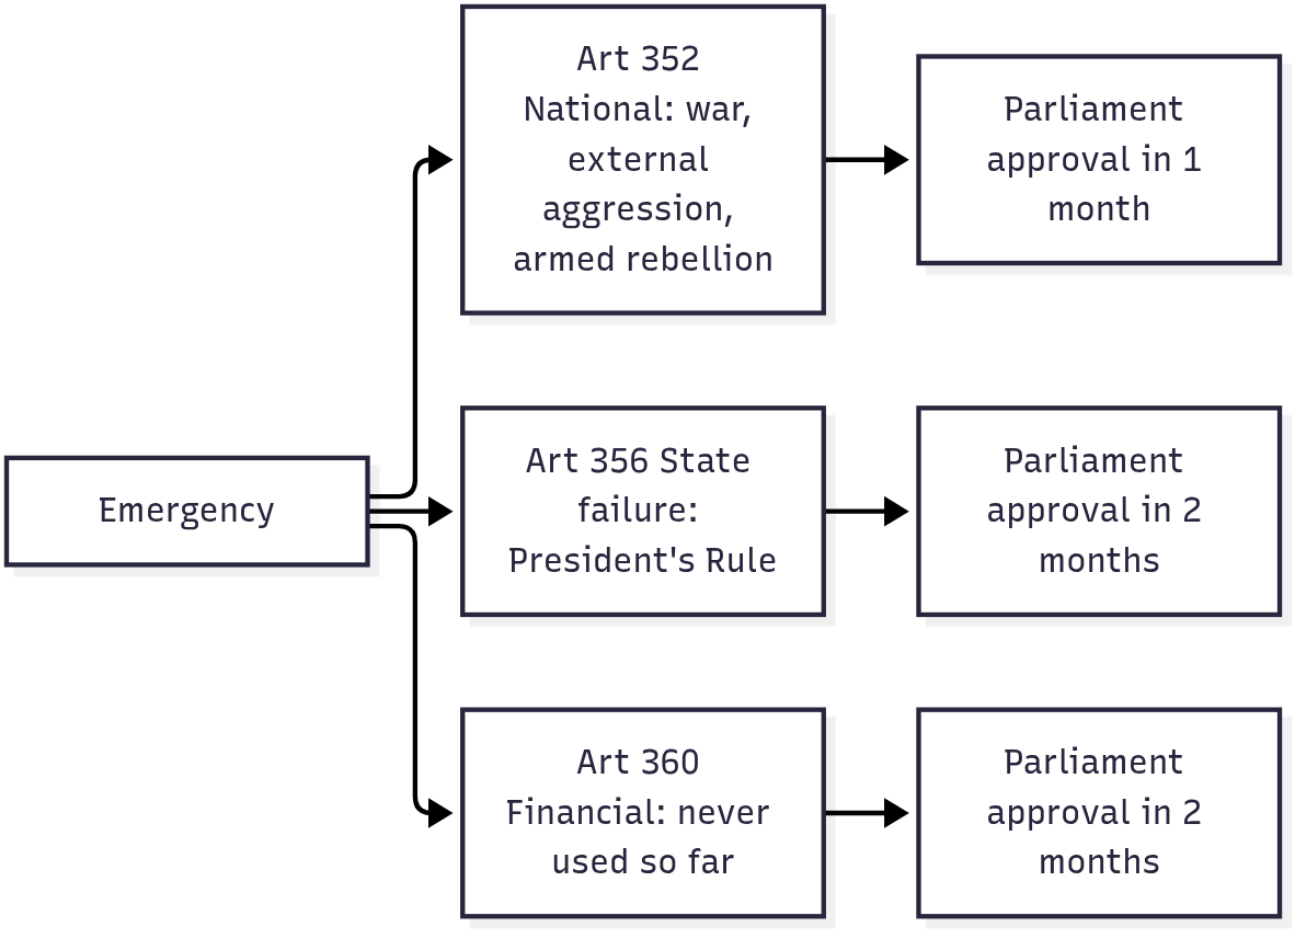

Exploded view: how a Bill becomes law

> **Remember it like:** a Money Bill is like a Namma Metro ticket: only Lok Sabha issues it (Art 109), Rajya Sabha can only suggest, and after 14 days it moves on regardless. An ordinary bill is like a BBMP file: it can start in either House and needs both to sign, and a deadlock goes to a joint sitting.

Emergency at a glance

Mnemonics (silly on purpose, so they stick)

What	Hook	Facts it encodes
Six Fundamental Rights	**E**very **F**riend **E**njoys **R**eal **C**ool **C**hai	Equality (14-18), Freedom (19-22), against Exploitation (23-24), Religion (25-28), Cultural and Educational (29-30), Constitutional Remedies (32)
Five writs	**H**ot **M**omos **P**lease, **C**heese **Q**uickly	Habeas corpus, Mandamus, Prohibition, Certiorari, Quo warranto
Emergency articles	352 = Nation at war, 356 = State collapse, 360 = Zero cash	National, State (President's Rule), Financial
Fundamental Duties	Think of **USSR**	Borrowed from the erstwhile USSR; Part IVA, Art 51A, 11 duties

Common trap: Article 19 rights belong to **citizens only**; Articles 14 and 21 protect **all persons**. Examiners love swapping these.

Common trap: the words **Socialist, Secular and Integrity** were added to the Preamble by the 42nd Amendment (1976). Secular was not in the 1950 text.

Common trap: a **joint sitting** (Art 108) is not available for Money Bills or Constitution Amendment Bills.

Peak fact: joint sittings have been held only three times: 1961 (Dowry Prohibition Bill), 1978 (Banking Service Commission Repeal Bill) and 2002 (POTA).

Questions

Q1. [Constitution-making | Direct] The Objectives Resolution, which later became the basis of the Preamble, was moved in the Constituent Assembly by

- (a) B. R. Ambedkar
- (b) Jawaharlal Nehru
- (c) Rajendra Prasad
- (d) Sardar Patel

Q2. [Constitution-making | Direct] The Drafting Committee of the Constituent Assembly was set up on

- (a) 9 December 1946
- (b) 29 August 1947
- (c) 26 November 1949
- (d) 13 December 1946

Q3. [Constitution-making | Direct] The Constitution of India was adopted by the Constituent Assembly on

- (a) 9 December 1946
- (b) 26 January 1950
- (c) 15 August 1947
- (d) 26 November 1949

Q4. [Constitution-making | Statement (which)] With reference to the making of the Indian Constitution, consider the following statements:

1. The Constituent Assembly was elected indirectly by the members of the provincial legislative assemblies.
2. Dr Rajendra Prasad was the permanent President of the Constituent Assembly.
3. The Constituent Assembly took about 2 years 11 months and 18 days to finalise the Constitution.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q5. [Constitution-making | Odd-one/NOT] Which of the following was NOT a source from which the Indian Constitution borrowed the feature named?

- (a) Fundamental Duties - Constitution of the USA
- (b) Directive Principles of State Policy - Constitution of Ireland
- (c) Concurrent List - Constitution of Australia
- (d) Emergency provisions - Weimar Constitution of Germany

Q6. [Constitution-making | Match the following] Match the feature of the Indian Constitution with its source.

List I	List II
A. Judicial review	1. Canada
B. Parliamentary system	2. Japan
C. Federation with a strong Centre	3. Britain
D. Procedure established by law	4. USA

- (a) A-2, B-3, C-4, D-1
- (b) A-4, B-3, C-1, D-2
- (c) A-4, B-3, C-2, D-1
- (d) A-1, B-3, C-2, D-4

Q7. [Preamble | Direct] The words 'Socialist', 'Secular' and 'Integrity' were added to the Preamble by the

- (a) 24th Amendment Act, 1971

- (b) 52nd Amendment Act, 1985
- (c) 44th Amendment Act, 1978
- (d) 42nd Amendment Act, 1976

Q8. [Preamble | Direct] In which case did the Supreme Court hold that the Preamble is a part of the Constitution?

- (a) Berubari Union case
- (b) Kesavananda Bharati v. State of Kerala
- (c) Maneka Gandhi v. Union of India
- (d) Golaknath v. State of Punjab

Q9. [Preamble | Statement (which)] With reference to the Preamble to the Constitution of India, consider the following statements:

1. It is enforceable in a court of law.
2. It can be amended under Article 368 without altering the basic structure.
3. It is a source of power for the legislature.

Which of the statements given above is/are correct?

- (a) 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q10. [Preamble | Assertion-Reason]
Assertion (A): The Preamble to the Constitution declares India a 'Republic'.

Reason (R): The head of the state in India is an elected person and not a hereditary monarch.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q11. [Preamble | Direct] The Preamble of the Indian Constitution secures to all citizens 'Justice' in which of the following forms?

- (a) Social, religious and economic
- (b) Economic, political and cultural
- (c) Legal, moral and political
- (d) Social, economic and political

Q12. [Features | Direct] The Indian Constitution is described as 'federal in form and unitary in spirit'. Which of the following is a unitary feature?

- (b) Single citizenship
- (c) Independent judiciary
- (d) Written Constitution

Q13. [Features | Direct] Which one of the following is a feature of the Indian Constitution that is borrowed from Canada?

- (a) Fundamental Rights
- (b) Residuary powers vested in the Centre
- (c) Impeachment of the President
- (d) Concurrent List

Q14. [Features | Statement (which)] With reference to Indian federalism, consider the following statements:

1. India has a dual polity with a single citizenship.
2. The Rajya Sabha represents the States.

3. The Constitution requires equal representation of all States in the Rajya Sabha.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q15. [Features | Direct] The Seventh Schedule contains how many lists dividing legislative powers between the Union and the States?

- (a) Five
- (b) Four
- (c) Two
- (d) Three

Q16. [Features | Direct] Education was moved from the State List to the Concurrent List by the

- (a) 42nd Amendment Act, 1976
- (b) 7th Amendment Act, 1956
- (c) 44th Amendment Act, 1978
- (d) 73rd Amendment Act, 1992

Q17. [FR | Direct] Which Article of the Constitution abolishes untouchability?

- (a) Article 18
- (b) Article 15
- (c) Article 16
- (d) Article 17

Q18. [FR | Direct] Right to Education for children aged 6 to 14 years became a Fundamental Right by which constitutional amendment?

- (a) 73rd Amendment Act, 1992
- (b) 86th Amendment Act, 2002
- (c) 93rd Amendment Act, 2005
- (d) 42nd Amendment Act, 1976

Q19. [FR | Direct] The Right to Property was removed from the list of Fundamental Rights by the

- (a) 24th Amendment Act, 1971
- (b) 25th Amendment Act, 1971
- (c) 44th Amendment Act, 1978
- (d) 42nd Amendment Act, 1976

Q20. [FR | Statement (which)] With reference to Fundamental Rights in India, consider the following statements:

1. The Right to Equality includes the abolition of titles.
2. Article 19 freedoms are available to foreigners also.
3. Article 21 is available to citizens and non-citizens alike.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q21. [FR | Statement (which)] With reference to Article 19(1) of the Constitution, consider the following statements:

1. Freedom of speech and expression is a freedom listed there.
2. Freedom to assemble peaceably and without arms is a freedom listed there.

Q25. [FR | Match the following] Match the writ with its meaning.

List I	List II
A. Habeas corpus	1. To forbid
B. Mandamus	2. To be certified
C. Certiorari	3. We command
D. Prohibition	4. To have the body

- (a) A-4, B-1, C-3, D-2
- (b) A-4, B-3, C-2, D-1
- (c) A-2, B-4, C-3, D-1
- (d) A-4, B-2, C-1, D-3

Q26. [FR | Statement (which)] With reference to the writ jurisdiction of the courts in India, consider the following statements:

1. Article 32, which gives the right to move the Supreme Court, is itself a Fundamental Right.
2. A High Court can issue writs under Article 226 for the enforcement of Fundamental Rights and also for any other purpose.
3. The Supreme Court can issue writs under Article 32 for any purpose other than the enforcement of Fundamental Rights.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q27. [FR | Direct] The Right against Exploitation under Articles 23 and 24 prohibits

- (a) preventive detention without trial
- (b) discrimination on grounds of religion
- (c) traffic in human beings, forced labour and employment of children in hazardous work below 14 years

- (d) untouchability

Q28. [FR | Direct] Which Article guarantees every minority the right to establish and administer educational institutions of its choice?

- (a) Article 25
- (b) Article 30
- (c) Article 28
- (d) Article 29

Q29. [FR | Assertion-Reason]
Assertion (A): Fundamental Rights are not absolute.

Reason (R): The State can impose reasonable restrictions on them in the interest of public order and the sovereignty of India.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q30. [FR | Direct] 'Preventive detention' is dealt with in which Article of the Constitution?

- (a) Article 20
- (b) Article 21
- (c) Article 19
- (d) Article 22

Q31. [DPSP | Direct] The Directive Principles of State Policy are contained in which Part of the Constitution?

- (a) Part IVA
- (b) Part III
- (c) Part IV
- (d) Part V

Q32. [DPSP | Direct] Which Directive Principle asks the State to organise village panchayats?

- (a) Article 44
- (b) Article 39
- (c) Article 48
- (d) Article 40

- (d) Golaknath v. State of Punjab (1967)

Q50. [Constitution-making | Direct] The Constituent Assembly of India held its first meeting on

- (a) 26 January 1950
- (b) 15 August 1947
- (c) 9 December 1946
- (d) 26 November 1949

Q51. [Parliament | Statement (which)] With reference to the Parliament of India, consider the following statements:

1. The maximum strength of the Lok Sabha is 550 as per Article 81.
2. Members of the Rajya Sabha are elected for a term of six years, with one-third retiring every second year.
3. The Vice-President presides over the joint sitting of both Houses.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q52. [Parliament | Statement (how many)] With reference to Money Bills in India, consider the following statements:

1. A Money Bill can be introduced only in the Lok Sabha.
2. The Rajya Sabha must return a Money Bill within 14 days of receipt.
3. The Rajya Sabha can amend a Money Bill passed by the Lok Sabha.
4. The decision of the Speaker on whether a Bill is a Money Bill is final.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q53. [Parliament | Match the following] Match the Parliamentary committee with its feature.

List I	List II
A. Public Accounts Committee	1. Consists only of Lok Sabha members
B. Estimates Committee	2. Examines reports of public sector undertakings
C. Committee on Public Undertakings	3. Examines petitions on Bills
D. Committee on Petitions	4. Examines CAG audit reports

- (a) A-4, B-3, C-1, D-2
- (b) A-4, B-1, C-2, D-3
- (c) A-2, B-4, C-1, D-3
- (d) A-1, B-2, C-4, D-3

Q54. [Parliament | Assertion-Reason]
Assertion (A): The Rajya Sabha cannot be dissolved.

Reason (R): It is a permanent House whose members have a six-year term with one-third retiring every second year.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q55. [Parliament | Statement (how many)] Regarding the Parliament of India, consider the following statements:

1. A joint sitting of both Houses has been held for the Dowry Prohibition Bill.
2. A joint sitting can be called to pass a Constitution Amendment Bill.
3. A joint sitting can be called to pass a Money Bill.

How many of the above statements are correct?

- (a) None
- (b) Only one
- (c) Only two
- (d) All three

Q56. [Parliament | Direct] The Budget in India is presented to the Parliament under which Article, referred to as the 'Annual Financial Statement'?

- (a) Article 110
- (b) Article 112
- (c) Article 114
- (d) Article 116

Q57. [Parliament | Direct] A 'Vote on Account' to meet expenditure in advance of the passing of the Budget is granted by

- (a) the Rajya Sabha under Article 109
- (b) the President under Article 123

3. Members of the Council are directly elected by the people.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q120. [State-legislature | Direct] The Legislative Assembly of Karnataka has how many elected members?

- (a) 225
- (b) 234
- (c) 208
- (d) 224

Q121. [State-legislature | Direct] The winter session of the Karnataka Legislature is held in

- (a) Vidhana Soudha
- (b) Suvarna Vidhana Soudha
- (c) Visvesvaraya Tower
- (d) Vikasa Soudha

Q122. [State-legislature | Direct] Which Article gives special status to the Kalyana Karnataka (formerly Hyderabad-Karnataka) region?

- (a) Article 371D
- (b) Article 370
- (c) Article 371J
- (d) Article 371A

Q123. [State-legislature | Statement (which)] With reference to the Legislature of Karnataka, consider the following statements:

1. Karnataka has a bicameral legislature.
2. Karnataka sends 28 members to the Lok Sabha.
3. Karnataka sends 12 members to the Rajya Sabha.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q124. [State-legislature | Direct] The Karnataka Public Service Commission was established under which Article of the Constitution?

- (a) Article 148
- (b) Article 324
- (c) Article 280
- (d) Article 315

Q125. [Governance | Direct] The Right to Information Act came into force in its entirety on

- (a) 12 October 2005
- (b) 15 June 2005
- (c) 2 October 2005
- (d) 1 January 2006

Q126. [Governance | Statement (which)] With reference to the Right to Information Act, 2005, consider the following statements:

1. The Central Information Commission is a statutory body.
2. It applies to the Jammu and Kashmir as it does to other States and Union Territories.
3. Information relating to the Cabinet papers cannot be disclosed in any case.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q127. [Governance | Direct] The Lokpal of India can inquire into allegations of corruption against

- (a) the President of India
- (b) the Prime Minister, subject to certain safeguards
- (c) the Comptroller and Auditor General only
- (d) the Chief Justice of India only

Q128. [Governance | Match the following] Match the commission or committee with its subject.

List I	List II
A. Santhanam Committee	1. Community development and Panchayati Raj
B. Second Administrative Reforms Commission	2. Centre-State relations
C. Punchhi Commission	3. Prevention of corruption
D. Balwantrai Mehta Committee	4. Public administration reform

- (a) A-1, B-3, C-2, D-4
- (b) A-4, B-1, C-2, D-3
- (c) A-3, B-4, C-2, D-1
- (d) A-3, B-1, C-2, D-4

Q129. [Governance | Direct] The Sixth Schedule provides administrative autonomy to tribal areas in

- (a) Assam, Meghalaya, Tripura and Mizoram
- (b) Arunachal Pradesh and Sikkim
- (c) Karnataka and Kerala
- (d) Manipur and Nagaland

Q148. [Federalism | Statement (how many)] With reference to the Union and State legislative relations, consider the following statements:

1. Residuary powers of legislation are vested in Parliament under Article 248.
2. In case of a conflict between Union and State laws on a Concurrent List subject, the Union law prevails.
3. Parliament can legislate on a State List subject during a National Emergency.
4. Parliament can never legislate for the whole or part of India to implement international treaties on a State List subject.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q149. [Federalism | Match the following] Match the Article with the area of Centre-State relations.

List I	List II
A. Article 249	1. Inter-State water disputes
B. Article 256	2. Obligation of States to comply with Union laws
C. Article 262	3. Legislation on a State subject in the national interest
D. Article 263	4. Inter-State Council

- (a) A-3, B-2, C-4, D-1
- (b) A-3, B-2, C-1, D-4
- (c) A-4, B-2, C-3, D-1
- (d) A-1, B-3, C-2, D-4

Q150. [Federalism | Assertion-Reason]
Assertion (A): Parliament can legislate on any State List subject during a National Emergency.

Reason (R): During an Emergency, the Constitution converts the federal structure into a unitary one in respect of legislative powers.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q151. [Federalism | Statement (which)] With reference to the Finance Commission of India, consider the following statements:

1. It is constituted by the President every five years or earlier.
2. Its recommendations are binding on the Government.

3. It recommends the distribution of the net proceeds of taxes between the Union and the States.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q152. [Local-govt | Assertion-Reason]
Assertion (A): The 73rd Amendment made the State Finance Commission mandatory for Panchayats.

Reason (R): A State Finance Commission is constituted every five years to review the financial position of Panchayats.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q153. [Local-govt | Statement (which)] With reference to the Gram Sabha, consider the following statements:

1. It is defined in Article 243(b) as a body of persons registered in the electoral rolls of a village within the Panchayat.
2. It is a constitutional body at the village level.
3. It elects the President of the Gram Panchayat directly in all States.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q154. [FR | Match the following] Match the Fundamental Right with its Article.

List I	List II
A. Equality of opportunity in public employment	1. Article 16
B. Abolition of untouchability	2. Article 17
C. Freedom of speech and expression	3. Article 21
D. Protection of life and personal liberty	4. Article 19

- (a) A-4, B-1, C-2, D-3
- (b) A-3, B-2, C-1, D-4
- (c) A-2, B-4, C-1, D-3
- (d) A-1, B-2, C-4, D-3

Q155. [FR | Assertion-Reason]
Assertion (A): The Right to Life under Article 21 is available to non-citizens also.

Reason (R): Article 21 says that 'no person' shall be deprived of life or personal liberty except according to procedure established by law.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q156. [FR | Statement (how many)] With reference to Article 14 of the Constitution, consider the following statements:

1. It guarantees equality before the law and equal protection of the laws.

2. Equality before law is a concept borrowed from the British constitution.
3. Equal protection of the laws is a concept borrowed from the American Constitution.
4. Article 14 prohibits all classification by the State.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q157. [DPSP | Match the following] Match the Directive Principle with its Article.

List I	List II
A. Free legal aid	1. Article 44
B. Organisation of village panchayats	2. Article 40
C. Uniform civil code	3. Article 48A
D. Protection and improvement of the environment	4. Article 39A

- (a) A-4, B-3, C-1, D-2
- (b) A-1, B-4, C-2, D-3
- (c) A-4, B-2, C-1, D-3
- (d) A-2, B-3, C-1, D-4

Q158. [DPSP | Assertion-Reason]
Assertion (A): Directive Principles of State Policy are not enforceable by courts.

Reason (R): The Constitution declares them fundamental in the governance of the country.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q159. [Amendments | Statement (which)] With reference to the amendment procedure in Article 368, consider the following statements:

1. An amendment can be initiated only by introducing a Bill in either House of Parliament.
2. An amendment in matters of federal structure requires ratification by half of the State legislatures.
3. The President can withhold assent to a Constitution Amendment Bill passed by Parliament.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q160. [Amendments | Chronology] Arrange the following Constitution Amendment Acts in chronological order.

A. 86th Amendment (Right to Education)
B. 61st Amendment (voting age)
C. 101st Amendment (GST)
D. 73rd Amendment (Panchayati Raj)

- (a) C - D - B - A
- (b) C - A - B - D
- (c) D - C - A - B
- (d) B - D - A - C

Q161. [Emergency | Statement (how many)] With reference to National Emergency in India, consider the following statements:

1. It has been proclaimed three times so far.
2. Its proclamation in 1975 was on the ground of 'internal disturbance'.
3. During a National Emergency Parliament may extend the term of the Lok Sabha by law for one year at a time.
4. The 44th Amendment requires each extension beyond six months to be approved by Parliament.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Answer key with explanations and sources

Q	Ans	Tag	Explanation	Sources	Status
1	(b) Jawaharlal Nehru	Constitution-making	Nehru moved it on 13 December 1946, and the Assembly adopted it on 22 January 1947. Remember it like: Nehru "objected" to nothing, he proposed the Objectives, and that became our Preamble.	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Making of the Constitution	R
2	(b) 29 August 1947	Constitution-making	The Drafting Committee was appointed on 29 August 1947 with Dr B. R. Ambedkar as Chairman. Remember it like: the draft was due before the 15 August party was cleaned up, so 29 August, Ambedkar in the chair.	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Making of the Constitution; https://en.wikipedia.org/wiki/Constituent_Assembly_of_India	V1
3	(d) 26 November 1949	Constitution-making	Adopted on 26 November 1949; some provisions (citizenship, elections and a few more) took effect at once, and the rest came into force on 26 January 1950. Common trap: 26 November is "adopted" (Constitution Day), 26 January is "came into force" (Republic Day).	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Making of the Constitution; Constitution of India (legislative.gov.in), Art 394	R
4	(d) 1, 2 and 3	Constitution-making	All three are correct: indirect election by the provincial assemblies under the Cabinet Mission Plan (1946), Dr Rajendra Prasad as the permanent President, and 2 years 11 months 18 days to finish. Remember it like: 2-11-18, a very long "group project".	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Making of the Constitution	R
5	(a) Fundamental Duties - Constitution of the USA	Constitution-making	Fundamental Duties came from the USSR constitution, not the USA. The other three pairs are right. Common trap: the USA gave us judicial review and the Fundamental Rights idea, but duties are Russian.	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Salient Features (sources table)	R
6	(b) A-4, B-3, C-1, D-2	Constitution-making	Judicial review is from the USA; the parliamentary system and rule of law are from Britain; a federation with a strong Centre (and residuary powers with the Centre) is from Canada; the phrase "procedure established by law" is from Japan. Remember it like: Britain gave the chai, the USA the court, Canada the strong Centre, Japan the procedure.	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Salient Features	R
7	(d) 42nd Amendment Act, 1976	Preamble	The Preamble has been amended only once, by the 42nd Amendment (1976), which added Socialist, Secular and Integrity. Remember it like: one amendment, three new words, 1976.	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Preamble; Constitution of India (legislative.gov.in), Preamble	R
8		Preamble	In Berubari (1960) the Court said the Preamble is not a part of the Constitution; Kesavananda	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Preamble;	R

Q	Ans	Tag	Explanation	Sources	Status
	(b) Kesavananda Bharati v. State of Kerala		Bharati (1973) overruled that view and made it a part. Remember it like: Berubari said "no", Kesavananda said "yes, it is part of the family".	Supreme Court of India (sci.gov.in), Kesavananda Bharati	
9	(a) 2 only	Preamble	The Preamble is not enforceable in court, and it is neither a source of power nor a limit on power. It can be amended (as done in 1976), but not so as to destroy the basic structure. Common trap: amendable yes, but only inside the basic structure fence.	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Preamble	R
10	(a) Both A and R are true and R is the correct explanation of A	Preamble	A republic means the head of state is elected, not hereditary. India's President is elected indirectly under Article 54, so the reason explains the assertion. Remember it like: no king in the family tree, so we are a republic.	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Preamble; Constitution of India (legislative.gov.in), Art 54	R
11	(d) Social, economic and political	Preamble	The Preamble promises Justice in social, economic and political forms, then Liberty of thought, expression, belief, faith and worship. Remember it like: Justice first, Liberty second, in the order of the Preamble.	Constitution of India (legislative.gov.in), Preamble	R
12	(b) Single citizenship	Features	Single citizenship, a strong Centre, an integrated judiciary and the emergency provisions are unitary features; the other three options are federal features. Remember it like: one passport, one court ladder, one strong Centre.	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Salient Features	R
13	(b) Residuary powers vested in the Centre	Features	Canada gave the strong Centre, residuary powers with the Centre, and the Centre's appointment of State governors. Remember it like: Canada, "centre-heavy" (and cold, so everyone stays close to the Centre).	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Salient Features	R
14	(a) 1 and 2 only	Features	Statements 1 and 2 are right, statement 3 is wrong. Rajya Sabha seats are allotted by population as per the Fourth Schedule, not equally (unlike the US Senate). Common trap: equal seats for every State is the American model, not ours.	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Salient Features; Constitution of India (legislative.gov.in), Fourth Schedule	R
15	(d) Three	Features	The Seventh Schedule has three lists: the Union List, the State List and the Concurrent List. Remember it like: U-S-C, "Union, State, Both".	Constitution of India (legislative.gov.in), Seventh Schedule	R
16	(a) 42nd Amendment Act, 1976	Features	The 42nd Amendment (1976) moved five subjects to the Concurrent List: education, forests, protection of wild animals and birds, weights and measures, and administration of justice. Remember it like: the "mini-Constitution" amendment moved the classroom to the shared list.	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Centre-State Relations	R
17	(d) Article 17	FR	Article 17 abolishes untouchability and forbids its practice in any form. Remember it like: 17 is the number of "no untouchability", simple.	Constitution of India (legislative.gov.in), Art 17	R
18	(b) 86th Amendment Act, 2002	FR	The 86th Amendment (2002) inserted Article 21A, making education for ages 6 to 14 a Fundamental Right. Remember it like: 86th, 2002, 21A, "A for Admission to school".	Constitution of India (legislative.gov.in), Art 21A; M. Laxmikanth, Indian Polity (McGraw Hill), ch. Fundamental Rights; https://en.wikipedia.org/wiki/Eighty-sixth_Amendment_of_the_Constitution_of_	V1
19	(c) 44th Amendment Act, 1978	FR	The 44th Amendment (1978) omitted Article 31 and Article 19(1)(f) from Part III. Property is now only a legal right under Article 300A. Remember it like: 44 removed the property right from the	Constitution of India (legislative.gov.in), Art 300A; M. Laxmikanth, Indian Polity (McGraw Hill), ch. Fundamental Rights	R

Q	Ans	Tag	Explanation	Sources	Status
			Fundamental Rights list, and 300A gave it a smaller room.		
20	(b) 1 and 3 only	FR	Statement 2 is wrong: Article 19 is available only to citizens, while Articles 14, 20, 21, 21A and 22 and some others are available to all persons. Titles are abolished under Article 18. Remember it like: freedoms of Article 19 are "citizen-only VIP", Article 21 is for everyone.	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Fundamental Rights; Constitution of India (legislative.gov.in), Art 18, 19, 21	R
21	(a) 1 and 2 only	FR	Freedom to acquire and hold property was removed from Article 19(1) by the 44th Amendment; speech and peaceful assembly remain. Common trap: property was once in the list of 19(1), but it is now gone.	Constitution of India (legislative.gov.in), Art 19(1)	R
22	(d) Article 20	FR	Article 20 protects against ex post facto laws, double jeopardy and self-incrimination. Remember it like: Article 20, "one crime, one trial, no forced confession".	Constitution of India (legislative.gov.in), Art 20	R
23	(b) Right to Constitutional Remedies	FR	Article 32 lets a person move the Supreme Court directly to enforce Fundamental Rights, and Dr Ambedkar called it the heart and soul of the Constitution. Remember it like: the Right to Constitutional Remedies is the "heart", the Court is the doctor.	Constitution of India (legislative.gov.in), Art 32; M. Laxmikanth, Indian Polity (McGraw Hill), ch. Fundamental Rights	R
24	(d) prevent a person from holding a public office to which he is not entitled	FR	Quo warranto means "by what authority", and it tests the legality of a person's claim to a public office. Remember it like: Quo warranto asks "who gave you this chair?".	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Supreme Court (writs)	R
25	(b) A-4, B-3, C-2, D-1	FR	Habeas corpus: produce the body; mandamus: we command a public official; certiorari: to be certified, a record is transferred for review; prohibition: stops a lower court from going beyond its jurisdiction. Remember it like: "Hey, bring the body, do your duty, show the file, stop right there."	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Supreme Court (writs)	R
26	(a) 1 and 2 only	FR	Article 32 is itself in Part III and is confined to Fundamental Rights; Article 226 is wider ("and for any other purpose"). Remember it like: 32 is the Supreme Court's narrow lane, 226 is the High Court's wide road.	Constitution of India (legislative.gov.in), Art 32, 226	R
27	(c) traffic in human beings, forced labour and employment of children in hazardous work below 14 years	FR	Article 23 prohibits trafficking and forced labour; Article 24 prohibits employing children below 14 in factories, mines and other hazardous work. Remember it like: 23 for adults in chains, 24 for children at risk.	Constitution of India (legislative.gov.in), Art 23, 24	R
28	(b) Article 30	FR	Article 30(1) gives minorities the right to establish and administer educational institutions of their choice. Article 29 protects the language, script and culture of any section of citizens. Common trap: 29 is culture, 30 is institutions.	Constitution of India (legislative.gov.in), Art 29, 30	R
29	(a) Both A and R are true and R is the correct explanation of A	FR	Both are true and the reason explains the assertion: reasonable restrictions are allowed by Articles 19(2) to (6), 25 and others, which is why the rights are not absolute. Remember it like: freedom comes with traffic rules.	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Fundamental Rights	R
30	(d) Article 22	FR	Article 22 gives protection against arrest and detention, including preventive detention.	Constitution of India (legislative.gov.in), Art 22	R

Q	Ans	Tag	Explanation	Sources	Status
			Remember it like: 22, "Why was I arrested?" (the arrested person must be told the grounds).		
31	(c) Part IV	DPSP	The DPSP are in Part IV (Articles 36 to 51); Part IVA holds the Fundamental Duties. Remember it like: IV for the "directions", IVA for the "duties".	Constitution of India (legislative.gov.in), Part IV	R
32	(d) Article 40	DPSP	Article 40 asks the State to organise village panchayats, and the 73rd Amendment later gave panchayats constitutional status. Remember it like: Article 40, "forty" villages hold a gram sabha.	Constitution of India (legislative.gov.in), Art 40	R
33	(b) Article 44	DPSP	Article 44 of the DPSP directs the State to endeavour to secure a Uniform Civil Code. Remember it like: 44, "for all, for all".	Constitution of India (legislative.gov.in), Art 44	R
34	(a) 1 and 2 only	DPSP	Statements 1 and 2 are right: the 42nd Amendment added Articles 39A (equal justice and free legal aid), 43A (workers in management) and 48A (environment). The cooperative societies Article 43B came with the 97th Amendment in 2011, so statement 3 is wrong. Common trap: 97th Amendment (2011), not the 42nd.	M. Laxmikanth, Indian Polity (McGraw Hill), ch. DPSP; Constitution of India (legislative.gov.in), Art 39A, 43A, 43B, 48A	R
35	(c) Separation of judiciary from the executive	DPSP	Article 50, separation of the judiciary from the executive, is a Directive Principle; the other options are Fundamental Rights. Remember it like: 50 is a "should do" and not a "must".	Constitution of India (legislative.gov.in), Art 50	R
36	(d) a balance between Fundamental Rights and Directive Principles	DPSP	In Minerva Mills (1980) the Court held that harmony and balance between Part III and Part IV is an essential feature of the basic structure. Remember it like: Minerva Mills balanced the see-saw between Rights and Directives.	M. Laxmikanth, Indian Polity (McGraw Hill), ch. DPSP; Supreme Court of India (sci.gov.in), Minerva Mills	R
37	(c) fundamental in the governance of the country but not enforceable by any court	DPSP	Article 37 says the DPSP are fundamental in the governance of the country but not enforceable by any court. Remember it like: very important, but no court can force you.	Constitution of India (legislative.gov.in), Art 37	R
38	(b) Swaran Singh Committee	FD	The 42nd Amendment (1976) added Part IVA and Article 51A on the recommendation of the Swaran Singh Committee. Remember it like: Swaran Singh recommended the duties, the 42nd added them.	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Fundamental Duties; https://en.wikipedia.org/wiki/Fundamental_Duties_of_India	V1
39	(c) 86th Amendment Act, 2002	FD	Article 51A(k), inserted in 2002 by the 86th Amendment, makes the total number of duties 11. Remember it like: 11 duties, 11 players on a team, and the 11th is for the parents.	Constitution of India (legislative.gov.in), Art 51A(k)	R
40	(d) Article 368	Amendments	The procedure for amending the Constitution is in Article 368, Part XX. Remember it like: 368 is the amendment hotline.	Constitution of India (legislative.gov.in), Art 368	R
41	(b) Panchayati Raj institutions	Amendments	The 73rd Amendment (1992) added Part IX and the Eleventh Schedule for panchayats; the 74th Amendment is the urban cousin (Part IXA, Twelfth Schedule). Remember it like: 73 for villages (rural), 74 for towns, and the numbers go "7-3, 7-4" like a neighbourhood walk.	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Panchayati Raj; https://en.wikipedia.org/wiki/Seventy-third_Amendment_of_the_Constitution_of_	V1
42	(d) 61st Amendment Act, 1988	Amendments	The 61st Amendment (passed 1988, effective 1989) amended Article 326 and lowered the voting age from 21 to 18. Remember it like: 61, "Sixty-one, vote at eighteen, have some fun".	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Elections; https://en.wikipedia.org/wiki/Sixty-first_Amendment_of_the_Constitution_of_I	V1

Q	Ans	Tag	Explanation	Sources	Status
43	(c) 52nd Amendment Act, 1985	Amendments	The 52nd Amendment (1985) added the Tenth Schedule. The 91st Amendment (2003) later removed the one-third split provision and capped the size of the Council of Ministers. Remember it like: 52 deals with defectors, like a deck of 52 cards where nobody should switch sides.	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Anti-Defection Law; Constitution of India (legislative.gov.in), Tenth Schedule; https://en.wikipedia.org/wiki/Fifty-second_Amendment_of_the_Constitution_o	V1
44	(b) Goods and Services Tax	Amendments	The 101st Amendment (2016) introduced GST through Articles 246A and 279A. Remember it like: 101, "one nation, one tax".	Constitution of India (legislative.gov.in), Art 246A, 279A; PRS Legislative Research (prsindia.org), GST	R
45	(c) up to 10 per cent reservation for economically weaker sections	Amendments	The 103rd Amendment (2019) inserted Articles 15(6) and 16(6) for up to 10 per cent reservation for the economically weaker sections. Remember it like: 103, "10 per cent for the EWS".	Constitution of India (legislative.gov.in), Art 15(6), 16(6); PRS Legislative Research (prsindia.org)	R
46	(d) one-third reservation for women in the Lok Sabha and State Legislative Assemblies	Amendments	The Nari Shakti Vandan Adhiniyam (106th Amendment, 2023) gives one-third reservation for women in the Lok Sabha and State Legislative Assemblies. It takes effect after delimitation based on the first census after its commencement, and it does not cover the Rajya Sabha or Legislative Councils. Common trap: the Rajya Sabha and Councils are not included.	PRS Legislative Research (prsindia.org), Women's reservation Act 2023; Constitution of India (legislative.gov.in), Art 330A, 332A; https://en.wikipedia.org/wiki/Women's_Reservation_Bill	V1
47	(c) A is true but R is false	Amendments	A is true and R is false: Kesavananda Bharati (1973) laid down the basic-structure doctrine, so the power under Article 368 is limited by it. Remember it like: Parliament can edit the Constitution but cannot delete its soul.	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Amendment; Supreme Court of India (sci.gov.in), Kesavananda Bharati; https://en.wikipedia.org/wiki/Kesavananda_Bharati_v._State_of_Kerala	V1
48	(b) C - D - B - A	Amendments	The order is 42nd (1976), 44th (1978), 52nd (1985), 73rd (1992). Remember it like: the numbers and years climb together, so just walk up the stairs in the same order.	M. Laxmikanth, Indian Polity (McGraw Hill), Appendix, list of amendments	R
49	(d) Golaknath v. State of Punjab (1967)	Amendments	Golaknath (1967) held that Parliament could not take away Fundamental Rights; it was overruled in Kesavananda Bharati (1973). Remember it like: Golaknath said "hands off the rights" and Kesavananda changed the rule of the game.	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Amendment; https://en.wikipedia.org/wiki/Golaknath_v._State_of_Punjab	V1
50	(c) 9 December 1946	Constitution-making	The Constituent Assembly met first on 9 December 1946 with Dr Sachchidananda Sinha as the provisional (temporary) president. Remember it like: first meeting 9-12-46, with the oldest member as the first chair.	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Making of the Constitution; https://en.wikipedia.org/wiki/Constituent_Assembly_of_India	V1
51	(a) 1 and 2 only	Parliament	Statements 1 and 2 are correct, but the joint sitting under Article 108 is presided over by the Speaker of the Lok Sabha, not the Vice-President. Common trap: the Vice-President chairs the Rajya Sabha, the Speaker chairs the joint sitting.	Constitution of India (legislative.gov.in), Art 81, 83, 108	R
52	(c) Only three	Parliament	Under Articles 109 and 110, the Rajya Sabha can only make recommendations on a Money Bill, which the Lok Sabha may accept or reject, so it cannot amend the Bill. The Speaker's certificate is final. Remember it like: Rajya Sabha can "suggest" a Money Bill but not "edit" it.	Constitution of India (legislative.gov.in), Art 109, 110; M. Laxmikanth, Indian Polity (McGraw Hill), ch. Parliament	R
53	(b) A-4, B-1, C-2, D-3	Parliament	The PAC examines appropriation accounts and CAG reports; the Estimates Committee has 30 Lok Sabha members only; COPU has 22 members (15 from the Lok Sabha and 7 from the Rajya Sabha).	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Parliamentary Committees	R

Q	Ans	Tag	Explanation	Sources	Status
			Remember it like: Estimates = 30, only Lok Sabha; COPU = 22, from both houses.		
54	(a) Both A and R are true and R is the correct explanation of A	Parliament	Both are true and the reason explains it: the Rajya Sabha is a continuing chamber with six-year terms and one-third retiring every second year, so it is not subject to dissolution (Article 83(1)). Remember it like: like the Chennai Super Kings' core team, only one-third changes every two years.	Constitution of India (legislative.gov.in), Art 83(1)	R
55	(b) Only one	Parliament	Joint sittings under Article 108 have been held three times: 1961 (Dowry Prohibition Bill), 1978 (Banking Service Commission Repeal Bill) and 2002 (POTA). Money Bills and Constitution Amendment Bills are excluded. Remember it like: 61, 78, 02, three sittings in total, and never for money or the Constitution.	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Parliament; Constitution of India (legislative.gov.in), Art 108	R
56	(b) Article 112	Parliament	Article 112 requires the annual financial statement (the Budget) to be laid before both Houses. Remember it like: 112, the number you call in an emergency and also the number for the Budget statement.	Constitution of India (legislative.gov.in), Art 112	R
57	(c) the Lok Sabha under Article 116	Parliament	Article 116 empowers the Lok Sabha to make a grant in advance of the Appropriation Bill, which is called a Vote on Account. Remember it like: "Vote on Account" is the pocket money before the full salary arrives.	Constitution of India (legislative.gov.in), Art 116	R
58	(a) 1 and 2 only	Parliament	Withdrawing money from the Consolidated Fund needs appropriation by law (Article 266(3)). The Contingency Fund (Article 267) is operated by the President for urgent unforeseen expenditure. Common trap: no spending from the Consolidated Fund without Parliament's law.	Constitution of India (legislative.gov.in), Art 266, 267	R
59	(d) 30 members, all from the Lok Sabha	Parliament	The Estimates Committee has 30 members, all from the Lok Sabha. Remember it like: the Estimates Committee is a "Lok Sabha only" club of 30.	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Parliamentary Committees	R
60	(c) an informal device that begins after Question Hour for raising matters without prior notice	Parliament	Zero Hour is an Indian innovation that is not in the Rules of Procedure. It begins around noon, after Question Hour, for raising matters without prior notice. Remember it like: it starts at 12, "zero hour" for the clock to strike twelve.	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Parliament	R
61	(a) Both A and R are true and R is the correct explanation of A	Parliament	Both are true and the reason explains it: collective responsibility to the Lok Sabha (Article 75(3)) is the basis of the convention that ministers resign when they lose its confidence. Remember it like: if the captain loses the Lok Sabha's confidence, the whole team has to leave the field.	Constitution of India (legislative.gov.in), Art 75(3)	R
62	(c) Only three	Parliament	The Presiding Officer decides on disqualification. An independent member who joins a party after the election is disqualified. A nominated member may join a party within six months of taking a seat without disqualification; after that, joining disqualifies. Kihoto Hollohan (1992) upheld the law and made the Speaker's decision open to judicial review. Remember it like: six months of grace for the nominated member, then no more.	Constitution of India (legislative.gov.in), Tenth Schedule; Supreme Court of India (sci.gov.in), Kihoto Hollohan	R
63	(c) 2 and 3 only	President	Under Article 54 (as amended by the 70th Amendment) the electoral college has the elected	Constitution of India (legislative.gov.in), Art 54; M.	R

Q	Ans	Tag	Explanation	Sources	Status
			members of Parliament, the State Legislative Assemblies and the Legislative Assemblies of Delhi and Puducherry. Legislative Council members and nominated members are excluded. Remember it like: only the elected, only from the lower houses of the States, plus Delhi and Puducherry.	Laxmikanth, Indian Polity (McGraw Hill), ch. President	
64	(d) 35 years	President	Article 58: the President must be a citizen of India, have completed 35 years, and be qualified to be elected as a Lok Sabha member. Remember it like: 35 for the President, 35 also for the Vice-President.	Constitution of India (legislative.gov.in), Art 58	R
65	(b) Article 61	President	A charge must be preferred by a House with 14 days' notice signed by one-fourth of its members and passed by two-thirds of the total membership. Article 61 is the impeachment article. Remember it like: 14 days, one-fourth, two-thirds.	Constitution of India (legislative.gov.in), Art 61	R
66	(b) Article 123	President	Article 123 gives the President the power to promulgate ordinances; they must be laid before Parliament and cease to operate six weeks after reassembly unless disapproved earlier. Remember it like: 123, "easy as 1-2-3", and then six weeks to live.	Constitution of India (legislative.gov.in), Art 123	R
67	(c) Only three	President	Statements 1, 2 and 4 are right: pardon incl. death sentence (Article 72), return of a Bill (Article 111), and the President acts on the aid and advice of the Council of Ministers, which he may ask to reconsider once (Article 74(1) proviso, 44th Amendment). Statement 3 is wrong: an ordinance can be issued only when Parliament is not in session (Article 123). Common trap: ordinance only when Parliament is not in session.	Constitution of India (legislative.gov.in), Art 72, 74, 111, 123	R
68	(d) The Vice-President of India	President	Article 89 makes the Vice-President the ex officio Chairman of the Rajya Sabha. Remember it like: VP is the "Chairman" of Rajya Sabha, and the "Speaker" belongs to the Lok Sabha.	Constitution of India (legislative.gov.in), Art 89	R
69	(c) a resolution of the Rajya Sabha passed by a majority of all the then members and agreed to by the Lok Sabha	President	Article 67(b): a resolution of the Rajya Sabha passed by a majority of all the then members and agreed to by the Lok Sabha. Remember it like: Rajya Sabha starts it, Lok Sabha agrees.	Constitution of India (legislative.gov.in), Art 67(b); https://en.wikipedia.org/wiki/Vice_President_of_India	V1
70	(b) The Lok Sabha	PM-CoM	Article 75(3): the Council of Ministers is collectively responsible to the Lok Sabha. Remember it like: they sink or swim together, in front of the Lok Sabha.	Constitution of India (legislative.gov.in), Art 75(3)	R
71	(a) 1 and 2 only	PM-CoM	Statements 1 and 2 are right, statement 3 is wrong. Article 75(1A) (91st Amendment) caps the Council at 15 per cent of the Lok Sabha; Article 75(5) allows a non-MP minister for six months; ministers are appointed by the President on the advice of the Prime Minister (Article 75(1)). Remember it like: 15 per cent, six months, and the PM chooses.	Constitution of India (legislative.gov.in), Art 75	R
72	(c) 12 ministers	PM-CoM	Article 164(1A): the State ministry is capped at 15 per cent of the Assembly's strength, but must have at least 12 members including the Chief	Constitution of India (legislative.gov.in), Art 164(1A)	R

Q	Ans	Tag	Explanation	Sources	Status
			Minister. Remember it like: 15 per cent at the top, 12 at the bottom, the "dozen floor".		
73	(c) Only three	Governor	Statement 2 is wrong: under Article 161 the Governor's pardoning power does not extend to death sentences or court-martial sentences. The Governor is appointed by the President (Article 155), issues ordinances (Article 213), and reserves Bills for the President (Article 200). Remember it like: the Governor cannot save a person from the death sentence, only the President can.	Constitution of India (legislative.gov.in), Art 155, 161, 200, 213; https://en.wikipedia.org/wiki/Governor_(India)	V1
74	(d) during the pleasure of the President	Governor	Article 156: the term is five years but is subject to the pleasure of the President. Remember it like: "five years, but the President can say bye anytime".	Constitution of India (legislative.gov.in), Art 156	R
75	(b) Article 164	Governor	Article 164(1): the CM is appointed by the Governor, and the other ministers on the advice of the CM. Remember it like: 164, "CM first, ministers next".	Constitution of India (legislative.gov.in), Art 164	R
76	(a) 1 and 2 only	Emergency	Statement 3 is wrong: after approval within one month, continuance beyond six months requires fresh approval every six months, so it is not indefinite without Parliament. Statements 1 and 2 are right: the 44th Amendment substituted "armed rebellion" for "internal disturbance", and approval is needed within one month. Remember it like: one month to approve, six months to renew.	Constitution of India (legislative.gov.in), Art 352; M. Laxmikanth, Indian Polity (McGraw Hill), ch. Emergency Provisions	R
77	(d) two months	Emergency	A Proclamation under Article 356 must be approved by Parliament within two months. The maximum duration is three years, each extension is for six months, and beyond one year needs the ECI certificate and an Article 352 emergency. Remember it like: 2 months to approve, 6 months per extension, 3 years in total.	Constitution of India (legislative.gov.in), Art 356, 357; M. Laxmikanth, Indian Polity (McGraw Hill), ch. Emergency Provisions	R
78	(c) S. R. Bommai v. Union of India (1994)	Emergency	S. R. Bommai (1994) laid down guidelines for the use of Article 356 and held that the floor of the House is the place to test a ministry's majority; it also held that secularism is part of the basic structure. Remember it like: Bommai says "prove it in the House, not in Raj Bhavan".	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Emergency Provisions; Supreme Court of India (sci.gov.in), S R Bommai; https://en.wikipedia.org/wiki/S._R._Bommai_v._Union_of_India	V1
79	(a) Article 360	Emergency	Financial Emergency is under Article 360. It must be approved by Parliament within two months, and it has never been proclaimed so far. Remember it like: 352 war, 356 State failure, 360 money.	Constitution of India (legislative.gov.in), Art 360	R
80	(d) 1, 2 and 3	Judiciary	All three are right. The Supreme Court (Number of Judges) Amendment Act, 2026 (assented 11 August 2026, deemed in force from 16 May 2026, replacing an ordinance) raised the puisne judges from 33 to 37, so the strength is 38 including the Chief Justice; the 2019 Act had made it 34. A Supreme Court judge retires at 65 and a High Court judge at 62 (Articles 124(2), 217(1)), and Article 218 applies the Supreme Court removal procedure to High Court judges. Common trap: old books still print 34, the 2026 Act made it 38.	Constitution of India (legislative.gov.in), Art 124, 217, 218; https://www.doj.gov.in/static/uploads/2025/09/5fbfa923bc963981dfd30ea318bd https://prsindia.org/files/bills_acts/bills_parliament/2026/Supreme_Court_(Number_of_Judges)_(A)_E https://en.wikipedia.org/wiki/Supreme_Court_of_India	V1
81	(b) Article 143	Judiciary	Article 143 allows the President to seek the Supreme Court's opinion on a question of law or	Constitution of India (legislative.gov.in), Art 143	R

Q	Ans	Tag	Explanation	Sources	Status
			fact of public importance. Remember it like: 143 is the "I need your advice" article.		
82	(d) A-4, B-3, C-1, D-2	Judiciary	Article 131: disputes between the Government of India and States, or among States (original jurisdiction); Article 132: appeals on constitutional questions from the High Court; Article 136: special leave to appeal (SLP); Article 137: review of its own judgments. Remember it like: 131 original, 132 constitution, 136 special, 137 review.	Constitution of India (legislative.gov.in), Art 131, 132, 136, 137	R
83	(c) 2015	Judiciary	The 99th Amendment and the NJAC Act, 2014 were struck down in the Fourth Judges Case (2015), which restored the Collegium. Remember it like: 2015, the Collegium came back like an old favourite.	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Supreme Court; Supreme Court of India (sci.gov.in), Supreme Court Advocates-on-Record Assn 2015	R
84	(a) Karnataka High Court	Judiciary	Permanent benches of the Karnataka High Court: Dharwad from 24 August 2013 and Kalaburagi from 31 August 2013, under the High Court of Karnataka (Establishment of Permanent Benches at Dharwad and Gulbarga) Order, 2013. Remember it like: Bengaluru is the main seat, and the north has two benches at Dharwad and Kalaburagi.	https://ecommitteesci.gov.in/division/high-court-of-karnataka/; https://kalaburagi.nic.in/en/courts/; https://en.wikipedia.org/wiki/Karnataka_High_Court	V1
85	(a) 1 and 2 only	Judiciary	No appeal lies against a Lok Adalat award; the remedy is to approach the court in the original proceedings. Lok Adalats are statutory bodies under the Legal Services Authorities Act, 1987, and the award is deemed a civil court decree. Common trap: no appeal, since it is a compromise settlement.	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Judiciary; PRS Legislative Research (prsindia.org); https://en.wikipedia.org/wiki/Lok_Adalat	V1
86	(d) two-thirds of members present and voting	Centre-State	Article 249 needs a Rajya Sabha resolution supported by two-thirds of members present and voting; the resolution is valid for one year and can be renewed. Remember it like: the Rajya Sabha is the State's voice, so it must say "yes" by two-thirds before the Centre touches a State subject.	Constitution of India (legislative.gov.in), Art 249	R
87	(c) Only three	Centre-State	Statements 1, 2 and 3 are right; statement 4 is wrong. The Planning Commission (1950) was an extra-constitutional body, and it was replaced by NITI Aayog on 1 January 2015. Common trap: Planning Commission and NITI Aayog are not constitutional bodies, but the Finance Commission is (Article 280).	Constitution of India (legislative.gov.in), Art 263, 280; M. Laxmikanth, Indian Polity (McGraw Hill), ch. Centre-State Relations	R
88	(c) Article 279A	Centre-State	Article 279A, inserted by the 101st Amendment, provides for the GST Council. Remember it like: 279A, "A for All taxes under one roof".	Constitution of India (legislative.gov.in), Art 279A	R
89	(b) Sarkaria Commission	Centre-State	The Sarkaria Commission was set up in 1983 under Justice R. S. Sarkaria and reported in 1988. The Punchhi Commission (2007) was a later one. Remember it like: Sarkaria is the "Centre-State relationship counsellor" from 1983.	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Centre-State Relations; https://en.wikipedia.org/wiki/Sarkaria_Commission	V1
90	(b) excluded from the jurisdiction of the Supreme Court if Parliament by law so provides	Centre-State	Parliament can by law exclude inter-State river water disputes from the courts' jurisdiction (Article 262(2)), and it did so through the Inter-State River Water Disputes Act, 1956. Remember it like: for river fights, the law may say "courts, please step aside".	Constitution of India (legislative.gov.in), Art 262; M. Laxmikanth, Indian Polity (McGraw Hill), ch. Inter-State Relations	R
91	(d) 1, 2 and 3	Local-govt	All three statements are right: three tiers (village, intermediate, district), at least one-third		R

Q	Ans	Tag	Explanation	Sources	Status
			reservation for women, and the State Election Commission under Article 243K. States with a population below 20 lakh may skip the intermediate tier. Remember it like: 243B tiers, 243D reservation, 243K election commission.	Constitution of India (legislative.gov.in), Art 243B, 243D, 243K	
92	(d) A-4, B-1, C-3, D-2	Local-govt	Balwantrai Mehta (1957): three-tier Panchayati Raj; Ashok Mehta (1977): two-tier with Mandal Panchayats; L. M. Singhvi (1986): constitutional status for local government; Santhanam (1962-64): recommended the Central Vigilance Commission. Remember it like: B for three tiers, A for Ashok's two tiers, S-S for Singhvi's status, and Santhanam for Vigilance.	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Panchayati Raj; https://en.wikipedia.org/wiki/Balwant_Rai_Mehta_Committee	V1
93	(a) Rajasthan	Local-govt	Nehru inaugurated Panchayati Raj at Nagaur, Rajasthan on 2 October 1959, and Andhra Pradesh followed in November 1959. Remember it like: Rajasthan on Gandhi Jayanti, 1959.	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Panchayati Raj	R
94	(c) 29	Local-govt	The Eleventh Schedule has 29 subjects for panchayats; the Twelfth Schedule has 18 subjects for municipalities. Remember it like: 11 = 29 (the "eleven" village heroes), 12 = 18.	Constitution of India (legislative.gov.in), Eleventh Schedule	R
95	(a) 1 and 2 only	Local-govt	Statements 1 and 2 are right. Statement 3 is wrong: municipalities have a five-year term (Article 243U), and in case of dissolution fresh elections must be held within six months. Remember it like: five years, then six months to re-run.	Constitution of India (legislative.gov.in), Part IXA, Art 243U	R
96	(a) six years or until the age of 65 years, whichever is earlier	ConstBodies	Article 316(2): the UPSC Chairman and members hold office for six years or until the age of 65, whichever is earlier. Remember it like: 6 years or 65, whichever comes first.	Constitution of India (legislative.gov.in), Art 316	R
97	(d) Article 148	ConstBodies	Article 148 provides for the appointment of the CAG by the President. The CAG holds office for six years or until 65, whichever is earlier, and is removable like a Supreme Court judge. Remember it like: CAG, the nation's auditor with a judge's protection.	Constitution of India (legislative.gov.in), Art 148	R
98	(a) 1 and 2 only	ConstBodies	Statement 3 is wrong: panchayat and municipal elections are conducted by State Election Commissions (Articles 243K and 243ZA). The ECI is a permanent constitutional body under Article 324. Remember it like: ECI for the big ones (President, Vice-President, Parliament, State Legislatures), SEC for the local ones.	Constitution of India (legislative.gov.in), Art 324, 243K, 243ZA	R
99	(c) National Human Rights Commission	ConstBodies	The NHRC is a statutory body under the Protection of Human Rights Act, 1993, so it is not a constitutional body. Remember it like: if it was set up by an Act and not by an Article, it is statutory.	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Non-constitutional bodies	R
100	(b) A-2, B-1, C-3, D-4	ConstBodies	NITI Aayog was created by a Cabinet resolution (2015), so it is an executive body; the CVC acquired statutory status in 2003; the NCBC got constitutional status through the 102nd Amendment (Article 338B); and the Finance Commission is under Article 280. Remember it like: resolution, Act, Article, Article: the four legal "birth certificates".	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Non-constitutional bodies; Constitution of India (legislative.gov.in), Art 338B	R
101	(d) 2013	ConstBodies	The Lokpal and Lokayuktas Act was enacted in 2013, it received Presidential assent on 1 January 2014, and the first Lokpal was appointed in 2019.	PRS Legislative Research (prsindia.org), Lokpal and	V1

Q	Ans	Tag	Explanation	Sources	Status
			Remember it like: 2013 Act, 2014 assent, 2019 first Lokpal.	Lokayuktas Act 2013; https://en.wikipedia.org/wiki/Lokpal	
102	(b) 1 and 3 only	Citizenship-UT	Statement 2 is wrong: India has single citizenship, and OCI is not dual citizenship. Citizenship is in Part II (Articles 5 to 11), and the Citizenship Act 1955 covers birth, descent, registration, naturalisation and incorporation of territory (sections 3 to 7). Common trap: OCI is a card, not a second citizenship.	Constitution of India (legislative.gov.in), Part II; M. Laxmikanth, Indian Polity (McGraw Hill), ch. Citizenship	R
103	(b) 69th Amendment Act, 1991	Citizenship-UT	The 69th Amendment (1991) inserted Article 239AA, made Delhi the National Capital Territory, and gave it a Legislative Assembly and a Council of Ministers. Remember it like: 69, 1991, Delhi gets its own Assembly.	Constitution of India (legislative.gov.in), Art 239AA; https://en.wikipedia.org/wiki/Sixty-ninth_Amendment_of_the_Constitution_of_	V1
104	(a) abrogation of the operation of Article 370 by a Presidential Order in August 2019	Citizenship-UT	The Jammu and Kashmir Reorganisation Act, 2019 followed the abrogation of the operation of Article 370 by Constitutional Order 272 (5 August 2019). The Act took effect on 31 October 2019, and in December 2023 the Supreme Court upheld the abrogation. Remember it like: 5 August order, 31 October Act, and two new Union Territories.	PRS Legislative Research (prsindia.org), J&K Reorganisation Act 2019; Supreme Court of India (sci.gov.in), In re Article 370 (2023)	R
105	(d) 1, 2 and 3	Citizenship-UT	All three statements are right: the Fifth Schedule covers Scheduled Areas and Scheduled Tribes in States other than Assam, Meghalaya, Tripura and Mizoram; the Sixth Schedule provides Autonomous District Councils in those four north-eastern States; and the Ninth Schedule was added by the First Amendment (1951) to protect land reform laws. Remember it like: Fifth for most of the country, Sixth for those four north-eastern States.	Constitution of India (legislative.gov.in), Fifth, Sixth and Ninth Schedules	R
106	(c) Bodo	Citizenship-UT	The 92nd Amendment added Bodo, Dogri, Maithili and Santhali; Sindhi was added by the 21st Amendment (1967), and Konkani, Manipuri and Nepali by the 71st (1992). Remember it like: 92 gave us B-D-M-S, "Bodo, Dogri, Maithili, Santhali".	Constitution of India (legislative.gov.in), Eighth Schedule; M. Laxmikanth, Indian Polity (McGraw Hill), ch. Official Language; https://en.wikipedia.org/wiki/Ninety-second_Amendment_of_the_Constitution_	V1
107	(d) 2008	Citizenship-UT	Classical Language status: Tamil 2004, Sanskrit 2005, Telugu and Kannada 2008, Malayalam 2013, Odia 2014. Remember it like: Kannada got the tag in 2008, with Telugu, in the same year.	Press Information Bureau (pib.gov.in), Ministry of Culture on classical languages; https://en.wikipedia.org/wiki/Classical_languages_of_India	V1
108	(b) A-3, B-1, C-4, D-2	Rights-cases	Kesavananda Bharati (1973): basic structure; Maneka Gandhi (1978): wider reading of Article 21; Indra Sawhney (1992): 50 per cent ceiling on reservation; K. S. Puttaswamy (2017, nine-judge bench): right to privacy. Remember it like: K for Kesavananda and the "Keep the structure" rule, M for Maneka and the "More liberty", I for Indra and the "Ceiling", P for Puttaswamy and "Privacy".	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Fundamental Rights; Supreme Court of India (sci.gov.in), cases named	R
109	(c) K. S. Puttaswamy v. Union of India (2017)	Rights-cases	A nine-judge bench unanimously held in K. S. Puttaswamy v. Union of India (2017) that privacy is a fundamental right under Article 21, on 24 August 2017. Remember it like: nine judges, nine words for privacy, same verdict.	Supreme Court of India (sci.gov.in), K S Puttaswamy (2017)	R
110	(a) sexual harassment of	Rights-cases	Vishaka v. State of Rajasthan (1997) laid down guidelines on sexual harassment of women at the workplace, later codified in the Sexual	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Fundamental Rights	R

Q	Ans	Tag	Explanation	Sources	Status
	women at the workplace		Harassment of Women at Workplace Act, 2013. Remember it like: Vishaka (1997) the guideline, the Act (2013) the law.		
111	(c) Only three	Rights-cases	Statements 1, 2 and 4 are right. Statement 3 is wrong: Indra Sawhney barred reservation in promotions, which was later overcome by the 77th Amendment (Article 16(4A)). Common trap: the Indra Sawhney case did not allow reservation in promotions.	Constitution of India (legislative.gov.in), Art 16; Supreme Court of India (sci.gov.in), Indra Sawhney (1992)	R
112	(a) nullify the effect of judicial decisions that struck down caste-based reservation and land reform laws	Rights-cases	The First Amendment (1951) added Article 15(4), Articles 31A and 31B and the Ninth Schedule, after the Champakam Dorairajan case struck down caste-based reservation. Remember it like: the very first amendment fixed reservation and land reforms after the courts rejected them.	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Amendment; https://en.wikipedia.org/wiki/First_Amendment_of_the_Constitution_of_I	V1
113	(a) Both A and R are true and R is the correct explanation of A	Rights-cases	Both are true and the reason explains it: since Kesavananda Bharati (24 April 1973) established the basic structure, Ninth Schedule laws placed after that date that violate it can be struck down (I. R. Coelho, 2007). Remember it like: after 24 April 1973 the Ninth Schedule is no longer a safe locker.	Supreme Court of India (sci.gov.in), I R Coelho (2007)	R
114	(d) a pre-constitutional law that is inconsistent with a Fundamental Right becoming unenforceable but not void	Rights-cases	Under Article 13(1), a pre-constitutional law that is inconsistent with a Fundamental Right is not void; it is dormant (eclipsed) and revives if the inconsistency is removed. Remember it like: eclipse means "hidden behind the Moon, but not gone".	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Fundamental Rights (Art 13)	R
115	(c) Only three	Elections	Statements 1, 2 and 3 are right; statement 4 is wrong. Article 324 gives the Election Commission of India superintendence of elections to Parliament and State Legislatures, and State Election Commissions conduct the local body polls. Remember it like: RPA 1950 is about rolls, RPA 1951 is about the conduct of elections, and NOTA came in 2013.	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Elections; Supreme Court of India (sci.gov.in), PUCL v UoI (2013)	R
116	(c) any court	Elections	Under the Delimitation Commission Act, the orders have the force of law and cannot be questioned in any court. Remember it like: once the Delimitation Commission speaks, no court may reopen the map.	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Elections	R
117	(b) the first census taken after 2026	Elections	Article 82: readjustment of the total seats allotted to States is frozen up to the first census after 2026; the 87th Amendment used the 2001 census for delimitation within States. Remember it like: freeze up to 2026, thaw after the first census that follows.	Constitution of India (legislative.gov.in), Art 82	R
118	(a) Representation of the People Act, 1951	Elections	Section 8(3) of the Representation of the People Act, 1951 disqualifies a person sentenced to imprisonment of two years or more; in Lily Thomas (2013) the Supreme Court struck down the provision protecting sitting members. Remember it like: two years in jail, out of the House.	Supreme Court of India (sci.gov.in), Lily Thomas v. UoI (2013)	R
119	(a) 1 and 2 only	State-legislature	Statements 1 and 2 are right; statement 3 is wrong. Article 169 creates or abolishes the Council, and its strength is not more than one-	Constitution of India (legislative.gov.in), Art 169, 171	R

Q	Ans	Tag	Explanation	Sources	Status
			third of the Assembly and not less than 40. Members are not directly elected: one-third are elected by MLAs, one-third by local bodies, one-twelfth each by graduates and teachers, and the rest are nominated by the Governor. Remember it like: 1/3, 1/3, 1/12, 1/12, and the rest is the Governor's choice.		
120	(d) 224	State-legislature	Karnataka has 224 elected members; the nomination of an Anglo-Indian member under Article 333 ended with the 104th Amendment (January 2020). Remember it like: 224, two-two-four, "2-2-4 Bengaluru, we are in the Assembly".	Government of Karnataka (karnataka.gov.in), Karnataka Legislature	R
121	(b) Suvarna Vidhana Soudha	State-legislature	Suvarna Vidhana Soudha, Belagavi, was inaugurated by President Pranab Mukherjee on 11 October 2012 as the second seat of the legislature, and it hosts the winter session; Vidhana Soudha, Bengaluru is the principal seat. Remember it like: Bengaluru is the main hall, and Belagavi gets the winter session.	https://www.presidentofindia.gov.in/shri-pranab-mukherjee/speeches/speech-president-india-shri-pranab-mukherjee-occasion-inauguration-9; https://www.newindianexpress.com/states/karnataka/2012/Oct/12/except-in-winter-new-soudha-will-hibernate-414542.html; https://en.wikipedia.org/wiki/Suvarna_Vidhana_Soudha	V1
122	(c) Article 371J	State-legislature	Article 371J was inserted by the 98th Amendment Act, 2012; it provides a Development Board and local reservation in education and jobs for the Kalyana Karnataka region. Remember it like: 371J, 98th, 2012, and the Kalyana Karnataka board is the local development booster.	Constitution of India (legislative.gov.in), Art 371J; https://en.wikipedia.org/wiki/Ninety-eighth_Amendment_of_the_Constitution_o	V1
123	(d) 1, 2 and 3	State-legislature	All three statements are right: Karnataka has a bicameral legislature (224-member Assembly and a Legislative Council), 28 Lok Sabha seats and 12 Rajya Sabha seats. Remember it like: 224, 28 and 12, the three Karnataka numbers.	Election Commission of India (eci.gov.in); Government of Karnataka (karnataka.gov.in), Karnataka Legislature	R
124	(d) Article 315	State-legislature	Article 315 provides for Public Service Commissions for the Union and the States, so the Karnataka Public Service Commission (KPSC) derives from it. Remember it like: 315, the "PSC" article, and KPSC rides on it.	Constitution of India (legislative.gov.in), Art 315	R
125	(a) 12 October 2005	Governance	The Right to Information Act was enacted in June 2005 and came fully into force on 12 October 2005. Remember it like: 12 October 2005, "ask the government anything" day.	PRS Legislative Research (prsindia.org), RTI Act 2005; Government of Karnataka (karnataka.gov.in), RTI; https://en.wikipedia.org/wiki/Right_to_Information_Act,_2005	V1
126	(a) 1 and 2 only	Governance	Statement 3 is wrong: Cabinet papers may be disclosed after the decision has been taken, subject to Section 8(1)(i). The CIC is a statutory body, and the 2005 Act applies in J&K after 2019. Common trap: "cannot be disclosed in any case" is too strong a word, and such absolutes are usually wrong.	PRS Legislative Research (prsindia.org), RTI Act 2005	R
127	(b) the Prime Minister, subject to certain safeguards	Governance	The Lokpal has jurisdiction over the Prime Minister, with exceptions for internal and external security, atomic energy and so on. Remember it like: the Lokpal can look at the PM, but not at everything the PM touches.	PRS Legislative Research (prsindia.org), Lokpal and Lokayuktas Act 2013	R

Q	Ans	Tag	Explanation	Sources	Status
128	(c) A-3, B-4, C-2, D-1	Governance	Santhanam: prevention of corruption; Second ARC (chaired by Veerappa Moily, 2005): public administration reform; Punchhi Commission (reported in 2010): Centre-State relations; Balwantrai Mehta: community development and Panchayati Raj. Remember it like: Santhanam against corruption, Moily for reform, Punchhi for Centre-State, Mehta for village.	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Commissions	R
129	(a) Assam, Meghalaya, Tripura and Mizoram	Governance	The Sixth Schedule covers Assam, Meghalaya, Tripura and Mizoram, with Autonomous District and Regional Councils (for example the Bodoland Territorial Council). Remember it like: Sixth, "six-pack" of four north-eastern States.	Constitution of India (legislative.gov.in), Sixth Schedule	R
130	(c) National Green Tribunal Act, 2010	Governance	The National Green Tribunal was established under the National Green Tribunal Act, 2010, to deliver speedy environmental justice, and its principal bench is in New Delhi. Remember it like: 2010, the green court, and the principal bench is in the capital.	Ministry of Environment, Forest and Climate Change (moef.gov.in), NGT; https://en.wikipedia.org/wiki/National_Green_Tribunal	V1
131	(b) Article 76	Governance	Article 76 deals with the Attorney General of India; Article 165 deals with the Advocate-General of the State. Remember it like: 76 for the Centre's lawyer, 165 for the State's.	Constitution of India (legislative.gov.in), Art 76, 165	R
132	(c) Only three	Parliament	Statements 1, 2 and 4 are right; statement 3 is wrong. The Speaker continues in office until the first meeting of the new Lok Sabha (Article 94), and the quorum is one-tenth (Article 100(3)). Remember it like: the Speaker never vacates the seat in a rush, because the chair stays until the new House meets.	Constitution of India (legislative.gov.in), Art 93, 94, 96, 100	R
133	(d) six months	Parliament	Article 85: no more than six months between two sessions, so Parliament must meet at least twice a year. Remember it like: 85, "six months is the longest gap".	Constitution of India (legislative.gov.in), Art 85	R
134	(c) Passing a no-confidence motion against the Council of Ministers	Parliament	A no-confidence motion lies only in the Lok Sabha because the Council of Ministers is responsible only to it. Articles 249 and 312 are exclusive to the Rajya Sabha, and the VP's removal resolution originates in the Rajya Sabha (Article 67(b)). Remember it like: the Rajya Sabha has its own special powers, and the no-confidence is not one of them.	Constitution of India (legislative.gov.in), Art 75(3), 249, 312, 67(b)	R
135	(a) Both A and R are true and R is the correct explanation of A	Parliament	Both are true and the reason explains it: the Salary and Allowances of Leaders of Opposition in Parliament Act, 1977 gave the Leader of the Opposition statutory recognition. Remember it like: 1977, the Act that made the Opposition Leader "official".	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Parliament	R
136	(a) first hour of a sitting	Parliament	Question Hour is held in the first hour of every sitting, and Zero Hour follows it. Remember it like: questions first, surprises (Zero Hour) next.	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Parliament	R
137	(d) All three	President	All three statements are right: election by an electoral college of both Houses of Parliament (Article 66), acting as President on a vacancy (Article 65, and a new President must be elected within six months), and a casting vote in the Rajya Sabha (Article 100). Remember it like: VP, the "spare tyre" of the President and the tie-breaker in the Rajya Sabha.	Constitution of India (legislative.gov.in), Art 65, 66, 100	R

Q	Ans	Tag	Explanation	Sources	Status
138	(d) the Chamber of Princes of the Parliament House	Judiciary	The Supreme Court was inaugurated in January 1950 in the Chamber of Princes of the Parliament House, and it sat there until 1958, when it moved to its present building on Tilak Marg. Remember it like: it started in the Chamber of Princes and moved house in 1958.	Supreme Court of India (sci.gov.in), History of the Supreme Court	R
139	(b) Chief Justice and other judges after consultation with the Chief Justice of India, the Governor and the Chief Justice of the High Court	Judiciary	Under Article 217 the President appoints the Chief Justice and other judges of a High Court after consulting the Chief Justice of India, the Governor and the Chief Justice of the High Court. The collegium system derives from the Second (1993) and Third (1998) Judges cases. Remember it like: three voices for the High Court: CJI, Governor, HC Chief Justice.	Constitution of India (legislative.gov.in), Art 217	R
140	(b) 1 and 3 only	Judiciary	Statement 2 is wrong: the collegium is not in the Constitution; it was developed through judicial decisions (1993, 1998) and expanded to the CJI and four senior-most judges. Statements 1 and 3 are right. Common trap: the Constitution never says "collegium".	Supreme Court of India (sci.gov.in), Supreme Court Advocates-on-Record Association (1993); In re Special Reference (1998)	R
141	(a) Article 13	Judiciary	Article 13 declares laws inconsistent with Fundamental Rights void to the extent of the inconsistency, which is the base of judicial review. Remember it like: Article 13, "unlucky for laws that clash with the rights".	Constitution of India (legislative.gov.in), Art 13	R
142	(c) 389	Constitution-making	The Cabinet Mission Plan envisaged 389 members: 296 from British India and 93 from the Princely States. After Partition it reduced to 299. Remember it like: 296 + 93 = 389, and after the split only 299 stayed.	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Making of the Constitution; https://en.wikipedia.org/wiki/Eleventh_Schedule_to_the_Constitution_of	V1
143	(d) the President, the Lok Sabha and the Rajya Sabha	Constitution-making	Article 79: Parliament consists of the President, the Lok Sabha and the Rajya Sabha. Remember it like: the President is a part of Parliament, not just a guest.	Constitution of India (legislative.gov.in), Art 79	R
144	(c) 2 and 3 only	Constitution-making	Statement 1 is wrong: the duties are non-justiciable and cannot be enforced directly by courts. Article 51A is addressed to citizens, and Article 51A(k), added in 2002, makes them eleven. Remember it like: eleven duties, no court enforcement, only for citizens.	Constitution of India (legislative.gov.in), Art 51A	R
145	(b) Article 18	FR	Article 18 abolishes titles other than military and academic distinctions; Bharat Ratna and Padma awards are not "titles" (Balaji Raghavan, 1995). Remember it like: Article 18 says "no Sir or Rai Bahadur", but awards are fine.	Constitution of India (legislative.gov.in), Art 18	R
146	(d) All four	FR	All four statements are right: Article 25 (conscience, profess, practise, propagate), subject to public order, morality and health; Article 26 (religious denominations manage their own affairs in religious matters); and Article 28(1) bars religious instruction in wholly State-funded institutions (sub-clauses allow it in endowed or foundation-based ones). Remember it like: 25 for the person, 26 for the group, 28 for the school.	Constitution of India (legislative.gov.in), Art 25-28	R
147	(a) a set of guidelines for political parties and candidates,	Elections	The Model Code of Conduct is a consensus-based set of guidelines for parties and candidates, with no direct statutory backing. Remember it like: it is a "gentleman's agreement" and not an Act of Parliament.	Election Commission of India (eci.gov.in), Model Code of Conduct	R

Q	Ans	Tag	Explanation	Sources	Status
	not a statutory law				
148	(c) Only three	Federalism	Statements 1, 2 and 3 are right; statement 4 is wrong, because Parliament can implement international agreements even on State List subjects (Article 253). The relevant Articles are 248 (residuary), 254 (conflict in Concurrent List, Union law prevails), 250 (emergency). Common trap: the word "never" in a statement is usually the wrong one.	Constitution of India (legislative.gov.in), Art 248, 250, 253, 254	R
149	(b) A-3, B-2, C-1, D-4	Federalism	Article 249: legislation on a State subject in the national interest; Article 256: States must comply with Union laws; Article 262: inter-State water disputes; Article 263: Inter-State Council. Remember it like: 249 national interest, 256 comply, 262 water, 263 council, in the order of the numbers.	Constitution of India (legislative.gov.in), Art 249, 256, 262, 263	R
150	(a) Both A and R are true and R is the correct explanation of A	Federalism	Both are true and the reason explains it: Article 250 extends Parliament's powers to the State List during a proclamation of emergency, so the federal scheme temporarily works as a unitary one. Remember it like: during an Emergency, the Centre becomes the single captain.	Constitution of India (legislative.gov.in), Art 250; M. Laxmikanth, Indian Polity (McGraw Hill), ch. Emergency Provisions	R
151	(b) 1 and 3 only	Federalism	Statements 1 and 3 are right; statement 2 is wrong. Under Articles 280 and 281 the recommendations are advisory, and the President lays them before Parliament with an explanatory memorandum. Remember it like: the Finance Commission advises, it does not order.	Constitution of India (legislative.gov.in), Art 280, 281	R
152	(a) Both A and R are true and R is the correct explanation of A	Local-govt	Both are true and the reason explains it: the State Finance Commission for panchayats is under Article 243I, and the 74th Amendment gave the same for municipalities under Article 243Y. Remember it like: 243I for panchayats, 243Y for municipalities, "I for Idu village, Y for the city".	Constitution of India (legislative.gov.in), Art 243I, 243Y	R
153	(a) 1 and 2 only	Local-govt	Statements 1 and 2 are right; statement 3 is wrong. The Gram Sabha is defined in Article 243(b) and is given a role under Article 243A, and the method of electing the Panchayat chairperson is decided by State law (direct or indirect). Remember it like: the Gram Sabha is the village parliament, but it does not directly elect the Sarpanch in every State.	Constitution of India (legislative.gov.in), Art 243(b), 243A, 243C	R
154	(d) A-1, B-2, C-4, D-3	FR	Article 16: equality of opportunity in public employment; Article 17: abolition of untouchability; Article 19(1)(a): freedom of speech and expression; Article 21: life and personal liberty. Remember it like: 16 jobs, 17 untouchability, 19 speech, 21 life, which is the order as you go up.	Constitution of India (legislative.gov.in), Part III	R
155	(a) Both A and R are true and R is the correct explanation of A	FR	Both are true and the reason explains it: Article 21 uses the word "person", so it covers citizens and foreigners. Remember it like: "person" means everyone, even a tourist.	Constitution of India (legislative.gov.in), Art 21	R
156	(c) Only three	FR	Statements 1, 2 and 3 are right; statement 4 is wrong, because Article 14 permits reasonable classification based on an intelligible differentia having a rational nexus with the object. Remember it like: British "equality before the law",	Constitution of India (legislative.gov.in), Art 14; M. Laxmikanth, Indian Polity (McGraw Hill), ch. Fundamental Rights	R

Q	Ans	Tag	Explanation	Sources	Status
			American "equal protection", and the classification test with two ingredients.		
157	(c) A-4, B-2, C-1, D-3	DPSP	Article 39A: free legal aid; Article 40: village panchayats; Article 44: uniform civil code; Article 48A: environment. Articles 39A and 48A were inserted by the 42nd Amendment, 1976. Remember it like: 39A, 40, 44, 48A, which climbs the ladder in order.	Constitution of India (legislative.gov.in), Part IV	R
158	(b) Both A and R are true but R is not the correct explanation of A	DPSP	A is true (Article 37) and R is also true (Article 37), but R is not the reason: non-enforceability is expressly stated in the same Article, separately from their importance. Common trap: both statements true does not mean one explains the other.	Constitution of India (legislative.gov.in), Art 37	R
159	(a) 1 and 2 only	Amendments	Statements 1 and 2 are right; statement 3 is wrong. After the 24th Amendment (1971) the President must give assent to a Constitution Amendment Bill, and ratification by half of the States is needed only for federal provisions (Article 368(2) proviso). Remember it like: the President has to say "yes", and federal changes need half the States.	Constitution of India (legislative.gov.in), Art 368	R
160	(d) B - D - A - C	Amendments	The order is 61st (1988), 73rd (1992), 86th (2002), 101st (2016). Remember it like: voting age, village councils, school for all, one tax, in that time order.	M. Laxmikanth, Indian Polity (McGraw Hill), Appendix, list of amendments	R
161	(d) All four	Emergency	All four statements are right. The Emergency was proclaimed in 1962 (war with China), 1971 (war with Pakistan) and 1975 (internal disturbance). Article 83(2) allows Parliament to extend the Lok Sabha's term by one year at a time during an Emergency (as done in 1976-77). Remember it like: 62, 71, 75, three Emergencies, and the 1975 one was internal.	M. Laxmikanth, Indian Polity (McGraw Hill), ch. Emergency Provisions	R

Recap: five things to carry into the hall

1. Rights: Art 14, 21 for all persons; Art 19 for citizens only; Art 32 is itself a Fundamental Right.
2. Money Bill: LS only, RS has 14 days to recommend, no joint sitting.
3. Emergency: 352, 356, 360, with approval periods of 1, 2 and 2 months.
4. Preamble amended once (1976); Fundamental Duties are 11 (since 2002).
5. Constitutional bodies (ECI, UPSC, CAG) versus statutory bodies (NHRC, Lokpal): do not mix them up.

Next up: Bank 2 is **Karnataka History**. Cliffhanger: who was Sala, the legendary founder of the Hoysalas, and what was he supposed to have fought?

Karnataka History Question Bank

Status: PREDICTED / PRACTICE questions written fresh for the KAS (KPSC Gazetted Probationers 2026-27) Prelims. Not copied from any past paper. Not leaked. Prepared 27-10-2026 IST.

Fresh practice questions on Karnataka history, art, architecture and culture (Paper I History and Culture and Paper II Karnataka). Weighted by trend: Hoysala, Vijayanagara, Chalukyas, Kadambas, Gangas, Rashtrakutas, Bahmani, Mysore, unification, freedom movement in Karnataka, literature, art.

153 questions. Marks: +2 right, -0.5 wrong (0.25 of the marks), 0 blank. Suggested time: 184 minutes at exam pace (72 seconds per question).

Style mix: Direct 83; Statement 31; Match the following 19; Assertion-Reason 13; Chronology 7

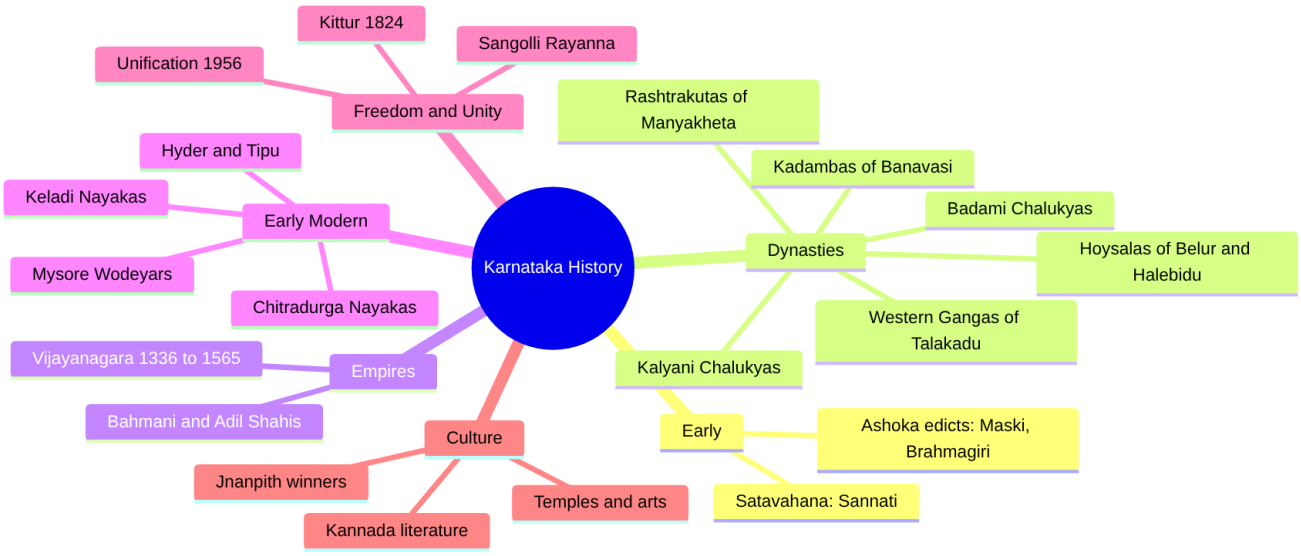

Status codes: R = standard reference (textbook / Constitution / Gazetteer / official publication) cited and hand-reviewed, page not re-opened live; V1 = one live page opened and the keyed fact seen; V = two sources incl. an official one opened; C = computed and solved twice by independent methods.

Topic tags (count): Culture 28; Mysore 16; Early 14; BadamiChalukyas 10; Vijayanagara 10; Bahmani 10; Hoysalas 9; Rashtrakutas 8; Freedom 8; Unification 7; KalyaniChalukyas 5; Sharana 5; Kadambas 4; Gangas 4; Haridasa 4; Nayakas 4; Unif 3; Wodeyar 2; Kodagu 1; Tipu 1

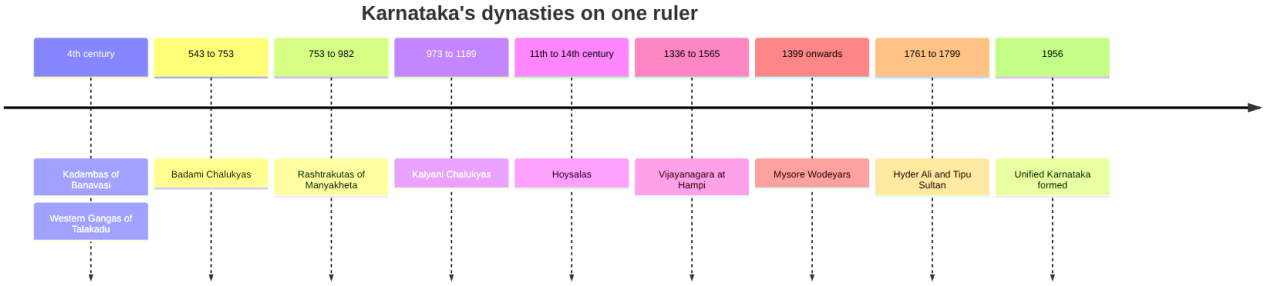

Bank 2 of 8 25% of the question-bank library done

Warm-up: Karnataka's story as a long Bengaluru traffic jam of dynasties

Imagine one long road, the Old Madras Road of history. Each dynasty is a bus that holds the road for a while: first the **Kadambas** and **Western Gangas**, then the **Chalukyas of Badami**, the **Rashtrakutas**, the **Kalyani Chalukyas**, the **Hoysalas**, the giant **Vijayanagara** double-decker, and finally the **Wodeyars** of Mysore with **Hyder and Tipu** doing a speed-run in between. Learn the order and the rest hangs off it like auto-rickshaw stickers.

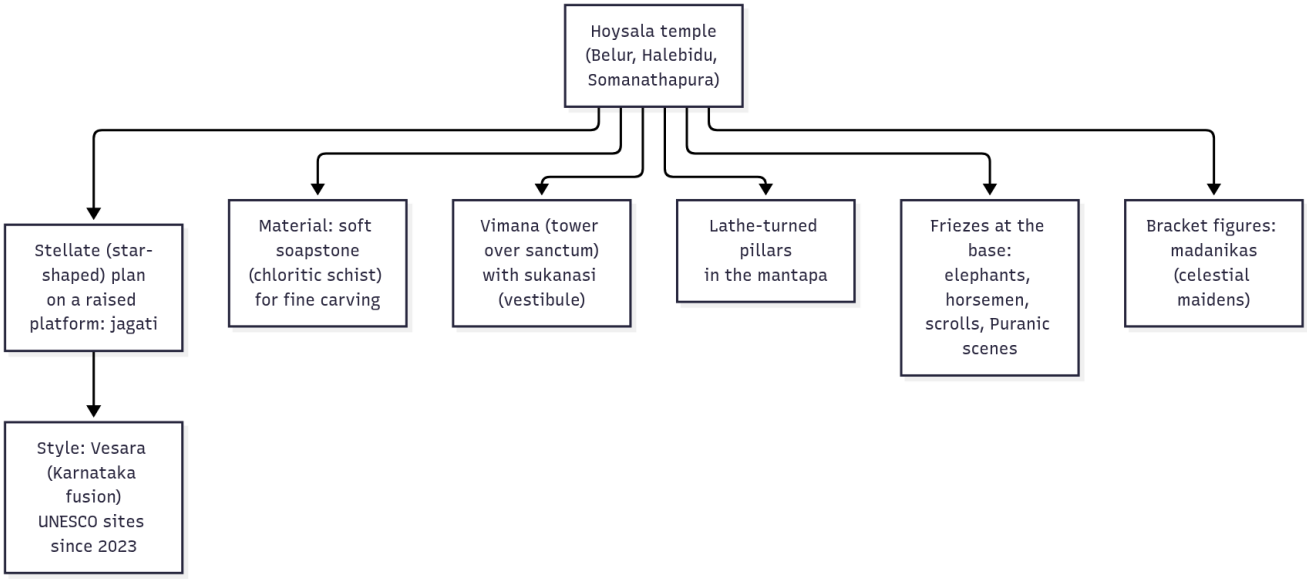

One ruler, nine eras

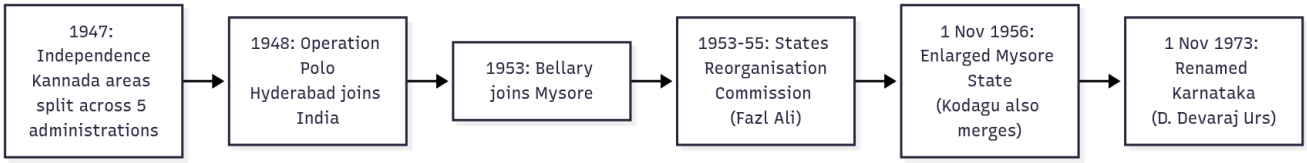

Remember it like: Kids **G**et **B**ig **R**ed **K**ites; **H**ungry **V**ultures **W**atch. Kadamba, Ganga, Badami, Rashtrakuta, Kalyani, Hoysala, Vijayanagara, Wodeyar. (Gangas and Kadambas started together around the 4th century; the list is an easy order for the exam.)

Exploded view: anatomy of a Hoysala temple

Remember it like: a Hoysala temple is a **star-shaped cake** (stellate plan) built of **soap** (soapstone), with lathe-turned pillars like polished wooden table legs and carved ladies (madanikas) holding up the roof like very patient waitresses.

How Kannada lands became one state

Remember it like: 1948 Polo, 1953 Bellary, 1956 merge, 1973 rename. Four dates, four steps. Hyderabad-Karnataka got its new name, Kalyana Karnataka, in 2019.

Mnemonics (silly on purpose, so they stick)

What	Hook	Facts it encodes
Hoysala name	**'Strike, Sala!'**	

What	Hook	Facts it encodes
		Legend: Sala killed a big cat (a tiger in UNESCO's text, a lion in many tellings), hence the Hoysala emblem
Three Gems of Kannada	**P-P-R**	Pampa, Ponna, Ranna (Ratnatraya)
Pampa's work	**Vikram + Arjuna**	Vikramarjuna Vijaya, also called Pampa Bharata
Jnanpith, Kannada	**K B K M G U K K**	Kuvempu (1967), Bendre (1973), Karanth (1977), Masti (1983), Gokak (1990), URA (1994), Karnad (1998), Kambara (2010)
Mysore wars	**Hyder 1761-82, Tipu 1782-99**	Two rulers, one dynasty, four Anglo-Mysore Wars (1767-69, 1780-84, 1790-92, 1799)

Common trap: Badami Chalukyas and Kalyani Chalukyas are different dynasties with different capitals and about 200 years between them. Examiners love swapping the two.

Common trap: the Hoysala **capital** moved from **Belur** to **Dwarasamudra (Halebidu)**; the **Chennakeshava temple at Belur** and the **Hoysaleswara at Halebidu** are not the same temple.

Common trap: Talikota (1565) ended Vijayanagara's power, but the empire did not vanish overnight; it continued in a reduced form (the Aravidu line) for decades.

Common trap: Rani Chennamma and Rani Abbakka are **different** queens: Chennamma of **Kittur** (Belagavi, 1824), Abbakka of **Ullal** (coastal Karnataka, against the Portuguese).

Peak fact: Karnataka has four UNESCO World Heritage listings of its own or shared: Hampi (1986), Pattadakal (1987), Western Ghats (2012, serial), and the Sacred Ensembles of the Hoysalas (2023).

Questions

Q1. [Kadambas | Direct] The Kadambas of Banavasi, widely regarded as the first Kannada royal dynasty to use Kannada in administration, had their capital at

- (a) Talakadu
- (b) Banavasi
- (c) Badami
- (d) Manyakheta

Q2. [Kadambas | Direct] The founder of the Kadamba dynasty, who according to the Talagunda inscription rebelled after an insult at the Pallava capital, was

- (a) Ravivarma
- (b) Mayurasharma
- (c) Kakusthavarma
- (d) Shantivarma

Q3. [Kadambas | Statement (which)] With reference to the Halmidi inscription, consider the following statements:

1. It was found at Halmidi village in Hassan district.
2. Its date, traditionally given as about 450 CE, links it to the Kadamba period.
3. It is written in Sanskrit and is the oldest Sanskrit inscription of South India.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q4. [Gangas | Direct] Talakadu, the later capital of the Western Gangas, lies on the banks of the Cauvery in which district?

- (a) Hassan

- (b) Mysuru
- (c) Mandya
- (d) Chamarajanagar

Q5. [Gangas | Direct] The monolithic Gommateshwara statue at Shravanabelagola was consecrated around 981 CE by Chavundaraya, minister of the Ganga king

- (a) Shivamara I
- (b) Rachamalla Satyavakya IV
- (c) Durvinita
- (d) Sripurusha

Q6. [Gangas | Direct] Which of the following works was written by Chavundaraya?

- (a) Kavirajamarga
- (b) Chavundaraya Purana
- (c) Vikramarjunavijaya
- (d) Shantipurana

Q7. [Gangas | Assertion-Reason]
Assertion (A): Shravanabelagola is an important centre of Jain pilgrimage.

Reason (R): The Gommateshwara monolith at Shravanabelagola was commissioned by the Hoysala king Vishnuvardhana.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q8. [Kadambas | Match the following] Match the dynasty with its capital.

List I	List II
A. Kadambas	1. Vatapi
B. Western Gangas	2. Talakadu
C. Chalukyas of Badami	3. Manyakheta
D. Rashtrakutas	4. Banavasi

- (a) A-3, B-4, C-1, D-2
- (b) A-4, B-3, C-1, D-2
- (c) A-1, B-2, C-4, D-3
- (d) A-4, B-2, C-1, D-3

Q9. [BadamiChalukyas | Direct] The Aihole inscription (634 CE), composed in Sanskrit by Ravikirti, is a eulogy of

- (a) Kirtivarman I
- (b) Pulakeshi II
- (c) Vikramaditya II
- (d) Pulakeshi I

Q10. [BadamiChalukyas | Direct] Pulakeshi II halted the advance of Harshavardhana on the banks of the river

- (a) Krishna
- (b) Narmada
- (c) Ganga
- (d) Godavari

Q11. [BadamiChalukyas | Direct] Pulakeshi II was defeated and killed at Vatapi (c. 642 CE) by the Pallava king

- (a) Parameśvaravarman I
- (b) Mahendravarman I
- (c) Nandivarman II

- (d) Narasimhavarman I

Q12. [BadamiChalukyas | Direct] The Virupaksha (Lokeshwara) temple at Pattadakal was built by queen Lokamahadevi to commemorate the victory over the Pallavas of her husband

- (a) Kirtivarman II
- (b) Vikramaditya II
- (c) Pulakeshi II
- (d) Mangalesha

Q13. [BadamiChalukyas | Statement (which)] With reference to the Group of Monuments at Pattadakal, consider the following statements:

1. It is a UNESCO World Heritage Site inscribed in 1987.
2. It contains temples in both Nagara (northern) and Dravida (southern) styles.
3. It is located on the banks of the Tungabhadra river.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q14. [BadamiChalukyas | Direct] The Badami cave temples consist of how many caves?

- (a) Six
- (b) Five
- (c) Three
- (d) Four

Q15. [BadamiChalukyas | Statement (how many)] Regarding Aihole in Karnataka, consider the following statements:

1. It is called the cradle of Indian temple architecture.
2. The Durga temple has an apsidal plan.
3. The Meguti Jain temple bears the Ravikirti inscription.
4. It is situated on the banks of the Krishna river.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q16. [BadamiChalukyas | Direct] Badami, the ancient Vatapi, is located in which district of Karnataka?

- (a) Koppal
- (b) Gadag
- (c) Vijayapura
- (d) Bagalkot

Q17. [BadamiChalukyas | Chronology] Arrange the following events in chronological order, earliest first.

A. Aihole inscription of Ravikirti
B. Dantidurga overthrows the last Badami Chalukya
C. Death of Pulakeshi II at Vatapi
D. Pulakeshi II defeats Harsha

- (a) B - D - C - A
- (b) D - A - C - B
- (c) B - C - A - D
- (d) B - D - A - C

Q18. [BadamiChalukyas | Assertion-Reason]
Assertion (A): Aihole is described as the cradle of Indian temple architecture.

Reason (R): Several experimental forms of temples, such as apsidal, flat-roofed and early Nagara and Dravida types, were tried there.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q19. [Rashtrakutas | Direct] Manyakheta, the celebrated capital of the Rashtrakutas, is now known as Malkhed in which district?

- (a) Raichur
- (b) Kalaburagi
- (c) Bidar
- (d) Yadgir

Q20. [Rashtrakutas | Direct] Kavirajamarga, the earliest surviving work on poetics in Kannada, was composed during the reign of

- (a) Krishna III
- (b) Dantidurga
- (c) Govinda III
- (d) Amoghavarsha I

Q21. [Rashtrakutas | Direct] The rock-cut Kailasa temple at Ellora was begun by the Rashtrakuta king

- (a) Dantidurga
- (b) Indra III
- (c) Amoghavarsha I
- (d) Krishna I

Q22. [Rashtrakutas | Direct] The Rashtrakuta king Krishna III defeated the Cholas at the Battle of Takkolam in

- (a) 1010 CE
- (b) 949 CE
- (c) 753 CE
- (d) 1118 CE

Q23. [Rashtrakutas | Statement (how many)] With reference to the Rashtrakutas, consider the following statements:

1. Their capital for much of the period was Manyakheta.
2. Amoghavarsha I was a patron of Kannada literature.
3. The Kailasa temple at Ellora was built under them.
4. They were overthrown by the Hoysalas.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q24. [Rashtrakutas | Direct] Who among the following is regarded as the Adikavi of Kannada and wrote Vikramarjunavijaya?

- (a) Ponna
- (b) Pampa
- (c) Janna
- (d) Ranna

Q25. [Rashtrakutas | Statement (which)] Regarding the Ratnatraya (three jewels) of old Kannada literature, consider the following statements:

1. Ranna wrote Gadayuddha.
2. Ponna wrote Shantipurana.
3. Ponna wrote Vikramarjunavijaya.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q26. [Rashtrakutas | Match the following] Match the poet with the work.

List I	List II
A. Pampa	1. Yashodhara Charite
B. Ponna	2. Vikramarjunavijaya
C. Ranna	3. Gadayuddha
D. Janna	4. Shantipurana

- (a) A-2, B-1, C-3, D-4
- (b) A-2, B-1, C-4, D-3
- (c) A-4, B-2, C-3, D-1
- (d) A-2, B-4, C-3, D-1

Q27. [KalyaniChalukyas | Direct] Kalyani, the capital of the Later (Western) Chalukyas, is the present-day

- (a) Hubballi
- (b) Badami
- (c) Basavakalyan
- (d) Aihole

Q28. [KalyaniChalukyas | Direct] Vikramaditya VI of the Later Chalukyas started a new era called

- (a) The Gupta era (319 CE)
- (b) The Hijri era (622 CE)
- (c) The Saka era (78 CE)
- (d) The Chalukya-Vikrama era (1076 CE)

Q29. [KalyaniChalukyas | Match the following] Match the work with its author or subject.

List I	List II
A. Mitakshara	1. Chavundaraya
B. Vikramankadevacharita	2. Bilhana
C. Manasollasa	3. Someshvara III
D. Chavundaraya Purana	4. Vijnaneshwara

- (a) A-3, B-2, C-1, D-4
- (b) A-4, B-2, C-3, D-1
- (c) A-1, B-2, C-4, D-3
- (d) A-3, B-2, C-4, D-1

Q30. [KalyaniChalukyas | Direct] The Mahadeva temple at Itagi, praised as the 'emperor among temples', is in which district?

- (a) Dharwad
- (b) Haveri
- (c) Gadag
- (d) Koppal

Q31. [KalyaniChalukyas | Direct] Lakkundi, known for its Kashivishweshwara temple and ornate stepped well, is in which district?

- (a) Dharwad
- (b) Koppal
- (c) Gadag
- (d) Haveri

Q32. [Sharana | Statement (how many)] With reference to Basavanna (Basaveshwara), consider the following statements:

1. He served as a minister under the Kalachuri king Bijjala at Kalyana.
2. He is credited with the Anubhava Mantapa.
3. His ankita (signature) was Kudalasangamadeva.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q33. [Sharana | Match the following] Match the Vachanakara with the ankita.

List I	List II
A. Basavanna	1. Guheshwara
B. Allama Prabhu	2. Kudalasangamadeva
C. Akka Mahadevi	3. Kapilasiddhamallikarjuna
D. Siddharama	4. Chennamallikarjuna

- (a) A-4, B-2, C-1, D-3
- (b) A-2, B-1, C-4, D-3
- (c) A-2, B-4, C-1, D-3
- (d) A-1, B-2, C-4, D-3

Q34. [Sharana | Direct] Akka Mahadevi, the woman Vachanakara, was born at

- (a) Sosevur
- (b) Udutadi
- (c) Basavakalyan
- (d) Hampi

Q35. [Sharana | Assertion-Reason]
Assertion (A): Vachana literature is considered a social reform movement as much as a literary one.

Reason (R): Vachanas were written in simple Kannada and criticised caste distinctions and ritualism.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q36. [Sharana | Direct] Which Sharana is traditionally said to have presided over the Anubhava Mantapa as Shunya Peethadhyaksha?

- (a) Basavanna
- (b) Siddharama
- (c) Channabasavanna
- (d) Allama Prabhu

Q37. [Hoysalas | Direct] The Chennakeshava temple at Belur was built by Vishnuvardhana to commemorate his victory over the Cholas at

- (a) Takkolam
- (b) Tanjore
- (c) Talakadu
- (d) Madurai

Q38. [Hoysalas | Statement (how many)] With reference to the Hoysala temples, consider the following statements:

1. They were largely built using soapstone (chloritic schist).
2. Many shrines stand on a star-shaped (stellate) platform.
3. The Hoysaleswara temple at Halebidu is a double-shrine temple dedicated to Shiva.
4. The Keshava temple at Somanathapura has a single shrine.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q39. [Hoysalas | Direct] The Sacred Ensembles of the Hoysalas inscribed on the UNESCO World Heritage List in 2023 comprise the temples at

- (a) Belur, Halebidu and Hampi
- (b) Belur, Halebidu and Somanathapura
- (c) Belur, Aihole and Somanathapura
- (d) Halebidu, Somanathapura and Pattadakal

Q40. [Hoysalas | Direct] Dwarasamudra, the later capital of the Hoysalas, is the present-day

- (a) Talakadu
- (b) Somanathapura
- (c) Halebidu
- (d) Belur

Q41. [Hoysalas | Direct] The Keshava temple at Somanathapura was built in 1258 CE by Somanatha, a commander (dandanayaka) of the Hoysala king

- (a) Veera Ballala III
- (b) Veera Ballala II
- (c) Vishnuvardhana
- (d) Narasimha III

Q42. [Hoysalas | Direct] The last great Hoysala ruler Veera Ballala III died around 1342 CE while fighting

- (a) The Bahmani Sultanate
- (b) The Madurai Sultanate
- (c) The Cholas
- (d) The Delhi Sultanate under Alauddin Khalji

Q43. [Hoysalas | Match the following] Match the Kannada poet of the Hoysala age with the work.

List I	List II
A. Janna	1. Harishchandra Kavya
B. Raghavanka	2. Girijakalyana
C. Harihara	3. Kabbigara Kava
D. Andayya	4. Yashodhara Charite

- (a) A-4, B-3, C-2, D-1
- (b) A-2, B-1, C-4, D-3
- (c) A-4, B-2, C-3, D-1

- (d) A-4, B-1, C-2, D-3

Q44. [Hoysalas | Assertion-Reason]
Assertion (A): The Hoysala sculptures are famous for their fine, almost lace-like detail.

Reason (R): Soapstone is soft when freshly quarried and easy to carve intricately.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q45. [Hoysalas | Direct] Sosevur (Angadi), associated with the legend of Sala, the legendary founder of the Hoysalas, lies in which district?

- (a) Mysuru
- (b) Hassan
- (c) Chikkamagaluru
- (d) Shivamogga

Q46. [Vijayanagara | Direct] The Vijayanagara Empire was founded in 1336 CE by

- (a) Krishnadevaraya and Achyutadevaraya
- (b) Saluva Narasimha and Vira Narasimha
- (c) Harihara I and Bukka I
- (d) Devaraya I and II

Q47. [Vijayanagara | Chronology] Arrange the dynasties of the Vijayanagara Empire in the order of their rule, earliest first.

A. Sangama
B. Aravidu
C. Tuluva
D. Saluva

- (a) D - B - C - A
- (b) A - D - C - B
- (c) C - B - D - A
- (d) D - A - C - B

Q48. [Vijayanagara | Direct] The Vijayanagara Empire collapsed after the defeat of Aliya Rama Raya at the Battle of Talikota (Rakshasa-Tangadi) in

- (a) 1600 CE
- (b) 1556 CE
- (c) 1526 CE

4. He ruled from Penukonda after the fall of Hampi.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q50. [Vijayanagara | Match the following] Match the foreign visitor with the description.

List I	List II
A. Abdur Razzaq	1. Italian (Venetian) traveller of the early 1400s
B. Domingo Paes	2. Envoy from Herat (Timurid court)
C. Nicolo Conti	3. Portuguese traveller who visited under Krishnadevaraya
D. Fernao Nuniz	4. Portuguese chronicler who visited under Achyutadevaraya

- (a) A-3, B-4, C-1, D-2
- (b) A-1, B-2, C-3, D-4
- (c) A-2, B-3, C-1, D-4
- (d) A-4, B-3, C-1, D-2

Q51. [Vijayanagara | Direct] Which Vijayanagara ruler was visited by the Persian envoy Abdur Razzaq in 1443?

- (a) Achyutadevaraya
- (b) Krishnadevaraya
- (c) Bukka I
- (d) Devaraya II

Q52. [Vijayanagara | Statement (which)] Regarding Hampi, the capital of Vijayanagara, consider the following statements:

1. It was declared a UNESCO World Heritage Site in 1986.
2. The stone chariot is in the Vittala temple complex.
3. It is located on the banks of the Malaprabha river.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q53. [Vijayanagara | Match the following] Match the Hampi monument with its description.

List I	List II
A. Stone chariot	1. Platform for the Dasara festivities
B. Hazara Rama temple	2. Indo-Islamic pavilion in the Zenana enclosure
C. Mahanavami Dibba	3. Ramayana panels on its walls
D. Lotus Mahal	4. Vittala temple complex

- (a) A-4, B-2, C-3, D-1
- (b) A-4, B-3, C-1, D-2
- (c) A-3, B-2, C-1, D-4
- (d) A-3, B-1, C-4, D-2

Q54. [Vijayanagara | Direct] The Amara-Nayaka system of Vijayanagara refers to

- (a) Foreign merchants granted trading rights

Assertion (A): Vijayanagara Empire's decline began after 1565 CE.

Reason (R): The Battle of Talikota led to the sack of Hampi by the Deccan Sultanates.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false

- (d) A is false but R is true

Q56. [Haridasa | Direct] Which Haridasa is called the Pitamaha (Father) of Carnatic music and signed his songs as Purandara Vittala?

- (a) Vyasaraya
- (b) Vadiraja
- (c) Kanakadasa
- (d) Purandaradasa

Q57. [Haridasa | Match the following] Match the Haridasa with the ankita or work.

List I	List II
A. Purandaradasa	1. Kaginele Adikeshava
B. Kanakadasa	2. Harikathamrutasara
C. Vijayadasa	3. Vijaya Vittala
D. Jagannathadasa	4. Purandara Vittala

- (a) A-2, B-1, C-3, D-4
- (b) A-4, B-1, C-3, D-2
- (c) A-1, B-3, C-4, D-2
- (d) A-3, B-4, C-1, D-2

Q58. [Haridasa | Statement (which)] With reference to Kanakadasa, consider the following statements:

1. He belonged to the Kuruba community.
2. His ankita was Kaginele Adikeshava.
3. He was the spiritual guru of Krishnadevaraya.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q59. [Haridasa | Direct] Kumara Vyasa, the author of the Kannada Mahabharata Karnata Bharata Kathamanjari, is associated with the temple of Veeranarayana at

- (a) Gadag
- (b) Udupi
- (c) Belur
- (d) Hampi

Q60. [Bahmani | Direct] The Bahmani Sultanate was founded in 1347 CE by

- (a) Alauddin Hasan Bahman Shah
- (b) Muhammad bin Tughluq
- (c) Ahmad Shah Wali
- (d) Mahmud Gawan

Q61. [Bahmani | Direct] Which Bahmani king shifted the capital from Gulbarga to Bidar?

- (a) Muhammad Shah III
- (b) Humayun Shah
- (c) Alauddin Hasan Bahman Shah
- (d) Ahmad Shah I Wali

- (d) Operation Polo in September 1948

Q105. [Culture | Direct] Which Karnataka writer received the first Jnanpith Award in Kannada (1967) for Sri Ramayana Darshanam?

- (a) Shivaram Karanth
- (b) Kuvempu
- (c) Masti Venkatesha Iyengar
- (d) D. R. Bendre

Q106. [Culture | Match the following] Match the Jnanpith awardee with the year of the award.

List I	List II
A. D. R. Bendre	1. 1973
B. Shivaram Karanth	2. 1983
C. Masti Venkatesha Iyengar	3. 1990
D. V. K. Gokak	4. 1977

- (a) A-1, B-4, C-2, D-3
- (b) A-4, B-2, C-1, D-3
- (c) A-3, B-4, C-1, D-2
- (d) A-1, B-2, C-3, D-4

Q107. [Culture | Direct] The Jnanpith Award has been conferred on Kannada writers a total of how many times?

- (a) Ten
- (b) Five
- (c) Eight
- (d) Seven

Q108. [Culture | Statement (how many)] With reference to the state symbols of Karnataka, consider the following statements:

1. The state anthem is 'Jaya Bharata Jananiya Tanujate' by Kuvempu.
2. The state animal is the Asian elephant.
3. The state bird is the Indian roller.
4. The state flower is the sunflower.

How many of the above statements are correct?

- (a) Only one
- (b) Only two

- (c) Only three
- (d) All four

Q109. [Culture | Direct] The two-headed bird Gandaberunda is best known as

- (a) The flag of Kadambas
- (b) The emblem of the Hoysalas
- (c) The coat of arms of Vijayanagara

- (d) Chikkadevaraja Wodeyar

Q111. [Culture | Statement (which)] With reference to the Mysuru Dasara, consider the following statements:

1. It is the state festival (Nada Habba) of Karnataka.
2. The Jamboo Savari procession carries the idol of goddess Chamundeshwari on an elephant.
3. The festival lasts for fifteen days.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q112. [Culture | Match the following] Match the Karnataka art form with its description.

List I	List II
A. Yakshagana	1. Coastal Karnataka dance-drama with Tenkutittu and Badagutittu styles
B. Dollu Kunitha	2. Drum dance associated with the Kuruba community
C. Karaga	3. Traditional buffalo race of coastal Karnataka
D. Kambala	4. Bengaluru festival linked to the Draupadi cult

- (a) A-1, B-4, C-2, D-3
- (b) A-4, B-2, C-3, D-1
- (c) A-3, B-2, C-1, D-4
- (d) A-1, B-2, C-4, D-3

Q113. [Culture | Direct] Which Karnataka scholar, known for his Mookajjiya Kanasugalu, also modernised Yakshagana as a dance form?

- (a) D. R. Bendre
- (b) Kuvempu
- (c) Shivaram Karanth
- (d) Masti Venkatesha Iyengar

Q114. [Culture | Direct] Which of the following Hindustani vocalists, honoured with the Bharat Ratna in 2008, hailed from Gadag in Karnataka?

- (a) Bhimsen Joshi
- (b) Gangubai Hangal
- (c) Mallikarjun Mansur
- (d) Kumar Gandharva

Q115. [Culture | Direct] Gangubai Hangal and Bhimsen Joshi, famous Hindustani vocalists from northern Karnataka, belonged to which gharana?

- (a) Gwalior

- (b) Jaipur-Atrauli
- (c) Agra
- (d) Kirana

Q116. [Culture | Direct] Which sage-philosopher is associated with the Dvaita philosophy and the Krishna Matha at Udupi?

- (a) Madhvacharya
- (b) Adi Shankaracharya
- (c) Ramanujacharya
- (d) Basavanna

Q117. [Culture | Match the following] Match the religious centre with the tradition.

List I	List II
A. Sringeri	1. Dvaita (Madhvacharya)
B. Melukote	2. Digambara Jainism
C. Shravanabelagola	3. Advaita (Sharada Peetha)
D. Udupi	4. Sri Vaishnava tradition of Ramanujacharya

- (a) A-1, B-4, C-2, D-3
- (b) A-2, B-3, C-4, D-1
- (c) A-3, B-4, C-2, D-1
- (d) A-2, B-4, C-3, D-1

Q118. [Culture | Direct] The statues of Bahubali at Karkala (1432 CE) and Venur are located in the district of

- (a) Tumakuru and Chitradurga
- (b) Udupi (Karkala) and Dakshina Kannada (Venur)
- (c) Hassan and Mysuru
- (d) Belagavi and Dharwad

Q119. [Culture | Direct] Moodabidri, known as the 'Jain Kashi' of the south and famed for the Savira Kambada Basadi, is in which district?

- (a) Hassan
- (b) Dakshina Kannada
- (c) Udupi
- (d) Uttara Kannada

Q120. [Culture | Direct] Mysuru Palace (Amba Vilas), the present palace in Indo-Saracenic style, was designed by the British architect

- (a) Robert Chisholm
- (b) Edwin Lutyens
- (c) Herbert Baker
- (d) Henry Irwin

Q121. [Culture | Direct] The Vidhana Soudha in Bengaluru, built in the Neo-Dravidian style, was conceived under the chief ministership of

- (a) Kengal Hanumanthaiah
- (b) Kadidal Manjappa
- (c) S. Nijalingappa
- (d) K. Chengalaraya Reddy

Q122. [Culture | Statement (which)] Regarding geographical indications (GI) from Karnataka, consider the following statements:

1. Channapatna toys are GI-tagged.
2. Bidriware has a GI tag.
3. Mysore silk has a GI tag.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q123. [Culture | Match the following] Match the GI product with its place.

List I	List II
A. Channapatna toys	1. Koppal district
B. Ilkal sarees	2. Bagalkot district
C. Navalgund durries	3. Dharwad district
D. Kinhal toys	4. Bengaluru South district (formerly Ramanagara)

- (a) A-4, B-1, C-2, D-3
- (b) A-2, B-1, C-3, D-4
- (c) A-4, B-2, C-3, D-1
- (d) A-4, B-2, C-1, D-3

Q124. [Culture | Direct] Pattadakal Nritya Utsav, Hampi Utsav and Kittur Utsav are examples of

- (a) Harvest festivals of the Western Ghats
- (b) Religious Jain festivals
- (c) Government-sponsored cultural festivals of Karnataka
- (d) Festivals declared by UNESCO

Q125. [Culture | Direct] The state anthem of Karnataka was adopted in 2004. Who was the poet?

- (a) G. S. Shivarudrappa
- (b) D. R. Bendre
- (c) Chandrashekhara Kambara
- (d) Kuvempu

Q126. [Culture | Direct] Kannada was granted the status of a Classical Language by the Government of India in

- (a) 2013
- (b) 2008
- (c) 1956
- (d) 2004

Q127. [Culture | Statement (which)] With reference to Karnataka's UNESCO World Heritage Sites, consider the following statements:

1. Hampi was inscribed in 1986.
2. Pattadakal was inscribed in 1987.
3. The Western Ghats was inscribed in 2012 as a serial site spanning several states.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q128. [Culture | Direct] The Western Ghats, partly in Karnataka, was inscribed on the UNESCO World Heritage List in which year?

- (a) 2012
- (b) 2016
- (c) 2007
- (d) 1999

Q129. [Culture | Direct] The Kadamba Shikhara, a pyramidal tower over the sanctum, is associated with which dynasty's architecture?

- (a) Rashtrakutas
- (b) Kadambas of Banavasi
- (c) Vijayanagara
- (d) Hoysalas

Q130. [Culture | Assertion-Reason]
Assertion (A): Vesara is called a distinct style that blends Nagara and Dravida features.

Reason (R): Chalukyan architecture in the Deccan combined features of both northern and southern temple types.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q131. [Culture | Direct] Which Kannada literary work by Kuvempu retells the Ramayana in modern epic form?

- (a) Naaku Tanti
- (b) Jaimini Bharata
- (c) Mookajjiya Kanasugalu
- (d) Sri Ramayana Darshanam

Q132. [Culture | Direct] Which Kannada novel of U. R. Ananthamurthy, made into a 1970 film, is set in an agrahara and examines orthodoxy?

- (a) Samskara
- (b) Chomana Dudi
- (c) Bettada Jeeva
- (d) Marali Mannige

Q133. [Early | Statement (how many)] With reference to Ashoka's edicts found in Karnataka, consider the following statements:

1. The Maski edict names the ruler as Ashoka along with Devanampiya Piyadasi.
2. Brahmagiri, Siddapura and Jatinga-Rameshwara edicts mention a place called Isila.
3. The Maski, Brahmagiri and Siddapura edicts are Major Rock Edicts.

How many of the above statements are correct?

- (a) None
- (b) Only one
- (c) Only two
- (d) All three

Q134. [Early | Match the following] Match the prehistoric or early historic site with its district.

List I	List II
A. Brahmagiri	1. Ballari
B. Sanganakallu	2. Haveri
C. Maski	3. Chitradurga
D. Hallur	4. Raichur

- (a) A-2, B-3, C-4, D-1
- (b) A-1, B-2, C-4, D-3
- (c) A-3, B-1, C-4, D-2
- (d) A-1, B-4, C-3, D-2

Q135. [Early | Statement (which)] Regarding the Kanaganahalli-Sannati site in Kalaburagi district, consider the following statements:

1. It has a Buddhist stupa with Mauryan-Satavahana associations.
2. A sculpture there is identified as a portrait of Ashoka.
3. It is a Hoysala temple site.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q136. [Early | Chronology] Arrange the following in chronological order.

A. Dantidurga's rise as Rashtrakuta ruler
B. Tailapa II restores the Chalukya power
C. Foundation of Vijayanagara
D. Aihole inscription of Ravikirti

- (a) D - A - B - C
- (b) C - B - D - A
- (c) C - D - B - A
- (d) B - A - D - C

Q137. [Early | Chronology] Arrange the following in chronological order.

A. Fall of Vijayanagara at Talikota
B. Death of Tipu Sultan
C. Bengaluru passes to the Wodeyars
D. Raja Wodeyar takes Srirangapatna

- (a) D - B - C - A
- (b) B - D - C - A
- (c) C - D - B - A
- (d) A - D - C - B

Q138. [Early | Chronology] Arrange the following in chronological order.

A. Surapura Venkatappa Nayaka's rising
B. Amara Sullia revolt
C. Mysore Representative Assembly set up
D. Rani Chennamma's first defeat of the British at Kittur

- (a) D - B - C - A
- (b) D - B - A - C
- (c) A - C - B - D
- (d) B - D - A - C

Q139. [Early | Assertion-Reason]
Assertion (A): The Aihole inscription is a prime source for the reign of Pulakeshin II.

Reason (R): It was composed by Ravikirti, a poet at his court, who records his victory over Harsha.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q140. [Early | Assertion-Reason]
Assertion (A): Hampi was abandoned and plundered after 1565.

Reason (R): The Deccan sultanates' combined armies defeated Vijayanagara at the Battle of Talikota.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q141. [Early | Assertion-Reason]
Assertion (A): According to tradition, the Hoysala king Bittideva took the name Vishnuvardhana.

Reason (R): According to tradition, he came under the influence of Ramanujacharya.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q142. [Early | Statement (which)] About Chamundaraya and the Western Gangas, consider the following statements:

1. Chamundaraya was a minister of the Ganga king Rachamalla IV.
2. The Gommateshwara monolith at Shravanabelagola was commissioned by him around 981 CE.
3. He was a minister of the Kadamba king Mayurasharma.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q143. [Early | Statement (how many)] Regarding the Hoysalas and religion in Karnataka, consider the following statements:

1. Shravanabelagola had royal support from the Gangas and Hoysalas.
2. Chennakeshava temple at Belur was built by Vishnuvardhana.
3. The temples of Belur and Halebidu are built mostly of granite.

How many of the above statements are correct?

- (a) None
- (b) Only one
- (c) Only two
- (d) All three

Q144. [Early | Statement (how many)] Regarding Basavanna, consider the following statements:

1. He served as a minister under the Kalachuri king Bijjala.
2. He composed vachanas in Kannada.
3. He served under the Chalukyan king Vikramaditya VI as his only minister.

How many of the above statements are correct?

- (a) None
- (b) Only one
- (c) Only two
- (d) All three

Q145. [Early | Match the following] Match the poet with his or her work.

List I	List II
A. Pampa	1. Gadayuddha
B. Ponna	2. Shantipurana

List I	List II
C. Ranna	3. Vikramarjuna Vijaya
D. Shivakotyacharya	4. Vaddaradhane

- (a) A-3, B-4, C-2, D-1
- (b) A-1, B-3, C-2, D-4
- (c) A-3, B-2, C-1, D-4
- (d) A-3, B-2, C-4, D-1

Q146. [Early | Match the following] Match the Haridasa with his signature (ankita).

List I	List II
A. Purandaradasa	1. Vijaya Vittala
B. Kanakadasa	2. Purandara Vittala
C. Vijayadasa	3. Gopala Vittala
D. Gopaladasa	4. Kaginele Adikeshava

- (a) A-2, B-1, C-4, D-3
- (b) A-2, B-4, C-1, D-3
- (c) A-3, B-2, C-1, D-4
- (d) A-2, B-4, C-3, D-1

Q147. [Kodagu | Statement (how many)] About Kodagu (Coorg), consider the following statements:

1. It was annexed by the British in 1834 after the deposition of Chikka Vira Rajendra.
2. It became a Part C state after 1950.
3. The Kaveri originates at Talakaveri in this region.

How many of the above statements are correct?

- (a) None
- (b) Only one
- (c) Only two
- (d) All three

Q148. [Unif | Statement (how many)] With reference to the unification of Karnataka, consider the following statements:

1. The State of Mysore was renamed Karnataka on 1 November 1973.
2. Kodagu was merged into the enlarged Mysore State in 1956.
3. Bellary district was transferred from Madras State to Mysore in 1953.

How many of the above statements are correct?

- (a) None
- (b) Only one
- (c) Only two
- (d) All three

Q149. [Unif | Statement (which)] With reference to the States Reorganisation Commission (1953-55), consider the following statements:

1. It was headed by Fazl Ali.
2. Its report was submitted in 1955.
3. Its members were Fazl Ali, K. M. Panikkar and H. N. Kunzru.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q150. [Unif | Statement (which)] With reference to the Hyderabad-Karnataka region (historically under the Nizam), consider the following statements:

1. Integrated into India after Operation Polo in September 1948.
2. Later merged into Mysore State in 1956.
3. Renamed Kalyana Karnataka in 2019.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q151. [Tipu | Statement (how many)] With reference to Tipu Sultan, consider the following statements:

1. He introduced a new calendar called Mauludi.
2. He died on 4 May 1799 defending Srirangapatna.
3. He was killed during the Third Anglo-Mysore War.

How many of the above statements are correct?

- (a) None
- (b) Only one
- (c) Only two
- (d) All three

Q152. [Wodeyar | Assertion-Reason]
Assertion (A): Chikkadevaraja Wodeyar is remembered for administrative reforms, including Attara Kacheri.

Reason (R): Attara Kacheri was a set of eighteen departments created in his reign.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q153. [Wodeyar | Statement (how many)] With reference to the Mysore Wodeyars, consider the following statements:

1. Raja Wodeyar I took Srirangapatna in 1610.
2. Krishnaraja Wodeyar III was restored by the British in 1881.
3. Krishnaraja Wodeyar IV was known as Rajarshi.

How many of the above statements are correct?

- (a) None
- (b) Only one
- (c) Only two
- (d) All three

Answer key with explanations and sources

Q	Ans	Tag	Explanation	Sources	Status
1	(b) Banavasi	Kadambas	Banavasi (Uttara Kannada district). Remember it like: Banavasi = 'forest-dweller' town, where the Kannada story officially starts.	Karnataka State Gazetteer / standard Karnataka history text, ch. Kadambas; Karnataka State Gazetteer, Dept of Gazetteers, Govt of Karnataka, Uttara Kannada	R
2		Kadambas	Mayurasharma (c. 345 CE). Remember it like: Mayura = peacock, the first colourful bird of	Karnataka State Gazetteer / standard Karnataka history	V1

Q	Ans	Tag	Explanation	Sources	Status
	(b) Mayurasharma		Kannada royalty. Kakusthavarma was his famed descendant.	text, ch. Kadambas; https://en.wikipedia.org/wiki/Mayurasharma	
3	(a) 1 and 2 only	Kadambas	It is the earliest known inscription in the Kannada language, not Sanskrit. Remember it like: Halmidi = Hassan's hall of fame for Kannada. Some epigraphists (G. S. Gai, D. C. Sircar) date it nearer 500 CE; the textbook date is about 450 CE.	https://en.wikipedia.org/wiki/Halmidi_inscription; https://nesarjournal.org/articles/gai-halmidi	V1
4	(b) Mysuru	Gangas	T. Narasipura taluk, Mysuru district. The earlier Ganga capital was Kolar (Kuvalala). Remember it like: Gangas on the Cauvery, a lovely mix-up that examiners adore.	Karnataka State Gazetteer, Dept of Gazetteers, Govt of Karnataka, Mysore district; Karnataka State Gazetteer / standard Karnataka history text, ch. Gangas	R
5	(b) Rachamalla Satyavakya IV	Gangas	Chavundaraya (Chamundaraya) served the Ganga kings Marasimha II and Rachamalla IV, and the statue is about 57 feet high. Remember it like: the Ganga kings were the clients, Chavundaraya was the contractor.	Karnataka State Gazetteer / standard Karnataka history text, ch. Gangas; Archaeological Survey of India (asi.nic.in)	R
6	(b) Chavundaraya Purana	Gangas	Chavundaraya Purana (978 CE) is in Kannada. Kavirajamarga belongs to the Rashtrakuta period; the other two are by Pampa and Ponna.	Karnataka State Gazetteer / standard Karnataka history text, ch. Gangas	R
7	(c) A is true but R is false	Gangas	A is true. R is false: the monolith was commissioned by Chamundaraya, minister of the Ganga king Rachamalla IV, around 981 CE. (The Mahamastakabhisheka was last held in 2018.)	Archaeological Survey of India (asi.nic.in); Government of Karnataka (karnataka.gov.in), Karnataka tourism	R
8	(d) A-4, B-2, C-1, D-3	Kadambas	Remember it like: B-T-V-M. Banavasi, Talakadu, Vatapi, Manyakheta.	Karnataka State Gazetteer / standard Karnataka history text; Karnataka State Gazetteer, Dept of Gazetteers, Govt of Karnataka	R
9	(b) Pulakeshi II	BadamiChalukyas	Pulakeshi II (610-642 CE). It speaks of his victory over Harshavardhana. Remember it like: Aihole = his highlight reel, authored by his PR man Ravikirti.	Karnataka State Gazetteer / standard Karnataka history text, ch. Chalukyas; Archaeological Survey of India (asi.nic.in); https://en.wikipedia.org/wiki/Aihole_inscription	V1
10	(b) Narmada	BadamiChalukyas	Narmada. This is the usual dividing line between North and the Deccan in textbook narratives.	Karnataka State Gazetteer / standard Karnataka history text, ch. Chalukyas; Bipin Chandra, India's Struggle for Independence; https://en.wikipedia.org/wiki/Pulakeshin_II	V1
11	(d) Narasimhavarman I	BadamiChalukyas	Narasimhavarman I (Mamalla). Mahendravarman I was beaten by Pulakeshi II earlier, so the Pallavas took revenge. Remember it like: the second Pallava round decided the match.	Karnataka State Gazetteer / standard Karnataka history text, ch. Chalukyas	R
12	(b) Vikramaditya II	BadamiChalukyas	Vikramaditya II, who captured Kanchi. It is a Dravida-style temple and an anniversary gift on a royal scale.	Karnataka State Gazetteer / standard Karnataka history text, ch. Chalukyas; UNESCO World Heritage List (whc.unesco.org), Pattadakal	R
13	(a) 1 and 2 only	BadamiChalukyas	Pattadakal is on the Malaprabha in Bagalkot district. Remember it like: Malaprabha for Pattadakal, Tungabhadra for Hampi.	UNESCO World Heritage List (whc.unesco.org), Pattadakal;	R

Q	Ans	Tag	Explanation	Sources	Status
				Archaeological Survey of India (asi.nic.in)	
14	(d) Four	BadamiChalukyas	Four: Cave 1 is Shaiva, Caves 2 and 3 are Vaishnava, Cave 4 is Jain.	Archaeological Survey of India (asi.nic.in); Karnataka State Gazetteer / standard Karnataka history text, ch. Chalukyas	R
15	(c) Only three	BadamiChalukyas	Aihole is on the Malaprabha in Bagalkot district. Three statements are correct. Remember it like: if a temple style was ever tried, it was tried at Aihole first.	Archaeological Survey of India (asi.nic.in); Karnataka State Gazetteer / standard Karnataka history text, ch. Chalukyas	R
16	(d) Bagalkot	BadamiChalukyas	Bagalkot district, on the Malaprabha basin.	Karnataka State Gazetteer, Dept of Gazetteers, Govt of Karnataka, Bagalkot	R
17	(b) D - A - C - B	BadamiChalukyas	Harsha defeat (c. 618-619), Aihole inscription (634), Pulakeshi II killed (c. 642), Rashtrakuta takeover (c. 753).	Karnataka State Gazetteer / standard Karnataka history text, ch. Chalukyas	R
18	(a) Both A and R are true and R is the correct explanation of A	BadamiChalukyas	Both true and the reason explains the assertion: Aihole has over a hundred temples from the early experimental phase.	Archaeological Survey of India (asi.nic.in)	R
19	(b) Kalaburagi	Rashtrakutas	Malkhed is on the Kagina river in Sedam taluk of Kalaburagi district. Amoghavarsha I is credited with moving the capital there from Mayurkhandi.	Karnataka State Gazetteer / standard Karnataka history text, ch. Rashtrakutas; Karnataka State Gazetteer, Dept of Gazetteers, Govt of Karnataka, Kalaburagi; https://en.wikipedia.org/wiki/Manyakheta	V1
20	(d) Amoghavarsha I	Rashtrakutas	Amoghavarsha I (c. 814-878 CE), traditionally credited as author or patron with the court poet Srivijaya. 111	(a) 1 and 2 only	Culture	Dasara is celebrated over ten days (nine nights of Navaratri plus Vijayadashami), not fifteen. Remember it like: ten heads of Ravana, ten days of Dasara.	Government of Karnataka (karnataka.gov.in), Mysuru Dasara	R
112	(d) A-1, B-2, C-4, D-3	Culture	Remember it like: Yaksha = stage, Dollu = drums, Karaga = pots, Kambala = buffaloes.	Government of Karnataka (karnataka.gov.in), Karnataka culture; Karnataka Textbook Society textbook	R
113	(c) Shivaram Karanth	Culture	Shivaram Karanth, a Jnanpith winner (1977), designed Yakshagana Bayalata experiments and wrote Mookajjiya Kanasugalu. Remember it like: the man had a novel in one hand and a stage in the other.	Karnataka State Gazetteer / standard Karnataka history text, ch. Literature; https://en.wikipedia.org/wiki/K._Shivaram_Karanth	V1
114	(a) Bhimsen Joshi	Culture	Pandit Bhimsen Joshi, born at Gadag in 1922. Gangubai Hangal and Mallikarjun Mansur also belonged to the Dharwad region.	Press Information Bureau (pib.gov.in), Bharat Ratna 2008; https://en.wikipedia.org/wiki/Bhimsen_Joshi	V1
115	(d) Kirana	Culture	Both were of the Kirana gharana, linked to the Dharwad-Hubballi region.	Press Information Bureau (pib.gov.in); Karnataka State Gazetteer / standard Karnataka history text, ch. Culture; https://en.wikipedia.org/wiki/Kirana_gharana	V1
116	(a) Madhvacharya	Culture	Madhvacharya (13th century), founder of Dvaita; Udupi has eight maths (Ashta Mathas). Remember it like: M for Madhva, M for Matha, M for Udupi's mathematically perfect eight.	Karnataka State Gazetteer / standard Karnataka history text, ch. Religion; Karnataka State Gazetteer, Dept of Gazetteers, Govt of Karnataka, Udupi; https://en.wikipedia.org/wiki/Madhvacharya	V1
117	(c) A-3, B-4, C-2, D-1	Culture	Remember it like: S-M-S-U, 'Several Mystics Settled Up'. Peak fact: Adi Shankara established the Sringeri peetha on the Tunga river.	Karnataka State Gazetteer / standard Karnataka history text, ch. Religion; Karnataka State Gazetteer, Dept of Gazetteers, Govt of Karnataka	R
118	(b) Udupi (Karkala) and Dakshina Kannada (Venur)	Culture	Karkala (Udupi district) has a 42-foot statue; Venur (Dakshina Kannada) has a 35-foot statue built in 1604. Remember it like: Bahubali statues form a coastal trio: Karkala, Venur, Dharmasthala.	Karnataka State Gazetteer, Dept of Gazetteers, Govt of Karnataka, Udupi; Karnataka State Gazetteer, Dept of Gazetteers, Govt of Karnataka, Dakshina Kannada	R
119		Culture			V1

Q	Ans	Tag	Explanation	Sources	Status
	(b) Dakshina Kannada		Moodabidri (Mudbidri) is in Dakshina Kannada, with eighteen Jain basadis. Remember it like: Moodabidri = Mood for a Jain pilgrimage.	Karnataka State Gazetteer, Dept of Gazetteers, Govt of Karnataka, Dakshina Kannada; https://en.wikipedia.org/wiki/Moodabidri	
120	(d) Henry Irwin	Culture	Henry Irwin built the present palace (completed 1912) after a fire destroyed the old wooden palace in 1897. Remember it like: new palace, new style, no more wood.	Karnataka State Gazetteer, Dept of Gazetteers, Govt of Karnataka, Mysuru; Karnataka State Gazetteer / standard Karnataka history text; https://en.wikipedia.org/wiki/Mysore_Palace	V1
121	(a) Kengal Hanumanthaiah	Culture	Kengal Hanumanthaiah conceived the Soudha; it was completed in 1956. Remember it like: Hanumanthaiah said, 'Let it be grand, not just pretty'.	Government of Karnataka (karnataka.gov.in), Vidhana Soudha; Karnataka State Gazetteer / standard Karnataka history text	R
122	(d) 1, 2 and 3	Culture	All three have GI protection. Remember it like: toys, silver and silk, three GI winners from one state.	Government of Karnataka (karnataka.gov.in), GI Karnataka; Ministry of Statistics and Programme Implementation (mospi.gov.in)	R
123	(c) A-4, B-2, C-3, D-1	Culture	Remember it like: toys at Channapatna, sarees at Ilkal, durries at Navalgund, Kinhal painted wood.	Government of Karnataka (karnataka.gov.in), GI Karnataka	R
124	(c) Government-sponsored cultural festivals of Karnataka	Culture	Karnataka Tourism and the state government organise these utsavs. Hampi Utsav is typically held in November.	Government of Karnataka (karnataka.gov.in), Karnataka Tourism	R
125	(d) Kuvempu	Culture	Kuvempu wrote 'Jaya Bharata Jananiya Tanujate' (Nadageete). Remember it like: the song is Jai for India, Kuvempu is Karnataka's jewel.	Government of Karnataka (karnataka.gov.in), State anthem; https://en.wikipedia.org/wiki/Jaya_Bharata_Jananiya_Tanujate	V1
126	(b) 2008	Culture	October 2008, together with Telugu. Tamil (2004) and Sanskrit (2005) came first. Remember it like: 2004 Tamil, 2005 Sanskrit, 2008 Kannada and Telugu.	Press Information Bureau (pib.gov.in), Classical Language Kannada; https://en.wikipedia.org/wiki/Classical_language_of_India	V1
127	(d) 1, 2 and 3	Culture	All three are correct. With the Hoysala ensembles in 2023, Karnataka has four sites linked to it.	UNESCO World Heritage List (whc.unesco.org); Archaeological Survey of India (asi.nic.in)	R
128	(a) 2012	Culture	2012, as a serial site with clusters across Maharashtra, Karnataka, Tamil Nadu and Kerala.	UNESCO World Heritage List (whc.unesco.org), Western Ghats; https://en.wikipedia.org/wiki/Western_Ghats	V1
129	(b) Kadambas of Banavasi	Culture	It is a Kadamba contribution seen in the Madhukeshwara temple at Banavasi.	Karnataka State Gazetteer / standard Karnataka history text, ch. Kadambas; Archaeological Survey of India (asi.nic.in)	R
130	(a) Both A and R are true and R is the correct explanation of A	Culture	Both true and the reason explains the assertion. Remember it like: Vesara is the Karnataka fusion thali.	Archaeological Survey of India (asi.nic.in); Karnataka State Gazetteer / standard Karnataka history text	R

Q	Ans	Tag	Explanation	Sources	Status
131	(d) Sri Ramayana Darshanam	Culture	Sri Ramayana Darshanam earned Kuvempu the Jnanpith Award in 1967. Jaimini Bharata is by Lakshmisha.	Karnataka State Gazetteer / standard Karnataka history text, ch. Literature; https://en.wikipedia.org/wiki/Sri_Ramayana_Darshanam	V1
132	(a) Samskara	Culture	Samskara (1965). Remember it like: Samskara = culture, and the book questions its rigidity.	Karnataka State Gazetteer / standard Karnataka history text, ch. Literature	R
133	(c) Only two	Early	These three sites have Minor Rock Edicts. (Major Rock Edict fragments are known only from Sannati.) Remember it like: Karnataka got 'minor' edicts but a major fact, the name Ashoka at Maski.	Archaeological Survey of India (asi.nic.in); Karnataka State Gazetteer / standard Karnataka history text, ch. Early Karnataka	R
134	(c) A-3, B-1, C-4, D-2	Early	Remember it like: Brahmagiri Wheeler dig, Sanganakallu Neolithic mounds, Maski Chalcolithic and edict, Hallur iron age.	Archaeological Survey of India (asi.nic.in); Karnataka State Gazetteer / standard Karnataka history text, ch. Early Karnataka	R
135	(a) 1 and 2 only	Early	It is a Buddhist site; the Hoysala claim is false. Peak fact: Kanaganahalli stupa gave us a rare relief of Ashoka.	Archaeological Survey of India (asi.nic.in), Kanaganahalli; Karnataka State Gazetteer / standard Karnataka history text	R
136	(a) D - A - B - C	Early	Remember it like: 634, 753, 973, 1336. Pulakeshin, Dantidurga, Tailapa, Harihara-Bukka. Four faces, four eras.	Karnataka State Gazetteer / standard Karnataka history text; Bipin Chandra, India's Struggle for Independence	R
137	(d) A - D - C - B	Early	Remember it like: 1565 the end, 1610 the new start, 1687 the new city, 1799 the new rulers.	Karnataka State Gazetteer / standard Karnataka history text; Bipin Chandra, India's Struggle for Independence	R
138	(b) D - B - A - C	Early	Remember it like: 24, 37, 58, 81. Kittur first, then Sullia, then Surapura.	Karnataka State Gazetteer / standard Karnataka history text; Bipin Chandra, India's Struggle for Independence	R
139	(a) Both A and R are true and R is the correct explanation of A	Early	Both true: the court poet Ravikirti's praise-poem (634 CE) records the victory over Harsha, and that is why it matters. Remember it like: Ravikirti is the Chalukya's court journalist.	Archaeological Survey of India (asi.nic.in); Karnataka State Gazetteer / standard Karnataka history text	R
140	(a) Both A and R are true and R is the correct explanation of A	Early	Both true. Rama Raya fell and the capital was sacked. Remember it like: Talikota is the 'Rakkasa-Tangadi' of Kannada memory.	Karnataka State Gazetteer / standard Karnataka history text; Bipin Chandra, India's Struggle for Independence	R
141	(a) Both A and R are true and R is the correct explanation of A	Early	Both are the standard traditional account; the second is the traditional reason for the first. Peak fact: Ramanuja stayed at Melukote.	Karnataka State Gazetteer / standard Karnataka history text; Karnataka State Gazetteer, Dept of Gazetteers, Govt of Karnataka	R
142	(a) 1 and 2 only	Early	Mayurasharma was a Kadamba (4th century), not a contemporary of Chamundaraya (10th century). Remember it like: Chamundaraya, Ganga, Gomata.	Karnataka State Gazetteer / standard Karnataka history text, ch. Gangas; Archaeological Survey of India (asi.nic.in)	R
143	(c) Only two	Early	Hoysala temples used soapstone (chloritic schist) which is soft enough for fine carving. Two correct.	Archaeological Survey of India (asi.nic.in); UNESCO World Heritage List (whc.unesco.org), Hoysala	R

Q	Ans	Tag	Explanation	Sources	Status
144	(c) Only two	Early	Basavanna's career was with Bijjala (Kalachuri); the Chalukya claim is false. Remember it like: Basava's boss was Bijjala.	Karnataka State Gazetteer / standard Karnataka history text, ch. Bhakti	R
145	(c) A-3, B-2, C-1, D-4	Early	Remember it like: the 'Three Gems' of Kannada: Pampa, Ponna, Ranna (the Ratnatraya).	Karnataka State Gazetteer / standard Karnataka history text, ch. Literature; Karnataka Textbook Society textbook	R
146	(b) A-2, B-4, C-1, D-3	Early	Remember it like: each Haridasa signs his song with his god's name.	Karnataka State Gazetteer / standard Karnataka history text, ch. Bhakti	R
147	(d) All three	Kodagu	All three are correct. Remember it like: Kodagu came into the Mysore fold in 1956, with Cauvery as its calling card.	Karnataka State Gazetteer, Dept of Gazetteers, Govt of Karnataka, Kodagu; Karnataka State Gazetteer / standard Karnataka history text	R
148	(d) All three	Unif	All three. Bellary came in 1953 after Andhra State was carved from Madras. Remember it like: 1953, 1956, 1973, three steps to Karnataka.	Government of Karnataka (karnataka.gov.in); Karnataka State Gazetteer / standard Karnataka history text	R
149	(d) 1, 2 and 3	Unif	All correct. The SRC led to the States Reorganisation Act, 1956. Remember it like: F-P-K, Fazl, Panikkar, Kunzru.	PRS Legislative Research (prsindia.org); Karnataka State Gazetteer / standard Karnataka history text	R
150	(d) 1, 2 and 3	Unif	All three are correct. Remember it like: Polo 1948, merger 1956, rename 2019.	Karnataka State Gazetteer / standard Karnataka history text; Government of Karnataka (karnataka.gov.in)	R
151	(c) Only two	Tipu	He died in the Fourth Anglo-Mysore War (1799), not the Third (1790-92).	Karnataka State Gazetteer / standard Karnataka history text, ch. Mysore; Bipin Chandra, India's Struggle for Independence	R
152	(a) Both A and R are true and R is the correct explanation of A	Wodeyar	Both are standard textbook facts. Remember it like: 18 offices, 18 departments, 18 headaches.	Karnataka State Gazetteer / standard Karnataka history text, ch. Wodeyars	R
153	(c) Only two	Wodeyar	Krishnaraja Wodeyar III was deposed in 1831 (British Commission rule began) and died in 1868. The 1881 rendition was to Chamarajendra Wodeyar X, not KR III. Two correct.	Karnataka State Gazetteer / standard Karnataka history text, ch. Wodeyars; Bipin Chandra, India's Struggle for Independence	R

Recap: five things to carry into the hall

1. Order of dynasties: Kadamba and Ganga, Badami Chalukya, Rashtrakuta, Kalyani Chalukya, Hoysala, Vijayanagara, Wodeyar.
2. Vijayanagara: founded 1336 (Harihara and Bukka), fell at Talikota in 1565; Krishnadevaraya wrote Amuktamalyada in Telugu.
3. Mysore: Raja Wodeyar I took Srirangapatna (1610); Bengaluru came in 1687; Hyder and Tipu ruled 1761-99; Tipu fell in the Fourth War.
4. Freedom fighters of Karnataka: Chennamma (1824), Rayanna (1831), Amara Sullia (1837), Surapura (1858).
5. Unification: 1948, 1953, 1956, 1973; Jnanpith: eight Kannada winners.

Next up: Bank 3 is **Geography (India and Karnataka)**. Cliffhanger: which river tumbles over the Jog Falls, and which dam (hint: Linganamakki) holds it back?

Indian History Question Bank

Status: PREDICTED / PRACTICE questions written fresh for the KAS (KPSC Gazetted Probationers 2026-27) Prelims. Not copied from any past paper. Not leaked. Prepared 27-10-2026 IST.

Fresh practice questions on ancient, medieval, modern Indian history, freedom struggle and art and culture (Paper I).

161 questions. Marks: +2 right, -0.5 wrong (0.25 of the marks), 0 blank. Suggested time: 193 minutes at exam pace (72 seconds per question).

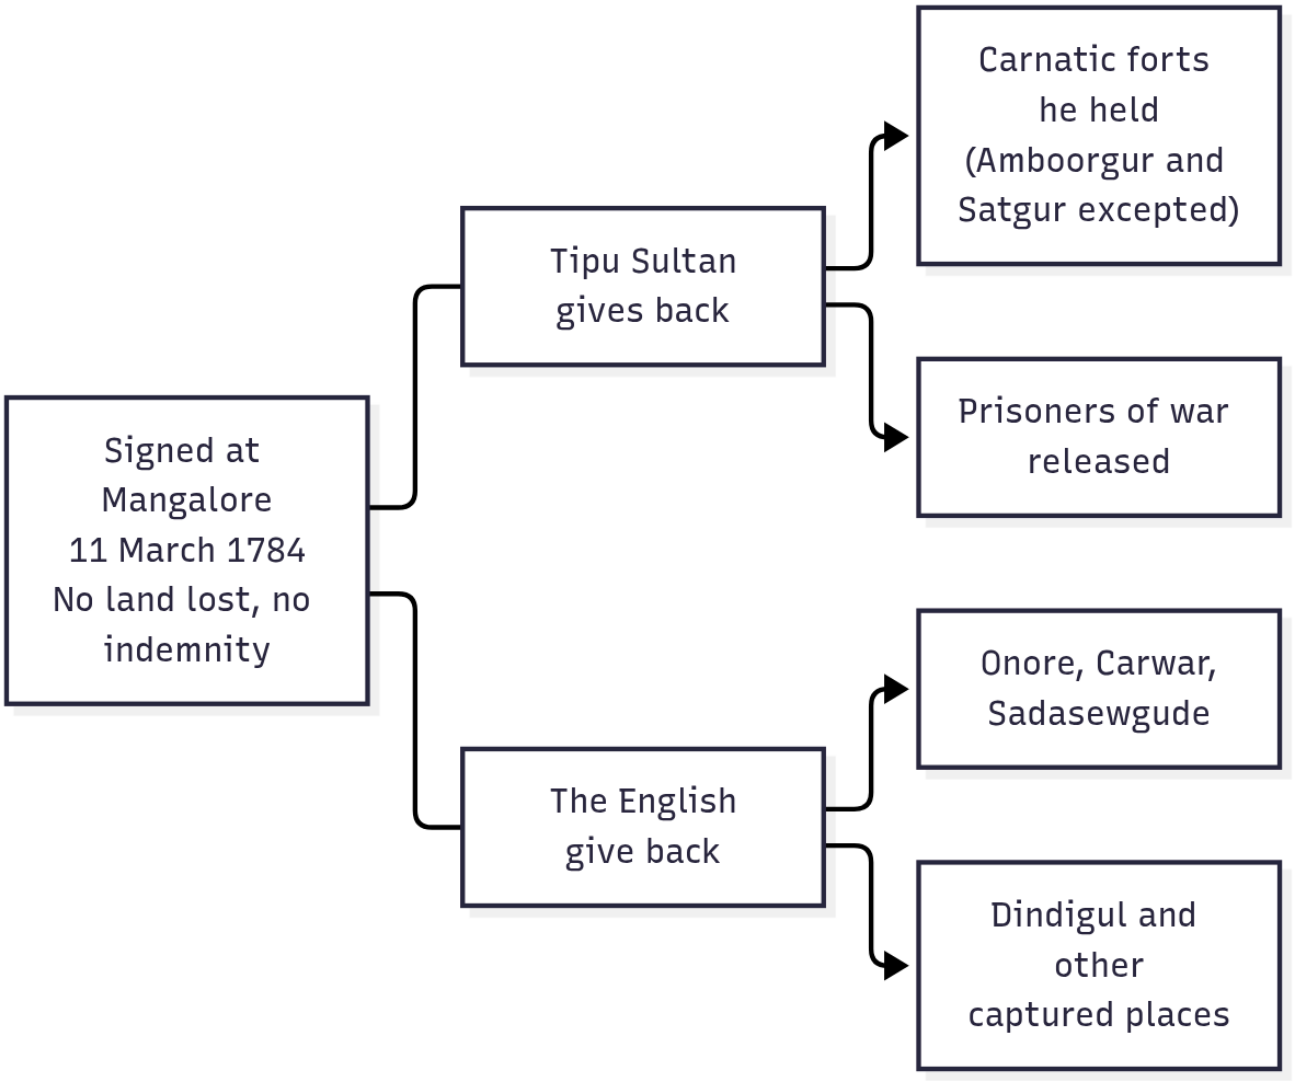

Style mix: Direct 87; Statement 34; Match the following 19; Assertion-Reason 10; Chronology 9; Odd-one/NOT 2

Status codes: R = standard reference (textbook / Constitution / Gazetteer / official publication) cited and hand-reviewed, page not re-opened live; V1 = one live page opened and the keyed fact seen; V = two sources incl. an official one opened; C = computed and solved twice by independent methods.

Topic tags (count): Art 13; Mughals 10; Sultanate 9; Mysore 8; Gandhi 8; Culture 7; Indus 6; Company 6; Revolt1857 6; Reform 6; End 6; Mauryas 4; EarlyMedieval 4; Marathas 4; Policies 4; Constitution 4; CDM 4; Quit 4; Vedic 3; Religion 3; Gupta 3; PostGupta 3; Cholas 3; Moderates 3; Extremists 3; Revolutionary 3; CA 3; Postmaurya 2; Sangam 2; Bhakti 2; Sikhs 2; Europeans 2; Land 2; Janapada 1; Education 1; Punjab 1; Independence 1; Tribal 1; Viceroys 1; Press 1; Slogans 1; GovGen 1

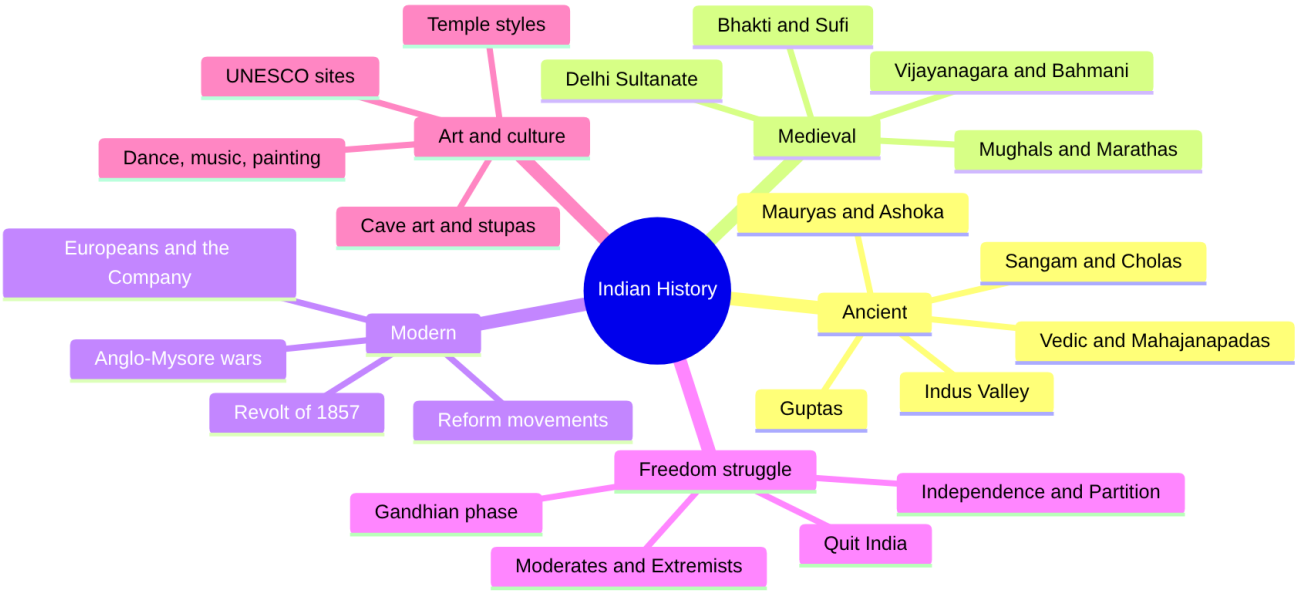

Bank 5 of 8 62% of the question-bank library done

Last bank's cliffhanger, answered: the 1784 treaty that ended the Second Anglo-Mysore War was the **Treaty of Mangalore** (11 March 1784). Neither side lost land: **Tipu Sultan gave back** the Carnatic forts his troops held (Amboorgur and Satgur excepted) and released prisoners, while **the English gave back** Onore, Carwar, Sadasewgude, Dindigul and other captured places. The "half the kingdom plus a heavy indemnity" punishment came **eight years later**, in the **Treaty of Seringapatam (1792)**.

Warm-up: Indian history as a long Bengaluru metro line

Picture the **Purple Line** of history. The **Ancient** stations (Indus, Mauryas, Guptas, Cholas) are the old Majestic end, crowded with big names. The **Medieval** stations (Sultanate, Vijayanagara, Mughals, Marathas) are the busy interchange. The **Modern** stations are fast and number-heavy: 1757, 1857, 1885, 1905, 1920, 1942, 1947. The examiner only asks "which station comes before which?", so **dates in order** are your ticket. This bank also carries a short culture line: temples, caves, dance, painting, UNESCO.

Exploded view: the four Mysore wars on one line

Remember it like: Madras, Mangalore, Seringapatam, then the end. Madras and Mangalore were both "swap-back" peace treaties; Seringapatam (1792) was the punishing one.

Common trap: The treaty with **half the kingdom plus indemnity** is **Seringapatam (1792)**, not Mangalore (1784). Examiners swap the two.

Exploded view: the end game, 1946 to 1947

Remember it like: Mission, Mayhem, Mountbatten, Measure (Cabinet Mission, Direct Action Day, the Mountbatten Plan, the Independence Act).

Common trap: The Indian Independence Act got royal assent on **18 July 1947**; the dominions began on **15 August 1947**. British suzerainty over the princely states lapsed on 15 August 1947, and they could join either dominion.

Exploded view: three temple styles

Remember it like: N-orth = Nagara, D-own south = Dravida, V-ery mixed = Vesara. Vesara is the Deccan blend (Karnataka's Chalukya and Hoysala temples).

Common trap: Khajuraho (Chandela) is **Nagara**, not Dravida; the Kailasa temple at Ellora (cave 16) is a **Hindu** cave, not Buddhist, and was carved from one rock cliff.

Mnemonics (silly on purpose, so they stick)

What	Hook	Facts it encodes
Mysore treaties	**Madras, Mangalore, Seringapatam**	1769, 1784, 1792
Move to Independence	**Mission, Mayhem, Mountbatten, Measure**	1946 Mission, Direct Action Day, June Plan, Act
Reformers	**D-A, V-R, P-S, S-A**	Dayanand Arya, Vivekananda Ramakrishna, Phule Satyashodhak, Sir Syed Aligarh
Territories	**Goa 61, Pondy 54, Sikkim 75**	Integration years
Sati and widows	**29 Sati, 56 Widow, 91 Consent**	Reform laws
Painting hooks	**Humayun brings, Akbar builds, Jahangir observes**	Mughal painting stages

Current affairs, explained like a friend (the exam is on 15 November, so read this one)

Vande Mataram at 150: why now, how, has it happened before?

- **Why:** Bankim Chandra wrote it on **7 November 1875**; the Government is running a **year-long commemoration from 7 November 2025 to 7 November 2026**.
- **How:** a year-long national commemoration (7 Nov 2025 to 7 Nov 2026) announced and inaugurated by the Prime Minister, per PIB and the PMO site.
- **Has it happened before?** In **1937** the Congress adopted only the **first two stanzas**.
- **How it is asked:** author, journal (**Bangadarshan**), novel (**Anandamath**), the **1896 Calcutta session** where Tagore sang it, or a statement trap that gives the song to Tagore.

Birsa Munda at 150 and Janjatiya Gaurav Divas:

- **Why:** born in **1874**, Birsa led the **Ulgulan**; **15 November** has been **Janjatiya Gaurav Divas since 2021**, and the **150th birth anniversary** was celebrated on 15 November 2025.
- **How it is asked:** match tribal revolts with leaders (Santhal Hul = Sidhu-Kanhu, Munda Ulgulan = Birsa).

> **Peak fact: Sardar Patel was born in 1875, the very year Bankim wrote Vande Mataram.** Two anniversaries, one number: 31 Oct 1875 and 7 Nov 1875.

Questions

Q1. [Indus | Direct] Which Harappan site in Gujarat is famous for its dockyard and bead-making workshops?

- (a) Rakhigarhi
- (b) Kalibangan
- (c) Banawali
- (d) Lothal

Q2. [Indus | Direct] The Great Bath, a large brick-lined water tank, was found at

- (a) Kot Diji
- (b) Mohenjo-daro
- (c) Chanhudaro
- (d) Harappa

Q3. [Indus | Statement (which)] With reference to Harappan sites, consider the following statements:

1. Dholavira in Gujarat shows three divisions: a citadel, a middle town and a lower town.
2. Dholavira was inscribed as a UNESCO World Heritage Site in 2021.
3. Rakhigarhi, one of the largest Harappan sites, is in Gujarat.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q4. [Indus | Match the following] Match the Harappan site with its well-known feature.

List I	List II
A. Lothal	1. Great Bath
B. Kalibangan	2. Ploughed field and fire altars
C. Dholavira	3. Dockyard
D. Mohenjo-daro	4. Giant signboard and water reservoirs

- (a) A-1, B-2, C-4, D-3
- (b) A-3, B-2, C-4, D-1
- (c) A-3, B-1, C-2, D-4
- (d) A-3, B-4, C-2, D-1

Q5. [Indus | Assertion-Reason]
Assertion (A): Harappan cities are regarded as among the earliest to have planned drainage systems.

Reason (R): The Harappan script has not been deciphered to date.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q6. [Indus | Odd-one/NOT] Which of the following was NOT used by the Harappans?

- (a) Tin
- (b) Copper
- (c) Bronze

- (d) Iron

Q7. [Vedic | Statement (how many)] About the Vedas and their priests, consider the following statements:

1. The Rigveda is the oldest of the four Vedas.
2. The Yajurveda is associated with the Adhvaryu priest.
3. The Atharvaveda is associated with the Hotri priest.
4. The Samaveda is a collection of verses set to music.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q8. [Vedic | Direct] The Gayatri Mantra is found in which Veda?

- (a) Yajurveda
- (b) Samaveda
- (c) Atharvaveda
- (d) Rigveda

Q9. [Vedic | Direct] The Battle of the Ten Kings (Dasarajna) in the Rigveda was fought on the banks of the river

- (a) Beas
- (b) Parushni (Ravi)
- (c) Sutlej
- (d) Yamuna

Q10. [Janapada | Match the following] Match the Mahajanapada with its capital.

List I	List II
A. Kashi	1. Taxila
B. Anga	2. Varanasi
C. Gandhara	3. Kaushambi
D. Vatsa	4. Champa

- (a) A-1, B-2, C-4, D-3
- (b) A-2, B-4, C-1, D-3
- (c) A-1, B-4, C-3, D-2
- (d) A-3, B-2, C-1, D-4

Q11. [Religion | Direct] The Buddha delivered his first sermon, called Dhammachakkappavattana, at

- (a) Lumbini
- (b) Bodh Gaya
- (c) Kushinagar
- (d) Sarnath (Isipatana)

Q12. [Religion | Statement (which)] With reference to Jainism, consider the following statements:

1. Parshvanatha was the 23rd Tirthankara.
2. Mahavira was the 24th and last Tirthankara.
3. Rishabhanatha was the 22nd Tirthankara.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q13. [Religion | Direct] The Third Buddhist Council, held at Pataliputra in the reign of Ashoka, was presided over by

- (a) Vasumitra
- (b) Mahakassapa
- (c) Upali
- (d) Moggaliputta Tissa

Q14. [Mauryas | Chronology] Arrange the following rulers in chronological order, earliest first.

A. Chandragupta Maurya
B. Bimbisara
C. Mahapadma Nanda
D. Ajatashatru

- (a) A - D - C - B
- (b) B - D - C - A
- (c) B - C - D - A
- (d) C - B - A - D

Q15. [Mauryas | Direct] The Greek ambassador Megasthenes wrote his account Indica while at the court of

- (a) Ashoka
- (b) Pushyamitra Shunga
- (c) Bindusara
- (d) Chandragupta Maurya

Q16. [Mauryas | Direct] The Arthashastra, a treatise on statecraft and economy, is traditionally attributed to

- (a) Kalidasa
- (b) Kautilya (Chanakya)
- (c) Kalhana
- (d) Banabhatta

Q17. [Mauryas | Statement (how many)] About the inscriptions of Ashoka, consider the following statements:

1. Major Rock Edict XIII records the Kalinga war and his remorse.
2. Most of his inscriptions are in the Brahmi script.
3. James Prinsep deciphered the Brahmi script in the 1830s.
4. Alexander Cunningham first deciphered Ashoka's Brahmi script in 1900.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q18. [Postmaurya | Direct] The Junagadh rock inscription of Rudradaman I is notable as one of the earliest long inscriptions in

- (a) Prakrit
- (b) Classical Sanskrit
- (c) Tamil
- (d) Pali

Q19. [Postmaurya | Match the following] Match the dynasty with a well-known ruler.

List I	List II
A. Kushana	1. Gautamiputra Satakarni
B. Satavahana	2. Kanishka
C. Shunga	3. Pushyamitra
D. Indo-Greek	4. Menander

- (a) A-2, B-1, C-4, D-3

- (b) A-3, B-2, C-1, D-4
- (c) A-1, B-3, C-2, D-4
- (d) A-2, B-1, C-3, D-4

Q20. [Sangam | Direct] Which of the Tamil epics was composed by Ilango Adigal?

- (a) Tolkappiyam
- (b) Silappadikaram
- (c) Manimekalai
- (d) Civaka Cintamani

Q21. [Sangam | Assertion-Reason]
Assertion (A): Roman gold coins have been found in large numbers in south India.

Reason (R): There was brisk Indo-Roman maritime trade in the early centuries of the Common Era.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q22. [Gupta | Direct] Samudragupta was called the Napoleon of India by the historian

- (a) Romila Thapar
- (b) A. L. Basham
- (c) R. C. Majumdar
- (d) V. A. Smith

Q23. [Gupta | Direct] The Prayaga Prashasti (Allahabad Pillar inscription) of Samudragupta was composed by

- (a) Banabhatta
- (b) Harishena
- (c) Ravikirti
- (d) Kalidasa

Q24. [Gupta | Statement (which)] About the Gupta period, consider the following statements:

1. The Chinese pilgrim Fa-Hien visited India during the reign of Chandragupta II.
2. Aryabhata wrote the Aryabhatiya in 499 CE.
3. The Nalanda mahavihara was founded in the reign of Harshavardhana.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q25. [PostGupta | Direct] The Chinese pilgrim who stayed in Harshavardhana's court and studied at Nalanda was

- (a) Fa-Hien
- (b) Sung Yun
- (c) I-Tsing
- (d) Xuanzang (Hiuen Tsang)

Q26. [PostGupta | Direct] Harshavardhana was defeated on the banks of the Narmada by

- (a) Dantidurga
- (b) Pulakeshin I
- (c) Vikramaditya II
- (d) Pulakeshin II

Q27. [PostGupta | Direct] The tripartite struggle for control of Kannauj involved the Palas, the Gurjara-Pratiharas and the

- (a) Hoysalas
- (b) Rashtrakutas
- (c) Cholas
- (d) Senas

Q28. [Cholas | Statement (how many)] About the Chola temples, consider the following statements:

1. The Brihadisvara temple at Thanjavur was built by Rajaraja I.
2. Gangaikonda Cholapuram was founded by Rajendra I.

3. Satyendra Prasanno Sinha was appointed to the Viceroy's Executive Council as the first Indian member.
4. It introduced dyarchy in the provinces.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q102. [Revolutionary | Direct] The Ghadar Party, aimed at overthrowing British rule by revolution, was founded in 1913 in

- (a) Singapore
- (b) Berlin
- (c) London
- (d) San Francisco

Q103. [Gandhi | Direct] Mahatma Gandhi returned to India from South Africa in

- (a) 1915
- (b) 1919
- (c) 1920
- (d) 1905

Q104. [Gandhi | Statement (how many)] With reference to the Lucknow Pact (1916), consider the following statements:

1. It was an agreement between the Indian National Congress and the All-India Muslim League.
2. The Congress accepted the principle of separate electorates for Muslims.
3. It was signed during the Lucknow session presided over by Ambica Charan Mazumdar.
4. It was signed under the presidency of Annie Besant.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q105. [Gandhi | Chronology] Arrange the following in chronological order, earliest first.

A. Rowlatt Act passed
B. Chauri Chaura incident
C. Non-Cooperation Movement launched
D. Champaran Satyagraha

- (a) D - B - C - A
- (b) D - A - C - B
- (c) B - A - D - C

- (d) C - D - A - B

Q106. [Gandhi | Direct] The Hunter Committee, appointed in 1919, inquired into

- (a) the Rowlatt Satyagraha strike
- (b) the Moplah rebellion
- (c) the Jallianwala Bagh massacre
- (d) the Chauri Chaura incident

Q107. [Gandhi | Direct] The Chauri Chaura incident of 1922 led Mahatma Gandhi to

- (a) suspend the Non-Cooperation Movement
- (b) start the Quit India Movement
- (c) sign the Gandhi-Irwin Pact
- (d) launch the Civil Disobedience Movement

Q108. [Gandhi | Direct] The Swaraj Party, formed in 1923 to contest the council elections, was founded by

- (a) Jawaharlal Nehru and Subhas Chandra Bose
- (b) Lala Lajpat Rai and Tilak
- (c) C. R. Das and Motilal Nehru
- (d) Gandhi and Vallabhbhai Patel

Q109. [Gandhi | Direct] The Khilafat Movement in India was led by Gandhi along with

- (a) Hasrat Mohani and Sir Syed
- (b) Maulana Azad and Jinnah
- (c) Hakim Ajmal Khan and Liaquat Ali
- (d) Ali brothers, Muhammad Ali and Shaukat Ali

Q110. [Constitution | Direct] The Simon Commission, appointed in 1927, was boycotted by Indians because

- (a) it recommended partition of Bengal
- (b) it had no Indian member
- (c) it proposed separate electorates
- (d) it was headed by an Indian

Q111. [Constitution | Direct] The Nehru Report of 1928, a proposal for a constitution of India, was drafted by a committee headed by

- (a) B. R. Ambedkar
- (b) Motilal Nehru
- (c) Tej Bahadur Sapru
- (d) Jawaharlal Nehru

Q112. [Constitution | Direct] The resolution of Purna Swaraj (complete independence) was passed at the Lahore session of the Congress in December 1929, presided over by

- (a) Jawaharlal Nehru
- (b) Subhas Chandra Bose
- (c) Mahatma Gandhi
- (d) Motilal Nehru

Q113. [CDM | Direct] Mahatma Gandhi began the Dandi March, a protest against the salt law, from

- (a) Kheda, Gujarat
- (b) Sevagram Ashram, Wardha
- (c) Sabarmati Ashram, Ahmedabad
- (d) Champaran, Bihar

Q114. [CDM | Statement (which)] With reference to the Civil Disobedience Movement, consider the following statements:

1. The Gandhi-Irwin Pact of March 1931 led to the Congress taking part in the Second Round Table Conference.
2. The Communal Award announced by Ramsay MacDonald in 1932 provided separate electorates for the depressed classes.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

Q115. [CDM | Assertion-Reason]
Assertion (A): The Poona Pact (1932) replaced separate electorates for the depressed classes with reserved seats in the general electorates.

Reason (R): Mahatma Gandhi went on a fast in Yerwada jail against the separate electorates of the Communal Award.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q116. [CDM | Match the following] Match the event with its year.

List I	List II
A. Lahore Congress resolution of Purna Swaraj	1. 1930
B. Dandi March	2. 1929
C. Poona Pact	3. 1942
D. Quit India Resolution at Bombay	4. 1932

- (a) A-4, B-1, C-3, D-2
- (b) A-2, B-3, C-1, D-4
- (c) A-3, B-2, C-4, D-1
- (d) A-2, B-1, C-4, D-3

Q117. [Revolutionary | Direct] The Hindustan Socialist Republican Association (HSRA), associated with Bhagat Singh and Chandrashekhar Azad, was formed in 1928 at

- (a) Kakori, Uttar Pradesh
- (b) Calcutta, Bengal
- (c) Feroz Shah Kotla, Delhi
- (d) Lahore, Punjab

Q118. [Constitution | Statement (how many)] With reference to the Government of India Act, 1935, consider the following statements:

1. It provided for the establishment of an All-India Federation of British India provinces and princely states.
2. It introduced provincial autonomy and abolished dyarchy in the provinces.
3. It provided for separate electorates for the depressed classes.
4. The Federation envisaged by the Act was brought into operation soon after the Act.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q119. [Quit | Direct] The Quit India Movement was launched by the Congress on 8 August 1942 with the slogan

- (a) Jai Jawan Jai Kisan
- (b) Do or Die
- (c) Inquilab Zindabad

- (d) Delhi Chalo

Q120. [Quit | Direct] The Azad Hind Government (Provisional Government of Free India) was proclaimed in October 1943 by Subhas Chandra Bose at

- (a) Imphal
- (b) Rangoon
- (c) Tokyo
- (d) Singapore

Q121. [Quit | Odd-one/NOT] Which of the following was NOT a member of the Cabinet Mission of 1946?

- (a) Lord Mountbatten
- (b) Lord Pethick-Lawrence
- (c) Sir Stafford Cripps
- (d) A. V. Alexander

Q122. [Independence | Statement (how many)] With reference to the Indian Independence Act, 1947, consider the following statements:

1. It created two independent dominions, India and Pakistan, from 15 August 1947.
2. It ended British suzerainty over the princely states, which could decide to join either dominion.
3. It followed the Mountbatten Plan announced on 3 June 1947.
4. It was passed by the Constituent Assembly of India.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q123. [Art | Direct] The Great Stupa at Sanchi, famed for its four carved gateways (toranas), is located in the state of

- (a) Maharashtra
- (b) Madhya Pradesh
- (c) Uttar Pradesh
- (d) Bihar

Q124. [Art | Statement (which)] With reference to the Ajanta and Ellora caves, consider the following statements:

1. The Ajanta caves were excavated in two phases, the first under the Satavahanas and the second under the Vakatakas.
2. Ellora has Buddhist, Hindu and Jain rock-cut monuments.
3. The Kailasa temple (cave 16) at Ellora belongs to the Buddhist group of caves.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q125. [Art | Direct] The Kailasa temple at Ellora, carved top-down out of a single rock, was commissioned by the Rashtrakuta king

- (a) Dantidurga
- (b) Amoghavarsha I
- (c) Govinda III
- (d) Krishna I

Q126. [Art | Assertion-Reason]
Assertion (A): The Kailasa temple at Ellora is celebrated as a monolithic marvel of rock-cut architecture.

Reason (R): The temple was excavated out of a single basalt rock cliff, working from the top downward.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q127. [Art | Match the following] Match the temple with the dynasty under whose rule it was built.

List I	List II
A. Kailasa temple, Ellora	1. Chandela
B. Kandariya Mahadeva temple, Khajuraho	2. Solanki (Chaulukya)
C. Shore Temple, Mahabalipuram	3. Rashtrakuta
D. Sun Temple, Modhera	4. Pallava

- (a) A-3, B-4, C-2, D-1
- (b) A-4, B-1, C-2, D-3
- (c) A-3, B-1, C-4, D-2
- (d) A-1, B-2, C-4, D-3

Q128. [Art | Direct] The Sun Temple at Konark, planned as the chariot of the sun god with 24 wheels, was built in the 13th century during the reign of

- (a) Narasimhadeva I
- (b) Kapilendra Deva
- (c) Anantavarman Chodaganga Deva
- (d) Mukunda Deva

Q129. [Art | Statement (how many)] About styles of Indian temple architecture, consider the following statements:

1. The Nagara style is marked by a curvilinear shikhara over the sanctum and is found mainly in northern India.
2. The Dravida style typically has a pyramidal vimana and large gateway towers called gopurams.
3. The Vesara style is a hybrid of the northern and southern styles, associated with the Deccan region.
4. The Kandariya Mahadeva temple at Khajuraho is a typical example of the Dravida style.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q130. [Art | Match the following] Match the art school or tradition with its distinctive feature.

List I	List II
A. Gandhara school	1. Miniature paintings of the Himalayan hill states
B. Mathura school	2. Indigenous tradition using spotted red sandstone
C. Amaravati school	3. Narrative reliefs on stupas under the Satavahanas
D. Pahari school	4. Hellenistic influence on Buddha images

- (a) A-1, B-2, C-4, D-3
- (b) A-4, B-3, C-2, D-1
- (c) A-4, B-2, C-3, D-1
- (d) A-2, B-3, C-4, D-1

Q131. [Art | Direct] In early Buddhist rock-cut architecture, a chaitya is

- (a) a pillar carrying a royal edict
- (b) an ornamental gateway of a stupa

- (c) a residential cell complex for monks
- (d) a prayer hall with a stupa at its far end

Q132. [Art | Direct] The Elephanta Caves near Mumbai, famed for the colossal Trimurti (Maheshamurti) sculpture, are mainly dedicated to

- (a) Vishnu
- (b) Shiva
- (c) Mahavira
- (d) Buddha

Q133. [Art | Direct] Chola bronze images, such as the Nataraja, were made mainly by the

- (a) lost-wax (cire perdue) process
- (b) electroplating on stone cores
- (c) cold hammering of sheets
- (d) sand-mould casting

Q134. [Art | Direct] The Buland Darwaza at Fatehpur Sikri was built by Akbar to commemorate his victory in

- (a) Bengal
- (b) Deccan
- (c) Gujarat
- (d) Mewar

Q135. [Art | Direct] The Archaeological Site of Nalanda Mahavihara in Bihar was inscribed on the UNESCO World Heritage List in

- (a) 2016
- (b) 2020
- (c) 2004
- (d) 2012

Q136. [Culture | Direct] Sattriya, a dance form that grew out of the Vaishnavite monasteries (sattras) of Assam, was recognised by the Sangeet Natak Akademi as a classical dance in

- (a) 2010
- (b) 2000
- (c) 1991
- (d) 1977

Q137. [Culture | Match the following] Match the classical dance with the state of its origin.

List I	List II
A. Kuchipudi	1. Kerala
B. Odissi	2. Tamil Nadu
C. Mohiniyattam	3. Odisha
D. Bharatanatyam	4. Andhra Pradesh

- (a) A-4, B-1, C-3, D-2
- (b) A-4, B-2, C-3, D-1
- (c) A-3, B-1, C-4, D-2
- (d) A-4, B-3, C-1, D-2

Q138. [Culture | Statement (which)] About Indian classical dance traditions, consider the following statements:

1. The Natyashastra, a treatise on performing arts, is attributed to Bharata Muni.
2. Kathak developed from the storytelling tradition of northern India.
3. Kuchipudi is the classical dance form of Odisha.

Which of the statements given above is/are correct?

- (a) 1 and 2 only

- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q139. [Culture | Statement (how many)] About Indian classical music and musicians, consider the following statements:

1. Tyagaraja, Muthuswami Dikshitar and Syama Sastri are known as the Trinity of Carnatic music.
2. Purandara Dasa is often called the Pitamaha (father) of Carnatic music.
3. Tansen was a musician at the court of Akbar.
4. Dhrupad is a form of Carnatic music.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q140. [Culture | Direct] The illustrated manuscript Hamzanama, with hundreds of large paintings, was commissioned by the Mughal emperor

- (a) Akbar
- (b) Shah Jahan
- (c) Humayun
- (d) Jahangir

Q141. [Culture | Statement (which)] About Mughal painting, consider the following statements:

1. Humayun invited the Persian painters Mir Sayyid Ali and Abd al-Samad to his court.
2. Under Jahangir, painting became known for realistic studies of birds, animals and flowers.
3. Mughal painting reached its peak under Aurangzeb.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q142. [Culture | Match the following] Match the folk painting tradition with its region.

List I	List II
A. Warli	1. Maharashtra
B. Pattachitra	2. Mithila region of Bihar
C. Madhubani	3. Odisha
D. Kalamkari	4. Andhra Pradesh

- (a) A-4, B-3, C-2, D-1
- (b) A-1, B-2, C-4, D-3
- (c) A-1, B-3, C-2, D-4
- (d) A-4, B-3, C-1, D-2

Q143. [End | Direct] After Operation Polo in September 1948, the first Military Governor of Hyderabad was

- (a) Rajendra Singhji
- (b) K. M. Cariappa
- (c) Sam Manekshaw
- (d) J. N. Chaudhuri

Q144. [End | Direct] Junagadh, whose Nawab announced accession to Pakistan in 1947, became part of India after

- (a) a ruling of the Radcliffe Commission

- (b) a plebiscite held in February 1948
- (c) the Cabinet Mission Plan
- (d) the Standstill Agreement with Hyderabad

Q145. [End | Statement (how many)] About the integration of territories into India after 1947, consider the following statements:

1. V. P. Menon was the Secretary of the Ministry of States under Sardar Patel.
2. Goa was freed from Portuguese rule by Indian armed forces in 1961.
3. The French settlement of Pondicherry was de facto transferred to India in 1954.
4. Sikkim became an Indian state in 1950.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q146. [End | Direct] The first Red Fort trial of the Indian National Army (November 1945) involved the officers

- (a) A. C. Chatterjee, Abid Hasan and N. S. Bhagat
- (b) Prem Sahgal, Gurbaksh Singh Dhillon and Shah Nawaz Khan
- (c) Mohan Singh, Rash Behari Bose and Lakshmi Sahgal
- (d) J. K. Bhonsle, Subhas Bose and Mohan Singh

Q147. [End | Direct] The naval mutiny of February 1946 began on the ship

- (a) HMIS Hindustan
- (b) HMIS Godavari
- (c) HMIS Talwar
- (d) HMIS Vikrant

Q148. [End | Chronology] Arrange the following steps to Independence in chronological order, earliest first.

A. Indian Independence Act receives royal assent
B. Mountbatten (Third June) Plan
C. Cabinet Mission arrives in India
D. Direct Action Day

- (a) C - D - B - A
- (b) C - B - A - D
- (c) A - B - C - D
- (d) D - A - C - B

Q149. [CA | Statement (how many)] About the commemoration of 150 years of Vande Mataram (7 November 2025 to 7 November 2026), consider the following statements:

1. The song was written by Bankim Chandra Chattopadhyay in 1875.
2. It was first published in the journal Bangadarshan and later included in the novel Anandamath.
3. Rabindranath Tagore sang it at the Calcutta session of the Congress in 1896.
4. The song was composed by Rabindranath Tagore.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q150. [CA | Statement (which)] About Birsa Munda and Janjatiya Gaurav Divas, consider the following statements:

1. Birsa Munda, born in 1874, led the Ulgulan (the Great Tumult) against British rule.
2. Janjatiya Gaurav Divas is observed every 15 November on his birth anniversary, since 2021.

3. The Santhal Hul of 1855 was led by Birsa Munda.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q151. [CA | Direct] India celebrated the 150th birth anniversary of Sardar Vallabhbhai Patel on 31 October 2025; he was born in the year

- (a) 1885
- (b) 1880
- (c) 1869
- (d) 1875

Q152. [Tribal | Match the following] Match the tribal or peasant revolt with its leader.

List I	List II
A. Santhal Hul (1855)	1. Alluri Sitarama Raju
B. Munda Ulgulan (1899-1900)	2. Birsa Munda
C. Khasi uprising	3. Tirot Singh
D. Rampa rebellion (1922-24)	4. Sidhu and Kanhu

- (a) A-4, B-2, C-1, D-3
- (b) A-4, B-2, C-3, D-1
- (c) A-1, B-2, C-3, D-4
- (d) A-4, B-1, C-2, D-3

Q153. [Viceroys | Match the following] Match the Viceroy with the measure associated with his period.

List I	List II
A. Lord Lytton	1. Montagu-Chelmsford reforms (1919)
B. Lord Ripon	2. Indian Universities Act (1904)
C. Lord Curzon	3. Resolution on local self-government (1882)
D. Lord Chelmsford	4. Vernacular Press Act (1878)

- (a) A-4, B-3, C-2, D-1
- (b) A-1, B-4, C-2, D-3
- (c) A-3, B-4, C-2, D-1
- (d) A-4, B-3, C-1, D-2

Q154. [Press | Match the following] Match the newspaper or journal with the leader associated with it.

List I	List II
A. Kesari	1. Surendranath Banerjea
B. Al-Hilal	2. Mahatma Gandhi
C. The Bengalee	3. Abul Kalam Azad
D. Harijan	4. Bal Gangadhar Tilak

- (a) A-2, B-4, C-1, D-3
- (b) A-2, B-3, C-4, D-1
- (c) A-4, B-3, C-1, D-2
- (d) A-4, B-1, C-2, D-3

Q155. [Slogans | Match the following] Match the slogan or song with the person associated with it.

List I	List II
A. "Swaraj is my birthright"	1. Bal Gangadhar Tilak

List I	List II
B. "Do or Die"	2. Subhas Chandra Bose
C. "Delhi Chalo"	3. Mahatma Gandhi
D. "Sare Jahan Se Accha"	4. Muhammad Iqbal

- (a) A-1, B-2, C-3, D-4
- (b) A-3, B-2, C-1, D-4
- (c) A-4, B-1, C-2, D-3
- (d) A-1, B-3, C-2, D-4

Q156. [GovGen | Chronology] Arrange these Governors-General by the year they took office, earliest first.

A. Lord Dalhousie
B. Lord Cornwallis
C. Lord Wellesley
D. Lord William Bentinck

- (a) D - C - A - B
- (b) B - C - D - A
- (c) D - A - C - B
- (d) D - B - C - A

Q157. [Sikhs | Statement (how many)] About Maharaja Ranjit Singh and the Sikh kingdom, consider the following statements:

1. Ranjit Singh signed the Treaty of Amritsar with the British in 1809.
2. Lahore was the capital of his kingdom.
3. He modernised the Sikh army with the help of European officers.
4. He signed the Treaty of Lahore in 1846 after the First Anglo-Sikh War.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q158. [Quit | Assertion-Reason]
Assertion (A): The Cabinet Mission Plan of 1946 rejected the Muslim League's demand for a fully sovereign Pakistan.

Reason (R): The Plan proposed a Union of India with three groups of provinces and a limited centre.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q159. [Policies | Assertion-Reason]
Assertion (A): Lord Dalhousie's Doctrine of Lapse caused deep discontent among Indian rulers.

Reason (R): Under the Doctrine, a state whose ruler died without a natural heir could be taken over by the Company, and an adopted heir was not recognised.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q160. [Gandhi | Statement (which)] About Gandhi's early satyagrahas in India, consider the following statements:

1. The Champaran Satyagraha (1917) was against the forced cultivation of indigo.
2. The Ahmedabad mill strike of 1918 saw Gandhi use a fast in support of the workers.
3. The Bardoli Satyagraha of 1928 was personally led by Mahatma Gandhi.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q161. [Revolutionary | Statement (which)] About revolutionary activities during the freedom struggle, consider the following statements:

1. Surya Sen led the Chittagong armoury raid of 1930.
2. The Kakori train robbery of 1925 was carried out by members of the Hindustan Republican Association.
3. Bhagat Singh and Batukeshwar Dutt threw bombs in the Central Legislative Assembly in 1929 to protest the Simon Commission.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Answer key with explanations and sources

Q	Ans	Tag	Explanation	Sources	Status
1	(d) Lothal	Indus	Lothal, near the Gulf of Khambhat, has a brick basin that archaeologists read as a dockyard. Remember it like: Lothal = Lorry-free port, a boat parking lot of 2400 BCE.	Archaeological Survey of India (asi.nic.in); NCERT textbook, Class XI Themes in World History; https://en.wikipedia.org/wiki/Lothal	V1
2	(b) Mohenjo-daro	Indus	Mohenjo-daro in Sindh (now Pakistan) has the Great Bath on its citadel mound. Remember it like: Mohenjo = Mo(re) water, the swimming pool of the Bronze Age.	UNESCO World Heritage List (whc.unesco.org); NCERT textbook; https://en.wikipedia.org/wiki/Mohenjo-daro	V1
3	(a) 1 and 2 only	Indus	Rakhigarhi is in Hisar district of Haryana. Dholavira (Kutch, Gujarat) has three parts and a great water-harvesting system. Remember it like: Dholavira = Dhol + water, drumming up a reservoir.	UNESCO World Heritage List (whc.unesco.org); Archaeological Survey of India (asi.nic.in); https://whc.unesco.org/en/list/1645; https://en.wikipedia.org/wiki/Rakhigarhi	V
4	(b) A-3, B-2, C-4, D-1	Indus	Remember it like: Lothal ships, Kalibangan ploughs, Dholavira stores water, Mohenjo bathes.	Archaeological Survey of India (asi.nic.in); NCERT textbook; https://en.wikipedia.org/wiki/Kalibangan; https://en.wikipedia.org/wiki/Dholavira	V1
5	(b) Both A and R are true but R is not the correct explanation of A	Indus	Both statements are true, but the script has nothing to do with drains. Remember it like: two true facts at a tea stall do not make a cause. A true reason that is unrelated is the classic trap.	NCERT textbook; Archaeological Survey of India (asi.nic.in); https://en.wikipedia.org/wiki/Indus_Valley_Civilisation	V1

Q	Ans	Tag	Explanation	Sources	Status
6	(d) Iron	Indus	Harappans were Bronze Age people: copper, bronze and tin were in use; iron came much later. Remember it like: Harappa = Bronze, Iron = later gang.	NCERT textbook; https://en.wikipedia.org/wiki/Indus_Valley_Civilisation	V1
7	(c) Only three	Vedic	The Hotri recites the Rigveda; the Atharvaveda is linked with the Brahma priest. Two-two-two: Hotri-Rig, Adhvaryu-Yajur, Udgatri-Sama, Brahma-Atharva.	https://en.wikipedia.org/wiki/Adhvaryu; NCERT textbook	V1
8	(d) Rigveda	Vedic	It is a verse of the Rigveda (Mandala 3, hymn 62). Remember it like: Gayatri = Rig, the first veda, the first mantra.	https://en.wikipedia.org/wiki/Gayatri_Mantra; NCERT textbook	V1
9	(b) Parushni (Ravi)	Vedic	Sudas of the Bharata clan defeated a ten-king alliance on the Parushni (Ravi). Remember it like: Ravi = Parushni, a river with a royal fight.	NCERT textbook; https://en.wikipedia.org/wiki/Battle_of_the_Ten_Kings	V1
10	(b) A-2, B-4, C-1, D-3	Janapada	Remember it like: K-V, A-C, G-T, V-K: Kashi to Varanasi is the easy one, the rest follow the map.	NCERT textbook; https://en.wikipedia.org/wiki/Mahajanapadas	V1
11	(d) Sarnath (Isipatana)	Religion	The deer park at Sarnath near Varanasi. Lumbini is the birth, Bodh Gaya the enlightenment, Kushinagar the mahaparinirvana. Remember it like: Born, Bodhi, Bhashan, Bye: Lumbini, Bodh Gaya, Sarnath, Kushinagar.	NCERT textbook; https://en.wikipedia.org/wiki/Dhammacakkappavattana_Sutta; https://en.wikipedia.org/wiki/Sarnath	V1
12	(a) 1 and 2 only	Religion	Rishabhanatha (Adinatha) was the first Tirthankara. Neminatha was the 22nd. Remember it like: Rishabha = first (R for Roots).	NCERT textbook; https://en.wikipedia.org/wiki/Tirthankara	V1
13	(d) Moggaliputta Tissa	Religion	Moggaliputta Tissa presided; Mahakassapa presided over the first council, and Vasumitra over the fourth. Remember it like: three = Tissa (T for Three, T for Tissa).	https://en.wikipedia.org/wiki/Third_Buddhist_council; NCERT textbook	V1
14	(b) B - D - C - A	Mauryas	Haryanka (Bimbisara, then his son Ajatashatru), then the Nandas, then the Mauryas. Remember it like: B-A-N-C, Big And Nice Chiefs.	NCERT textbook; https://en.wikipedia.org/wiki/Magadha	V1
15	(d) Chandragupta Maurya	Mauryas	Megasthenes was Seleucus Nicator's envoy at Pataliputra. Only fragments of Indica survive in later writers. Remember it like: M for Megasthenes, M for Maurya (the first one).	NCERT textbook; https://en.wikipedia.org/wiki/Megasthenes	V1
16	(b) Kautilya (Chanakya)	Mauryas	Kautilya (Chanakya or Vishnugupta) is the traditional author, the minister of Chandragupta Maurya. Remember it like: Arth = money, Kautilya = counts every coin.	NCERT textbook; https://en.wikipedia.org/wiki/Arthashastra	V1
17	(c) Only three	Mauryas	James Prinsep read Brahmi in 1837; Cunningham was an archaeologist but not the first decipherer. In the north-west Kharosthi was also used. Remember it like: Prinsep = Prince of Pali-Brahmi.	https://en.wikipedia.org/wiki/Edicts_of_Ashoka; https://en.wikipedia.org/wiki/James_Prinsep	V1
18	(b) Classical Sanskrit	Postmaurya	It records the repair of the Sudarshana lake and is c. 150 CE. Earlier royal inscriptions (Ashoka) were in Prakrit. Remember it like: Rudradaman = Rule in Sanskrit.	https://en.wikipedia.org/wiki/Junagadh_rock_inscription_of_Rudradaman; NCERT textbook	V1
19	(d) A-2, B-1, C-3, D-4	Postmaurya	Remember it like: K-K, S-G, S-P, I-M: Kanishka of Kushana, Menander of the Indo-Greeks (Milinda in Pali).	NCERT textbook; https://en.wikipedia.org/wiki/Menander_I; https://en.wikipedia.org/wiki/Kushan_Empire; https://en.wikipedia.org/wiki/Gautamiputra_Satakarni; https://en.wikipedia.org/wiki/Pushyamitra_Shunga	V1

Q	Ans	Tag	Explanation	Sources	Status
20	(b) Silappadikaram	Sangam	Silappadikaram tells the story of Kovalan and Kannagi. Manimekalai is attributed to Sittalai Sattanar. Tolkappiyam is a grammar. Remember it like: Silambu = anklet, a story begun with an anklet.	NCERT textbook; https://en.wikipedia.org/wiki/Silappatikaram	V1
21	(a) Both A and R are true and R is the correct explanation of A	Sangam	Both are true, and the trade is the reason the coins are there (pepper went west, gold came east). Remember it like: where the money rests, trade has been.	NCERT textbook; https://en.wikipedia.org/wiki/Indo-Roman_trade_relations	V1
22	(d) V. A. Smith	Gupta	Vincent Smith used the phrase for his military conquests. Remember it like: Napoleon needs a Smith to name him.	NCERT textbook; https://en.wikipedia.org/wiki/Samudragupta	V1
23	(b) Harishena	Gupta	Harishena, court poet and minister. Ravikirti wrote the Aihole inscription of Pulakeshin II. Remember it like: Hari at Prayag, Ravi at Aihole.	NCERT textbook; https://en.wikipedia.org/wiki/Allahabad_Pillar	V1
24	(a) 1 and 2 only	Gupta	Nalanda was founded by Kumaragupta I (5th century) and later patronised by Harsha. Remember it like: Nalanda = Kumara-built, Harsha-boosted.	https://en.wikipedia.org/wiki/Nalanda; https://en.wikipedia.org/wiki/Aryabhata	V1
25	(d) Xuanzang (Hiuen Tsang)	PostGupta	Xuanzang visited in the 7th century and wrote Si-Yu-Ki. Fa-Hien came earlier, in Gupta times. Remember it like: X = eXtra long stay, 16 years.	NCERT textbook; https://en.wikipedia.org/wiki/Xuanzang	V1
26	(d) Pulakeshin II	PostGupta	Pulakeshin II of the Badami Chalukyas, as recorded in the Aihole inscription by Ravikirti (634 CE). A Karnataka pride moment. Remember it like: the Narmada is the line Harsha could not cross.	https://en.wikipedia.org/wiki/Pulakeshin_II; Karnataka State Gazetteer, Dept of Gazetteers, Govt of Karnataka	V1
27	(b) Rashtrakutas	PostGupta	Kannauj was the prize city in the Gangetic plain; the three powers were Pala (east), Pratihara (west) and Rashtrakuta (Deccan). Remember it like: P-P-R: Pala, Pratihara, Rashtrakuta.	NCERT textbook; https://en.wikipedia.org/wiki/Tripartite_struggle	V1
28	(c) Only three	Cholas	Airavatesvara (Darasuram) is a work of Rajaraja II. The three temples are a UNESCO property (Thanjavur 1987, extended 2004). Remember it like: RR built Darasuram, RR is Rajaraja.	https://whc.unesco.org/en/list/250; https://en.wikipedia.org/wiki/Airavatesvara_Temple	V
29	(d) Village assembly elections by lot using palm-leaf ballots (kudavolai)	Cholas	They describe qualifications for ward representatives and election by drawing pot-tickets. A very early record of local democracy. Remember it like: Uttaramerur = vote by lottery.	https://en.wikipedia.org/wiki/Uttiramerur; NCERT textbook	V1
30	(b) 1025 CE	Cholas	The raid on Srivijaya (Kadaram) was c. 1025 CE. He also built Gangaikonda Cholapuram. Remember it like: Ten-twenty-five, Rajendra's naval arrive.	https://en.wikipedia.org/wiki/Rajendra_Chola_I; NCERT textbook	V1
31	(d) 712 CE	EarlyMedieval	The Arab conquest of Sindh was in 712 CE, the first sustained Muslim rule in India. Remember it like: seven-one-two, Sindh is through.	https://en.wikipedia.org/wiki/Muhammad_bin_Qasim; NCERT textbook	V1
32	(b) 1025 CE	EarlyMedieval	Mahmud made 17 raids into India; the Somnath raid was c. 1025-26. Al-Biruni came with him. Remember it like: ten-twenty-five, Somnath alive in memory.	https://en.wikipedia.org/wiki/Mahmud_of_Ghazni; NCERT textbook; https://en.wikipedia.org/wiki/Somnath_temple	V1
33	(d) D - B - C - A	EarlyMedieval	Prithviraj won in 1191 and lost in 1192; Chandawar (1194) defeated Jaichand; Aibak began the Delhi Sultanate in 1206. Remember it like: 91, 92, 94, 06: the year goes up by one, two, twelve.	https://en.wikipedia.org/wiki/Second_Battle_of_Tarain; https://en.wikipedia.org/wiki/Qutb_ud-Din_Aibak; https://	V1

Q	Ans	Tag	Explanation	Sources	Status
				en.wikipedia.org/wiki/Battle_of_Chandawar	
34	(b) Mahmud of Ghazni	EarlyMedieval	Al-Biruni accompanied Mahmud of Ghazni and wrote about Indian science and society. Remember it like: Biruni = the Brain who travelled with the Booty-king.	https://en.wikipedia.org/wiki/Al-Biruni; NCERT textbook	V1
35	(d) Iltutmish	Sultanate	Iltutmish added the upper storeys; Firoz Shah Tughlaq later repaired it after lightning. UNESCO lists the Qutb Minar and its monuments in Delhi. Remember it like: Aibak starts, Iltutmish finishes, like a relay.	https://whc.unesco.org/en/list/233; https://en.wikipedia.org/wiki/Qutb_Minar	V
36	(a) 1 and 2 only	Sultanate	Qutbuddin Aibak founded the dynasty (the Mamluk or Slave dynasty). Balban introduced the court rituals of Sijda and Paibos. Remember it like: Aibak = Authentic founder, Balban = Brutal court etiquette.	https://en.wikipedia.org/wiki/Iltutmish; https://en.wikipedia.org/wiki/Razia_Sultana; NCERT textbook	V1
37	(b) Alauddin Khalji	Sultanate	Alauddin fixed prices of grain, cloth and horses to feed a large standing army cheaply. Remember it like: Alauddin = the aunty who fixed bazaar prices.	https://en.wikipedia.org/wiki/Alauddin_Khalji; NCERT textbook; https://en.wikipedia.org/wiki/Market_reforms_of_Alauddin_Khalji	V1
38	(c) Only three	Sultanate	Firozabad was founded by Firoz Shah Tughlaq. The Daulatabad experiment is the classic example of a bold plan with poor timing. Remember it like: Muhammad = Mad about big ideas, Firoz = Firozabad.	https://en.wikipedia.org/wiki/Muhammad_bin_Tughluq; https://en.wikipedia.org/wiki/Firozabad,_Delhi; https://en.wikipedia.org/wiki/Firoz_Shah_Tughlaq	V1
39	(d) A-3, B-4, C-1, D-2	Sultanate	Remember it like: B for Bow, A for Aunty bazaar, F for Founder of towns, I for Iltutmish = Income coin.	https://en.wikipedia.org/wiki/Jaunpur,_Uttar_Pradesh; https://en.wikipedia.org/wiki/Alauddin_Khalji; NCERT textbook; https://en.wikipedia.org/wiki/Ghiyas_ud_din_Balban	V1
40	(b) 1398	Sultanate	Timur (Tamerlane) sacked Delhi in December 1398, which broke the Tughlaq power. Remember it like: thirteen-ninety-eight, the Tughlaq fate.	https://en.wikipedia.org/wiki/Timur; NCERT textbook	V1
41	(d) Ibrahim Lodi	Sultanate	Babur defeated Ibrahim Lodi, using gunpowder artillery and the tulughma flanking tactic. Remember it like: Babur at Panipat in 1526: fifteen-twenty-six, Lodi in a fix.	https://en.wikipedia.org/wiki/First_Battle_of_Panipat; NCERT textbook	V1
42	(b) Khwaja Moinuddin Chishti of Ajmer	Sultanate	Moinuddin Chishti settled at Ajmer; Nizamuddin Auliya of Delhi and Baba Farid of Pakpattan were later saints. Bahauddin Zakariya belonged to the Suhrawardi order of Multan. Remember it like: C for Chishti, C for the Calm Ajmer.	https://en.wikipedia.org/wiki/Moinuddin_Chishti; NCERT textbook	V1
43	(b) Nizamuddin Auliya	Sultanate	Khusrau served several Delhi sultans, wrote in Persian and Hindavi and is credited with early qawwali and tabla traditions. Remember it like: Khusrau = Khush parrot, singing for Nizamuddin.	https://en.wikipedia.org/wiki/Amir_Khusrow; NCERT textbook	V1
44	(d) A-4, B-2, C-1, D-3	Bhakti	Remember it like: K-Bijak, N-Sikh, C-Bengal, M-Rajasthan.	https://en.wikipedia.org/wiki/Kabir; https://en.wikipedia.org/wiki/Chaitanya_Mahaprabhu; NCERT textbook; https://en.wikipedia.org/wiki/Mirabai	V1
45	(b) Guru Arjan Dev	Bhakti	Guru Arjan compiled it and installed it at the Harmandir Sahib (Golden Temple), Amritsar. Guru Gobind Singh added the Ninth Guru's hymns and	https://en.wikipedia.org/wiki/Guru_Granth_Sahib; NCERT textbook	V1

Q	Ans	Tag	Explanation	Sources	Status
			later made the Granth the eternal Guru. Remember it like: Arjan = Archive.		
46	(d) D - C - A - B	Mughals	Babur beat Lodi (1526) and Rana Sanga (1527); Sher Khan beat Humayun at Chausa (1539) and Kannauj (1540). Remember it like: 26, 27 for Babur; 39, 40 for Sher Shah: two pairs of years.	https://en.wikipedia.org/wiki/Battle_of_Chausa; https://en.wikipedia.org/wiki/Battle_of_Khanwa; https://en.wikipedia.org/wiki/Battle_of_Kannauj	V1
47	(c) Only three	Mughals	Din-i-Ilahi was Akbar's syncretic order (1582). Remember it like: Sher Shah = Roads + Rupiya + Revenue, three R's.	https://en.wikipedia.org/wiki/Sher_Shah_Suri; NCERT textbook	V1
48	(a) 1 and 2 only	Mughals	Akbar began the mansabdari system (zat and sawar ranks) around 1570-71. Remember it like: Akbar = A for Administration, mansab from the start.	https://en.wikipedia.org/wiki/Din-i_Ilahi; https://en.wikipedia.org/wiki/Mansabdar; NCERT textbook	V1
49	(c) Maharana Pratap	Mughals	Rana Pratap of Mewar fought Akbar's general. Remember it like: Haldi = turmeric yellow, the yellow valley in the Aravallis.	https://en.wikipedia.org/wiki/Battle_of_Haldighati; NCERT textbook	V1
50	(a) Both A and R are true and R is the correct explanation of A	Mughals	Both true, and R explains A: those features became the Mughal tomb template. UNESCO inscribed it in 1993. Remember it like: Humayun's tomb = trial cake, the Taj = the wedding cake.	https://whc.unesco.org/en/list/232; https://en.wikipedia.org/wiki/Humayun%27s_Tomb	V
51	(b) Jahangir	Mughals	Jahangir hung a gold chain with bells so that any subject could ring for justice. Remember it like: J for Jahangir, J for Justice chain.	https://en.wikipedia.org/wiki/Jahangir; NCERT textbook	V1
52	(c) Only three	Mughals	It is mainly white marble, with red sandstone in the surrounding buildings. Remember it like: Taj = Thandi marble, red sandstone is for the Red Fort.	https://whc.unesco.org/en/list/252; https://en.wikipedia.org/wiki/Taj_Mahal	V
53	(d) Aurangzeb	Mughals	Aurangzeb restored it; Farrukhsiyar abolished it in 1713 (and it was later restored again). Remember it like: Aurangzeb = reversed Akbar.	https://en.wikipedia.org/wiki/Jizya; NCERT textbook	V1
54	(b) A-4, B-1, C-2, D-3	Mughals	Remember it like: A, SJ, NJ, HBB: the ladies built the tombs.	https://en.wikipedia.org/wiki/Buland_Darwaza; https://en.wikipedia.org/wiki/Tomb_of_I%27timad-ud-Daulah; https://en.wikipedia.org/wiki/Humayun%27s_Tomb	V1
55	(c) Lachit Borphukan	Mughals	Lachit Borphukan led the Ahom navy and army on the Brahmaputra against Ram Singh. Remember it like: L for Lachit, L for Led from the Left bank.	https://en.wikipedia.org/wiki/Battle_of_Saraighat; NCERT textbook	V1
56	(d) 1674	Marathas	The coronation was on 6 June 1674 (Gaga Bhatt performed it). Remember it like: sixteen-seventy-four, Raigad's door.	https://en.wikipedia.org/wiki/Shivaji; NCERT textbook	V1
57	(d) Raja Jai Singh I	Marathas	Shivaji ceded 23 forts to the Mughals, represented by Jai Singh I of Amber. Remember it like: Purandar = forts handed over, then Agra, then escape.	https://en.wikipedia.org/wiki/Treaty_of_Purandar; NCERT textbook; https://en.wikipedia.org/wiki/Treaty_of_Purandar_(1665)	V1
58	(b) One-fourth of the revenue	Marathas	Chauth = one-fourth (chau = four); sardeshmukhi was an additional one-tenth. Remember it like: Chauth sounds like chaar (four).	https://en.wikipedia.org/wiki/Chauth; NCERT textbook	V1
59	(c) Ahmad Shah Abdali	Marathas	Abdali (Durrani) won, with Afghan, Rohilla and Awadh support. The Maratha power in the north weakened. Remember it like: Third Panipat = Abdali ended the Maratha charge.	https://en.wikipedia.org/wiki/Third_Battle_of_Panipat; NCERT textbook	V1

Q	Ans	Tag	Explanation	Sources	Status
60	(c) Anandpur Sahib	Sikhs	The Khalsa was founded at Anandpur Sahib on Baisakhi 1699 with the Panj Pyare. Remember it like: Baisakhi, Anandpur, five beloved ones.	https://en.wikipedia.org/wiki/Khalsa; NCERT textbook	V1
61	(b) 1498	Europeans	Vasco da Gama landed near Calicut in May 1498 after the sea route round the Cape of Good Hope. Remember it like: 1498, the year India got a sea-route "gate" for Europe. Zamorin of Calicut welcomed him at first.	https://en.wikipedia.org/wiki/Vasco_da_Gama; NCERT textbook	V1
62	(d) Battle of Wandiwash (1760)	Europeans	At Wandiwash in 1760 Sir Eyre Coote defeated the French under Count de Lally. The Treaty of Paris (1763) then left France only trading posts such as Pondicherry. Remember it like: Wandiwash = the French Wandered away.	https://en.wikipedia.org/wiki/Battle_of_Wandiwash; NCERT textbook	V1
63	(a) A - D - B - C	Company	Plassey (1757) gave political foothold, Buxar (1764) the military clincher, Allahabad (1765) the Diwani of Bengal, Bihar and Orissa, and the Regulating Act (1773) the first parliamentary leash. Remember it like: 57, 64, 65, 73: P-B-A-R, "Pehle Bengal Ab Rest of India".	https://en.wikipedia.org/wiki/Battle_of_Plassey; https://en.wikipedia.org/wiki/Battle_of_Buxar; https://en.wikipedia.org/wiki/Treaty_of_Allahabad; https://en.wikipedia.org/wiki/Regulating_Act_of_1773	V1
64	(c) Mughal Emperor Shah Alam II	Company	Three-party alliance: Mir Qasim (Bengal), Shuja-ud-Daulah (Awadh) and the Mughal emperor Shah Alam II. Major Hector Munro led the Company army. Remember it like: Buxar = Big Three lost to one Company.	https://en.wikipedia.org/wiki/Battle_of_Buxar; NCERT textbook; https://en.wikipedia.org/wiki/Shah_Alam_II	V1
65	(b) Shah Alam II	Company	After Buxar, Robert Clive got the Diwani from the Mughal emperor Shah Alam II through the Treaty of Allahabad (1765). It started the Dual System of Government in Bengal. Remember it like: Diwani = Dual system, dhoka to the Dewan.	https://en.wikipedia.org/wiki/Treaty_of_Allahabad; NCERT textbook	V1
66	(d) Warren Hastings	Company	The Regulating Act of 1773 created the Governor-General of Bengal (with a council of four) and a Supreme Court at Calcutta in 1774. Warren Hastings was the first. Remember it like: Regulating = Rule-book; Hastings = "Hasting" to hold the first chair.	https://en.wikipedia.org/wiki/Regulating_Act_of_1773; https://en.wikipedia.org/wiki/Warren_Hastings	V1
67	(d) Board of Control	Company	Pitt's India Act created the Board of Control in London, giving the British government the political say, while commercial matters stayed with the Company's Court of Directors (the dual system). Remember it like: Pitt = Politics, Company = Commerce.	https://en.wikipedia.org/wiki/Pitt%27s_India_Act; NCERT textbook	V1
68	(a) 1 and 2 only	Company	1833 (Bentinck became the first Governor-General of India), 1853 (open competition for the civil service, in practice from 1854). The 1813 Act ended the monopoly of Indian trade, but the Company kept tea and the China trade. Remember it like: 13 = India trade free, China and Chai still theirs.	https://en.wikipedia.org/wiki/Charter_Act_of_1833; https://en.wikipedia.org/wiki/Charter_Act_of_1813; https://en.wikipedia.org/wiki/Charter_Act_of_1853; https://en.wikipedia.org/wiki/Indian_Civil_Service_(British_India)	V1
69	(a) Treaty of Mangalore	Mysore	The Treaty of Mangalore (11 March 1784) was signed at Mangalore by Tipu Sultan and the Company's commissioners (Sadlier, Staunton and Hudleston) and ended the Second Anglo-Mysore War. Madras (1769) ended the First war, Seringapatam (1792) the Third, and Salbai (1782) was with the Marathas. Remember it like: Mangalore = Mysore ended 2nd round, the Company came to Tipu's coast to beg for peace.	https://en.wikipedia.org/wiki/Treaty_of_Mangalore	V1

Q	Ans	Tag	Explanation	Sources	Status
70	(c) Only three	Mysore	Both sides handed back what they had grabbed: Tipu gave up the Carnatic forts (except Amboorgur and Satgur, which came after) and freed prisoners; the English returned Onore, Carwar, Sadasewgude, Caroor, Avaracourchy, Daraporam (as spelt in the treaty) and Dindigul, and Cannanore went back to its Queen (Ali Raja Biby). Tipu also confirmed the Company's trade privileges and returned Calicut factory and Mount Dilly. The half-kingdom plus indemnity belongs to the 1792 Treaty of Seringapatam, not 1784. Remember it like: Mangalore = Mutual give-back, Seringapatam = Seriously punished.	https://en.wikipedia.org/wiki/Treaty_of_Mangalore	V1
71	(a) Both A and R are true and R is the correct explanation of A	Mysore	Both are true, and the commissioners having to come to Tipu's ground is the reason the treaty looked humiliating. The embarrassment fed into Pitt's India Act (1784). Remember it like: Madras ke saahab ko Mangalore aana pada, that is the "ouch".	https://en.wikipedia.org/wiki/Treaty_of_Mangalore	V1
72	(b) A-4, B-1, C-2, D-3	Mysore	The first three treaties end the first three Mysore wars in order; the Fourth war (1799) ended with the fall of Seringapatam. Salbai (1782) closed the First Anglo-Maratha War. Remember it like: 69-84-92 = 1-2-3.	https://en.wikipedia.org/wiki/Treaty_of_Madras_(1769); https://en.wikipedia.org/wiki/Treaty_of_Mangalore; https://en.wikipedia.org/wiki/Treaty_of_Seringapatam; https://en.wikipedia.org/wiki/Treaty_of_Salbai; https://en.wikipedia.org/wiki/First_Anglo-Mysore_War	V1
73	(c) A - C - B - D	Mysore	The Mysore story: Hyder Ali forced Madras (1769), Tipu forced Mangalore (1784), Cornwallis forced Seringapatam (1792) and Wellesley ended it all in 1799. Remember it like: 69, 84, 92, 99: climbing the staircase, then the Tiger falls.	https://en.wikipedia.org/wiki/Treaty_of_Madras_(1769); https://en.wikipedia.org/wiki/Treaty_of_Mangalore; https://en.wikipedia.org/wiki/Treaty_of_Seringapatam; https://en.wikipedia.org/wiki/Fourth_Anglo-Mysore_War	V1
74	(a) surrender about half of his territory and give two sons as hostages	Mysore	Cornwallis forced Tipu to give up roughly half of his kingdom to the Company, the Marathas and the Nizam and pay a large indemnity; two of his sons were kept as hostages. Remember it like: 1792 = Seriously punished, Sons as security.	https://en.wikipedia.org/wiki/Treaty_of_Seringapatam; NCERT textbook	V1
75	(d) Krishnaraja Wodeyar III	Mysore	After Tipu fell in the Fourth Anglo-Mysore War, Lord Wellesley restored the Wodeyars with the boy Krishnaraja Wodeyar III under a Subsidiary Alliance. Remember it like: Tipu out, Wodeyar back, Dewan Purnaiah to run it.	https://en.wikipedia.org/wiki/Krishnaraja_Wodeyar_III; https://en.wikipedia.org/wiki/Fourth_Anglo-Mysore_War	V1
76	(c) A-1, B-4, C-3, D-2	Policies	Wellesley (1798 onwards), Dalhousie (1848-56), Cornwallis (1793) and Thomas Munro (Madras). Remember it like: W-S, D-L, C-P, M-R: "Wellesley Subsidises, Dalhousie Lapses, Cornwallis Permanently settles, Munro Ryot-wari".	https://en.wikipedia.org/wiki/Subsidiary_alliance; https://en.wikipedia.org/wiki/Doctrine_of_lapse; https://en.wikipedia.org/wiki/Permanent_Settlement; https://en.wikipedia.org/wiki/Ryotwari_system	V1
77	(a) 1 and 2 only	Policies	It was a pay-for-protection scheme: a permanent Company force at the ruler's cost, a Resident at the court, and no other Europeans without consent. Remember it like: Subsidiary = Substitute of your army, Soldiers Stay, Sovereignty Sinks.	https://en.wikipedia.org/wiki/Subsidiary_alliance; NCERT textbook	V1

Q	Ans	Tag	Explanation	Sources	Status
78	(b) Satara	Policies	Satara was annexed in 1848. Jhansi (1853) and Nagpur (1854) followed. Awadh was annexed in 1856 on grounds of misgovernance, not Lapse. Remember it like: S for Satara, S for Start.	https://en.wikipedia.org/wiki/Doctrine_of_lapse; https://en.wikipedia.org/wiki/Satara_State	V1
79	(c) Only three	Land	Permanent Settlement: zamindars as owners, state demand fixed forever. The Mahalwari system (village-wise) was brought to the North-Western Provinces and Punjab, with Holt Mackenzie, not Bengal in 1793. Remember it like: Permanent = Fixed, Zamindar = Zameen-ka-Malik, Mahalwari = Mahal (village) based.	https://en.wikipedia.org/wiki/Permanent_Settlement; https://en.wikipedia.org/wiki/Mahalwari_system	V1
80	(a) Both A and R are true and R is the correct explanation of A	Land	Both true: with the state's share fixed and the zamindar free to raise rent, peasants carried the squeeze, and the zamindars who failed to pay lost estates at sunset. Remember it like: fixed on top, floating below, the peasant is the sandwich filling.	https://en.wikipedia.org/wiki/Permanent_Settlement; NCERT textbook	V1
81	(d) English education in India	Education	Wood's Despatch proposed universities at Calcutta, Bombay and Madras (set up in 1857), a Department of Public Instruction in each province, and vernacular schools. Remember it like: Wood = Warm education, a Magna Carta for classrooms.	https://en.wikipedia.org/wiki/Wood%27s_Despatch; NCERT textbook; https://www.learnthrupractice.com/upsc-glossary/history/wood-s-despatch-1854	V1
82	(c) Meerut	Revolt1857	The sepoys of Meerut revolted on 10 May 1857 and marched to Delhi, proclaiming Bahadur Shah Zafar as emperor. Remember it like: Meerut = Mutiny starts, Delhi = Declares the Emperor.	https://en.wikipedia.org/wiki/Indian_Rebellion_of_1857; NCERT textbook	V1
83	(d) All four	Revolt1857	All four are true: greased cartridges, Mangal Pandey at Barrackpore, Bahadur Shah at Delhi as symbolic leader, and the Sikh and Gurkha units mostly stayed loyal. Remember it like: Cartridge, Pandey, Zafar, Sikhs: C-P-Z-S.	https://en.wikipedia.org/wiki/Indian_Rebellion_of_1857; https://en.wikipedia.org/wiki/Mangal_Pandey	V1
84	(b) A-4, B-2, C-3, D-1	Revolt1857	Rani Lakshmibai led Jhansi, Begum Hazrat Mahal Lucknow (Awadh), Nana Sahib Kanpur and Kunwar Singh in Bihar around Jagdishpur (Arrah). Remember it like: LJ, HL, NK, KJ: "Lakshmibai Jhansi, Hazrat Lucknow".	https://en.wikipedia.org/wiki/Indian_Rebellion_of_1857; https://en.wikipedia.org/wiki/Kunwar_Singh; https://en.wikipedia.org/wiki/Begum_Hazrat_Mahal	V1
85	(a) the British Crown	Revolt1857	After the Revolt, the Act of 1858 ended Company rule, created the Secretary of State for India with a Council of India, and made the Governor-General a Viceroy. Lord Canning read Queen Victoria's Proclamation at Allahabad on 1 November 1858. Remember it like: 1857 revolt, 1858 Raj begins: one year later, the Crown moves in.	https://en.wikipedia.org/wiki/Government_of_India_Act_1858; NCERT textbook	V1
86	(d) Lord Canning	Revolt1857	Lord Canning was the last Governor-General (since 1856) and the first Viceroy. He read Queen Victoria's Proclamation at Allahabad. Remember it like: Canning "canned" the Company.	https://en.wikipedia.org/wiki/Charles_Canning,_1st_Earl_Canning; NCERT textbook	V1
87	(c) Only two	Revolt1857	Company rule ended: the Crown took the territories, treaties and assets, the Secretary of State took over the powers of the Court of Directors, and a fifteen-member council advised him. The Court of Directors did not survive. Remember it like: 1858 = the Company gets its pink slip, the Crown gets the keys.	https://en.wikipedia.org/wiki/Government_of_India_Act_1858	V1
88	(b) Lord Dalhousie	Punjab	After the Second Anglo-Sikh War, Dalhousie annexed the Punjab and the child Maharaja	https://en.wikipedia.org/wiki/Second_Anglo-Sikh_War; NCERT textbook	V1

Q	Ans	Tag	Explanation	Sources	Status
			Duleep Singh was pensioned off. Remember it like: Dalhousie = Dukaan band for Punjab, 1849.		
89	(a) the Marathas and the Nizam of Hyderabad	Mysore	Cornwallis formed an alliance with the Marathas and the Nizam against Tipu, who had attacked Travancore, a Company ally. Remember it like: Triple Alliance = Company plus Maratha plus Nizam (3-sided cricket).	https://en.wikipedia.org/wiki/Third_Anglo-Mysore_War	V1
90	(c) Raja Ram Mohan Roy	Reform	Raja Ram Mohan Roy (the "Father of the Indian Renaissance") started it in 1828, after his Atmiya Sabha. His campaign helped Bentinck ban sati in 1829. Remember it like: Roy = Reform Of Yore, 1828 and Brahmo.	https://en.wikipedia.org/wiki/Brahmo_Samaj; https://en.wikipedia.org/wiki/Ram_Mohan_Roy	V1
91	(c) A-4, B-3, C-1, D-2	Reform	Arya Samaj (1875, Bombay), Ramakrishna Mission (1897), Satyashodhak Samaj (1873, Pune) and the Aligarh Movement with the Mohammedan Anglo-Oriental College (1875). Remember it like: D-A, V-R, P-S, S-A: "Dayanand Arya, Vivekananda Ramakrishna".	https://en.wikipedia.org/wiki/Arya_Samaj; https://en.wikipedia.org/wiki/Ramakrishna_Mission; https://en.wikipedia.org/wiki/Satyashodhak_Samaj; https://en.wikipedia.org/wiki/Aligarh_Movement	V1
92	(a) 1 and 2 only	Reform	Sati banned 1829 (Regulation XVII); Widow Remarriage Act 1856 (Vidyasagar); Age of Consent Act 1891 raised the age from 10 to 12 (not 12 to 14); the Sarda Act of 1929 later set the minimum marriage age at 14 for girls. Remember it like: 29 Sati, 56 Widow, 91 Consent: 10 to 12 = a "Tweak" not a "Teen".	https://en.wikipedia.org/wiki/Bengal_Sati_Regulation,_1829; https://en.wikipedia.org/wiki/Hindu_Widows%27_Remarriage_Act_1856; https://en.wikipedia.org/wiki/Age_of_Consent_Act,_1891; https://en.wikipedia.org/wiki/Ishwar_Chandra_Vidyasagar	V1
93	(b) Jyotirao Phule	Reform	Phule set up the Samaj in Pune and wrote Gulamgiri. Savitribai Phule ran girls' schools with him. Remember it like: Phule = Fighter for equal fruit of knowledge.	https://en.wikipedia.org/wiki/Satyashodhak_Samaj; https://en.wikipedia.org/wiki/Jyotirao_Phule	V1
94	(a) Atmaram Pandurang	Reform	Atmaram Pandurang started it, and M. G. Ranade and R. G. Bhandarkar made it famous. Remember it like: Prarthana = Prayer-Pandurang.	https://en.wikipedia.org/wiki/Prarthana_Samaj	V1
95	(d) 1893	Reform	Vivekananda made his famous Chicago address in 1893 (Sisters and Brothers of America), and founded the Ramakrishna Mission in 1897. Remember it like: 93 Chicago, 97 Mission: 4 years apart.	https://en.wikipedia.org/wiki/Swami_Vivekananda	V1
96	(a) W. C. Bonnerjee	Moderates	A. O. Hume, a retired civil servant, helped to found the Congress; the first president, at Gokuldas Tejpal Sanskrit College, Bombay, was W. C. Bonnerjee. Remember it like: Hume = Host-founder, Bonnerjee = Boss (president).	https://en.wikipedia.org/wiki/Indian_National_Congress; https://en.wikipedia.org/wiki/Womesh_Chunder_Bonnerjee	V1
97	(b) Dadabhai Naoroji	Moderates	Naoroji's book (1901) argued that wealth was being drained from India to Britain; R. C. Dutt later wrote the Economic History of India. Remember it like: Naoroji = Noted drain, Dutt = Data-sheet.	https://en.wikipedia.org/wiki/Dadabhai_Naoroji; https://en.wikipedia.org/wiki/Drain_of_wealth	V1
98	(d) Badruddin Tyabji	Moderates	Badruddin Tyabji presided at Madras in 1887. Remember it like: 1885 Hindu (Bonnerjee), 1886 Parsi (Naoroji), 1887 Muslim (Tyabji): three presidents, three communities.	https://en.wikipedia.org/wiki/Badruddin_Tyabji	V1
99	(c) C - A - B - D	Extremists	Curzon partitioned Bengal (16 Oct 1905), the Muslim League was formed at Dhaka (1906), the Congress split at Surat (1907) and the Morley-Minto reforms gave separate electorates (1909). Remember it like: 05, 06, 07, 09: the odd years run, 08 skipped.	https://en.wikipedia.org/wiki/Partition_of_Bengal_(1905); https://en.wikipedia.org/wiki/All-India_Muslim_League; https://en.wikipedia.org/wiki/Surat_Split; https://	V1

Q	Ans	Tag	Explanation	Sources	Status
				en.wikipedia.org/wiki/Indian_Councils_Act_1909	
100	(a) Both A and R are true and R is the correct explanation of A	Extremists	Both true; R explains A. The Extremists (Tilak, Bipin Chandra Pal, Lala Lajpat Rai) wanted a wider boycott and swaraj, while the Moderates wanted constitutional methods. Remember it like: Lal-Bal-Pal vs Gokhale-Naoroji: two schools, one classroom, Surat broke it.	https://en.wikipedia.org/wiki/Surat_Split	V1
101	(c) Only three	Extremists	1909 gave separate electorates for Muslims, bigger councils, and an Indian (S. P. Sinha) in the Viceroy's Executive Council. Dyarchy came with the Government of India Act 1919. Remember it like: Minto = Muslim electorates, Montagu = Mid-level dyarchy.	https://en.wikipedia.org/wiki/Indian_Councils_Act_1909; https://en.wikipedia.org/wiki/Satyendra_Prasanno_Sinha	V1
102	(d) San Francisco	Revolutionary	The Ghadar Party, with Sohan Singh Bhakna as president and Lala Har Dayal as a key organiser, was founded at San Francisco. Remember it like: Ghadar = San Francisco, Sikh farmers abroad.	https://en.wikipedia.org/wiki/Ghadar_Party	V1
103	(a) 1915	Gandhi	Gandhi landed at Bombay on 9 January 1915 (now observed as Pravasi Bharatiya Divas). Remember it like: 1915 = Gandhi comes home, nine-one-fifteen.	https://en.wikipedia.org/wiki/Mahatma_Gandhi; https://en.wikipedia.org/wiki/Pravasi_Bharatiya_Divas	V1
104	(c) Only three	Gandhi	At Lucknow (1916), the Congress and the League agreed on joint demands; the Congress accepted separate electorates; Moderates and Extremists were reunited. The session president was Ambica Charan Mazumdar, not Besant (Besant was president in 1917). Remember it like: 1916 Lucknow = Love between Congress and League, Mazumdar presides.	https://en.wikipedia.org/wiki/Lucknow_Pact; https://en.wikipedia.org/wiki/Ambica_Charan_Mazumdar	V1
105	(b) D - A - C - B	Gandhi	Champaran (1917) was Gandhi's first satyagraha in India; Rowlatt Act (March 1919); the Non-Cooperation Movement was launched in 1920; Chauri Chaura (4 February 1922) made him suspend it. Remember it like: 17, 19, 20, 22: the movement grows fast and breaks at 22.	https://en.wikipedia.org/wiki/Champaran_Satyagraha; https://en.wikipedia.org/wiki/Rowlatt_Acts; https://en.wikipedia.org/wiki/Non-cooperation_movement; https://en.wikipedia.org/wiki/Chauri_Chaura_incident; https://en.wikipedia.org/wiki/Non-Cooperation_Movement	V1
106	(c) the Jallianwala Bagh massacre	Gandhi	The Hunter Commission looked into the Jallianwala Bagh firing at Amritsar on 13 April 1919 ordered by General Dyer. Tagore returned his knighthood in protest. Remember it like: Hunter hunts for the facts of Jallianwala.	https://en.wikipedia.org/wiki/Hunter_Commission; https://en.wikipedia.org/wiki/Jallianwala_Bagh_massacre	V1
107	(a) suspend the Non-Cooperation Movement	Gandhi	The burning of a police station at Chauri Chaura (Uttar Pradesh) on 4 February 1922 pushed Gandhi to call off the movement. Remember it like: violence at Chauri = Gandhi says "Chhodo".	https://en.wikipedia.org/wiki/Chauri_Chaura_incident	V1
108	(c) C. R. Das and Motilal Nehru	Gandhi	After the Non-Cooperation Movement ended, Chittaranjan Das and Motilal Nehru formed the Congress-Khilafat Swaraj Party in January 1923. Remember it like: Das + Motilal = Council entry.	https://en.wikipedia.org/wiki/Swaraj_Party	V1
109	(d) Ali brothers, Muhammad Ali and Shaukat Ali	Gandhi	The Khilafat Committee leaders were the brothers Muhammad Ali and Shaukat Ali, who worked with Gandhi on Non-Cooperation. Remember it like: Khilafat = the Ali brothers, two Alis one cause.	https://en.wikipedia.org/wiki/Khilafat_movement; https://en.wikipedia.org/wiki/Ali_brothers; https://en.wikipedia.org/wiki/Khilafat_Movement	V1

Q	Ans	Tag	Explanation	Sources	Status
110	(b) it had no Indian member	Constitution	All seven members were British, so Indians raised the slogan "Simon Go Back". Lala Lajpat Rai was hit in a lathi charge at Lahore in 1928 and died later. Remember it like: Simon = Seven white men, Zero Indians.	https://en.wikipedia.org/wiki/Simon_Commission; https://en.wikipedia.org/wiki/Lala_Lajpat_Rai	V1
111	(b) Motilal Nehru	Constitution	It was a reply to the challenge from Lord Birkenhead to draft a constitution acceptable to all; it demanded dominion status and joint electorates. Remember it like: Nehru Report = Motilal Nehru, the father drafted, the son declared Purna Swaraj next year.	https://en.wikipedia.org/wiki/Nehru_report; https://en.wikipedia.org/wiki/Nehru_Report	V1
112	(a) Jawaharlal Nehru	Constitution	Nehru presided at Lahore (on the banks of the Ravi); the tricolour was hoisted and 26 January 1930 was observed as Independence Day. Remember it like: 1929 Lahore, 26 January = the day we later picked for the Republic.	https://en.wikipedia.org/wiki/Purna_Swaraj; https://en.wikipedia.org/wiki/Jawaharlal_Nehru	V1
113	(c) Sabarmati Ashram, Ahmedabad	CDM	The march began on 12 March 1930 from Sabarmati, ran about 24 days and ended on 6 April 1930 at Dandi, where he picked up salt. Remember it like: Sabarmati to Sea: 12 March - 6 April.	https://en.wikipedia.org/wiki/Salt_March; https://www.pib.gov.in/Pressreleaseshare.aspx?PRID=1661506	V
114	(c) Both 1 and 2	CDM	Gandhi-Irwin (5 March 1931) suspended the movement and Gandhi represented the Congress at the Second Round Table Conference in London; the Communal Award (August 1932) gave separate electorates to the depressed classes, which Gandhi opposed. Remember it like: Irwin Invited Gandhi to London; MacDonald Divided.	https://en.wikipedia.org/wiki/Gandhi%E2%80%93Irwin_Pact; https://en.wikipedia.org/wiki/Communal_Award	V1
115	(a) Both A and R are true and R is the correct explanation of A	CDM	Both true; R explains A. The pact was signed between Ambedkar and Gandhi's supporters, ending the fast in September 1932. Remember it like: Gandhi fasts, Ambedkar and Poona sign.	https://en.wikipedia.org/wiki/Poona_Pact	V1
116	(d) A-2, B-1, C-4, D-3	CDM	1929 (Lahore), 1930 (Dandi), 1932 (Poona), 1942 (Quit India, adopted on 8 August 1942 at Gowalia Tank). Remember it like: 29 Lahore, 30 Dandi, 32 Poona, 42 Quit.	https://en.wikipedia.org/wiki/Purna_Swaraj; https://en.wikipedia.org/wiki/Salt_March; https://en.wikipedia.org/wiki/Poona_Pact; https://en.wikipedia.org/wiki/Quit_India_Movement	V1
117	(c) Feroz Shah Kotla, Delhi	Revolutionary	The HSRA grew out of the Hindustan Republican Association and was reorganised at Feroz Shah Kotla in September 1928. Remember it like: Kotla = Kranti ground.	https://en.wikipedia.org/wiki/Hindustan_Socialist_Republican_Associatio	V1
118	(c) Only three	Constitution	The 1935 Act introduced provincial autonomy and dyarchy at the Centre (not provinces), proposed a Federation (which never came into force), and continued separate electorates. Much of the Constitution of India draws on it. Remember it like: 1935 = Federation dream, Provinces Powers, but the Federation never took off.	https://en.wikipedia.org/wiki/Government_of_India_Act_1935	V1
119	(b) Do or Die	Quit	Gandhi gave the call "Do or Die" at Gowalia Tank Maidan, Bombay; the next day top leaders were arrested and Aruna Asaf Ali hoisted the flag. Remember it like: Karenge ya Marenge = Do or Die.	https://en.wikipedia.org/wiki/Quit_India_Movement; https://www.pib.gov.in/FeaturesDeatils.aspx?ModuleId+=+2&NoteId=150124	V
120	(d) Singapore	Quit	Bose revived the Indian National Army (INA) with Rash Behari Bose's support and proclaimed the Provisional Government on 21 October 1943 in	https://en.wikipedia.org/wiki/Azad_Hind; https://	V1

Q	Ans	Tag	Explanation	Sources	Status
			Singapore. Remember it like: Delhi Chalo, from Singapore.	en.wikipedia.org/wiki/Indian_National_Army	
121	(a) Lord Mountbatten	Quit	The three members were Pethick-Lawrence (Secretary of State for India), Stafford Cripps and A. V. Alexander. Mountbatten arrived as Viceroy in March 1947. Remember it like: Cabinet Mission = P-C-A, Mountbatten = Man of 1947.	https://en.wikipedia.org/wiki/1946_Cabinet_Mission_to_India	V1
122	(c) Only three	Independence	The Act was passed by the British Parliament (received assent on 18 July 1947). British suzerainty over the princely states lapsed on 15 August 1947 and they could decide to join either dominion. Remember it like: 3 June plan, 18 July law, 15 August freedom: 3-18-15.	https://en.wikipedia.org/wiki/Indian_Independence_Act_1947; https://en.wikipedia.org/wiki/Mountbatten_Plan	V1
123	(b) Madhya Pradesh	Art	Sanchi sits near Vidisha in Madhya Pradesh. Ashoka started the stupa in the 3rd century BCE and the ornate toranas came later (1st century BCE); UNESCO listed it in 1989. Remember it like: Sanchi = Stone-gate Story, in MP's heart.	https://whc.unesco.org/en/list/524; https://en.wikipedia.org/wiki/Sanchi	V
124	(a) 1 and 2 only	Art	Ajanta: Satavahana phase (2nd-1st century BCE) and Vakataka phase (5th century CE). Ellora is the multi-religion site: Buddhist (caves 1-12), Hindu (13-29) and Jain (30-34), and the Kailasa temple (cave 16) is in the Hindu/Brahmanical group, not the Buddhist one. Both were listed by UNESCO in 1983. Remember it like: Ajanta = Ek dharm (Buddhist) paintings; Ellora = teen dharm teen groups.	https://whc.unesco.org/en/list/242; https://whc.unesco.org/en/list/243; https://en.wikipedia.org/wiki/Ellora_Caves; https://en.wikipedia.org/wiki/Kailasa_temple,_Ellora	V
125	(d) Krishna I	Art	Krishna I (r. 756-773) is credited with the Kailasa temple. Dantidurga founded the dynasty, so he is the tempting wrong one. Remember it like: Kailasa = Krishna, K for K.	https://en.wikipedia.org/wiki/Kailasa_temple,_Ellora; https://whc.unesco.org/en/list/243	V
126	(a) Both A and R are true and R is the correct explanation of A	Art	Both are true, and the reason is exactly why it is called monolithic: it was cut out of one cliff rather than built from blocks. It is a Hindu (Shaiva) temple of the Rashtrakuta period. Remember it like: not built up, but carved down, like sculpting a whole house out of one dosa-stone.	https://en.wikipedia.org/wiki/Kailasa_temple,_Ellora; https://whc.unesco.org/en/list/243	V
127	(c) A-3, B-1, C-4, D-2	Art	Kailasa (Rashtrakutas), Kandariya Mahadeva (Chandelas, c. 1030), Shore Temple (Pallavas, Narasimhavarman II Rajasimha) and Modhera Sun Temple (Chaulukya king Bhima I, 1026-27). Remember it like: R-K, C-K, P-S, S-M: "Rashtrakuta-Kailasa, Chandela-Khajuraho, Pallava-Pattan-by-the-sea, Solanki-Sun".	https://whc.unesco.org/en/list/249; https://whc.unesco.org/en/list/240; https://en.wikipedia.org/wiki/Modhera_Sun_Temple; https://en.wikipedia.org/wiki/Kandariya_Mahadeva_Temple; https://en.wikipedia.org/wiki/Shore_Temple; https://en.wikipedia.org/wiki/Kailasa_temple,_Ellora; https://en.wikipedia.org/wiki/Khajuraho_Group_of_Monuments	V
128	(a) Narasimhadeva I	Art	UNESCO dates Konark to the reign of Narasimha Deva I (1238-1264) of the Eastern Ganga dynasty. Chodaganga is the 12th-century builder of the Puri Jagannath temple, a favourite trap. Remember it like: Konark = 13th century, Narasimha: the Sun chariot has 24 wheels, one for each hour.	https://whc.unesco.org/en/list/246; https://en.wikipedia.org/wiki/Konark_Sun_Temple	V
129	(c) Only three	Art	Nagara = north, curvilinear shikhara; Dravida = south, vimana and gopuram; Vesara = Deccan blend (Chalukyan and Hoysala work in Karnataka). Khajuraho is Nagara, so the last statement is	https://en.wikipedia.org/wiki/Indian_temple_architecture; https://en.wikipedia.org/wiki/Kandariya_Mahadeva_Temple;	V1

Q	Ans	Tag	Explanation	Sources	Status
			wrong. Remember it like: N-orth Nagara, D-own South Dravida, V-ery mixed Vesara.	https://en.wikipedia.org/wiki/Vesara; https://en.wikipedia.org/wiki/Khajuraho_Group_of_Monuments	
130	(c) A-4, B-2, C-3, D-1	Art	Gandhara blended Greek and Buddhist ideas (Kushana era), Mathura was home-grown and used spotted red sandstone, Amaravati carved the Buddha's story on stupa panels in Andhra, and Pahari (Kangra, Basohli) is miniature painting of the Himalayan hills. Remember it like: G-Greek, M-Mathura-mitti (red), A-Andhra story, P-Pahar.	https://en.wikipedia.org/wiki/Gandhara; https://en.wikipedia.org/wiki/Art_of_Mathura; https://en.wikipedia.org/wiki/Amaravati_Stupa; https://en.wikipedia.org/wiki/Pahari_painting	V1
131	(d) a prayer hall with a stupa at its far end	Art	A chaitya hall houses a small stupa for worship (Karla is a classic example); a vihara is the monks' residence. Remember it like: chaitya = Chant-here, vihara = Visit-and-stay.	https://en.wikipedia.org/wiki/Chaitya; https://en.wikipedia.org/wiki/Vihara	V1
132	(b) Shiva	Art	UNESCO describes Elephanta as a collection of rock art linked to the cult of Shiva (inscribed 1987). The three-faced Sadashiva/Maheshamurti is the star. Remember it like: Elephanta = Elephant-sized Shiva.	https://whc.unesco.org/en/list/244; https://en.wikipedia.org/wiki/Elephanta_Caves	V
133	(a) lost-wax (cire perdue) process	Art	Chola artists cast their bronzes by the lost-wax technique: a wax model, a clay coating, melt the wax out, pour the metal. Remember it like: wax goes, bronze comes.	https://en.wikipedia.org/wiki/Chola_art; https://en.wikipedia.org/wiki/Nataraja	V1
134	(c) Gujarat	Art	The Buland Darwaza ("Gate of Magnificence") marks Akbar's Gujarat victory (1573) and stands in Fatehpur Sikri, which UNESCO says Akbar built in the second half of the 16th century. Remember it like: Buland = Big win = Gujarat.	https://en.wikipedia.org/wiki/Buland_Darwaza; https://whc.unesco.org/en/list/255	V
135	(a) 2016	Art	Nalanda was inscribed in July 2016. Remember it like: Nalanda = 20-16, 'Twenty-Sixteen scroll'.	https://whc.unesco.org/en/list/1502; https://en.wikipedia.org/wiki/Nalanda	V
136	(b) 2000	Culture	Sattriya, associated with Sankardeva's neo-Vaishnavite movement, was given classical status in 2000, making it the eighth form recognised by the Akademi. Remember it like: Sattriya = Satta (power) of the sattra, year 2000.	https://en.wikipedia.org/wiki/Sattriya; https://en.wikipedia.org/wiki/Indian_classical_dance	V1
137	(d) A-4, B-3, C-1, D-2	Culture	Kuchipudi (Andhra), Odissi (Odisha), Mohiniyattam (Kerala, the dance of the enchantress) and Bharatanatyam (Tamil Nadu). Remember it like: K-A, O-O, M-K, B-T: "Kuch Andhra, Odissi Odisha".	https://en.wikipedia.org/wiki/Indian_classical_dance; https://en.wikipedia.org/wiki/Kuchipudi	V1
138	(a) 1 and 2 only	Culture	Natyashastra: Bharata Muni. Kathak: story-tellers (kathakars) of north India. Kuchipudi is from Andhra Pradesh; Odissi is the Odisha form. Remember it like: Kathak = Katha (story) + k, Kuchipudi = Krishna-Andhra.	https://en.wikipedia.org/wiki/Natya_Shastra; https://en.wikipedia.org/wiki/Kathak; https://en.wikipedia.org/wiki/Kuchipudi	V1
139	(c) Only three	Culture	The Carnatic trinity is Tyagaraja, Dikshitar and Syama Sastri. Purandara Dasa (Karnataka) is the Pitamaha. Tansen sang in Akbar's court. Dhrupad belongs to the Hindustani tradition. Remember it like: Carnatic = Cauvery side, Dhrupad = Delhi side.	https://en.wikipedia.org/wiki/Carnatic_music; https://en.wikipedia.org/wiki/Tansen; https://en.wikipedia.org/wiki/Dhrupad	V1
140	(a) Akbar	Culture	Akbar commissioned the Hamzanama in the 1560s-70s, a landmark of early Mughal painting that blended Persian and Indian styles. Remember it like: Hamza = Hum Akbar ka.	https://en.wikipedia.org/wiki/Hamzanama	V1
141	(a) 1 and 2 only	Culture			V1

Q	Ans	Tag	Explanation	Sources	Status
			Humayun's Persian masters started the Mughal atelier; Jahangir's period is famous for naturalism (Ustad Mansur); Aurangzeb is remembered for withdrawing patronage, not for a peak. Remember it like: Humayun brings, Akbar builds, Jahangir observes, Aurangzeb closes.	https://en.wikipedia.org/wiki/Mughal_painting; https://en.wikipedia.org/wiki/Mir_Sayyid_Ali	
142	(c) A-1, B-3, C-2, D-4	Culture	Warli (Warli tribe, Maharashtra), Pattachitra (cloth scroll painting, Odisha), Madhubani (Mithila, Bihar) and Kalamkari (Srikalahasti and Machilipatnam, Andhra). Remember it like: W-M, P-O, M-M, K-A.	https://en.wikipedia.org/wiki/Warli_painting; https://en.wikipedia.org/wiki/Pattachitra; https://en.wikipedia.org/wiki/Madhubani_art; https://en.wikipedia.org/wiki/Kalamkari	V1
143	(d) J. N. Chaudhuri	End	Major General J. N. Chaudhuri led the army column and then served as Military Governor of Hyderabad (1948-49). Remember it like: Chaudhuri = Chowkidar of Charminar's city after the charge.	https://en.wikipedia.org/wiki/Operation_Polo; https://en.wikipedia.org/wiki/Jayanto_Nath_Chaudhuri	V1
144	(b) a plebiscite held in February 1948	End	The Nawab fled, the Dewan invited India in, and a plebiscite in February 1948 overwhelmingly voted for India. Remember it like: Junagadh = Janata ne vote kiya.	https://en.wikipedia.org/wiki/Junagadh_State; https://en.wikipedia.org/wiki/Indian_integration_of_princely_states	V1
145	(c) Only three	End	Menon and Patel did the legwork of integration; Goa 1961 (Operation Vijay); Pondicherry 1954 (de facto). Sikkim joined only in 1975 as the 22nd state. Remember it like: Goa 61, Pondy 54, Sikkim 75: "Sixty-one Sunny, Fifty-four French, Seventy-five Sikkim".	https://en.wikipedia.org/wiki/Vapal_Pangunni_Menon; https://en.wikipedia.org/wiki/Annexation_of_Goa; https://en.wikipedia.org/wiki/Puducherry_(city); https://en.wikipedia.org/wiki/Sikkim	V1
146	(b) Prem Sahgal, Gurbaksh Singh Dhillon and Shah Nawaz Khan	End	The first trial tried one Hindu, one Muslim and one Sikh officer: Sahgal, Dhillon and Shah Nawaz. The slogan "Lal Qile se aayi awaaz, Sahgal-Dhillon-Shah Nawaz" followed. Remember it like: S-D-S, the "secular three" of the Red Fort.	https://en.wikipedia.org/wiki/Indian_National_Army_trials	V1
147	(c) HMIS Talwar	End	The Royal Indian Navy revolt began on HMIS Talwar on 18 February 1946 in Bombay and spread to many ships and shore stations. Remember it like: Talwar = sword drawn against the Raj.	https://en.wikipedia.org/wiki/Royal_Indian_Navy_mutiny	V1
148	(a) C - D - B - A	End	Cabinet Mission (March 1946), Direct Action Day (16 August 1946), Third June Plan (3 June 1947) and the Independence Act (18 July 1947). Remember it like: Mission, Mayhem, Mountbatten, Measure.	https://en.wikipedia.org/wiki/1946_Cabinet_Mission_to_India; https://en.wikipedia.org/wiki/Direct_Action_Day; https://en.wikipedia.org/wiki/Mountbatten_Plan; https://en.wikipedia.org/wiki/Indian_Independence_Act_1947	V1
149	(c) Only three	CA	Bankim wrote it on 7 November 1875 (Akshaya Navami); it appeared in Bangadarshan and then in Anandamath (1882). Tagore set a tune and sang it at the 1896 Calcutta session. The Ministry of Culture runs the year-long commemoration from 7 November 2025 to 7 November 2026. Why now: 150 years of the song. Has it happened before: in 1937 the Congress decided to adopt only the first two stanzas for public singing. How it is asked: author, novel and session, or a "match the song with its writer". Remember it like: Bankim = Bang-a-darshan, Tagore = the tune and the stage.	https://www.pib.gov.in/PressReleasePage.aspx?PRID=2187546; https://www.pmindia.gov.in/en/news_updates/pms-address-at-the-inauguration-of-year-long-commemoration-of-150-years-of-the-national-song-vande-mataram/; https://en.wikipedia.org/wiki/Vande_Mataram; https://www.pib.gov.in/	V

				PressReleasePage.aspx?PRID=2201396	
150	(a) 1 and 2 only	CA	Birsa Munda (Dharti Aaba) led the Munda Ulgulan of 1899-1900 in Chotanagpur. The Government made 15 November Janjatiya Gaurav Divas in 2021 and celebrated his 150th birth anniversary on 15 November 2025. The Santhal Hul (1855) was led by Sidhu and Kanhu. Fun fact: the KAS prelims date (15 November 2026) falls on this very day. Remember it like: Birsa = Ulgulan, Sidhu-Kanhu = Hul.	https://www.pib.gov.in/PressReleasePage.aspx?PRID=2189915; https://www.pmindia.gov.in/en/news_updates/pm-addresses-the-janjatiya-gaurav-diwas-programme-marking-the-150th-birth-anniversary-celebration-of-dharti-aaba-bhagwan-birsa-munda-in-dediapada-gujarat/; https://en.wikipedia.org/wiki/Birsa_Munda; https://en.wikipedia.org/wiki/Santhal_rebellion	V
151	(d) 1875	CA	Patel was born on 31 October 1875, the same year Bankim wrote Vande Mataram, a handy two-for-one memory hook. 31 October is observed as Rashtriya Ekta Diwas. Remember it like: Patel and Vande Mataram share 1875.	https://www.pmindia.gov.in/en/news_updates/pm-addresses-the-janjatiya-gaurav-diwas-programme-marking-the-150th-birth-anniversary-celebration-of-dharti-aaba-bhagwan-birsa-munda-in-dediapada-gujarat/; https://en.wikipedia.org/wiki/Vallabhbhai_Patel	V
152	(b) A-4, B-2, C-3, D-1	Tribal	Sidhu and Kanhu led the Santhal Hul; Birsa Munda the Ulgulan; Tirot Singh (U Tirot Sing) the Khasi resistance of 1829-33; Alluri Sitarama Raju the Rampa rebellion in the Godavari hills. Remember it like: Santhal = Sidhu-Kanhu pair; Birsa = the Great Tumult.	https://en.wikipedia.org/wiki/Santhal_rebellion; https://en.wikipedia.org/wiki/Birsa_Munda; https://en.wikipedia.org/wiki/U_Tirot_Sing; https://en.wikipedia.org/wiki/Alluri_Sitarama_Raju	V1
153	(a) A-4, B-3, C-2, D-1	Viceroys	Lytton: Vernacular Press Act 1878; Ripon: local self-government resolution 1882 (the Father of local self-government); Curzon: Indian Universities Act 1904 (and the Partition of Bengal, 1905); Chelmsford: Montagu-Chelmsford reforms/ Government of India Act 1919. Remember it like: Lytton Locks the press, Ripon Raises local bodies, Curzon Cuts Bengal and Controls universities.	https://en.wikipedia.org/wiki/Vernacular_Press_Act; https://en.wikipedia.org/wiki/George_Robinson,_1st_Marquess_of_Ripon https://en.wikipedia.org/wiki/Indian_Universities_Act_1904; https://en.wikipedia.org/wiki/Government_of_India_Act_1919	V1
154	(c) A-4, B-3, C-1, D-2	Press	Tilak edited Kesari (Marathi); Azad published Al-Hilal (Urdu); Surendranath Banerjea edited The Bengalee; Gandhi's weekly Harijan began in 1933. Remember it like: Kesari = Tilak ka tilak, Hilal = the crescent, Azad.	https://en.wikipedia.org/wiki/Kesari_(newspaper); https://en.wikipedia.org/wiki/Al-Hilal_(newspaper); https://en.wikipedia.org/wiki/The_Bengalee; https://en.wikipedia.org/wiki/Harijan_(newspaper)	V1
155	(d) A-1, B-3, C-2, D-4	Slogans	Tilak: Swaraj is my birthright; Gandhi: Do or Die (1942); Subhas Bose: Delhi Chalo (INA); Iqbal wrote Sare Jahan Se Accha (1904). Remember it like: T-S, G-D, S-D, I-S.	https://en.wikipedia.org/wiki/Bal_Gangadhar_Tilak; https://en.wikipedia.org/wiki/Quit_India_Movement; https://en.wikipedia.org/wiki/Subhas_Chandra_Bose; https://en.wikipedia.org/wiki/Muhammad_Iqbal	V1

Q	Ans	Tag	Explanation	Sources	Status
			Cornwallis (1786, Permanent Settlement), Wellesley (1798, Subsidiary Alliance), Bentinck (1828, ban on sati), Dalhousie (1848, Doctrine of Lapse). Remember it like: C-W-B-D, "Can We Be Delhi-ready": settlement, alliance, abolition, annexation.	https://en.wikipedia.org/wiki/Charles_Cornwallis,_1st_Marquess_Cornwa https://en.wikipedia.org/wiki/Richard_Wellesley,_1st_Marquess_Wellesle https://en.wikipedia.org/wiki/Lord_William_Bentinck; https://en.wikipedia.org/wiki/James_Broun-Ramsay,_1st_Marquess_of_Dalhousie	
157	(c) Only three	Sikhs	Treaty of Amritsar 1809 (Metcalfe) fixed the Sutlej as the boundary; Lahore was the capital; European officers such as Ventura and Allard trained the army. Ranjit Singh died in 1839, so the 1846 Treaty of Lahore was signed by the child ruler Dalip Singh's government. Remember it like: Ranjit = Amritsar treaty, Dalip = Lahore treaty.	https://en.wikipedia.org/wiki/Treaty_of_Amritsar_(1809); https://en.wikipedia.org/wiki/Ranjit_Singh; https://en.wikipedia.org/wiki/Treaty_of_Lahore	V1
158	(a) Both A and R are true and R is the correct explanation of A	Quit	Both are true: the Mission wanted one federal union (centre for defence, foreign affairs and communications) with provincial groups, instead of partition. The League first accepted and later withdrew. Remember it like: one house, three rooms, not two houses.	https://en.wikipedia.org/wiki/1946_Cabinet_Mission_to_India	V1
159	(a) Both A and R are true and R is the correct explanation of A	Policies	Both are true: the right to adopt an heir was the sore point, and annexations such as Satara, Jhansi and Nagpur fed the unrest that exploded in 1857. Remember it like: no biological son, no throne.	https://en.wikipedia.org/wiki/Doctrine_of_lapse	V1
160	(a) 1 and 2 only	Gandhi	Champaran (indigo, Bihar), Kheda and Ahmedabad (1918, Gujarat) were Gandhi's first three. The Bardoli Satyagraha (1928, no-tax campaign) was led by Vallabhbhai Patel, who earned the title Sardar there. Remember it like: Champa-indigo, Ahmedabad-fast, Bardoli-Vallabhbhai.	https://en.wikipedia.org/wiki/Champaran_Satyagraha; https://en.wikipedia.org/wiki/Ahmedabad_mill_strike_of_1918; https://en.wikipedia.org/wiki/Bardoli_Satyagraha	V1
161	(a) 1 and 2 only	Revolutionary	Surya Sen (Master-da) led the Chittagong raid; the Kakori robbery was by the HRA (Bismil, Ashfaqulla Khan and others). The 1929 Assembly bombs were thrown against the Public Safety Bill and the Trade Disputes Bill, not the Simon Commission (1928). Remember it like: Assembly 1929 = Bills, not Simon.	https://en.wikipedia.org/wiki/Chittagong_armoury_raid; https://en.wikipedia.org/wiki/Kakori_train_robbery; https://en.wikipedia.org/wiki/Central_Legislative_Assembly_bombing	V1

Recap: five things to carry into the hall

1. **Mysore wars:** Madras 1769, **Mangalore 1784** (swap-back), **Seringapatam 1792** (half the kingdom plus indemnity), and 1799 (Tipu dies).
2. **Reform and freedom:** Brahmo 1828 (Roy), Arya 1875 (Dayanand), Satyashodhak 1873 (Phule); Champaran 1917, Rowlatt 1919, Non-Cooperation 1920, Dandi 1930, Quit India 1942.
3. **End game:** Cabinet Mission 1946, Direct Action Day 16 Aug 1946, June Plan 3 Jun 1947, Independence Act 18 Jul 1947; Goa 61, Pondy 54, Sikkim 75.
4. **Art and culture:** Nagara, Dravida, Vesara; Ajanta (Buddhist) versus Ellora (three faiths); Sattriya recognised in 2000.
5. **In the news:** Vande Mataram 150 (7 Nov 2025 to 7 Nov 2026), Birsa Munda 150, Patel 150.

> **Next up:** Bank 6 is **Economy**. Cliffhanger: India's GDP is not measured at "market prices" but at a base year, and the base year was revised recently. Which new base year did the 2026 series move to? (The answer is inside, with the official source.)

Geography Question Bank (India and Karnataka)

Status: PREDICTED / PRACTICE questions written fresh for the KAS (KPSC Gazetted Probationers 2026-27) Prelims. Not copied from any past paper. Not leaked. Prepared 27-10-2026 IST.

Fresh practice questions on physical, economic and human geography of India and Karnataka (Paper I). Weighted by trend: rivers, soils, climate, agriculture, minerals, Karnataka districts and projects, Western Ghats, census.

167 questions. Marks: +2 right, -0.5 wrong (0.25 of the marks), 0 blank. Suggested time: 200 minutes at exam pace (72 seconds per question).

Style mix: Direct 90; Statement 38; Match the following 22; Assertion-Reason 13; Chronology 4

Status codes: R = standard reference (textbook / Constitution / Gazetteer / official publication) cited and hand-reviewed, page not re-opened live; V1 = one live page opened and the keyed fact seen; V = two sources incl. an official one opened; C = computed and solved twice by independent methods.

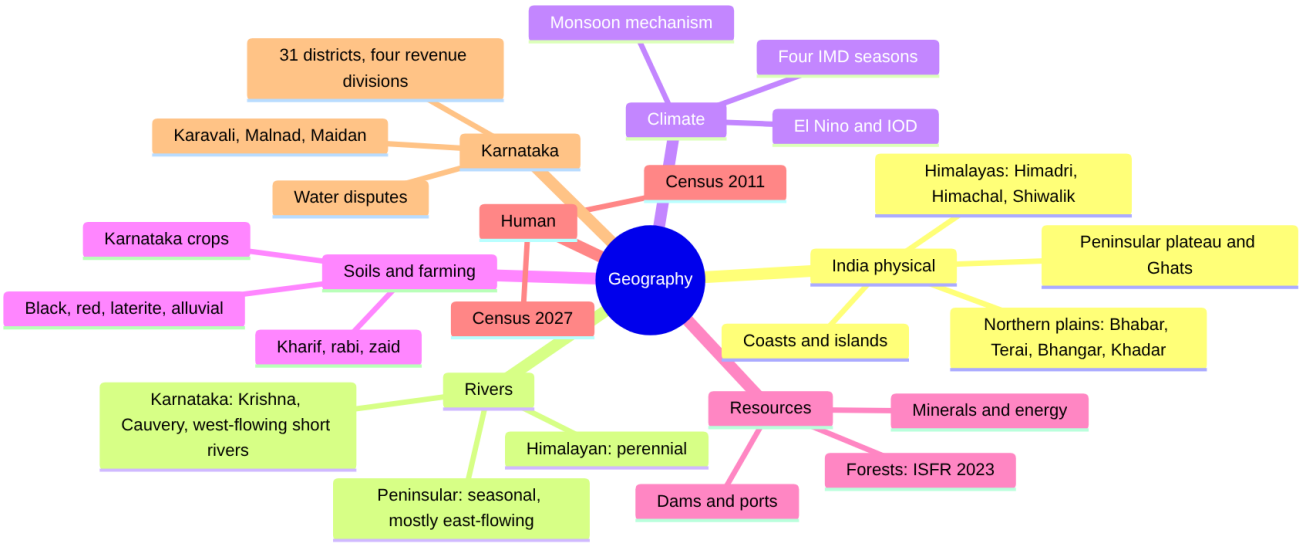

Topic tags (count): Drainage 16; Climate 14; Agriculture 14; Physiography 11; Soils 9; Karnataka-phys 8; Industry 8; Census 8; Population-K 7; Minerals 7; Resources 7; Forests 6; Water-K 6; Regions-K 6; Transport 5; Neighbours 5; Urban 4; Hazards 4; Falls 4; Peaks-K 4; Lakes 3; Transport-I 3; Maps 3; Agri-K 3; Irrigation 1; Tribes 1

Bank 3 of 8 37% of the question-bank library done

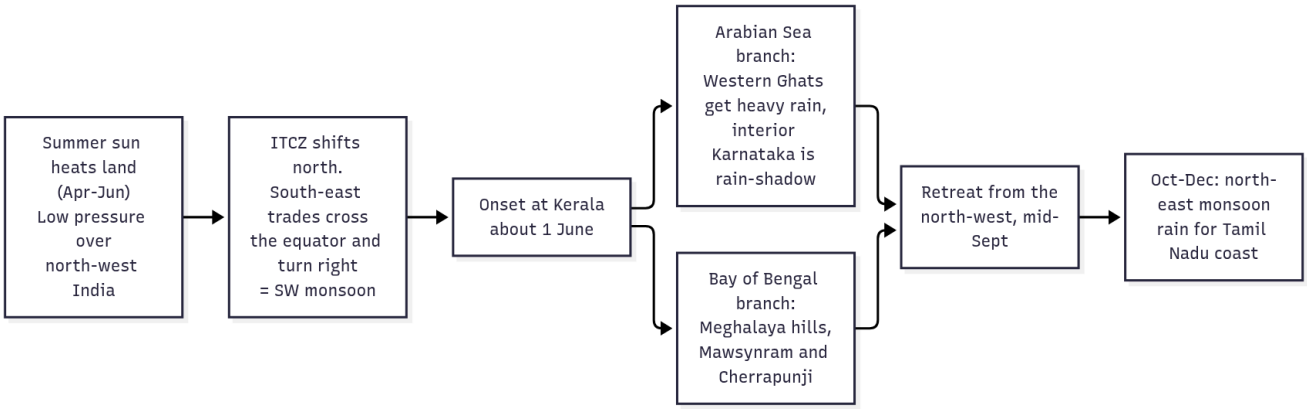

> **Last bank's cliffhanger, answered:** the Jog Falls is on the **Sharavati**, and the **Linganamakki** dam holds it back upstream. Keep that picture, because Karnataka geography starts there.

Warm-up: India as a giant biryani handi

Picture India as a big biryani handi. The **Himalayas** are the lid, cold and heavy with snow. The **northern plains** are the rice layer: soft, fertile, fed by rivers that never go dry. The **Peninsular plateau** is the thick masala base, old, hard and rocky. The **Ghats** are the two raised handles on either side, and the **monsoon** is the cook who turns the heat on in June. Learn the handi and every chapter finds its slot.

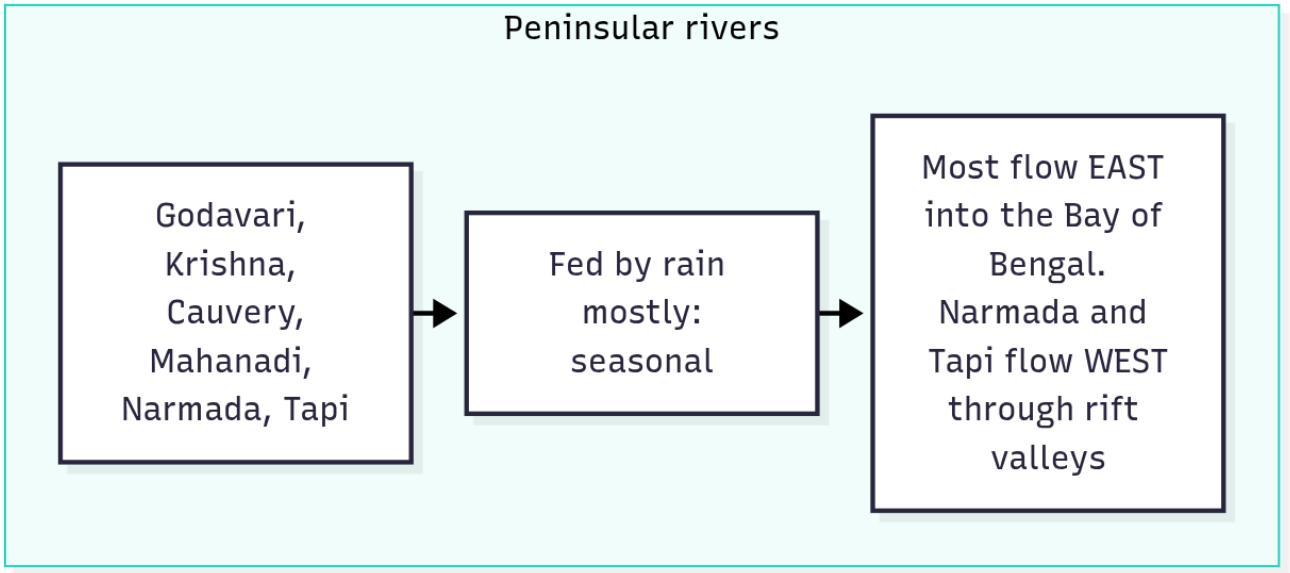

Exploded view: how the monsoon actually works

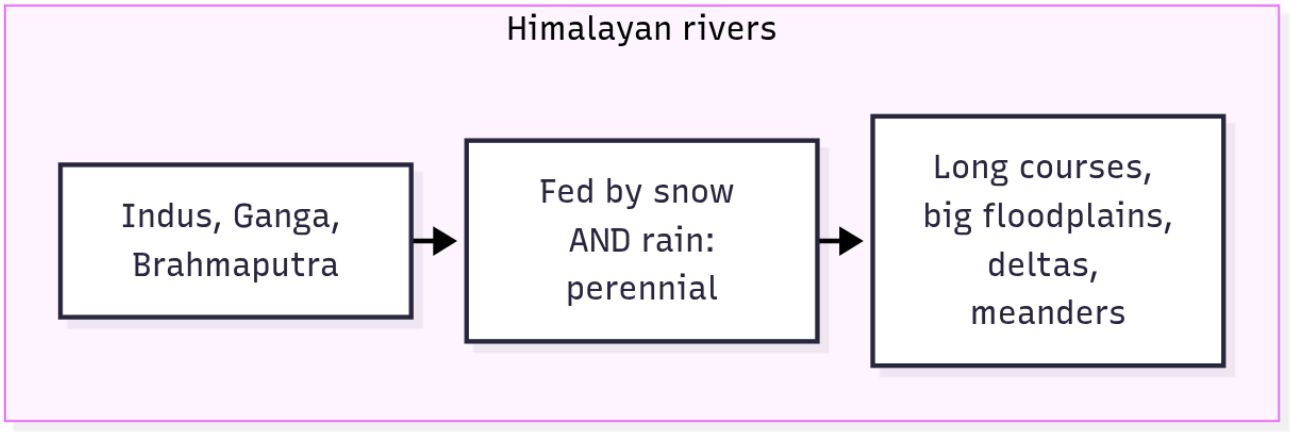

Remember it like: Land heats, low forms, ocean air rushes in. Think of a pressure cooker: hot land is the low-pressure stove, wet sea wind is the steam that must escape that way.

Common trap: The south-west monsoon **onset** is at **Kerala (about 1 June)**, but the **retreat** starts from **north-west India** (about mid-September). The Tamil Nadu coast gets most rain in the **north-east** monsoon (Oct to Dec), not in June.

Two river families

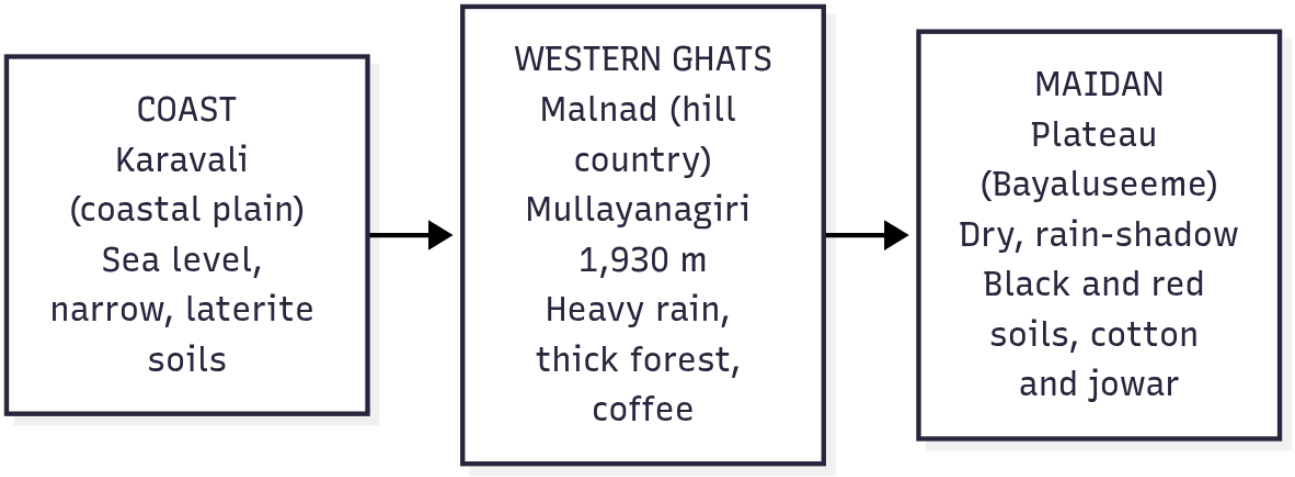

Remember it like: Himalayan rivers are **tap water** (always running, snow plus rain). Peninsular rivers are **a bucket filled by rain** (full in monsoon, thin in summer). The **Narmada and Tapi** are the two rebels that flow **west**.

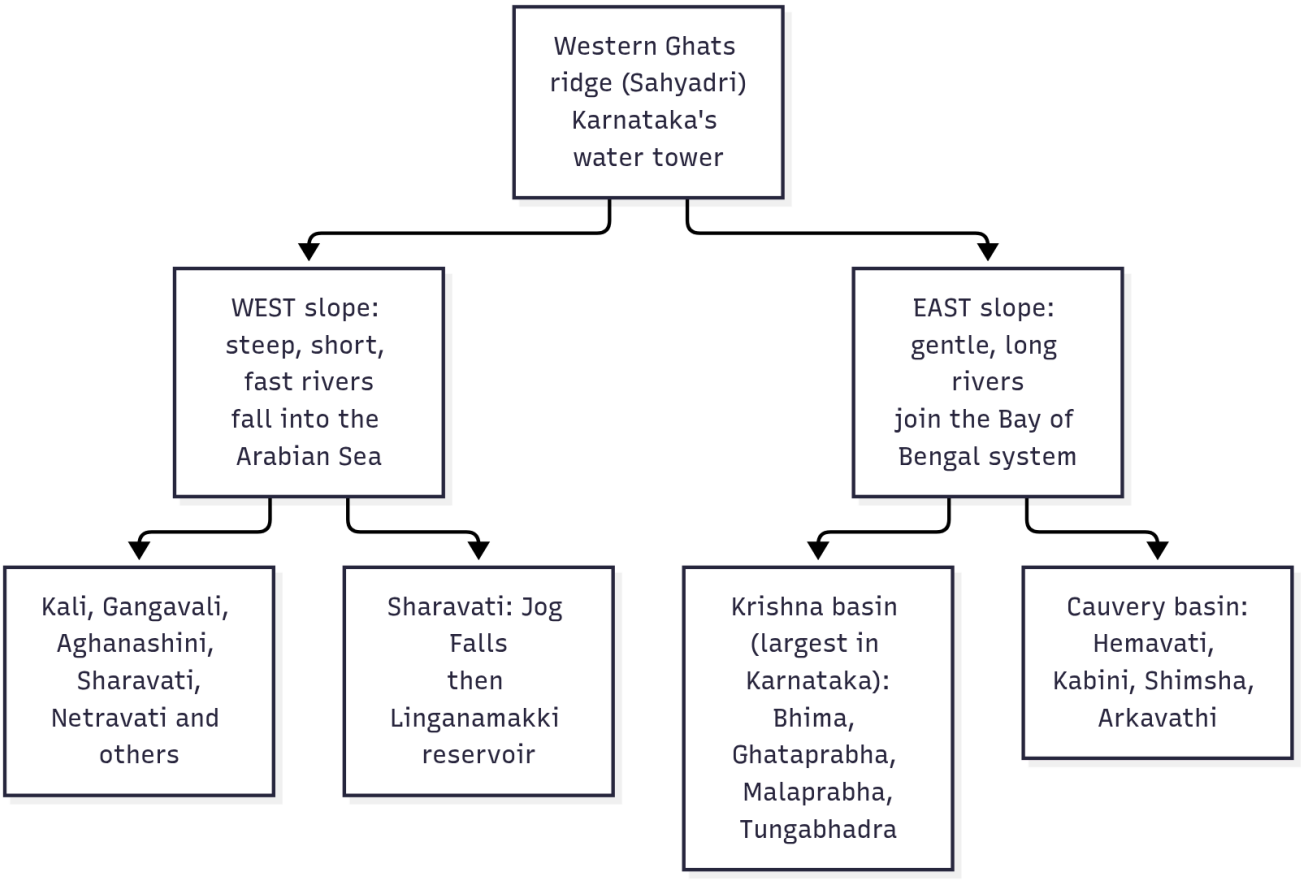

Common trap: The **longest** river that flows wholly inside peninsular India is the **Godavari**, not the Krishna or Cauvery. Also, the Mahabaleshwar-born river is the **Krishna**; the Trimbak-born river is the **Godavari**.

Karnataka in one cross-section

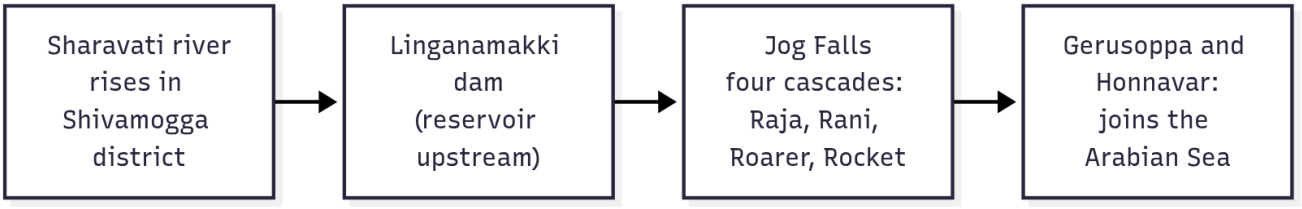

Remember it like: K-M-M: Karavali, Malnad, Maidan. Coast, hills, plateau, from west to east. Rain falls the most on the middle hills; the plateau is the dry cousin in the rain-shadow.

Karnataka's river map

Jog Falls in one line

Remember it like: Raja, Rani, Roarer, Rocket: the four cascades. The Sharavati river enjoys a dramatic fall and then a rest in the Arabian Sea.

Mnemonics (silly on purpose, so they stick)

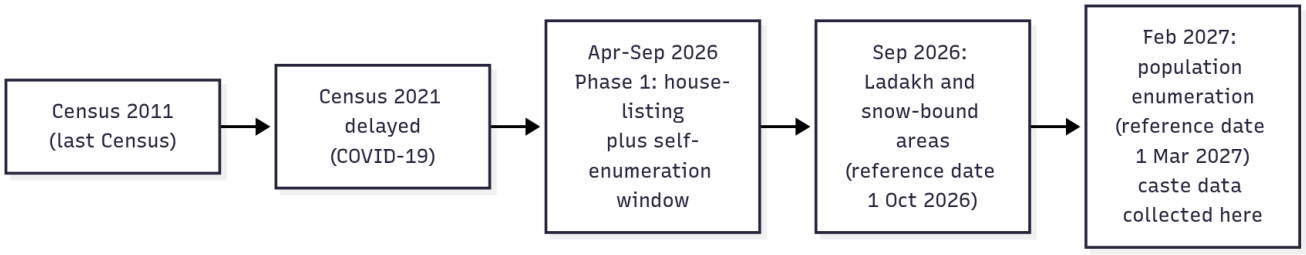

What	Hook	Facts it encodes
Himalayan ranges, north to south	**Hi-Hi-Shi**	Himadri (greater), Himachal (lesser), Shiwalik (outer)
Punjab rivers	**Just Cats Run Between Streets**	Jhelum, Chenab, Ravi, Beas, Sutlej
East-flowing peninsular rivers, north to south	**My Goat Kicks Parrots Constantly**	Mahanadi, Godavari, Krishna, Pennar, Cauvery
Karnataka's zones	**K-M-M**	Karavali, Malnad, Maidan
Seasons (IMD)	**Winter, Pre-monsoon, Monsoon, Post-monsoon**	Four official seasons
Soil colours	**Black = cotton, Red = ragi, Laterite = cashew and coffee**	Regur, red and laterite soils

Common trap: Mullayanagiri (1,930 m) is the highest peak of Karnataka; **Tadiandamol (about 1,748 m) is the highest in Kodagu**. Examiners put both as options.

Common trap: Forest cover is 21.76%; forest plus tree cover is 25.17% (ISFR 2023). The 33% figure is the national policy target, not the actual cover.

Current affairs, explained like a friend

Census 2027: why now, how, has it happened before?

- **Why:** the 2021 Census got delayed, so India's last full count is still **2011**.
- **How:** two phases (house-listing, then population enumeration) with a digital self-enumeration option.
- **Has it happened before?** India has counted every ten years since **1881**; the 1872 attempt was not synchronous.
- **How it is asked:** reference dates (1 March 2027; 1 October 2026 for snow-bound areas), and that **caste data are collected in the population-enumeration phase**.

Bengaluru South and Greater Bengaluru:

- **Why:** the Ramanagara district was renamed **Bengaluru South** in 2025; the new **Greater Bengaluru Authority** runs the city through **five corporations**.
- **Has it happened before?** Yes, Hyderabad-Karnataka became **Kalyana Karnataka** (2019), Bombay-Karnataka became **Kittur Karnataka** (2021), Bangalore became Bengaluru (2014).

- **How it is asked:** a chronology question, or a statement that wrongly puts the HQ in Bengaluru city.

> **Peak fact: Mawsynram (Meghalaya)** records the highest rainfall in India, and Karnataka's own wettest strip is the Western Ghats coast, while its interior is a rain-shadow.

Questions

Q1. [Physiography | Direct] Which one of the following is the highest peak situated wholly within India?

- (a) Kanchenjunga
- (b) Nanda Devi
- (c) Mount Godwin-Austen
- (d) Anamudi

Q2. [Physiography | Direct] The highest peak of the Western Ghats and of peninsular India is

- (a) Doddabetta
- (b) Anamudi
- (c) Mahendragiri
- (d) Mullayanagiri

Q3. [Physiography | Match the following] Match the pass with the region it connects or lies in.

List I	List II
A. Zoji La	1. Sikkim and Tibet
B. Nathu La	2. Srinagar and Leh
C. Shipki La	3. Himachal Pradesh and Tibet
D. Bomdi La	4. Arunachal Pradesh

- (a) A-3, B-1, C-2, D-4
- (b) A-2, B-1, C-3, D-4
- (c) A-4, B-1, C-3, D-2
- (d) A-1, B-4, C-3, D-2

Q4. [Physiography | Statement (which)] With reference to the Himalayan ranges, consider the following statements:

1. The Shiwaliks are the outermost and youngest range.
2. The longitudinal valleys between the Lesser Himalaya and the Shiwaliks are called Duns.
3. The Pir Panjal range is part of the Greater Himalaya.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q5. [Physiography | Statement (how many)] About the Great Plains of India, consider the following statements:

1. Bhabar is a porous pebble belt at the foot of the Shiwaliks.
2. Khadar is the newer alluvium of the flood plains.
3. Bhangar is the newer alluvium of the flood plains.

How many of the above statements are correct?

- (a) None
- (b) Only one
- (c) Only two
- (d) All three

Q6. [Physiography | Direct] The Terai belt in the northern plains is characterised by

- (a) Dry sandy deserts
- (b) Marshy, forested ground where streams re-emerge after disappearing in Bhabar
- (c) Black cotton soil
- (d) Laterite plateaus

Q7. [Physiography | Assertion-Reason]
Assertion (A): The Deccan Plateau is largely made of black soil in its north-western part.

Reason (R): It was formed from the weathering of volcanic Deccan Trap basalt.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q8. [Physiography | Direct] The Tropic of Cancer does not pass through which of the following states?

- (a) Tripura
- (b) Odisha
- (c) Jharkhand
- (d) Chhattisgarh

Q9. [Physiography | Statement (which)] With reference to India's geographical extent, consider the following statements:

1. India's total coastline is about 7,516 km including the islands.
2. The standard meridian of India is 82 degrees 30 minutes East, passing near Mirzapur.
3. Kanyakumari is the southernmost point of the Indian Union.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q10. [Physiography | Direct] The Western Ghats are broken by the Palghat Gap, which connects

- (a) Bengaluru and Mysuru
- (b) Mumbai and Nashik
- (c) Kochi side of Kerala with Coimbatore and Tamil Nadu
- (d) Mumbai and Pune

Q11. [Physiography | Match the following] Match the ghat with the route.

List I	List II
A. Thal Ghat	1. Kollam to Madurai
B. Bhor Ghat	2. Mumbai to Pune
C. Palghat	3. Mumbai to Nashik
D. Shencottah	4. Kerala to Tamil Nadu

- (a) A-4, B-2, C-1, D-3
- (b) A-3, B-2, C-4, D-1
- (c) A-4, B-3, C-2, D-1
- (d) A-2, B-4, C-3, D-1

Q12. [Drainage | Direct] Which of the following rivers rises at Mahabaleshwar and flows east to the Bay of Bengal?

- (a) Narmada
- (b) Godavari

- (c) Krishna
- (d) Cauvery

Q13. [Drainage | Direct] Which one is the longest river that flows entirely within peninsular India?

- (a) Cauvery
- (b) Godavari
- (c) Mahanadi
- (d) Krishna

Q14. [Drainage | Statement (which)] About the Narmada and Tapi, consider the following statements:

1. Both flow towards the Arabian Sea.
2. They flow through rift valleys.
3. They form deltas at their mouths.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q15. [Drainage | Chronology] Arrange these rivers by confluence point from upstream to downstream along the Ganga system: Vishnuprayag, Nandaprayag, Karnaprayag, Rudraprayag.

A. Vishnuprayag
B. Rudraprayag
C. Nandaprayag
D. Karnaprayag

- (a) D - B - C - A
- (b) B - A - C - D
- (c) A - C - D - B
- (d) C - B - D - A

Q16. [Drainage | Direct] Which of the following rivers originates in Karnataka's Kodagu district?

- (a) Netravati
- (b) Cauvery
- (c) Ghataprabha
- (d) Tungabhadra

Q17. [Drainage | Match the following] Match the river with its source or place of origin.

List I	List II
A. Godavari	1. Trimbak near Nashik
B. Krishna	2. Amarkantak
C. Cauvery	3. Talakaveri in Kodagu
D. Narmada	4. Mahabaleshwar

- (a) A-3, B-4, C-1, D-2
- (b) A-1, B-4, C-3, D-2
- (c) A-1, B-3, C-4, D-2
- (d) A-2, B-4, C-1, D-3

Q18. [Drainage | Statement (how many)] With reference to the Tungabhadra river, consider the following statements:

1. It is formed by the confluence of the Tunga and the Bhadra near Koodli.
2. It is a tributary of the Krishna.
3. The Tungabhadra dam is located at Hospet.

How many of the above statements are correct?

- (a) None
- (b) Only one
- (c) Only two
- (d) All three

Q19. [Drainage | Direct] Which of the following is a tributary of the Cauvery in Karnataka?

- (a) Sharavati
- (b) Ghataprabha
- (c) Bhima
- (d) Kabini

Q20. [Drainage | Match the following] Match the Karnataka river with where it flows or drains.

List I	List II
A. Sharavati	1. Tributary of the Krishna, Gokak Falls
B. Netravati	2. West-flowing, forms Jog Falls
C. Ghataprabha	3. Tributary of the Cauvery
D. Kabini	4. Flows past Mangaluru to the Arabian Sea

- (a) A-2, B-3, C-1, D-4
- (b) A-1, B-4, C-3, D-2
- (c) A-2, B-4, C-1, D-3
- (d) A-4, B-3, C-1, D-2

Q21. [Drainage | Direct] Jog Falls in Karnataka is formed by the river

- (a) Kali
- (b) Aghanashini
- (c) Sharavati
- (d) Netravati

Q22. [Drainage | Assertion-Reason]
Assertion (A): Karnataka's west-flowing rivers like the Sharavati and Netravati are short and swift.

Reason (R): The Western Ghats lie close to the Arabian Sea, giving a steep gradient over a short distance.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q23. [Drainage | Direct] Which of the following reservoirs is on the river Krishna in Karnataka?

- (a) Supa
- (b) Almatti (Lal Bahadur Shastri Sagar)
- (c) Linganamakki
- (d) Hemavathi

Q24. [Drainage | Match the following] Match the dam with the river on which it is built.

List I	List II
A. Almatti	1. Sharavati
B. KRS (Krishnaraja Sagar)	2. Cauvery
C. Linganamakki	3. Krishna
D. Supa	4. Kali

- (a) A-2, B-4, C-1, D-3
- (b) A-4, B-2, C-1, D-3
- (c) A-1, B-2, C-3, D-4

- (d) A-3, B-2, C-1, D-4

Q25. [Drainage | Direct] Which of the following dams in Karnataka is on the Malaprabha river near Saundatti?

- (a) Almatti
- (b) Hidkal
- (c) Naviluteertha (Renuka Sagar)
- (d) Narayanpur

Q26. [Drainage | Statement (which)] Regarding Karnataka's river basins, consider the following statements:

1. The Krishna basin is the largest river basin in Karnataka by area.
2. The Cauvery flows through Karnataka and Tamil Nadu.
3. The Netravati flows east into the Bay of Bengal.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q27. [Drainage | Assertion-Reason]
Assertion (A): Shivanasamudra on the Cauvery is important in India's energy history.

Reason (R): A hydroelectric power station was commissioned there in 1902, among the earliest in Asia.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q28. [Lakes | Match the following] Match the lake with its feature.

List I	List II
A. Wular	1. Largest inland saline lake
B. Chilika	2. Floating phumdis
C. Loktak	3. Largest brackish water lagoon
D. Sambhar	4. Largest freshwater lake in India

- (a) A-3, B-2, C-4, D-1
- (b) A-4, B-3, C-2, D-1
- (c) A-1, B-3, C-4, D-2
- (d) A-4, B-2, C-3, D-1

Q29. [Lakes | Statement (how many)] About Indian lakes, consider the following statements:

1. Vembanad is the longest lake in India.
2. Pulicat is a lagoon on the Andhra-Tamil coast.
3. Lonar lake in Maharashtra was formed by a meteorite impact.

How many of the above statements are correct?

- (a) None
- (b) Only one
- (c) Only two
- (d) All three

Q30. [Lakes | Direct] Which of the following is a Ramsar-listed lagoon in Odisha, the largest brackish water lake in India?

- (a) Vembanad
- (b) Sasthamkotta

- (c) Pulicat
- (d) Chilika

Q31. [Karnataka-phys | Direct] Karnataka's highest peak is

- (a) Tadiandamol
- (b) Kudremukh
- (c) Baba Budangiri
- (d) Mullayanagiri

Q32. [Karnataka-phys | Statement (how many)] With reference to Karnataka's physiography, consider the following statements:

1. The Malenadu is the hilly Western Ghat region.
2. The coastal strip is called Karavali.
3. The northern plains are called Bayaluseeme.

How many of the above statements are correct?

- (a) None
- (b) Only one
- (c) Only two
- (d) All three

Q33. [Karnataka-phys | Direct] Karnataka's area ranks it among Indian states at

- (a) Third
- (b) Fourth
- (c) Sixth
- (d) Eighth

Q34. [Karnataka-phys | Direct] The largest district of Karnataka by area is

- (a) Kalaburagi
- (b) Belagavi
- (c) Tumakuru
- (d) Uttara Kannada

Q35. [Karnataka-phys | Match the following] Match the Karnataka region with its distinctive feature.

List I	List II
A. Malenadu	1. Heavy rainfall and evergreen forests
B. Bayaluseeme	2. Narrow coastal strip with lateritic soil
C. Karavali	3. Plains with black soil in the north
D. Mullayanagiri	4. Highest peak of the state

- (a) A-4, B-1, C-2, D-3
- (b) A-3, B-2, C-1, D-4
- (c) A-1, B-3, C-2, D-4
- (d) A-3, B-4, C-2, D-1

Q36. [Karnataka-phys | Direct] The Nandi Hills, a hill fortress known for sunrise views, is located in which district?

- (a) Kolar
- (b) Tumakuru
- (c) Ramanagara
- (d) Chikkaballapura

Q37. [Karnataka-phys | Direct] Which of the following rivers rises in the Nandi Hills of Karnataka?

- (a) Cauvery
- (b) Pinakini (Pennar)
- (c) Tungabhadra

- (d) Bhima

Q38. [Karnataka-phys | Direct] St Mary's Island, known for columnar basaltic lava formations, is near

- (a) Gokarna
- (b) Mangaluru
- (c) Malpe (Udupi)
- (d) Karwar

Q39. [Climate | Direct] The south-west monsoon normally makes its onset over the Indian mainland at

- (a) Chennai around 15 June
- (b) Kolkata around 1 June
- (c) Mumbai around 1 June
- (d) Kerala coast around 1 June

Q40. [Climate | Statement (which)] With reference to the Indian monsoon, consider the following statements:

1. The Tropical Easterly Jet is associated with the south-west monsoon.
2. An El Nino year is generally associated with a weak monsoon.
3. The Western Disturbances bring the south-west monsoon rain to Kerala.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q41. [Climate | Match the following] Match the local wind or shower with the region.

List I	List II
A. Loo	1. Coffee-flowering showers in Karnataka and Kerala
B. Kalbaisakhi	2. Hot dry afternoon wind in the north-western plains
C. Mango showers	3. Pre-monsoon nor'wester in Bengal and Assam
D. Blossom showers	4. Pre-monsoon showers in Kerala and Karnataka

- (a) A-3, B-4, C-2, D-1
- (b) A-2, B-3, C-4, D-1
- (c) A-4, B-3, C-2, D-1
- (d) A-2, B-4, C-3, D-1

Q42. [Climate | Direct] Which one of the following gives winter rainfall in the north-western plains useful for the rabi wheat crop?

- (a) Retreating monsoon
- (b) Western Disturbances
- (c) Nor'westers
- (d) Tropical cyclones

Q43. [Climate | Direct] The Tamil Nadu coast receives most of its rainfall in

- (a) January to February
- (b) March to May
- (c) October to December, the north-east monsoon
- (d) June to September

Q44. [Climate | Direct] The IMD divides India's year into four seasons. Which of the following is the post-monsoon season?

- (a) June to August
- (b) September to November
- (c) November to January
- (d) October to December

Q45. [Climate | Statement (how many)] With reference to Indian rainfall, consider the following statements:

1. Mawsynram in Meghalaya is among the wettest places on Earth.
2. The Western Ghats' windward side gets heavy rainfall during the south-west monsoon.
3. The Deccan interior behind the Ghats is a rain-shadow region.

How many of the above statements are correct?

- (a) None
- (b) Only one
- (c) Only two
- (d) All three

Q46. [Climate | Assertion-Reason]
Assertion (A): Interior Karnataka east of the Western Ghats receives much less rainfall than the coastal districts.

Reason (R): The Western Ghats act as a barrier causing a rain shadow on the leeward side.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q47. [Climate | Direct] According to IMD, Karnataka is divided into how many meteorological sub-divisions?

- (a) Five
- (b) Two
- (c) Four
- (d) Three: Coastal Karnataka, North Interior Karnataka, South Interior Karnataka

Q48. [Climate | Direct] Which place in Karnataka, nicknamed the Cherrapunji of South India, receives very heavy rain?

- (a) Chikkaballapur
- (b) Agumbe
- (c) Madikeri
- (d) Chitradurga

Q49. [Climate | Statement (which)] About the weather of Karnataka, consider the following statements:

1. The state follows the same IMD four-season pattern with the monsoon from June to September.
2. The coastal belt gets higher rainfall than the north interior.
3. North-interior districts like Vijayapura and Raichur receive more rain than Udupi.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q50. [Climate | Chronology] Arrange the following stages of the south-west monsoon cycle in the usual annual order.

A. Monsoon covers the whole country
B. Pre-monsoon showers
C. Retreat begins from Rajasthan
D. Onset over Kerala

- (a) A - C - B - D
- (b) A - B - C - D
- (c) B - D - A - C
- (d) A - B - D - C

Q51. [Climate | Assertion-Reason]
Assertion (A): The Indian summer monsoon rainfall is badly affected when the Pacific Ocean warms abnormally during El Nino.

Reason (R): Walker circulation changes and weakens the monsoon flow.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q52. [Climate | Direct] The term Indian Ocean Dipole (IOD) refers to

- (a) Currents of the Atlantic
- (b) Pressure of Siberia
- (c) Difference in sea-surface temperature between the western and eastern Indian Ocean
- (d) Wind over Himalayas

Q53. [Soils | Direct] Which soil is known as 'regur' and is best suited for cotton?

- (a) Alluvial soil
- (b) Red soil
- (c) Laterite soil
- (d) Black soil

Q54. [Soils | Statement (which)] With reference to Indian soils, consider the following statements:

1. Alluvial soil covers the largest area of India.
2. Laterite soil is formed by intense leaching under heavy rainfall.
3. Red soil gets its colour from calcium carbonate.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q55. [Soils | Match the following] Match the soil with its typical crop or feature.

List I	List II
A. Black soil	1. Rice and wheat in the Gangetic plain
B. Laterite	2. Kuttanad in Kerala
C. Alluvial	3. Cotton
D. Peaty	4. Cashew and plantation crops

- (a) A-4, B-1, C-3, D-2
- (b) A-3, B-4, C-1, D-2
- (c) A-1, B-4, C-3, D-2
- (d) A-4, B-3, C-1, D-2

Q56. [Soils | Direct] In Karnataka, laterite soil is predominantly found in

- (a) Ballari
- (b) Bagalkot
- (c) Coastal and Malnad districts like Udupi and Kodagu
- (d) Bidar and Kalaburagi

Q57. [Soils | Statement (which)] About soils of Karnataka, consider the following statements:

1. Red soils are the most widespread soil group.
2. Black soils are mainly found in the northern districts.
3. Black soils are the most prominent in the coastal region.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q58. [Soils | Assertion-Reason]
Assertion (A): Soil erosion by sheet and gully action is serious on the Chambal ravines.

Reason (R): Deforestation and heavy rainfall on loose soil cause deep gullies.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q59. [Soils | Direct] Which of the following is a method of soil conservation on hill slopes?

- (a) Slash and burn
- (b) Overgrazing
- (c) Monocropping
- (d) Terrace cultivation

Q60. [Soils | Direct] The Soil Health Card scheme was launched in

- (a) 2019
- (b) 2015
- (c) 2004
- (d) 2010

Q61. [Soils | Direct] The soils of Rajasthan's western region are mostly

- (a) Laterite
- (b) Peaty soils
- (c) Arid or desert soils
- (d) Black soils

Q62. [Agriculture | Direct] Which of the following is a rabi crop?

- (a) Bajra
- (b) Wheat
- (c) Cotton
- (d) Jowar

Q63. [Agriculture | Statement (which)] With reference to cropping seasons in India, consider the following statements:

1. Kharif crops are sown with the onset of the monsoon.
2. Zaid crops are grown in the short season between rabi and kharif.
3. Wheat is a kharif crop.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q64. [Agriculture | Direct] Karnataka accounts for roughly what share of India's coffee production?

- (a) About 15 per cent
- (b) About 30 per cent
- (c) About 90 per cent
- (d) About 70 per cent

Q65. [Agriculture | Match the following] Match the crop with the leading state or district in Karnataka.

List I	List II
A. Coffee	1. Kalaburagi
B. Tur dal	2. Belagavi
C. Silk cocoons	3. Kodagu and Chikkamagaluru
D. Sugarcane	4. Ramanagara

- (a) A-1, B-4, C-3, D-2
- (b) A-1, B-3, C-4, D-2
- (c) A-1, B-2, C-4, D-3
- (d) A-3, B-1, C-4, D-2

Q66. [Agriculture | Direct] Karnataka produces about 58 to 60 per cent of India's output of which crop?

- (a) Barley
- (b) Bajra
- (c) Ragi (finger millet)
- (d) Maize

Q67. [Agriculture | Statement (how many)] With reference to Karnataka agriculture, consider the following statements:

1. Kalaburagi district is called the Tur Bowl.
2. Karnataka is a leading producer of areca nut.
3. Karnataka grows rubber more than Kerala.

How many of the above statements are correct?

- (a) None
- (b) Only one
- (c) Only two
- (d) All three

Q68. [Agriculture | Direct] Where is the ICAR-Directorate of Cashew Research located in Karnataka?

- (a) Shivamogga
- (b) Puttur (Dakshina Kannada)
- (c) Mysuru
- (d) Hassan

Q69. [Agriculture | Direct] The Coffee Board of India has its headquarters in

- (a) Madikeri
- (b) Chikkamagaluru
- (c) Kochi
- (d) Bengaluru

Q70. [Agriculture | Direct] According to tradition, coffee was introduced into India by

- (a) Tipu Sultan
- (b) Baba Budan
- (c) Robert Clive
- (d) Haider Ali

Q71. [Agriculture | Match the following] Match the commodity board or institute with its headquarters.

List I	List II
A. Central Silk Board	1. Kochi
B. Spices Board	2. Kolkata
C. Tea Board	3. Kottayam

List I	List II
D. Rubber Board	4. Bengaluru

- (a) A-4, B-1, C-3, D-2
- (b) A-3, B-1, C-4, D-2
- (c) A-4, B-1, C-2, D-3
- (d) A-2, B-4, C-1, D-3

Q72. [Agriculture | Statement (how many)] With reference to green revolution and farming, consider the following statements:

1. The Green Revolution mainly benefited wheat in Punjab, Haryana and western UP.
2. Operation Flood was led by Verghese Kurien.
3. Operation Flood was a programme to increase foodgrain production.

How many of the above statements are correct?

- (a) None
- (b) Only one
- (c) Only two
- (d) All three

Q73. [Agriculture | Assertion-Reason]
Assertion (A): Tank irrigation is important in South Interior Karnataka.

Reason (R): The undulating plateau with impermeable rock and low rainfall favours collection of water in kere (tanks).

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q74. [Agriculture | Direct] Which Karnataka district has, according to its district profile, overtaken Mandya in sugarcane production in the last decade?

- (a) Vijayapura
- (b) Shivamogga
- (c) Belagavi
- (d) Ballari

Q75. [Agriculture | Direct] The Visvesvaraya Jala Nigam Limited (VJNL) in Karnataka was established to

- (a) Regulate coffee
- (b) Implement irrigation projects
- (c) Run railways
- (d) Promote handloom

Q76. [Irrigation | Direct] The Upper Krishna Project in Karnataka has its headworks at

- (a) Bhadra
- (b) Narayanpur
- (c) Hidkal
- (d) Almatti

Q77. [Population-K | Direct] According to Census 2011, which district of Karnataka has the highest literacy rate?

- (a) Bengaluru Urban
- (b) Uttara Kannada
- (c) Dakshina Kannada
- (d) Udupi

Q78. [Population-K | Direct] Which district recorded the lowest literacy rate in Karnataka in Census 2011?

- (a) Raichur
- (b) Yadgir
- (c) Chamarajanagar
- (d) Kalaburagi

Q79. [Population-K | Match the following] Match the Census 2011 Karnataka district record with the district.

List I	List II
A. Highest sex ratio (1,094)	1. Bengaluru Urban district
B. Lowest sex ratio (916)	2. Bengaluru Urban
C. Highest density (4,378)	3. Kodagu
D. Lowest density (135)	4. Udupi

- (a) A-3, B-2, C-4, D-1
- (b) A-2, B-3, C-1, D-4
- (c) A-4, B-3, C-2, D-1
- (d) A-4, B-2, C-1, D-3

Q80. [Population-K | Statement (which)] According to Census 2011, in Karnataka, consider the following statements:

1. The sex ratio was 973 females per 1,000 males.
2. The overall literacy rate was 75.36 per cent.
3. The population density was above the national average of 382.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q81. [Population-K | Direct] The 2011 Census showed Karnataka's rank in population among Indian states as

- (a) Fifth
- (b) Eighth
- (c) Sixth
- (d) Tenth

Q82. [Population-K | Statement (how many)] With reference to the districts of Karnataka, consider the following statements:

1. Karnataka presently has 31 districts after Vijayanagara was carved from Ballari.
2. The state has four revenue divisions.
3. Ramanagara district was renamed Bengaluru South.

How many of the above statements are correct?

- (a) None
- (b) Only one
- (c) Only two
- (d) All three

Q83. [Population-K | Direct] Which Karnataka district is the least populous per Census 2011?

- (a) Gadag
- (b) Udupi
- (c) Kodagu
- (d) Chikkaballapura

Q84. [Tribes | Statement (which)] With reference to tribal groups of Karnataka, consider the following statements:

1. The Soligas live around the Biligiri Rangana Hills.
2. The Siddis are mainly in Uttara Kannada district.
3. The Koragas are mainly in the north-eastern interior.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q85. [Minerals | Direct] Which district of Karnataka houses the Hutti Gold Mines?

- (a) Gadag
- (b) Chitradurga
- (c) Kolar
- (d) Raichur

Q86. [Minerals | Statement (which)] About minerals in Karnataka, consider the following statements:

1. Iron ore is found in the Ballari-Hospet belt.
2. Gold mining at Kolar Gold Fields stopped in 2001.
3. Karnataka is the sole producer of iron ore in India.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q87. [Minerals | Match the following] Match the mineral with the Karnataka area.

List I	List II
A. Iron ore	1. Belagavi
B. Gold	2. Hutti and Kolar
C. Limestone	3. Kalaburagi
D. Bauxite	4. Ballari-Hospet and Kemmangundi

- (a) A-3, B-4, C-2, D-1
- (b) A-2, B-3, C-4, D-1
- (c) A-1, B-2, C-3, D-4
- (d) A-4, B-2, C-3, D-1

Q88. [Minerals | Direct] The Bababudan Hills and Kudremukh are known for

- (a) Coal
- (b) Iron ore
- (c) Mica
- (d) Bauxite

Q89. [Minerals | Assertion-Reason]
Assertion (A): India's coal mostly belongs to the Gondwana formation.

Reason (R): Gondwana rocks hold over 98 per cent of India's coal.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q90. [Minerals | Match the following] Match the Indian mineral with a leading belt or mine.

List I	List II
A. Coking coal	1. Khetri
B. Oldest coalfield	2. Raniganj
C. Lignite	3. Neyveli
D. Copper	4. Jharia

- (a) A-4, B-2, C-1, D-3
- (b) A-4, B-1, C-2, D-3
- (c) A-4, B-2, C-3, D-1
- (d) A-4, B-3, C-1, D-2

Q91. [Minerals | Direct] Which is the oldest oil-producing area of India?

- (a) Ankleshwar
- (b) Digboi
- (c) Mumbai High
- (d) Krishna-Godavari

Q92. [Industry | Direct] The Visvesvaraya Iron and Steel Works is at

- (a) Vijayanagar
- (b) Hospet
- (c) Mysuru
- (d) Bhadravati

Q93. [Industry | Statement (how many)] With reference to industries in Karnataka, consider the following statements:

1. JSW Steel plant is near Toranagallu in Ballari.
2. HAL, BEL and HMT are in Bengaluru.
3. The Mysore Sandal Soap factory is at Mysuru.

How many of the above statements are correct?

- (a) None
- (b) Only one
- (c) Only two
- (d) All three

Q94. [Industry | Direct] Which city of Karnataka was called the Manchester of Karnataka for cotton textiles?

- (a) Mysuru
- (b) Hubballi
- (c) Davanagere
- (d) Mangaluru

Q95. [Industry | Match the following] Match the Karnataka industry with the place.

List I	List II
A. Mangalore Refinery	1. Raichur
B. Kaiga nuclear power	2. Uttara Kannada
C. Raichur thermal power station	3. Tumakuru
D. Pavagada solar park	4. Mangaluru

- (a) A-4, B-3, C-1, D-2
- (b) A-4, B-2, C-3, D-1
- (c) A-4, B-2, C-1, D-3
- (d) A-4, B-1, C-3, D-2

Q96. [Industry | Direct] The Pavagada Solar Park is located in which district?

- (a) Chitradurga
- (b) Tumakuru
- (c) Ballari
- (d) Kolar

Q97. [Industry | Assertion-Reason]
Assertion (A): Karnataka depends considerably on hydroelectric power from the Western Ghats.

Reason (R): Swift west-flowing rivers like the Sharavati and Kali have high head and can drive turbines.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q98. [Industry | Direct] The Linganamakki reservoir supplies water mainly for which power station?

- (a) Kaiga Station
- (b) Raichur Thermal Station
- (c) Almatti Dam Powerhouse
- (d) Sharavathi Generating Station

Q99. [Industry | Direct] The Kaiga Generating Station, a nuclear power station, lies on the banks of which river?

- (a) Sharavati
- (b) Kali
- (c) Netravati
- (d) Aghanashini

Q100. [Transport | Direct] The headquarters of the South Western Railway zone is at

- (a) Mysuru
- (b) Belagavi
- (c) Bengaluru
- (d) Hubballi

Q101. [Transport | Direct] Which is the only major port in Karnataka?

- (a) Karwar
- (b) Belekeri
- (c) New Mangalore Port
- (d) Tadadi

Q102. [Transport | Statement (which)] Regarding transport in Karnataka, consider the following statements:

1. NH 48 connects Bengaluru with Pune through Hubballi and Belagavi.
2. NH 66 runs along the coast through Mangaluru and Udupi.
3. NH 44 does not pass near Bengaluru.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q103. [Transport | Match the following] Match the transport item with its Karnataka place.

List I	List II
A. Project Seabird naval base	1. Karwar
B. Sogane airport	2. Panambur

List I	List II
C. Namma Metro	3. Bengaluru
D. New Mangalore Port	4. Shivamogga

- (a) A-4, B-1, C-3, D-2
- (b) A-1, B-2, C-3, D-4
- (c) A-4, B-3, C-1, D-2
- (d) A-1, B-4, C-3, D-2

Q104. [Transport | Direct] Bengaluru-Mysuru Expressway length is approximately

- (a) 165 km
- (b) 118 km
- (c) 90 km
- (d) 148 km

Q105. [Urban | Direct] Which was the third most populous city in India in the Census 2011 municipal listing?

- (a) Chennai
- (b) Kolkata
- (c) Bengaluru
- (d) Hyderabad

Q106. [Urban | Statement (which)] About Bengaluru's geography, consider the following statements:

1. It stands on the Mysore Plateau at an elevation of about 900 m.
2. It lies in the Deccan Plateau region.
3. It is on the banks of the perennial Cauvery.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q107. [Urban | Direct] Which river's water has been brought to Bengaluru via the Cauvery water supply schemes?

- (a) Krishna
- (b) Tungabhadra
- (c) Cauvery
- (d) Netravati

Q108. [Urban | Assertion-Reason]
Assertion (A): Bengaluru receives pleasant weather though it lies in the tropics.

Reason (R): Its elevation of about 900 m moderates temperatures.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q109. [Census | Statement (which)] According to Census 2011 of India, consider the following statements:

1. The literacy rate was 74.04 per cent.
2. Kerala had the highest literacy among the states.
3. Bihar had the highest literacy among the states.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only

- (c) 2 and 3 only
- (d) 1, 2 and 3

Q110. [Census | Direct] The sex ratio of India in Census 2011 was

- (a) 933
- (b) 927
- (c) 951
- (d) 943 females per 1,000 males

Q111. [Census | Match the following] Match the Census 2011 record with the state.

List I	List II
A. Highest literacy among states	1. Bihar
B. Lowest literacy among states	2. Uttar Pradesh
C. Lowest sex ratio among states	3. Kerala
D. Most populous state	4. Haryana

- (a) A-4, B-1, C-3, D-2
- (b) A-3, B-1, C-4, D-2
- (c) A-2, B-1, C-4, D-3
- (d) A-4, B-1, C-2, D-3

Q112. [Census | Direct] The most populous state in Census 2011 was

- (a) Bihar
- (b) West Bengal
- (c) Maharashtra
- (d) Uttar Pradesh

Q113. [Census | Statement (which)] About India's Census 2027, consider the following statements:

1. It is being conducted in two phases: house-listing and population enumeration.
2. The reference date for population enumeration is 1 March 2027 for most of the country.
3. No part of India is enumerated for population before February 2027.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q114. [Census | Direct] The first synchronous Census of India, covering the whole country on the same date, was held in

- (a) 1872
- (b) 1881
- (c) 1891
- (d) 1901

Q115. [Census | Direct] The Census 2027 caste data are collected in which phase?

- (a) Neither phase
- (b) Both phases equally
- (c) Phase II, Population Enumeration
- (d) Phase I, House Listing

Q116. [Census | Direct] The most urbanised Indian state in Census 2011 was

- (a) Tamil Nadu
- (b) Maharashtra
- (c) Goa
- (d) Kerala

Q117. [Neighbours | Statement (which)] With reference to India's land borders, consider the following statements:

1. Mizoram shares borders with both Bangladesh and Myanmar.
2. Meghalaya shares a border with Bangladesh.
3. Assam shares a border with Myanmar.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q118. [Neighbours | Direct] Which of the following states shares its international border with both Bangladesh and Myanmar?

- (a) Tripura
- (b) Mizoram
- (c) Meghalaya
- (d) Manipur

Q119. [Neighbours | Statement (which)] About India's maritime channels, consider the following statements:

1. The Palk Strait separates India from Sri Lanka.
2. The Ten Degree Channel separates the Andaman and Nicobar groups.
3. The Eight Degree Channel separates Minicoy from Sri Lanka.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q120. [Neighbours | Direct] Barren Island, India's only active volcano, is part of which island group?

- (a) Nicobar
- (b) Sundarbans
- (c) Lakshadweep
- (d) Andaman

Q121. [Neighbours | Direct] Which Union Territory is the smallest by area in India?

- (a) Delhi
- (b) Chandigarh
- (c) Puducherry
- (d) Lakshadweep

Q122. [Resources | Statement (how many)] With reference to energy in India, consider the following statements:

1. The first nuclear power station in India was set up at Tarapur.
2. Jaduguda in Jharkhand is associated with uranium.
3. Kerala's monazite sands are a source of thorium.

How many of the above statements are correct?

- (a) None
- (b) Only one
- (c) Only two
- (d) All three

Q123. [Resources | Match the following] Match the energy source with a notable Indian site.

List I	List II
A. Large solar park	1. Puga Valley in Ladakh
B. Geothermal	2. Gulf of Khambhat
C. Nuclear	3. Kaiga in Karnataka
D. Tidal potential	4. Bhadla in Rajasthan

- (a) A-3, B-1, C-2, D-4
- (b) A-3, B-1, C-4, D-2
- (c) A-4, B-1, C-3, D-2
- (d) A-4, B-3, C-2, D-1

Q124. [Resources | Direct] The highest dam in India is

- (a) Bhakra
- (b) Tehri
- (c) Hirakud
- (d) Sardar Sarovar

Q125. [Resources | Direct] The Hirakud dam, famous as the longest earthen dam, is on the

- (a) Godavari
- (b) Mahanadi
- (c) Krishna
- (d) Sutlej

Q126. [Resources | Statement (how many)] Regarding Indian dams, consider the following statements:

1. The Bhakra dam is built on the Sutlej.
2. The Nagarjuna Sagar dam is across the Krishna.
3. The Tehri dam is on the Narmada.

How many of the above statements are correct?

- (a) None
- (b) Only one
- (c) Only two
- (d) All three

Q127. [Resources | Assertion-Reason]
Assertion (A): Kallanai (Grand Anicut) across the Cauvery is among the oldest water-diversion structures still in use.

Reason (R): It was built in the Chola period in the 2nd century CE.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q128. [Resources | Chronology] Arrange these Indian energy or industrial milestones in chronological order (earliest first).

A. Kolar Gold Fields closed
B. Tarapur atomic station
C. Shivanasamudra hydropower
D. Digboi oil production begins

- (a) D - C - A - B
- (b) A - C - B - D
- (c) B - A - D - C
- (d) D - C - B - A

Q129. [Forests | Direct] According to ISFR 2023, forest cover in India is about what per cent of the geographical area?

- (a) 19.5
- (b) 33.0
- (c) 21.76
- (d) 25.17

Q130. [Forests | Statement (which)] According to ISFR 2023, consider the following statements:

1. Karnataka's forest cover is about 39,254 sq km, 20.47% of its area.
2. Lakshadweep has the highest percentage of forest cover.
3. Forest cover in India is 33 per cent.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q131. [Forests | Direct] Which body publishes the India State of Forest Report?

- (a) Zoological Survey of India
- (b) Forest Survey of India
- (c) ISRO
- (d) Botanical Survey of India

Q132. [Forests | Direct] The Western Ghats were inscribed as a UNESCO World Heritage Site in

- (a) 2009
- (b) 2016
- (c) 2004
- (d) 2012

Q133. [Forests | Statement (which)] About the Western Ghats, consider the following statements:

1. They are one of the world's biodiversity hotspots.
2. They run parallel to the Arabian Sea coast.
3. They run parallel to the Bay of Bengal coast.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q134. [Forests | Direct] Which expert committee recommended that about 37 per cent of the Western Ghats be an ecologically sensitive area?

- (a) Swaminathan Committee
- (b) Gadgil Committee
- (c) Kasturirangan Committee
- (d) Nanda Committee

Q135. [Hazards | Direct] Karnataka is often called the second most drought-prone state after

- (a) Gujarat
- (b) Maharashtra
- (c) Rajasthan
- (d) Andhra Pradesh

Q136. [Hazards | Direct] The 26 December 2004 tsunami was triggered by an earthquake off the coast of

- (a) Japan
- (b) Alaska

- (c) Chile
- (d) Sumatra

Q137. [Hazards | Match the following] Match the disaster with the region.

List I	List II
A. Kedarnath flood 2013	1. Tamil Nadu coast
B. Bhuj earthquake 2001	2. Uttarakhand
C. 2004 tsunami	3. Bihar
D. Kosi flood	4. Gujarat

- (a) A-2, B-3, C-1, D-4
- (b) A-2, B-4, C-1, D-3
- (c) A-4, B-3, C-1, D-2
- (d) A-3, B-4, C-1, D-2

Q138. [Hazards | Assertion-Reason]
Assertion (A): Cyclones in India are more frequent in the Bay of Bengal than in the Arabian Sea.

Reason (R): Bay of Bengal surface waters are generally warmer and receive depressions moving in from the West Pacific.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q139. [Transport-I | Direct] The Golden Quadrilateral highway connects which four cities?

- (a) Delhi, Bengaluru, Chennai, Kolkata
- (b) Delhi, Mumbai, Chennai, Kolkata
- (c) Delhi, Mumbai, Bengaluru, Kolkata
- (d) Delhi, Hyderabad, Chennai, Kolkata

Q140. [Transport-I | Statement (how many)] About Indian ports, consider the following statements:

1. Mormugao is in Goa.
2. JNPT, at Nhava Sheva, is the largest container port.
3. Kandla (Deendayal) is on the east coast.

How many of the above statements are correct?

- (a) None
- (b) Only one
- (c) Only two
- (d) All three

Q141. [Transport-I | Direct] The longest national highway in India, NH 44, runs between

- (a) Delhi and Mumbai
- (b) Amritsar and Kochi
- (c) Srinagar and Kanyakumari
- (d) Kolkata and Chennai

Q142. [Maps | Direct] In which state does the river Narmada have its source?

- (a) Chhattisgarh
- (b) Gujarat
- (c) Maharashtra
- (d) Madhya Pradesh

Q143. [Maps | Direct] The Aravalli range's highest peak is

- (a) Dhupgarh

- (b) Doddabetta
- (c) Guru Shikhar
- (d) Nanda Devi

Q144. [Maps | Direct] Which hill station in Karnataka is known as the Scotland of India?

- (a) Ooty
- (b) Kodagu (Madikeri)
- (c) Kodaikanal
- (d) Munnar

Q145. [Water-K | Statement (which)] With reference to the Supreme Court judgment of February 2018 on the Cauvery dispute, consider the following statements:

1. Karnataka's share was raised to 284.75 TMC.
2. Tamil Nadu was allotted 404.25 TMC.
3. Kerala and Puducherry together were allotted 30 TMC.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q146. [Water-K | Match the following] Match the dispute with the states concerned.

List I	List II
A. Mahadayi	1. Karnataka and Goa
B. Cauvery	2. Kerala and Tamil Nadu
C. Krishna	3. Karnataka and Tamil Nadu
D. Mullaperiyar	4. Karnataka, Maharashtra and the Telugu states

- (a) A-2, B-3, C-1, D-4
- (b) A-1, B-2, C-3, D-4
- (c) A-2, B-3, C-4, D-1
- (d) A-1, B-3, C-4, D-2

Q147. [Water-K | Direct] Under the Mahadayi Water Disputes Tribunal award of August 2018, how much water was allotted to Karnataka?

- (a) 1.33 TMC
- (b) 24 TMC
- (c) 13.42 TMC
- (d) 284.75 TMC

Q148. [Water-K | Direct] The Kalasa-Banduri nala project concerns the diversion of water from which river?

- (a) Mahadayi
- (b) Cauvery
- (c) Netravati
- (d) Sharavati

Q149. [Water-K | Direct] The Yettinahole project is meant to

- (a) Generate nuclear energy
- (b) Divert west-flowing water to the drought-prone districts for drinking water
- (c) Reclaim Bellandur lake
- (d) Supply water for Mysuru Airport

Q150. [Water-K | Statement (how many)] Regarding rivers and water bodies of Karnataka, consider the following statements:

1. Ranganathittu is a bird sanctuary on the Cauvery near Srirangapatna.

2. Hesaraghatta is a reservoir near Bengaluru.
3. Tungabhadra reservoir is in Vijayanagara district near Hosapete.

How many of the above statements are correct?

- (a) None
- (b) Only one
- (c) Only two
- (d) All three

Q151. [Falls | Match the following] Match the waterfall with the river.

List I	List II
A. Jog	1. Sharavati
B. Gokak	2. Cauvery
C. Magod	3. Ghataprabha
D. Shivanasamudra	4. Bedti

- (a) A-1, B-2, C-4, D-3
- (b) A-2, B-3, C-1, D-4
- (c) A-4, B-3, C-2, D-1
- (d) A-1, B-3, C-4, D-2

Q152. [Falls | Direct] The twin falls Gaganachukki and Bharachukki are on

- (a) The Sharavati
- (b) The Cauvery at Shivanasamudra
- (c) The Kali
- (d) The Aghanashini

Q153. [Falls | Direct] Unchalli (Lushington) Falls is a cascade on the river

- (a) Bedti
- (b) Kali
- (c) Netravati
- (d) Aghanashini

Q154. [Falls | Statement (which)] About Karnataka waterfalls, consider the following statements:

1. Abbey Falls is near Madikeri in Kodagu.
2. Iruppu (Lakshmana Tirtha) Falls is in Kodagu.
3. Hebbe Falls is in Kodagu.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q155. [Regions-K | Direct] The region formerly called Hyderabad-Karnataka is now officially known as

- (a) Kalyana Karnataka
- (b) Kadamba Karnataka
- (c) Kittur Karnataka
- (d) Kosala Karnataka

Q156. [Regions-K | Direct] The Belagavi-region of Karnataka, earlier called Bombay-Karnataka, was renamed in November 2021 as

- (a) Kalyana Karnataka
- (b) Mysuru Karnataka
- (c) Kittur Karnataka
- (d) Malenadu Karnataka

Q157. [Regions-K | Chronology] Arrange these recent Karnataka administrative changes in chronological order (earliest first).

A. Hyderabad-Karnataka renamed Kalyana Karnataka
B. Ramanagara renamed Bengaluru South
C. Greater Bengaluru Authority with five corporations
D. Vijayanagara becomes the 31st district

- (a) A - B - C - D
- (b) D - C - A - B
- (c) A - D - B - C
- (d) A - C - D - B

Q158. [Regions-K | Direct] Under the Greater Bengaluru Governance Act, the Greater Bengaluru Authority (September 2025) has how many corporations?

- (a) Three
- (b) Ten
- (c) Seven
- (d) Five

Q159. [Regions-K | Statement (which)] Regarding Ramanagara's renaming as Bengaluru South in 2025, consider the following statements:

1. The Cabinet approved it on 22 May 2025.
2. Ramanagara town remains the district headquarters.
3. Bengaluru South has its headquarters at Bengaluru city.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q160. [Regions-K | Assertion-Reason]
Assertion (A): Channapatna toys are made in Bengaluru South district (formerly Ramanagara).

Reason (R): Channapatna is a taluk of that district.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q161. [Peaks-K | Match the following] Match the Karnataka peak with its district.

List I	List II
A. Mullayanagiri	1. Kodagu
B. Tadiandamol	2. Shivamogga
C. Kodachadri	3. Chamarajanagar
D. Biligiriranga Hills	4. Chikkamagaluru

- (a) A-4, B-1, C-2, D-3
- (b) A-4, B-3, C-2, D-1
- (c) A-4, B-1, C-3, D-2
- (d) A-4, B-2, C-1, D-3

Q162. [Peaks-K | Direct] Which peak of Karnataka lies in Kodagu and is about 1,748 m high?

- (a) Mullayanagiri
- (b) Tadiandamol
- (c) Kudremukh

- (d) Baba Budangiri

Q163. [Peaks-K | Direct] Karnataka's highest peak Mullayanagiri is how high above sea level?

- (a) 1,895 m
- (b) 1,748 m
- (c) 2,695 m
- (d) 1,930 m

Q164. [Peaks-K | Statement (which)] About the Western Ghats in Karnataka, consider the following statements:

1. Mullayanagiri is the highest peak.
2. Kudremukh is in Chikkamagaluru district.
3. Tadiandamol is higher than Mullayanagiri.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q165. [Agri-K | Direct] Karnataka's coffee-growing hill districts include

- (a) Udupi, Mysuru and Mandya
- (b) Bidar, Raichur and Koppal
- (c) Kodagu, Chikkamagaluru and Hassan
- (d) Gadag, Haveri and Dharwad

Q166. [Agri-K | Statement (which)] With reference to coffee in India in the 2025-26 post-blossom estimate, consider the following statements:

1. Karnataka leads production with about 2.8 lakh tonnes.
2. The three states Karnataka, Kerala and Tamil Nadu produce about 96 per cent of Indian coffee.
3. India is the largest coffee producer in the world.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q167. [Agri-K | Direct] Karnataka leads India in the production of which of these crops?

- (a) Ragi
- (b) Jute
- (c) Wheat
- (d) Rice

Answer key with explanations and sources

Q	Ans	Tag	Explanation	Sources	Status
1	(b) Nanda Devi	Physiography	Nanda Devi (7,816 m, Uttarakhand). Kanchenjunga lies on the India-Nepal border; K2 is in the territory held by Pakistan. Remember it like: Nanda Devi stays at home, Kanchenjunga shares a wall with Nepal.	Survey of India / NCERT atlas; NCERT textbook, Class XI India Physical Environment	R
2	(b) Anamudi	Physiography	Anamudi (2,695 m, Kerala). Doddabetta (2,637 m) is the highest in the Nilgiris of Tamil Nadu.	https://en.wikipedia.org/wiki/List_of_mountain_peaks_of_the_Western_G NCERT textbook	V1
3		Physiography			R

Q	Ans	Tag	Explanation	Sources	Status
	(b) A-2, B-1, C-3, D-4		Remember it like: Zoji = Zippy road to Leh, Nathu = Sikkim, Shipki = Sutlej's entry point, Bomdi = Arunachal.	NCERT textbook; Survey of India / NCERT atlas	
4	(a) 1 and 2 only	Physiography	The Pir Panjal belongs to the Lesser Himalaya (Himachal). Greater Himalaya is Himadri.	NCERT textbook	R
5	(c) Only two	Physiography	Bhangar is the older alluvium; Khadar is the newer alluvium. Remember it like: Khadar = fresh and fertile, Bhangar = bhai-aged (old).	NCERT textbook	R
6	(b) Marshy, forested ground where streams re-emerge after disappearing in Bhabar	Physiography	Streams sink in the porous Bhabar and re-emerge in the Terai.	NCERT textbook	R
7	(a) Both A and R are true and R is the correct explanation of A	Physiography	Both true; the regur soil is weathered basalt and holds moisture, ideal for cotton.	NCERT textbook	R
8	(b) Odisha	Physiography	The Tropic passes through Gujarat, Rajasthan, Madhya Pradesh, Chhattisgarh, Jharkhand, West Bengal, Tripura and Mizoram. Remember it like: GRM CJ WTM.	NCERT textbook; Survey of India / NCERT atlas; https://knowindia.gov.in/profile/	V1
9	(a) 1 and 2 only	Physiography	The southernmost point of the Indian Union is Indira Point on Great Nicobar; Kanyakumari is the southernmost tip of the mainland.	Survey of India / NCERT atlas; NCERT textbook; https://knowindia.gov.in/profile/	V1
10	(c) Kochi side of Kerala with Coimbatore and Tamil Nadu	Physiography	Palghat (Palakkad) Gap links Kerala with Tamil Nadu. The Bhor Ghat links Mumbai-Pune and Thal Ghat links Mumbai-Nashik. Remember it like: Palghat = Pearl of the south gap.	NCERT textbook	R
11	(b) A-3, B-2, C-4, D-1	Physiography	Remember it like: Thal for Nashik, Bhor for Pune.	NCERT textbook	R
12	(c) Krishna	Drainage	The Krishna rises near Mahabaleshwar in Maharashtra and flows via Karnataka and Telangana-Andhra to the Bay of Bengal.	NCERT textbook; Karnataka State Gazetteer, Dept of Gazetteers, Govt of Karnataka	R
13	(b) Godavari	Drainage	The Godavari (about 1,465 km) is the longest peninsular river, the Dakshina Ganga of textbooks. Remember it like: G for Giant.	NCERT textbook	R
14	(a) 1 and 2 only	Drainage	They form estuaries, not deltas. Remember it like: west-flowing rivers make estuaries, east-flowing make deltas.	NCERT textbook	R
15	(c) A - C - D - B	Drainage	Dhauliganga (Vishnuprayag), Nandakini (Nandaprayag), Pindar (Karnaprayag), Mandakini (Rudraprayag), then Devprayag. Remember it like: V-N-K-R, 'Very Nice Kind Rivers'.	NCERT textbook; Survey of India / NCERT atlas	R
16	(b) Cauvery	Drainage	The Cauvery rises at Talakaveri on the Brahmagiri range in Kodagu.	Karnataka State Gazetteer, Dept of Gazetteers, Govt of Karnataka; Government of Karnataka (karnataka.gov.in)	R
17	(b) A-1, B-4, C-3, D-2	Drainage	Remember it like: each river has a hill-town birthplace.	NCERT textbook; Karnataka State Gazetteer, Dept of Gazetteers, Govt of Karnataka	R
18	(d) All three	Drainage	All three true. Remember it like: Tunga plus Bhadra equals Tungabhadra, then a left turn into the Krishna.	Karnataka State Gazetteer, Dept of Gazetteers, Govt of Karnataka; https://	V1

Q	Ans	Tag	Explanation	Sources	Status
				en.wikipedia.org/wiki/List_of_dams_and_reservoirs_in_Karnataka	
19	(d) Kabini	Drainage	Kabini joins the Cauvery near T. Narasipura. Bhima and Ghataprabha are Krishna tributaries; Sharavati flows west.	Karnataka State Gazetteer, Dept of Gazetteers, Govt of Karnataka	R
20	(c) A-2, B-4, C-1, D-3	Drainage	Remember it like: west-flowing rivers are short and sharp, east-flowing long and lazy.	Karnataka State Gazetteer, Dept of Gazetteers, Govt of Karnataka	R
21	(c) Sharavati	Drainage	The Sharavati falls about 253 m in four cascades (Raja, Rani, Roarer, Rocket).	https://jogfalls.in/JogFallsEN.html; Karnataka State Gazetteer, Dept of Gazetteers, Govt of Karnataka	V1
22	(a) Both A and R are true and R is the correct explanation of A	Drainage	Both true. Remember it like: a cliff-top rush to the sea.	Karnataka State Gazetteer, Dept of Gazetteers, Govt of Karnataka; NCERT textbook	R
23	(b) Almatti (Lal Bahadur Shastri Sagar)	Drainage	Almatti is on the Krishna (Vijayapura-Bagalkot). Linganamakki is on the Sharavati; Supa on the Kali; Hemavathi on the Hemavathi.	https://en.wikipedia.org/wiki/List_of_dams_and_reservoirs_in_Karnataka Government of Karnataka (karnataka.gov.in)	V1

Q	Ans	Tag	Explanation	Sources	Status
				KnowledgeCentre/State%20Profile/Karnataka.pdf	

Recap: five things to carry into the hall

1. **Monsoon:** onset Kerala about 1 June; retreat from the north-west; Tamil Nadu rain in Oct-Dec.
2. **Rivers:** Himalayan are perennial; peninsular are seasonal and mostly east-flowing; Godavari is the longest wholly peninsular.
3. **Karnataka relief:** Karavali, Malnad, Maidan; Mullayanagiri 1,930 m; Jog Falls on the Sharavati.
4. **Forests and census:** ISFR 2023, forest 21.76%, forest plus tree 25.17%; Census 2027 reference date 1 March 2027.
5. **Karnataka now:** 31 districts, four revenue divisions, Bengaluru South, five Greater Bengaluru corporations.

> **Next up:** Bank 4 is **Mental Ability**. Cliffhanger: a train 150 m long crosses a pole in 9 seconds. Can you find its speed in km/h before your tea cools? (The answer is inside.)

Economy Question Bank (India and Karnataka)

Status: PREDICTED / PRACTICE questions written fresh for the KAS (KPSC Gazetted Probationers 2026-27) Prelims. Not copied from any past paper. Not leaked. Prepared 27-10-2026 IST.

Fresh practice questions on the Indian economy and Karnataka economy (Paper I): national income, planning and NITI Aayog, money and banking, inflation, public finance, GST and budget, agriculture, industry, external sector, poverty and employment, Karnataka Economic Survey and budget, plus 2026 current affairs.

156 questions. Marks: +2 right, -0.5 wrong (0.25 of the marks), 0 blank. Suggested time: 187 minutes at exam pace (72 seconds per question).

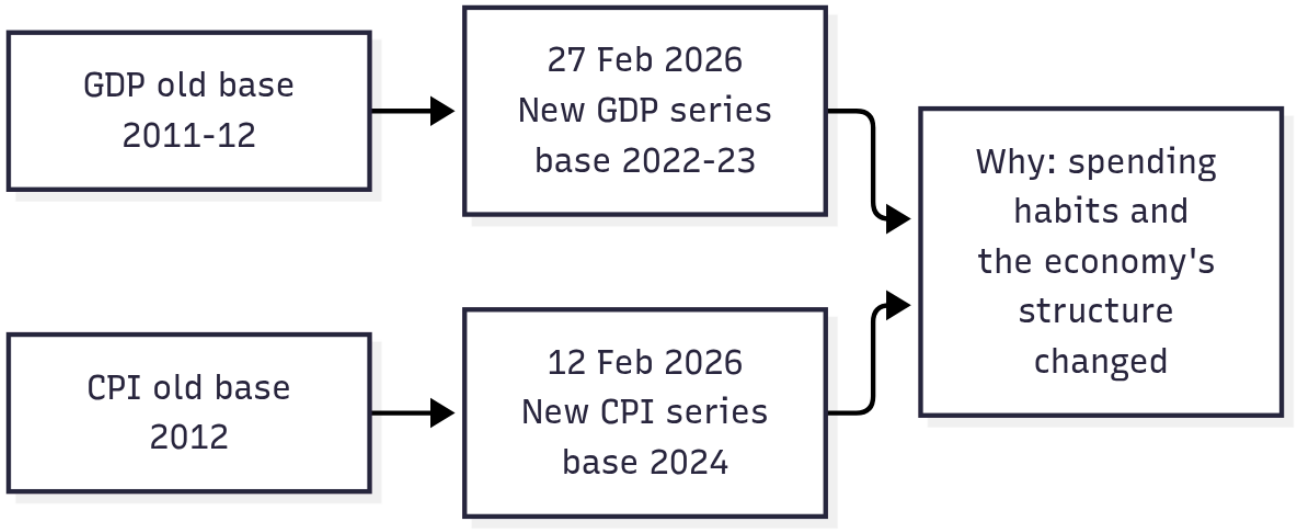

Style mix: Direct 84; Statement 34; Match the following 20; Assertion-Reason 14; Chronology 3; Odd-one/NOT 1

Status codes: R = standard reference (textbook / Constitution / Gazetteer / official publication) cited and hand-reviewed, page not re-opened live; V1 = one live page opened and the keyed fact seen; V = two sources incl. an official one opened; C = computed and solved twice by independent methods.

Topic tags (count): KarEco 24; NatIncome 14; Budget 12; Agri 11; Concept 11; RBI 8; GST 7; Trade 7; FinComm 6; Inflation 6; Planning 5; Tax 5; Banking 5; Industry 5; MPC 4; Current 4; Labour 3; Debt 2; Money 2; FinInc 2; Institutions 2; Markets 2; BoP 2; Poverty 2; Infra 2; Payments 1; Forex 1; Insurance 1

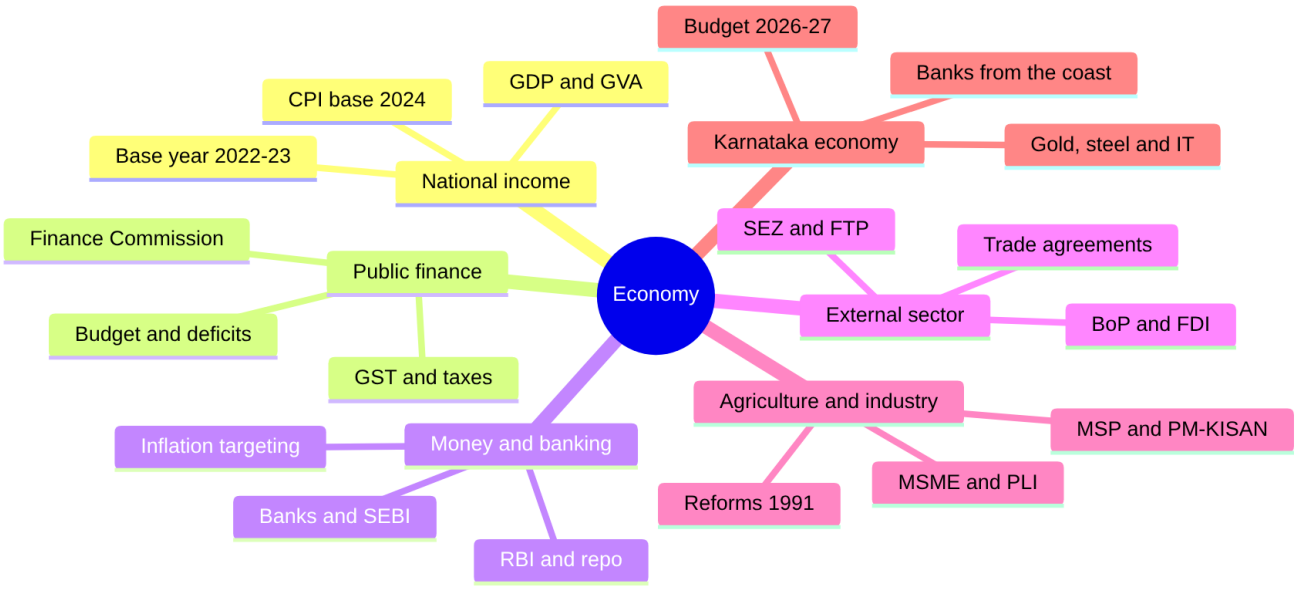

Bank 6 of 8 75% of the question-bank library done

> **Last bank's cliffhanger, answered:** the new **GDP series** moved its base year to **2022-23** (from 2011-12); it was released on **27 February 2026** by the statistics ministry. The new **CPI series** moved to base **2024** (released **12 February 2026**). Two "new bases", two different years: **that is the exam trap.**

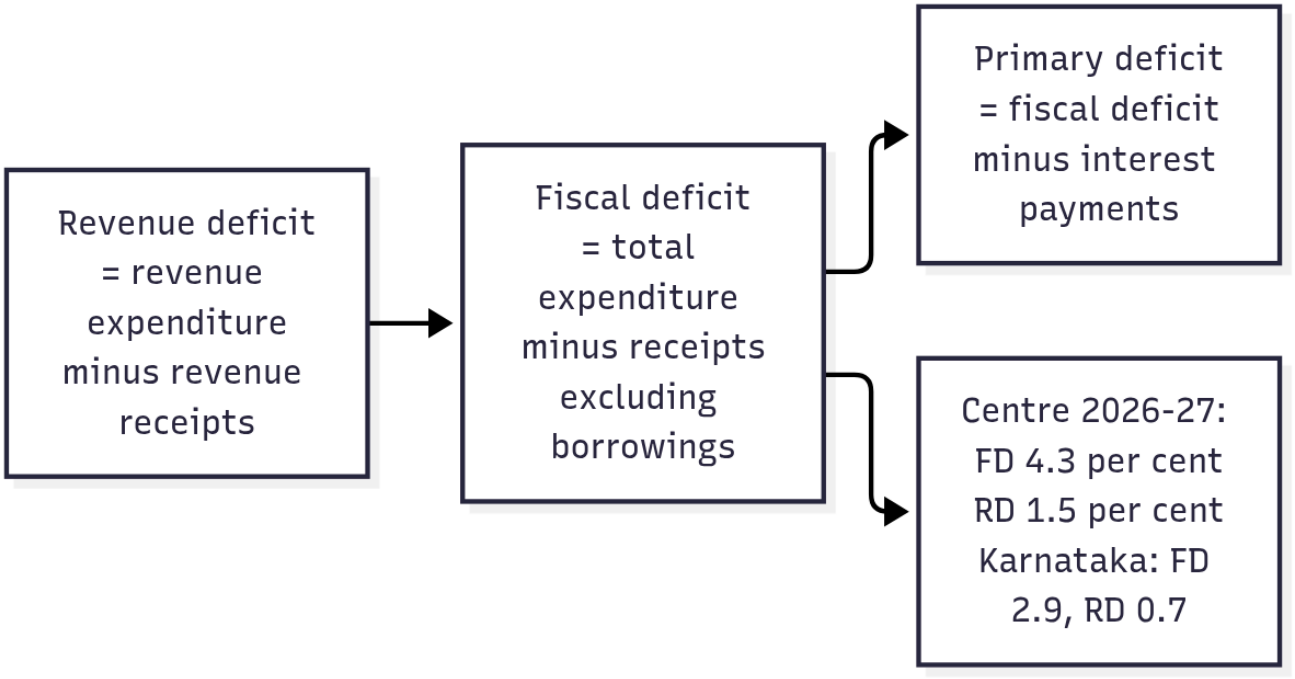

Warm-up: the economy as a household budget (Bengaluru PG edition)

Imagine you live in a Bengaluru PG. Your salary is the Government's **revenue**. Rent plus food is **revenue expenditure**. A new bike loan is a **capital** item. When you spend more than you earn and borrow the gap, that gap is the **fiscal deficit**. The RBI is the PG owner who sets the "interest rate on money lent between friends": the **repo rate**. High repo makes loans costly, so spending cools down; low repo does the opposite. Everything else in this bank hangs on that picture.

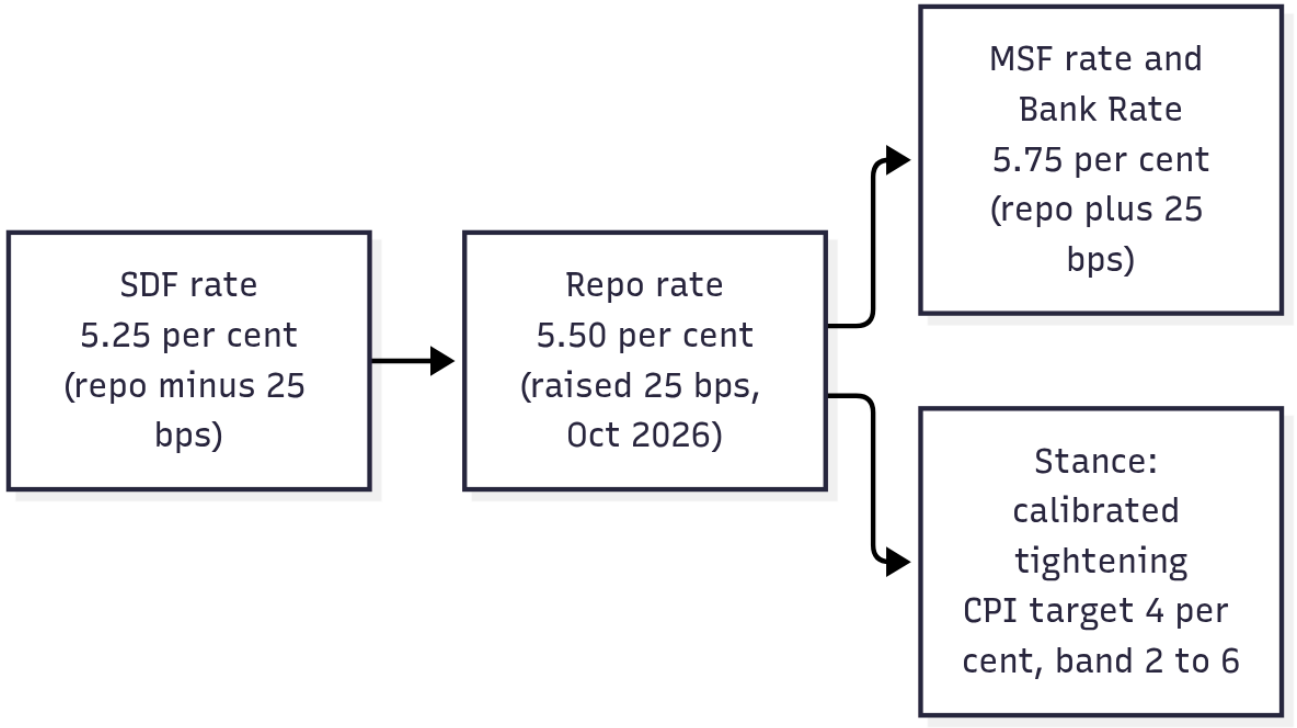

Exploded view: the three deficits on one line

Remember it like: R-F-P: Revenue, Fiscal, Primary, each one a step down the same staircase. Primary = fiscal minus interest.

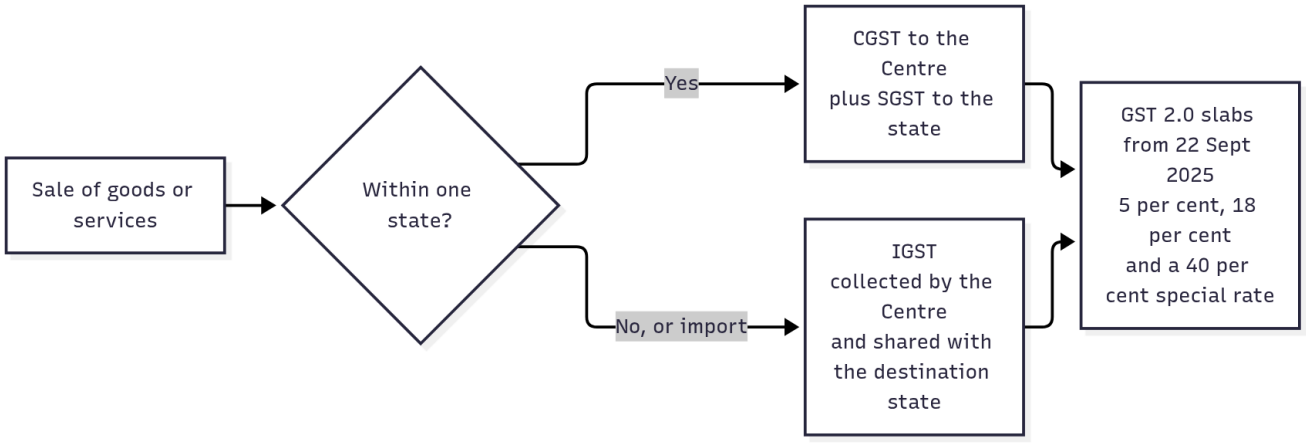

Common trap: Fiscal deficit is measured **excluding borrowings**; the examiner may swap it with the revenue deficit (which has nothing to do with capital spending).

Exploded view: the RBI interest-rate corridor (October 2026)

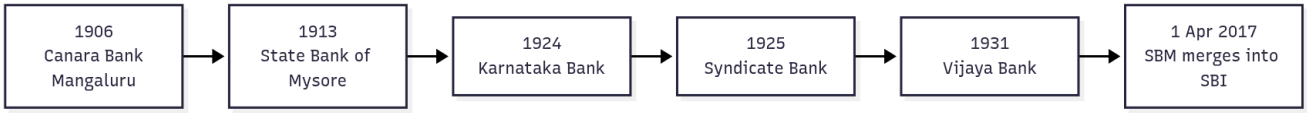

> **Remember it like:** SDF is the floor, MSF is the ceiling, repo sits in the middle: **5.25 - 5.50 - 5.75**.
> **Common trap:** the **Bank Rate** is tied to the **MSF rate (5.75)**, not the repo (5.50).

Exploded view: how GST splits a sale

> **Remember it like:** Inside = Central + State, Outside = Integrated.
> **Common trap:** GST 2.0 (22 September 2025) has **5%, 18% and a 40% special rate**; the old 12% and 28% slabs were dropped.

Exploded view: Karnataka's coastal banks

> **Remember it like: C-K-S-V = 06, 24, 25, 31** (Canara, Karnataka, Syndicate, Vijaya).
>
> **Common trap:** Vijaya Bank went to Bank of Baroda (2019), Syndicate to Canara (2020), and Corporation Bank to Union Bank (2020). SBM was merged into SBI in 2017.

Mnemonics (silly on purpose, so they stick)

What	Hook	Facts it encodes
Deficits	**R-F-P**	Revenue, Fiscal, Primary
Corridor	**Floor-Mid-Ceiling**	SDF 5.25, repo 5.50, MSF 5.75
New bases	**GDP 22-23, CPI 24**	2022-23 and 2024
Karnataka banks	**C-K-S-V**	Canara 1906, Karnataka 1924, Syndicate 1925, Vijaya 1931
GST slabs	**5, 18, 40**	GST 2.0 from 22 Sept 2025
Karnataka deficit	**2.9 and 0.7**	Fiscal and revenue deficits, Budget 2026-27

Current affairs, explained like a friend (the exam is on 15 November, so read this one)

The RBI raised the repo rate to 5.50% in October 2026: why, how, has it happened before?

- **Why:** CPI inflation was projected at **5.2%** for 2026-27 (above the 4% target), while Q1 2026-27 growth was **7.8%**, amid crude-oil volatility from the re-escalation of the West Asia conflict, so the Monetary Policy Committee (**63rd meeting, 5-7 October 2026**) raised the repo rate by **25 bps**, unanimously, and changed the stance to **calibrated tightening**. (RBI press release, 7 October 2026.)
- **How:** SDF **5.25%**; MSF and Bank Rate **5.75%**.
- **Has it happened before?** In the 2022-23 cycle the RBI hiked repeatedly (repo from 4% in May 2022 to 6.5% by February 2023), so a hike is not new, but a 25 bps step with a stance change is the signal to read.
- **How it is asked:** repo versus reverse repo versus SDF, MPC composition (six members), inflation target (4% plus or minus 2%), who sets it (Section 45ZA of the RBI Act).

GST 2.0 and the new base years:

- **Why:** simplify the tax and match the economy's present structure.
- **How it is asked:** the slabs, the date (22 September 2025), the base years.

> **Peak fact:** Karnataka's Budget 2026-27 puts its fiscal deficit at **2.9% of GSDP** and the Union Budget puts the Centre's at **4.3%**. The state is tighter than the Centre, and the examiner loves a statement that swaps them.

Questions

Q1. [NatIncome | Direct] Gross Value Added (GVA) at basic prices is obtained from GDP at market prices by

- (a) adding product taxes and subtracting product subsidies
- (b) subtracting net factor income from abroad
- (c) adding depreciation only
- (d) subtracting product taxes and adding product subsidies

Q2. [NatIncome | Direct] In India's national accounts, Net National Product at factor cost is also called

- (a) Personal Income
- (b) Disposable Income
- (c) Gross Domestic Product at market prices
- (d) National Income

Q3. [NatIncome | Direct] The new series of national accounts (GDP) released by MoSPI in February 2026 uses which base year?

- (a) 2011-12
- (b) 2022-23
- (c) 2017-18
- (d) 2004-05

Q4. [NatIncome | Statement (which)] With reference to the new GDP series released in 2026, consider the following statements:

1. It has 2022-23 as the base year.
2. It replaces the series with 2011-12 as the base year.
3. It was released by the Reserve Bank of India.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q5. [NatIncome | Statement (how many)] About the new Consumer Price Index (CPI) series released in February 2026, consider the following statements:

1. Its food and beverages weight is higher than in the 2012-base series.
2. Its base year is 2024.
3. Its weights are derived from the Household Consumption Expenditure Survey 2023-24.
4. It was first released on 12 February 2026.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q6. [NatIncome | Direct] Which of the following is the most appropriate measure of the average standard of living in a country?

- (a) Total national income
- (b) Gross savings
- (c) Net exports
- (d) Per capita income

Q7. [NatIncome | Assertion-Reason]
Assertion (A): The GDP deflator is considered a broader measure of price change than the Consumer Price Index.

Reason (R): The GDP deflator covers all goods and services produced within the domestic economy, while the CPI covers a fixed basket bought by consumers.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q8. [NatIncome | Direct] Mining and quarrying belongs to which sector of the economy?

- (a) Tertiary sector
- (b) Primary sector
- (c) Secondary sector
- (d) Quaternary sector

Q9. [NatIncome | Direct] "Green GDP" is the GDP figure adjusted for

- (a) Income tax collections
- (b) Foreign aid received
- (c) Inflation and population growth
- (d) The cost of environmental degradation and depletion of natural resources

Q10. [NatIncome | Match the following] Match the economist with the work or idea.

List I	List II
A. Adam Smith	1. The General Theory of Employment, Interest and Money
B. John Maynard Keynes	2. Capability approach to development
C. Amartya Sen	3. The Wealth of Nations
D. Alfred Marshall	4. Principles of Economics

- (a) A-2, B-3, C-1, D-4
- (b) A-3, B-1, C-2, D-4
- (c) A-3, B-2, C-4, D-1
- (d) A-1, B-2, C-3, D-4

Q11. [NatIncome | Match the following] Match the economic concept with what it shows.

List I	List II
A. Phillips curve	1. Distribution of income across households
B. Laffer curve	2. Relationship between tax rates and tax revenue
C. Lorenz curve	3. Numerical measure of inequality
D. Gini coefficient	4. Trade-off between inflation and unemployment

- (a) A-3, B-4, C-1, D-2
- (b) A-3, B-2, C-1, D-4
- (c) A-4, B-1, C-3, D-2
- (d) A-4, B-2, C-1, D-3

Q12. [NatIncome | Direct] Stagflation is a situation in which an economy faces

- (a) Rising prices together with full employment
- (b) High inflation together with high unemployment and slow growth
- (c) Falling prices together with rising output
- (d) High growth together with low inflation

Q13. [NatIncome | Direct] The Income-tax Act, 2025, which replaces the Income-tax Act, 1961, came into force on

- (a) 1 July 2026
- (b) 1 April 2026
- (c) 1 April 2025
- (d) 1 January 2026

Q14. [NatIncome | Statement (which)] With reference to the Income-tax Act, 2025, consider the following statements:

1. It replaces the Income-tax Act, 1961.
2. It uses the single term "tax year" in place of "previous year" and "assessment year".
3. Income earned in 2025-26 is taxed under the new Act.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q15. [Planning | Direct] The NITI Aayog replaced the Planning Commission on

- (a) 26 January 2015
- (b) 15 August 2014
- (c) 1 April 2015
- (d) 1 January 2015

Q16. [Planning | Statement (which)] With reference to the NITI Aayog, consider the following statements:

1. It was established in 2015 through a Cabinet resolution.
2. The Prime Minister is its Chairperson.
3. It allocates grants to the states in the way the Planning Commission did.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q17. [Planning | Match the following] Match the Five-Year Plan with its main feature.

List I	List II
A. First Plan (1951-56)	1. Planning in the era of liberalisation
B. Second Plan (1956-61)	2. Garibi Hatao
C. Fifth Plan (1974-78)	3. Mahalanobis model, heavy industry
D. Eighth Plan (1992-97)	4. Harrod-Domar model, focus on agriculture

- (a) A-4, B-3, C-1, D-2
- (b) A-4, B-1, C-3, D-2
- (c) A-2, B-3, C-4, D-1
- (d) A-4, B-3, C-2, D-1

Q18. [Planning | Chronology] Arrange the following economic milestones in chronological order, earliest first.

A. Introduction of GST
B. Nationalisation of 14 major banks
C. Economic reforms (LPG)
D. Industrial Policy Resolution

- (a) C - B - A - D
- (b) D - B - C - A
- (c) B - C - A - D
- (d) B - A - D - C

Q19. [Planning | Direct] The planning model of the Second Five-Year Plan, stressing rapid industrialisation with a heavy goods base, was formulated by

- (a) M. Visvesvaraya
- (b) V. K. R. V. Rao
- (c) Amartya Sen
- (d) P. C. Mahalanobis

Q20. [FinComm | Direct] The Finance Commission is constituted by the President under which Article of the Constitution?

- (a) Article 265
- (b) Article 280
- (c) Article 112
- (d) Article 324

Q21. [FinComm | Direct] The Sixteenth Finance Commission, whose award period begins in 2026-27, was chaired by

- (a) Vijay Kelkar

- (b) Arvind Panagariya
- (c) N. K. Singh
- (d) Y. V. Reddy

Q22. [FinComm | Statement (how many)] With reference to the share of the states in the divisible pool of Union taxes, consider the following statements:

1. The Fourteenth Finance Commission recommended 42 per cent.
2. The Finance Commission is a statutory body created by an Act of Parliament.
3. The Fifteenth Finance Commission recommended 41 per cent.
4. The Sixteenth Finance Commission recommended retaining 41 per cent.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q23. [FinComm | Assertion-Reason]
Assertion (A): Tax devolution to the states in the Union Budget 2026-27 is shown as ₹15.26 lakh crore.

Reason (R): The Sixteenth Finance Commission recommended retaining the states' share at 41 per cent of the divisible pool.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q24. [FinComm | Direct] Under the Goods and Services Tax framework, the body that recommends tax rates and exemptions is the

- (a) Inter-State Council
- (b) NITI Aayog
- (c) Finance Commission
- (d) GST Council

Q25. [FinComm | Odd-one/NOT] Which of the following taxes was NOT subsumed under the GST?

- (a) Octroi and entry tax
- (b) Basic customs duty on imports
- (c) Service tax
- (d) Central Sales Tax

Q26. [Budget | Direct] The Annual Financial Statement, commonly called the Union Budget, is laid before Parliament under which Article?

- (a) Article 110
- (b) Article 266
- (c) Article 280
- (d) Article 112

Q27. [Budget | Direct] In the Union Budget, the revenue deficit is the excess of

- (a) Total expenditure over total receipts excluding borrowings
- (b) Capital expenditure over capital receipts
- (c) Fiscal deficit over interest payments
- (d) Revenue expenditure over revenue receipts

Q28. [Budget | Statement (how many)] With reference to the budgetary deficits of the Union Government, consider the following statements:

1. Fiscal deficit is total expenditure minus total receipts excluding borrowings.

2. Primary deficit is fiscal deficit minus interest payments.
3. Revenue deficit is the same as fiscal deficit.
4. Effective revenue deficit is revenue deficit minus grants-in-aid for creation of capital assets.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q29. [Budget | Direct] For the Union Budget 2026-27, the fiscal deficit target is

- (a) 5.6 per cent of GDP
- (b) 4.3 per cent of GDP
- (c) 3.0 per cent of GDP
- (d) 4.8 per cent of GDP

Q30. [Budget | Direct] The Union Budget 2026-27 projects the Government of India's capital expenditure at

- (a) ₹15.48 lakh crore
- (b) ₹12.22 lakh crore
- (c) ₹10.18 lakh crore
- (d) ₹8.00 lakh crore

Q31. [Budget | Statement (how many)] With reference to the Union Budget 2026-27, consider the following statements:

1. Central Government debt is estimated at 55.6 per cent of GDP.
2. The medium-term aim is a debt-to-GDP ratio of 50 plus or minus 1 per cent by 2030-31.
3. Gross tax revenue is estimated at 11.2 per cent of GDP.
4. Direct taxes are estimated to contribute less than half of gross tax revenue.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q32. [Budget | Chronology] Arrange the following fiscal and tax milestones in chronological order, earliest first.

A. GST 2.0 slab rationalisation takes effect
B. FRBM Act enacted
C. Income-tax Act, 2025 comes into force
D. GST introduced

- (a) B - C - A - D
- (b) D - B - A - C
- (c) D - C - A - B
- (d) B - D - A - C

Q33. [Budget | Statement (which)] About the Fiscal Responsibility and Budget Management (FRBM) Act, 2003, consider the following statements:

1. It aims to institutionalise fiscal discipline and reduce the fiscal deficit.
2. A committee headed by N. K. Singh reviewed the fiscal roadmap in 2016-17.
3. It is a provision of the original Constitution of India.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only

- (d) 1, 2 and 3

Q34. [Budget | Direct] A vote on account, passed by Lok Sabha before the Appropriation Bill is enacted, permits the government to

- (a) Change the fiscal year
- (b) Withdraw funds from the Consolidated Fund for a part of the year
- (c) Raise new taxes
- (d) Borrow from the IMF

Q35. [Budget | Direct] The Contingency Fund of India is operated on behalf of the President by

- (a) The Speaker of Lok Sabha
- (b) The Comptroller and Auditor General
- (c) The Prime Minister
- (d) The Finance Secretary

Q36. [Budget | Assertion-Reason]
Assertion (A): Cess and surcharge on Union taxes are not shared with the states under the Finance Commission formula.

Reason (R): Cess and surcharge are not part of the divisible pool of Union taxes.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q37. [Budget | Direct] Gender Budgeting in the Union Budget, in the form of a Gender Budget Statement, was formally introduced in

- (a) 1991-92
- (b) 2014-15
- (c) 2000-01
- (d) 2005-06

Q38. [Tax | Statement (which)] With reference to taxes in India, consider the following statements:

1. Corporation tax is a direct tax.
2. Customs duty is an indirect tax.
3. Goods and Services Tax is a direct tax.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q39. [Tax | Direct] The income tax in India is an example of a

- (a) Regressive tax
- (b) Progressive tax
- (c) Proportional tax
- (d) Lump-sum tax

Q40. [GST | Direct] The Goods and Services Tax was introduced in India with effect from

- (a) 1 April 2016
- (b) 1 July 2017
- (c) 1 January 2018
- (d) 1 April 2017

Q41. [GST | Direct] GST in India was enabled by which Constitutional Amendment?

- (a) 86th Amendment

- (b) 42nd Amendment
- (c) 73rd Amendment
- (d) 101st Amendment

Q42. [GST | Match the following] Match the type of GST with where it applies.

List I	List II
A. CGST	1. Charged in Union Territories without a legislature
B. SGST	2. Charged on inter-state supplies and imports
C. IGST	3. Collected by a state on intra-state supplies
D. UTGST	4. Collected by the Centre on intra-state supplies

- (a) A-3, B-1, C-2, D-4
- (b) A-4, B-3, C-2, D-1
- (c) A-1, B-3, C-2, D-4
- (d) A-4, B-1, C-2, D-3

Q43. [GST | Statement (how many)] With reference to the GST rate rationalisation known as GST 2.0, consider the following statements:

1. The 12 per cent and 28 per cent slabs were retained.
2. It replaced the four-rate structure with two main rates of 5 per cent and 18 per cent.
3. A special rate of 40 per cent applies to selected sin and luxury goods.
4. The revised rates took effect on 22 September 2025.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q44. [GST | Direct] Which of the following is currently kept outside the GST regime?

- (a) Digital services
- (b) Cement
- (c) Alcohol for human consumption
- (d) Footwear

Q45. [GST | Direct] The GST Council is chaired by

- (a) The Chairman of NITI Aayog
- (b) The Prime Minister
- (c) The Governor of the RBI
- (d) The Union Finance Minister

Q46. [GST | Assertion-Reason]
Assertion (A): The GST is described as a destination-based consumption tax.

Reason (R): The tax revenue accrues to the state where the goods or services are finally consumed.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q47. [Tax | Direct] "Tax buoyancy" refers to

- (a) The ratio of direct to indirect taxes
- (b) The ease of paying taxes
- (c) The responsiveness of tax revenue to changes in GDP
- (d) The rate of tax evasion

Q48. [Tax | Direct] The tax levied by the Union Government and collected by the states, with the proceeds assigned to the states, is called

- (a) Corporation tax
- (b) Customs duty
- (c) Income tax
- (d) Stamp duty on bills of exchange (Article 268)

Q49. [Tax | Direct] Which of the following is a mechanism used under GST to track movement of goods and curb evasion?

- (a) The ASCII register
- (b) The e-way bill system
- (c) The Zero-rated register
- (d) The tax holiday scheme

Q50. [Debt | Direct] Under the Ways and Means Advances (WMA), the RBI provides the Union Government with

- (a) A permanent grant
- (b) Temporary overdraft to bridge short-term mismatches in receipts and payments
- (c) Long-term loans for infrastructure
- (d) Foreign currency reserves

Q51. [Debt | Direct] Treasury Bills in India are issued for maturities of

- (a) 7, 14 and 21 days
- (b) 1, 5 and 10 years
- (c) 2 and 3 years
- (d) 91, 182 and 364 days

Q52. [RBI | Direct] The Reserve Bank of India began operations on

- (a) 15 August 1947
- (b) 1 January 1949
- (c) 1 April 1935
- (d) 26 January 1950

Q53. [RBI | Statement (how many)] With reference to the Reserve Bank of India, consider the following statements:

1. It was established under the Reserve Bank of India Act, 1934.
2. It was established through a provision of the Constitution of India.
3. It was nationalised with effect from 1 January 1949.
4. The Central Office of the RBI has been in Mumbai since 1937.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q54. [RBI | Match the following] Match the RBI instrument with its meaning.

List I	List II
A. Repo rate	1. Rate at which the RBI borrows from banks
B. Reverse repo rate	2. Rate at which banks borrow overnight against their SLR holdings
C. MSF rate	3. Rate at which banks park surplus liquidity without giving collateral
D. SDF rate	4. Rate at which the RBI lends to banks against government securities

- (a) A-2, B-4, C-1, D-3
- (b) A-4, B-1, C-2, D-3
- (c) A-4, B-3, C-1, D-2

- (d) A-2, B-1, C-4, D-3

Q55. [RBI | Direct] Under the revised liquidity-management framework, the floor of the LAF corridor is set by

- (a) Reverse repo rate
- (b) Bank rate
- (c) Standing Deposit Facility rate
- (d) Repo rate

Q56. [MPC | Statement (how many)] With reference to the Monetary Policy Committee (MPC) of India, consider the following statements:

1. It has six members, three from the RBI including the Governor and three external members appointed by the Central Government.
2. The Governor has a casting vote in case of a tie.
3. Its external members are eligible for re-appointment for any number of terms.
4. It is required to meet at least four times in a year.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q57. [MPC | Direct] The Union Government's notified inflation target for the RBI for the period 1 April 2026 to 31 March 2031 is

- (a) 4 per cent WPI inflation with a band of plus or minus 1 percentage point
- (b) 3 per cent core inflation with a band of plus or minus 1 percentage point
- (c) 5 per cent CPI inflation with a band of plus or minus 2 percentage points
- (d) 4 per cent CPI inflation with a tolerance band of plus or minus 2 percentage points

Q58. [MPC | Statement (how many)] With reference to the October 2026 meeting of the Monetary Policy Committee, consider the following statements:

1. The policy repo rate was raised by 25 basis points to 5.50 per cent.
2. The decision on the repo rate was unanimous.
3. The stance was changed to calibrated tightening.
4. The SDF rate was fixed at 5.50 per cent.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q59. [MPC | Direct] In its October 2026 policy, the RBI projected CPI inflation for 2026-27 at

- (a) 3.5 per cent
- (b) 6.0 per cent
- (c) 4.0 per cent
- (d) 5.2 per cent

Q60. [RBI | Direct] The Cash Reserve Ratio (CRR) is the proportion of a bank's Net Demand and Time Liabilities that it must keep

- (a) In gold with itself
- (b) With other commercial banks
- (c) As cash balances with the RBI
- (d) In government securities with itself

Q61. [RBI | Assertion-Reason]
Assertion (A): An increase in the Cash Reserve Ratio reduces the lending capacity of banks.

Reason (R): A higher CRR leaves banks with less money to lend out of their deposits.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q62. [RBI | Assertion-Reason]
Assertion (A): When the RBI wants to reduce excess liquidity, it conducts reverse repo or sells government securities in the open market.

Reason (R): Selling securities pulls money out of the banking system.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q63. [RBI | Statement (which)] Concerning the loan-pricing benchmarks for banks in India, consider the following statements:

1. The Marginal Cost of Funds based Lending Rate (MCLR) was introduced in April 2016.
2. Since October 2019, banks have had to link new floating-rate retail loans to an external benchmark such as the repo rate.
3. Base rate regime was introduced after the MCLR regime.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q64. [Money | Direct] In India, the narrow money M1 is the sum of

- (a) Currency with the public and time deposits
- (b) Currency with the public, demand deposits and other deposits with the RBI
- (c) Reserve money and foreign exchange reserves
- (d) Time deposits and post office savings

Q65. [Money | Statement (which)] With reference to reserve money (high-powered money) in India, consider the following statements:

1. It consists of currency in circulation, banks' deposits with the RBI and other deposits with the RBI.
2. It is also known as M0.
3. It is the same as M3.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q66. [Inflation | Direct] The Consumer Price Index with base 2024=100 released in 2026 is compiled by

- (a) Reserve Bank of India
- (b) National Statistics Office, MoSPI
- (c) Labour Bureau
- (d) Office of the Economic Adviser, DPIIT

Q67. [Inflation | Direct] The Wholesale Price Index in India is compiled and published by

- (a) Labour Bureau

- (b) Reserve Bank of India
- (c) National Sample Survey Office
- (d) Office of the Economic Adviser, Department for Promotion of Industry and Internal Trade

Q68. [Inflation | Statement (which)] Concerning types of inflation, consider the following statements:

1. Demand-pull inflation arises when aggregate demand exceeds available supply.
2. Cost-push inflation arises from a rise in input costs such as wages or oil.
3. Core inflation includes food and fuel prices.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q69. [Inflation | Match the following] Match the term with its meaning.

List I	List II
A. Disinflation	1. Fall in the general price level
B. Deflation	2. Deliberate policy push to lift prices after deflation
C. Reflation	3. Inflation with stagnant growth
D. Stagflation	4. Fall in the rate of inflation

- (a) A-3, B-1, C-2, D-4
- (b) A-2, B-4, C-1, D-3
- (c) A-4, B-1, C-2, D-3
- (d) A-4, B-2, C-1, D-3

Q70. [Inflation | Assertion-Reason]
Assertion (A): The Phillips curve suggests a short-run trade-off between inflation and unemployment.

Reason (R): Lower unemployment is associated with higher wage and price pressure.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q71. [Inflation | Direct] Consumer Price Index for Industrial Workers (CPI-IW) is mainly used in India to

- (a) Calculate GDP at constant prices
- (b) Measure poverty
- (c) Fix the repo rate
- (d) Revise dearness allowance of government employees

Q72. [Banking | Statement (which)] With reference to Priority Sector Lending (PSL) in India, consider the following statements:

1. The overall PSL target for domestic commercial banks is 40 per cent of Adjusted Net Bank Credit.
2. Agriculture has a sub-target of 18 per cent.
3. Large corporate borrowers are a category under priority sector lending.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q73. [Banking | Direct] The Basel III norms prescribe a minimum common equity capital framework; the RBI requires scheduled commercial banks to maintain a minimum Capital to Risk-weighted Assets Ratio of

- (a) 4 per cent
- (b) 12 per cent
- (c) 9 per cent
- (d) 15 per cent

Q74. [Banking | Direct] The Narasimham Committee on the financial system submitted its reports in

- (a) 1969 and 1980
- (b) 1991 and 1998
- (c) 2005 and 2008
- (d) 1948 and 1951

Q75. [Banking | Direct] The Vijaya Bank, headquartered in Bengaluru, was merged with which bank in April 2019?

- (a) Union Bank of India
- (b) Canara Bank
- (c) Bank of Baroda
- (d) Punjab National Bank

Q76. [Banking | Direct] Which of these public sector banks was headquartered in Manipal (Udupi district) before its April 2020 merger?

- (a) Vijaya Bank
- (b) Syndicate Bank
- (c) Corporation Bank
- (d) Karnataka Bank

Q77. [FinInc | Match the following] Match the financial inclusion scheme with its main purpose.

List I	List II
A. PM Jan Dhan Yojana	1. Pension for unorganised sector workers
B. PM Mudra Yojana	2. Universal access to bank accounts
C. Atal Pension Yojana	3. Collateral-free loans for micro and small businesses
D. PM Suraksha Bima Yojana	4. Accident insurance cover

- (a) A-3, B-1, C-2, D-4
- (b) A-2, B-4, C-3, D-1
- (c) A-1, B-3, C-4, D-2
- (d) A-2, B-3, C-1, D-4

Q78. [FinInc | Direct] The Pradhan Mantri Jan Dhan Yojana was launched on

- (a) 26 January 2015
- (b) 28 August 2014
- (c) 15 August 2016
- (d) 2 October 2014

Q79. [Payments | Direct] The Unified Payments Interface (UPI) is operated by

- (a) Indian Banks' Association
- (b) Reserve Bank of India
- (c) SEBI
- (d) National Payments Corporation of India

Q80. [Institutions | Match the following] Match the institution with its principal role.

List I	List II
A. NABARD	1. Financing of MSMEs
B. SIDBI	2. Agriculture and rural credit

List I	List II
C. National Housing Bank	3. Housing finance regulation and promotion
D. EXIM Bank	4. Financing of foreign trade

- (a) A-2, B-1, C-4, D-3
- (b) A-1, B-2, C-3, D-4
- (c) A-2, B-1, C-3, D-4
- (d) A-2, B-4, C-3, D-1

Q81. [Institutions | Direct] The Securities and Exchange Board of India was given statutory powers in

- (a) 2005
- (b) 1988
- (c) 1999
- (d) 1992

Q82. [Markets | Direct] A foreign investment is generally treated as Foreign Direct Investment when the investor acquires a stake of

- (a) Above 26 per cent
- (b) Exactly 51 per cent
- (c) 10 per cent or more
- (d) Less than 10 per cent

Q83. [Markets | Statement (which)] With reference to Indian stock markets, consider the following statements:

1. The Sensex is the benchmark index of the Bombay Stock Exchange.
2. The Nifty 50 is the benchmark index of the National Stock Exchange.
3. The Sensex and the Nifty 50 are both indices of the National Stock Exchange.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q84. [Forex | Direct] The Foreign Exchange Management Act (FEMA) replaced which earlier law?

- (a) SEBI Act, 1992
- (b) Foreign Exchange Regulation Act, 1973
- (c) Companies Act, 1956
- (d) Foreign Trade Act, 1992

Q85. [Insurance | Statement (which)] With reference to the Sabka Bima Sabki Raksha (Amendment of Insurance Laws) Act, 2025, consider the following statements:

1. Permits up to 100 per cent foreign investment in insurance companies.
2. Most of its provisions were brought into force in February 2026.
3. Raised the cap on foreign holding in LIC to 49 per cent.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q86. [Trade | Statement (how many)] With reference to India's trade agreements, consider the following statements:

1. The India-EU agreement came into force immediately on 27 January 2026.
2. India and the EU announced the conclusion of free trade agreement negotiations on 27 January 2026.

3. The India-EFTA Trade and Economic Partnership Agreement was signed in March 2024.
4. The India-UK Comprehensive Economic and Trade Agreement was signed in July 2025.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q87. [Trade | Direct] The Special Economic Zones Act was enacted in

- (a) 2014
- (b) 1991
- (c) 2000
- (d) 2005

Q88. [Trade | Direct] The first Export Processing Zone in Asia was set up in 1965 at

- (a) Santacruz
- (b) Visakhapatnam
- (c) Kandla
- (d) Noida

Q89. [Trade | Match the following] Match the international institution with its headquarters.

List I	List II
A. International Monetary Fund	1. Geneva
B. World Trade Organization	2. Shanghai
C. New Development Bank	3. Washington D.C.
D. Asian Infrastructure Investment Bank	4. Beijing

- (a) A-4, B-1, C-2, D-3
- (b) A-3, B-1, C-2, D-4
- (c) A-4, B-1, C-3, D-2
- (d) A-2, B-1, C-3, D-4

Q90. [Trade | Direct] India became a member of the World Trade Organization on

- (a) 30 June 1997
- (b) 15 April 1994
- (c) 1 January 1995
- (d) 1 January 1991

Q91. [Trade | Direct] India's Foreign Trade Policy 2023 aims at raising exports to

- (a) USD 5 trillion by 2030
- (b) USD 500 billion by 2024
- (c) USD 1 trillion by 2025
- (d) USD 2 trillion by 2030

Q92. [BoP | Assertion-Reason]
Assertion (A): A deficit in the current account of the balance of payments is usually financed by inflows in the capital account.

Reason (R): The balance of payments must always balance in accounting terms.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q93. [BoP | Statement (which)] In the balance of payments of India, consider the following statements:

1. Merchandise trade is part of the current account.
2. Foreign direct investment is part of the capital account.
3. Remittances from Indians abroad are part of the capital account.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q94. [Trade | Direct] The Economic Survey 2025-26 was tabled in Parliament on

- (a) 22 July 2024
- (b) 29 January 2026
- (c) 1 February 2026
- (d) 31 January 2025

Q95. [Agri | Direct] The Cabinet approved a Minimum Support Price for common paddy for the 2026-27 Kharif marketing season at

- (a) ₹2,369 per quintal
- (b) ₹2,441 per quintal
- (c) ₹2,183 per quintal
- (d) ₹2,800 per quintal

Q96. [Agri | Statement (which)] About the Minimum Support Price (MSP) system in India, consider the following statements:

1. The Commission for Agricultural Costs and Prices recommends MSP for mandated crops.
2. MSP is announced by the Union Cabinet.
3. The CACP is a constitutional body.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q97. [Agri | Direct] The Pradhan Mantri Kisan Samman Nidhi gives income support of

- (a) ₹3,000 a year in two instalments
- (b) ₹10,000 a year in monthly instalments
- (c) ₹6,000 a year in three equal instalments
- (d) ₹12,000 a year in four instalments

Q98. [Agri | Match the following] Match the revolution with the sector it transformed.

List I	List II
A. Green Revolution	1. Fisheries
B. White Revolution	2. Milk production (Operation Flood)
C. Blue Revolution	3. Foodgrain production through HYV seeds
D. Golden Revolution	4. Horticulture

- (a) A-1, B-2, C-3, D-4
- (b) A-4, B-2, C-3, D-1
- (c) A-2, B-1, C-3, D-4
- (d) A-3, B-2, C-1, D-4

Q99. [Agri | Direct] Verghese Kurien is known as the architect of

- (a) Green Revolution

- (b) Evergreen Revolution
- (c) Operation Flood
- (d) Blue Revolution

Q100. [Agri | Direct] The Soil Health Card Scheme was launched in

- (a) 2005
- (b) 2015
- (c) 2019
- (d) 2010

Q101. [Agri | Match the following] Match the agricultural scheme with its feature.

List I	List II
A. PM Fasal Bima Yojana	1. Solar pumps and solarisation of farms
B. e-NAM	2. Crop insurance at low farmer premium
C. Kisan Credit Card	3. Online national agriculture market
D. PM-KUSUM	4. Short-term credit to farmers

- (a) A-4, B-2, C-3, D-1
- (b) A-1, B-3, C-4, D-2
- (c) A-3, B-2, C-4, D-1
- (d) A-2, B-3, C-4, D-1

Q102. [Agri | Direct] The Bhoodan Movement was started by Vinoba Bhave in 1951 at

- (a) Wardha
- (b) Pochampally
- (c) Champaran
- (d) Anand

Q103. [Agri | Statement (how many)] With reference to the National Food Security Act, 2013, consider the following statements:

1. It covers up to 75 per cent of the rural population and 50 per cent of the urban population.
2. Eligibility is decided centrally by the Food Corporation of India.
3. Antyodaya Anna Yojana households are entitled to 35 kg of foodgrains per household per month.
4. Priority households are entitled to 5 kg of foodgrains per person per month.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q104. [Agri | Direct] The Food Corporation of India was set up in

- (a) 1975
- (b) 1991
- (c) 1947
- (d) 1965

Q105. [Agri | Assertion-Reason]
Assertion (A): India maintains buffer stocks of foodgrains.

Reason (R): Buffer stocks help stabilise prices and meet requirements of the Public Distribution System.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q106. [Industry | Statement (how many)] Concerning the 1991 economic reforms in India, consider the following statements:

1. They were introduced during the Prime Ministership of P. V. Narasimha Rao.
2. Manmohan Singh was the Finance Minister at the time.
3. They ended the licence raj by abolishing import tariffs entirely.
4. They included liberalisation, privatisation and globalisation.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q107. [Industry | Statement (how many)] With reference to the revised classification of micro, small and medium enterprises (effective 1 April 2025), consider the following statements:

1. A micro enterprise has investment up to 2.5 crore rupees and turnover up to 10 crore rupees.
2. A small enterprise has investment up to 25 crore rupees and turnover up to 100 crore rupees.
3. A medium enterprise has investment up to 125 crore rupees and turnover up to 500 crore rupees.
4. Classification is based on investment alone.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q108. [Industry | Direct] The Production Linked Incentive (PLI) scheme was launched in 2020 mainly to

- (a) Subsidise farm loans
- (b) Support rural housing
- (c) Boost domestic manufacturing by giving incentives on incremental sales
- (d) Provide pensions to workers

Q109. [Industry | Chronology] Arrange the following flagship initiatives in chronological order, earliest first.

A. Digital India
B. Jan Dhan Yojana
C. Make in India
D. Startup India

- (a) A - C - D - B
- (b) D - C - A - B
- (c) A - D - B - C
- (d) B - C - A - D

Q110. [Industry | Direct] Which of the following was the primary objective of the Industrial Policy Resolution 1956?

- (a) Introduce the licence-free regime
- (b) Establish a socialistic pattern of society with a larger role for the public sector
- (c) Encourage unrestricted foreign investment
- (d) Abolish the public sector

Q111. [Labour | Statement (how many)] About the four Labour Codes brought into effect on 21 November 2025, consider the following statements:

1. One of them is the Factories Code.
2. They consolidate 29 central labour laws.
3. One of them is the Code on Wages.
4. One of them is the Occupational Safety, Health and Working Conditions Code.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q112. [Labour | Statement (how many)] About the Viksit Bharat-G RAM G Act, 2025 that replaced the Mahatma Gandhi National Rural Employment Guarantee Act, consider the following statements:

1. It provides for 125 days of guaranteed wage employment in a financial year.
2. It guarantees 100 days of employment per rural household.
3. It came into effect on 1 July 2026.
4. It replaces the MGNREGA of 2005.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q113. [Labour | Direct] The Periodic Labour Force Survey (PLFS) in India is conducted by

- (a) NITI Aayog
- (b) Labour Bureau
- (c) National Statistics Office
- (d) Reserve Bank of India

Q114. [Poverty | Match the following] Match the committee with its poverty-related recommendation.

List I	List II
A. Tendulkar Committee	1. Poverty line based on a broader consumption basket including health and education
B. Rangarajan Committee	2. State-specific poverty lines using price indices
C. Alagh Committee	3. Revised poverty lines that gave a higher poverty ratio for 2011-12
D. Lakdawala Committee	4. Calorie-based poverty lines of 1979

- (a) A-4, B-1, C-3, D-2
- (b) A-1, B-3, C-4, D-2
- (c) A-1, B-3, C-2, D-4
- (d) A-3, B-1, C-4, D-2

Q115. [Poverty | Direct] The national Multidimensional Poverty Index published by NITI Aayog measures deprivation in

- (a) Income, wealth and employment
- (b) Nutrition, literacy and housing alone
- (c) Health, education and standard of living
- (d) Income, health and gender

Q116. [Infra | Match the following] Match the infrastructure programme with its focus area.

List I	List II
A. Sagarmala	1. Highways and economic corridors
B. Bharatmala	2. Regional air connectivity
C. UDAN	3. Integrated multimodal infrastructure planning
D. PM Gati Shakti	4. Port-led development

- (a) A-4, B-2, C-3, D-1
- (b) A-3, B-1, C-4, D-2
- (c) A-4, B-2, C-1, D-3
- (d) A-4, B-1, C-2, D-3

Q117. [Infra | Direct] The Eastern Dedicated Freight Corridor runs between

- (a) Jawaharlal Nehru Port and Dadri
- (b) Delhi and Mumbai
- (c) Kolkata and Chennai
- (d) Ludhiana and Dankuni

Q118. [KarEco | Statement (how many)] With reference to the Karnataka Budget 2026-27 presented by Chief Minister Siddaramaiah, consider the following statements:

1. The Gross State Domestic Product is projected at ₹33,05,500 crore.
2. The fiscal deficit is targeted at 2.9 per cent of GSDP.
3. The budget estimates a revenue surplus.
4. The revenue deficit is estimated at 0.7 per cent of GSDP.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q119. [KarEco | Direct] In the Karnataka Budget 2026-27, the share of the state's own revenue receipts to be devolved to local bodies is proposed to rise from 48 per cent to

- (a) 60 per cent
- (b) 50 per cent
- (c) 45 per cent
- (d) 55 per cent

Q120. [KarEco | Direct] According to the PRS analysis of Karnataka's 2026-27 budget, the largest contributor to Karnataka's economy in 2025-26 at current prices is the

- (a) Manufacturing at about 45 per cent
- (b) Mining at about 30 per cent
- (c) Services sector at about 70 per cent
- (d) Agriculture at about 40 per cent

Q121. [KarEco | Direct] The per capita GSDP of Karnataka in 2025-26 (current prices) was estimated by the state at about

- (a) ₹4.77 lakh, nearly twice India's per capita GDP
- (b) ₹8.0 lakh, four times India's per capita GDP
- (c) ₹2.51 lakh, equal to India's per capita GDP
- (d) ₹1.0 lakh, half of India's per capita GDP

Q122. [KarEco | Direct] The Karnataka Budget 2026-27 proposes to reduce the sales tax on which fuel?

- (a) Diesel, from 14.3 to 5 per cent
- (b) Petrol, from 25.9 to 15 per cent
- (c) Liquefied Natural Gas, from 14.3 to 5 per cent
- (d) Compressed Natural Gas, from 14.3 to 5 per cent

Q123. [KarEco | Match the following] Match the Karnataka guarantee scheme with its benefit.

List I	List II
A. Shakti	1. ₹2,000 a month to the woman head of a family
B. Gruha Jyothi	2. Allowance for unemployed graduates and diploma holders
C. Gruha Lakshmi	3. Free electricity up to 200 units
D. Yuva Nidhi	4. Free bus travel for women

- (a) A-1, B-3, C-4, D-2
- (b) A-4, B-3, C-1, D-2
- (c) A-4, B-3, C-2, D-1

- (d) A-2, B-3, C-1, D-4

Q124. [KarEco | Direct] Which Karnataka scheme provides rice to Below Poverty Line families under the five guarantees?

- (a) Anna Bhagya
- (b) Ksheera Bhagya
- (c) Krishi Bhagya
- (d) Suvarna Bhagya

Q125. [KarEco | Direct] The Karnataka Land Reforms (Amendment) Act of 1974, associated with Chief Minister D. Devaraj Urs, is known for the principle of

- (a) Bhoodan
- (b) Zamindari abolition
- (c) Land consolidation
- (d) Land to the tiller

Q126. [KarEco | Match the following] Match the industrial place in Karnataka with its industry.

List I	List II
A. Bhadravati	1. Gold mining
B. Hutti	2. Iron and steel (VISL)
C. Toranagallu	3. Iron ore
D. Kudremukh	4. Integrated steel plant (Vijayanagar)

- (a) A-2, B-1, C-4, D-3
- (b) A-2, B-3, C-1, D-4
- (c) A-4, B-2, C-1, D-3
- (d) A-2, B-4, C-3, D-1

Q127. [KarEco | Direct] Karnataka is the leading producer in India of

- (a) Jute
- (b) Rubber
- (c) Tea
- (d) Coffee

Q128. [KarEco | Direct] The Pavagada Solar Park, one of the world's largest solar parks, is located in which district of Karnataka?

- (a) Ballari
- (b) Tumakuru
- (c) Raichur
- (d) Chitradurga

Q129. [KarEco | Direct] Currency notes are printed in Karnataka at

- (a) Dharwad
- (b) Bengaluru
- (c) Mysuru
- (d) Mangaluru

Q130. [KarEco | Match the following] Match the bank with its year of founding.

List I	List II
A. Canara Bank	1. 1931
B. Karnataka Bank	2. 1925
C. Syndicate Bank	3. 1924
D. Vijaya Bank	4. 1906

- (a) A-4, B-1, C-2, D-3
- (b) A-4, B-3, C-2, D-1

- (c) A-1, B-3, C-2, D-4
- (d) A-4, B-2, C-3, D-1

Q131. [KarEco | Direct] The State Bank of Mysore, an associate bank of the State Bank of India, merged with the SBI on

- (a) 1 April 2017
- (b) 1 April 2020
- (c) 1 January 2016
- (d) 1 April 2019

Q132. [KarEco | Direct] The Mysore Iron Works at Bhadravati (now VISL), with production from 1923, was an industrial project strongly promoted by

- (a) Hyder Ali
- (b) Purnaiya
- (c) M. Visvesvaraya
- (d) Tipu Sultan

Q133. [KarEco | Assertion-Reason]
Assertion (A): Bengaluru is often called the Silicon Valley of India.

Reason (R): Bengaluru has a high concentration of information technology and software services companies.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q134. [KarEco | Direct] The headquarters of the Indian Space Research Organisation is at

- (a) Thiruvananthapuram
- (b) Sriharikota
- (c) Hyderabad
- (d) Bengaluru

Q135. [KarEco | Direct] The Tungabhadra Dam, built across the Tungabhadra river, is in which district of Karnataka?

- (a) Belagavi
- (b) Vijayanagara (Hosapete)
- (c) Mandya
- (d) Shivamogga

Q136. [KarEco | Direct] The Hutti Gold Mines Limited is located in which district of Karnataka?

- (a) Raichur
- (b) Chitradurga
- (c) Kolar
- (d) Ballari

Q137. [KarEco | Statement (which)] Concerning the Kolar Gold Fields (KGF) and Hutti Gold Mines in Karnataka, consider the following statements:

1. Mining at the Kolar Gold Fields stopped in 2001.
2. The Hutti Gold Mines are in Raichur district.
3. The Kolar Gold Fields are in Raichur district.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q138. [KarEco | Direct] The Karnataka Industrial Areas Development Board (KIADB) was established in

- (a) 1980
- (b) 1947
- (c) 1966
- (d) 1991

Q139. [Concept | Direct] Identify the example of a public good from the options below.

- (a) Bottled water
- (b) A shared taxi
- (c) Private tuition
- (d) National defence

Q140. [Concept | Statement (which)] With reference to concepts in microeconomics, consider the following statements:

1. A Giffen good is one whose demand rises when its price rises.
2. Demand for necessities is generally price inelastic.
3. A fall in the price of a good always raises the total revenue of the seller.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q141. [Concept | Match the following] Match the type of unemployment with its example.

List I	List II
A. Disguised unemployment	1. More workers on a farm than needed
B. Frictional unemployment	2. Worker between two jobs
C. Cyclical unemployment	3. Farm labourers idle after harvest
D. Seasonal unemployment	4. Job losses in a recession

- (a) A-1, B-2, C-3, D-4
- (b) A-2, B-1, C-4, D-3
- (c) A-4, B-1, C-2, D-3
- (d) A-1, B-2, C-4, D-3

Q142. [Concept | Statement (which)] With reference to the Human Development Index (HDI), consider the following statements:

1. It was conceptualised by Mahbub ul Haq and Amartya Sen.
2. It combines health, education and income indicators.
3. It is published by the World Bank.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q143. [Concept | Assertion-Reason]
Assertion (A): In a bond market, bond prices and yields move in opposite directions.

Reason (R): A higher market interest rate makes existing lower-coupon bonds less attractive.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false

- (d) A is false but R is true

Q144. [Concept | Match the following] Match the regulator with the sector it regulates.

List I	List II
A. SEBI	1. Insurance
B. IRDAI	2. Securities market
C. PFRDA	3. Pension funds
D. Competition Commission of India	4. Anti-competitive practices

- (a) A-4, B-2, C-3, D-1
- (b) A-3, B-1, C-2, D-4
- (c) A-2, B-1, C-3, D-4
- (d) A-4, B-1, C-2, D-3

Q145. [Concept | Direct] Demonetisation of ₹500 and ₹1,000 notes in India was announced on

- (a) 8 November 2016
- (b) 1 July 2017
- (c) 15 August 2015
- (d) 26 January 2016

Q146. [Concept | Statement (which)] About the issue of currency in India, consider the following statements:

1. One-rupee notes and coins are issued by the Government of India.
2. Notes of ₹2 and above are issued by the Reserve Bank of India.
3. All coins are minted by the Reserve Bank of India.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q147. [Current | Direct] According to the RBI's October 2026 monetary policy statement, real GDP growth in the first quarter of 2026-27 was

- (a) 8.4 per cent
- (b) 7.8 per cent
- (c) 6.5 per cent
- (d) 5.9 per cent

Q148. [Current | Assertion-Reason]
Assertion (A): The RBI raised the repo rate in October 2026.

Reason (R): Inflation was projected to be above the 4 per cent target for 2026-27 amid oil price and monsoon risks.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q149. [Current | Direct] The new Consumer Price Index series released in February 2026 has the base year

- (a) 2024
- (b) 2012
- (c) 2022-23
- (d) 2011-12

Q150. [Current | Direct] Which Union Minister presented the Union Budget 2026-27 on 1 February 2026?

- (a) Pankaj Chaudhary

- (b) Nirmala Sitharaman
- (c) Rajnath Singh
- (d) Amit Shah

Q151. [KarEco | Statement (which)] Concerning the banks that began on the Karnataka coast, consider the following statements:

1. Canara Bank was founded in 1906 at Mangaluru.
2. Vijaya Bank was merged into Bank of Baroda in 2019.
3. Syndicate Bank was merged into Union Bank of India in 2020.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q152. [KarEco | Assertion-Reason]
Assertion (A): Karnataka's Budget 2026-27 targets a fiscal deficit of 2.9 per cent of GSDP.

Reason (R): Karnataka's revenue deficit is estimated at 0.7 per cent of GSDP.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q153. [KarEco | Match the following] Match the power station or project in Karnataka with the type of power.

List I	List II
A. Raichur Thermal Power Station	1. Nuclear
B. Kaiga	2. Hydro
C. Sharavathi (Jog)	3. Thermal
D. Pavagada	4. Solar

- (a) A-1, B-2, C-3, D-4
- (b) A-2, B-1, C-4, D-3
- (c) A-3, B-1, C-2, D-4
- (d) A-3, B-2, C-1, D-4

Q154. [Concept | Match the following] Match the economist with the book.

List I	List II
A. Adam Smith	1. Principles of Economics
B. David Ricardo	2. The Wealth of Nations
C. Alfred Marshall	3. The General Theory of Employment, Interest and Money
D. J. M. Keynes	4. Principles of Political Economy and Taxation

- (a) A-2, B-3, C-1, D-4
- (b) A-4, B-2, C-1, D-3
- (c) A-1, B-4, C-2, D-3
- (d) A-2, B-4, C-1, D-3

Q155. [Concept | Statement (which)] About national income aggregates, consider the following statements:

1. Gross National Product equals GDP plus net factor income from abroad.
2. Net Domestic Product equals GDP minus depreciation.
3. National income is the same as GDP at market prices.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q156. [Concept | Assertion-Reason]
Assertion (A): Disguised unemployment is common in Indian agriculture.

Reason (R): The marginal productivity of the surplus workers is close to zero.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Answer key with explanations and sources

Q	Ans	Tag	Explanation	Sources	Status
1	(d) subtracting product taxes and adding product subsidies	NatIncome	GVA at basic prices = GDP at market prices minus product taxes plus product subsidies. Think of it as the producer's price tag before the government's tax sticker is put on. Remember it like: basic price = what the maker gets, so strip the tax and add back the subsidy.	Spectrum / standard competitive-exam text, Standard NSO/MoSPI national accounts definition	R
2	(d) National Income	NatIncome	NNP at factor cost =National Income. Start at GDP at market prices, subtract depreciation, subtract net indirect taxes, add net factor income from abroad. Remember it like: Net + Factor = Fact of national income.	NCERT textbook, Class XII Macroeconomics	R
3	(b) 2022-23	NatIncome	MoSPI released the new GDP series on 27 February 2026 with base year 2022-23, replacing the 2011-12 series. Your Bengaluru-friend rule: a base-year change is a re-measuring of the whole house, not a growth spurt. Remember it like: 2011-12 retires, 2022-23 takes the field.	Press Information Bureau (pib.gov.in), PRID=2233706; https://www.pib.gov.in/PressReleseDetailm.aspx?PRID=2233706&lang=2&reg=3; https://en.wikipedia.org/wiki/Economy_of_India	V
4	(a) 1 and 2 only	NatIncome	The Ministry of Statistics and Programme Implementation (National Statistics Office) released it, not the RBI. The RBI publishes monetary data; MoSPI publishes GDP, CPI and IIP. Remember it like: MoSPI measures, RBI manages.	Press Information Bureau (pib.gov.in), PRID=2233706; https://www.pib.gov.in/PressReleseDetailm.aspx?PRID=2233706&lang=2&reg=3; https://en.wikipedia.org/wiki/Economy_of_India	V
5	(c) Only three	NatIncome	Base 2024=100 replaced base 2012. The new basket moves away from food: food and beverages carry about 36.75% against about 42.6% for the comparable group in the old classification, because Indians spend a smaller share on food now (Engel's law in action). Remember it like: richer households, thinner food slice.	Press Information Bureau (pib.gov.in), PRID=2227012; https://www.pib.gov.in/PressReleasePage.aspx?PRID=2227012&lang=1&reg=3	V1
6	(d) Per capita income	NatIncome	Per capita income =national income divided by population. Total income can be huge in a populous country while each person's slice is small, which is the whole point. Remember it like: total = pizza size, per capita = your slice.	NCERT textbook, Class XII Macroeconomics	R
7	(a) Both A and R are true and R is	NatIncome	Both are true and the reason explains the assertion: the deflator includes investment goods,	Spectrum / standard competitive-exam text,	R

Q	Ans	Tag	Explanation	Sources	Status
	the correct explanation of A		exports and government purchases, whereas CPI covers only what households buy. Remember it like: deflator = whole shop, CPI = one shopping bag.	Standard macroeconomics reference; https://en.wikipedia.org/wiki/GDP_deflator	
8	(b) Primary sector	NatIncome	Mining takes raw material straight from nature, so it is primary. Manufacturing is secondary; trade, banking and transport are tertiary. Remember it like: dig it =primary, make it =secondary, serve it =tertiary.	NCERT textbook, Class X Economics	R
9	(d) The cost of environmental degradation and depletion of natural resources	NatIncome	Green GDP = GDP minus the monetised cost of environmental damage and resource depletion. The idea is that a forest cut for money should show up as a loss, not only as income. Remember it like: green =nature's bill included.	Spectrum / standard competitive-exam text, Standard environmental-economics reference	R
10	(b) A-3, B-1, C-2, D-4	NatIncome	Smith (1776), Keynes (1936), Sen (capability approach, Nobel 1998), Marshall (1890). Remember it like: Smith = Wealth, Keynes = General, Sen = Capability, Marshall =Principles.	Spectrum / standard competitive-exam text, Standard economics reference; https://en.wikipedia.org/wiki/Amartya_Sen	V1
11	(d) A-4, B-2, C-1, D-3	NatIncome	The Phillips curve links inflation and unemployment; the Laffer curve links tax rate and revenue; the Lorenz curve plots cumulative income shares; the Gini coefficient condenses the Lorenz curve into one number from 0 to 1. Remember it like: Phillips =Prices vs jobs, Laffer = Levy vs take.	Spectrum / standard competitive-exam text, Standard economics reference; https://en.wikipedia.org/wiki/Lorenz_curve	R
12	(b) High inflation together with high unemployment and slow growth	NatIncome	Stagflation =stagnation + inflation. It breaks the old Phillips-curve trade-off, which is why the 1970s oil shock shocked textbooks. Remember it like: stag-flation = stuck growth plus fire-hot prices.	Spectrum / standard competitive-exam text, Standard macroeconomics reference; https://en.wikipedia.org/wiki/Stagflation	V1
13	(b) 1 April 2026	NatIncome	The Act took effect from 1 April 2026 and applies to the tax year starting that date. Income earned in 2025-26 is still assessed under the 1961 Act. Remember it like: new Act, new year, 1 April.	Press Information Bureau (pib.gov.in), PRID=2248005; https://www.incometax.gov.in/iec/foportal/help/all-topics/e-filing-services/objective-and-scope-new-act; https://www.pib.gov.in/PressReleasePage.aspx?PRID=2248005&lang=1&reg=3; https://en.wikipedia.org/wiki/Income-tax_Act,_2025	V
14	(a) 1 and 2 only	NatIncome	Income of 2025-26 remains under the 1961 Act; the 2025 Act applies from 1 April 2026. The "tax year" replaces the confusing previous-year/assessment-year pair. Remember it like: one year, one name.	Press Information Bureau (pib.gov.in), PRID=2248005; https://en.wikipedia.org/wiki/Income-tax_Act,_2025	V1
15	(d) 1 January 2015	Planning	NITI Aayog (National Institution for Transforming India) came into being on 1 January 2015 by a Cabinet resolution. It is a think tank, not a fund-allocating body. Remember it like: New Year's Day 2015, new think tank.	https://en.wikipedia.org/wiki/NITI_Aayog	V1
16	(a) 1 and 2 only	Planning	NITI Aayog advises and promotes cooperative federalism; central assistance to states flows through the Finance Commission and the Union	https://en.wikipedia.org/wiki/NITI_Aayog	V1

Q	Ans	Tag	Explanation	Sources	Status
			Budget. It is not a statutory body. Remember it like: NITI advises, Finance Commission funds.		
17	(d) A-4, B-3, C-2, D-1	Planning	The First Plan used the Harrod-Domar model; the Second the Mahalanobis model; the Fifth carried the Garibi Hatao goal; the Eighth began in the post-1991 reform period. The Twelfth (2012-17) was the last. Remember it like: HD first, Mahalanobis second.	https://en.wikipedia.org/wiki/Five-year_plans_of_India	V1
18	(b) D - B - C - A	Planning	IPR 1956 (the economic constitution of the public sector), bank nationalisation 1969, LPG reforms 1991, GST 1 July 2017. Remember it like: 56, 69, 91, 17: Plan, Bank, Open, Tax.	https://en.wikipedia.org/wiki/Industrial_Policy_Resolution_of_1956; https://en.wikipedia.org/wiki/Nationalisation_of_banks_in_India; https://en.wikipedia.org/wiki/1991_Indian_economic_crisis; https://en.wikipedia.org/wiki/Goods_and_Services_Tax_(India); https://en.wikipedia.org/wiki/Banking_in_India	V1
19	(d) P. C. Mahalanobis	Planning	The Second Plan (1956-61) followed the Mahalanobis model, which favoured capital goods industries. Remember it like: Mahalanobis =Machines.	https://en.wikipedia.org/wiki/Prasanta_Chandra_Mahalanobis	V1
20	(b) Article 280	FinComm	Article 280 provides for a Finance Commission every five years or earlier. Article 112 is the annual financial statement, Article 265 is no tax without law, Article 324 is the Election Commission. Remember it like: 280 = Finance Commission, 28 + 0 = fiscal zero-sum between Centre and states.	Constitution of India, Legislative Dept (legislative.gov.in/constitution-of-india), Article 280; https://en.wikipedia.org/wiki/Finance_Commission_of_India	V1
21	(b) Arvind Panagariya	FinComm	Arvind Panagariya chaired the Sixteenth Finance Commission; the award covers 2026-31. The 15th was chaired by N. K. Singh. Remember it like: 15th = NK, 16th = Panagariya.	https://en.wikipedia.org/wiki/Sixteenth_Finance_Commission	V1
22	(c) Only three	FinComm	42% (14th), 41% (15th, after Jammu and Kashmir became a Union Territory), 41% retained by the 16th. The Finance Commission is a constitutional body under Article 280, not a statutory one. Remember it like: 42 then 41, 41 again.	Press Information Bureau (pib.gov.in), PRID=2221389; https://en.wikipedia.org/wiki/Finance_Commission_of_India; https://www.pib.gov.in/PressReleasePage.aspx?PRID=2221389&lang=1&reg=6	V
23	(a) Both A and R are true and R is the correct explanation of A	FinComm	Both true: the Government accepted the recommendation of 41% and BE 2026-27 puts devolution at about ₹15.26 lakh crore, plus ₹1.4 lakh crore of FC grants (₹16.56 lakh crore in total). Remember it like: 41 per cent is the ladle, 15.26 is what comes out.	Press Information Bureau (pib.gov.in), PRID=2221389; https://www.pib.gov.in/PressReleasePage.aspx?PRID=2221389&lang=1&reg=6	V1
24	(d) GST Council	FinComm	The GST Council (Article 279A) is chaired by the Union Finance Minister, with state finance ministers as members. Remember it like: GST rates = GST Council, never the Finance Commission.	Constitution of India, Legislative Dept (legislative.gov.in/constitution-of-india), Article 279A; https://en.wikipedia.org/wiki/Goods_and_Services_Tax_(India)	V1
25	(b) Basic customs duty on imports	FinComm	Basic customs duty stays outside GST; IGST is charged on imports on top of it. Service tax, the Central Sales Tax and octroi/entry tax all merged into GST. Remember it like: GST swallowed service tax, CST and octroi, but not the customs duty at the border.	Spectrum / standard competitive-exam text, GST Council FAQ; https://en.wikipedia.org/wiki/Goods_and_Services_Tax_(India)	V1
26	(d) Article 112	Budget			V1

Q	Ans	Tag	Explanation	Sources	Status
			Article 112 requires the President to lay the Annual Financial Statement before both Houses. Article 110 defines a Money Bill and 266 the Consolidated Fund. Remember it like: 112 = the budget dial, like dialling 112 for help when the exchequer runs dry.	Constitution of India, Legislative Dept (legislative.gov.in/constitution-of-india), Article 112; https://en.wikipedia.org/wiki/Union_budget_of_India	
27	(d) Revenue expenditure over revenue receipts	Budget	Revenue deficit =revenue expenditure minus revenue receipts. It means the government is borrowing to meet day-to-day spending, which is the unhealthy kind of borrowing. Remember it like: revenue deficit =salary-month overdraft.	Spectrum / standard competitive-exam text, Standard public-finance definition; https://en.wikipedia.org/wiki/Government_budget_balance; https://en.wikipedia.org/wiki/Union_budget_of_India; https://www.pib.gov.in/PressReleasePage.aspx?PRID=2221389&lang=1&reg=6	R
28	(c) Only three	Budget	Fiscal deficit = total borrowing requirement; primary deficit strips out interest; effective revenue deficit nets out capital grants to states (BE 2026-27 puts it at 0.3% of GDP, against a revenue deficit of 1.5%). Remember it like: FD = full borrowing, PD =pure borrowing for the year (without old-loan interest), ERD = revenue deficit that pays for assets.	Press Information Bureau (pib.gov.in), PRID=2221389; https://en.wikipedia.org/wiki/Government_budget_balance; https://www.pib.gov.in/PressReleasePage.aspx?PRID=2221389&lang=1&reg=6	V
29	(b) 4.3 per cent of GDP	Budget	BE 2026-27 targets a fiscal deficit of 4.3% of GDP, down from the 4.4% revised estimate for 2025-26. Remember it like: 4.4 to 4.3, a small step on the glide path.	Press Information Bureau (pib.gov.in), PRID=2221389; https://www.pib.gov.in/PressReleasePage.aspx?PRID=2221389&lang=1&reg=6	V1
30	(b) ₹12.22 lakh crore	Budget	Capex is ₹12.22 lakh crore (3.1% of GDP). Add ₹4.93 lakh crore of capital grants to states and you get an effective capex of ₹17.15 lakh crore (4.4% of GDP). Remember it like: 12.22 + 4.93 =17.15.	Press Information Bureau (pib.gov.in), PRID=2221389; https://www.pib.gov.in/PressReleasePage.aspx?PRID=2221389&lang=1&reg=6	V1
31	(c) Only three	Budget	Debt is 55.6% of GDP in BE 2026-27; the target is 50 plus or minus 1% by 2030-31; GTR is 11.2% of GDP. Direct taxes (₹26.97 lakh crore) are 61.2% of GTR, more than half. Remember it like: 55.6 now, 50 later; direct beats indirect.	Press Information Bureau (pib.gov.in), PRID=2221389; https://www.pib.gov.in/PressReleasePage.aspx?PRID=2221389&lang=1&reg=6	V1
32	(d) B - D - A - C	Budget	FRBM Act 2003; GST on 1 July 2017 (2017.5); GST rate rationalisation on 22 September 2025 (2025.72); Income-tax Act 2025 on 1 April 2026 (2026.25). Remember it like: 03, 17, 25, 26.	https://en.wikipedia.org/wiki/Fiscal_Responsibility_and_Budget_Manage https://en.wikipedia.org/wiki/Goods_and_Services_Tax(India); https://www.pib.gov.in/PressReleasePage.aspx?PRID=2163560&lang=1&reg=1	V1
33	(a) 1 and 2 only	Budget	The FRBM Act is an ordinary Act of Parliament, not part of the original Constitution. The N. K. Singh committee reviewed it and suggested a debt-and-deficit framework. Remember it like: FRBM = rule book, not constitution.	https://en.wikipedia.org/wiki/Fiscal_Responsibility_and_Budget_Manage	V1
34	(b) Withdraw funds from the Consolidated Fund for a part of the year	Budget	A vote on account (Article 116) lets the government spend for a limited period (usually four months) until the full budget is passed. It is the bridge between two budgets. Remember it like: vote on account = pocket money until salary day.	Constitution of India, Legislative Dept (legislative.gov.in/constitution-of-india), Article 116	R
35	(d) The Finance Secretary	Budget	The Contingency Fund (Article 267) is held by the Finance Secretary on behalf of the President and is	Constitution of India, Legislative Dept	V1

Q	Ans	Tag	Explanation	Sources	Status
			used for unforeseen expenditure, subject to later approval by Parliament. Remember it like: contingency fund =emergency kitty in the finance secretary's drawer.	(legislative.gov.in/constitution-of-india), Article 267; https://en.wikipedia.org/wiki/Contingency_fund_of_india	
36	(a) Both A and R are true and R is the correct explanation of A	Budget	Both true: the divisible pool consists of Union tax revenues net of the cost of collection, cess and surcharge. That is why the states complain whenever the Union leans on cess. Remember it like: cess and surcharge = the Union's private pocket.	https://en.wikipedia.org/wiki/Finance_Commission_of_India; Spectrum / standard competitive-exam text, Constitution Article 270 and 271	V1
37	(d) 2005-06	Budget	The first Gender Budget Statement appeared in the Union Budget 2005-06. Remember it like: 2005 = first women-centred line in the books.	https://en.wikipedia.org/wiki/Gender_budgeting	V1
38	(a) 1 and 2 only	Tax	Corporation tax and income tax are direct (the burden cannot be shifted); GST and customs duty are indirect (the burden shifts to the final buyer). Remember it like: direct = you pay it yourself, indirect = pass the parcel.	Spectrum / standard competitive-exam text, Standard public-finance definition; https://en.wikipedia.org/wiki/Direct_tax	R
39	(b) Progressive tax	Tax	Higher income attracts a higher marginal rate, so income tax is progressive. Remember it like: the more you earn, the bigger slice they take.	Spectrum / standard competitive-exam text, Standard public-finance definition	R
40	(b) 1 July 2017	GST	GST began on 1 July 2017, through the Constitution (101st Amendment) Act, 2016. Remember it like: 101st amendment = July 1.	https://en.wikipedia.org/wiki/Goods_and_Services_Tax_(India)	V1
41	(d) 101st Amendment	GST	The 101st Amendment (2016) added Article 246A (power to levy GST) and Article 279A (GST Council). Remember it like: 101 = one tax for one nation.	https://en.wikipedia.org/wiki/One_Hundred_and_First_Amendment_of_th	V1
42	(b) A-4, B-3, C-2, D-1	GST	CGST and SGST are levied together on intra-state sales; IGST is levied on inter-state sales and imports and is shared between Centre and destination state. Remember it like: C-S together inside, I across the border.	https://en.wikipedia.org/wiki/Goods_and_Services_Tax_(India)	V1
43	(c) Only three	GST	The 12% and 28% slabs were removed; goods moved mostly to 5% or 18%, with 40% for sin and luxury items. Tobacco products continued at their old rate and cess until the compensation-cess dues were cleared. Remember it like: 5 and 18 are the stars, 40 is the "sin tax", 12 and 28 retired.	Press Information Bureau (pib.gov.in), PRID=2163560; https://gstcouncil.gov.in/sites/default/files/2025-09/faq.pdf; https://www.pib.gov.in/PressReleasePage.aspx?PRID=2163560&lang=1&reg=1	V1
44	(c) Alcohol for human consumption	GST	Alcohol for human consumption (and, for now, petroleum products such as petrol and diesel) remains outside GST; states tax them. Remember it like: liquor and fuel stay with the states.	https://en.wikipedia.org/wiki/Goods_and_Services_Tax_(India)	V1
45	(d) The Union Finance Minister	GST	Article 279A provides that the Union Finance Minister chairs the Council; the states' finance ministers are members. Remember it like: FM chairs the Council, PM only gets the fan mail.	https://en.wikipedia.org/wiki/Goods_and_Services_Tax_(India); Constitution of India, Legislative Dept (legislative.gov.in/constitution-of-india), Article 279A	V1
46	(a) Both A and R are true and R is the correct explanation of A	GST	Both are true and R explains A: IGST is credited to the destination state. Remember it like: GST follows the shopping bag home.	https://en.wikipedia.org/wiki/Goods_and_Services_Tax_(India)	V1

Q	Ans	Tag	Explanation	Sources	Status
47	(c) The responsiveness of tax revenue to changes in GDP	Tax	Tax buoyancy is the percentage change in tax revenue for a one per cent change in GDP. Buoyancy above 1 means tax grows faster than the economy. Remember it like: buoyant = floats higher when the economy rises.	Spectrum / standard competitive-exam text, Standard public-finance definition	R
48	(d) Stamp duty on bills of exchange (Article 268)	Tax	Article 268 duties (stamp duties on bills of exchange, cheques and so on) are levied by the Union but collected and kept by the states. Remember it like: 268 = Union levies, states keep.	Constitution of India, Legislative Dept (legislative.gov.in/constitution-of-india), Article 268	R
49	(b) The e-way bill system	Tax	The e-way bill is an electronically generated document that must accompany goods in movement above a threshold, which helps track invoices and curb evasion. Remember it like: e-way bill = goods' travel ticket.	https://en.wikipedia.org/wiki/Goods_and_Services_Tax_(India)	V1
50	(b) Temporary overdraft to bridge short-term mismatches in receipts and payments	Debt	WMA are short-term advances that tide over cash-flow gaps. Since the 1997 agreement, the RBI has not directly subscribed to government securities in the primary market, except in exceptional circumstances. Remember it like: WMA = a short overdraft, not a bailout.	https://en.wikipedia.org/wiki/Ways_and_Means_Advances	V1
51	(d) 91, 182 and 364 days	Debt	T-Bills are short-term money-market instruments issued at a discount in three tenors: 91-day, 182-day and 364-day. Remember it like: 91-182-364, almost 3-6-12 months.	https://en.wikipedia.org/wiki/Treasury_bill; Spectrum / standard competitive-exam text, RBI treasury bill description	V1
52	(c) 1 April 1935	RBI	The RBI started working on 1 April 1935 under the RBI Act, 1934, on the Hilton Young Commission's recommendation, and was nationalised on 1 January 1949. Remember it like: 35 to start, 49 to go public.	https://en.wikipedia.org/wiki/Reserve_Bank_of_India	V1
53	(c) Only three	RBI	The RBI is a statutory body: set up by the 1934 Act, nationalised in 1949, and its Central Office moved from Calcutta to Mumbai in 1937. The Constitution does not create it. Remember it like: Act 34, nationalised 49, Mumbai 37.	https://en.wikipedia.org/wiki/Reserve_Bank_of_India	V1
54	(b) A-4, B-1, C-2, D-3	RBI	Repo = RBI lends; reverse repo = RBI borrows; MSF =emergency overnight borrowing against SLR securities; SDF (April 2022) =collateral-free parking of surplus funds. Remember it like: repo = RBI lends, SDF = Sit-Down-and-Deposit-Freely.	https://en.wikipedia.org/wiki/Repurchase_agreement; https://en.wikipedia.org/wiki/Reserve_Bank_of_India; https://www.rbi.org.in/Scripts/BS_PressReleaseDisplay.aspx?prid=63742	R
55	(c) Standing Deposit Facility rate	RBI	Since April 2022 the SDF rate, 25 basis points below the repo rate, is the floor; the MSF rate and Bank Rate, 25 basis points above, form the ceiling. After the October 2026 hike the corridor is SDF 5.25 / repo 5.50 /MSF 5.75. Remember it like: floor = SDF, ceiling = MSF.	https://www.rbi.org.in/Scripts/BS_PressReleaseDisplay.aspx?prid=63742; https://en.wikipedia.org/wiki/Reserve_Bank_of_India	V
56	(c) Only three	MPC	MPC: six members; the Governor chairs and has a casting vote; at least four meetings a year; external members serve four years and cannot be reappointed. Remember it like: 3 + 3, tie = Governor decides, no encore for outsiders.	https://en.wikipedia.org/wiki/Monetary_Policy_Committee_(India); https://www.rbi.org.in/Scripts/FAQView.aspx?Id=77	V
57	(d) 4 per cent CPI inflation with a tolerance band of plus or minus	MPC	The flexible inflation-targeting framework under Section 45ZA of the RBI Act was renewed on 25 March 2026: headline CPI at 4%, band 2 to 6%, till	https://timesofindia.indiatimes.com/business/india-business/govt-extends-rbis-4-retail-inflation-target-framework-till-	V

Q	Ans	Tag	Explanation	Sources	Status
	2 percentage points		31 March 2031. Remember it like: 4 plus or minus 2, headline CPI, five more years.	march-2031/articleshow/129807155.cms; https://www.rbi.org.in/scripts/bs_viewbulletin.aspx?Id=24174	
58	(c) Only three	MPC	The 63rd MPC meeting (5 to 7 October 2026) raised the repo to 5.50%, unanimously; SDF 5.25%, MSF and Bank Rate 5.75%; the stance became calibrated tightening. Context: higher oil prices from the West Asia conflict, a weak monsoon and El Niño worries pushing inflation up. Next meeting 2 to 4 December 2026, after your exam. Remember it like: 5.25, 5.50, 5.75, floor-repo-ceiling.	https://www.rbi.org.in/Scripts/BS_PressReleaseDisplay.aspx?prid=63742	V1
59	(d) 5.2 per cent	MPC	The statement projects CPI inflation at 5.2% for 2026-27 (core 4.4%), against growth of 7.1%. Inflation in August 2026 was 4.8%, up from 4.5% in July. Remember it like: 5.2 inflation, 7.1 growth, both above comfort.	https://www.rbi.org.in/Scripts/BS_PressReleaseDisplay.aspx?prid=63742	V1
60	(c) As cash balances with the RBI	RBI	CRR is kept with the RBI as cash and earns no interest; SLR is kept by the bank itself in cash, gold or approved securities. Remember it like: CRR = Cash with RBI, SLR =Securities Left (with the bank).	https://en.wikipedia.org/wiki/Cash_reserve_ratio; https://www.rbi.org.in/Scripts/BS_ViewMasDirections.aspx?id=12131	V1
61	(a) Both A and R are true and R is the correct explanation of A	RBI	Both true and R explains A: a larger share of deposits is locked with the RBI, so the money multiplier shrinks. Remember it like: CRR up, loans down; the RBI tightens the tap.	https://en.wikipedia.org/wiki/Cash_reserve_ratio	V1
62	(a) Both A and R are true and R is the correct explanation of A	RBI	Both true: OMO sales and reverse-repo style absorption drain liquidity. Remember it like: RBI sells = money gets sucked in; RBI buys = money gets pumped out.	https://en.wikipedia.org/wiki/Open_market_operation	V1
63	(a) 1 and 2 only	RBI	Order: base rate (2010) to MCLR (April 2016) to external benchmark lending rate (EBLR, October 2019). Remember it like: B, M, E in alphabetical order.	https://www.rbi.org.in/Scripts/NotificationUser.aspx?Id=11677; https://www.rbi.org.in/Scripts/BS_PressReleaseDisplay.aspx?prid=48070	V1
64	(b) Currency with the public, demand deposits and other deposits with the RBI	Money	M1 = currency with the public + demand deposits with banks + other deposits with the RBI. M3 (broad money) adds time deposits with banks. Remember it like: M1 can be used right now; M3 includes the locked FD.	https://en.wikipedia.org/wiki/Money_supply; https://www.rbi.org.in/Scripts/PublicationsView.aspx?id=21153	R
65	(a) 1 and 2 only	Money	Reserve money (M0) = currency in circulation + bankers' deposits with the RBI + other deposits with the RBI; it is the base on which banks create more money through the multiplier. M3 is the broad money. Remember it like: M0 is the seed, M3 is the tree.	https://en.wikipedia.org/wiki/Money_supply; https://www.rbi.org.in/Scripts/PublicationsView.aspx?id=21153	R
66	(b) National Statistics Office, MoSPI	Inflation	The NSO under MoSPI compiles the all-India CPI; the WPI comes from the Office of the Economic Adviser in DPIIT; CPI-IW (for dearness allowance) from the Labour Bureau. Remember it like: CPI =consumers =statistics office; WPI = wholesale =commerce ministry.	https://www.pib.gov.in/PressReleasePage.aspx?PRID=2227012&lang=1&reg=3; https://en.wikipedia.org/wiki/Consumer_price_index	V1
67	(d) Office of the Economic Adviser, Department for	Inflation	The Office of the Economic Adviser in DPIIT publishes WPI (base 2011-12 at the time of writing); the RBI's inflation target is based on CPI,	https://eaindustry.nic.in/; https://en.wikipedia.org/wiki/Wholesale_price_index	V1

Q	Ans	Tag	Explanation	Sources	Status
	Promotion of Industry and Internal Trade		not WPI. Remember it like: WPI =Wholesale =commerce ministry.		
68	(a) 1 and 2 only	Inflation	Core inflation excludes the volatile food and fuel items; headline includes them. Remember it like: core = clean of food and fuel.	https://en.wikipedia.org/wiki/Inflation; https://en.wikipedia.org/wiki/Core_inflation	V1
69	(c) A-4, B-1, C-2, D-3	Inflation	Disinflation means prices still rise but slower; deflation means prices actually fall; reflation revives prices; stagflation mixes inflation with weak growth. Remember it like: dis = slower, de =down, re = revive.	https://en.wikipedia.org/wiki/Disinflation; https://en.wikipedia.org/wiki/Reflation	V1
70	(a) Both A and R are true and R is the correct explanation of A	Inflation	Both true and R explains A: a tight labour market lifts wages and prices. Remember it like: Phillips = see-saw of jobs and prices.	https://en.wikipedia.org/wiki/Phillips_curve	V1
71	(d) Revise dearness allowance of government employees	Inflation	CPI-IW, compiled by the Labour Bureau, is the base for dearness allowance revisions. Remember it like: IW = pay-slip index.	https://en.wikipedia.org/wiki/Consumer_price_index; https://labourbureau.gov.in/; https://en.wikipedia.org/wiki/Inflation_in_India	V1
72	(a) 1 and 2 only	Banking	PSL = 40% of ANBC for domestic commercial banks; agriculture 18%, micro enterprises 7.5%, weaker sections 12%. Large corporates are not in PSL. Remember it like: 40-18-7.5-12: forty total, eighteen farm.	https://www.rbi.org.in/Scripts/BS_ViewMasDirections.aspx?id=12263; https://en.wikipedia.org/wiki/Priority_sector_lending	V1
73	(c) 9 per cent	Banking	RBI stipulated 9% minimum CRAR (above the Basel 8%), plus a 2.5% capital conservation buffer, so 11.5% in total. Remember it like: 9 plus 2.5 equals 11.5.	https://en.wikipedia.org/wiki/Basel_III	R
74	(b) 1991 and 1998	Banking	M. Narasimham chaired the committees on the financial system (1991) and on banking sector reforms (1998). Remember it like: one nine nine one and nine eight, reform before and after the crisis year.	https://en.wikipedia.org/wiki/Narasimham_Committee	V1
75	(c) Bank of Baroda	Banking	In April 2019, Vijaya Bank and Dena Bank were merged into Bank of Baroda. Remember it like: Vijaya + Dena =Baroda.	https://en.wikipedia.org/wiki/Vijaya_Bank	V1
76	(b) Syndicate Bank	Banking	Syndicate Bank, started at Udupi in 1925, was merged into Canara Bank in April 2020; Corporation Bank (Udupi, 1906) went into Union Bank of India. Remember it like: Syndicate to Canara, Corporation to Union.	https://en.wikipedia.org/wiki/Syndicate_Bank; https://en.wikipedia.org/wiki/Corporation_Bank	V1
77	(d) A-2, B-3, C-1, D-4	FinInc	PMJDY (28 August 2014) opens bank accounts, PMMY (April 2015) gives micro-loans, APY and PMSBY are 2015 social-security schemes. Remember it like: Jan Dhan =door, Mudra = seed money.	https://en.wikipedia.org/wiki/Pradhan_Mantri_Jan_Dhan_Yojana; https://en.wikipedia.org/wiki/Pradhan_Mantri_Mudra_Yojana	V1
78	(b) 28 August 2014	FinInc	PMJDY was launched on 28 August 2014. Remember it like: Aug 28, 2014 = big bank account day.	https://en.wikipedia.org/wiki/Pradhan_Mantri_Jan_Dhan_Yojana	V1
79	(d) National Payments Corporation of India	Payments	UPI, launched in 2016, is run by the NPCI, an umbrella organisation for retail payments set up in 2008. Remember it like: NPCI is the UPI's parent.	https://en.wikipedia.org/wiki/National_Payments_Corporation_of_India; https://en.wikipedia.org/wiki/Unified_Payments_Interface	V1
80	(c) A-2, B-1, C-3, D-4	Institutions	NABARD (1982), SIDBI (1990), NHB (1988) and EXIM Bank (1982) are apex development finance	https://en.wikipedia.org/wiki/NABARD; https://en.wikipedia.org/wiki/	V1

Q	Ans	Tag	Explanation	Sources	Status
			institutions. Remember it like: N for Nature (farm), S for Small, H for Houses, E for Export.	Small_Industries_Development_Bank_of_In https://en.wikipedia.org/wiki/National_Housing_Bank	
81	(d) 1992	Institutions	SEBI was set up in 1988 and given statutory status by the SEBI Act, 1992. Remember it like: 88 born, 92 gets power.	https://en.wikipedia.org/wiki/Securities_and_Exchange_Board_of_India	V1
82	(c) 10 per cent or more	Markets	Under FEMA norms, foreign investment up to 10% in a listed company is portfolio investment; 10% or more is treated as FDI. Remember it like: 10 = the entry ticket to FDI.	https://en.wikipedia.org/wiki/Foreign_direct_investment_in_India; https://www.rbi.org.in/SCRIPTs/BS_ViewMasDirections.aspx?id=11200	V1
83	(a) 1 and 2 only	Markets	Sensex (30 stocks, BSE, 1986) and Nifty 50 (NSE) are different indices. Remember it like: Sensex = BSE, Nifty = NSE.	https://en.wikipedia.org/wiki/BSE_SENSEX; https://en.wikipedia.org/wiki/CNX_Nifty	V1
84	(b) Foreign Exchange Regulation Act, 1973	Forex	FEMA, 1999 replaced FERA 1973, shifting from "regulation" to "management" of foreign exchange. Remember it like: FERA = fear, FEMA = ease.	https://en.wikipedia.org/wiki/Foreign_Exchange_Management_Act,_1999	V1
85	(a) 1 and 2 only	Insurance	Foreign investment in insurers can go up to 100%, but LIC remains capped at 20%; the Government notified 5 February 2026 for enforcement of most provisions. Remember it like: 100 for private, 20 for LIC.	https://prsindia.org/billtrack/the-sabka-bima-sabki-raksha-amendment-of-insurance-laws-bill-2025; https://www.business-standard.com/markets/news/dpiit-notifies-100-fdi-in-insurance-companies-under-automatic-route-126021101874_1.html	V1
86	(c) Only three	Trade	Conclusion of talks is not entry into force: the India-EU deal still needs signature, EU approval and ratification, so it is expected to be operational only around 2027. Remember it like: talks concluded is not the same as treaty in force; think conclusion, signature, ratification, implementation.	https://www.pib.gov.in/PressReleasePage.aspx?PRID=2219065; https://commission.europa.eu/topics/trade/eu-india-trade-agreement_en	V
87	(d) 2005	Trade	The SEZ Act was passed in 2005, and rules came into effect in February 2006; the SEZ policy itself began in April 2000. Remember it like: 2000 policy, 2005 law.	https://en.wikipedia.org/wiki/List_of_special_economic_zones_in_India; https://www.sezindia.gov.in/	V1
88	(c) Kandla	Trade	The Kandla EPZ (Gujarat), set up in 1965, was Asia's first. Remember it like: K for Kandla, K for the first export kick.	https://kasez.gov.in/wp-content/uploads/2017/07/Brief-History-of-KASEZ.pdf; https://static.pib.gov.in/WriteReadData/specificdocs/documents/2022/jan/doc2022153001.pdf; https://infrastructuretoday.co.in/the-best-laid-plans/; https://indiaseatradenews.com/kasez-celebrates-60th-foundation-day-felicitates-exporters/	R
89	(b) A-3, B-1, C-2, D-4	Trade	IMF in Washington, WTO in Geneva, NDB (BRICS bank) in Shanghai, AIIB in Beijing. Remember it like: W-W, W-G, N-S, A-B.	https://en.wikipedia.org/wiki/International_Monetary_Fund; https://en.wikipedia.org/wiki/World_Trade_Organization; https://en.wikipedia.org/wiki/New_Development_Bank;	V1

Q	Ans	Tag	Explanation	Sources	Status
				https://en.wikipedia.org/wiki/Asian_Infrastructure_Investment_Bank	
90	(c) 1 January 1995	Trade	India has been a member of the WTO since 1 January 1995 and a founding member of GATT. Remember it like: WTO = 1995, same year it replaced GATT.	https://en.wikipedia.org/wiki/World_Trade_Organization	V1
91	(d) USD 2 trillion by 2030	Trade	FTP 2023, effective 1 April 2023, targets USD 2 trillion in exports of goods and services by 2030. Remember it like: 2 trillion by 2030, 2-30.	https://www.pib.gov.in/PressReleaseIframePage.aspx?PRID=1912572	V1
92	(a) Both A and R are true and R is the correct explanation of A	BoP	Both true, and R explains A: by double-entry accounting, a current account gap is matched by net capital inflows or by drawing down reserves. Remember it like: if the shop spends more than it earns, someone has to lend or the savings go.	https://en.wikipedia.org/wiki/Balance_of_payments	R
93	(a) 1 and 2 only	BoP	Remittances are private transfers, so they sit in the current account (invisibles). Remember it like: goods, services, income, transfers =current; investment and loans = capital.	https://en.wikipedia.org/wiki/Balance_of_payments; https://en.wikipedia.org/wiki/Economy_of_India	R
94	(b) 29 January 2026	Trade	The Survey, prepared under the Chief Economic Adviser V. Anantha Nageswaran, was tabled on 29 January 2026, a few days before the Budget of 1 February 2026. Remember it like: Survey = report card on 29 Jan, Budget =promise list on 1 Feb.	https://www.pib.gov.in/PressReleasePage.aspx?PRID=2219971&lang=1&reg=1	V1
95	(b) ₹2,441 per quintal	Agri	On 13 May 2026 the Cabinet raised the common paddy MSP by ₹72 to ₹2,441 per quintal (up from ₹2,369), among 14 Kharif crops. Remember it like: 2,369 plus 72 equals 2,441.	https://www.pib.gov.in/PressReleasePage.aspx?PRID=2260618; https://ddnews.gov.in/en/cabinet-approves-higher-msp-for-14-kharif-crops-for-2026-27-marketing-season/	V1
96	(a) 1 and 2 only	Agri	CACP (1965) is an attached office of the Agriculture Ministry, not a constitutional body; the Cabinet Committee on Economic Affairs approves MSP. Remember it like: CACP advises, Cabinet decides.	https://en.wikipedia.org/wiki/Commission_for_Agricultural_Costs_and_Pr https://en.wikipedia.org/wiki/Minimum_support_price	V1
97	(c) ₹6,000 a year in three equal instalments	Agri	PM-KISAN (launched February 2019) transfers ₹6,000 a year in three instalments of ₹2,000 each to farmer families. Remember it like: 6,000 = 3 times 2,000.	https://en.wikipedia.org/wiki/Pradhan_Mantri_Kisan_Samman_Nidhi; https://pmkisan.gov.in/	V1
98	(d) A-3, B-2, C-1, D-4	Agri	Green = wheat and rice with HYV seeds from the mid-1960s; White = milk via Operation Flood led by Verghese Kurien; Blue = fish; Golden = fruits, honey and horticulture. Remember it like: green leaves, white milk, blue water, golden fruit.	https://en.wikipedia.org/wiki/Green_Revolution_in_India; https://en.wikipedia.org/wiki/Operation_Flood	V1
99	(c) Operation Flood	Agri	Kurien led the National Dairy Development Board and Operation Flood, which made India among the top milk producers. M. S. Swaminathan is the Indian face of the Green Revolution. Remember it like: Kurien = Cream.	https://en.wikipedia.org/wiki/Verghese_Kurien	V1
100	(b) 2015	Agri	The scheme, which gives farmers a card on soil nutrient status, was launched in February 2015. Remember it like: soil card, 2015.	https://en.wikipedia.org/wiki/Soil_Health_Card_Scheme	V1
101	(d) A-2, B-3, C-4, D-1	Agri	PMFBY (2016) insures crops; e-NAM (2016) links mandis online; KCC (1998) gives revolving credit; PM-KUSUM (2019) promotes solar energy for farms. Remember it like: Bima = insure, NAM = net, KCC = card, KUSUM = sun.	https://en.wikipedia.org/wiki/Pradhan_Mantri_Fasal_Bima_Yojana; https://en.wikipedia.org/wiki/Kisan_Credit_Card; https://en.wikipedia.org/wiki/Pm_kusum_scheme	V1

Q	Ans	Tag	Explanation	Sources	Status
102	(b) Pochampally	Agri	Vinoba Bhave began Bhoodan on 18 April 1951 at Pochampally in present-day Telangana, when a landlord donated land. Remember it like: Pochampally =first plot gifted.	https://en.wikipedia.org/wiki/Bhoodan_movement	V1
103	(c) Only three	Agri	NFSA covers up to 75% rural and 50% urban persons: 5 kg per person for priority households, 35 kg per household for AAY. Eligible households are identified by states. Remember it like: 75-50, 5 kg and 35 kg.	https://en.wikipedia.org/wiki/National_Food_Security_Act,_2013; https://dfpd.gov.in/	V1
104	(d) 1965	Agri	FCI was set up in January 1965 under the Food Corporations Act, 1964, to procure and stock foodgrains. Remember it like: Green Revolution era agency, 1965.	https://en.wikipedia.org/wiki/Food_Corporation_of_India	V1
105	(a) Both A and R are true and R is the correct explanation of A	Agri	Both true and R explains A: procured grain from surplus years is released to tackle shortages and price rise. Remember it like: buffer = granary insurance.	https://en.wikipedia.org/wiki/Food_Corporation_of_India	R
106	(c) Only three	Industry	The 1991 package (July 1991) devalued the rupee, delicensed industry, and cut tariffs gradually; it did not abolish tariffs. Remember it like: LPG: Liberalisation, Privatisation, Globalisation (the 1991 cooking gas).	https://en.wikipedia.org/wiki/Economic_liberalisation_in_India	V1
107	(c) Only three	Industry	Under the revised thresholds, both investment and turnover limits apply. Remember it like: 2.5-10, 25-100, 125-500: investment first, turnover next.	https://www.msme.gov.in/ministry/about-us/details/Title=What's-MSME-IzMzITMtQWa; https://www.pib.gov.in/FactsheetDetails.aspx?ModuleId=1&NoteId=150535&id=150535	V1
108	(c) Boost domestic manufacturing by giving incentives on incremental sales	Industry	PLI schemes give incentives on incremental sales of goods manufactured in India, starting with mobile phones and electronics in 2020. Remember it like: produce more, get more.	https://en.wikipedia.org/wiki/Production_Linked_Incentive_schemes_in_ https://www.pib.gov.in/PressReleasePage.aspx?PRID=1607488	V1
109	(d) B - C - A - D	Industry	PMJDY on 28 August 2014; Make in India on 25 September 2014; Digital India on 1 July 2015; Startup India on 16 January 2016. Remember it like: J-M-D-S, Jan Dhan Makes Digital Startups.	https://en.wikipedia.org/wiki/Pradhan_Mantri_Jan_Dhan_Yojana; https://en.wikipedia.org/wiki/Make_in_India; https://en.wikipedia.org/wiki/Digital_India; https://en.wikipedia.org/wiki/Startup_India	V1
110	(b) Establish a socialistic pattern of society with a larger role for the public sector	Industry	IPR 1956, the "economic constitution", classified industries into Schedules A (State monopoly), B (progressive State role) and C (private sector) in pursuit of a socialistic pattern. Remember it like: A = all government, B = both, C = civilians.	https://en.wikipedia.org/wiki/Industrial_Policy_Resolution_of_1956	V1
111	(c) Only three	Labour	The four codes: Code on Wages, Industrial Relations Code, Code on Social Security, and Occupational Safety, Health and Working Conditions Code; together they subsume 29 laws. There is no "Factories Code". Remember it like: W-I-S-O, Wages, Industrial relations, Social security, Occupational safety.	https://www.pib.gov.in/PressReleasePage.aspx?PRID=2192463	V1
112	(c) Only three	Labour	The G RAM G Act raises the guarantee from 100 to 125 days and came into effect on 1 July 2026.		V1

Q	Ans	Tag	Explanation	Sources	Status
			Remember it like: 100 days was MGNREGA, 125 days is G RAM G.	https://www.pib.gov.in/PressReleasePage.aspx?PRID=2259703	
113	(c) National Statistics Office	Labour	The PLFS, started in April 2017, is conducted by the NSO under MoSPI and gives unemployment rate and labour force participation rate. Remember it like: PLFS = NSO's job survey.	https://www.mospi.gov.in/; https://en.wikipedia.org/wiki/Unemployment_in_India	V1
114	(b) A-1, B-3, C-4, D-2	Poverty	Alagh (1979) used calorie norms of 2400 rural and 2100 urban; Lakdawala (1993) introduced state-specific lines; Tendulkar (2009) broadened the basket; Rangarajan (2014) raised the line. Remember it like: A-L-T-R in time order.	https://en.wikipedia.org/wiki/Poverty_in_India	V1
115	(c) Health, education and standard of living	Poverty	The national MPI uses the three equally weighted dimensions of health, education and standard of living, with 12 indicators. Remember it like: HES, 3 dimensions, 12 indicators.	https://en.wikipedia.org/wiki/Multidimensional_Poverty_Index; https://niti.gov.in/	V1
116	(d) A-4, B-1, C-2, D-3	Infra	Sagarmala (ports), Bharatmala (roads), UDAN (small-town flights, 2016) and PM Gati Shakti (launched October 2021) are the key logistics programmes. Remember it like: Sagar = sea, Bharat = roads, UDAN = fly, Gati = speed.	https://en.wikipedia.org/wiki/Sagar_Mala_project; https://en.wikipedia.org/wiki/Bharatmala; https://en.wikipedia.org/wiki/PM_Gati_Shakti	V1
117	(d) Ludhiana and Dankuni	Infra	The Eastern DFC links Ludhiana (Punjab) to Dankuni (West Bengal); the Western DFC links JNPT (Navi Mumbai) to Dadri (Uttar Pradesh). Remember it like: East =Ludhiana to Dankuni, West =JNPT to Dadri.	https://en.wikipedia.org/wiki/Dedicated_Freight_Corridor_Corporation_o	V1
118	(c) Only three	KarEco	Karnataka's Budget 2026-27 (presented on 6 March 2026): GSDP ₹33,05,500 crore; fiscal deficit ₹97,448 crore (2.9% of GSDP); revenue deficit ₹22,957 crore (0.7%); total expenditure ₹4,48,004 crore including ₹35,316 crore of debt repayment. There is a revenue deficit, not surplus. Remember it like: 2.9 for FD, 0.7 for RD, 33 lakh crore GSDP.	https://prsindia.org/budgets/states/Karnataka-budget-analysis-2026-27	V1
119	(b) 50 per cent	KarEco	The budget raises devolution to local bodies (panchayats and urban local bodies) from 48% to 50% of the state's own revenue receipts. Remember it like: 48 climbs to 50, half to the grassroots.	https://prsindia.org/budgets/states/Karnataka-budget-analysis-2026-27	V1
120	(c) Services sector at about 70 per cent	KarEco	Karnataka's economy in 2025-26 (current prices): agriculture about 11%, manufacturing about 19%, services about 70%. Remember it like: 11-19-70, a services state with Bengaluru as the engine.	https://prsindia.org/budgets/states/Karnataka-budget-analysis-2026-27	V1
121	(a) ₹4.77 lakh, nearly twice India's per capita GDP	KarEco	Karnataka ₹4,77,003 versus India ₹2,51,393: about 1.9 times. Remember it like: nearly double.	https://prsindia.org/budgets/states/Karnataka-budget-analysis-2026-27	V1
122	(c) Liquefied Natural Gas, from 14.3 to 5 per cent	KarEco	The budget cuts sales tax on LNG from 14.3% to 5% and brings in an alcohol-in-beverage based excise structure from April 2026. Remember it like: LNG 14.3 to 5.	https://prsindia.org/budgets/states/Karnataka-budget-analysis-2026-27	V1
123	(b) A-4, B-3, C-1, D-2	KarEco	The five guarantees of the Congress government (2023): Shakti, Gruha Jyothi, Gruha Lakshmi, Anna Bhagya, Yuva Nidhi. Remember it like: Shakti = power on the road, Jyothi =light at home, Lakshmi = money in hand, Yuva = jobs help.	https://www.cbgaindia.org/wp-content/uploads/2024/02/Budget-Speech-7.pdf; https://prsindia.org/budgets/states/karnataka-budget-analysis-2023-24	V1
124	(a) Anna Bhagya	KarEco			V1

Q	Ans	Tag	Explanation	Sources	Status
			Anna Bhagya (first launched in 2013) was revived as a guarantee for BPL households. Remember it like: Anna = rice.	https://prsindia.org/budgets/states/karnataka-budget-analysis-2023-24	
125	(d) Land to the tiller	KarEco	The 1974 amendment to the Karnataka Land Reforms Act, 1961 vested ownership of tenanted land in the actual tillers, "land to the tiller". Remember it like: Urs gave the plough owners the plot.	https://en.wikipedia.org/wiki/D._Devaraj_Urs	R
126	(a) A-2, B-1, C-4, D-3	KarEco	Bhadravati's Mysore Iron Works (production from 1923) was championed by Visvesvaraya; Hutti Gold Mines in Raichur is India's major primary gold producer; JSW's plant stands at Toranagallu; Kudremukh iron ore mining by KIOCL ended in 2006 after a Supreme Court order. Remember it like: B for Bhadravati steel, H for Hutti gold, T for Toranagallu, K for Kudremukh.	https://en.wikipedia.org/wiki/Visvesvaraya_Iron_and_Steel_Plant; https://en.wikipedia.org/wiki/Hutti_Gold_Mines_Limited	V1
127	(d) Coffee	KarEco	Karnataka (Kodagu, Chikkamagaluru, Hassan) produces roughly 70 per cent of India's coffee. Remember it like: Kodagu coffee.	https://en.wikipedia.org/wiki/Coffee_production_in_India	V1
128	(b) Tumakuru	KarEco	Pavagada (Shakti Sthala) in Tumakuru district has a capacity of about 2,050 MW. Remember it like: Pavagada =Tumakuru solar.	https://en.wikipedia.org/wiki/Pavagada_Solar_Park	V1
129	(c) Mysuru	KarEco	The Bharatiya Reserve Bank Note Mudran Private Limited has a press at Mysuru (Mysore) and another at Salboni (West Bengal); Nashik and Dewas presses belong to the SPMCIL. Remember it like: Mysuru prints money, Mysuru prints silk too.	https://en.wikipedia.org/wiki/Bharatiya_Reserve_Bank_Note_Mudran	V1
130	(b) A-4, B-3, C-2, D-1	KarEco	Canara Bank (Mangaluru, 1906, Ammembal Subba Rao Pai), Karnataka Bank (Mangaluru, 1924), Syndicate Bank (Udupi, 1925), and Vijaya Bank (Mangaluru, 1931, A. B. Shetty) all emerged from coastal Karnataka. Remember it like: 06, 24, 25, 31 in alphabetical order, C-K-S-V.	https://en.wikipedia.org/wiki/Canara_Bank; https://en.wikipedia.org/wiki/Karnataka_Bank; https://en.wikipedia.org/wiki/Syndicate_Bank; https://en.wikipedia.org/wiki/Vijaya_Bank	V1
131	(a) 1 April 2017	KarEco	The State Bank of Mysore (founded 1913) and four other associate banks merged with SBI on 1 April 2017. Remember it like: 1913 start, 2017 merge.	https://en.wikipedia.org/wiki/State_Bank_of_Mysore	V1
132	(c) M. Visvesvaraya	KarEco	The Mysore Iron Works was begun in 1918 and began production in 1923; Sir M. Visvesvaraya, as Dewan and later adviser, was the champion of the project. Remember it like: Sir MV =Bhadravati steel.	https://en.wikipedia.org/wiki/Visvesvaraya_Iron_and_Steel_Plant	V1
133	(a) Both A and R are true and R is the correct explanation of A	KarEco	Both true and R explains A: the IT and startup ecosystem, plus public-sector science institutions such as ISRO, drew the cluster. Remember it like: Bengaluru = IT capital.	https://en.wikipedia.org/wiki/Bengaluru	V1
134	(d) Bengaluru	KarEco	ISRO is headquartered at Antariksh Bhavan, Bengaluru. VSSC is at Thiruvananthapuram and the launch site is Sriharikota. Remember it like: HQ in Bengaluru, launches from Sriharikota.	https://www.isro.gov.in/; https://en.wikipedia.org/wiki/ISRO	V1
135	(b) Vijayanagara (Hosapete)	KarEco	The Tungabhadra dam stands near Hosapete in Vijayanagara district; it serves Karnataka and Andhra Pradesh. KRS (Krishnaraja Sagara) is in Mandya. Remember it like: Tungabhadra = Hosapete, KRS =Mandya.	https://en.wikipedia.org/wiki/Tungabhadra_Dam	V1
136	(a) Raichur	KarEco		https://en.wikipedia.org/wiki/Hutti_Gold_Mines_Limited;	V1

Q	Ans	Tag	Explanation	Sources	Status
			Hutti (Raichur district) is India's major primary gold producer; Kolar Gold Fields shut in 2001. Remember it like: Hutti = Raichur, KGF = Kolar.	https://en.wikipedia.org/wiki/Kolar_Gold_Fields	
137	(a) 1 and 2 only	KarEco	KGF is in Kolar district (Bangarpet taluk) and Hutti in Raichur. Remember it like: K for Kolar-KGF, R for Raichur-Hutti.	https://en.wikipedia.org/wiki/Kolar_Gold_Fields; https://en.wikipedia.org/wiki/Hutti_Gold_Mines_Limited	V1
138	(c) 1966	KarEco	KIADB was constituted under the KIAD Act, 1966 to acquire land and develop industrial areas. Remember it like: 66, the year of industrial plots.	https://www.kiadb.in/	R
139	(d) National defence	Concept	Public goods are non-rival and non-excludable, such as national defence and street lights. Remember it like: public goods = no one can be blocked and my use does not shrink yours.	https://en.wikipedia.org/wiki/Public_good_(economics)	V1
140	(a) 1 and 2 only	Concept	Giffen goods break the law of demand (e.g. a staple for very poor households); whether revenue rises on a price fall depends on elasticity. Remember it like: Giffen =giffed up by poverty.	https://en.wikipedia.org/wiki/Giffen_good; https://en.wikipedia.org/wiki/Price_elasticity_of_demand	V1
141	(d) A-1, B-2, C-4, D-3	Concept	Disguised: surplus workers whose marginal product is zero; frictional: job search time; cyclical: downturn; seasonal: off-season. Remember it like: disguised = hidden, frictional = in transit.	https://en.wikipedia.org/wiki/Unemployment; https://en.wikipedia.org/wiki/Disguised_unemployment	V1
142	(a) 1 and 2 only	Concept	HDI is published by UNDP in the Human Development Report, using life expectancy, schooling and gross national income per capita. Remember it like: HDI = UNDP, three legs: long life, knowledge, decent living.	https://en.wikipedia.org/wiki/Human_Development_Index; https://hdr.undp.org/	V1
143	(a) Both A and R are true and R is the correct explanation of A	Concept	Both true and R explains A: when rates rise, existing bond prices fall so their yield matches the new rate. Remember it like: see-saw, price down yield up.	https://en.wikipedia.org/wiki/Bond_(finance)	V1
144	(c) A-2, B-1, C-3, D-4	Concept	SEBI (securities), IRDAI (insurance), PFRDA (NPS and pensions) and CCI (competition). Remember it like: S-I-P-C.	https://en.wikipedia.org/wiki/Securities_and_Exchange_Board_of_India; https://en.wikipedia.org/wiki/Insurance_Regulatory_and_Development_A https://en.wikipedia.org/wiki/Pension_Fund_Regulatory_and_Developme https://en.wikipedia.org/wiki/Competition_Commission_of_India	V1
145	(a) 8 November 2016	Concept	The announcement came on 8 November 2016 at 8 pm, invalidating ₹500 and ₹1,000 notes. Remember it like: 8-11-2016.	https://en.wikipedia.org/wiki/2016_Indian_banknote_demonetisation	V1
146	(a) 1 and 2 only	Concept	Currency notes of ₹2 and above come from the RBI, while the Ministry of Finance issues the one-rupee note and all coins (minted at the India Government Mints). Remember it like: coins and one-rupee belong to the Finance Ministry; the rest is RBI's paper.	https://en.wikipedia.org/wiki/Indian_rupee; https://en.wikipedia.org/wiki/India_Government_Mint	R
147	(b) 7.8 per cent	Current	Q1 2026-27 growth was 7.8%, and the RBI projects 7.1% for 2026-27. Remember it like: 7.8 now, 7.1 full-year.	https://www.rbi.org.in/Scripts/BS_PressReleaseDisplay.aspx?prid=63742	V1
148	(a) Both A and R are true and R is the correct explanation of A	Current	Both true and R explains A: with CPI inflation projected at 5.2% for 2026-27, the committee tightened policy. Remember it like: inflation up, repo up.	https://www.rbi.org.in/Scripts/BS_PressReleaseDisplay.aspx?prid=63742	V1
149	(a) 2024	Current	The new CPI (base 2024=100, based on HCES 2023-24) replaced the 2012 series from February		V1

Q	Ans	Tag	Explanation	Sources	Status
			2026 data. Remember it like: new CPI 2024, new GDP 2022-23.	https://www.pib.gov.in/PressReleasePage.aspx?PRID=2227012&lang=1&reg=3	
150	(b) Nirmala Sitharaman	Current	Nirmala Sitharaman, Union Finance Minister, presented Budget 2026-27 on 1 February 2026. Remember it like: FM = Sitharaman, Feb 1.	https://www.pib.gov.in/PressReleasePage.aspx?PRID=2221389&lang=1&reg=6	V1
151	(a) 1 and 2 only	KarEco	Syndicate Bank (Udupi, 1925) went into Canara Bank in April 2020, while Corporation Bank went into Union Bank. Remember it like: Syndicate to Canara, Corporation to Union.	https://en.wikipedia.org/wiki/Canara_Bank; https://en.wikipedia.org/wiki/Vijaya_Bank; https://en.wikipedia.org/wiki/Syndicate_Bank	V1
152	(b) Both A and R are true but R is not the correct explanation of A	KarEco	Both statements are true, but the revenue deficit does not explain the fiscal deficit target; the fiscal deficit also includes capital expenditure financed by borrowing. Remember it like: two true numbers, no cause-and-effect.	https://prsindia.org/budgets/states/Karnataka-budget-analysis-2026-27	V1
153	(c) A-3, B-1, C-2, D-4	KarEco	RTPS is a coal station in Raichur, Kaiga (Uttara Kannada) is a nuclear station, the Sharavathi project at Jog (Shivamogga) is hydro, and Pavagada (Tumakuru) is solar. Remember it like: R-thermal, K-nuclear, S-hydro, P-solar.	https://en.wikipedia.org/wiki/Raichur_Thermal_Power_Station; https://en.wikipedia.org/wiki/Kaiga_Atomic_Power_Station; https://en.wikipedia.org/wiki/Pavagada_Solar_Park	V1
154	(d) A-2, B-4, C-1, D-3	Concept	Wealth of Nations (1776), Ricardo's Principles (1817), Marshall's Principles of Economics (1890), Keynes's General Theory (1936). Remember it like: 76, 17, 90, 36 in author order S-R-M-K.	https://en.wikipedia.org/wiki/The_Wealth_of_Nations; https://en.wikipedia.org/wiki/On_the_Principles_of_Political_Economy_ar https://en.wikipedia.org/wiki/Principles_of_Economics_(Marshall); https://en.wikipedia.org/wiki/The_General_Theory_of_Employment,_Inte	V1
155	(a) 1 and 2 only	Concept	GNP = GDP + net factor income from abroad; NDP = GDP - depreciation; national income is conventionally NNP at factor cost. Remember it like: G-N-P adds the world's cheques, N-D-P deducts wear and tear.	https://en.wikipedia.org/wiki/Gross_national_income; https://en.wikipedia.org/wiki/Net_domestic_product	V1
156	(a) Both A and R are true and R is the correct explanation of A	Concept	Both true and R explains A: removing the surplus workers would not reduce output. Remember it like: hidden workers, hidden output.	https://en.wikipedia.org/wiki/Disguised_unemployment	V1

Recap: five things to carry into the hall

1. **Base years:** GDP 2022-23 (released 27 Feb 2026), CPI 2024 (12 Feb 2026).
2. **RBI corridor (Oct 2026):** SDF 5.25, repo 5.50, MSF and Bank Rate 5.75; stance calibrated tightening; target 4% plus or minus 2% till 31 March 2031.
3. **Budget 2026-27 (Centre):** fiscal deficit 4.3%, revenue deficit 1.5%, capex ₹12.22 lakh crore; **Karnataka:** fiscal deficit 2.9%, revenue deficit 0.7%.
4. **GST 2.0:** slabs 5, 18, 40 from 22 September 2025; Labour Codes effective 21 November 2025; G RAM G Act effective 1 July 2026.
5. **Karnataka links:** Canara 1906, SBM into SBI 2017, Hutti (Raichur), Bhadravati steel, Pavagada solar (Tumakuru), Mysuru currency press.

> **Next up:** Bank 7 is **General Science**. Cliffhanger: a spoon in hot tea gets hot, the room feels the stove from far away, and a thermos stops both. Heat travels three ways; **which one needs no medium at all?** (The answer is inside.)

General Science Question Bank

Status: PREDICTED / PRACTICE questions written fresh for the KAS (KPSC Gazetted Probationers 2026-27) Prelims. Not copied from any past paper. Not leaked. Prepared 27-10-2026 IST.

Fresh practice questions on physics, chemistry, biology, health, space, defence and science-and-technology current affairs (Paper II), with Karnataka science institutions.

158 questions. Marks: +2 right, -0.5 wrong (0.25 of the marks), 0 blank. Suggested time: 190 minutes at exam pace (72 seconds per question).

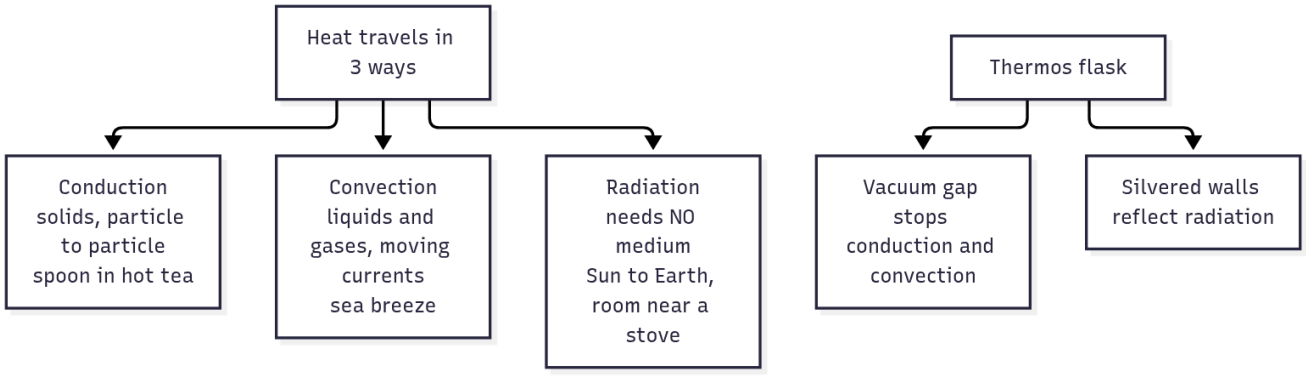

Style mix: Direct 86; Statement 30; Match the following 23; Assertion-Reason 17; Chronology 2

Status codes: R = standard reference (textbook / Constitution / Gazetteer / official publication) cited and hand-reviewed, page not re-opened live; V1 = one live page opened and the keyed fact seen; V = two sources incl. an official one opened; C = computed and solved twice by independent methods.

Topic tags (count): Space 17; Human body 12; Modern 10; Light 9; Metals 9; Everyday 8; Disease 8; Mechanics 6; Policy 6; Karnataka 6; Heat 5; Electricity 5; Acids 5; Genetics 5; Plants 5; Biotech 5; Health 5; Sound 4; Periodic 4; Carbon 4; Nutrition 4; Defence 4; Magnetism 3; Polymers 3; Cell 3; Bonding 2; Atom 1

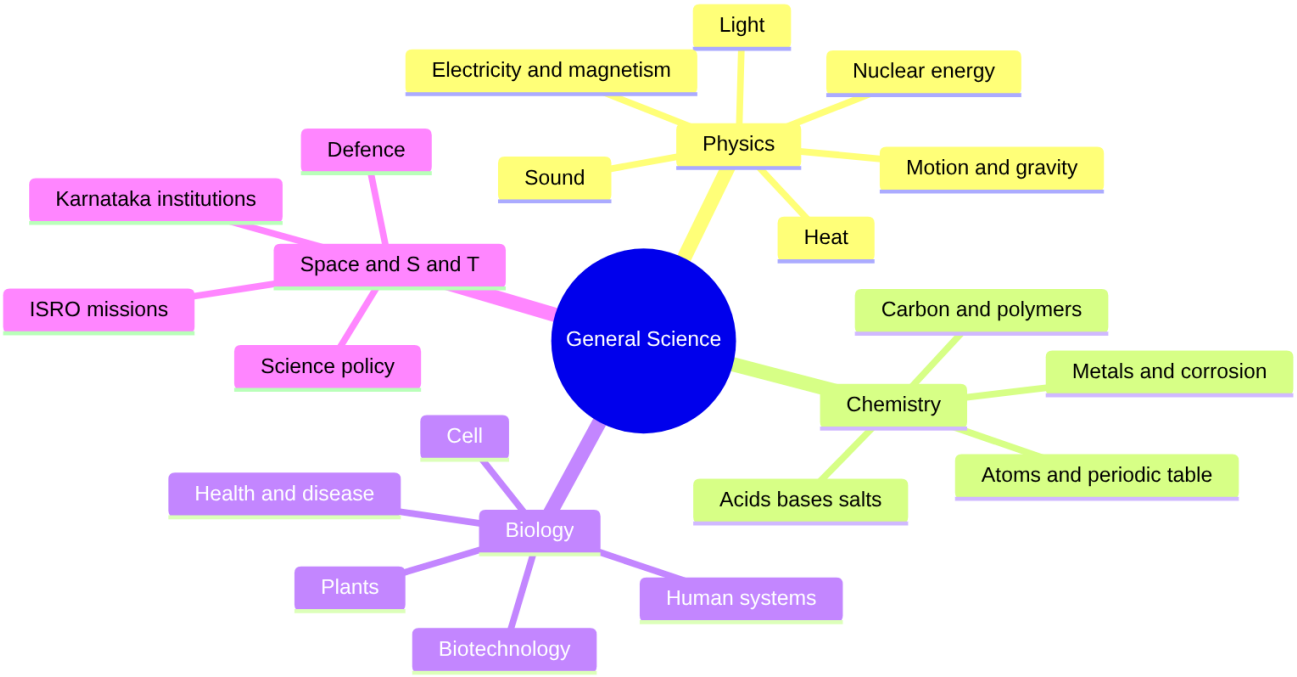

Bank 7 of 8 87% of the question-bank library done

Last bank's cliffhanger, answered: a spoon in hot tea, a room warmed by a faraway stove, a thermos that stops both. Heat travels by **conduction** (solids, touching), **convection** (liquids and gases, moving currents) and **radiation**. Only **radiation needs no medium at all**, which is exactly how the Sun's heat reaches Earth across empty space.

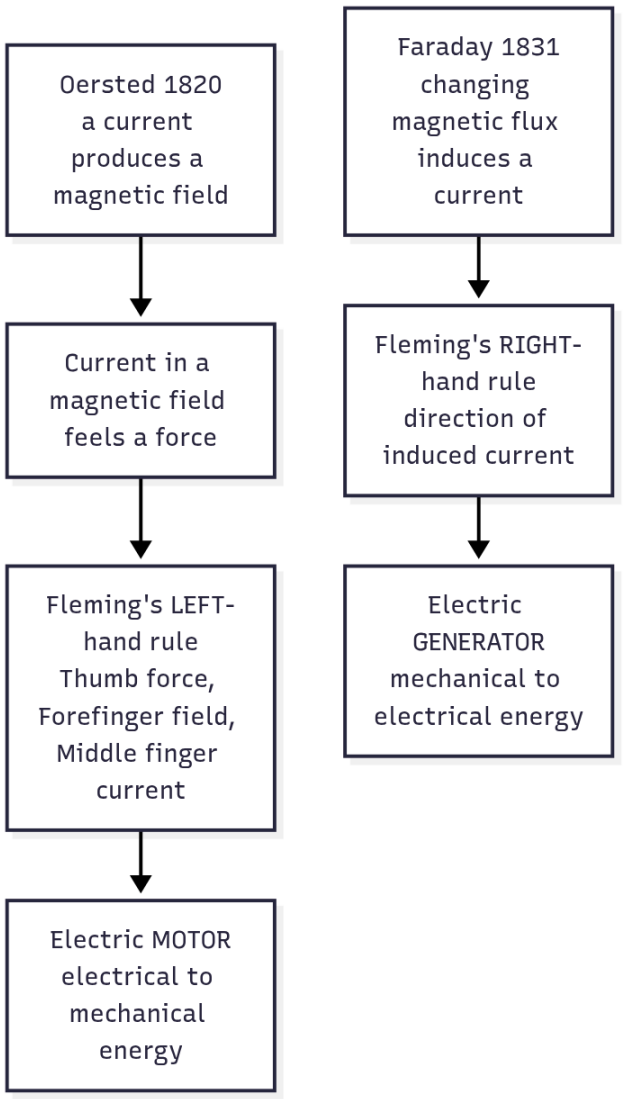

Warm-up: science as the kitchen of a Bengaluru PG

Your PG kitchen already runs a full science syllabus. The pressure cooker is **heat and pressure**, the mixer-grinder is an **electric motor**, the gas cylinder is **LPG (propane and butane)**, the curd setting overnight is **bacteria at work**, and the rusting tawa is **chemistry**. Learn the kitchen and you have learnt the syllabus: physics for how things move and shine, chemistry for what things are made of, biology for the living, and then the **space and science-policy news** the Commission loves to ask.

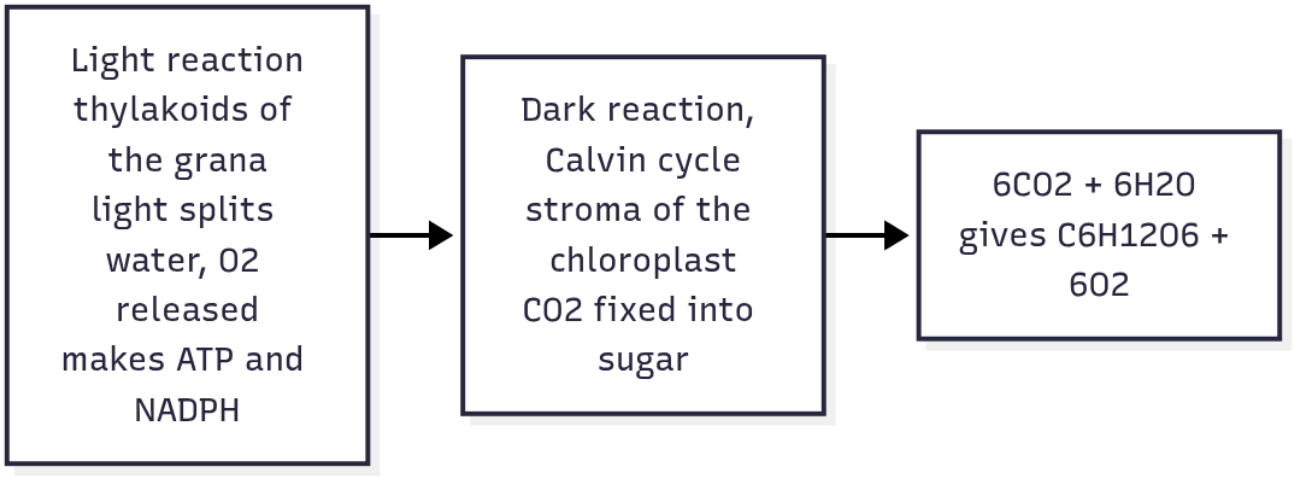

Exploded view: motor and generator, the mirror-image twins

Remember it like: Left = Lift the load (motor, force), **Right = Rolls out current** (generator, induced current).

Common trap: Oersted showed that a current makes a magnetic field; Faraday showed that a changing magnetic field makes a current. The examiner swaps the two names.

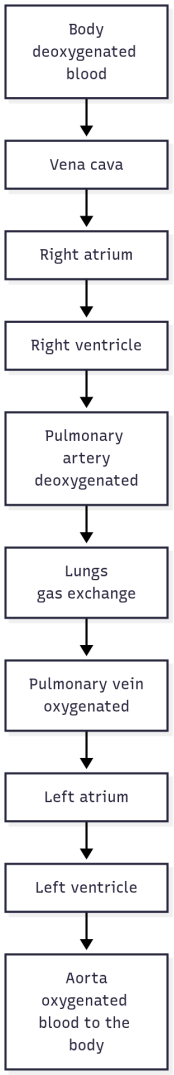

Exploded view: photosynthesis in two acts

Remember it like: Light reaction needs light, in the **grana**; dark reaction needs only the products of the first act, in the **stroma**.

Common trap: the oxygen released comes from **water**, not from carbon dioxide. And "dark reaction" does not mean it happens only at night.

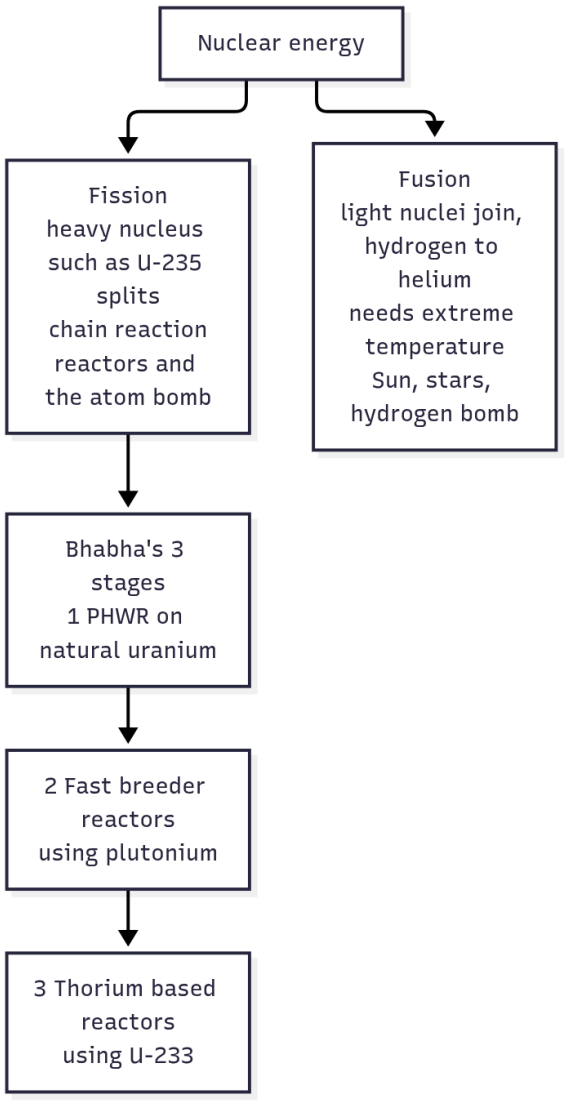

Exploded view: the heart's one-way loop

Remember it like: Arteries carry blood Away from the heart, veins bring it back. The pulmonary artery is the one artery carrying deoxygenated blood, and the pulmonary vein is the one vein carrying oxygenated blood.

Common trap: "artery = oxygenated" is true everywhere except the pulmonary artery.

Exploded view: fission, fusion and Bhabha's three stages

Remember it like: Fission = Fragments (a heavy nucleus breaks), **Fusion = Fuse** (light nuclei join; the Sun does this).

Common trap: the Sun runs on fusion, not fission, and "burning" is the wrong word because it is not a chemical reaction.

Exploded view: ISRO milestones in one line

Remember it like: Moon, Mars, Sun, docking. Each one is a "first": a Moon Impact Probe, Mars on the first attempt, a solar observatory at L1, and in-space docking.

Common trap: the **Aditya-L1** mission goes to the L1 point (about 1.5 million km from Earth) to study the Sun; it does not land on the Sun.

Mnemonics (silly on purpose, so they stick)

What	Hook	Facts it encodes
Motor versus generator	**Left lifts, Right rolls**	Fleming's left-hand rule for motors, right-hand rule for induced current
Heart loop	**Away = Artery**	Arteries leave the heart; veins return
Fission versus fusion	**Fragments and Fuse**	Heavy nucleus splits; light nuclei combine
Spaceflight firsts	**Moon, Mars, Sun, dock**	Chandrayaan, Mangalyaan, Aditya-L1, SpaDeX
Science days	**28-2 Raman, 11-5 Pokhran, 23-8 Moon**	National Science Day, National Technology Day, National Space Day
Policy outlays	**NQM 6,004, AI 10,372, chips 76K**	In crore of rupees, rounded

Current affairs, explained like a friend (the exam is on 15 November, so read this one)

The 2026 Nobel Prizes in science: why, how, has it happened before?

- **Physics (announced 6 October 2026):** the IceCube Neutrino Observatory, built inside the ice at the South Pole, for the discovery of high-energy neutrinos of astrophysical origin, with Francis Halzen recognised. Neutrinos are ghost-like particles that barely interact with matter, so a cubic kilometre of clear ice acts as the detector.
- **Chemistry (announced 7 October 2026):** Henri B. Kagan and Kenso Soai, for non-linear effects and autocatalysis in asymmetric organic synthesis, the chemistry of how molecules end up with a single mirror-image handedness.
- **Physiology or Medicine (announced 5 October 2026):** Karl Deisseroth, Peter Hegemann and Georg Nagel, for light-gated ion channels and optogenetics. Channelrhodopsin, taken from a single-celled alga, lets researchers switch nerve cells on with light.
- **Has it happened before?** Each year's prizes are always asked as a "who and for what" pair. For an Indian link, C V Raman won the Physics Nobel in 1930 for the scattering of light, which is why 28 February is National Science Day.
- **How it is asked:** a match-the-following of prize, field and winner, or a statement about what optogenetics, MOFs (Chemistry 2025) or regulatory T cells (Medicine 2025) do.

ISRO and Indian science policy:

- **Why it matters:** each mission is a "first" for India, which is exactly how the Commission frames a question.
- **How:** SpaDeX satellites (launched by PSLV-C60 on 30 December 2024) docked in orbit on 16 January 2025, making India the fourth country to demonstrate docking. NISAR, the NASA-ISRO radar mission, was launched by GSLV-F16 on 30 July 2025.
- **Has it happened before?** Mangalyaan reached Mars orbit on 24 September 2014 and Chandrayaan-3 soft-landed in 2023.
- **How it is asked:** the mission with its launch vehicle, the first country or first attempt claim, and the outlay of a mission such as the National Quantum Mission.

> **Peak fact:** the Chandrayaan-3 landing day, **23 August**, is now **National Space Day**, and the 2026 Medicine prize traces to a protein from a **single-celled alga**. The examiner likes a simple organism behind a big discovery.

Questions

Q1. [Mechanics | Statement (which)] With reference to Newton's laws of motion, consider the following statements:

1. The second law relates net force to the rate of change of momentum, giving F = ma for constant mass.
2. In the third law, the action and reaction forces act on different bodies.
3. Momentum is a scalar quantity.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q2. [Mechanics | Direct] The minimum speed needed to escape the Earth's gravitational pull from its surface is approximately

- (a) 3.0 km/s
- (b) 9.8 km/s
- (c) 7.9 km/s
- (d) 11.2 km/s

Q3. [Mechanics | Direct] A geostationary satellite orbits the Earth at an altitude of about

- (a) 384,000 km
- (b) 2,000 km
- (c) 400 km
- (d) 36,000 km

Q4. [Mechanics | Match the following] Match the physical quantity with its SI unit.

List I	List II
A. Force	1. Joule
B. Pressure	2. Hertz
C. Energy	3. Newton
D. Frequency	4. Pascal

- (a) A-4, B-2, C-1, D-3
- (b) A-3, B-1, C-2, D-4
- (c) A-1, B-3, C-4, D-2
- (d) A-3, B-4, C-1, D-2

Q5. [Mechanics | Assertion-Reason]
Assertion (A): When a ball is thrown vertically upward, its velocity becomes zero at the highest point.

Reason (R): At the highest point, its acceleration also becomes zero.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q6. [Mechanics | Direct] A person feels weightless in an orbiting space station mainly because

- (a) air pressure is zero in space
- (b) the station is outside Earth's gravitational field
- (c) gravity is zero at that height
- (d) the station and the person are both in continuous free fall

Q7. [Heat | Statement (how many)] About the modes of heat transfer, consider the following statements:

1. Conduction needs a material medium.
2. Convection occurs in liquids and gases.
3. Radiation needs a material medium to travel.
4. The Sun's heat reaches the Earth mainly by conduction.

How many of the above statements are correct?

- (a) Only one
- (b) Only two

- (c) Only three
- (d) All four

Q8. [Heat | Direct] The high specific heat capacity of water is the main reason why

- (a) ice floats on water
- (b) sound travels faster in water
- (c) water boils at 100 degrees Celsius
- (d) coastal areas have a moderate climate

Q9. [Heat | Direct] On the Kelvin scale, the freezing point of water at normal pressure is about

- (a) 100 K
- (b) 373 K
- (c) 0 K
- (d) 273 K

Q10. [Heat | Assertion-Reason]
Assertion (A): Water is a poor conductor of heat, yet a whole pot of water gets heated from below.

Reason (R): Water is heated by convection currents set up inside the pot.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q11. [Light | Direct] The splitting of white light into its seven colours by a prism is called

- (a) Interference
- (b) Polarisation
- (c) Diffraction
- (d) Dispersion

Q12. [Light | Match the following] Match the natural phenomenon with its optical cause.

List I	List II
A. Rainbow	1. Dispersion
B. Mirage	2. Scattering
C. Blue colour of the sky	3. Total internal reflection
D. Twinkling of stars	4. Atmospheric refraction

- (a) A-1, B-3, C-4, D-2
- (b) A-2, B-3, C-1, D-4
- (c) A-3, B-1, C-2, D-4
- (d) A-1, B-3, C-2, D-4

Q13. [Light | Direct] Among the colours of visible light, the one with the longest wavelength is

- (a) Blue
- (b) Red
- (c) Green
- (d) Violet

Q14. [Light | Statement (how many)] With reference to defects of vision, consider the following statements:

1. Myopia is corrected using a concave lens.
2. Presbyopia is an age-related loss of near focus and is often corrected with bifocal lenses.
3. In hypermetropia, the image of a near object forms in front of the retina.
4. Astigmatism is corrected using cylindrical lenses.

How many of the above statements are correct?

- (a) Only one

- (b) Only two
- (c) Only three
- (d) All four

Q15. [Light | Assertion-Reason]
Assertion (A): A diamond sparkles brilliantly.

Reason (R): Diamond has a very high refractive index, so its critical angle is small and light undergoes repeated total internal reflection inside it.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q16. [Light | Direct] Optical fibres used for broadband and endoscopy transmit light signals mainly by

- (a) scattering of light
- (b) polarisation of light
- (c) diffraction of light
- (d) total internal reflection

Q17. [Light | Direct] In a LASER, the letter S in the acronym stands for

- (a) Spontaneous
- (b) Scattered
- (c) Sequential
- (d) Stimulated

Q18. [Sound | Statement (which)] With reference to sound, consider the following statements:

1. Sound waves are longitudinal waves.
2. Sound can travel through a vacuum.
3. The pitch of a sound depends on its frequency.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q19. [Sound | Direct] The audible frequency range of a normal human ear is approximately

- (a) 200 Hz to 2,000 Hz
- (b) 20 Hz to 20,000 Hz
- (c) 20,000 Hz to 200,000 Hz
- (d) 2 Hz to 200 Hz

Q20. [Sound | Direct] Sound travels fastest in which of these media at room temperature?

- (a) Hydrogen gas at the same temperature
- (b) Steel
- (c) Air
- (d) Water

Q21. [Electricity | Direct] The resistance of a uniform wire at constant temperature is inversely proportional to its

- (a) length
- (b) resistivity
- (c) temperature
- (d) cross-sectional area

Q22. [Electricity | Statement (how many)] With reference to simple electric circuits, consider the following statements:

1. In a series circuit, the same current flows through every component.
2. In a parallel circuit, the potential difference across each branch is the same.
3. Household appliances are connected in series with the mains.
4. An ammeter is connected in parallel with the component.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q23. [Electricity | Direct] The domestic AC electricity supply in India has a frequency of

- (a) 100 Hz
- (b) 60 Hz
- (c) 25 Hz
- (d) 50 Hz

Q24. [Electricity | Direct] A fuse wire used to protect household circuits should have

- (a) a very high boiling point only
- (b) a low melting point
- (c) zero resistance
- (d) a high melting point

Q25. [Electricity | Match the following] Match the device with the principle on which it works.

List I	List II
A. Electric generator	1. Force on a current-carrying conductor in a magnetic field
B. Electric motor	2. Mutual induction
C. Transformer	3. Electromagnetic induction
D. Electric heater	4. Heating effect of current

- (a) A-1, B-2, C-3, D-4
- (b) A-1, B-3, C-2, D-4
- (c) A-2, B-1, C-4, D-3
- (d) A-3, B-1, C-2, D-4

Q26. [Magnetism | Direct] Fleming's left-hand rule is used to find the direction of

- (a) the electric field around a charge
- (b) the force on a current-carrying conductor in a magnetic field
- (c) the induced current in a moving conductor
- (d) the magnetic field around a straight wire

Q27. [Magnetism | Direct] Electromagnetic induction was discovered by

- (a) Hans Christian Oersted
- (b) Andre-Marie Ampere
- (c) James Clerk Maxwell
- (d) Michael Faraday

Q28. [Magnetism | Assertion-Reason]
Assertion (A): A freely suspended bar magnet always comes to rest pointing roughly north-south.

Reason (R): The Earth behaves like a giant bar magnet.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A

- (c) A is true but R is false
- (d) A is false but R is true

Q29. [Modern | Direct] The energy of the Sun and other stars is produced mainly by

- (a) chemical burning of hydrogen
- (b) nuclear fusion of hydrogen into helium
- (c) radioactive decay of carbon
- (d) nuclear fission of uranium

Q30. [Modern | Statement (how many)] With reference to nuclear energy, consider the following statements:

1. Nuclear fission splits a heavy nucleus into lighter nuclei.
2. The hydrogen bomb is based on nuclear fusion.
3. The atom bomb is based on nuclear fusion.
4. Control rods made of cadmium or boron absorb neutrons in a reactor.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q31. [Modern | Direct] India's first nuclear research reactor, Apsara, went critical in 1956 at

- (a) Tarapur
- (b) Narora
- (c) Kalpakkam
- (d) Trombay

Q32. [Modern | Direct] The Kaiga Atomic Power Station, run by NPCIL in Karnataka, is on the banks of the river Kali in the district of

- (a) Raichur
- (b) Uttara Kannada
- (c) Chamarajanagar
- (d) Udupi

Q33. [Modern | Assertion-Reason]
Assertion (A): Alpha particles are stopped by a sheet of paper.

Reason (R): Alpha particles have a very high ionising power compared with beta and gamma rays.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q34. [Modern | Direct] The SI unit of radioactivity is

- (a) Curie
- (b) Becquerel
- (c) Sievert
- (d) Gray

Q35. [Modern | Direct] The 2026 Nobel Prize in Physics was awarded for decisive contributions to the IceCube Neutrino Observatory, built within the ice of the

- (a) Himalayan glaciers
- (b) Greenland ice sheet
- (c) North Pole
- (d) South Pole

Q36. [Atom | Statement (which)] With reference to isotopes and isobars, consider the following statements:

1. Isotopes are atoms of the same element with different mass numbers.
2. Isobars have the same atomic number but different mass numbers.
3. Carbon-12 and carbon-14 are isotopes of carbon.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q37. [Periodic | Direct] In the modern periodic table, elements are arranged in order of increasing

- (a) atomic number
- (b) atomic mass
- (c) number of neutrons
- (d) density

Q38. [Periodic | Match the following] Match the group of the periodic table with its common name.

List I	List II
A. Group 1 (excluding hydrogen)	1. Alkaline earth metals
B. Group 2	2. Alkali metals
C. Group 17	3. Halogens
D. Group 18	4. Noble gases

- (a) A-3, B-1, C-4, D-2
- (b) A-1, B-4, C-3, D-2
- (c) A-4, B-1, C-2, D-3
- (d) A-2, B-1, C-3, D-4

Q39. [Periodic | Direct] Which of these is the most electronegative element?

- (a) Nitrogen
- (b) Fluorine
- (c) Chlorine
- (d) Oxygen

Q40. [Periodic | Direct] Which of these elements is a liquid at room temperature?

- (a) Sulphur
- (b) Mercury
- (c) Sodium
- (d) Iodine

Q41. [Bonding | Statement (how many)] About chemical bonding, consider the following statements:

1. In an ionic bond, electrons are transferred from one atom to another.
2. Sodium chloride is an ionic compound.
3. Covalent compounds generally conduct electricity well in the molten state.
4. Ionic compounds generally have high melting points.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q42. [Bonding | Direct] The type of bond present in a molecule of water is

- (a) Polar covalent

- (b) Hydrogen bond within a single molecule
- (c) Metallic
- (d) Ionic

Q43. [Acids | Match the following] Match the substance with the acid mainly responsible for its sour taste.

List I	List II
A. Lemon	1. Methanoic (formic) acid
B. Vinegar	2. Lactic acid
C. Curd	3. Acetic acid
D. Ant sting	4. Citric acid

- (a) A-4, B-3, C-1, D-2
- (b) A-4, B-1, C-3, D-2
- (c) A-3, B-2, C-4, D-1
- (d) A-4, B-3, C-2, D-1

Q44. [Acids | Direct] Antacids used to relieve acidity in the stomach are mostly

- (a) mild bases such as magnesium hydroxide
- (b) neutral salts like sodium chloride
- (c) oxidising agents
- (d) strong acids

Q45. [Acids | Assertion-Reason]
Assertion (A): Rain with a pH below 5.6 is called acid rain.

Reason (R): Sulphur dioxide and nitrogen oxides released by burning fossil fuels dissolve in rain water to form acids.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q46. [Acids | Direct] Baking soda has the chemical formula

- (a) NaOH
- (b) $NaHCO_3$
- (c) $CaCO_3$
- (d) Na_2CO_3

Q47. [Acids | Match the following] Match the compound with its common name.

List I	List II
A. Calcium oxide	1. Plaster of Paris
B. Calcium hydroxide	2. Washing soda
C. Calcium sulphate hemihydrate	3. Quicklime
D. Sodium carbonate decahydrate	4. Slaked lime

- (a) A-1, B-3, C-4, D-2
- (b) A-2, B-4, C-3, D-1
- (c) A-4, B-3, C-1, D-2
- (d) A-3, B-4, C-1, D-2

Q48. [Metals | Direct] The most abundant metal in the Earth's crust is

- (a) Calcium
- (b) Copper
- (c) Aluminium
- (d) Iron

Q49. [Metals | Statement (how many)] With reference to alloys, consider the following statements:

1. Brass is an alloy of copper and zinc.
2. Bronze is an alloy of copper and tin.
3. Stainless steel contains iron, chromium and nickel.
4. Solder is an alloy of copper and zinc.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q50. [Metals | Direct] Rusting of iron requires the presence of

- (a) both oxygen and moisture
- (b) oxygen alone
- (c) nitrogen and carbon dioxide
- (d) moisture alone

Q51. [Metals | Direct] Coating iron with a layer of zinc to prevent rusting is called

- (a) Vulcanisation
- (b) Galvanisation
- (c) Electrolysis
- (d) Anodisation

Q52. [Metals | Match the following] Match the metal with its principal ore.

List I	List II
A. Aluminium	1. Zinc blende
B. Iron	2. Copper pyrites
C. Copper	3. Bauxite
D. Zinc	4. Haematite

- (a) A-2, B-4, C-1, D-3
- (b) A-2, B-4, C-3, D-1
- (c) A-1, B-4, C-3, D-2
- (d) A-3, B-4, C-2, D-1

Q53. [Metals | Direct] The yellow metal that does not react with air or water and is hard to corrode, and is thus kept in the group of noble metals, is

- (a) Sodium
- (b) Zinc
- (c) Gold
- (d) Magnesium

Q54. [Carbon | Direct] The hardest known natural substance, a form of carbon, is

- (a) Diamond
- (b) Fullerene
- (c) Graphite
- (d) Coal

Q55. [Carbon | Statement (which)] With reference to allotropes of carbon, consider the following statements:

1. Graphite is a good conductor of electricity.
2. Diamond is a good conductor of electricity.
3. Buckminsterfullerene has the formula C60.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q56. [Carbon | Direct] The main constituent of natural gas and of biogas is

- (a) Ethane
- (b) Methane
- (c) Propane
- (d) Butane

Q57. [Carbon | Match the following] Match the hydrocarbon with its general class.

List I	List II
A. Ethane	1. Aromatic hydrocarbon
B. Ethene	2. Alkyne
C. Ethyne	3. Alkane
D. Benzene	4. Alkene

- (a) A-2, B-3, C-4, D-1
- (b) A-4, B-2, C-3, D-1
- (c) A-2, B-4, C-1, D-3
- (d) A-3, B-4, C-2, D-1

Q58. [Polymers | Direct] Which of the following is a naturally occurring polymer?

- (a) Polythene
- (b) PVC
- (c) Nylon
- (d) Cellulose

Q59. [Polymers | Direct] Teflon, used for non-stick coating on cookware, is the polymer of

- (a) Vinyl chloride
- (b) Ethene
- (c) Tetrafluoroethylene
- (d) Styrene

Q60. [Polymers | Assertion-Reason]
Assertion (A): Polythene bags are a serious environmental problem.

Reason (R): Polythene is a non-biodegradable polymer that persists in the environment for a very long time.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q61. [Everyday | Direct] Which gas is mainly responsible for the ozone layer protecting life on Earth from harmful ultraviolet radiation?

- (a) Methane
- (b) Ozone (O3)
- (c) Nitrogen
- (d) Carbon dioxide

Q62. [Everyday | Direct] Which one of these is used as a refrigerant in dry-ice form and in fire extinguishers?

- (a) Carbon dioxide
- (b) Ammonia
- (c) Methane

- (d) Chlorine

Q63. [Everyday | Match the following] Match the chemical with its use.

List I	List II
A. Chlorine	1. Lead-acid battery electrolyte
B. Sulphuric acid	2. Water disinfection
C. Ammonia	3. Hydrogenation of vegetable oils
D. Hydrogen	4. Fertiliser (urea) manufacture

- (a) A-3, B-1, C-2, D-4
- (b) A-2, B-1, C-3, D-4
- (c) A-2, B-4, C-3, D-1
- (d) A-2, B-1, C-4, D-3

Q64. [Everyday | Direct] LPG used in Indian kitchens is mainly a mixture of

- (a) hydrogen and carbon monoxide
- (b) propane and butane
- (c) ethene and propene
- (d) methane and ethane

Q65. [Everyday | Statement (how many)] About hard water and soap, consider the following statements:

1. Hardness of water is mainly due to dissolved calcium and magnesium salts.
2. Soap forms scum with hard water.
3. Temporary hardness can be removed by boiling.
4. Permanent hardness is due to sodium chloride.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q66. [Everyday | Direct] The 2026 Nobel Prize in Chemistry was awarded to Henri B. Kagan and Kenso Soai for their discovery of

- (a) green fluorescent protein
- (b) click chemistry
- (c) non-linear effects and autocatalysis in asymmetric organic synthesis
- (d) lithium-ion batteries

Q67. [Everyday | Direct] The 2025 Nobel Prize in Chemistry honoured Susumu Kitagawa, Richard Robson and Omar M. Yaghi for work on

- (a) metal-organic frameworks
- (b) quantum dots
- (c) CRISPR gene editing
- (d) lithium-ion batteries

Q68. [Everyday | Direct] Which gas released from fertiliser use and livestock is a greenhouse gas about 273 times more potent than carbon dioxide over 100 years?

- (a) Ozone
- (b) Methane
- (c) Nitrous oxide
- (d) Argon

Q69. [Cell | Direct] The organelle known as the powerhouse of the cell, because it produces most of the ATP, is the

- (a) Mitochondrion

- (b) Golgi apparatus
- (c) Ribosome
- (d) Lysosome

Q70. [Cell | Statement (how many)] With reference to plant and animal cells, consider the following statements:

1. Plant cells have a cellulose cell wall, while animal cells do not.
2. Centrioles are generally found in animal cells and are absent in higher plants.
3. Plant cells lack chloroplasts.
4. Lysosomes are called the suicide bags of the cell.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q71. [Cell | Match the following] Match the cell organelle with its function.

List I	List II
A. Ribosome	1. Protein synthesis
B. Lysosome	2. Digestion of waste material
C. Golgi apparatus	3. Photosynthesis
D. Chloroplast	4. Packaging and secretion of proteins

- (a) A-1, B-2, C-3, D-4
- (b) A-1, B-2, C-4, D-3
- (c) A-1, B-3, C-2, D-4
- (d) A-4, B-2, C-3, D-1

Q72. [Genetics | Direct] The double helix model of the structure of DNA was proposed in 1953 by

- (a) Mendel and Morgan
- (b) Hershey and Chase
- (c) Beadle and Tatum
- (d) Watson and Crick

Q73. [Genetics | Statement (which)] With reference to human genetics, consider the following statements:

1. Gregor Mendel is regarded as the father of genetics.
2. A normal human body cell has 23 pairs of chromosomes.
3. The sex of a child is determined by the chromosome carried by the mother.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q74. [Genetics | Direct] The ABO blood group system in humans was discovered by

- (a) Karl Landsteiner
- (b) William Harvey
- (c) Louis Pasteur
- (d) Robert Koch

Q75. [Nutrition | Match the following] Match the vitamin with the disease caused by its deficiency.

List I	List II
A. Vitamin A	1. Rickets

List I	List II
B. Vitamin B1 (thiamine)	2. Night blindness
C. Vitamin C	3. Beriberi
D. Vitamin D	4. Scurvy

- (a) A-3, B-4, C-2, D-1
- (b) A-3, B-2, C-4, D-1
- (c) A-2, B-3, C-4, D-1
- (d) A-4, B-2, C-3, D-1

Q76. [Nutrition | Direct] Deficiency of iodine in the diet causes the enlargement of the thyroid gland known as

- (a) Rickets
- (b) Scurvy
- (c) Anaemia
- (d) Goitre

Q77. [Nutrition | Statement (how many)] With reference to proteins in the human diet, consider the following statements:

1. Proteins are polymers of amino acids.
2. Kwashiorkor is caused by severe protein deficiency.
3. Marasmus is caused by a deficiency of vitamin C alone.
4. Essential amino acids cannot be synthesised by the human body and must come from food.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q78. [Nutrition | Direct] The vitamin required for the normal clotting of blood is

- (a) Vitamin E
- (b) Vitamin K
- (c) Vitamin C
- (d) Vitamin B12

Q79. [Human body | Direct] The largest gland in the human body is the

- (a) Pancreas
- (b) Pituitary
- (c) Thyroid
- (d) Liver

Q80. [Human body | Match the following] Match the endocrine gland with the hormone it secretes.

List I	List II
A. Thyroid	1. Thyroxine
B. Adrenal	2. Melatonin
C. Pancreas	3. Insulin
D. Pineal	4. Adrenaline

- (a) A-1, B-3, C-4, D-2
- (b) A-3, B-4, C-2, D-1
- (c) A-1, B-4, C-3, D-2
- (d) A-1, B-2, C-4, D-3

Q81. [Human body | Direct] Insulin, which lowers blood sugar, is secreted by the beta cells of the

- (a) Thyroid follicles

- (b) Islets of Langerhans in the pancreas
- (c) Adrenal cortex
- (d) Anterior pituitary

Q82. [Human body | Statement (how many)] With reference to the human heart and circulation, consider the following statements:

1. The right ventricle pumps blood to the lungs.
2. The left side of the heart carries mainly deoxygenated blood.
3. The pulmonary artery carries deoxygenated blood.
4. The sinoatrial node acts as the natural pacemaker.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q83. [Human body | Direct] The 'graveyard' of old red blood cells is the

- (a) Spleen
- (b) Thyroid
- (c) Kidney
- (d) Pancreas

Q84. [Human body | Assertion-Reason]
Assertion (A): Mature red blood cells of humans do not have a nucleus.

Reason (R): This leaves more room for haemoglobin, which allows each cell to carry more oxygen.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q85. [Human body | Direct] The functional unit of the kidney, in which blood is filtered, is the

- (a) Neuron
- (b) Alveolus
- (c) Nephron
- (d) Villus

Q86. [Human body | Direct] Digestion of starch in the human mouth begins with the enzyme

- (a) Salivary amylase
- (b) Trypsin
- (c) Pepsin
- (d) Lipase

Q87. [Plants | Direct] The dark reaction (Calvin cycle) of photosynthesis takes place in the

- (a) Thylakoid membranes
- (b) Nucleus
- (c) Mitochondrial matrix
- (d) Stroma of the chloroplast

Q88. [Plants | Statement (which)] With reference to transport in plants, consider the following statements:

1. Xylem carries water and minerals from roots to leaves.
2. Phloem can transport food in both directions.
3. Phloem is made up entirely of dead cells.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q89. [Plants | Match the following] Match the plant hormone with its role.

List I	List II
A. Auxin	1. Breaking seed dormancy and stem growth
B. Gibberellin	2. Promotion of cell division
C. Cytokinin	3. Bending of shoots towards light
D. Abscisic acid	4. Closing of stomata during water stress

- (a) A-2, B-3, C-1, D-4
- (b) A-3, B-1, C-2, D-4
- (c) A-3, B-1, C-4, D-2
- (d) A-3, B-4, C-2, D-1

Q90. [Plants | Direct] The gaseous plant hormone that hastens fruit ripening is

- (a) Gibberellin
- (b) Cytokinin
- (c) Auxin
- (d) Ethylene

Q91. [Biotech | Direct] The only genetically modified crop approved for commercial cultivation in India is

- (a) Bt brinjal
- (b) Bt cotton
- (c) GM mustard
- (d) Golden rice

Q92. [Biotech | Statement (how many)] With reference to biotechnology, consider the following statements:

1. Human insulin is produced using genetically modified bacteria.
2. Golden rice is engineered to produce beta-carotene, a precursor of vitamin A.
3. The Bt toxin is produced by the bacterium Bacillus subtilis.
4. Polymerase chain reaction (PCR) uses a heat-stable DNA polymerase.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q93. [Biotech | Direct] Restriction enzymes, often called molecular scissors in genetic engineering, are used to

- (a) cut DNA at specific sequences
- (b) copy RNA into DNA
- (c) make proteins from RNA
- (d) join DNA fragments

Q94. [Biotech | Direct] The Nobel Prize in Chemistry 2020 for developing a method of genome editing was awarded to

- (a) Kary Mullis and Frederick Sanger
- (b) Craig Venter and Francis Collins
- (c) Emmanuelle Charpentier and Jennifer Doudna
- (d) James Watson and Francis Crick

Q95. [Biotech | Direct] The sheep Dolly, the first mammal cloned from an adult somatic cell, was born in 1996 at the

- (a) Roslin Institute, Scotland
- (b) Max Planck Institute, Germany
- (c) Pasteur Institute, France
- (d) Cold Spring Harbor Laboratory, USA

Q96. [Disease | Match the following] Match the disease with its causative agent type.

List I	List II
A. Malaria	1. A fungus
B. Tuberculosis	2. Plasmodium (a protozoan)
C. Dengue	3. Mycobacterium tuberculosis (a bacterium)
D. Ringworm	4. A flavivirus (a virus)

- (a) A-3, B-1, C-4, D-2
- (b) A-2, B-3, C-4, D-1
- (c) A-2, B-4, C-1, D-3
- (d) A-3, B-4, C-2, D-1

Q97. [Disease | Direct] Malaria is transmitted to humans by the bite of the female

- (a) Aedes mosquito
- (b) Tsetse fly
- (c) Culex mosquito
- (d) Anopheles mosquito

Q98. [Disease | Statement (how many)] With reference to vaccines and immunisation, consider the following statements:

1. The BCG vaccine protects against tuberculosis.
2. Smallpox was declared eradicated by the WHO in 1980.
3. The oral polio vaccine is given by injection.
4. Louis Pasteur developed a vaccine against rabies.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q99. [Disease | Assertion-Reason]
Assertion (A): Antibiotics such as penicillin do not cure the common cold or influenza.

Reason (R): Antibiotics act on bacterial structures and processes, which viruses do not have.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q100. [Disease | Direct] Penicillin, the first widely used antibiotic, was discovered in 1928 by

- (a) Edward Jenner
- (b) Robert Koch
- (c) Alexander Fleming
- (d) Louis Pasteur

Q101. [Disease | Direct] The human immunodeficiency virus (HIV) mainly destroys which cells of the immune system?

- (a) Red blood cells
- (b) Platelets
- (c) CD4 T helper cells
- (d) Nerve cells

Q102. [Health | Direct] India was certified polio-free by the World Health Organization's South-East Asia Region on

- (a) 27 March 2014
- (b) 2 October 2005
- (c) 15 August 2011
- (d) 1 January 2018

Q103. [Health | Direct] On 8 October 2024, the WHO validated India as having eliminated which disease as a public health problem?

- (a) Lymphatic filariasis
- (b) Trachoma
- (c) Leprosy
- (d) Kala-azar

Q104. [Health | Direct] The 2026 Nobel Prize in Physiology or Medicine, awarded to Karl Deisseroth, Peter Hegemann and Georg Nagel, was for discoveries concerning

- (a) regulatory T cells
- (b) messenger RNA vaccines
- (c) immune checkpoint inhibitors
- (d) light-gated ion channels and optogenetics

Q105. [Health | Direct] The 2025 Nobel Prize in Physiology or Medicine, awarded to Mary E. Brunkow, Fred Ramsdell and Shimon Sakaguchi, was for discoveries on

- (a) DNA sequencing
- (b) peripheral immune tolerance
- (c) the HIV life cycle
- (d) hepatitis C virus

Q106. [Space | Match the following] Match the Indian space mission with its notable achievement.

List I	List II
A. Chandrayaan-1 (2008)	1. Soft landing near the lunar south pole region
B. Mangalyaan (Mars Orbiter Mission)	2. Observatory placed in a halo orbit around the Sun-Earth L1 point
C. Chandrayaan-3 (2023)	3. Moon Impact Probe reached the lunar surface
D. Aditya-L1	4. Entered Mars orbit on its first attempt in 2014

- (a) A-3, B-4, C-1, D-2
- (b) A-3, B-2, C-4, D-1
- (c) A-1, B-3, C-4, D-2
- (d) A-3, B-1, C-4, D-2

Q107. [Space | Statement (which)] With reference to the NISAR mission, consider the following statements:

1. It is a joint Earth-observation mission of NASA and ISRO.
2. It was launched by GSLV-F16 from Sriharikota on 30 July 2025.
3. It carries a camera that works only in visible light.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only

- (d) 1, 2 and 3

Q108. [Space | Direct] India became the fourth country to demonstrate in-space docking, after the USA, Russia and China, with the ISRO mission

- (a) Aditya-L1
- (b) Gaganyaan G1
- (c) SpaDeX
- (d) XPoSat

Q109. [Space | Direct] Aditya-L1, India's first space-based solar observatory, is placed in a halo orbit around the Lagrange point L1, about how far from Earth?

- (a) 3.8 lakh km
- (b) 4 million km
- (c) 35,786 km
- (d) 1.5 million km

Q110. [Space | Direct] National Space Day in India is observed on 23 August every year to commemorate

- (a) the soft landing of Chandrayaan-3 in 2023
- (b) the Pokhran tests of 1998
- (c) the launch of Mangalyaan in 2013
- (d) the launch of Aryabhata in 1975

Q111. [Space | Direct] Which Indian became the first from India to visit the International Space Station, flying on Axiom Mission 4 launched on 25 June 2025?

- (a) Prasanth Nair
- (b) Rakesh Sharma
- (c) Ajit Krishnan
- (d) Shubhanshu Shukla

Q112. [Space | Direct] India's first satellite, named after an ancient astronomer, was launched in 1975 with Soviet help. It is

- (a) Bhaskara
- (b) Rohini
- (c) Aryabhata
- (d) INSAT-1A

Q113. [Space | Match the following] Match the ISRO centre with its main role.

List I	List II
A. U R Rao Satellite Centre	1. Payloads for communication and Earth observation
B. Vikram Sarabhai Space Centre	2. Development of launch vehicles
C. Satish Dhawan Space Centre SHAR	3. Design and building of satellites
D. Space Applications Centre	4. Launch complex at Sriharikota

- (a) A-3, B-4, C-2, D-1
- (b) A-3, B-2, C-4, D-1
- (c) A-1, B-2, C-3, D-4
- (d) A-2, B-3, C-4, D-1

Q114. [Space | Assertion-Reason]
Assertion (A): Earth-imaging satellites are generally placed in a sun-synchronous polar orbit.

Reason (R): In such an orbit the satellite passes over a given place at the same local solar time, which gives consistent lighting for comparing images.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false

- (d) A is false but R is true

Q115. [Space | Assertion-Reason]
Assertion (A): A geostationary satellite stays fixed over one point on the Earth.

Reason (R): Geostationary satellites orbit at an altitude of about 400 km.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q116. [Space | Direct] ISRO's Gaganyaan project envisages a human spaceflight demonstration by sending a crew of three to an orbit of 400 km for a mission lasting

- (a) 14 days
- (b) 3 days
- (c) 1 day
- (d) 7 days

Q117. [Space | Direct] India's Venus mission, approved by the Union Cabinet in 2024, is expected to be accomplished in which launch opportunity?

- (a) March 2030
- (b) January 2027
- (c) March 2028
- (d) December 2025

Q118. [Space | Direct] Chandrayaan-3 was launched on 14 July 2023 aboard which launch vehicle?

- (a) GSLV-F12
- (b) SSLV-D2
- (c) PSLV-C57
- (d) LVM3-M4

Q119. [Space | Direct] India's Mars Orbiter Mission (Mangalyaan) entered the orbit of Mars on

- (a) 24 September 2014
- (b) 23 August 2023
- (c) 15 February 2017
- (d) 5 November 2013

Q120. [Space | Match the following] Match the person with the field of work for which he is known in India.

List I	List II
A. Vikram Sarabhai	1. Scattering of light, Nobel Prize in Physics 1930
B. Homi J. Bhabha	2. Father of the Indian space programme
C. C V Raman	3. Indian guided missile and launch vehicle programmes
D. A P J Abdul Kalam	4. Architect of the atomic energy programme

- (a) A-4, B-2, C-1, D-3
- (b) A-2, B-4, C-1, D-3
- (c) A-3, B-2, C-1, D-4
- (d) A-1, B-2, C-4, D-3

Q121. [Defence | Match the following] Match the Indian missile system with its type.

List I	List II
A. Akash	1. Supersonic cruise missile
B. BrahMos	2. Beyond-visual-range air-to-air missile
C. Astra	3. Intercontinental-range ballistic missile

List I	List II
D. Agni-5	4. Surface-to-air missile

- (a) A-4, B-1, C-2, D-3
- (b) A-2, B-1, C-3, D-4
- (c) A-1, B-2, C-4, D-3
- (d) A-4, B-2, C-1, D-3

Q122. [Defence | Direct] INS Arighaat, commissioned on 29 August 2024, is India's second

- (a) stealth frigate
- (b) aircraft carrier
- (c) nuclear-powered ballistic missile submarine
- (d) diesel-electric submarine

Q123. [Defence | Direct] INS Vikrant, commissioned on 2 September 2022, is India's first indigenously built

- (a) landing platform dock
- (b) destroyer
- (c) nuclear submarine
- (d) aircraft carrier

Q124. [Defence | Direct] Mission Shakti, conducted by DRDO on 27 March 2019, was a demonstration of India's capability in

- (a) submarine-launched missiles
- (b) ballistic missile defence from ships
- (c) anti-satellite missile technology
- (d) hypersonic cruise missiles

Q125. [Policy | Direct] The National Quantum Mission, approved by the Union Cabinet on 19 April 2023, has a total outlay of about

- (a) ₹76,000 crore
- (b) ₹1,000 crore
- (c) ₹10,372 crore
- (d) ₹6,004 crore

Q126. [Policy | Direct] The IndiaAI Mission, approved by the Union Cabinet in March 2024, has a five-year outlay of about

- (a) ₹6,004 crore
- (b) ₹10,372 crore
- (c) ₹2,000 crore
- (d) ₹76,000 crore

Q127. [Policy | Direct] The Anusandhan National Research Foundation (ANRF) Act, 2023 subsumed which existing body?

- (a) Science and Engineering Research Board
- (b) Council of Scientific and Industrial Research
- (c) Department of Biotechnology
- (d) Indian Council of Medical Research

Q128. [Policy | Direct] National Science Day in India, observed on 28 February, commemorates

- (a) the launch of Aryabhata
- (b) the discovery of the Raman effect in 1928
- (c) the founding of the Indian Institute of Science
- (d) the birth of Homi Bhabha

Q129. [Policy | Direct] National Technology Day on 11 May commemorates the

- (a) first flight of Tejas
- (b) launch of Chandrayaan-1
- (c) Pokhran-II nuclear tests of 1998

- (d) Shakti satellite test

Q130. [Policy | Direct] The programme for a semiconductor and display ecosystem approved by the Union Cabinet in December 2021, implemented through the India Semiconductor Mission, has an outlay of about

- (a) ₹76,000 crore
- (b) ₹1.5 lakh crore
- (c) ₹10,372 crore
- (d) ₹6,004 crore

Q131. [Karnataka | Direct] The Indian Institute of Science in Bengaluru was founded in 1909 on the initiative of Jamsetji Tata, with support from

- (a) Nizam of Hyderabad
- (b) Lord Curzon
- (c) Sir M Visvesvaraya
- (d) Maharaja Krishnaraja Wadiyar IV of Mysore

Q132. [Karnataka | Statement (how many)] With reference to scientific institutions in Karnataka, consider the following statements:

1. The Central Food Technological Research Institute (CFTRI) is located in Mysuru.
2. The Raman Research Institute in Bengaluru was founded by C V Raman.
3. Hindustan Aeronautics Limited was founded in Bengaluru in 1940.
4. The Space Applications Centre of ISRO is located in Bengaluru.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q133. [Karnataka | Match the following] Match the institution or facility with its location in Karnataka.

List I	List II
A. Central Food Technological Research Institute	1. Mysuru
B. Indian Institute of Science	2. Raichur
C. Kaiga Atomic Power Station	3. Bengaluru
D. Hutti Gold Mines	4. Uttara Kannada

- (a) A-1, B-3, C-4, D-2
- (b) A-2, B-3, C-4, D-1
- (c) A-2, B-3, C-1, D-4
- (d) A-4, B-3, C-2, D-1

Q134. [Karnataka | Direct] The Central Food Technological Research Institute in Mysuru functions under the

- (a) Defence Research and Development Organisation
- (b) Indian Council of Agricultural Research
- (c) Department of Atomic Energy
- (d) Council of Scientific and Industrial Research

Q135. [Karnataka | Direct] The Master Control Facility of ISRO, which monitors and controls geostationary satellites, is located at

- (a) Mysuru
- (b) Hassan
- (c) Bengaluru
- (d) Sriharikota

Q136. [Karnataka | Direct] The Indian Institute of Astrophysics, a premier astronomy research institute, is headquartered in

- (a) Mumbai
- (b) Hyderabad
- (c) Bengaluru
- (d) Pune

Q137. [Sound | Statement (which)] With reference to sound, consider the following statements:

1. Sound travels faster in steel than in air.
2. Ultrasound has frequencies below 20 Hz.
3. To hear a distinct echo, the reflecting surface should be at least about 17 m away.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q138. [Light | Statement (how many)] With reference to mirrors and lenses, consider the following statements:

1. A concave mirror is used as a shaving mirror because it gives an enlarged image at close range.
2. Convex mirrors are used as rear-view mirrors because they give a wider field of view.
3. A convex lens is thinner at the centre than at the edges.
4. The power of a lens is measured in dioptre.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q139. [Modern | Statement (how many)] With reference to electromagnetic waves, consider the following statements:

1. Gamma rays have the shortest wavelengths in the electromagnetic spectrum.
2. Microwaves are used in radar and in microwave ovens.
3. X-rays were discovered by Wilhelm Roentgen.
4. Infrared rays are visible to the human eye.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q140. [Modern | Statement (which)] With reference to semiconductors, consider the following statements:

1. Silicon and germanium are common semiconductors.
2. The conductivity of an intrinsic semiconductor decreases as the temperature rises.
3. Doping silicon with phosphorus gives an n-type semiconductor.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q141. [Genetics | Statement (how many)] With reference to Mendel's experiments on the garden pea, consider the following statements:

1. Tallness is dominant over dwarfness in the pea plant.
2. A monohybrid cross gives a 3:1 phenotypic ratio in the F2 generation.
3. A dihybrid cross gives a 9:3:3:1 phenotypic ratio in the F2 generation.
4. Mendel conducted his main experiments on the fruit fly Drosophila.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q142. [Human body | Statement (which)] With reference to the human digestive system, consider the following statements:

1. Bile contains enzymes that digest fats.
2. The small intestine is the main site of absorption of digested food.
3. Pancreatic juice contains enzymes that act on carbohydrates, proteins and fats.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q143. [Human body | Statement (how many)] With reference to cellular respiration, consider the following statements:

1. Glycolysis takes place in the cytoplasm.
2. Aerobic respiration releases much more ATP per glucose than anaerobic respiration.
3. Yeast fermentation produces ethanol and carbon dioxide.
4. The Krebs cycle takes place in the cytoplasm.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q144. [Genetics | Statement (which)] With reference to human blood groups, consider the following statements:

1. A person with blood group AB has both A and B antigens on red blood cells.
2. A person with blood group AB has both anti-A and anti-B antibodies in the plasma.
3. The Rh factor was named after experiments involving rhesus monkeys.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q145. [Space | Statement (which)] With reference to ISRO's launch vehicles, consider the following statements:

1. The PSLV is widely used to place satellites in sun-synchronous polar orbits.
2. The GSLV Mk II uses an indigenous cryogenic upper stage.
3. The SSLV is designed mainly for launching heavy communication satellites.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q146. [Heat | Statement (how many)] With reference to the Earth's atmosphere, consider the following statements:

1. The ozone layer lies in the stratosphere.
2. Most weather phenomena occur in the troposphere.
3. The ionosphere reflects radio waves and helps long-distance radio communication.
4. Temperature decreases steadily with altitude throughout the atmosphere.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q147. [Metals | Match the following] Match the alloy with its main constituents.

List I	List II
A. Brass	1. Copper and zinc
B. Bronze	2. Iron, chromium and nickel
C. Solder	3. Tin and lead
D. Stainless steel	4. Copper and tin

- (a) A-2, B-1, C-3, D-4
- (b) A-1, B-3, C-2, D-4
- (c) A-3, B-4, C-2, D-1
- (d) A-1, B-4, C-3, D-2

Q148. [Human body | Match the following] Match the part of the human brain with its main function.

List I	List II
A. Cerebrum	1. Involuntary actions such as breathing and heartbeat
B. Cerebellum	2. Thinking, memory and voluntary action
C. Medulla oblongata	3. Regulation of body temperature, hunger and thirst
D. Hypothalamus	4. Balance and coordination of movement

- (a) A-1, B-2, C-4, D-3
- (b) A-2, B-4, C-1, D-3
- (c) A-4, B-1, C-2, D-3
- (d) A-1, B-4, C-3, D-2

Q149. [Disease | Match the following] Match the disease with its type.

List I	List II
A. Haemophilia	1. Bacterial infection
B. Scurvy	2. Nutritional deficiency disease
C. Cholera	3. Genetic disorder (X-linked recessive)
D. AIDS	4. Viral infection

- (a) A-3, B-2, C-1, D-4
- (b) A-3, B-1, C-2, D-4
- (c) A-2, B-4, C-1, D-3
- (d) A-4, B-2, C-3, D-1

Q150. [Modern | Match the following] Match the scientist with the discovery or model associated with him.

List I	List II
A. Ernest Rutherford	1. Quantised electron orbits in the atom
B. James Chadwick	2. Nuclear model of the atom (gold foil experiment)
C. Niels Bohr	3. Periodic table with predicted undiscovered elements
D. Dmitri Mendeleev	4. Discovery of the neutron

- (a) A-3, B-2, C-1, D-4
- (b) A-1, B-4, C-3, D-2
- (c) A-2, B-4, C-1, D-3
- (d) A-3, B-4, C-2, D-1

Q151. [Disease | Assertion-Reason]
Assertion (A): Vaccination can protect a person from a future infection by the same pathogen.

Reason (R): A vaccine stimulates the immune system to form memory cells against the pathogen.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q152. [Light | Assertion-Reason]
Assertion (A): Stars twinkle at night, but planets generally do not.

Reason (R): Planets are much closer to us and appear as extended sources, so the variations in light from different points of the disc average out.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q153. [Metals | Assertion-Reason]
Assertion (A): Metals are good conductors of electricity.

Reason (R): Metals can be hammered into sheets and drawn into wires.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q154. [Metals | Assertion-Reason]
Assertion (A): Sodium metal is stored under kerosene in laboratories.

Reason (R): Sodium reacts vigorously with oxygen and moisture of the air.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q155. [Plants | Assertion-Reason]
Assertion (A): The xylem vessels of a mature plant are living cells that actively pump water upward.

Reason (R): Transpiration from leaves creates a pull that draws water upward through the xylem.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A

- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q156. [Human body | Assertion-Reason]
Assertion (A): Diabetes mellitus occurs when insulin is lacking or not acting properly.

Reason (R): Insulin is secreted by the thyroid gland.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q157. [Space | Chronology] Arrange the following ISRO missions in the chronological order of their launch.

A. Chandrayaan-3
B. Aryabhata
C. Mars Orbiter Mission
D. Chandrayaan-1

- (a) B - D - C - A
- (b) B - A - C - D
- (c) C - B - D - A
- (d) D - C - B - A

Q158. [Health | Chronology] Arrange the following milestones in biology in the chronological order.

A. Birth of Dolly the sheep
B. Nobel Prize for CRISPR genome editing
C. Double helix model of DNA
D. Discovery of penicillin

- (a) D - A - B - C
- (b) D - C - A - B
- (c) D - B - C - A
- (d) A - C - B - D

Answer key with explanations and sources

Q	Ans	Tag	Explanation	Sources	Status
1	(a) 1 and 2 only	Mechanics	Momentum is mass times velocity, so it is a vector. The third law pair always acts on two different bodies, which is why they do not cancel. Remember it like: action-reaction = two people pushing each other on a bus, each feels one force.	NCERT textbook, Class IX Science, Force and Laws of Motion; https://en.wikipedia.org/wiki/Newton%27s_laws_of_motion	V1
2	(d) 11.2 km/s	Mechanics	The escape velocity of Earth is about 11.2 km/s. 7.9 km/s is the first cosmic velocity needed to just orbit near the surface. 9.8 is the acceleration due to gravity in m/s squared, a sneaky number swap. Remember it like: 11.2, the escape number, 7.9 for just circling.	NCERT textbook, Class XI Physics, Gravitation; https://en.wikipedia.org/wiki/Escape_velocity	V1
3	(d) 36,000 km	Mechanics	A geostationary orbit is about 35,786 km above the equator, with a period equal to Earth's rotation, so the satellite seems fixed above one point. 384,000 km is the Moon's distance and 400 km is the typical height of the International Space Station. Remember it like: geostationary = 36 thousand, the Moon is ten times further.	ISRO (isro.gov.in); https://en.wikipedia.org/wiki/Geostationary_orbit	V1
4	(d) A-3, B-4, C-1, D-2	Mechanics	Force in newton (N), pressure in pascal (Pa, one newton per square metre), energy in joule (J), frequency in hertz (Hz, one cycle per second).	NCERT textbook, Class IX and X Science; https://	V1

Q	Ans	Tag	Explanation	Sources	Status
			Remember it like: N-P-J-H, four famous scientists on a unit nameplate.	en.wikipedia.org/wiki/International_System_of_Units	
5	(c) A is true but R is false	Mechanics	At the top the velocity is momentarily zero, but gravity still pulls with g = 9.8 m/s squared downward, so the acceleration is not zero. Common trap: velocity zero does not mean acceleration zero. Remember it like: the ball is pausing, not floating.	NCERT textbook, Class IX Science, Gravitation; https://en.wikipedia.org/wiki/Free_fall; https://en.wikipedia.org/wiki/Projectile_motion	V1
6	(d) the station and the person are both in continuous free fall	Mechanics	At about 400 km, gravity is still roughly 90 per cent of its surface value. The astronauts feel weightless as they fall around the Earth together with the station. Common trap: the answer 'no gravity in space' is the popular wrong idea. Remember it like: weightless is not gravity-less, it is falling together.	NASA; https://en.wikipedia.org/wiki/Weightlessness	V1
7	(b) Only two	Heat	Radiation (electromagnetic waves) crosses a vacuum, which is how Sun's heat reaches us. Conduction passes heat particle to particle in solids, convection moves heat with the moving fluid. Remember it like: spoon = conduction, kettle water = convection, campfire on your face = radiation.	NCERT textbook, Class VII Science, Heat; https://en.wikipedia.org/wiki/Heat_transfer	V1
8	(d) coastal areas have a moderate climate	Heat	Water takes in or gives out a lot of heat with a small change in temperature, so the sea warms and cools slowly and keeps coastal towns like Mangaluru from big swings. Ice floating is due to density, not specific heat. Remember it like: water is a slow-to-change thermos.	NCERT textbook, Class XI Physics, Thermal Properties of Matter; https://en.wikipedia.org/wiki/Specific_heat_capacity; https://en.wikipedia.org/wiki/Sea_breeze	V1
9	(d) 273 K	Heat	0 degrees Celsius is 273.15 K, and 0 K is absolute zero. 373 K is the boiling point. Remember it like: K = C + 273.	NCERT textbook, Class XI Physics, Thermal Properties of Matter; https://en.wikipedia.org/wiki/Kelvin	V1
10	(a) Both A and R are true and R is the correct explanation of A	Heat	Water conducts heat poorly, but warm water at the bottom becomes lighter, rises, and cooler water sinks, so the whole pot heats by convection. Remember it like: the stove warms the bottom, the water moves the heat up.	NCERT textbook, Class VII Science, Heat; https://en.wikipedia.org/wiki/Convection	V1
11	(d) Dispersion	Light	A prism bends different colours by different amounts, so white light spreads into VIBGYOR. Newton did this first. Remember it like: dispersion = disperse = spread out.	NCERT textbook, Class X Science, Human Eye and Colourful World; https://en.wikipedia.org/wiki/Dispersion_(optics)	V1
12	(d) A-1, B-3, C-2, D-4	Light	A rainbow shows dispersion in raindrops, a mirage on a hot road comes from total internal reflection of light bending in layers of different density, the blue sky is scattering, and stars twinkle because the atmosphere keeps refracting their light. Remember it like: R-D, M-TIR, B-S, T-R, four pairs for the viva.	NCERT textbook, Class X Science, Human Eye and Colourful World; https://en.wikipedia.org/wiki/Mirage; https://en.wikipedia.org/wiki/Rayleigh_scattering	V1
13	(b) Red	Light	Red has the longest wavelength (about 700 nm) and violet the shortest (about 400 nm). This is why red is used in danger signals: it scatters least and is seen from far. Remember it like: R for Red, R for Reaches farthest.	NCERT textbook, Class X Science, Human Eye and Colourful World; https://en.wikipedia.org/wiki/Visible_spectrum	V1
14	(c) Only three	Light	In hypermetropia, the image falls behind the retina, so a convex lens is used. Myopia (short sight) has the image in front, so a concave lens. Remember it like: Myopia = near is Mine, concave; Hypermetropia = Hyper far, convex.	NCERT textbook, Class X Science, Human Eye and Colourful World; https://en.wikipedia.org/wiki/Near-sightedness; https://	V1

Q	Ans	Tag	Explanation	Sources	Status
				en.wikipedia.org/wiki/Astigmatism_(optical_systems)	
15	(a) Both A and R are true and R is the correct explanation of A	Light	Diamond's refractive index is about 2.42, giving a critical angle near 24 degrees, so light gets trapped and bounces around before leaving. Remember it like: the stone is a light trap with a glitter exit.	NCERT textbook, Class X Science, Light; https://en.wikipedia.org/wiki/Total_internal_reflection; https://en.wikipedia.org/wiki/Diamond	V1
16	(d) total internal reflection	Light	Light entering the glass core strikes the cladding at angles beyond the critical angle and keeps reflecting along the fibre. Remember it like: light inside a fibre is a ball bouncing in a long corridor with perfect walls.	NCERT textbook, Class XII Physics, Ray Optics; https://en.wikipedia.org/wiki/Optical_fiber	V1
17	(d) Stimulated	Light	Light Amplification by Stimulated Emission of Radiation. Laser light is coherent, monochromatic and highly directional, unlike ordinary bulb light. Remember it like: LASER = bulb light after strict military training.	NCERT textbook, Class XII Physics, Wave Optics; https://en.wikipedia.org/wiki/Laser	V1
18	(b) 1 and 3 only	Sound	Sound needs a medium (solid, liquid or gas) and travels as compressions and rarefactions along its direction. Pitch rises with frequency and loudness depends on amplitude. Remember it like: pitch = frequency, volume = amplitude.	NCERT textbook, Class IX Science, Sound; https://en.wikipedia.org/wiki/Sound	V1
19	(b) 20 Hz to 20,000 Hz	Sound	Below 20 Hz is infrasound (elephants, earthquakes) and above 20 kHz is ultrasound (bats, dolphins, medical scans). Remember it like: 20 to 20 thousand.	NCERT textbook, Class IX Science, Sound; https://en.wikipedia.org/wiki/Hearing_range	V1
20	(b) Steel	Sound	Speed is highest in solids because particles are tightly coupled: about 5,000 m/s in steel, about 1,500 m/s in water, about 343 m/s in air. Hydrogen is fast among gases (about 1,300 m/s), still slower than steel. Remember it like: closer neighbours pass the message faster, like gossip in a crowded lane.	NCERT textbook, Class IX Science, Sound; https://en.wikipedia.org/wiki/Speed_of_sound	V1
21	(d) cross-sectional area	Electricity	R = rho L / A. Thicker wire, lower resistance; longer wire, higher resistance. Resistivity is a property of the material. Remember it like: a wide road lets traffic flow with less resistance.	NCERT textbook, Class X Science, Electricity; https://en.wikipedia.org/wiki/Electrical_resistance_and_conductance	V1
22	(b) Only two	Electricity	Home appliances are in parallel so each gets the full 230 V and works independently. An ammeter goes in series (low resistance), a voltmeter in parallel (high resistance). Remember it like: Ammeter = Alone in line (series).	NCERT textbook, Class X Science, Electricity; https://en.wikipedia.org/wiki/Series_and_parallel_circuits	V1
23	(d) 50 Hz	Electricity	India supplies 230 V at 50 Hz, as do most countries; the USA uses 120 V at 60 Hz. Remember it like: India = 50 Hz, like the half-century clap.	https://en.wikipedia.org/wiki/Mains_electricity_by_country; NCERT textbook	V1
24	(b) a low melting point	Electricity	If the current exceeds the rating, the fuse wire heats up and melts quickly, breaking the circuit. It is an alloy of tin and lead with a low melting point. Remember it like: the fuse is the brave volunteer who melts first.	NCERT textbook, Class X Science, Electricity; https://en.wikipedia.org/wiki/Fuse_(electrical)	V1
25	(d) A-3, B-1, C-2, D-4	Electricity	Generator converts mechanical energy to electrical by induction (Faraday), motor does the reverse using the motor effect, transformer changes AC voltage through mutual induction, heater uses Joule heating. Remember it like: G-induction, M-force, T-mutual, H-heat.	NCERT textbook, Class X Science, Magnetic Effects of Electric Current; https://en.wikipedia.org/wiki/Electromagnetic_induction; https://en.wikipedia.org/wiki/Transformer	V1

Q	Ans	Tag	Explanation	Sources	Status
26	(b) the force on a current-carrying conductor in a magnetic field	Magnetism	Thumb = Force, forefinger = Field, middle finger = Current: the motor rule. The right-hand rule is for generators (induced current). Remember it like: Left = Lift the load (motor), Right = Rolls out current (generator).	NCERT textbook, Class X Science, Magnetic Effects of Electric Current; https://en.wikipedia.org/wiki/Fleming%27s_left-hand_rule_for_motors	V1
27	(d) Michael Faraday	Magnetism	Faraday discovered it in 1831. Oersted showed in 1820 that current produces a magnetic field. Maxwell later gave the equations that unify them. Remember it like: Oersted = current makes magnet, Faraday = magnet makes current.	NCERT textbook, Class XII Physics, Electromagnetic Induction; https://en.wikipedia.org/wiki/Electromagnetic_induction	V1
28	(a) Both A and R are true and R is the correct explanation of A	Magnetism	The Earth's magnetic field aligns the suspended magnet, with its north-seeking pole towards the geographic north, near the Earth's magnetic south pole. Remember it like: the compass needle follows the Earth's own bar magnet.	NCERT textbook, Class XII Physics, Magnetism and Matter; https://en.wikipedia.org/wiki/Earth%27s_magnetic_field	V1
29	(b) nuclear fusion of hydrogen into helium	Modern	In the Sun, hydrogen nuclei fuse to form helium releasing huge energy, as in a hydrogen bomb. Fission is how a nuclear power reactor works. Remember it like: Sun = Fusion, Station on Earth = Fission.	NCERT textbook, Class XII Physics, Nuclei; https://en.wikipedia.org/wiki/Nuclear_fusion	V1
30	(c) Only three	Modern	The atom bomb uses uncontrolled fission. Control rods soak up neutrons to keep the chain reaction steady. Remember it like: Atom bomb = Atom splits, Hydrogen bomb = Hydrogens join.	NCERT textbook, Class XII Physics, Nuclei; https://en.wikipedia.org/wiki/Control_rod; https://en.wikipedia.org/wiki/Nuclear_weapon	V1
31	(d) Trombay	Modern	Apsara, built at Trombay (BARC) under Homi Bhabha, was India's first research reactor. Tarapur is India's first commercial atomic power plant. Remember it like: Trombay = Trailblazer.	DAE; https://en.wikipedia.org/wiki/Bhabha_Atomic_Research_Centre	V1
32	(b) Uttara Kannada	Modern	Kaiga in Uttara Kannada has units of 220 MWe pressurised heavy water reactors. Raichur hosts a coal-based thermal plant (RTPS), not a nuclear one. Remember it like: Kaiga on Kali, Kali in Karwar region.	NPCIL; https://en.wikipedia.org/wiki/Kaiga_Atomic_Power_Station	V1
33	(a) Both A and R are true and R is the correct explanation of A	Modern	Alpha particles (helium nuclei) are heavy and highly ionising, so they lose energy quickly in matter. Gamma rays penetrate most but ionise least. Remember it like: alpha = angry but short-lived, gamma = gentle but far-reaching.	NCERT textbook, Class XII Physics, Nuclei; https://en.wikipedia.org/wiki/Alpha_particle	V1
34	(b) Becquerel	Modern	Becquerel (one decay per second) measures activity, gray measures absorbed dose, sievert measures biological dose equivalent. The curie is an older, non-SI unit. Remember it like: B for Beginning of the decay, Bq counts the clicks.	https://en.wikipedia.org/wiki/Becquerel; NCERT textbook	V1
35	(d) South Pole	Modern	Francis Halzen was recognised for the IceCube Neutrino Observatory in Antarctica and the discovery of high-energy neutrinos of astrophysical origin, announced on 6 October 2026. Remember it like: ice at the South Pole is a giant cube-shaped camera for ghost particles.	https://www.nobelprize.org/prizes/physics/2026/press-release/	V1
36	(b) 1 and 3 only	Atom	Isobars have the same mass number but different atomic numbers (for example argon-40 and calcium-40). Isotopes share the atomic number. Remember it like: isoTOPes = same TOP number (Z); isoBARs = same BAR (mass).	NCERT textbook, Class IX Science, Structure of the Atom; https://en.wikipedia.org/wiki/Isobar_(nuclide); https://en.wikipedia.org/wiki/Isotope	V1
37		Periodic			V1

Q	Ans	Tag	Explanation	Sources	Status
	(a) atomic number		Moseley's work led to the modern law: properties are a periodic function of atomic number. Mendeleev had used atomic mass. Remember it like: Mendeleev = Mass, Modern = Number.	NCERT textbook, Class X Science, Periodic Classification of Elements; https://en.wikipedia.org/wiki/Periodic_table	
38	(d) A-2, B-1, C-3, D-4	Periodic	Alkali metals (Li, Na, K) react violently with water, alkaline earth metals include Mg and Ca, halogens (F, Cl, Br, I) are salt-formers, and noble gases (He, Ne, Ar) are unreactive. Remember it like: 1-Alkali, 2-Alkaline, 17-Halogen, 18-Noble, in order.	NCERT textbook, Class X Science, Periodic Classification of Elements; https://en.wikipedia.org/wiki/Periodic_table	V1
39	(b) Fluorine	Periodic	Fluorine has the highest electronegativity (3.98 on the Pauling scale). Francium and caesium are the least electronegative. Remember it like: Fluorine is the Fiercest electron grabber.	NCERT textbook, Class XI Chemistry, Classification of Elements; https://en.wikipedia.org/wiki/Electronegativity	V1
40	(b) Mercury	Periodic	Mercury (and bromine among non-metals) is liquid at room temperature. Gallium and caesium melt close to body temperature but are solids at 25 degrees Celsius. Remember it like: Mercury is the messenger who never freezes at the party.	NCERT textbook, Class X Science, Metals and Non-metals; https://en.wikipedia.org/wiki/Mercury_(element)	V1
41	(c) Only three	Bonding	Ionic compounds conduct when molten or dissolved because ions are free; covalent molecules usually do not. Ionic solids have strong electrostatic lattices, so high melting points. Remember it like: ionic = give and take, covalent = share like roommates.	NCERT textbook, Class X Science, Carbon and its Compounds; https://en.wikipedia.org/wiki/Ionic_compound; https://en.wikipedia.org/wiki/Covalent_bond	V1
42	(a) Polar covalent	Bonding	Oxygen shares electrons with two hydrogen atoms, but pulls them closer, so the O-H bonds are polar covalent. Hydrogen bonds act between water molecules, not inside one. Remember it like: oxygen is a greedy roommate who hogs the blanket.	NCERT textbook, Class XI Chemistry, Chemical Bonding; https://en.wikipedia.org/wiki/Water_(molecule)	V1
43	(d) A-4, B-3, C-2, D-1	Acids	Citrus fruits give citric acid, vinegar is acetic acid, curd and buttermilk have lactic acid, and ant stings have formic acid, relieved by a mild base such as baking soda. Remember it like: L-C, V-A, C-L, A-F, a kitchen quiz.	NCERT textbook, Class X Science, Acids, Bases and Salts; https://en.wikipedia.org/wiki/Citric_acid; https://en.wikipedia.org/wiki/Acetic_acid	V1
44	(a) mild bases such as magnesium hydroxide	Acids	They neutralise excess hydrochloric acid in the stomach. Remember it like: acid vs base, a polite fight in your stomach.	NCERT textbook, Class X Science, Acids, Bases and Salts; https://en.wikipedia.org/wiki/Antacid	V1
45	(a) Both A and R are true and R is the correct explanation of A	Acids	Normal rain is slightly acidic (pH about 5.6) due to dissolved carbon dioxide. Sulphur and nitrogen oxides form sulphuric and nitric acids, so the rain becomes more acidic. Common trap: normal rain is not neutral, 5.6 is the cutoff. Remember it like: five point six is the line, burnt fuel pushes it below.	NCERT textbook, Class X Science, Our Environment; https://en.wikipedia.org/wiki/Acid_rain	V1
46	(b) NaHCO3	Acids	Sodium hydrogencarbonate is baking soda; washing soda is Na2CO3.10H2O; caustic soda is NaOH; limestone is CaCO3. Remember it like: baking soda = bicarbonate = H in the name, H in the formula.	NCERT textbook, Class X Science, Acids, Bases and Salts; https://en.wikipedia.org/wiki/Sodium_bicarbonate	V1
47	(d) A-3, B-4, C-1, D-2	Acids	CaO is quicklime, Ca(OH)2 is slaked lime, CaSO4.1/2H2O is plaster of Paris (sets hard with water into gypsum), and Na2CO3.10H2O is washing soda. Remember it like: quick = oxide (reacts fast), slaked = hydroxide (already wet).	NCERT textbook, Class X Science, Acids, Bases and Salts; https://en.wikipedia.org/wiki/Calcium_oxide; https://	V1

Q	Ans	Tag	Explanation	Sources	Status
				en.wikipedia.org/wiki/Plaster_of_Paris	
48	(c) Aluminium	Metals	Oxygen, silicon and aluminium are the top three elements in the crust by mass; aluminium is the most abundant metal. Iron is the most used. Remember it like: crust = O-Si-Al-Fe, 'Oh, Silly Alan, Fetch'.	NCERT textbook, Class X Science, Metals and Non-metals; https://en.wikipedia.org/wiki/Abundance_of_elements_in_Earth%27s_cr	V1
49	(c) Only three	Metals	Solder is an alloy of tin and lead (the lead-free version uses tin with silver or copper). Remember it like: brass has Zinc, bronze has tin, solder = tin-lead, the joiner.	NCERT textbook, Class X Science, Metals and Non-metals; https://en.wikipedia.org/wiki/Brass; https://en.wikipedia.org/wiki/Bronze; https://en.wikipedia.org/wiki/Solder	V1
50	(a) both oxygen and moisture	Metals	Iron, oxygen and water (moisture) together make hydrated iron oxide, rust. Painting, galvanising (zinc coating) and greasing keep air and water away. Remember it like: rust = air + water + iron, like a sad trio.	NCERT textbook, Class X Science, Metals and Non-metals; https://en.wikipedia.org/wiki/Rust	V1
51	(b) Galvanisation	Metals	Zinc protects iron even if the layer is scratched, since zinc is more reactive and corrodes first (sacrificial protection). Vulcanisation is for rubber with sulphur. Remember it like: galvanise = zinc, from Galvani (the frog-leg physician).	NCERT textbook, Class X Science, Metals and Non-metals; https://en.wikipedia.org/wiki/Galvanization	V1
52	(d) A-3, B-4, C-2, D-1	Metals	Bauxite gives aluminium, haematite iron, copper pyrites copper, and zinc blende (sphalerite) zinc. Remember it like: B-A, H-I, C-C, Z-Z, all initials in line except the last one.	NCERT textbook, Class X Science, Metals and Non-metals; https://en.wikipedia.org/wiki/Bauxite; https://en.wikipedia.org/wiki/Sphalerite	V1
53	(c) Gold	Metals	Gold is chemically very unreactive. Karnataka's Hutti and Kolar fields were its major sources, with Hutti Gold Mines being India's major primary gold producer today. Remember it like: gold = Good for ages, never rusts.	NCERT textbook, Class X Science, Metals and Non-metals; https://en.wikipedia.org/wiki/Gold	V1
54	(a) Diamond	Carbon	In diamond each carbon is bonded to four others in a rigid 3D lattice. Graphite conducts electricity because it has free electrons. Remember it like: diamond = Dense lattice, graphite = layers for a pencil.	NCERT textbook, Class X Science, Carbon and its Compounds; https://en.wikipedia.org/wiki/Diamond	V1
55	(b) 1 and 3 only	Carbon	Graphite has delocalised electrons between layers, diamond has none, and C60 (buckyball) is a cage of 60 carbon atoms shaped like a football. Remember it like: graphite = go-with-the-flow, diamond = dead-stop.	NCERT textbook, Class X Science, Carbon and its Compounds; https://en.wikipedia.org/wiki/Allotropes_of_carbon; https://en.wikipedia.org/wiki/Fullerene	V1
56	(b) Methane	Carbon	Methane (CH_4) is about 90 per cent of natural gas. LPG is mainly propane and butane. CNG is compressed natural gas, so mostly methane. Remember it like: M for Main gas, M for Methane.	NCERT textbook, Class X Science, Carbon and its Compounds; https://en.wikipedia.org/wiki/Methane	V1
57	(d) A-3, B-4, C-2, D-1	Carbon	Single bonds: alkane (-ane), double bond: alkene (-ene), triple bond: alkyne (-yne). Benzene has a ring with delocalised electrons. Remember it like: -ane single, -ene double, -yne triple, the suffix is the bond count.	NCERT textbook, Class X Science, Carbon and its Compounds; https://en.wikipedia.org/wiki/Alkane; https://en.wikipedia.org/wiki/Alkene; https://en.wikipedia.org/wiki/Alkyne	V1

Q	Ans	Tag	Explanation	Sources	Status
58	(d) Cellulose	Polymers	Cellulose, starch, proteins and natural rubber are natural polymers. Nylon is a synthetic polyamide, polythene is polyethylene, PVC is polyvinyl chloride. Remember it like: cell wall of plants is cellulose, born in nature.	NCERT textbook, Class XII Chemistry, Polymers; https://en.wikipedia.org/wiki/Cellulose	V1
59	(c) Tetrafluoroethylene	Polymers	PTFE (polytetrafluoroethylene) is chemically inert and very slippery. Ethene gives polythene, vinyl chloride gives PVC, styrene gives polystyrene. Remember it like: TeFLon = Tetra-FLuoro, the pan that lets eggs slide.	NCERT textbook, Class XII Chemistry, Polymers; https://en.wikipedia.org/wiki/Polytetrafluoroethylene	V1
60	(a) Both A and R are true and R is the correct explanation of A	Polymers	Microbes cannot break down the long carbon chain in polythene, so it lingers for centuries. Remember it like: the bag outlives its owner.	NCERT textbook, Class XII Chemistry, Polymers; https://en.wikipedia.org/wiki/Polyethylene	V1
61	(b) Ozone (O3)	Everyday	The ozone layer in the stratosphere absorbs UV-B and UV-C. Chlorofluorocarbons (CFCs) damage it, and the Montreal Protocol (1987) phases out ozone-depleting substances. Remember it like: ozone = O3 umbrella.	https://en.wikipedia.org/wiki/Ozone_layer; NCERT textbook, Class XI Chemistry, Environmental Chemistry	V1
62	(a) Carbon dioxide	Everyday	Dry ice (solid CO2) sublimes at about minus 78.5 degrees Celsius. CO2 extinguishers suffocate electrical and oil fires without leaving residue. Remember it like: dry ice never gets wet, it sublimes.	https://en.wikipedia.org/wiki/Dry_ice; NCERT textbook	V1
63	(d) A-2, B-1, C-4, D-3	Everyday	Chlorine disinfects water, ammonia is the raw material for urea, sulphuric acid fills lead-acid batteries, and hydrogen is added to vegetable oils to make solid fats such as vanaspati. Remember it like: the chemistry kit of a city: chlorine cleans, acid charges, ammonia feeds, hydrogen hardens.	NCERT textbook, Class X Science, Carbon and its Compounds; https://en.wikipedia.org/wiki/Chlorine; https://en.wikipedia.org/wiki/Sulfuric_acid; https://en.wikipedia.org/wiki/Hydrogenation	V1
64	(b) propane and butane	Everyday	LPG (liquefied petroleum gas) is mostly propane and butane, with a stench-agent (ethyl mercaptan) added so leaks smell. Remember it like: LPG = Propane + Butane, like 'P & B' on a gas cylinder.	https://en.wikipedia.org/wiki/Liquefied_petroleum_gas; NCERT textbook	V1
65	(c) Only three	Everyday	Permanent hardness comes from calcium and magnesium chlorides and sulphates, not sodium chloride, and needs washing soda or ion exchange. Temporary hardness (bicarbonates) goes away on boiling. Remember it like: temporary = boil it away, permanent = needs a chemist.	NCERT textbook, Class XI Chemistry, Hydrogen; https://en.wikipedia.org/wiki/Hard_water	V1
66	(c) non-linear effects and autocatalysis in asymmetric organic synthesis	Everyday	The prize recognises how chemical reactions can drive molecules towards one mirror-image form (homochirality), a puzzle of life's chemistry, announced on 7 October 2026. Distractors are earlier prizes (2019, 2008, 2022). Remember it like: mirror-image hands, one hand wins.	https://www.nobelprize.org/prizes/chemistry/2026/press-release/	V1
67	(a) metal-organic frameworks	Everyday	Metal-organic frameworks are porous crystals that can capture water, store gases and trap pollutants. Remember it like: MOFs are molecular sponges with metal beams.	https://www.nobelprize.org/prizes/chemistry/2025/press-release/	V1
68	(c) Nitrous oxide	Everyday	Nitrous oxide (N2O) is long-lived and has a global warming potential of about 273 over 100 years per the IPCC. Methane is roughly 27 to 30.	https://www.ipcc.ch/report/ar6/wg1/; https://en.wikipedia.org/wiki/Nitrous_oxide	V1

Q	Ans	Tag	Explanation	Sources	Status
			Remember it like: N2O = nitrous = Naughty and Overheated.		
69	(a) Mitochondrion	Cell	Mitochondria carry out aerobic respiration and have their own small circular DNA, inherited from the mother. Remember it like: Mito = Make Energy Tonight.	NCERT textbook, Class IX Science, The Fundamental Unit of Life; https://en.wikipedia.org/wiki/Mitochondrion	V1
70	(c) Only three	Cell	Chloroplasts, with chlorophyll, are the sites of photosynthesis in plant cells. Lysosomes hold digestive enzymes that can break down worn-out cell parts. Remember it like: plants wear a wall and a solar panel, animals wear neither.	NCERT textbook, Class IX Science, The Fundamental Unit of Life; https://en.wikipedia.org/wiki/Lysosome; https://en.wikipedia.org/wiki/Centriole	V1
71	(b) A-1, B-2, C-4, D-3	Cell	Ribosomes assemble proteins, lysosomes digest, the Golgi body packs and ships (a courier hub), chloroplasts photosynthesise. Remember it like: R-P, L-D, G-P, C-P, a cell's factory floor.	NCERT textbook, Class IX Science, The Fundamental Unit of Life; https://en.wikipedia.org/wiki/Ribosome; https://en.wikipedia.org/wiki/Golgi_apparatus	V1
72	(d) Watson and Crick	Genetics	James Watson and Francis Crick built the model using Rosalind Franklin's X-ray diffraction data. Remember it like: Watson + Crick = the double helix duo.	NCERT textbook, Class XII Biology, Molecular Basis of Inheritance; https://en.wikipedia.org/wiki/Nucleic_acid_double_helix	V1
73	(a) 1 and 2 only	Genetics	The mother always gives an X; the father's sperm carries X (girl) or Y (boy). Remember it like: Y decides, and Y comes from Dad.	NCERT textbook, Class X Science, Heredity; https://en.wikipedia.org/wiki/Gregor_Mendel; https://en.wikipedia.org/wiki/Karyotype	V1
74	(a) Karl Landsteiner	Genetics	Landsteiner found the groups in 1901 and won the Nobel Prize in 1930. People with O negative blood are universal red-cell donors, and AB positive are universal recipients. Remember it like: Landsteiner = Lands in Labs with Letters A, B, O.	NCERT textbook, Class XII Biology, Human Health and Disease; https://en.wikipedia.org/wiki/ABO_blood_group_system	V1
75	(c) A-2, B-3, C-4, D-1	Nutrition	Vitamin A keeps the retina healthy, B1 protects nerves, C builds collagen so gums bleed without it, and D helps calcium go into bones. Remember it like: A sees at night, B1 for Beri, C stops Scurvy, D keeps bones Dense.	NCERT textbook, Class XI Biology; https://en.wikipedia.org/wiki/Vitamin_deficiency; https://en.wikipedia.org/wiki/Beriberi	V1
76	(d) Goitre	Nutrition	Iodine is needed to make thyroxine, so the thyroid swells. India's iodised salt programme has cut goitre sharply. Remember it like: I for Iodine, I for Important neck swelling.	NCERT textbook, Class X Science, Control and Coordination; https://en.wikipedia.org/wiki/Goitre	V1
77	(c) Only three	Nutrition	Marasmus is a deficiency of calories and proteins overall. Vitamin C deficiency causes scurvy. Remember it like: Kwashiorkor = swollen belly from protein shortage, Marasmus = Matchstick thin.	NCERT textbook, Class IX Science, Why Do We Fall Ill; https://en.wikipedia.org/wiki/Kwashiorkor; https://en.wikipedia.org/wiki/Marasmus	V1
78	(b) Vitamin K	Nutrition	Vitamin K helps the liver make clotting factors. Newborns are often given a vitamin K shot. Remember it like: K for Knit the clot (koagulation in German).	NCERT textbook, Class XI Biology; https://en.wikipedia.org/wiki/Vitamin_K	V1
79	(d) Liver	Human body	The liver makes bile, stores glycogen and detoxifies. The skin is the largest organ overall.	NCERT textbook, Class X Science, Life Processes;	V1

Q	Ans	Tag	Explanation	Sources	Status
			Remember it like: Liver = Large gland, Lots of jobs.	https://en.wikipedia.org/wiki/Liver	
80	(c) A-1, B-4, C-3, D-2	Human body	Thyroxine regulates metabolism, adrenaline prepares the body for fight or flight, insulin lowers blood glucose, melatonin follows the sleep-wake cycle. Remember it like: T-T, A-A, P-I, P-M, the first letters help with the first two.	NCERT textbook, Class X Science, Control and Coordination; https://en.wikipedia.org/wiki/Endocrine_system	V1
81	(b) Islets of Langerhans in the pancreas	Human body	Lack of insulin or its action causes diabetes mellitus. Glucagon from alpha cells does the opposite. Remember it like: beta cells = Bring sugar down, alpha cells = Add sugar.	NCERT textbook, Class X Science, Control and Coordination; https://en.wikipedia.org/wiki/Insulin	V1
82	(c) Only three	Human body	The left side receives oxygenated blood from the lungs and sends it to the body. The pulmonary artery is the odd artery that carries deoxygenated blood. Remember it like: pulmonary artery = a rebel, it breaks the 'arteries carry oxygen' rule.	NCERT textbook, Class X Science, Life Processes; https://en.wikipedia.org/wiki/Heart; https://en.wikipedia.org/wiki/Sinoatrial_node	V1
83	(a) Spleen	Human body	The spleen filters and removes worn-out red cells, which live about 120 days. They are made in the bone marrow. Remember it like: Spleen = Sweeps away old cells.	NCERT textbook, Class XI Biology, Body Fluids and Circulation; https://en.wikipedia.org/wiki/Spleen	V1
84	(a) Both A and R are true and R is the correct explanation of A	Human body	Without a nucleus the cell becomes a flexible biconcave disc packed with haemoglobin (an iron-containing protein). Remember it like: the RBC threw out its office to make space for cargo.	NCERT textbook, Class XI Biology, Body Fluids and Circulation; https://en.wikipedia.org/wiki/Red_blood_cell	V1
85	(c) Nephron	Human body	Each kidney has about a million nephrons that filter blood, reabsorb useful substances and make urine. Dialysis takes over this job when the kidneys fail. Remember it like: Nephron = Nature's filter.	NCERT textbook, Class X Science, Life Processes; https://en.wikipedia.org/wiki/Nephron	V1
86	(a) Salivary amylase	Human body	Chew a roti long enough and it turns sweetish, because amylase breaks starch into maltose. Pepsin digests proteins in the stomach. Remember it like: amylase = starch, A for Atta.	NCERT textbook, Class X Science, Life Processes; https://en.wikipedia.org/wiki/Amylase	V1
87	(d) Stroma of the chloroplast	Plants	The light reactions occur on thylakoids in the grana, and carbon dioxide is fixed into sugar in the stroma. Remember it like: light in the Thylakoid, dark in the Stroma.	NCERT textbook, Class XI Biology, Photosynthesis in Higher Plants; https://en.wikipedia.org/wiki/Calvin_cycle	V1
88	(a) 1 and 2 only	Plants	Phloem sieve tubes are living cells, which is why translocation needs energy. Xylem vessels are mostly dead and hollow. Remember it like: Xylem = Xtreme upward water pipe, Phloem = Food flows anywhere.	NCERT textbook, Class X Science, Life Processes; https://en.wikipedia.org/wiki/Xylem; https://en.wikipedia.org/wiki/Phloem	V1
89	(b) A-3, B-1, C-2, D-4	Plants	Auxin collects on the shaded side of a shoot, which then grows longer and bends toward light. Gibberellins help seeds germinate, cytokinins divide cells, and abscisic acid tells guard cells to close. Remember it like: A-A, G-G, C-C, A-A: each hormone does its own show.	NCERT textbook, Class X Science, Control and Coordination; https://en.wikipedia.org/wiki/Plant_hormone	V1
90	(d) Ethylene	Plants	A ripe banana in the fruit basket makes the neighbouring mangoes ripen faster by releasing ethylene. Remember it like: ethylene = the 'eat me now' gas.	NCERT textbook, Class XI Biology, Plant Growth and Development; https://en.wikipedia.org/wiki/Ethylene	V1
91	(b) Bt cotton	Biotech	Bt cotton, carrying the Bt gene from Bacillus thuringiensis against the bollworm, has been grown commercially since 2002. Bt brinjal got a	https://en.wikipedia.org/wiki/Genetically_modified_crops_in_India;	V1

Q	Ans	Tag	Explanation	Sources	Status
			moratorium in 2010 and GM mustard (DMH-11) is under Supreme Court proceedings. Remember it like: Bt = Bollworm terminator, and only cotton holds the licence.	https://en.wikipedia.org/wiki/Bt_cotton	
92	(c) Only three	Biotech	Bt stands for Bacillus thuringiensis. PCR uses Taq polymerase from a heat-loving bacterium so it survives repeated heating. Remember it like: Bt = Thuringiensis (T for Toxin).	NCERT textbook, Class XII Biology, Biotechnology: Principles and Processes; https://en.wikipedia.org/wiki/Bacillus_thuringiensis; https://en.wikipedia.org/wiki/Polymerase_chain_reaction	V1
93	(a) cut DNA at specific sequences	Biotech	They recognise short palindromic sequences and cut there. DNA ligase is the molecular glue that joins fragments. Remember it like: restriction = restrict the DNA to the right place, then cut.	NCERT textbook, Class XII Biology, Biotechnology: Principles and Processes; https://en.wikipedia.org/wiki/Restriction_enzyme	V1
94	(c) Emmanuelle Charpentier and Jennifer Doudna	Biotech	They developed CRISPR-Cas9 'genetic scissors', now being used to design therapies, including for sickle cell disease. Remember it like: CRISPR = two women, one pair of scissors.	https://www.nobelprize.org/prizes/chemistry/2020/press-release/; https://en.wikipedia.org/wiki/CRISPR_gene_editing	V
95	(a) Roslin Institute, Scotland	Biotech	Dolly was born on 5 July 1996 using nuclear transfer from a mammary gland cell. Remember it like: Dolly = Dolly the sheep from Scotland, Roslin.	https://en.wikipedia.org/wiki/Dolly_(sheep)	V1
96	(b) A-2, B-3, C-4, D-1	Disease	Malaria is spread by the female Anopheles mosquito, dengue by Aedes aegypti, TB by droplets, and ringworm is a skin fungus (not a worm). Remember it like: Protozoa-Plasmodium, Bacteria-Bug, Virus-Vector, Fungus-Funny name.	NCERT textbook, Class XII Biology, Human Health and Disease; https://en.wikipedia.org/wiki/Malaria; https://en.wikipedia.org/wiki/Dengue_fever; https://en.wikipedia.org/wiki/Ringworm	V1
97	(d) Anopheles mosquito	Disease	The Plasmodium parasite enters through the female Anopheles. Aedes spreads dengue, chikungunya and Zika; Culex spreads filariasis and Japanese encephalitis. Remember it like: Anopheles = Anti-health, Aedes = dengue's cousin.	NCERT textbook, Class XII Biology, Human Health and Disease; https://en.wikipedia.org/wiki/Anopheles	V1
98	(c) Only three	Disease	The oral polio vaccine is given as drops, while the injectable one is IPV. Edward Jenner used cowpox for the smallpox vaccine in 1796. Remember it like: OPV = Oral, IPV = Injected.	NCERT textbook, Class XII Biology, Human Health and Disease; https://en.wikipedia.org/wiki/BCG_vaccine; https://en.wikipedia.org/wiki/Smallpox_vaccine; https://en.wikipedia.org/wiki/Rabies_vaccine	V1
99	(a) Both A and R are true and R is the correct explanation of A	Disease	Viruses live inside host cells and have no cell wall to attack, so antibiotics are useless, and unnecessary use fuels antimicrobial resistance. Remember it like: antibiotics fight bugs with walls, not viruses in hiding.	https://www.who.int/news-room/fact-sheets/detail/antimicrobial-resistance; https://en.wikipedia.org/wiki/Antibiotic	V1
100	(c) Alexander Fleming	Disease	Fleming noticed that a mould, Penicillium, killed bacteria around it on a culture plate. Florey and Chain later made it usable as a drug. Remember it like: Fleming flicked a plate and found the mould.	https://en.wikipedia.org/wiki/Penicillin; https://www.nobelprize.org/prizes/medicine/1945/summary/	V1
101	(c) CD4 T helper cells	Disease	With fewer CD4 cells, the body is open to opportunistic infections, leading to AIDS in the untreated. HIV spreads through blood, sexual contact and mother-to-child, not by casual	NCERT textbook, Class XII Biology, Human Health and Disease; https://en.wikipedia.org/wiki/HIV	V1

Q	Ans	Tag	Explanation	Sources	Status
			contact. Remember it like: HIV targets the Helpers of the immune army.		
102	(a) 27 March 2014	Health	India's last wild polio case was reported on 13 January 2011 in West Bengal. Pulse Polio, launched in 1995, drove the effort. Remember it like: 27-03-14, three years after the last case.	https://en.wikipedia.org/wiki/Poliomyelitis_eradication; https://www.who.int/southeastasia/news/detail/27-03-2014-india-polio-free	V1
103	(b) Trachoma	Health	Trachoma is an eye infection caused by Chlamydia trachomatis that can lead to blindness. India became the third country in the WHO South-East Asia Region to achieve this, after Nepal and Myanmar. Remember it like: trachoma = the eye disease that India closed.	https://www.who.int/news/item/08-10-2024-elimination-of-trachoma-as-a-public-health-problem-in-india; https://pib.gov.in/PressReleseDetailm.aspx?PRID=2063310	V
104	(d) light-gated ion channels and optogenetics	Health	Channelrhodopsin, a protein from a single-celled alga, lets researchers switch nerve cells on with light. It was announced on 5 October 2026. The distractors are the prizes of 2023, 2025 and 2018. Remember it like: light switch for nerve cells, found in an alga.	https://www.nobelprize.org/prizes/medicine/2026/press-release/	V1
105	(b) peripheral immune tolerance	Health	Their work on regulatory T cells and the FOXP3 gene showed how the immune system avoids attacking the body's own tissues. Remember it like: the immune system's 'brakes', so it does not attack the owner.	https://www.nobelprize.org/prizes/medicine/2025/press-release/	V1
106	(a) A-3, B-4, C-1, D-2	Space	Chandrayaan-1 dropped the Moon Impact Probe on 14 November 2008, MOM reached Mars on 24 September 2014, Chandrayaan-3 landed on 23 August 2023 and Aditya-L1 studies the Sun from near L1. Remember it like: Moon, Mars, Moon again, then the Sun, an ISRO world tour in four stops.	https://en.wikipedia.org/wiki/Chandrayaan-1; https://en.wikipedia.org/wiki/Mars_Orbiter_Mission; https://en.wikipedia.org/wiki/Chandrayaan-3; https://www.isro.gov.in/Aditya_L1.html	V1
107	(a) 1 and 2 only	Space	NISAR carries L-band and S-band synthetic aperture radars, which can image the surface day and night and through clouds. Remember it like: NISAR = NASA + ISRO + SAR, radar not camera.	https://en.wikipedia.org/wiki/NISAR; https://www.nasa.gov/news-release/nasa-isro-satellite-lifts-off-to-track-earths-changing-surfaces/; https://www.isro.gov.in/Mission_GSLVF16_NISAR_Home.html	V
108	(c) SpaDeX	Space	Two SpaDeX satellites were launched by PSLV-C60 on 30 December 2024 and docked in orbit on 16 January 2025. Docking is vital for future space stations and sample-return missions. Remember it like: SpaDeX = Space Docking Experiment, the DEX is the docking.	https://en.wikipedia.org/wiki/SpaDeX	V1
109	(d) 1.5 million km	Space	From L1 the satellite can view the Sun without eclipses or occultation. About 3.8 lakh km is the Moon's distance and 35,786 km is the geostationary height. Remember it like: L1 = Look at the sun, 1.5 million km away.	https://www.isro.gov.in/Aditya_L1.html; https://en.wikipedia.org/wiki/Aditya-L1	V
110	(a) the soft landing of Chandrayaan-3 in 2023	Space	The date marks the day Chandrayaan-3's Vikram lander touched down in 2023, making India the fourth country to soft-land on the Moon. The point was named Shiv Shakti. Remember it like: 23-08 = the Moon landing that made India proud.	https://en.wikipedia.org/wiki/National_Space_Day_(India); https://en.wikipedia.org/wiki/Chandrayaan-3	V1
111	(d) Shubhanshu Shukla	Space	Group Captain Shubhanshu Shukla of the IAF travelled on the private Ax-4 mission. Rakesh Sharma went to the Salyut-7 station in 1984 on	https://en.wikipedia.org/wiki/Axiom_Mission_4; https://en.wikipedia.org/wiki/Shubhanshu_Shukla	V1

Q	Ans	Tag	Explanation	Sources	Status
			Soyuz T-11, not the ISS. Remember it like: Shukla = ISS, Sharma = Salyut.		
112	(c) Aryabhata	Space	Aryabhata was built at Bengaluru and launched on 19 April 1975 from the Soviet Union. Bhaskara (1979) was an experimental remote-sensing satellite. Remember it like: A for Aryabhata, A for the first.	https://en.wikipedia.org/wiki/Aryabhata_(satellite)	V1
113	(b) A-3, B-2, C-4, D-1	Space	URSC is in Bengaluru, VSSC at Thiruvananthapuram, SDSC SHAR is the spaceport in Andhra Pradesh, and SAC is at Ahmedabad. Remember it like: Rao builds the bird, Vikram builds the rocket, Dhawan's pad lets it fly, SAC fills it with eyes.	https://en.wikipedia.org/wiki/Indian_Space_Research_Organisation; https://en.wikipedia.org/wiki/U._R._Rao_Satellite_Centre	V1
114	(a) Both A and R are true and R is the correct explanation of A	Space	Sun-synchronous orbits are near-polar and slightly retrograde, at roughly 600 to 800 km. That is why NISAR and many remote-sensing satellites use them. Remember it like: same time, same light, same image comparison.	https://en.wikipedia.org/wiki/Sun-synchronous_orbit	V1
115	(c) A is true but R is false	Space	The assertion is true, but they are at about 35,786 km above the equator, where the period equals Earth's rotation period. About 400 km is the ISS altitude. Remember it like: geostationary = Geo-still at 36,000 km, not 400.	https://en.wikipedia.org/wiki/Geostationary_orbit	V1
116	(b) 3 days	Space	ISRO plans a safe return by landing in the Indian sea. The mission uses the human-rated LVM3. Remember it like: 3-4-3: three astronauts, 400 km, three days.	https://www.isro.gov.in/Gaganyaan.html	V1
117	(c) March 2028	Space	The mission to study Venusian atmosphere and geology was approved after Moon and Mars. Launch windows for Venus come roughly every 19 months. Remember it like: Moon, Mars, then Venus in 2028.	https://www.pib.gov.in/PressReleasePage.aspx?PRID=2055987	V1
118	(d) LVM3-M4	Space	LVM3 is ISRO's heaviest operational launcher, formerly called GSLV Mk III. Aditya-L1 flew on PSLV-C57. The rover was named Pragyan and the lander Vikram. Remember it like: LVM3 = the Lifter of the Moon mission.	https://www.isro.gov.in/Chandrayaan3.html; https://en.wikipedia.org/wiki/LVM3	V1
119	(a) 24 September 2014	Space	MOM was launched on 5 November 2013 by PSLV-C25 and made India the first country to reach Mars orbit in its first attempt. Remember it like: 24-9-14, Mars in first try.	https://en.wikipedia.org/wiki/Mars_Orbiter_Mission	V1
120	(b) A-2, B-4, C-1, D-3	Space	Kalam led SLV-3 and later guided missile development at DRDO. Raman discovered the effect on 28 February 1928. Remember it like: Sarabhai = Space, Bhabha = Bombs-to-Bijli (atomic), Raman = Rays, Kalam = Rockets.	https://en.wikipedia.org/wiki/Vikram_Sarabhai; https://en.wikipedia.org/wiki/Homi_J._Bhabha; https://en.wikipedia.org/wiki/C._V._Raman; https://en.wikipedia.org/wiki/A._P._J._Abdul_Kalam	V1
121	(a) A-4, B-1, C-2, D-3	Defence	BrahMos is an Indo-Russian cruise missile that flies at about Mach 2.8, Akash defends air space, Astra is fired from fighters, and Agni-5 has a range of over 5,000 km. Remember it like: Akash = Air shield, Astra = Air-to-air, BrahMos = Brisk cruise, Agni = Ballistic.	https://en.wikipedia.org/wiki/Akash_(missile); https://en.wikipedia.org/wiki/BrahMos; https://en.wikipedia.org/wiki/Astra_(missile); https://en.wikipedia.org/wiki/Agni-V	V1
122	(c) nuclear-powered ballistic	Defence	The first was INS Arihant (2016). The Arihant class carry nuclear missiles and give India a second-strike capability. Remember it like: Arihant =	https://en.wikipedia.org/wiki/INS_Arighaat	V1

Q	Ans	Tag	Explanation	Sources	Status
	missile submarine		enemy-destroyer, Arighaat = enemy-killer, two SSBNs.		
123	(d) aircraft carrier	Defence	It was built by Cochin Shipyard Limited and replaced the earlier carrier of the same name. Remember it like: Vikrant = Victorious and made in Kerala (Kochi).	https://en.wikipedia.org/wiki/INS_Vikrant_(2013)	V1
124	(c) anti-satellite missile technology	Defence	India shot down a low-earth-orbit satellite, the fourth country to have this capability after the USA, Russia and China. Remember it like: Shakti = Strike on Satellite in Space.	https://en.wikipedia.org/wiki/Mission_Shakti	V1
125	(d) ₹6,004 crore	Policy	The mission runs from 2023-24 to 2030-31 and focuses on quantum computing, communication, sensing and materials. Remember it like: NQM = 6003.65, six-thousand, as in qubits of six.	https://www.pib.gov.in/Pressreleaseshare.aspx?PRID=1917888	V1
126	(b) ₹10,372 crore	Policy	It covers compute infrastructure of over 10,000 GPUs, foundation models, datasets, skills and startup financing. Remember it like: AI = 10,372, a big number for a big brain.	https://www.pmindia.gov.in/en/news_updates/cabinet-approves-ambitious-indiaai-mission-to-strengthen-the-ai-innovation-ecosystem/	V1
127	(a) Science and Engineering Research Board	Policy	ANRF provides a top-level framework for research funding in universities and colleges, with the Prime Minister as the ex-officio President. Remember it like: ANRF absorbed SERB.	https://en.wikipedia.org/wiki/Anusandhan_National_Research_Foundatio	V1
128	(b) the discovery of the Raman effect in 1928	Policy	C V Raman announced the discovery on 28 February 1928 and won the 1930 Nobel Prize in Physics, the first Asian to win a science Nobel. Remember it like: 28-2 = Raman's rays.	https://en.wikipedia.org/wiki/National_Science_Day; https://en.wikipedia.org/wiki/C._V._Raman	V1
129	(c) Pokhran-II nuclear tests of 1998	Policy	It marks the 1998 Operation Shakti tests at Pokhran, along with the Hansa-3 flight and the Trishul missile test. Remember it like: 11-5-98, India's technology day.	https://en.wikipedia.org/wiki/National_Technology_Day	V1
130	(a) ₹76,000 crore	Policy	The Semicon India programme offers fiscal support for semiconductor fabs, display fabs, packaging and design. Remember it like: ISM = 76K, seventy-six for chips.	https://www.pib.gov.in/PressReleasePage.aspx?PRID=1781723	V1
131	(d) Maharaja Krishnaraja Wadiyar IV of Mysore	Karnataka	The Maharaja of Mysore donated land, and the Government of India supported the project. IISc is regularly India's top-ranked research university. Remember it like: Tata's idea + Mysore's land = IISc.	https://en.wikipedia.org/wiki/Indian_Institute_of_Science	V1
132	(c) Only three	Karnataka	The Space Applications Centre is at Ahmedabad. HAL was founded as Hindustan Aircraft Limited in December 1940 by Walchand Hirachand with the support of the Mysore government. Remember it like: Mysuru feeds (CFTRI), Bengaluru flies (HAL) and glows (RRI).	https://en.wikipedia.org/wiki/Central_Food_Technological_Research_Inst https://en.wikipedia.org/wiki/Raman_Research_Institute; https://en.wikipedia.org/wiki/Hindustan_Aeronautics_Limited	V1
133	(a) A-1, B-3, C-4, D-2	Karnataka	CFTRI is a CSIR lab, the Kaiga plant is on the Kali river near Karwar, and Hutti is in Raichur district. Remember it like: Mysuru food, Bengaluru brains, Kaiga atoms in the north-west, Hutti gold in the north-east.	https://en.wikipedia.org/wiki/Central_Food_Technological_Research_Inst https://en.wikipedia.org/wiki/Indian_Institute_of_Science; https://en.wikipedia.org/wiki/Kaiga_Atomic_Power_Station; https://en.wikipedia.org/wiki/Hutti_Gold_Mines_Limited	V1
134	(d) Council of Scientific and Industrial Research	Karnataka	CFTRI was established in 1950 and works on food processing, technology and nutrition. Remember it like: CFTRI = CSIR's Chef of Food.	https://en.wikipedia.org/wiki/Central_Food_Technological_Research_Inst	V1

Q	Ans	Tag	Explanation	Sources	Status
135	(b) Hassan	Karnataka	It is in Hassan, Karnataka, with a second MCF at Bhopal. Remember it like: Hassan holds the satellites steady in the sky.	https://en.wikipedia.org/wiki/Master_Control_Facility	V1
136	(c) Bengaluru	Karnataka	It operates observatories at Kodaikanal, Kavalur, Gauribidanur and Hanle. Remember it like: IIA = Interested In Astronomy, address Koramangala, Bengaluru.	https://en.wikipedia.org/wiki/Indian_Institute_of_Astrophysics	V1
137	(b) 1 and 3 only	Sound	Sound speeds up in stiffer media, so steel beats air. Ultrasound is above 20,000 Hz (below 20 Hz is infrasound). An echo needs the reflected sound to arrive at least about 0.1 s later, and at about 344 m/s that means a round trip of about 34 m. Remember it like: an echo needs 17 metres of patience.	NCERT textbook, Class IX Science, Sound; https://en.wikipedia.org/wiki/Echo; https://en.wikipedia.org/wiki/Sound	V1
138	(c) Only three	Light	A convex lens is thicker at the centre, which is why it converges light. Remember it like: convex = Chubby in the middle, so it converges.	NCERT textbook, Class X Science, Light; https://en.wikipedia.org/wiki/Curved_mirror; https://en.wikipedia.org/wiki/Dioptre	V1
139	(c) Only three	Modern	Infrared lies just beyond the red end of the visible spectrum, so we feel it as heat but cannot see it. Remember it like: gamma = tiny and mighty, infrared = invisible warmth.	NCERT textbook, Class X Science, Light; https://en.wikipedia.org/wiki/Electromagnetic_spectrum	V1
140	(b) 1 and 3 only	Modern	At higher temperature, more electrons are freed, so conductivity increases. Phosphorus has five valence electrons, so it donates extra electrons (n for negative). Remember it like: Phosphorus = Plenty of electrons = n-type.	NCERT textbook, Class XII Physics, Semiconductor Electronics; https://en.wikipedia.org/wiki/Semiconductor; https://en.wikipedia.org/wiki/Extrinsic_semiconductor	V1
141	(c) Only three	Genetics	Drosophila was the favourite of Thomas Hunt Morgan, not Mendel. Remember it like: Mendel = Monastery garden peas, Morgan = Maggots (fruit flies).	NCERT textbook, Class X Science, Heredity; https://en.wikipedia.org/wiki/Gregor_Mendel; https://en.wikipedia.org/wiki/Mendelian_inheritance	V1
142	(c) 2 and 3 only	Human body	Bile has bile salts that emulsify fat but no enzymes, and it is made in the liver. Pancreatic amylase, trypsin and lipase handle the three food types. Remember it like: bile = soap for fat, the pancreas = the full enzyme toolkit.	NCERT textbook, Class X Science, Life Processes; https://en.wikipedia.org/wiki/Bile; https://en.wikipedia.org/wiki/Pancreatic_juice	V1
143	(c) Only three	Human body	The Krebs cycle takes place in the mitochondrial matrix, and aerobic respiration yields about 30 to 32 ATP versus 2 for glycolysis alone. Remember it like: Glycolysis = Ground floor (cytoplasm), Krebs = basement (mitochondria).	NCERT textbook, Class XI Biology, Respiration in Plants; https://en.wikipedia.org/wiki/Cellular_respiration; https://en.wikipedia.org/wiki/Krebs_cycle	V1
144	(b) 1 and 3 only	Genetics	Group AB has neither anti-A nor anti-B antibodies, which is why AB positive people are universal recipients of red cells. Remember it like: AB = All Accepted, Both antigens, no antibodies.	NCERT textbook, Class XII Biology, Human Health and Disease; https://en.wikipedia.org/wiki/ABO_blood_group_system; https://en.wikipedia.org/wiki/Rh_blood_group_system	V1
145	(a) 1 and 2 only	Space	SSLV is the Small Satellite Launch Vehicle for small payloads on demand. Heavy payloads need LVM3. Remember it like: S for Small, L for Lift-on-demand.	https://en.wikipedia.org/wiki/Polar_Satellite_Launch_Vehicle; https://en.wikipedia.org/wiki/Small_Satellite_Launch_Vehicle;	V1

Q	Ans	Tag	Explanation	Sources	Status
				https://en.wikipedia.org/wiki/Geosynchronous_Satellite_Launch_Vehicle	
146	(c) Only three	Heat	Temperature falls in the troposphere, rises in the stratosphere because ozone absorbs ultraviolet, falls again in the mesosphere and rises in the thermosphere. Remember it like: Tropo = Trouble weather, Strato = Stable and ozone.	NCERT textbook, Class XI Geography, Composition and Structure of Atmosphere; https://en.wikipedia.org/wiki/Atmosphere_of_Earth; https://en.wikipedia.org/wiki/Ionosphere	V1
147	(d) A-1, B-4, C-3, D-2	Metals	Brass is yellow and shiny, bronze made an entire age, solder joins wires and stainless steel resists rust thanks to chromium. Remember it like: Brass has Zinc (B-Z), Bronze has Tin (B-T), solder has Tin too but with Lead.	NCERT textbook, Class X Science, Metals and Non-metals; https://en.wikipedia.org/wiki/Brass; https://en.wikipedia.org/wiki/Bronze; https://en.wikipedia.org/wiki/Solder; https://en.wikipedia.org/wiki/Stainless_steel	V1
148	(b) A-2, B-4, C-1, D-3	Human body	A cyclist keeps balance because of the cerebellum, and breathing continues in sleep because of the medulla. Remember it like: Cerebellum = Cycling balance, Medulla = Must-keep-living.	NCERT textbook, Class X Science, Control and Coordination; https://en.wikipedia.org/wiki/Cerebellum; https://en.wikipedia.org/wiki/Medulla_oblongata; https://en.wikipedia.org/wiki/Hypothalamus	V1
149	(a) A-3, B-2, C-1, D-4	Disease	Haemophilia is passed on from carrier mothers and mostly affects males. Cholera is caused by Vibrio cholerae and spreads through contaminated water. Remember it like: Haemophilia = Heredity, Scurvy = Shortage, Cholera = Contaminated water, AIDS = Virus.	NCERT textbook, Class XII Biology, Human Health and Disease; https://en.wikipedia.org/wiki/Haemophilia; https://en.wikipedia.org/wiki/Cholera	V1
150	(c) A-2, B-4, C-1, D-3	Modern	Rutherford found that atoms have a tiny dense nucleus, Chadwick found the neutron in 1932, Bohr gave electrons fixed orbits and Mendeleev left gaps for elements still to be found. Remember it like: R = Rock-solid nucleus, C = Chargeless neutron, B = Bohr's Beads orbits.	NCERT textbook, Class IX Science, Structure of the Atom; https://en.wikipedia.org/wiki/Rutherford_model; https://en.wikipedia.org/wiki/James_Chadwick; https://en.wikipedia.org/wiki/Bohr_model; https://en.wikipedia.org/wiki/Dmitri_Mendeleev	V1
151	(a) Both A and R are true and R is the correct explanation of A	Disease	Memory B and T cells respond fast on the next exposure, so the illness is prevented or made mild. Remember it like: a vaccine is a practice test for your immunity.	NCERT textbook, Class XII Biology, Human Health and Disease; https://en.wikipedia.org/wiki/Vaccine	V1
152	(a) Both A and R are true and R is the correct explanation of A	Light	Twinkling is caused by atmospheric refraction of the light from a point-like star. Remember it like: stars = tiny dots that wobble, planets = small discs that stay steady.	NCERT textbook, Class X Science, Human Eye and the Colourful World; https://en.wikipedia.org/wiki/Twinkling	V1
153	(b) Both A and R are true but R is not the correct explanation of A	Metals	Both are true, but malleability and ductility do not explain conductivity, which comes from free electrons in the metal. Remember it like: free electrons make a current, shape has nothing to do with it.	NCERT textbook, Class X Science, Metals and Non-metals; https://en.wikipedia.org/wiki/Electrical_conductor	V1
154	(a) Both A and R are true and R is	Metals	Kerosene cuts off air and water, so the soft, shiny metal does not catch fire. Remember it like:	NCERT textbook, Class X Science, Metals and Non-	V1

Q	Ans	Tag	Explanation	Sources	Status
	the correct explanation of A		sodium sleeps under kerosene, awake it will fight water.	metals; https://en.wikipedia.org/wiki/Sodium	
155	(d) A is false but R is true	Plants	Mature xylem vessels are dead and hollow tubes. Water moves up mainly through transpiration pull and root pressure, with cohesion of water molecules. Remember it like: the xylem pipe is dead, but the sun-powered straw works.	NCERT textbook, Class XI Biology, Transport in Plants; https://en.wikipedia.org/wiki/Xylem; https://en.wikipedia.org/wiki/Transpiration	V1
156	(c) A is true but R is false	Human body	Insulin is secreted by the beta cells of the islets of Langerhans in the pancreas. The thyroid secretes thyroxine. Remember it like: Pancreas = Producer of Insulin, Thyroid = Thyroxine.	NCERT textbook, Class X Science, Control and Coordination; https://en.wikipedia.org/wiki/Diabetes	V1
157	(a) B - D - C - A	Space	Aryabhata flew on 19 April 1975, Chandrayaan-1 on 22 October 2008, MOM on 5 November 2013 and Chandrayaan-3 on 14 July 2023. Remember it like: 75, 08, 13, 23, one Mars hop in between two Moon trips.	https://en.wikipedia.org/wiki/Aryabhata_(satellite); https://en.wikipedia.org/wiki/Chandrayaan-1; https://en.wikipedia.org/wiki/Mars_Orbiter_Mission; https://en.wikipedia.org/wiki/Chandrayaan-3	V1
158	(b) D - C - A - B	Health	Fleming's mould observation was in 1928, Watson and Crick in 1953, Dolly was born in 1996 and the CRISPR Nobel was in 2020. Remember it like: antibiotic, double helix, clone, scissors.	https://en.wikipedia.org/wiki/Penicillin; https://en.wikipedia.org/wiki/Nucleic_acid_double_helix; https://en.wikipedia.org/wiki/Dolly_(sheep); https://www.nobelprize.org/prizes/chemistry/2020/press-release/	V1

Recap: five things to carry into the hall

1. **Heat travels three ways;** radiation alone needs no medium. Motor = Fleming's left-hand rule, generator = right-hand rule.
2. **Blood loop:** the pulmonary artery carries deoxygenated blood, the pulmonary vein oxygenated. Photosynthesis: light reaction in the grana, Calvin cycle in the stroma, oxygen from water.
3. **Nobel 2026:** Physics (IceCube), Chemistry (Kagan and Soai, asymmetric synthesis), Medicine (Deisseroth, Hegemann and Nagel, optogenetics).
4. **ISRO:** Aryabhata 1975, MOM orbit 24 September 2014, Chandrayaan-3 14 July 2023 on LVM3, SpaDeX docking 16 January 2025, NISAR on GSLV-F16.
5. **Outlays:** National Quantum Mission about ₹6,004 crore, IndiaAI about ₹10,372 crore, Semicon India about ₹76,000 crore.

Next up: Bank 8 is **Environment**, the last bank in the library. Cliffhanger: the coffee hills of **Kodagu and Chikkamagaluru** are part of a mountain chain whose parts UNESCO inscribed in **2012**, and the same chain shares a global biodiversity hotspot with a neighbouring island. **Which chain, and which island?** (The answer is inside, with the official source.)

Environment and Ecology Question Bank

Status: PREDICTED / PRACTICE questions written fresh for the KAS (KPSC Gazetted Probationers 2026-27) Prelims. Not copied from any past paper. Not leaked. Prepared 27-10-2026 IST.

Fresh practice questions on ecology, biodiversity, protected areas, climate change and conventions, pollution, environmental laws and Karnataka environment (Paper II), with current affairs to November 2026.

154 questions. Marks: +2 right, -0.5 wrong (0.25 of the marks), 0 blank. Suggested time: 185 minutes at exam pace (72 seconds per question).

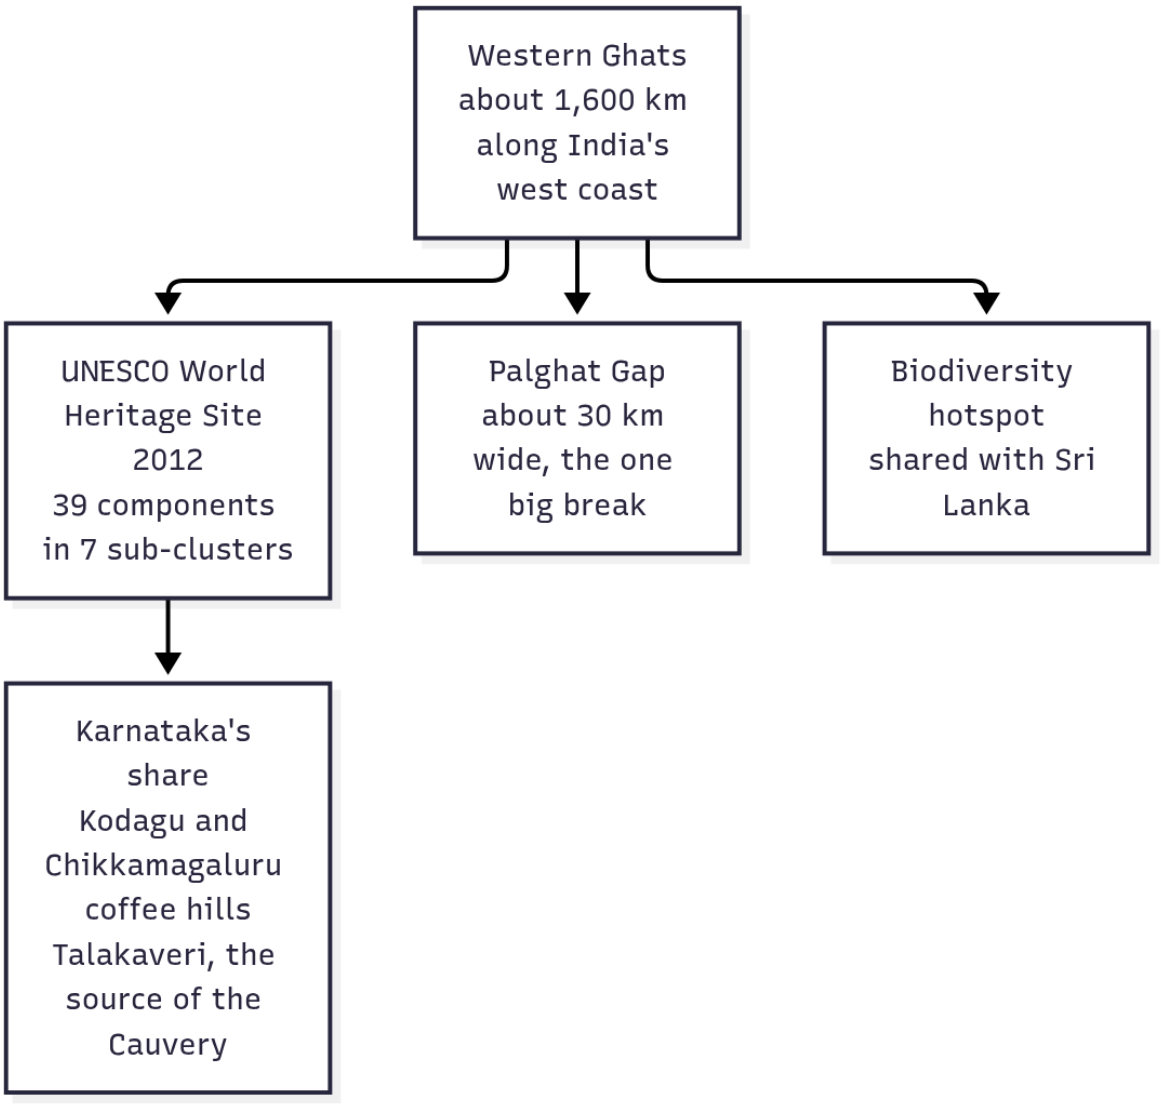

Style mix: Direct 83; Statement 31; Match the following 19; Assertion-Reason 13; Chronology 8

Status codes: R = standard reference (textbook / Constitution / Gazetteer / official publication) cited and hand-reviewed, page not re-opened live; V1 = one live page opened and the keyed fact seen; V = two sources incl. an official one opened; C = computed and solved twice by independent methods.

Topic tags (count): Laws 10; Climate action 9; Western Ghats 8; Conventions 8; Air quality 8; Protected areas 6; COP 6; IUCN 5; Species 5; Programmes 5; Tiger reserves 5; Climate treaties 5; Biogeochemical cycles 4; Hotspots 4; Rivers 4; Energy 4; Energy flow 3; Succession 3; Interactions 3; Ecosystem types 3; Threats 3; Movements 3; Ramsar 3; Greenhouse gases 3; Pyramids 2; Food chains 2; Decomposition 2; Ecosystem services 2; Keystone 2; Biomagnification 2; Eutrophication 2; Conservation methods 2; Patterns 2; Wetlands 2; Constitution 2; Oceans 2; Waste 2; Niche 1; Ecotone 1; Milestones 1; Sacred groves 1; Symbols 1; Institutions 1; Days 1; Forests 1

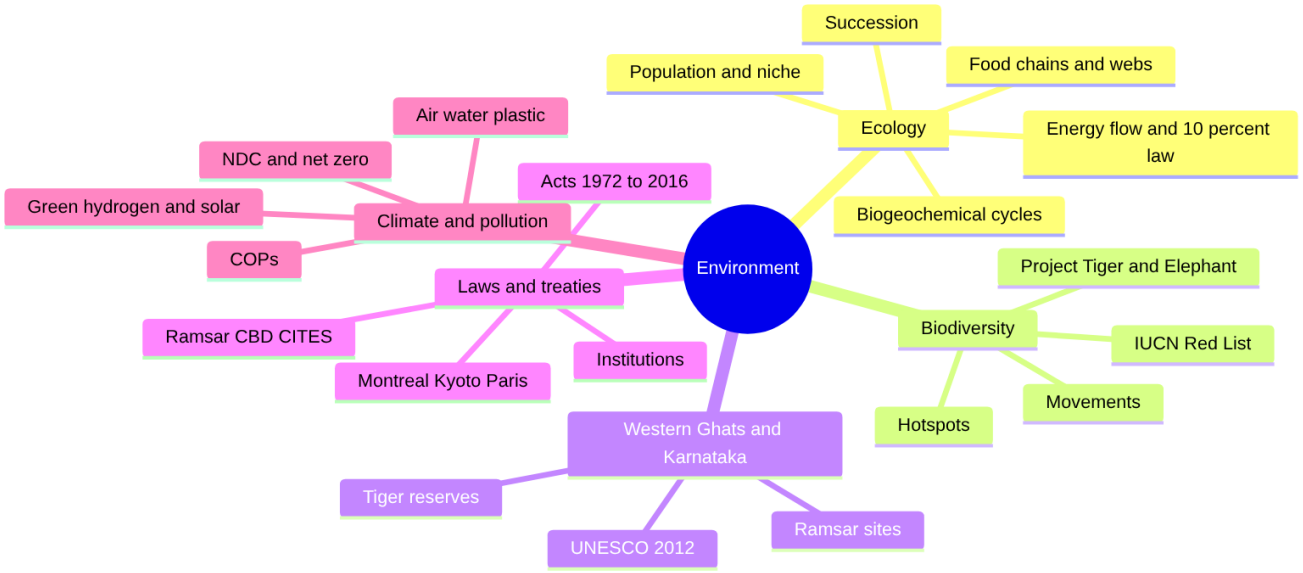

Bank 8 of 8 100% of the question-bank library done

Last bank's cliffhanger, answered: the coffee hills of Kodagu and Chikkamagaluru belong to the **Western Ghats**, which UNESCO inscribed as a World Heritage Site in **2012** (39 components grouped into 7 sub-clusters). The chain shares a global biodiversity hotspot with the island of **Sri Lanka**, and UNESCO itself calls the two the world's "hottest hotspots" together.

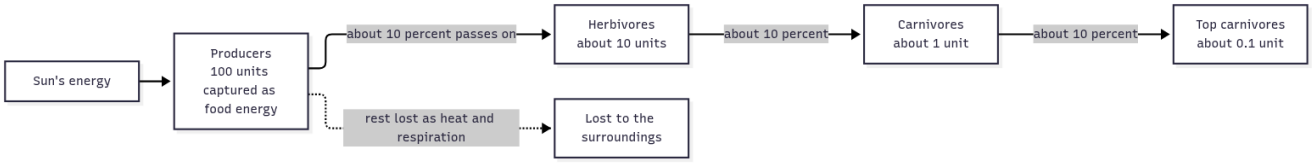

Warm-up: environment as the sambar pot of your PG

A sambar pot is an ecosystem. The sun-ripened vegetables are **producers**, you are a **consumer**, the leftover peel in the compost is food for **decomposers**, and almost all the energy gets lost as the heat rising from the stove. Learn the pot and you have learnt **ecology**; then the syllabus only adds **biodiversity**, the **Western Ghats and Karnataka**, the **laws and treaties** and the **climate-and-pollution news**.

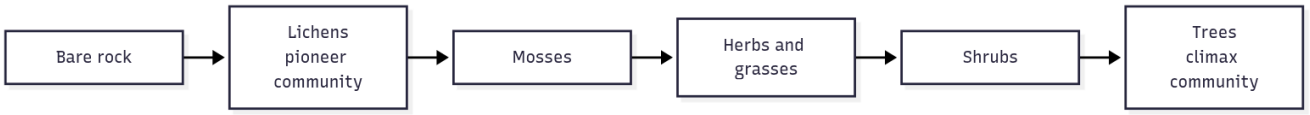

Exploded view: why a food chain has so few steps

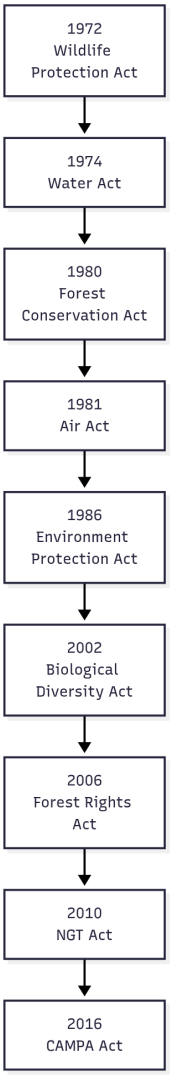

> **Remember it like: 10 percent passes on, 90 percent is spent** (as heat, movement and waste). That is why a tiger is rarer than a deer, and a deer rarer than grass.
>
> **Common trap:** the ten percent law is about **energy**, not about number of animals or body mass, and it is an approximation.

Exploded view: succession from bare rock to forest

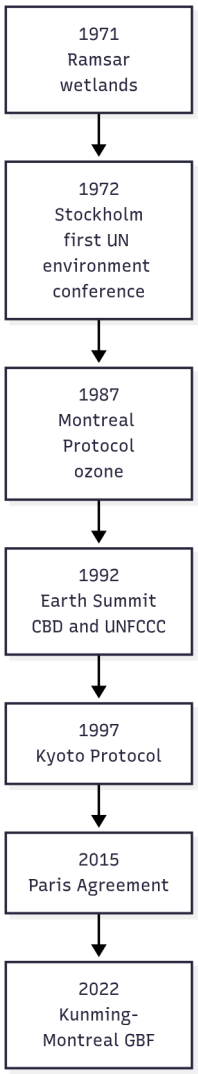

> **Remember it like: Lichens Make Happy Soil Then Trees**: Lichens, Mosses, Herbs, Shrubs, Trees. Lichens are the pioneers, the forest is the climax.
>
> **Common trap:** a bare-rock succession is **primary** succession (no soil to start with); the regrowth after a forest fire or a flood is **secondary** succession, which is faster because the soil is already there.

Exploded view: India's environment laws in one line

> **Remember it like: 72-74-80-81-86**: Wildlife, Water, Forest, Air, Environment. Then **2002** biodiversity, **2006** forest rights, **2010** the Tribunal, **2016** CAMPA.
>
> **Common trap:** the Water Act (1974) came **before** the Air Act (1981), and the Forest Conservation Act (1980) sits between them.

Exploded view: the treaty ladder

Remember it like: Ramsar, Stockholm, Montreal, Rio, Kyoto, Paris, Kunming-Montreal: wetlands, the first UN conference, ozone, the Earth Summit (with the CBD and the UNFCCC), the first binding climate targets, today's climate pact, and the biodiversity framework.

Common trap: the Montreal **Protocol** is about the ozone layer (1987); the Kunming-**Montreal** Framework is about biodiversity (2022).

Mnemonics (silly on purpose, so they stick)

What	Hook	Facts it encodes
Ten percent law	**Ten passes, ninety pays**	Only about a tenth of energy moves to the next level
Succession	**Lichens Make Happy Soil Then Trees**	Lichens, mosses, herbs, shrubs, trees
Core Indian acts	**72-74-80-81-86**	WPA, Water, Forest Conservation, Air, Environment Protection
Treaty ladder	**Ramsar, Stock, Mont, Rio, Kyo, Paris**	1971, 1972, 1987, 1992, 1997, 2015
NDC ladder	**33-35, 45, 47**	Emissions-intensity cuts in the 2015, 2022 and 2031-35 NDCs

Current affairs, explained like a friend (the exam is on 15 November, so read this one)

India's climate targets: why, how, has it happened before?

- **Why:** the Paris Agreement asks every country to refresh its Nationally Determined Contribution (NDC) every five years, and each new one must be stronger than the last.
- **How:** the Union Cabinet approved India's **NDC for 2031 to 2035** in March 2026. India commits to cut the **emissions intensity of its GDP by 47 per cent by 2035 from the 2005 level** and to reach **60 per cent non-fossil installed power capacity** by 2035. Net zero by 2070 stays.
- **Has it happened before?** Yes. The 2015 NDC promised a 33-35 per cent intensity cut and 40 per cent non-fossil capacity; the August 2022 update raised these to 45 and 50 per cent. India reached the 50 per cent non-fossil capacity milestone in 2025, ahead of its 2030 goal.
- **How it is asked:** a statement question with the percentage and the base year (always 2005), or a match of NDC year with target.

Ramsar sites: India's wetland count (PIB, 25 October 2026):

- **Why it matters:** the Commission loves "how many" and "which State has the most" in wetland questions.
- **How:** PIB's backgrounder says India has **103 Ramsar sites** (it was 26 in 2014), the third-highest in the world after two other countries, with **Tamil Nadu (20)** and **Uttar Pradesh (14)** leading. Karnataka has **4**: Ranganathittu, Aghanashini Estuary, Magadi Kere Conservation Reserve and Ankasamudra Bird Conservation Reserve.
- **Has it happened before?** The first two Indian sites were Chilika and Keoladeo in 1981.
- **How it is asked:** the count for Karnataka, the State with the most sites, or a match of site with district.

COP31 (Antalya, 9 to 20 November 2026):

- **Why it matters:** the conference starts days before your exam, so the examiner can ask where it is held but not what it decides.
- **How:** Turkiye hosts and chairs it, with Australia presiding over the negotiations; COP30 was at Belem, Brazil in November 2025, and COP28 in Dubai was the first to mention a shift away from fossil fuels.
- **How it is asked:** a match of COP with host city.

> **Peak fact:** Chilika and Keoladeo were India's first two Ramsar sites (1981), and Chilika was taken off the Montreux Record (the list of sites facing ecological damage) in 2002. The examiner likes this pair: one coastal lagoon in Odisha, one inland wetland in Rajasthan.

Questions

Q1. [Energy flow | Direct] According to the ten percent law of energy transfer in a food chain, roughly what fraction of energy is passed from one trophic level to the next?

- (a) About 25 per cent
- (b) About 10 per cent
- (c) About 1 per cent
- (d) About 50 per cent

Q2. [Energy flow | Direct] Net primary productivity of an ecosystem is best described as

- (a) the total energy absorbed by chlorophyll
- (b) gross primary productivity minus the energy lost in plant respiration
- (c) the biomass eaten by herbivores per year
- (d) the number of producers per unit area

Q3. [Energy flow | Statement (which)] With reference to energy flow in ecosystems, consider the following statements:

1. Energy flow in an ecosystem is unidirectional.
2. Nutrients cycle within an ecosystem, whereas energy does not.
3. The pyramid of energy can be inverted in a stable ecosystem.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q4. [Pyramids | Statement (how many)] With reference to ecological pyramids, consider the following statements:

1. The pyramid of numbers in a tree ecosystem (trees, insects, birds) can be inverted.
2. The pyramid of biomass in a sea ecosystem can be inverted.
3. The pyramid of energy is always upright.
4. In a grassland ecosystem the pyramid of numbers is inverted.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q5. [Pyramids | Assertion-Reason]
Assertion (A): The pyramid of energy is always upright in every ecosystem.

Reason (R): Energy is lost as heat at each trophic level during respiration and other processes.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q6. [Food chains | Direct] In a terrestrial ecosystem, which of these food chains generally handles the larger flow of energy?

- (a) The marine chain
- (b) The detritus food chain
- (c) The parasitic food chain
- (d) The grazing food chain

Q7. [Food chains | Chronology] Arrange the following organisms in a grazing food chain, from the first trophic level upwards.

A. Snake
B. Frog
C. Grasshopper
D. Grass

- (a) B - A - C - D
- (b) A - C - B - D
- (c) C - B - D - A
- (d) D - C - B - A

Q8. [Decomposition | Match the following] Match the step of decomposition with what happens in it.

List I	List II
A. Fragmentation	1. Humus is degraded to release inorganic nutrients
B. Leaching	2. Detritivores break detritus into smaller particles
C. Humification	3. Water-soluble nutrients move down into the soil
D. Mineralisation	4. Formation of dark amorphous humus

- (a) A-2, B-4, C-3, D-1
- (b) A-2, B-3, C-4, D-1

- (c) A-1, B-3, C-4, D-2
- (d) A-1, B-2, C-4, D-3

Q9. [Decomposition | Direct] Which of the following slows down the rate of decomposition?

- (a) Abundant detritivores
- (b) Detritus rich in nitrogen and water-soluble sugars
- (c) Warm and moist conditions
- (d) Low temperature and anaerobic conditions

Q10. [Biogeochemical cycles | Direct] Which of the following biogeochemical cycles has no significant gaseous or atmospheric phase?

- (a) Nitrogen cycle
- (b) Phosphorus cycle
- (c) Carbon cycle
- (d) Water cycle

Q11. [Biogeochemical cycles | Match the following] Match the nitrogen-cycle process with the organism that performs it.

List I	List II
A. Symbiotic nitrogen fixation in legume roots	1. Azotobacter
B. Nitrification of nitrite to nitrate	2. Nitrobacter
C. Nitrification of ammonia to nitrite	3. Nitrosomonas
D. Free-living nitrogen fixation in soil	4. Rhizobium

- (a) A-2, B-4, C-3, D-1
- (b) A-4, B-2, C-3, D-1
- (c) A-1, B-4, C-3, D-2
- (d) A-2, B-1, C-3, D-4

Q12. [Biogeochemical cycles | Statement (which)] With reference to the nitrogen cycle, consider the following statements:

1. Denitrification returns nitrogen to the atmosphere as gas.
2. Cyanobacteria such as Anabaena and Nostoc can fix atmospheric nitrogen.
3. Nitrobacter converts ammonia directly into nitrate.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q13. [Biogeochemical cycles | Direct] Which one of the following is the main process that removes carbon dioxide from the atmosphere into living matter?

- (a) Combustion
- (b) Decomposition
- (c) Respiration
- (d) Photosynthesis

Q14. [Succession | Direct] Which of the following is a pioneer community on a bare rock in a primary xerarch succession?

- (a) Shrubs
- (b) Trees
- (c) Mosses
- (d) Lichens

Q15. [Succession | Chronology] Arrange the following stages of hydrarch (water to land) succession in the usual sequence, earliest first.

A. Reed swamp
B. Forest
C. Phytoplankton
D. Submerged rooted plants

- (a) B - D - A - C
- (b) C - D - A - B
- (c) C - A - D - B
- (d) B - C - D - A

Q16. [Succession | Assertion-Reason]
Assertion (A): Hydrarch and xerarch successions both converge towards a similar mesic climax community in a given climate.

Reason (R): The climax community in an area is determined mainly by the regional climate.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q17. [Interactions | Match the following] Match the species interaction with an example.

List I	List II
A. Mutualism	1. Orchid growing on a mango branch
B. Commensalism	2. Cuckoo laying eggs in a crow's nest
C. Brood parasitism	3. Penicillium inhibiting nearby bacteria
D. Amensalism	4. Lichen of a fungus and an alga

- (a) A-4, B-3, C-1, D-2
- (b) A-3, B-1, C-2, D-4
- (c) A-1, B-3, C-2, D-4
- (d) A-4, B-1, C-2, D-3

Q18. [Interactions | Statement (how many)] With reference to interactions between species, consider the following statements:

1. Mycorrhiza is a mutualistic association between a fungus and the roots of a plant.
2. Barnacles growing on the back of a whale is an example of commensalism.
3. Competition between two species always eliminates one of them.
4. The cuckoo lays eggs in the nest of another bird, which is an example of brood parasitism.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q19. [Interactions | Direct] The principle that two closely related species competing for the same limited resources cannot coexist indefinitely is called

- (a) Lindeman's law
- (b) Gause's competitive exclusion principle
- (c) Allen's rule
- (d) Bergmann's rule

Q20. [Niche | Direct] The functional role and position of a species in its habitat, including what it eats and how it interacts, is called its

- (a) habitat
- (b) ecotone

- (c) biome
- (d) ecological niche

Q21. [Ecotone | Statement (which)] With reference to ecotones, consider the following statements:

1. An ecotone is a transition zone between two biological communities.
2. The edge effect refers to the greater species diversity often seen in an ecotone.
3. An ecotone contains only the species of one of the adjoining communities.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q22. [Ecosystem services | Match the following] Match the ecosystem service category with an example.

List I	List II
A. Provisioning	1. Spiritual and recreational value of a sacred grove
B. Regulating	2. Nutrient cycling and soil formation
C. Cultural	3. Flood control by wetlands
D. Supporting	4. Timber and fresh water

- (a) A-4, B-1, C-3, D-2
- (b) A-4, B-3, C-1, D-2
- (c) A-3, B-2, C-1, D-4
- (d) A-2, B-4, C-1, D-3

Q23. [Ecosystem services | Assertion-Reason]
Assertion (A): Wetlands such as mangroves and marshes are valuable in reducing the impact of floods and storm surges.

Reason (R): Wetlands act as natural sponges that absorb and slowly release excess water and buffer wave energy.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q24. [Keystone | Direct] A keystone species is one that

- (a) is the most abundant species in an area
- (b) is the largest animal in a community
- (c) is found nowhere else on Earth
- (d) has a disproportionately large effect on its ecosystem relative to its abundance

Q25. [Keystone | Direct] In the classic study by Robert Paine, the removal of which predator caused a sharp drop in species diversity in the rocky intertidal zone?

- (a) The sea otter
- (b) The grey wolf
- (c) The sea star Pisaster
- (d) The African elephant

Q26. [Biomagnification | Direct] Biomagnification refers to

- (a) the rise in temperature of a lake
- (b) the increase in concentration of a persistent toxic substance at successive trophic levels
- (c) the growth of algal blooms
- (d) the increase in the number of predators

Q27. [Biomagnification | Assertion-Reason]
Assertion (A): Fish-eating birds are more affected by DDT than the small fish on which they feed.

Reason (R): DDT undergoes biomagnification and, in birds, interferes with calcium metabolism, causing thinning of eggshells.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q28. [Eutrophication | Direct] Excess nutrients such as nitrates and phosphates in a lake causing an algal bloom and oxygen depletion is called

- (a) bioremediation
- (b) succession
- (c) biomagnification
- (d) eutrophication

Q29. [Eutrophication | Statement (which)] With reference to biochemical oxygen demand (BOD), consider the following statements:

1. BOD is the amount of dissolved oxygen needed by microorganisms to break down organic matter in water.
2. A higher BOD indicates more organic pollution in the water.
3. Clean drinking water generally has a very high BOD.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q30. [Ecosystem types | Direct] Which of the following is the most productive ecosystem per unit area among the options?

- (a) Tundra
- (b) Estuaries and mangroves
- (c) Open ocean
- (d) Deserts

Q31. [Ecosystem types | Direct] Which of the following is a biotic component of an ecosystem?

- (a) Wind
- (b) Sunlight
- (c) Decomposers
- (d) Soil moisture

Q32. [Ecosystem types | Assertion-Reason]
Assertion (A): Coral reefs are found mainly in warm, clear, shallow tropical waters.

Reason (R): Corals contain symbiotic algae called zooxanthellae that need sunlight for photosynthesis.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q33. [Hotspots | Direct] To qualify as a biodiversity hotspot under the criteria popularised by Norman Myers and Conservation International, a region must have lost at least what share of its original habitat?

- (a) 90 per cent
- (b) 70 per cent

- (c) 50 per cent
- (d) 30 per cent

Q34. [Hotspots | Direct] Which of the following biodiversity hotspots includes both a mountain range of peninsular India and a neighbouring island nation?

- (a) Sundaland
- (b) Indo-Burma
- (c) Himalaya
- (d) Western Ghats and Sri Lanka

Q35. [Hotspots | Statement (which)] With reference to biodiversity hotspots, consider the following statements:

1. The concept was introduced by Norman Myers in 1988.
2. The Himalaya and Indo-Burma are among the hotspots that include parts of India.
3. The Cape Floristic Region is a hotspot located in India.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q36. [Hotspots | Assertion-Reason]
Assertion (A): The Western Ghats and Sri Lanka are together treated as a single biodiversity hotspot.

Reason (R): The two regions share many endemic species and a common biogeographic origin.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q37. [IUCN | Chronology] Arrange the following IUCN Red List categories in order of increasing extinction risk (lowest risk first).

A. Vulnerable
B. Least Concern
C. Endangered
D. Near Threatened

- (a) C - D - A - B
- (b) D - A - C - B
- (c) B - D - A - C
- (d) C - B - D - A

Q38. [IUCN | Match the following] Match the species with its IUCN Red List category as given on its Wikipedia species page.

List I	List II
A. Great Indian bustard	1. Vulnerable
B. Lion-tailed macaque	2. Critically Endangered
C. Snow leopard	3. Endangered
D. Painted stork	4. Near Threatened

- (a) A-3, B-2, C-1, D-4
- (b) A-2, B-1, C-4, D-3
- (c) A-3, B-1, C-2, D-4
- (d) A-2, B-3, C-1, D-4

Q39. [IUCN | Direct] The Great Indian bustard is a critically endangered bird found mainly in which State?

- (a) Punjab
- (b) Rajasthan
- (c) Kerala
- (d) Assam

Q40. [IUCN | Direct] The Ganges river dolphin was declared the National Aquatic Animal of India in which year?

- (a) 2012
- (b) 1973
- (c) 2009
- (d) 1992

Q41. [IUCN | Direct] The Gharial is a fish-eating crocodilian best known from which river system?

- (a) Narmada
- (b) Krishna
- (c) Cauvery
- (d) Chambal

Q42. [Species | Direct] Eravikulam National Park, the main stronghold of an endemic mountain goat, lies in which hill range?

- (a) Vindhya
- (b) Western Ghats
- (c) Satpura
- (d) Eastern Ghats

Q43. [Species | Direct] Which of these birds is the tallest flying bird in the world and is found in India?

- (a) Indian peafowl
- (b) Greater flamingo
- (c) Sarus crane
- (d) Great hornbill

Q44. [Species | Match the following] Match the National Park with its flagship species.

List I	List II
A. Kaziranga	1. One-horned rhinoceros
B. Gir	2. Nilgiri tahr
C. Keoladeo	3. Wetland bird habitat at Bharatpur in Rajasthan
D. Eravikulam	4. Asiatic lion

- (a) A-1, B-3, C-4, D-2
- (b) A-2, B-4, C-1, D-3
- (c) A-1, B-4, C-3, D-2
- (d) A-4, B-1, C-3, D-2

Q45. [Species | Statement (how many)] With reference to threatened species of India, consider the following statements:

1. The Gharial is listed as Critically Endangered on the IUCN Red List.
2. The Asiatic lion is found in the wild only in Gujarat.
3. The snow leopard is listed as Critically Endangered by the IUCN.
4. The Great Indian bustard is protected under the Wildlife (Protection) Act, 1972.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q46. [Species | Assertion-Reason]
Assertion (A): The Nilgiri tahr is found only in a limited high-altitude grassland habitat in the southern Western Ghats.

Reason (R): It is endemic to the Nilgiri and Anamalai hills.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q47. [Programmes | Direct] Project Tiger was launched in which year?

- (a) 1992
- (b) 1952
- (c) 1984
- (d) 1973

Q48. [Programmes | Direct] Project Elephant was launched by the Government of India in which year?

- (a) 1980
- (b) 1992
- (c) 2002
- (d) 1973

Q49. [Programmes | Direct] Cheetahs were declared extinct in India in which year, before their reintroduction project began at Kuno in 2022?

- (a) 1972
- (b) 1952
- (c) 1920
- (d) 1992

Q50. [Programmes | Statement (which)] With reference to the cheetah reintroduction in India, consider the following statements:

1. The cheetah was declared extinct in India in 1952.
2. The first cheetahs of the project were translocated on 17 September 2022.
3. The first cheetahs were released into Gir National Park in Gujarat.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q51. [Programmes | Match the following] Match the conservation programme with its year of launch.

List I	List II
A. Project Tiger	1. 1973
B. Project Elephant	2. 1980
C. Wildlife (Protection) Act	3. 1972
D. Forest (Conservation) Act	4. 1992

- (a) A-4, B-1, C-3, D-2
- (b) A-3, B-1, C-4, D-2
- (c) A-1, B-4, C-3, D-2
- (d) A-1, B-3, C-2, D-4

Q52. [Conservation methods | Match the following] Match the conservation approach with an example.

List I	List II
A. In situ	1. Zoological parks and botanical gardens
B. Ex situ	2. Sacred groves
C. Ex situ (genetic)	3. National parks and sanctuaries
D. In situ (community)	4. Seed banks and cryopreservation

- (a) A-4, B-1, C-3, D-2
- (b) A-2, B-1, C-3, D-4
- (c) A-4, B-1, C-2, D-3
- (d) A-3, B-1, C-4, D-2

Q53. [Conservation methods | Statement (which)] With reference to conservation of biodiversity, consider the following statements:

1. Botanical gardens and zoological parks are examples of ex situ conservation.
2. National parks and biosphere reserves are examples of in situ conservation.
3. Seed banks and cryopreservation are in situ conservation methods.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q54. [Threats | Direct] Identify the factor that NCERT does not list among the four causes of biodiversity loss called the 'Evil Quartet'.

- (a) Over-exploitation
- (b) Climate migration
- (c) Habitat loss and fragmentation
- (d) Alien species invasions

Q55. [Threats | Match the following] Match the invasive alien species with the place or situation associated with it.

List I	List II
A. Water hyacinth (Eichhornia)	1. Invades forest understorey in India
B. Lantana camara	2. Lake Victoria fish extinctions
C. Parthenium	3. Congress grass weed
D. Nile perch	4. Clogs Indian ponds and lakes

- (a) A-3, B-1, C-2, D-4
- (b) A-3, B-1, C-4, D-2
- (c) A-2, B-1, C-4, D-3
- (d) A-4, B-1, C-3, D-2

Q56. [Threats | Assertion-Reason]
Assertion (A): Alien invasive species are a major threat to native biodiversity.

Reason (R): Alien species often lack natural predators in the new area and outcompete native species.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q57. [Patterns | Direct] The species-area relationship, which gives a straight line on a log-log scale, was first described by

- (a) Arthur Tansley

- (b) Ernst Haeckel
- (c) Alexander von Humboldt
- (d) Charles Darwin

Q58. [Patterns | Statement (which)] With reference to patterns of biodiversity, consider the following statements:

1. Species diversity generally increases from the poles towards the equator.
2. The tropics have more species partly because they have had a longer, undisturbed evolutionary time.
3. Species richness on a log scale rises with area in a straight-line relationship.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q59. [Movements | Match the following] Match the environmental movement with its place or area.

List I	List II
A. Chipko	1. Kerala
B. Appiko	2. Uttara Kannada in the Western Ghats
C. Silent Valley	3. Marwar (Jodhpur) region of Rajasthan
D. Khejarli	4. Uttarakhand (then Uttar Pradesh) hills

- (a) A-1, B-2, C-3, D-4
- (b) A-4, B-3, C-1, D-2
- (c) A-3, B-2, C-4, D-1
- (d) A-4, B-2, C-1, D-3

Q60. [Movements | Direct] The 1730 Khejarli massacre, in which Bishnoi villagers died protecting trees, took place in which present-day State?

- (a) Karnataka
- (b) Rajasthan
- (c) Uttarakhand
- (d) Kerala

Q61. [Movements | Direct] The Chipko movement, which began in 1973, was mainly associated with the protection of forests in which Himalayan region?

- (a) Sikkim
- (b) Arunachal
- (c) Garhwal
- (d) Kashmir Valley

Q62. [Western Ghats | Direct] In which year did UNESCO inscribe the Western Ghats on the World Heritage List?

- (a) 2016
- (b) 2012
- (c) 2006
- (d) 1999

Q63. [Western Ghats | Statement (how many)] With reference to the Western Ghats as a UNESCO World Heritage property, consider the following statements:

1. The property consists of 39 component parts.
2. The component parts are grouped into 7 sub-clusters.
3. It was inscribed under natural criteria (ix) and (x).
4. The Ghats run for about 1,600 km along the western coast of India.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q64. [Western Ghats | Direct] Which gap, about 30 km wide, is the only major break in the continuity of the Western Ghats?

- (a) Bhor Ghat
- (b) Thal Ghat
- (c) Palghat Gap
- (d) Goa Gap

Q65. [Western Ghats | Direct] The highest peak of the Western Ghats, at about 2,695 m, lies in Eravikulam National Park in which State?

- (a) Karnataka
- (b) Tamil Nadu
- (c) Maharashtra
- (d) Kerala

Q66. [Western Ghats | Statement (which)] With reference to the Western Ghats, consider the following statements:

1. The Western Ghats traverse the States of Gujarat, Maharashtra, Goa, Karnataka, Kerala and Tamil Nadu.
2. The Western Ghats are a biodiversity hotspot.
3. They run parallel to the eastern coast of India.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q67. [Western Ghats | Direct] The Western Ghats Ecology Expert Panel, which submitted its report in August 2011, was chaired by

- (a) Salim Ali
- (b) Madhav Gadgil
- (c) K. Kasturirangan
- (d) M. S. Swaminathan

Q68. [Western Ghats | Statement (which)] With reference to the committees on the Western Ghats, consider the following statements:

1. The Gadgil panel's report was submitted on 31 August 2011.
2. The Kasturirangan report sought to bring about 37 per cent of the Western Ghats under the Ecologically Sensitive Area zones.
3. The Kasturirangan report proposed to bring the whole Western Ghats under ecologically sensitive zones.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q69. [Western Ghats | Assertion-Reason]
Assertion (A): The Kasturirangan report reduced the area proposed as ecologically sensitive in the Western Ghats compared with the Gadgil report.

Reason (R): It proposed that about 37 per cent of the Western Ghats be ecologically sensitive, down from about 64 per cent in the earlier report.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q70. [Rivers | Direct] The Cauvery originates at Talakaveri in the Western Ghats of which Karnataka district?

- (a) Chikkamagaluru
- (b) Shivamogga
- (c) Kodagu
- (d) Uttara Kannada

Q71. [Rivers | Direct] Jog Falls, one of the highest waterfalls in India, is formed by which river?

- (a) Cauvery
- (b) Netravati
- (c) Tungabhadra
- (d) Sharavati

Q72. [Rivers | Direct] The Supa Dam at Ganeshgudi is built across which river of Karnataka?

- (a) Sharavati
- (b) Kali
- (c) Netravati
- (d) Aghanashini

Q73. [Tiger reserves | Direct] Which of these tiger reserves of Karnataka is in Uttara Kannada district and is known for black panthers?

- (a) Nagarhole
- (b) Bandipur
- (c) Bhadra
- (d) Kali (Anshi-Dandeli)

Q74. [Tiger reserves | Statement (which)] With reference to tiger reserves in Karnataka, consider the following statements:

1. The Kabini reservoir separates Nagarhole National Park from Bandipur National Park.
2. Bhadra Wildlife Sanctuary is a tiger reserve in Chikkamagaluru district.
3. Biligiriranga Hills is a tiger reserve of Uttara Kannada district.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q75. [Tiger reserves | Direct] The Biligiriranga Hills, a tiger reserve of Karnataka, are inhabited by which indigenous tribe?

- (a) Jenu Kuruba
- (b) Irula
- (c) Soliga
- (d) Toda

Q76. [Tiger reserves | Direct] According to the 2022 tiger estimate, which State had the second-highest tiger population after Madhya Pradesh?

- (a) Maharashtra
- (b) Tamil Nadu
- (c) Karnataka

- (d) Uttarakhand

Q77. [Tiger reserves | Match the following] Match the tiger reserve or sanctuary of Karnataka with its district.

List I	List II
A. Bhadra	1. Ballari
B. Brahmagiri	2. Chikkamagaluru
C. Daroji sloth bear sanctuary	3. Kodagu
D. Mookambika	4. Udupi

- (a) A-1, B-3, C-2, D-4
- (b) A-3, B-1, C-2, D-4
- (c) A-2, B-1, C-4, D-3
- (d) A-2, B-3, C-1, D-4

Q78. [Protected areas | Direct] India's first biosphere reserve, designated in 1986, spreads over Tamil Nadu, Kerala and which other State?

- (a) Goa
- (b) Karnataka
- (c) Andhra Pradesh
- (d) Maharashtra

Q79. [Protected areas | Statement (which)] With reference to the Nilgiri Biosphere Reserve, consider the following statements:

1. It was established in 1986 as India's first biosphere reserve.
2. Nagarhole and Bandipur in Karnataka are part of it.
3. Eravikulam National Park in the Anamalai hills is part of it.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q80. [Protected areas | Direct] Kudremukh National Park, named after a horse-face shaped peak, is located in which Karnataka district?

- (a) Mysuru
- (b) Chikkamagaluru
- (c) Kodagu
- (d) Hassan

Q81. [Protected areas | Direct] The Sharavathi Valley Wildlife Sanctuary is known as a refuge for which endangered primate?

- (a) Slender loris
- (b) Hanuman langur
- (c) Bonnet macaque
- (d) Lion-tailed macaque

Q82. [Protected areas | Match the following] Match the protected area of Karnataka with the species or feature it is known for.

List I	List II
A. Daroji	1. Sloth bear
B. Kokkare Bellur	2. Mekedatu and Sangam
C. Agumbe	3. King cobra research station

List I	List II
D. Cauvery Wildlife Sanctuary	4. Spot-billed pelicans and painted storks

- (a) A-4, B-2, C-3, D-1
- (b) A-3, B-1, C-4, D-2
- (c) A-1, B-4, C-3, D-2
- (d) A-2, B-1, C-3, D-4

Q83. [Protected areas | Statement (how many)] With reference to protected areas of Karnataka, consider the following statements:

1. Ranganathittu Bird Sanctuary is in Mandya district.
2. Kokkare Bellur is known for spot-billed pelicans and painted storks.
3. Daroji Sloth Bear Sanctuary is in Ballari district.
4. Gudavi Bird Sanctuary is in Dakshina Kannada district.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q84. [Wetlands | Direct] How many Ramsar sites does Karnataka have, according to the PIB backgrounder of 25 October 2026?

- (a) Eight
- (b) Four
- (c) Two
- (d) Six

Q85. [Wetlands | Match the following] Match the Ramsar site of Karnataka with its description.

List I	List II
A. Ranganathittu Bird Sanctuary	1. Winter home of bar-headed geese
B. Aghanashini Estuary	2. Formed where the Aghanashini river meets the Arabian Sea
C. Magadi Kere Conservation Reserve	3. Located in Mandya district, designated in February 2022
D. Ankasamudra Bird Conservation Reserve	4. Village irrigation tank with painted storks

- (a) A-3, B-4, C-1, D-2
- (b) A-3, B-2, C-4, D-1
- (c) A-2, B-4, C-1, D-3
- (d) A-3, B-2, C-1, D-4

Q86. [Milestones | Chronology] Arrange the following conservation milestones in chronological order (earliest first).

A. Project Tiger launched
B. Khejarli massacre of Bishnois
C. Nilgiri Biosphere Reserve established
D. Western Ghats inscribed by UNESCO

- (a) D - B - A - C
- (b) D - C - A - B
- (c) B - A - C - D
- (d) C - A - B - D

Q87. [Sacred groves | Direct] Sacred groves of Karnataka are locally called

- (a) Kavu
- (b) Sarna
- (c) Deorai
- (d) Devarakadu

Q88. [Symbols | Direct] Which of the following is the state animal of Karnataka?

- (a) Gaur
- (b) Bengal tiger
- (c) Indian elephant
- (d) Black buck

Q89. [Constitution | Match the following] Match the constitutional provision with its subject.

List I	List II
A. Article 48A	1. Right to life, read by the Supreme Court to include a healthy environment
B. Article 51A(g)	2. Fundamental duty of citizens to protect the natural environment
C. Article 253	3. Parliament's power to legislate to implement international agreements
D. Article 21	4. Directive Principle: State shall protect and improve the environment and safeguard forests and wildlife

- (a) A-1, B-2, C-4, D-3
- (b) A-4, B-2, C-3, D-1
- (c) A-4, B-3, C-1, D-2
- (d) A-2, B-1, C-3, D-4

Q90. [Constitution | Direct] The 42nd Constitutional Amendment (1976) moved 'forests' and 'protection of wild animals and birds' from the State List to the

- (a) Union List
- (b) Residuary list
- (c) Concurrent List
- (d) Eighth Schedule

Q91. [Laws | Direct] Which of the following Acts was enacted under Article 253 of the Constitution, after the Bhopal gas leak, to give the Centre umbrella powers on the environment?

- (a) Air Act, 1981
- (b) Environment (Protection) Act, 1986
- (c) Wildlife (Protection) Act, 1972
- (d) Biological Diversity Act, 2002

Q92. [Laws | Chronology] Arrange the following Indian environmental laws in the order in which they were enacted (earliest first).

A. Water Pollution Act
B. Wildlife Protection Act
C. Environment Protection Act
D. Air Pollution Act

- (a) C - B - D - A
- (b) A - D - B - C
- (c) A - B - C - D
- (d) B - A - D - C

Q93. [Laws | Direct] The Central Pollution Control Board was established in 1974 under which Act?

- (a) Environment (Protection) Act, 1986
- (b) Air (Prevention and Control of Pollution) Act, 1981
- (c) Water (Prevention and Control of Pollution) Act, 1974
- (d) Wildlife (Protection) Act, 1972

Q94. [Laws | Statement (which)] With reference to the Forest (Conservation) Act, 1980, consider the following statements:

1. It restricts the use of forest land for non-forest purposes without the prior approval of the Central Government.
2. It was enacted in 1980.

3. It deals mainly with the protection of schedule animals from hunting.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q95. [Laws | Statement (how many)] With reference to the Wildlife (Protection) Act, 1972, consider the following statements:

1. It provides for the establishment of national parks and wildlife sanctuaries.
2. Schedule I animals receive the highest level of protection.
3. It extends only to the State of Karnataka.
4. Before 1972 India had only five designated national parks.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q96. [Laws | Direct] The National Biodiversity Authority, a statutory body set up in 2003 under the Biological Diversity Act, 2002, is headquartered at

- (a) New Delhi
- (b) Chennai
- (c) Bengaluru
- (d) Dehradun

Q97. [Laws | Assertion-Reason]
Assertion (A): The Biological Diversity Act, 2002 creates Biodiversity Management Committees at the local body level.

Reason (R): Local bodies are meant to document local biodiversity and traditional knowledge in People's Biodiversity Registers.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q98. [Laws | Direct] Under the Forest Rights Act, 2006, which body initiates the process of determining individual and community forest rights?

- (a) District Collector
- (b) Gram Panchayat President
- (c) Forest Department
- (d) Gram Sabha

Q99. [Laws | Direct] The National Green Tribunal was established in which year?

- (a) 2016
- (b) 2002
- (c) 1995
- (d) 2010

Q100. [Laws | Direct] The National Tiger Conservation Authority is a

- (a) constitutional body under Article 280
- (b) non-statutory NGO
- (c) statutory body under the Ministry of Environment, Forest and Climate Change
- (d) body under the Ministry of Tribal Affairs

Q101. [Institutions | Match the following] Match the institution with its headquarters.

List I	List II
A. Zoological Survey of India	1. Chennai
B. Wildlife Institute of India	2. Kolkata
C. Central Zoo Authority	3. Dehradun
D. National Biodiversity Authority	4. New Delhi

- (a) A-2, B-1, C-3, D-4
- (b) A-2, B-3, C-4, D-1
- (c) A-3, B-4, C-2, D-1
- (d) A-4, B-3, C-2, D-1

Q102. [Ramsar | Direct] The Ramsar Convention on wetlands was signed in 1971 at Ramsar, in which country?

- (a) Switzerland
- (b) Iran
- (c) India
- (d) Japan

Q103. [Ramsar | Direct] Which State had the largest number of Ramsar sites in India, according to the PIB backgrounder of 25 October 2026?

- (a) Odisha
- (b) Uttar Pradesh
- (c) Karnataka
- (d) Tamil Nadu

Q104. [Ramsar | Statement (which)] With reference to Ramsar sites in India, consider the following statements:

1. Chilika Lake and Keoladeo National Park were the first two Indian sites designated under the Convention in 1981.
2. Chilika was removed from the Montreux Record in 2002.
3. India has the largest number of Ramsar sites in the world.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q105. [Conventions | Match the following] Match the international agreement with its subject.

List I	List II
A. Basel Convention	1. Persistent organic pollutants
B. Rotterdam Convention	2. Mercury
C. Stockholm Convention	3. Transboundary movement of hazardous wastes
D. Minamata Convention	4. Prior informed consent for hazardous chemicals and pesticides in trade

- (a) A-2, B-3, C-1, D-4
- (b) A-2, B-4, C-3, D-1
- (c) A-3, B-4, C-1, D-2
- (d) A-4, B-3, C-1, D-2

Q106. [Conventions | Chronology] Arrange the following international biodiversity treaties by the year they were signed or opened for signature (earliest first).

A. Convention on Biological Diversity
B. Convention on Migratory Species

C. CITES
D. Ramsar Convention on wetlands

- (a) C - A - D - B
- (b) A - C - D - B
- (c) D - C - B - A
- (d) B - C - A - D

Q107. [Conventions | Direct] The Convention on Migratory Species of Wild Animals, known as the Bonn Convention, held its COP13 in which Indian city in February 2020?

- (a) Chennai
- (b) Bengaluru
- (c) Greater Noida
- (d) Gandhinagar

Q108. [Conventions | Statement (which)] With reference to CITES, consider the following statements:

1. It regulates international trade in endangered species of wild fauna and flora.
2. Species in Appendix I are those threatened with extinction.
3. It came into effect in 1975.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q109. [Conventions | Direct] The Nagoya Protocol, adopted in 2010 under the Convention on Biological Diversity, deals with

- (a) trade in endangered species
- (b) access to genetic resources and fair and equitable sharing of benefits
- (c) wetland conservation
- (d) control of ozone-depleting substances

Q110. [Conventions | Direct] Which of the following targets is popularly called '30 by 30' under the Kunming-Montreal Global Biodiversity Framework?

- (a) Planting 30 billion trees by 2030
- (b) Protecting at least 30 per cent of land and sea by 2030
- (c) Cutting emissions by 30 per cent by 2030
- (d) Restoring 30 million hectares by 2030

Q111. [Conventions | Direct] The Montreal Protocol deals with

- (a) trade in hazardous chemicals
- (b) mercury pollution
- (c) substances that deplete the ozone layer
- (d) greenhouse gas reduction in industrial countries

Q112. [Conventions | Statement (which)] With reference to the Montreal Protocol and the ozone layer, consider the following statements:

1. The Vienna Convention of 1985 laid the framework for the Montreal Protocol.
2. The Kigali Amendment seeks a phase-down of hydrofluorocarbons (HFCs).
3. The Montreal Protocol primarily regulates carbon dioxide emissions.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q113. [Climate treaties | Chronology] Arrange the following in order of their year (earliest first).

A. Montreal Protocol
B. Stockholm Conference on the Human Environment
C. Paris Agreement
D. Kyoto Protocol

- (a) C - B - A - D
- (b) A - C - B - D
- (c) A - B - D - C
- (d) B - A - D - C

Q114. [Climate treaties | Direct] The Kyoto Protocol, signed in 1997, entered into force in which year?

- (a) 2012
- (b) 2001
- (c) 1997
- (d) 2005

Q115. [Climate treaties | Statement (how many)] With reference to the Paris Agreement, consider the following statements:

1. It was adopted at COP21 in 2015.
2. It aims to hold the global temperature rise well below 2 degrees Celsius and pursue efforts to limit it to 1.5 degrees Celsius.
3. It binds every country to the same legally fixed emission-cut number.
4. Countries communicate Nationally Determined Contributions.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q116. [Climate treaties | Direct] The UN Conference on the Human Environment, the first major UN conference on the environment, was held in 1972 at

- (a) Rio de Janeiro
- (b) Geneva
- (c) Stockholm
- (d) Nairobi

Q117. [Climate treaties | Direct] Which of these documents was adopted at the 1992 Earth Summit in Rio de Janeiro?

- (a) Paris Agreement
- (b) Agenda 21
- (c) Montreal Protocol
- (d) Kyoto Protocol

Q118. [Oceans | Direct] The BBNJ Agreement (High Seas Treaty) entered into force on

- (a) 19 September 2025
- (b) 5 June 2023
- (c) 17 January 2026
- (d) 1 January 2024

Q119. [Oceans | Assertion-Reason]
Assertion (A): The High Seas Treaty (BBNJ) is important for marine conservation.

Reason (R): It provides a way to create marine protected areas in waters beyond national jurisdiction.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A

- (c) A is true but R is false
- (d) A is false but R is true

Q120. [Days | Match the following] Match the international day with its date.

List I	List II
A. World Wetlands Day	1. 5 June
B. World Wildlife Day	2. 22 May
C. World Environment Day	3. 2 February
D. International Day for Biological Diversity	4. 3 March

- (a) A-3, B-4, C-2, D-1
- (b) A-1, B-3, C-4, D-2
- (c) A-3, B-1, C-4, D-2
- (d) A-3, B-4, C-1, D-2

Q121. [Air quality | Direct] The National Clean Air Programme (NCAP) was launched by the Ministry of Environment, Forest and Climate Change in which year?

- (a) 2019
- (b) 2016
- (c) 2021
- (d) 2014

Q122. [Air quality | Statement (which)] With reference to the National Clean Air Programme (NCAP), consider the following statements:

1. The programme targets 131 non-attainment and million-plus cities across 24 States and Union Territories.
2. The revised goal is a reduction of PM10 levels of up to 40 per cent or achieving the national standard of 60 micrograms per cubic metre by 2025-26.
3. It is a statutory programme enforceable in courts under the Air Act, 1981.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q123. [Air quality | Match the following] Match the stage of the Graded Response Action Plan (GRAP) for the Delhi-NCR with the air quality level that triggers it.

List I	List II
A. Stage I	1. Very Poor (AQI 301 to 400)
B. Stage II	2. Poor (AQI 201 to 300)
C. Stage III	3. Severe Plus (AQI above 450)
D. Stage IV	4. Severe (AQI 401 to 450)

- (a) A-2, B-4, C-3, D-1
- (b) A-2, B-1, C-4, D-3
- (c) A-3, B-1, C-2, D-4
- (d) A-3, B-2, C-4, D-1

Q124. [Air quality | Direct] The Commission for Air Quality Management in the National Capital Region and Adjoining Areas was established under

- (a) an Act of Parliament in 2021
- (b) the Environment Protection Rules, 1986
- (c) an order of the Supreme Court in 1998
- (d) the Air Act, 1981 directly

Q125. [Air quality | Direct] The Bharat Stage emission norms, under which India skipped BS-V and moved from BS-IV to BS-VI, were implemented nationwide from

- (a) 1 January 2016
- (b) 1 April 2020
- (c) 1 April 2023
- (d) 1 April 2017

Q126. [Air quality | Direct] The National Air Quality Index of India, launched in 2014 under the Swachh Bharat Abhiyan, considers how many pollutants?

- (a) Six
- (b) Ten
- (c) Eight
- (d) Four

Q127. [Air quality | Direct] Acid rain is mainly caused by atmospheric emissions of

- (a) chlorofluorocarbons
- (b) carbon monoxide and methane
- (c) particulate matter and ozone
- (d) sulphur dioxide and nitrogen oxides

Q128. [Air quality | Assertion-Reason]
Assertion (A): Photochemical smog forms in sunny, traffic-heavy cities.

Reason (R): Sunlight drives reactions between nitrogen oxides and volatile organic compounds to form ozone and peroxyacetyl nitrate.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q129. [Greenhouse gases | Direct] Which of the following greenhouse gases has the highest 100-year global warming potential per tonne?

- (a) Carbon dioxide
- (b) Methane
- (c) Sulphur hexafluoride
- (d) Nitrous oxide

Q130. [Greenhouse gases | Statement (which)] With reference to global warming potential (GWP), consider the following statements:

1. Carbon dioxide is used as the reference gas, with a GWP of 1.
2. Methane's GWP over 20 years is higher than over 100 years.
3. Methane stays in the atmosphere longer than carbon dioxide.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q131. [Greenhouse gases | Direct] The IPCC, the UN body that assesses climate science, was set up in 1988 by

- (a) UNESCO and FAO
- (b) WMO and UNEP
- (c) UNFCCC and IUCN
- (d) World Bank and IMF

Q132. [Climate action | Direct] At COP26 in Glasgow, India announced that it would aim to achieve net-zero emissions by

- (a) 2040
- (b) 2060
- (c) 2050
- (d) 2070

Q133. [Climate action | Statement (how many)] With reference to India's updated Nationally Determined Contribution submitted in August 2022, consider the following statements:

1. India committed to reduce the emissions intensity of its GDP by 45 per cent by 2030 from the 2005 level.
2. India aims for about 50 per cent cumulative electric power installed capacity from non-fossil sources by 2030.
3. The 2015 NDC had set the non-fossil capacity target at 40 per cent.
4. The updated NDC replaced the carbon sink goal of 2.5 to 3 billion tonnes with a larger one.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q134. [Climate action | Assertion-Reason]
Assertion (A): India's updated NDC of 2022 enhanced the country's earlier climate targets.

Reason (R): The update translated the Panchamrit announced at COP26 in Glasgow into enhanced climate targets.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q135. [Climate action | Direct] India's non-fossil fuel installed electricity capacity crossed the 50 per cent share in which year, five years ahead of its 2030 NDC goal?

- (a) 2025
- (b) 2027
- (c) 2022
- (d) 2023

Q136. [Climate action | Direct] Mission LiFE (Lifestyle for Environment), first proposed by the Prime Minister at COP26, was launched on 20 October 2022 at

- (a) New Delhi
- (b) Ekta Nagar, Kevadia, Gujarat
- (c) Glasgow
- (d) Sharm el-Sheikh

Q137. [Climate action | Statement (which)] With reference to Mission LiFE, consider the following statements:

1. It aims to mobilise at least one billion Indians and other global citizens in the period 2022 to 2027.
2. NITI Aayog was to curate and incubate it in the first year, after which MoEFCC would implement it.
3. It was first proposed by the Prime Minister at COP27 in Egypt.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q138. [Climate action | Direct] The Green Credit Programme, announced on 13 October 2023, is part of which initiative?

- (a) Lifestyle for Environment (LiFE)
- (b) Namami Gange
- (c) Digital India
- (d) Swachh Bharat Mission

Q139. [Climate action | Direct] The Energy Conservation Act, 2001 constituted which statutory body in 2002?

- (a) Indian Renewable Energy Development Agency
- (b) Central Electricity Authority
- (c) Bureau of Energy Efficiency
- (d) National Thermal Power Corporation

Q140. [Energy | Direct] The National Green Hydrogen Mission, approved by the Union Cabinet in January 2023, targets green hydrogen production capacity of at least how much per annum by 2030?

- (a) 10 million metric tonnes
- (b) 1 million metric tonnes
- (c) 50 million metric tonnes
- (d) 5 million metric tonnes

Q141. [Energy | Statement (which)] With reference to the National Green Hydrogen Mission, consider the following statements:

1. The SIGHT programme is its component for incentives to manufacture electrolysers and to produce green hydrogen.
2. The Mission aims to make India a global hub for production, usage and export of green hydrogen.
3. It targets 125 million tonnes of green hydrogen production per annum by 2030.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q142. [Energy | Direct] The PM Surya Ghar: Muft Bijli Yojana, launched on 13 February 2024, aims to provide rooftop solar to how many households?

- (a) Fifty lakh
- (b) Ten lakh
- (c) Five crore
- (d) One crore

Q143. [Energy | Statement (how many)] With reference to the PM Surya Ghar: Muft Bijli Yojana, consider the following statements:

1. Central financial assistance is capped at the 3 kW system size.
2. The scheme provides for 60 per cent of system cost as CFA for 2 kW systems.
3. Households apply for the subsidy through a National Portal.
4. Subsidy is also available for the additional capacity beyond 3 kW at a lower rate.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q144. [Waste | Direct] The ban on identified single-use plastic items under the Plastic Waste Management (Amendment) Rules, 2021 came into force from

- (a) 1 January 2023
- (b) 1 January 2020

- (c) 1 July 2022
- (d) 2 October 2019

Q145. [Waste | Statement (how many)] With reference to the thickness norms for plastic carry bags in India, consider the following statements:

1. The minimum thickness was raised from 50 microns to 75 microns with effect from 30 September 2021.
2. It was raised further from 75 microns to 120 microns with effect from 31 December 2022.
3. Carry bags below 120 microns were prohibited from 1 July 2022, along with the list of single-use items.

How many of the above statements are correct?

- (a) None
- (b) Only one
- (c) Only two
- (d) All three

Q146. [Forests | Direct] Under the Supreme Court's 2022 direction (later modified), every national park and wildlife sanctuary was to have a minimum eco-sensitive zone of

- (a) 1 km from its boundary
- (b) 100 m from its boundary
- (c) 5 km from its boundary
- (d) 10 km from its boundary

Q147. [Rivers | Direct] The Namami Gange Programme, announced in 2014, was originally projected at what budget?

- (a) Rs 5,000 crore
- (b) Rs 20,000 crore
- (c) Rs 50,000 crore
- (d) Rs 2,000 crore

Q148. [COP | Match the following] Match the COP with its host city.

List I	List II
A. COP26	1. Glasgow
B. COP27	2. Dubai
C. COP28	3. Sharm el-Sheikh
D. COP29	4. Baku

- (a) A-1, B-3, C-4, D-2
- (b) A-1, B-2, C-3, D-4
- (c) A-4, B-3, C-1, D-2
- (d) A-1, B-3, C-2, D-4

Q149. [COP | Direct] The 2023 climate conference in Dubai was the first COP outcome to explicitly mention the need to

- (a) shift away from fossil fuels
- (b) set a carbon tax
- (c) ban deforestation globally
- (d) stop all coal use immediately

Q150. [COP | Direct] The COP29 at Baku in 2024 reached an agreement on a developed-country climate finance goal of how much a year by 2035?

- (a) USD 1 trillion
- (b) USD 100 billion
- (c) USD 300 billion
- (d) USD 50 billion

Q151. [COP | Direct] The 30th COP, held in November 2025, took place in which city?

- (a) Addis Ababa
- (b) Belem
- (c) Antalya
- (d) Dubai

Q152. [COP | Direct] COP31, scheduled for 9 to 20 November 2026, is to be held at

- (a) Bonn, Germany
- (b) Antalya, Turkiye
- (c) Canberra, Australia
- (d) Addis Ababa, Ethiopia

Q153. [COP | Chronology] Arrange the following UN climate conferences in order of date (earliest first).

A. COP30 Belem
B. COP28 Dubai
C. COP21 Paris
D. COP26 Glasgow

- (a) D - B - C - A
- (b) A - C - D - B
- (c) C - D - B - A
- (d) A - D - B - C

Q154. [Climate action | Statement (which)] With reference to India's Nationally Determined Contribution for 2031 to 2035, approved by the Union Cabinet in March 2026, consider the following statements:

1. India commits to reduce the emissions intensity of its GDP by 47 per cent by 2035 from the 2005 level.
2. India aims for 60 per cent cumulative electric power installed capacity from non-fossil sources by 2035.
3. The emissions intensity target is measured against a 2015 base year.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Answer key with explanations and sources

Q	Ans	Tag	Explanation	Sources	Status
1	(b) About 10 per cent	Energy flow	Lindeman's 1942 trophic-dynamic work gave the thumb rule that around a tenth of the energy at one level reaches the next; the rest is lost as heat in respiration and as uneaten or undigested matter. Remember it like: the grass keeps a hundred rupees of sunshine, the deer gets a tenner, the tiger gets a rupee. Long food chains run out of petrol quickly, which is why tigers are few.	NCERT textbook, Class XII Biology, Ecosystem; https://en.wikipedia.org/wiki/Trophic_level	V1
2	(b) gross primary productivity minus the energy lost in plant respiration	Energy flow	NPP = GPP - R. It is the biomass available to consumers (herbivores and decomposers). Remember it like: GPP is your gross salary, respiration is rent, NPP is what is left in the wallet for everyone else.	NCERT textbook, Class XII Biology, Ecosystem; https://en.wikipedia.org/wiki/Primary_production	V1
3	(a) 1 and 2 only	Energy flow	Energy enters as sunlight, passes through trophic levels and leaves as heat, so it never recycles. The pyramid of energy is always upright because energy is lost at every step. Common trap: pyramids of number and biomass can be inverted, but energy cannot. Remember it like: nutrients are	NCERT textbook, Class XII Biology, Ecosystem; https://en.wikipedia.org/wiki/Ecological_pyramid	V1

Q	Ans	Tag	Explanation	Sources	Status
			a bicycle that keeps going round, energy is a one-way flyover.		
4	(c) Only three	Pyramids	A single tree supports many insects, so the number pyramid of a tree ecosystem is inverted. In the sea, small phytoplankton have a standing biomass lower than the zooplankton and fish that feed on them, so biomass is inverted. A grassland has many grasses, fewer herbivores, fewer carnivores, so it is upright. Remember it like: the tree is a hotel and the insects are the guests.	NCERT textbook, Class XII Biology, Ecosystem; https://en.wikipedia.org/wiki/Ecological_pyramid	V1
5	(a) Both A and R are true and R is the correct explanation of A	Pyramids	Because each level passes on only a fraction of what it receives, the pyramid of energy narrows upwards in every ecosystem, which is also why food chains rarely exceed four or five levels. Remember it like: every link pays a heat tax, and the tax never comes back.	NCERT textbook, Class XII Biology, Ecosystem; https://en.wikipedia.org/wiki/Ecological_pyramid	V1
6	(b) The detritus food chain	Food chains	NCERT states that in an aquatic ecosystem the grazing food chain is the major conduit of energy flow, while in a terrestrial ecosystem a much larger fraction of energy flows through the detritus food chain than through the grazing food chain. Remember it like: on land the leaf litter is the main buffet, and the earthworm is the head chef.	NCERT textbook, Class XII Biology, Ecosystem; https://en.wikipedia.org/wiki/Detritus	V1
7	(d) D - C - B - A	Food chains	Grass is the producer, the grasshopper is the primary consumer, the frog the secondary consumer and the snake the tertiary consumer. Remember it like: G-G-F-S, 'Good Green Food Soon'.	NCERT textbook, Class XII Biology, Ecosystem; https://en.wikipedia.org/wiki/Trophic_level	R
8	(b) A-2, B-3, C-4, D-1	Decomposition	Detritivores such as earthworms fragment the litter, soluble nutrients leach into soil, humus forms slowly and is finally mineralised by microbes. Remember it like: Fragment, Leach, Humify, Mineralise, F-L-H-M, 'Funny Little Hungry Microbes'.	NCERT textbook, Class XII Biology, Ecosystem; https://en.wikipedia.org/wiki/Decomposition	V1
9	(d) Low temperature and anaerobic conditions	Decomposition	Decomposition is faster in warm, moist, aerated conditions with detritus rich in nitrogen and sugars; it is slow when the detritus is rich in lignin and chitin or when it is cold or anaerobic. Remember it like: a freezer or a swamp is where leftovers last the longest.	NCERT textbook, Class XII Biology, Ecosystem; https://en.wikipedia.org/wiki/Decomposition	V1
10	(b) Phosphorus cycle	Biogeochemical cycles	Phosphorus moves mainly through rocks, soil, water and living organisms, and unlike carbon and nitrogen its atmospheric reservoir is negligible. It is a sedimentary cycle. Remember it like: phosphorus is a homebody; it never flies. The big reservoir is rock.	NCERT textbook, Class XII Biology, Ecosystem; https://en.wikipedia.org/wiki/Phosphorus_cycle	V1
11	(b) A-4, B-2, C-3, D-1	Biogeochemical cycles	Rhizobium lives in legume root nodules, Nitrosomonas converts ammonia to nitrite and Nitrobacter converts nitrite to nitrate, and Azotobacter fixes nitrogen without a partner. Remember it like: Nitrosomonas starts (So-first), Nitrobacter finishes (nitrate, Bacter is the last). Rhizobium rents a room in the root.	NCERT textbook, Class XII Biology, Ecosystem; https://en.wikipedia.org/wiki/Nitrogen_cycle	V1
12	(a) 1 and 2 only	Biogeochemical cycles	Nitrobacter converts nitrite to nitrate; ammonia to nitrite is Nitrosomonas. Denitrifying bacteria such as Pseudomonas return N2 to the air. Remember it like: Anabaena sits in paddy fields as a free fertiliser factory.	NCERT textbook, Class XII Biology, Ecosystem; https://en.wikipedia.org/wiki/Nitrogen_cycle; https://en.wikipedia.org/wiki/Nostoc	V1
13	(d) Photosynthesis	Biogeochemical cycles	Photosynthesis fixes atmospheric CO2 into organic compounds, while respiration, decomposition and	NCERT textbook, Class XII Biology, Ecosystem; https://	V1

Q	Ans	Tag	Explanation	Sources	Status
			combustion return CO2. Remember it like: plants inhale CO2 in the day, and the forest is the planet's biggest piggy bank for carbon.	en.wikipedia.org/wiki/Carbon_cycle	
14	(d) Lichens	Succession	On bare rock, crustose lichens secrete acids that weather the rock and start soil formation, followed by mosses, herbs, shrubs and finally the climax forest. Remember it like: lichen is the first plumber that lays the soil pipeline.	NCERT textbook, Class XII Biology, Ecosystem; https://en.wikipedia.org/wiki/Ecological_succession	V1
15	(b) C - D - A - B	Succession	In a pond the pioneers are phytoplankton, then submerged rooted plants, then floating and reed-swamp stages, then marsh meadow, scrub and finally forest. Remember it like: the pond slowly 'fills in' and gets a forest as its final prize.	NCERT textbook, Class XII Biology, Ecosystem; https://en.wikipedia.org/wiki/Ecological_succession; https://en.wikipedia.org/wiki/Hydrosere	V1
16	(a) Both A and R are true and R is the correct explanation of A	Succession	Whether succession starts in a pond (hydrarch) or on a bare rock (xerarch), the final stable climax is decided by the climate of the region, usually a mesic forest where moisture is moderate. Remember it like: different starting lines, same finish line, and the climate holds the ribbon.	NCERT textbook, Class XII Biology, Ecosystem; https://en.wikipedia.org/wiki/Ecological_succession	V1
17	(d) A-4, B-1, C-2, D-3	Interactions	In a lichen both partners benefit; the orchid gains support while the mango is unaffected; the cuckoo's egg is raised by the host; Penicillium harms bacteria without gain. Remember it like: + + lichen, +0 orchid, +- cuckoo, 0- mould.	NCERT textbook, Class XII Biology, Organisms and Populations; https://en.wikipedia.org/wiki/Brood_parasitism	R
18	(c) Only three	Interactions	Gause's competitive exclusion principle says complete competitors cannot coexist, but species often avoid it by resource partitioning, so competition does not always eliminate a species. Remember it like: share the room, divide the shelves, avoid the fight.	NCERT textbook, Class XII Biology, Organisms and Populations; https://en.wikipedia.org/wiki/Competitive_exclusion_principle; https://en.wikipedia.org/wiki/Commensalism	V1
19	(b) Gause's competitive exclusion principle	Interactions	Gause's experiments with Paramecium species in the 1930s led to the competitive exclusion principle. Allen's and Bergmann's rules deal with body shape and size in different climates. Remember it like: two tigers, one hill, one has to leave.	NCERT textbook, Class XII Biology, Organisms and Populations; https://en.wikipedia.org/wiki/Competitive_exclusion_principle	V1
20	(d) ecological niche	Niche	A habitat is where the species lives; the niche is its job description. Remember it like: habitat is the address, niche is the profession.	NCERT textbook, Class XII Biology, Organisms and Populations; https://en.wikipedia.org/wiki/Ecological_niche	V1
21	(a) 1 and 2 only	Ecotone	An ecotone often has species of both communities plus some of its own, which is called the edge effect. Examples are a mangrove between land and sea, or a grassland-forest margin. Remember it like: the canteen between two colleges, everybody turns up.	NCERT textbook, Class XII Biology, Biodiversity and Conservation; https://en.wikipedia.org/wiki/Ecotone; https://en.wikipedia.org/wiki/Edge_effect	V1
22	(b) A-4, B-3, C-1, D-2	Ecosystem services	The Millennium Ecosystem Assessment groups services into provisioning, regulating, cultural and supporting. Remember it like: Provide, Regulate, Culture, Support, 'PRCS' like a four-person band.	NCERT textbook, Class XII Biology, Ecosystem; https://en.wikipedia.org/wiki/Ecosystem_service	V1
23	(a) Both A and R are true and R is the correct explanation of A	Ecosystem services	Mangroves and marshes soak up floodwater and weaken storm surges. That is a regulating ecosystem service, one reason the Sundarbans protect millions. Remember it like: wetlands are the planet's kidney and sponge in one.	NCERT textbook, Class XII Biology, Ecosystem; https://en.wikipedia.org/wiki/Mangrove; https://en.wikipedia.org/wiki/Ecosystem_service	V1

Q	Ans	Tag	Explanation	Sources	Status
24	(d) has a disproportionately large effect on its ecosystem relative to its abundance	Keystone	Robert Paine's removal of the sea star Pisaster showed how one predator could hold a community's diversity in place. Remember it like: remove the keystone from an arch and the whole arch comes down, even though the stone is small.	NCERT textbook, Class XII Biology, Biodiversity and Conservation; https://en.wikipedia.org/wiki/Keystone_species	V1
25	(c) The sea star Pisaster	Keystone	Paine's experiments on the Pacific coast of the United States (Washington) removed Pisaster, and mussels took over, crowding out other species. The sea otter and the wolf are other well-known keystone examples, but they were not the subject of his study. Remember it like: Paine and Pisaster, P and P.	NCERT textbook, Class XII Biology, Biodiversity and Conservation; https://en.wikipedia.org/wiki/Keystone_species	V1
26	(b) the increase in concentration of a persistent toxic substance at successive trophic levels	Biomagnification	Non-biodegradable toxins such as DDT and mercury become more concentrated in higher trophic levels because organisms cannot excrete them. Remember it like: the toxin is a ping-pong ball in the food chain; the top predator holds the most balls.	NCERT textbook, Class XII Biology, Environmental Issues; https://en.wikipedia.org/wiki/Biomagnification	V1
27	(a) Both A and R are true and R is the correct explanation of A	Biomagnification	DDT accumulates up the food chain; in birds it disturbs calcium metabolism, causing thin shells that break, and this was linked to declines in the peregrine falcon and eagles. Remember it like: the top of the chain gets the highest dose and the thinnest shells.	NCERT textbook, Class XII Biology, Environmental Issues; https://en.wikipedia.org/wiki/Biomagnification	V1
28	(d) eutrophication	Eutrophication	Nutrient enrichment leads to dense algal growth; when the algae die, decomposers use up dissolved oxygen, killing fish. Remember it like: too much pizza at the party, and then the room runs out of air.	NCERT textbook, Class XII Biology, Environmental Issues; https://en.wikipedia.org/wiki/Eutrophication	V1
29	(a) 1 and 2 only	Eutrophication	BOD measures the oxygen consumed by microbes decomposing organic matter; the higher the BOD, the more polluted the water. Clean water has a low BOD. Remember it like: BOD is the water's drunk meter: high BOD, high pollution.	NCERT textbook, Class XII Biology, Environmental Issues; https://en.wikipedia.org/wiki/Biochemical_oxygen_demand	V1
30	(b) Estuaries and mangroves	Ecosystem types	Estuaries, mangroves and coral reefs are among the most productive ecosystems per unit area, supported by nutrient inflow and shallow sunlit water. The open ocean is vast but low in productivity per unit area. Remember it like: where river meets sea, the lunch is served.	NCERT textbook, Class XII Biology, Ecosystem; https://en.wikipedia.org/wiki/Mangrove; https://en.wikipedia.org/wiki/Primary_production	V1
31	(c) Decomposers	Ecosystem types	Biotic components are living organisms: producers, consumers and decomposers. Soil, light, wind and moisture are abiotic. Remember it like: if it can die, it is biotic.	NCERT textbook, Class XII Biology, Ecosystem; https://en.wikipedia.org/wiki/Ecosystem	V1
32	(a) Both A and R are true and R is the correct explanation of A	Ecosystem types	Reef-building corals depend on zooxanthellae, which need sunlight and warmth, so reefs grow in shallow tropical waters. When corals are stressed they expel the algae and turn white, which is called bleaching. Remember it like: coral hosts the algae, the algae pay rent in sugar.	NCERT textbook, Class XII Biology, Biodiversity and Conservation; https://en.wikipedia.org/wiki/Coral_reef	V1
33	(b) 70 per cent	Hotspots	A hotspot must hold at least 1,500 species of endemic vascular plants (over 0.5 per cent of the world total) and must have lost at least 70 per cent of its original vegetation. Remember it like: 1,500 plants in, 70 per cent forest out, a rich but wounded region.	NCERT textbook, Class XII Biology, Biodiversity and Conservation; https://en.wikipedia.org/wiki/Biodiversity_hotspot	V1
34		Hotspots	The hotspot is called Western Ghats and Sri Lanka; the two regions share many related endemic lineages. This is the answer to the	https://en.wikipedia.org/wiki/Biodiversity_hotspot; https://	V1

Q	Ans	Tag	Explanation	Sources	Status
	(d) Western Ghats and Sri Lanka		cliffhanger from Bank 7. Remember it like: Sahyadri and Lanka are one family that the sea separated.	en.wikipedia.org/wiki/Western_Ghats	
35	(a) 1 and 2 only	Hotspots	Norman Myers wrote about hotspots in 1988 and 1990. India shares the Himalaya, Indo-Burma, the Western Ghats and Sri Lanka, and Sundaland (Nicobar Islands) hotspots. The Cape Floristic Region is in South Africa. Remember it like: Cape is for the Cape of Good Hope, not Kanyakumari.	NCERT textbook, Class XII Biology, Biodiversity and Conservation; https://en.wikipedia.org/wiki/Biodiversity_hotspot	V1
36	(a) Both A and R are true and R is the correct explanation of A	Hotspots	Sri Lanka and the Western Ghats have many related endemic lineages because of their shared history before the sea separated them, so they are treated as one hotspot. Remember it like: two cousins, one family album.	https://en.wikipedia.org/wiki/Biodiversity_hotspot; https://en.wikipedia.org/wiki/Western_Ghats	V1
37	(c) B - D - A - C	IUCN	The order of risk is Least Concern, Near Threatened, Vulnerable, Endangered, then Critically Endangered, Extinct in the Wild and Extinct. Remember it like: LC, NT, VU, EN, CR, 'Let Nature Value Every Creature'.	https://en.wikipedia.org/wiki/IUCN_Red_List	V1
38	(d) A-2, B-3, C-1, D-4	IUCN	The Great Indian bustard is Critically Endangered, the lion-tailed macaque is Endangered, the snow leopard is Vulnerable and the painted stork is Near Threatened. Remember it like: CR-EN-VU-NT, four steps down the danger staircase.	https://en.wikipedia.org/wiki/Great_Indian_bustard; https://en.wikipedia.org/wiki/Lion-tailed_macaque; https://en.wikipedia.org/wiki/Snow_leopard; https://en.wikipedia.org/wiki/Painted_stork	V1
39	(b) Rajasthan	IUCN	The Great Indian bustard's stronghold is the arid grasslands of Rajasthan, notably the Desert National Park and Jaisalmer, with small numbers in Gujarat and a few other States. Remember it like: GIB wears sand-coloured clothes, so he lives in the desert.	https://en.wikipedia.org/wiki/Great_Indian_bustard; Ministry of Environment, Forest and Climate Change (moef.gov.in), Great Indian Bustard Recovery Programme	V1
40	(c) 2009	IUCN	The Government of India notified the Gangetic dolphin as the National Aquatic Animal in 2009; the Ganges river dolphin is Endangered on the IUCN Red List. Remember it like: 2009, it swims in blind but sings in sonar.	https://en.wikipedia.org/wiki/Ganges_river_dolphin; Press Information Bureau (pib.gov.in), Gangetic dolphin national aquatic animal	V1
41	(d) Chambal	IUCN	Gharials survive in the National Chambal Sanctuary, with other small populations in the Ghaghara, Gandak and Son rivers. It is Critically Endangered. Remember it like: Gharial has a 'ghara' (pot) on its snout, and Chambal is its house.	https://en.wikipedia.org/wiki/Gharial; Ministry of Environment, Forest and Climate Change (moef.gov.in), National Chambal Sanctuary	V1
42	(b) Western Ghats	Species	Eravikulam National Park near Munnar, Kerala, is in the Western Ghats and hosts the Nilgiri tahr; the nearby Anamudi is the highest peak of the Western Ghats and of peninsular India (2,695 m). Remember it like: Anamudi, the 'elephant's forehead', crowns the Sahyadri.	https://en.wikipedia.org/wiki/Nilgiri_tahr; https://en.wikipedia.org/wiki/Western_Ghats	V1
43	(c) Sarus crane	Species	The Sarus crane stands up to about 1.8 m and is listed as Vulnerable on the IUCN Red List; it is the state bird of Uttar Pradesh. Remember it like: the Sarus crane is the basketball player of the bird world.	https://en.wikipedia.org/wiki/Sarus_crane	V1
44	(c) A-1, B-4, C-3, D-2	Species	Kaziranga (Assam) holds most of the world's one-horned rhinos, Gir (Gujarat) is the last home of the Asiatic lion, Keoladeo (Bharatpur) is a bird	https://en.wikipedia.org/wiki/Kaziranga_National_Park; https://en.wikipedia.org/wiki/Gir_National_Park; https://	V1

Q	Ans	Tag	Explanation	Sources	Status
			sanctuary, and Eravikulam (Kerala) protects the Nilgiri tahr. Remember it like: K-R, G-L, K-B, E-T.	en.wikipedia.org/wiki/Keoladeo_National_Park; https://en.wikipedia.org/wiki/Eravikulam_National_Park	
45	(c) Only three	Species	The snow leopard is listed as Vulnerable, not Critically Endangered. The Asiatic lion is naturally found in the wild only in Gujarat (Gir landscape), and the Great Indian bustard is a protected species in India. Common trap: Vulnerable, Endangered and Critically Endangered are different rungs. Remember it like: the snow leopard is 'vulnerable' in the snow, not yet 'critical'.	https://en.wikipedia.org/wiki/Snow_leopard; https://en.wikipedia.org/wiki/Gharial; https://en.wikipedia.org/wiki/Gir_National_Park; https://en.wikipedia.org/wiki/Great_Indian_bustard	V1
46	(a) Both A and R are true and R is the correct explanation of A	Species	Being endemic, it exists only in a narrow band of hill grasslands in the Nilgiri and Anamalai hills, with its biggest population in Eravikulam. Remember it like: an endemic species has one address, and no spare keys.	https://en.wikipedia.org/wiki/Nilgiri_tahr	V1
47	(d) 1973	Programmes	Project Tiger started on 1 April 1973, with an initial set of nine tiger reserves, under the Indian Wildlife (Protection) Act framework; it is now run by the National Tiger Conservation Authority. Remember it like: 1973 is also the year Chipko began, and both are forest stories.	https://en.wikipedia.org/wiki/Project_Tiger; Ministry of Environment, Forest and Climate Change (moef.gov.in), Project Tiger	V1
48	(b) 1992	Programmes	Project Elephant started in 1992 under the Ministry of Environment, Forest and Climate Change to protect elephants, their habitats and corridors. Remember it like: Elephant is 92, Tiger is 73, 'Tiger came first as a king, elephant in the nineties as a prince'.	https://en.wikipedia.org/wiki/Project_Elephant	V1
49	(b) 1952	Programmes	India declared the cheetah extinct in 1952. On 17 September 2022 eight cheetahs from Namibia were brought to Kuno National Park in Madhya Pradesh. Remember it like: 1952 extinct, 2022 returned, a 70-year gap.	https://en.wikipedia.org/wiki/Cheetah_Reintroduction_in_India	V1
50	(a) 1 and 2 only	Programmes	The first batch was released at Kuno National Park in Madhya Pradesh. Gir is the Asiatic lion's home. Remember it like: Kuno for cheetah, Gir for lion, a K and a G, like a Kannada alphabet.	https://en.wikipedia.org/wiki/Cheetah_Reintroduction_in_India	V1
51	(c) A-1, B-4, C-3, D-2	Programmes	The Act of 1972 came first and Project Tiger a year later; the Forest Conservation Act followed in 1980 and Project Elephant in 1992. Remember it like: 72, 73, 80, 92, 'pehle kanoon, phir tiger'.	https://en.wikipedia.org/wiki/Project_Tiger; https://en.wikipedia.org/wiki/Project_Elephant; https://en.wikipedia.org/wiki/Wildlife_Protection_Act,_1972; https://en.wikipedia.org/wiki/Forest_Conservation_Act,_1980	V1
52	(d) A-3, B-1, C-4, D-2	Conservation methods	In situ means on site, in the natural habitat, and ex situ means off site. Remember it like: in situ = in its own house; ex situ = a hostel.	NCERT textbook, Class XII Biology, Biodiversity and Conservation; https://en.wikipedia.org/wiki/National_park; https://en.wikipedia.org/wiki/Ex_situ_conservation	V1
53	(a) 1 and 2 only	Conservation methods	Seed banks and cryopreservation store genetic material off site, so they are ex situ. National parks, sanctuaries and biosphere reserves are in situ. Remember it like: if it is in a freezer, it is ex situ.	NCERT textbook, Class XII Biology, Biodiversity and Conservation; https://en.wikipedia.org/wiki/Ex_situ_conservation	V1
54		Threats			V1

Q	Ans	Tag	Explanation	Sources	Status
	(b) Climate migration		The evil quartet is habitat loss and fragmentation, over-exploitation, alien species invasions and co-extinctions. Remember it like: H-O-A-C, 'Humans Often Alter Creation'.	NCERT textbook, Class XII Biology, Biodiversity and Conservation; https://en.wikipedia.org/wiki/Holocene_extinction	
55	(d) A-4, B-1, C-3, D-2	Threats	Water hyacinth, lantana and parthenium are all invasive alien plants in India, while the introduction of Nile perch caused many cichlid fish to go extinct in Lake Victoria. Remember it like: Aliens, 'Atithi Devo Bhava' fails when the guest eats all the hosts' food.	NCERT textbook, Class XII Biology, Biodiversity and Conservation; https://en.wikipedia.org/wiki/Invasive_species; https://en.wikipedia.org/wiki/Lantana_camara	V1
56	(a) Both A and R are true and R is the correct explanation of A	Threats	Introduced species such as lantana, water hyacinth and Nile perch spread rapidly because their predators and parasites are absent, crowding out natives. Remember it like: the new kid with no teacher takes over the class.	NCERT textbook, Class XII Biology, Biodiversity and Conservation; https://en.wikipedia.org/wiki/Invasive_species	V1
57	(c) Alexander von Humboldt	Patterns	Humboldt observed that species richness rises with the area explored, giving the relationship S = CA^Z, and the slope Z is usually about 0.1 to 0.2 for areas within a region. Remember it like: larger plate, more food types.	NCERT textbook, Class XII Biology, Biodiversity and Conservation; https://en.wikipedia.org/wiki/Species%E2%80%93area_relationship	R
58	(d) 1, 2 and 3	Patterns	The latitudinal gradient is one of the oldest patterns known: tropical regions are richer and more stable and have more solar energy and productivity. The species-area curve is a rectangular hyperbola on a linear scale and a straight line on a log scale. Remember it like: the equator is the party hub, the poles are the quiet lane.	NCERT textbook, Class XII Biology, Biodiversity and Conservation; https://en.wikipedia.org/wiki/Latitudinal_gradients_in_species_diversity	V1
59	(d) A-4, B-2, C-1, D-3	Movements	Chipko began in the Garhwal Himalaya, Appiko in the Western Ghats of Karnataka, Save Silent Valley in Palakkad district of Kerala and the Khejarli massacre in Jodhpur. Remember it like: Chipko = hug, Appiko = also hug, in Kannada 'Appiko' is the very word for hug.	https://en.wikipedia.org/wiki/Chipko_movement; https://en.wikipedia.org/wiki/Silent_Valley_National_Park; https://en.wikipedia.org/wiki/Khejarli_massacre	V1
60	(b) Rajasthan	Movements	In September 1730, 363 Bishnois were killed while trying to protect a grove of khejri trees near Jodhpur in Rajasthan. Remember it like: Amrita Devi hugged the khejri and set the template for Chipko.	https://en.wikipedia.org/wiki/Khejarli_massacre	V1
61	(c) Garhwal	Movements	Chipko started in 1973 in the Garhwal Himalaya of what is today Uttarakhand, with villagers, many of them women, hugging trees to stop commercial logging. Remember it like: Chipko means 'to stick', and the stick was a hug.	https://en.wikipedia.org/wiki/Chipko_movement	V1
62	(b) 2012	Western Ghats	The Western Ghats were inscribed in 2012 (36th session) under natural criteria (ix) and (x). This answers the cliffhanger: the coffee hills of Kodagu and Chikkamagaluru sit in this chain. Remember it like: 2012, the Sahyadri joined the world's 'hall of fame'.	UNESCO World Heritage List (whc.unesco.org), Western Ghats, whc.unesco.org/en/list/1342; https://whc.unesco.org/en/list/1342; https://en.wikipedia.org/wiki/Western_Ghats	V
63	(d) All four	Western Ghats	UNESCO describes the Western Ghats as a chain of mountains running parallel to India's western coast, about 1,600 km long, interrupted only by the roughly 30 km Palghat Gap. The property has 39 components grouped into 7 sub-clusters. Remember it like: 39 parts, 7 clusters, 1,600 km of green wall.	UNESCO World Heritage List (whc.unesco.org), Western Ghats, whc.unesco.org/en/list/1342; https://whc.unesco.org/en/list/1342; https://en.wikipedia.org/wiki/Western_Ghats	V

Q	Ans	Tag	Explanation	Sources	Status
64	(c) Palghat Gap	Western Ghats	The Palghat (Palakkad) Gap in Kerala separates the Nilgiri and Anamalai hills in the south. The Goa Gap is another, smaller gap in the north, and Bhor and Thal Ghats are passes. UNESCO notes the chain is interrupted only by the 30 km Palghat Gap. Remember it like: Palghat is the 'gate' for the monsoon to enter Tamil Nadu.	UNESCO World Heritage List (whc.unesco.org), Western Ghats, whc.unesco.org/en/list/1342; https://whc.unesco.org/en/list/1342; https://en.wikipedia.org/wiki/Western_Ghats	V1
65	(d) Kerala	Western Ghats	Anamudi, at 2,695 m, is the highest peak of the Western Ghats and of peninsular India, located in Eravikulam National Park in Kerala. Remember it like: Anamudi ('elephant's forehead') is a Kerala crown, not a Karnataka one.	https://en.wikipedia.org/wiki/Western_Ghats; https://en.wikipedia.org/wiki/Eravikulam_National_Park	V1
66	(a) 1 and 2 only	Western Ghats	The Ghats run parallel to the western coast, about 30 to 50 km inland, through six States. Common trap: Western Ghats stand beside the Arabian Sea, Eastern Ghats beside the Bay of Bengal. Remember it like: Western Ghats are the wall that catches the south-west monsoon.	UNESCO World Heritage List (whc.unesco.org), Western Ghats, whc.unesco.org/en/list/1342; https://whc.unesco.org/en/list/1342; https://en.wikipedia.org/wiki/Western_Ghats	V
67	(b) Madhav Gadgil	Western Ghats	The WGEEP, also called the Gadgil Commission, was chaired by Madhav Gadgil and submitted its report on 31 August 2011. Kasturirangan headed the later High Level Working Group. Remember it like: G for Gadgil, G for the first Group; K for Kasturirangan, K for the second.	https://en.wikipedia.org/wiki/Western_Ghats_Ecology_Expert_Panel	V1
68	(a) 1 and 2 only	Western Ghats	Gadgil's panel proposed a much wider ecologically sensitive area (about 64 per cent according to the Wikipedia summary), while the Kasturirangan report scaled this down to roughly 37 per cent. Remember it like: Gadgil = the big hug (64%), Kasturirangan = the small hug (37%).	https://en.wikipedia.org/wiki/Western_Ghats_Ecology_Expert_Panel	V1
69	(a) Both A and R are true and R is the correct explanation of A	Western Ghats	The Kasturirangan report sought to bring just 37 per cent under the ESA, a reduction from the 64 per cent associated with the Gadgil report. Remember it like: first report, wide net; second report, narrower net.	https://en.wikipedia.org/wiki/Western_Ghats_Ecology_Expert_Panel	V1
70	(c) Kodagu	Rivers	Talakaveri, the source of the Kaveri, is in Kodagu district, in the Brahmagiri range of the Western Ghats. Remember it like: Kodagu is the cradle of the Cauvery, the 'Dakshina Ganga'.	https://en.wikipedia.org/wiki/Kaveri_River	V1
71	(d) Sharavati	Rivers	Jog Falls is formed by the Sharavati river in the Western Ghats; Wikipedia lists it as the third-highest waterfall in India by total height. Remember it like: Raja, Rani, Roarer, Rocket, the four segments, and the Sharavati drives all four.	https://en.wikipedia.org/wiki/Jog_Falls	V1
72	(b) Kali	Rivers	The Kali river flows through the Kali Tiger Reserve in Uttara Kannada and has the Supa Dam among its dams. Remember it like: Kali is the dark river with the black panther.	https://en.wikipedia.org/wiki/Kali_River_(Karnataka)	V1
73	(d) Kali (Anshi-Dandeli)	Tiger reserves	The Kali Tiger Reserve in Uttara Kannada is home to Bengal tigers, black panthers and elephants, and the Kali river flows through it. Remember it like: a Kali panther is dark as the river that carries its name.	https://en.wikipedia.org/wiki/Kali_Tiger_Reserve	V1
74	(a) 1 and 2 only	Tiger reserves	Biligiriranga (BRT) hills lie in Chamarajanagar district, at the junction of the Western and Eastern Ghats. Nagarhole and Bandipur are separated by the Kabini reservoir. Remember it like: BRT = Chamarajanagar, Kali = Uttara Kannada.	https://en.wikipedia.org/wiki/Nagarhole_National_Park; https://en.wikipedia.org/wiki/Bhadra_Wildlife_Sanctuary;	V1

Q	Ans	Tag	Explanation	Sources	Status
				https://en.wikipedia.org/wiki/Biligiriranga_Hills	
75	(c) Soliga	Tiger reserves	The Soligas live in the Biligiriranga hills, where the tiger reserve links the Western and Eastern Ghats. The microhylid frog Microhyla sholigari is named after them. Remember it like: Soliga is the 'bamboo-born' tribe of BRT.	https://en.wikipedia.org/wiki/Biligiriranga_Hills	V1
76	(c) Karnataka	Tiger reserves	Madhya Pradesh had 785 tigers, Karnataka 563, Uttarakhand 560 and Maharashtra 444 in the 2022 cycle, which gave a national estimate of 3,682. Remember it like: MP 785, K 563, U 560, M 444, 'My Karnataka Under Mighty tigers'.	Press Information Bureau (pib.gov.in), PRID=2290233; https://en.wikipedia.org/wiki/Tigers_in_India	V1
77	(d) A-2, B-3, C-1, D-4	Tiger reserves	Bhadra is in Chikkamagaluru, Brahmagiri in Kodagu, Daroji in Ballari and Mookambika in Udupi (Kundapur). Remember it like: B-C, B-K, D-B, M-U, 'Bhadra Chikmagalur, Brahmagiri Kodagu'.	https://en.wikipedia.org/wiki/Bhadra_Wildlife_Sanctuary; https://en.wikipedia.org/wiki/Brahmagiri_Wildlife_Sanctuary; https://en.wikipedia.org/wiki/Daroji_Sloth_Bear_Sanctuary; https://en.wikipedia.org/wiki/Mookambika_Wildlife_Sanctuary	V1
78	(b) Karnataka	Protected areas	The Nilgiri Biosphere Reserve (1986) covers parts of Tamil Nadu, Kerala and Karnataka, including Bandipur and Nagarhole in Karnataka. Remember it like: Nilgiri = three states, three tigers' homes, one first.	https://en.wikipedia.org/wiki/Nilgiri_Biosphere_Reserve	V1
79	(a) 1 and 2 only	Protected areas	The Nilgiri Biosphere Reserve includes Nagarhole, Bandipur, Mudumalai, Mukurthi and Silent Valley; Eravikulam is not part of it. Common trap: Eravikulam is in the Anamalai range, not the Nilgiri reserve. Remember it like: Nagarhole-Bandipur-Mudumalai-Silent Valley, the tigers' north-south corridor.	https://en.wikipedia.org/wiki/Nilgiri_Biosphere_Reserve; https://en.wikipedia.org/wiki/Eravikulam_National_Park	V1
80	(b) Chikkamagaluru	Protected areas	Kudremukh National Park lies in Chikkamagaluru (and Dakshina Kannada) district and covers about 600 sq km; KIOCL mined iron ore in the area. Remember it like: kudre = horse, mukha = face.	https://en.wikipedia.org/wiki/Kudremukh_National_Park	V1
81	(d) Lion-tailed macaque	Protected areas	The sanctuary on the Sharavati river is a refuge of the endangered lion-tailed macaque. Remember it like: the lion-tailed macaque lives by Jog's roar.	https://en.wikipedia.org/wiki/Sharavathi_Wildlife_Sanctuary	V1
82	(c) A-1, B-4, C-3, D-2	Protected areas	Daroji protects sloth bears, Kokkare Bellur (Mandya) hosts spot-billed pelicans and painted storks, Agumbe has the Agumbe Rainforest Research Station for the king cobra, and the Cauvery Wildlife Sanctuary covers Sangam and Mekedatu. Remember it like: bear, pelican, cobra, gorge.	https://en.wikipedia.org/wiki/Daroji_Sloth_Bear_Sanctuary; https://en.wikipedia.org/wiki/Kokkare_Bellur; https://en.wikipedia.org/wiki/Agumbe; https://en.wikipedia.org/wiki/Cauvery_Wildlife_Sanctuary	V1
83	(c) Only three	Protected areas	Gudavi Bird Sanctuary is in Soraba taluk of Shivamogga district. Remember it like: Gudavi = Soraba = Shivamogga, Malenadu birds.	https://en.wikipedia.org/wiki/Ranganathittu_Bird_Sanctuary; https://en.wikipedia.org/wiki/Kokkare_Bellur; https://en.wikipedia.org/wiki/Daroji_Sloth_Bear_Sanctuary; https://en.wikipedia.org/wiki/Gudavi_Bird_Sanctuary	V1
84	(b) Four	Wetlands	Karnataka's four Ramsar sites are Ranganathittu Bird Sanctuary, Aghanashini Estuary, Magadi Kere Conservation Reserve and Ankasamudra Bird Conservation Reserve. Remember it like: R-A-M-A,	Press Information Bureau (pib.gov.in), NoteId=160558 Ramsar backgrounder, 25 Oct 2026; https://	V1

Q	Ans	Tag	Explanation	Sources	Status
			Ranganathittu, Aghanashini, Magadi, Ankasamudra.	en.wikipedia.org/wiki/List_of_Ramsar_sites_in_India	
85	(d) A-3, B-2, C-1, D-4	Wetlands	Ranganathittu was designated first (15 February 2022), then Aghanashini and Magadi Kere (14 February 2023) and Ankasamudra (10 March 2023). Remember it like: one island sanctuary, one estuary, one goose lake, one village tank.	https://en.wikipedia.org/wiki/List_of_Ramsar_sites_in_India; Press Information Bureau (pib.gov.in), NoteId=160558 Ramsar backgrounder	V1
86	(c) B - A - C - D	Milestones	The Bishnois' sacrifice at Khejarli was in 1730, Project Tiger started in 1973, the Nilgiri Biosphere Reserve in 1986 and the Western Ghats were inscribed in 2012. Remember it like: from hugging trees to the whole Sahyadri on the world map.	https://en.wikipedia.org/wiki/Khejarli_massacre; https://en.wikipedia.org/wiki/Project_Tiger; https://en.wikipedia.org/wiki/Nilgiri_Biosphere_Reserve; https://whc.unesco.org/en/list/1342	V1
87	(d) Devarakadu	Sacred groves	The Wikipedia list of sacred groves of India gives Devarakadu or Devkad for Karnataka, Kavu for Kerala, Sarna in Jharkhand and Deorai in Maharashtra. Remember it like: 'Devara kaadu' means the forest of the gods in Kannada.	https://en.wikipedia.org/wiki/Sacred_groves_of_India	V1
88	(c) Indian elephant	Symbols	The Indian elephant is the state animal of Karnataka, and the Indian roller (Kannada: Neelakanta, the blue-necked one) is its state bird. Remember it like: the elephant stamps through Dasara, the roller flashes blue.	https://en.wikipedia.org/wiki/Indian_elephant; https://en.wikipedia.org/wiki/Indian_roller	V1
89	(b) A-4, B-2, C-3, D-1	Constitution	Articles 48A and 51A(g) were added by the 42nd Amendment (1976), Article 253 lets Parliament implement treaties (the Environment Protection Act, 1986 was passed under it), and Article 21 has been interpreted by courts to include a clean environment. Remember it like: 48A State, 51A(g) citizen, 253 treaty, 21 life.	Constitution of India (legislative.gov.in), Articles 21, 48A, 51A(g), 253; https://en.wikipedia.org/wiki/Environment_Protection_Act,_1986; https://en.wikipedia.org/wiki/Directive_Principles_of_State_Policy	V1
90	(c) Concurrent List	Constitution	The 42nd Amendment transferred forests and wildlife protection to the Concurrent List (Entries 17A and 17B), so both Parliament and State legislatures can make laws on them. Remember it like: forests and wildlife became joint property of Delhi and the States.	Constitution of India (legislative.gov.in), Seventh Schedule, List III, Entries 17A and 17B; M. Laxmikanth, Indian Polity (McGraw Hill), Indian Polity, environment and the Constitution; https://en.wikipedia.org/wiki/Concurrent_List	V1
91	(b) Environment (Protection) Act, 1986	Laws	The Environment (Protection) Act, 1986 has 26 sections and 4 chapters; it implemented the decisions of the Stockholm Conference of 1972 and was widely considered a response to the Bhopal gas leak of December 1984. Remember it like: Bhopal 1984, EPA 1986, two years to react.	https://en.wikipedia.org/wiki/Environment_Protection_Act,_1986; Ministry of Environment, Forest and Climate Change (moef.gov.in), Environment (Protection) Act, 1986	V1
92	(d) B - A - D - C	Laws	The sequence is Wildlife Act 1972, Water Act 1974, Air Act 1981 and the Environment Protection Act 1986. Remember it like: Wild, Water, Air, Environment, the order of 'W, W, A, E'.	https://en.wikipedia.org/wiki/Wildlife_Protection_Act,1972; https://en.wikipedia.org/wiki/Water(Prevention_and_Control_of_Pollution https://en.wikipedia.org/wiki/Air(Prevention_and_Control_of_Pollution)_A https://en.wikipedia.org/wiki/Environment_Protection_Act,_1986	V1
93	(c) Water (Prevention and Control of Pollution) Act, 1974	Laws	The CPCB was established in 1974 under the Water Act, and the Air Act of 1981 later also gave it powers on air pollution. Remember it like: water came first, so CPCB was born with water.	https://en.wikipedia.org/wiki/Central_Pollution_Control_Board	V1

Q	Ans	Tag	Explanation	Sources	Status
94	(a) 1 and 2 only	Laws	The Forest (Conservation) Act restricts de-reservation of forests and diversion of forest land for non-forest use without central approval; hunting is regulated by the Wildlife (Protection) Act, 1972. Common trap: FCA is about land, WPA is about animals. Remember it like: FCA = Forest Check Approval.	https://en.wikipedia.org/wiki/Forest_Conservation_Act,_1980	V1
95	(c) Only three	Laws	The Act extends to the whole of India, and Wikipedia notes that before 1972 India had only five designated national parks, and that Schedule I and part II of Schedule II provide absolute protection. Remember it like: WPA 1972 = the first big law that put animals on a list.	https://en.wikipedia.org/wiki/Wildlife_Protection_Act,_1972	V1
96	(b) Chennai	Laws	The NBA is a statutory autonomous body under the Ministry of Environment, Forest and Climate Change, headquartered in Chennai. State Biodiversity Boards and local Biodiversity Management Committees work below it. Remember it like: NBA in Chennai, Karnataka's board in Bengaluru, local BMCs in every panchayat.	https://en.wikipedia.org/wiki/Biological_Diversity_Act,_2002	V1
97	(a) Both A and R are true and R is the correct explanation of A	Laws	BMCs at panchayat or municipal level prepare People's Biodiversity Registers, which record local species and knowledge; this supports access and benefit-sharing with local communities. Remember it like: every village keeps a register of its own plants and animals.	Ministry of Environment, Forest and Climate Change (moef.gov.in), Biological Diversity Act, 2002; https://en.wikipedia.org/wiki/Biological_Diversity_Act,_2002	V1
98	(d) Gram Sabha	Laws	Section 6(1) of the FRA says the gram sabha first passes a resolution recommending whose rights to which resources should be recognised. Remember it like: the village assembly decides the claim; the officials only verify it.	https://en.wikipedia.org/wiki/Forest_Rights_Act,_2006	V1
99	(d) 2010	Laws	The NGT, established in 2010 under the National Green Tribunal Act, 2010, has its principal bench in New Delhi, and is meant to deal with environmental cases speedily. Remember it like: 2010, the 'green court' with the Delhi headquarters.	https://en.wikipedia.org/wiki/National_Green_Tribunal	V1
100	(c) statutory body under the Ministry of Environment, Forest and Climate Change	Laws	The NTCA is a statutory body created to give legal directives for the implementation of Project Tiger. Remember it like: Project Tiger is the programme; NTCA is the legal engine behind it.	https://en.wikipedia.org/wiki/National_Tiger_Conservation_Authority	V1
101	(b) A-2, B-3, C-4, D-1	Institutions	ZSI (1916) is in Kolkata, the Wildlife Institute of India in Dehradun, the Central Zoo Authority (1992) in Delhi and the National Biodiversity Authority (2003) in Chennai. Remember it like: K-D-D-C, 'Kolkata counts species, Dehradun trains tiger-trackers, Delhi regulates zoos, Chennai guards biodiversity law'.	https://en.wikipedia.org/wiki/Zoological_Survey_of_India; https://en.wikipedia.org/wiki/Wildlife_Institute_of_India; https://en.wikipedia.org/wiki/Central_Zoo_Authority; https://en.wikipedia.org/wiki/Biological_Diversity_Act,_2002	V1
102	(b) Iran	Ramsar	The Convention on Wetlands of International Importance was signed on 2 February 1971 at Ramsar, Iran, and came into effect in 1975; 2 February is World Wetlands Day. Remember it like: the town of Ramsar gave the convention its nickname.	https://en.wikipedia.org/wiki/Ramsar_Convention; Press Information Bureau (pib.gov.in), NoteId=160558 Ramsar backgrounder	V1
103	(d) Tamil Nadu	Ramsar	The backgrounder notes 103 Ramsar sites in India, with Tamil Nadu holding 20 and Uttar	Press Information Bureau (pib.gov.in), NoteId=160558	V1

Q	Ans	Tag	Explanation	Sources	Status
			Pradesh 14. Remember it like: TN 20, UP 14, Karnataka 4 (but Karnataka's four are all different types).	Ramsar backgrounder, 25 Oct 2026; https://en.wikipedia.org/wiki/List_of_Ramsar_sites_in_India	
104	(a) 1 and 2 only	Ramsar	India has 103 sites, which is the largest in Asia and the third-largest in the world according to the PIB backgrounder, so it is not the world's largest. Remember it like: India is Asia's champion, the world's bronze medallist.	Press Information Bureau (pib.gov.in), NoteId=160558 Ramsar backgrounder, 25 Oct 2026; https://en.wikipedia.org/wiki/List_of_Ramsar_sites_in_India	V1
105	(c) A-3, B-4, C-1, D-2	Conventions	Basel (1989) covers hazardous wastes, Rotterdam (1998) prior informed consent, Stockholm (2001) persistent organic pollutants, Minamata (2013) mercury. Remember it like: B-wastes, R-trade consent, S-POPs, M-mercury.	https://en.wikipedia.org/wiki/Basel_Convention; https://en.wikipedia.org/wiki/Rotterdam_Convention; https://en.wikipedia.org/wiki/Stockholm_Convention_on_Persistent_Orga https://en.wikipedia.org/wiki/Minamata_Convention_on_Mercury	V1
106	(c) D - C - B - A	Conventions	Ramsar was signed on 2 February 1971, CITES on 3 March 1973, CMS on 23 June 1979 and the CBD opened for signature on 5 June 1992. Remember it like: 71, 73, 79, 92, 'wet, trade, wing, life'.	https://en.wikipedia.org/wiki/Ramsar_Convention; https://en.wikipedia.org/wiki/CITES; https://en.wikipedia.org/wiki/Convention_on_the_Conservation_of_Migra https://en.wikipedia.org/wiki/Convention_on_Biological_Diversity	V1
107	(d) Gandhinagar	Conventions	India hosted CMS COP13 at Gandhinagar, Gujarat, in February 2020, with the Great Indian bustard as the mascot. Remember it like: the Convention was signed in Bonn, but the 2020 party was in Gujarat.	https://en.wikipedia.org/wiki/Convention_on_the_Conservation_of_Migra	V1
108	(d) 1, 2 and 3	Conventions	CITES, signed in 1973 and effective on 1 July 1975, controls international trade through three appendices: I (threatened with extinction), II (trade must be controlled) and III (a party asks for others' help). Remember it like: I = Immediate danger, II = Intermediate, III = Individual country's request.	https://en.wikipedia.org/wiki/CITES	V1
109	(b) access to genetic resources and fair and equitable sharing of benefits	Conventions	Nagoya was adopted on 29 October 2010 and entered into force on 12 October 2014; it deals with access and benefit-sharing (ABS). The Cartagena Protocol deals with biosafety. Remember it like: Nagoya = Names the Gains (ABS), Cartagena = Cautious about GMOs.	https://en.wikipedia.org/wiki/Nagoya_Protocol; https://en.wikipedia.org/wiki/Cartagena_Protocol_on_Biosafety	V1
110	(b) Protecting at least 30 per cent of land and sea by 2030	Conventions	Target 3 of the framework, adopted in December 2022, aims to protect 30 per cent of land, inland waters, coasts and oceans by 2030. It succeeded the Aichi Biodiversity Targets. Remember it like: thirty percent safe by thirty, 3-0 by 3-0.	https://en.wikipedia.org/wiki/Kunming-Montreal_Global_Biodiversity_Framework	V1
111	(c) substances that deplete the ozone layer	Conventions	The Montreal Protocol (1987) phases out ozone-depleting substances such as CFCs; the Kigali Amendment (2016) adds the phase-down of HFCs. Remember it like: Montreal = Mend the ozone.	https://en.wikipedia.org/wiki/Montreal_Protocol	V1
112	(a) 1 and 2 only	Conventions	CO2 falls under the UNFCCC, Kyoto and Paris regime, while the Montreal Protocol targets ozone-depleting substances; HFCs are potent greenhouse gases though not ozone-depleting, so Kigali is a climate-linked amendment. Common trap: ozone depletion and global warming are different problems. Remember it like: Montreal mends the sky roof, Kyoto cuts the blanket.	https://en.wikipedia.org/wiki/Montreal_Protocol; https://en.wikipedia.org/wiki/Vienna_Convention_for_the_Protection_of_	V1

Q	Ans	Tag	Explanation	Sources	Status
113	(d) B - A - D - C	Climate treaties	Stockholm was in June 1972, Montreal Protocol in 1987, Kyoto in December 1997 and Paris in 2015. Remember it like: 72, 87, 97, 15, 'Stock, Mont, Kyo, Par' in order.	https://en.wikipedia.org/wiki/United_Nations_Conference_on_the_Huma https://en.wikipedia.org/wiki/Montreal_Protocol; https://en.wikipedia.org/wiki/Kyoto_Protocol; https://en.wikipedia.org/wiki/Paris_Agreement	V1
114	(d) 2005	Climate treaties	The Kyoto Protocol was signed on 11 December 1997 and entered into force on 16 February 2005; its first commitment period ran to 31 December 2012. Remember it like: signed 97, alive 05, expired 12 (first period).	https://en.wikipedia.org/wiki/Kyoto_Protocol	V1
115	(c) Only three	Climate treaties	Under Paris, each country sets its own NDC (a bottom-up approach), unlike Kyoto's top-down targets for developed countries. Remember it like: Kyoto = teacher gives homework, Paris = students set their own targets.	https://en.wikipedia.org/wiki/Paris_Agreement	V1
116	(c) Stockholm	Climate treaties	The Stockholm Conference (5-16 June 1972) led to the creation of UNEP and the observance of World Environment Day on 5 June. Remember it like: 5 June, the conference opening date, is World Environment Day.	https://en.wikipedia.org/wiki/United_Nations_Conference_on_the_Huma	V1
117	(b) Agenda 21	Climate treaties	The Earth Summit produced the Rio Declaration, Agenda 21 and the Forest Principles, and opened the Convention on Biological Diversity and the UNFCCC for signature. Remember it like: Rio = 21 on the agenda.	https://en.wikipedia.org/wiki/Earth_Summit	V1
118	(c) 17 January 2026	Oceans	The agreement on marine biodiversity beyond national jurisdiction needed 60 ratifications; the 60th was reached on 19 September 2025, and it came into force on 17 January 2026. Remember it like: 60 ratifications in September, force on 17 January, 120 days later.	https://en.wikipedia.org/wiki/High_Seas_Treaty	V1
119	(a) Both A and R are true and R is the correct explanation of A	Oceans	Before this treaty, waters beyond national jurisdiction had no single legal mechanism for creating marine protected areas; the BBNJ treaty adds one, along with rules for marine genetic resources and impact assessments. Remember it like: the high seas were a no-man's-land; the treaty puts up a few fences.	https://en.wikipedia.org/wiki/High_Seas_Treaty	V1
120	(d) A-3, B-4, C-1, D-2	Days	2 February is when Ramsar was signed, 3 March is when CITES was signed, 5 June is the opening day of the Stockholm Conference, and 22 May is the date the CBD text was adopted. Remember it like: 2/2, 3/3, 5/6, 22/5, the 'ladder' of green days.	https://en.wikipedia.org/wiki/Ramsar_Convention; https://en.wikipedia.org/wiki/CITES; https://en.wikipedia.org/wiki/United_Nations_Conference_on_the_Huma https://en.wikipedia.org/wiki/Convention_on_Biological_Diversity	V1
121	(a) 2019	Air quality	NCAP was launched on 10 January 2019 as a national-level strategy for reducing air pollution, targeting 131 non-attainment and million-plus cities. Remember it like: NCAP 2019, 131 cities, 'one-three-one' on the clean-air dial.	https://www.pib.gov.in/PressReleseDetailm.aspx?PRID=1907272; https://www.pib.gov.in/newsite/PrintRelease.aspx?lang=2&reg=3&relid=187400	V1
122	(a) 1 and 2 only	Air quality	PIB describes NCAP as a national-level strategy outlining actions for reducing pollution at city and regional scales, not as a statute. The original tentative target was a 20-30 per cent reduction of PM2.5 and PM10 by 2024 from a 2017 baseline. Common trap: NCAP is a programme (money plus	https://www.pib.gov.in/PressReleseDetailm.aspx?PRID=1907272; https://www.pib.gov.in/PressReleasePage.aspx?PRID=2043004&lang=2&reg=3	V1

Q	Ans	Tag	Explanation	Sources	Status
			targets), the Air Act is the law. Remember it like: NCAP = coaching plan, Air Act = rulebook.		
123	(b) A-2, B-1, C-4, D-3	Air quality	GRAP is a graded, cumulative set of emergency actions administered by the Commission for Air Quality Management (CAQM) for the NCR. Remember it like: stage number goes up, the sky gets worse, 200-300-400-450.	https://caqm.nic.in/; Spectrum / standard competitive-exam text, CAQM GRAP schedule	R
124	(a) an Act of Parliament in 2021	Air quality	The CAQM Act, 2021 created a statutory commission to coordinate air quality management in the NCR and adjoining areas, replacing the earlier EPCA. Remember it like: CAQM 2021, Delhi's smog referee.	https://upload.indiacode.nic.in/view-casepdf?id=AC_CEN_16_0_00011_202129_1629266 https://caqm.nic.in/	R
125	(b) 1 April 2020	Air quality	India skipped BS-V entirely and adopted BS-VI across the country from 1 April 2020. Remember it like: leap-frog BS-V, land on 2020.	https://en.wikipedia.org/wiki/Bharat_stage_emission_standards	V1
126	(c) Eight	Air quality	The NAQI considers eight pollutants: PM10, PM2.5, NO2, SO2, CO, O3, NH3 and Pb, as the Wikipedia article states. Remember it like: 8 pollutants, 8 sounds like 'ate' the lungs.	https://en.wikipedia.org/wiki/Air_quality_index	V1
127	(d) sulphur dioxide and nitrogen oxides	Air quality	SO2 and NOx react with water in the atmosphere to form sulphuric and nitric acids. CFCs affect the ozone layer; CO and methane do not form strong acids. Remember it like: SOx and NOx 'sox' the monuments (the Taj Mahal marble yellowing).	https://en.wikipedia.org/wiki/Acid_rain	V1
128	(a) Both A and R are true and R is the correct explanation of A	Air quality	Unlike classical (London) smog, which is linked with sulphur dioxide and smoke from coal in cold, humid conditions, photochemical (Los Angeles) smog needs sunlight, NOx and VOCs. Remember it like: sun + traffic + VOCs = LA-type smog.	Spectrum / standard competitive-exam text, Photochemical smog, NCERT Class XI Chemistry Environmental Chemistry; https://en.wikipedia.org/wiki/Smog	V1
129	(c) Sulphur hexafluoride	Greenhouse gases	CO2 is the reference with a GWP of one; methane is around 25-30, nitrous oxide a few hundred and sulphur hexafluoride about 23,500 on the Wikipedia table. Remember it like: SF6 is the heavyweight of warming, CO2 the yardstick.	https://en.wikipedia.org/wiki/Global_warming_potential	V1
130	(a) 1 and 2 only	Greenhouse gases	Methane has a much shorter atmospheric lifetime than CO2, so its GWP falls over longer periods (81.2 over 20 years in the Wikipedia example). Common trap: methane is strong but short-lived; CO2 is weaker per molecule but lasts for centuries. Remember it like: methane is a sprinter, CO2 a marathoner.	https://en.wikipedia.org/wiki/Global_warming_potential	V1
131	(b) WMO and UNEP	Greenhouse gases	The IPCC was set up in 1988 by the World Meteorological Organization and the UN Environment Programme; it has its secretariat in Geneva and shared the 2007 Nobel Peace Prize with Al Gore. Remember it like: W-U, 'we you' made the science panel.	https://en.wikipedia.org/wiki/Intergovernmental_Panel_on_Climate_Cha	V1
132	(d) 2070	Climate action	India presented its 'Panchamrit' at COP26 and its net-zero goal for 2070; the updated NDC of August 2022 is a step towards this. Remember it like: 2070 is the 'seventy' goal, twenty years after most others' 2050.	https://www.pib.gov.in/PressReleasePage.aspx?PRID=1847812&lang=2&reg=3; https://pib.gov.in/Pressreleaseshare.aspx?PRID=1885731	V1
133	(c) Only three	Climate action	The 2015 NDC promised 33-35 per cent intensity cut and 40 per cent non-fossil capacity; the update raised these to 45 and 50 per cent, while the 2.5-3 billion tonne sink target continued.	https://pib.gov.in/Pressreleaseshare.aspx?PRID=1885731; https://www.pmindia.gov.in/en/	V

Q	Ans	Tag	Explanation	Sources	Status
			Remember it like: 33-35 to 45, 40 to 50, sink stays 2.5-3.	news_updates/cabinet-approves-indias-updated-nationally-determined-contribution-to-be-communicated-to-the-united-nations-framework-convention-on-climate-change/	
134	(a) Both A and R are true and R is the correct explanation of A	Climate action	The updated NDC raised the emissions-intensity target to 45 per cent and the non-fossil capacity target to about 50 per cent, translating the Panchamrit from COP26. Remember it like: the Glasgow promise got written into the Paris form.	https://www.pmindia.gov.in/en/news_updates/cabinet-approves-indias-updated-nationally-determined-contribution-to-be-communicated-to-the-united-nations-framework-convention-on-climate-change/; https://www.pib.gov.in/PressReleasePage.aspx?PRID=1847812&lang=2&reg=3	V
135	(a) 2025	Climate action	As per the PIB, non-fossil capacity was 242.78 GW (50.08 per cent) of 484.82 GW total installed capacity on 30 June 2025. Remember it like: 50 in 2025, a double-fifty.	https://www.pib.gov.in/PressReleseDetailm.aspx?PRID=2144627; https://www.reuters.com/business/energy/india-hits-50-non-fossil-power-milestone-ahead-2030-clean-energy-target-2025-07-14/	V1
136	(b) Ekta Nagar, Kevadia, Gujarat	Climate action	PM Modi and UN Secretary-General Guterres launched Mission LiFE at the Statue of Unity, Ekta Nagar. It aims to mobilise at least one billion people in 2022-2027. Remember it like: LiFE came from Glasgow, was launched in Gujarat.	https://www.pib.gov.in/PressReleaseIframePage.aspx?PRID=1869550; https://www.pmindia.gov.in/en/news_updates/pm-launches-mission-life-at-statue-of-unity-in-ekta-nagar-kevadia-gujarat/	V1
137	(a) 1 and 2 only	Climate action	Mission LiFE was first proposed at COP26 (Glasgow, 2021); the Green Credit Programme of October 2023 is a later part of the LiFE initiative. Remember it like: LiFE born at COP26, launched at Kevadia, extended by Green Credit.	https://www.pib.gov.in/PressReleaseIframePage.aspx?PRID=1869550; https://en.wikipedia.org/wiki/Green_Credit_Programme	V1
138	(a) Lifestyle for Environment (LiFE)	Climate action	The programme incentivises voluntary eco-friendly actions such as tree plantation, water conservation, sustainable agriculture and waste management as part of LiFE. Remember it like: LiFE is the umbrella and Green Credit is the reward card.	https://en.wikipedia.org/wiki/Green_Credit_Programme	V1
139	(c) Bureau of Energy Efficiency	Climate action	The BEE was constituted on 1 March 2002 under the Energy Conservation Act, 2001, and runs programmes such as star labelling and the PAT scheme. Remember it like: BEE buzzes about saving energy.	https://en.wikipedia.org/wiki/Bureau_of_Energy_Efficiency	V1
140	(d) 5 million metric tonnes	Energy	The Mission targets at least 5 MMT per annum by 2030, with about 125 GW of associated renewable capacity and an initial outlay of Rs 19,744 crore; the document sees potential to reach 10 MMT. Remember it like: 5 MMT, 125 GW, 19,744, 'five for the hydrogen hive'.	https://www.pib.gov.in/Pressreleaseshare.aspx?PRID=1888547; https://www.pmindia.gov.in/en/news_updates/cabinet-approves-national-green-hydrogen-mission/	V
141	(a) 1 and 2 only	Energy	The target is at least 5 MMT of hydrogen per annum, along with about 125 GW of renewable	https://www.pib.gov.in/Pressreleaseshare.aspx?	V

Q	Ans	Tag	Explanation	Sources	Status
			energy capacity addition; 125 is the gigawatts, not the tonnes. Common trap: 5 MMT hydrogen, 125 GW power. Remember it like: 5 of H, 125 of GW.	PRID=1888547; https://pib.gov.in/Pressreleaseshare.aspx?PRID=2039091	
142	(d) One crore	Energy	The scheme, approved by the Cabinet with an outlay of Rs 75,021 crore, aims to install rooftop solar and provide up to 300 units of free electricity every month to one crore households. Remember it like: 1 crore homes, 300 units, 75,021 crore.	https://www.pib.gov.in/PressReleasePage.aspx?PRID=2005596&lang=1&reg=44; https://pib.gov.in/PressReleseDetailm.aspx?PRID=2010130	V
143	(c) Only three	Energy	The CFA is capped at 3 kW, and there is no additional CFA beyond 3 kWp; a 3 kW system can generate more than 300 units a month on average. Remember it like: two-three-kW is the subsidy sweet spot.	https://pib.gov.in/PressReleseDetailm.aspx?PRID=2010130; https://static.pib.gov.in/WriteReadData/specificdocs/documents/2024/aug/doc202487368301.pdf	V1
144	(c) 1 July 2022	Waste	The notified list of single-use plastic items, such as plates, cups, cutlery, straws and stirrers, was prohibited from 1 July 2022. Remember it like: 1 July 2022, 'July first, say bye to plastic'.	https://pib.gov.in/PressReleasePage.aspx?PRID=1843398; https://www.pib.gov.in/PressReleasePage.aspx?PRID=1882855	V
145	(c) Only two	Waste	The 120-micron limit came into force on 31 December 2022, not on 1 July 2022; the July 2022 date applies to the list of identified single-use plastic items. Common trap: two different dates, 1 July 2022 for the item list and 31 December 2022 for 120 microns. Remember it like: July = items, December = thickness.	https://www.pib.gov.in/PressReleasePage.aspx?PRID=1882855; https://pib.gov.in/PressReleasePage.aspx?PRID=1843398	V
146	(a) 1 km from its boundary	Forests	The Ministry's earlier guidance spoke of eco-sensitive zones up to 10 km; the Supreme Court's 2022 order set a minimum of 1 km, later modified in 2023. Remember it like: 10 km was the rule of thumb, 1 km is the floor.	https://en.wikipedia.org/wiki/Eco-Sensitive_Zone	V1
147	(b) Rs 20,000 crore	Rivers	The programme for conservation, pollution reduction and rejuvenation of the Ganga was proposed in 2014 with a budget of Rs 20,000 crore and approved by the Union Cabinet in May 2015. Remember it like: 14 proposed, 15 approved, 20,000 crore.	https://en.wikipedia.org/wiki/Namami_Gange_Programme	V1
148	(d) A-1, B-3, C-2, D-4	COP	COP26 was in Glasgow (2021), COP27 in Sharm el-Sheikh (2022), COP28 in Dubai (2023) and COP29 in Baku (2024). Remember it like: G, S, D, B, 'Great Sunny Desert Beaches'.	https://en.wikipedia.org/wiki/2021_United_Nations_Climate_Change_Co https://en.wikipedia.org/wiki/2022_United_Nations_Climate_Change_Co https://en.wikipedia.org/wiki/2023_United_Nations_Climate_Change_Co https://en.wikipedia.org/wiki/2024_United_Nations_Climate_Change_Co	V1
149	(a) shift away from fossil fuels	COP	COP28 in Dubai (30 November to 13 December 2023) was the first to explicitly mention the shift away from every type of fossil fuel, but was criticised for the lack of a clear commitment. Remember it like: Dubai, the oil capital, wrote the F-word.	https://en.wikipedia.org/wiki/2023_United_Nations_Climate_Change_Co	V1
150	(c) USD 300 billion	COP	COP29 agreed that developed countries would take the lead in a goal of 300 billion US dollars annually by 2035, up from the earlier 100 billion goal. Remember it like: 100 billion earlier, 300 billion by 2035.	https://en.wikipedia.org/wiki/2024_United_Nations_Climate_Change_Co	V1

Q	Ans	Tag	Explanation	Sources	Status
151	(b) Belem	COP	COP30 was held at Belem, Para, in the Brazilian Amazon region, in November 2025. Remember it like: Belem = Brazil, and the Amazon is the host's backyard.	https://en.wikipedia.org/wiki/2025_United_Nations_Climate_Change_Co	V1
152	(b) Antalya, Turkiye	COP	COP31 is scheduled for Antalya, with Turkiye as host and chair and Australia's minister presiding over the negotiations, and COP32 is planned for Addis Ababa in 2027. The dates fall in the same week as your exam, so keep an eye on the headlines. Remember it like: A for Antalya, A for Australia, then A for Addis.	https://en.wikipedia.org/wiki/2026_United_Nations_Climate_Change_Co	V1
153	(c) C - D - B - A	COP	COP21 Paris (2015), COP26 Glasgow (2021), COP28 Dubai (2023), COP30 Belem (2025). Remember it like: 21, 26, 28, 30, the even numbers climbing.	https://en.wikipedia.org/wiki/Paris_Agreement; https://en.wikipedia.org/wiki/2021_United_Nations_Climate_Change_Co https://en.wikipedia.org/wiki/2023_United_Nations_Climate_Change_Co https://en.wikipedia.org/wiki/2025_United_Nations_Climate_Change_Co	V1
154	(a) 1 and 2 only	Climate action	The baseline remains 2005 for intensity; the new numbers are 47 per cent (from 45) and 60 per cent non-fossil capacity (from 50). Common trap: base year 2005, not 2015 (2015 is the year of the first NDC). Remember it like: 45 to 47, 50 to 60, base stays 2005.	https://www.pib.gov.in/PressReleasePage.aspx?PRID=2245209	V1

Recap: five things to carry into the hall

1. **Ecology:** about 10 per cent of energy passes up each trophic level; lichens are the pioneers on bare rock; on land the detritus food chain carries a larger energy flow than the grazing chain, while in water it is the other way round.
2. **Western Ghats:** UNESCO 2012, 39 components in 7 sub-clusters, hotspot shared with Sri Lanka, Palghat Gap about 30 km, Anamudi (Eravikulam) the highest peak at about 2,695 m.
3. **Karnataka:** tiger reserves include Bandipur, Bhadra, BRT, Kali and Nagarhole, 563 tigers in 2022 (second to Madhya Pradesh), 4 Ramsar sites (PIB, 25 October 2026).
4. **Laws:** 1972 WPA, 1974 Water, 1980 Forest Conservation, 1981 Air, 1986 EPA, 2002 Biodiversity, 2006 Forest Rights, 2010 NGT, 2016 CAMPA.
5. **Climate:** NDC 2031-35 (47 per cent intensity cut, 60 per cent non-fossil capacity), net zero 2070, COP30 Belem, COP31 Antalya on 9 to 20 November 2026.

> **Next up:** all eight question banks are done. Next come the **Karnataka static fact bank with one-page cheat sheets**, then **revision notes, glossaries, the mental-ability formula sheet, and the syllabus tracker**. Cliffhanger: **the ruins of Hampi sit beside a river formed by the joining of two others; which river, and which two?** (The Karnataka fact bank answers it, with the official source.)

Mental Ability Question Bank

Status: PREDICTED / PRACTICE questions written fresh for the KAS (KPSC Gazetted Probationers 2026-27) Prelims. Not copied from any past paper. Not leaked. Prepared 27-10-2026 IST.

Fresh reasoning and quantitative aptitude questions (about 30 per Paper II). Every question was computed twice (a formula and a brute-force script) and the two must agree; both were written by the same author, so an independent blind review also solved a sample by hand. See the C status and review/REVIEW_mental.md.

156 questions. Marks: +2 right, -0.5 wrong (0.25 of the marks), 0 blank. Suggested time: 187 minutes at exam pace (72 seconds per question).

Style mix: Direct 71; Statement 57; Match the following 11; Assertion-Reason 7; Chronology 7; Odd-one/NOT 3

Status codes: R = standard reference (textbook / Constitution / Gazetteer / official publication) cited and hand-reviewed, page not re-opened live; V1 = one live page opened and the keyed fact seen; V = two sources incl. an official one opened; C = computed and solved twice by independent methods.

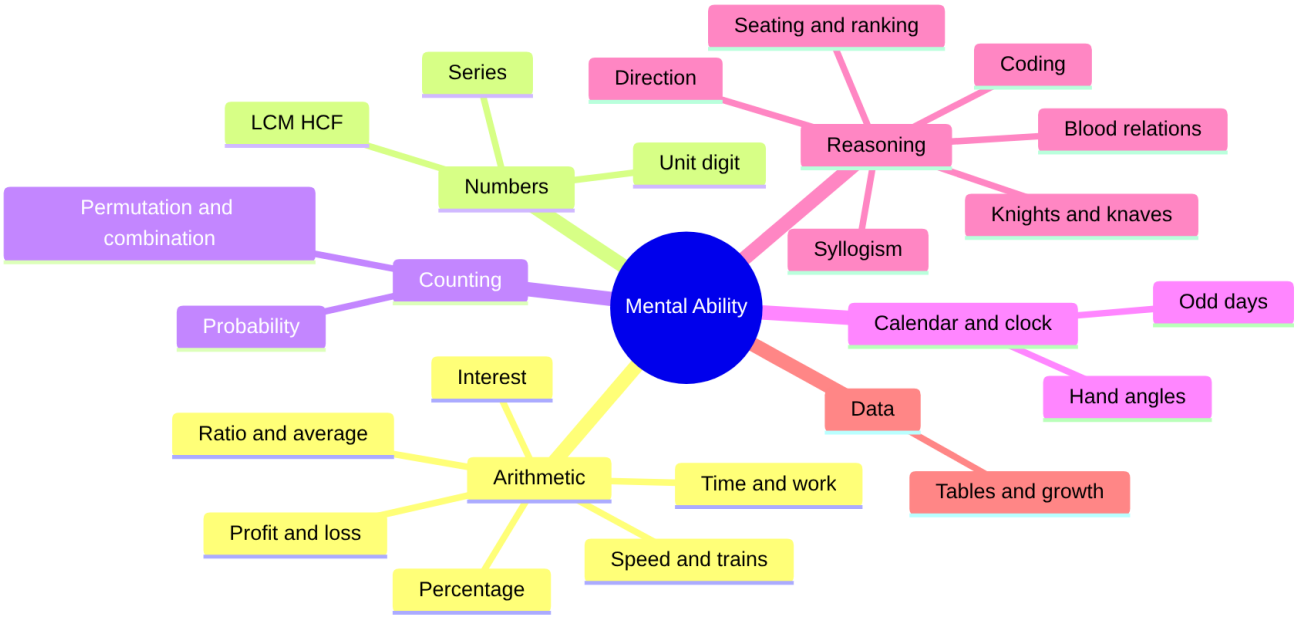

Topic tags (count): Number System 16; Probability and Permutation-Combination 14; Percentage 13; Profit and Loss 13; Speed Time Distance 11; Mensuration 9; Ratio and Partnership 8; Time and Work 8; Calendar and Clock 8; Syllogism and Logical Reasoning 8; Average 7; Simple and Compound Interest 6; Number and Letter Series 5; Blood Relations 5; Coding-Decoding 4; Odd One Out and Analogy 4; Ages 3; Data Interpretation 3; Direction Sense 2; Ranking and Order 2; Cubes and Dice 2; Venn Diagram and Sets 2; Logical Reasoning 2; Seating Arrangement 1

Bank 4 of 8 50% of the question-bank library done

> **Last bank's cliffhanger, answered:** a 150 m train that crosses a pole in 9 seconds is doing **60 km/h**. The train only has to travel its own length. You will meet that same picture again in this bank.

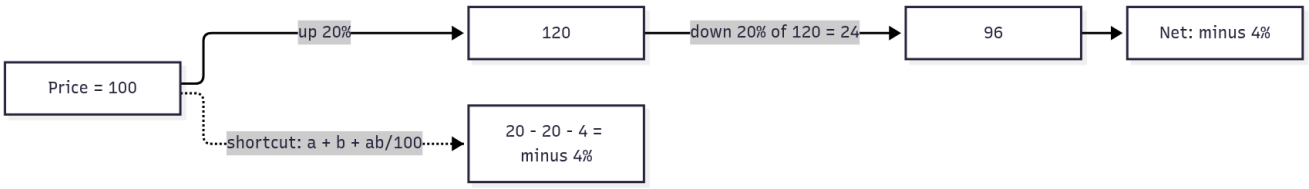

Warm-up: Mental Ability is the "free marks" paper

Here is the friendly secret. History facts can be forgotten. A formula you have seen five times cannot be. Mental Ability in Paper II is the one place where **you can be 100% sure of an answer**, so every question you solve here is marks in the bank, and none of them needs luck. Each question has about **72 seconds** (2 hours for 100 questions), so the game is: **know the pattern, do the shortcut, tick, move on.**

Remember it like: Think of the syllabus as a thali: **a little arithmetic, a little reasoning, a little data**. Nobody finishes the whole thali on day one. Eat one katori a day.

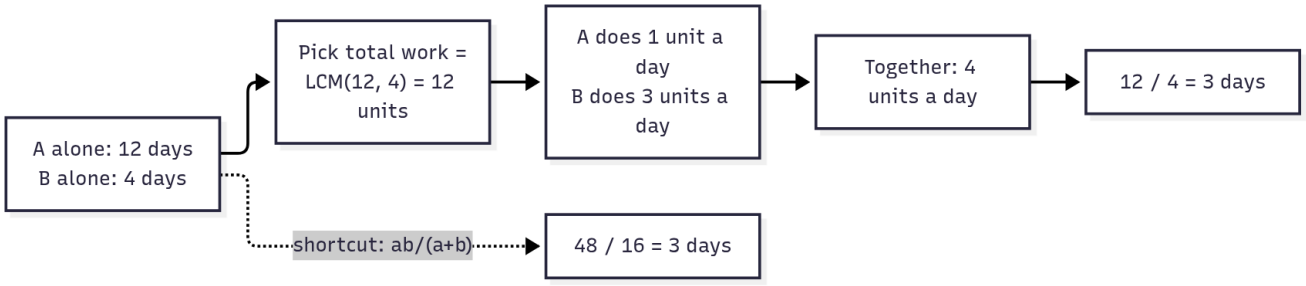

Exploded view 1: successive percentage changes

Remember it like: Going **up 20%** and **down 20%** does not bring you home. The fall is taken on a **bigger** base (120, not 100). It is like losing the weight you gained at a wedding feast: the second 20% always bites harder.

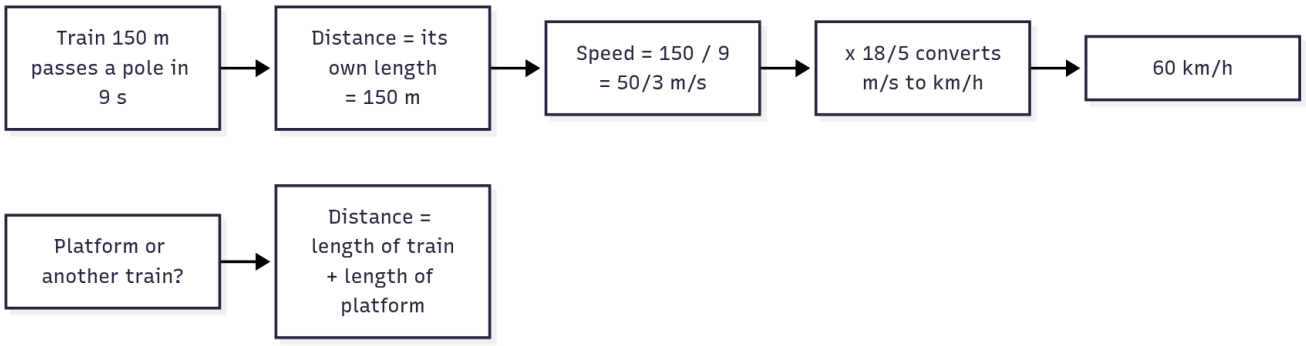

Common trap: Net change of **+20% then -20% is -4%**, never 0%. Use **a + b + ab/100**: 20 - 20 - 4 = -4.

Exploded view 2: time and work in three moves

Remember it like: LCM is your rupee note. Pick the total work as the LCM of the days, then each person's daily share becomes a whole number. For two people, **ab/(a+b)** is the fast road.

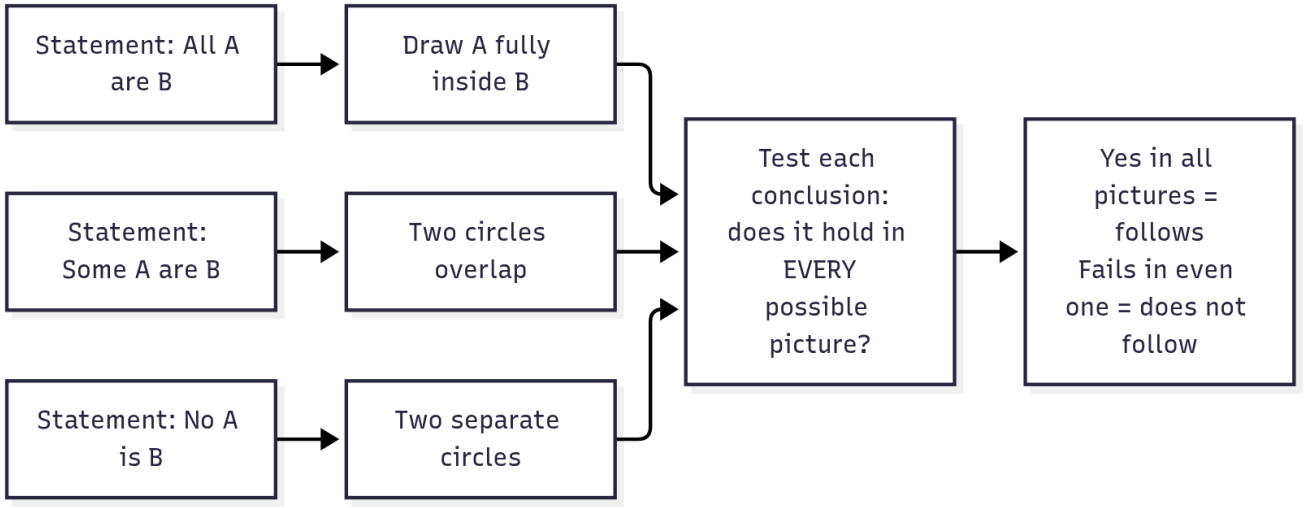

Exploded view 3: trains (the thing the exam loves)

Common trap: Crossing a **pole or a man** = distance is the train's **own length**. Crossing a **platform or another train** = distance is the **sum of lengths**. And **opposite directions add speeds, same direction subtracts**.

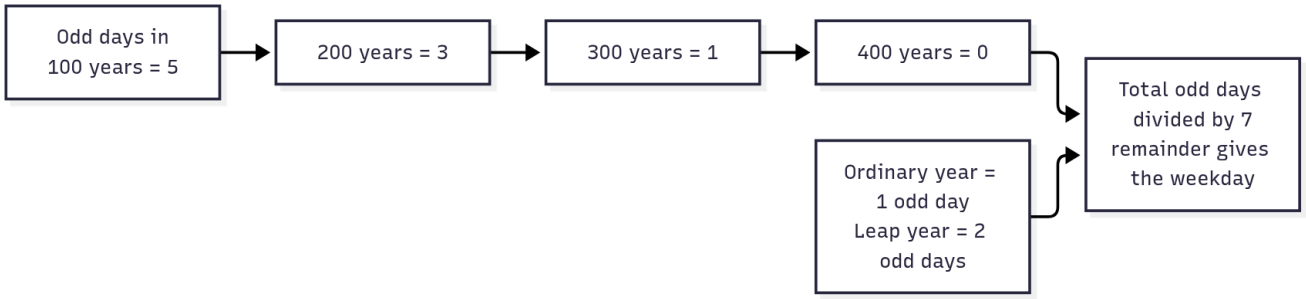

Common trap: The average of 30 km/h and 60 km/h over the **same distance** is **40**, not 45. Use **2xy/(x+y)**. The slow leg eats more time.

Exploded view 4: syllogism, the Venn way

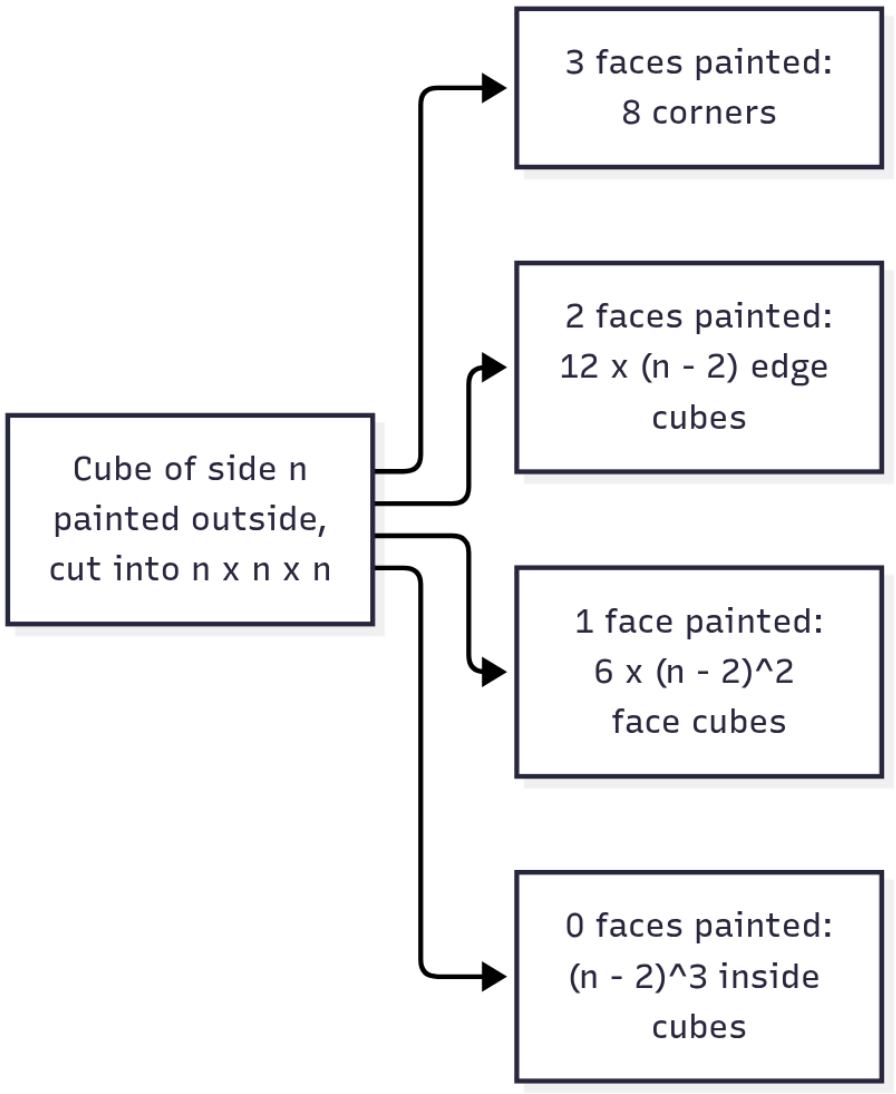

Remember it like: A conclusion **follows only if it is true in every possible picture**. If you can draw even one legal picture where it fails, it does not follow. Think of a courtroom: one alibi is enough to throw out the charge.

Exploded view 5: calendar odd days

Common trap: 1900 was not a leap year (century not divisible by 400) but **2000 was**. Leap years in 2001 to 2100 inclusive: **24**, because 2100 is not leap.

Exploded view 6: painted cube

Peak fact: For a cube cut into n x n x n pieces: **8 corners, 12(n-2) edges, 6(n-2)^2 faces, (n-2)^3 inside**. For n = 5 that is 8 + 36 + 54 + 27 = **125**. Always add up to n^3 as a free check.

The formula sheet (print it, stick it on the fridge)

Topic	Formula or shortcut	Quick check
Successive change	a + b + ab/100	+20 and -20 gives -4%
Profit %	(SP - CP) / CP x 100	divide by **cost**, not selling price
Equal SP, x% gain and x% loss	always a loss of x^2/100 %	20% each way gives 4% loss
Two workers	ab/(a+b) days together	6 and 3 gives 2
Speed units	km/h x 5/18 = m/s	36 km/h = 10 m/s
Average speed, equal distances	2xy/(x+y)	30 and 60 gives 40
Boats	downstream = b + s, upstream = b - s	still water = average of the two
Compound minus simple, 2 years	P x (r/100)^2	Rs 5000 at 10% gives Rs 50
Trailing zeros in n!	n/5 + n/25 + ... (whole parts)	25! has 6 zeros

Topic	Formula or shortcut	Quick check
Handshakes, n people	n(n-1)/2	12 people gives 66
Diagonals, n sides	n(n-3)/2	hexagon gives 9
Circular seating	(n-1)!	5 people gives 24
Clock angle	30H - 5.5M (take the positive, then 360 minus it if above 180)	3:30 gives 75
Clock coincidences	hands coincide 11 times in 12 hours	22 in a day
Rank in a row	total = left + right - 1	12th and 29th gives 40
Two sets	A or B = A + B - both	35 + 30 - 10 = 55

How to attack a Mental Ability paper (72-second rule)

- **Tier 1 (do first):** direct arithmetic, series, calendar, ranking, blood relations. Under a minute each.
- **Tier 2:** time-and-work, train, interest, probability. Pick the formula, then calculate.
- **Tier 3 (do last):** seating puzzles and long data tables. Skip if a 90-second wall comes up.
- **Elimination hack:** check the **last digit** of the answer first. Many options die in five seconds.
- **Negative-marking math:** every right answer is +2, every wrong is -0.5, so **guess only when you can kill at least one option** (break-even is a 20% chance). In this paper you will rarely need to guess at all.

Statement-type and match-the-following in this bank

Over half of this bank is **not direct**: "how many statements are correct" (so check every one), match-the-column with formulas and values, and assertion-reason where you must decide whether the reason really explains the assertion. These are the same shapes the exam uses for the thinking questions, so practise them even if you ace the direct ones.

Every answer here is computed twice

Each item was solved by a **formula** and again by a **brute-force script** that tries the possibilities; the two must agree before the question is allowed in. The scripts and answers are in `data/mental_solutions.txt`. The syllogism items use an exhaustive Venn-model checker and carry the assumption written in the stem that every class named is non-empty.

Questions

Q1. [Percentage | Direct] The price of an item first rises by 20% and then falls by 20%. The net change in price is

- (a) 4%
- (b) -2%
- (c) 0%
- (d) -4%

Q2. [Percentage | Direct] The price of an item first rises by 50% and then falls by 50%. The net change in price is

- (a) 25%
- (b) -23%
- (c) 0%
- (d) -25%

Q3. [Percentage | Direct] The population of a town is 40000 and it grows by 10% every year. Its population after 2 years will be

- (a) 44000
- (b) 48000
- (c) 48010
- (d) 48400

Q4. [Percentage | Direct] If 15% of a number is 45, the number is

- (a) 302
- (b) 3
- (c) 135
- (d) 300

Q5. [Percentage | Direct] In a two-candidate election the winner got 55% of the valid votes and won by 200 votes. The total valid votes polled were

- (a) 400
- (b) 4000
- (c) 2002
- (d) 2000

Q6. [Percentage | Statement (how many)] With reference to percentages, consider the following statements:

1. 20% of 150 is 30.
2. 12.5% of 80 is 12.
3. A change from 80 to 100 is a 25% rise.
4. A rise of 25% followed by a fall of 20% leaves the price unchanged.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q7. [Percentage | Chronology] Arrange the following in ascending order of value.

A. 3/8
B. 45%
C. 7/16
D. 0.4

- (a) C - A - D - B
- (b) B - A - D - C
- (c) A - C - B - D
- (d) A - D - C - B

Q8. [Profit and Loss | Direct] An article bought for Rs 800 is to be sold at a profit of 25%. The selling price should be Rs

- (a) 600
- (b) 200
- (c) 825
- (d) 1000

Q9. [Profit and Loss | Direct] A shop gives two successive discounts of 10% and 10% on a marked price of Rs 1000. The price paid is Rs

- (a) 980
- (b) 800
- (c) 900
- (d) 810

Q10. [Profit and Loss | Direct] A shop gives two successive discounts of 20% and 10% on a marked price of Rs 2000. The price paid is Rs

- (a) 1400
- (b) 1600
- (c) 1970
- (d) 1440

Q11. [Profit and Loss | Direct] Two articles are sold at Rs 960 each, one at a gain of 20% and the other at a loss of 20%. In the whole deal there is a loss of Rs

- (a) 82
- (b) 384
- (c) 0
- (d) 80

Q12. [Profit and Loss | Direct] An article costing Rs 250 is sold for Rs 300. The profit percentage is

- (a) 40%
- (b) 22%
- (c) 50%
- (d) 20%

Q13. [Profit and Loss | Statement (which)] With reference to profit and loss, consider the following statements:

1. Selling at CP of Rs 500 with a loss of 10% means SP is Rs 450.
2. Two successive discounts of 20% and 10% equal a single discount of 30%.
3. A 25% profit on cost is a 20% profit on selling price.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q14. [Ratio and Partnership | Direct] Rs 7200 is divided between two friends in the ratio 2:3. The smaller share is

- (a) 2880
- (b) 3600
- (c) 2882
- (d) 4320

Q15. [Ratio and Partnership | Direct] Rs 5500 is divided between two friends in the ratio 6:5. The larger share is

- (a) 3000
- (b) 3002
- (c) 2750
- (d) 2500

Q16. [Ratio and Partnership | Direct] A invests Rs 6000 for 12 months and B invests Rs 9000 for 8 months. Out of a profit of Rs 5000, the share of A is Rs

- (a) 2000
- (b) 2502
- (c) 5000
- (d) 2500

Q17. [Ratio and Partnership | Direct] Rice at Rs 40 per kg is mixed with rice at Rs 60 per kg so that the mixture is worth Rs 55 per kg. The ratio of cheaper to dearer rice is

- (a) 3:1
- (b) 1:1
- (c) 2:3
- (d) 1:3

Q18. [Ratio and Partnership | Statement (how many)] With reference to ratio and proportion, consider the following statements:

1. If A:B = 2:3 and B:C = 4:5, then A:C = 8:15.
2. The mean proportion of 4 and 9 is 6.

3. The fourth proportional to 3, 6 and 5 is 10.
4. If 5:8 = x:40, then x = 20.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q19. [Average | Direct] The average of 8 numbers is 40. If a new number 49 is added, the new average is

- (a) 41
- (b) 82
- (c) 43
- (d) 39

Q20. [Average | Direct] The average weight of 11 players is 50 kg. When one player weighing 40 kg leaves and a new player of 62 kg joins, the new average is (kg)

- (a) 54
- (b) 72
- (c) 56
- (d) 52

Q21. [Average | Direct] The average of the first 15 natural numbers is

- (a) 8
- (b) 15
- (c) 16
- (d) 10

Q22. [Average | Statement (which)] With reference to averages, consider the following statements:

1. The average of the first 10 even natural numbers is 11.
2. The average of 12, 15 and 18 is 15.
3. If the average of 4 numbers is 20, their sum is 90.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q23. [Time and Work | Direct] A can finish a job in 12 days and B can finish it in 4 days. Working together they finish it in (days)

- (a) 4
- (b) 16
- (c) 8
- (d) 3

Q24. [Time and Work | Direct] A alone can do a work in 20 days and B alone in 30 days. A starts and works for 6 days, and then B joins him. The whole work is finished in a total of (days)

- (a) 12
- (b) 14.4
- (c) 18
- (d) 14

Q25. [Time and Work | Direct] A pipe fills a tank in 10 hours and a leak at the bottom empties the full tank in 15 hours. If both work together, the tank is filled in (hours)

- (a) 30
- (b) 5

- (c) 6
- (d) 25

Q26. [Time and Work | Statement (how many)] With reference to work and time, consider the following statements:

1. If A does a job in 6 days and B in 3 days, together they take 2 days.
2. If 10 men finish a job in 12 days, 20 men finish it in 6 days.
3. If A is twice as efficient as B and together they take 12 days, A alone takes 18 days.
4. A pipe filling a tank in 4 hours fills one-fifth of it in 48 minutes.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q27. [Speed Time Distance | Direct] A train 150 m long crosses a signal pole in 9 seconds. Its speed in km/h is

- (a) 120
- (b) 60
- (c) 270
- (d) 62

Q28. [Speed Time Distance | Direct] Two trains of lengths 120 m and 130 m run on parallel tracks in opposite directions at 60 km/h and 40 km/h. They take how many seconds to cross each other completely?

- (a) 9
- (b) 11
- (c) 45
- (d) 15

Q29. [Speed Time Distance | Direct] A man goes from A to B at 30 km/h and returns at 60 km/h along the same road. His average speed for the round trip is (km/h)

- (a) 45
- (b) 30
- (c) 60
- (d) 40

Q30. [Speed Time Distance | Direct] A boat goes at 12 km/h in still water and the stream flows at 3 km/h. The time taken to go 36 km downstream and come back 36 km upstream is (hours)

- (a) 6
- (b) 4
- (c) 2.4
- (d) 6.4

Q31. [Speed Time Distance | Direct] A train 200 m long crosses a platform 300 m long in 25 seconds. Its speed is (km/h)

- (a) 144
- (b) 72
- (c) 20
- (d) 74

Q32. [Speed Time Distance | Statement (which)] With reference to speed and distance, consider the following statements:

1. 72 km/h is the same as 20 m/s.
2. A body covering 90 km in 1.5 hours moves at 55 km/h.
3. Two persons walking towards each other at 4 km/h and 6 km/h from 20 km apart meet after 2 hours.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q33. [Simple and Compound Interest | Direct] The compound interest on Rs 20000 at 5% per annum for 2 years, compounded annually, is Rs

- (a) 2050
- (b) 2000
- (c) 2005
- (d) 3000

Q34. [Simple and Compound Interest | Direct] The difference between compound interest and simple interest on Rs 5000 for 2 years at 10% per annum is Rs

- (a) 500
- (b) 52
- (c) 5000
- (d) 50

Q35. [Ages | Direct] A father is 40 years old and his son is 12. After how many years will the father be exactly twice as old as the son?

- (a) 18
- (b) 16
- (c) 8
- (d) 28

Q36. [Ages | Direct] The present ages of two brothers are in the ratio 4:5. After 5 years the ratio will be 5:6. The present age of the younger brother is (years)

- (a) 20
- (b) 40
- (c) 25
- (d) 22

Q37. [Simple and Compound Interest | Statement (which)] With reference to interest, consider the following statements:

1. Simple interest on Rs 2000 at 10% per annum for 3 years is Rs 600.
2. Compound interest on Rs 1000 at 10% for 2 years is Rs 200.
3. Money at compound interest at 10% annually, if left for 2 years, earns more than the same sum at simple interest at 10%.

Which of the statements given above is/are correct?

- (a) 1 and 2 only
- (b) 1 and 3 only
- (c) 2 and 3 only
- (d) 1, 2 and 3

Q38. [Number System | Direct] The largest 3-digit number exactly divisible by 7 is

- (a) 994
- (b) 996
- (c) 1001
- (d) 987

Q39. [Number System | Direct] The unit digit of 7 raised to the power 123 is

- (a) 7
- (b) 3
- (c) 9

- (d) 1

Q40. [Number System | Direct] The HCF of 36, 48 and 60 is

- (a) 4
- (b) 6
- (c) 24
- (d) 12

Q41. [Number System | Direct] The smallest number which, when divided by 12, 15 and 20, leaves remainder 5 in each case, is

- (a) 125
- (b) 60
- (c) 120
- (d) 65

Q42. [Number System | Direct] The number of zeros at the end of 25! (25 factorial) is

- (a) 25
- (b) 6
- (c) 5
- (d) 4

Q43. [Number System | Direct] How many numbers from 1 to 100 are divisible by 3 or by 5?

- (a) 47
- (b) 49
- (c) 60
- (d) 53

Q44. [Number System | Direct] How many prime numbers lie between 1 and 30?

- (a) 10
- (b) 9
- (c) 8
- (d) 11

Q45. [Number System | Statement (how many)] With reference to number properties, consider the following statements:

1. A number is divisible by 9 if the sum of its digits is divisible by 9.
2. A number is divisible by 4 if its last two digits form a number divisible by 4.
3. The number 91 is a prime number.
4. The HCF of two numbers always divides their LCM.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q46. [Number System | Match the following] Match the expression with its value.

List I	List II
A. LCM of 4 and 6	1. 6
B. HCF of 18 and 24	2. 55
C. Number of primes below 20	3. 12
D. Sum of first 10 natural numbers	4. 8

- (a) A-2, B-3, C-4, D-1
- (b) A-3, B-1, C-4, D-2
- (c) A-4, B-1, C-3, D-2

- (d) A-4, B-1, C-2, D-3

Q47. [Number System | Chronology] Arrange the following fractions in ascending order of value.

A. 5/8
B. 2/3
C. 3/4
D. 7/10

- (a) B - C - D - A
- (b) B - D - A - C
- (c) D - C - B - A
- (d) A - B - D - C

Q48. [Mensuration | Direct] Taking pi = 22/7, the area of a circle of radius 14 cm is (sq cm)

- (a) 1232
- (b) 44
- (c) 196
- (d) 616

Q49. [Mensuration | Direct] The total surface area of a cuboid of length 10 cm, breadth 8 cm and height 5 cm is (sq cm)

- (a) 340
- (b) 400
- (c) 800
- (d) 170

Q50. [Mensuration | Direct] Taking pi = 22/7, the volume of a cylinder of radius 7 cm and height 10 cm is (cubic cm)

- (a) 440
- (b) 1540
- (c) 1542
- (d) 220

Q51. [Mensuration | Direct] Taking pi = 22/7, the volume of a cone of radius 7 cm and height 6 cm is (cubic cm)

- (a) 616
- (b) 308
- (c) 924
- (d) 132

Q52. [Mensuration | Statement (how many)] With reference to solid shapes, consider the following statements:

1. The volume of a cone is one-third of the volume of a cylinder of the same base and height.
2. The total surface area of a cube of side 5 cm is 150 sq cm.
3. The diagonal of a square of side 10 cm is 10 cm.
4. Doubling the radius of a circle doubles its area.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q53. [Mensuration | Chronology] Arrange the following in ascending order of area (pi = 22/7).

A. Rectangle 12 cm by 11 cm
B. Circle of radius 6 cm

C. Triangle with base 30 cm and height 10 cm
D. Square of side 10 cm

- (a) D - B - A - C
- (b) C - D - A - B
- (c) A - D - C - B
- (d) B - A - C - D

Q54. [Probability and Permutation-Combination | Direct] Two fair dice are thrown together. The probability that the sum of the numbers is 7 is

- (a) 5/36
- (b) 1/9
- (c) 1/12
- (d) 1/6

Q55. [Probability and Permutation-Combination | Direct] Three fair coins are tossed. The probability of getting exactly two heads is

- (a) 1/4
- (b) 3/8
- (c) 1/8
- (d) 1/2

Q56. [Probability and Permutation-Combination | Direct] A bag has 5 red, 3 blue and 2 green balls. One ball is drawn at random. The probability that it is not blue is

- (a) 7/10
- (b) 3/10
- (c) 1/5
- (d) 1/2

Q57. [Probability and Permutation-Combination | Direct] From the same bag (5 red, 3 blue, 2 green), two balls are drawn together. The probability that both are red is

- (a) 4/9
- (b) 5/9
- (c) 1/4
- (d) 2/9

Q58. [Probability and Permutation-Combination | Direct] The number of different arrangements of the letters of the word LEVEL is

- (a) 60
- (b) 120
- (c) 24
- (d) 30

Q59. [Probability and Permutation-Combination | Direct] A committee of 3 is to be chosen from 8 people. The number of ways is

- (a) 56
- (b) 512
- (c) 24
- (d) 336

Q60. [Probability and Permutation-Combination | Direct] In a party of 12 people, each person shakes hands with every other person once. The total number of handshakes is

- (a) 132
- (b) 66
- (c) 144
- (d) 24

Q61. [Probability and Permutation-Combination | Direct] In how many ways can 5 people be seated around a circular table?

- (a) 25
- (b) 120
- (c) 24
- (d) 60

Q62. [Probability and Permutation-Combination | Statement (how many)] With reference to probability, consider the following statements:

1. The probability of a certain event is 1.
2. The probability of drawing a king from a standard pack of 52 cards is 1/13.
3. When a single fair die is thrown, the probability of getting a prime number is 1/2.
4. When two coins are tossed, the probability of two heads is 1/2.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q63. [Probability and Permutation-Combination | Chronology] Arrange the following events in ascending order of probability.

A. Getting two heads on two coins
B. Getting a number less than 5 on one die
C. Getting a sum below 13 on two dice
D. Getting a prime on one die

- (a) B - A - D - C
- (b) A - D - B - C
- (c) C - D - A - B
- (d) C - B - A - D

Q64. [Number and Letter Series | Direct] Find the next term: 3, 6, 12, 24, ...

- (a) 36
- (b) 30
- (c) 54
- (d) 48

Q65. [Number and Letter Series | Direct] Find the next term: 2, 6, 12, 20, 30, ...

- (a) 48
- (b) 36
- (c) 42
- (d) 40

Q66. [Number and Letter Series | Direct] Find the next term: 1, 1, 2, 3, 5, 8, 13, ...

- (a) 21
- (b) 26
- (c) 20
- (d) 18

Q67. [Number and Letter Series | Direct] Find the next letter: A, C, F, J, O, ...

- (a) U
- (b) S
- (c) T
- (d) V

Q68. [Calendar and Clock | Direct] On what day of the week did 26/01/1950 fall? (This is the date on which the Constitution came into force.)

- (a) Friday
- (b) Saturday
- (c) Sunday
- (d) Thursday

Q69. [Calendar and Clock | Direct] On what day of the week did 01/11/1956 fall? (This is the date on which Karnataka (then Mysore State) was reorganised.)

- (a) Saturday
- (b) Friday
- (c) Thursday
- (d) Sunday

Q70. [Calendar and Clock | Direct] On what day of the week did 15/11/2026 fall? (This is the date on which the KPSC prelims is scheduled (tentative).)

- (a) Monday
- (b) Sunday
- (c) Tuesday
- (d) Wednesday

Q71. [Calendar and Clock | Direct] How many leap years are there from 2001 to 2100 (both inclusive)?

- (a) 26
- (b) 24
- (c) 25
- (d) 23

Q72. [Calendar and Clock | Direct] The angle between the hour hand and the minute hand at 3:30 is (degrees)

- (a) 60
- (b) 90
- (c) 105
- (d) 75

Q73. [Calendar and Clock | Direct] How many times do the hands of a clock coincide in a day (24 hours)?

- (a) 21
- (b) 23
- (c) 22
- (d) 24

Q74. [Syllogism and Logical Reasoning | Statement (which)] Statements: All pens are books and All books are bags. (Assume every class named is non-empty.) On the basis of these, consider the following statements:

1. All pens are bags.
2. Some bags are pens.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

Q75. [Syllogism and Logical Reasoning | Statement (which)] Statements: All roses are flowers and No flowers are trees. (Assume every class named is non-empty.) On the basis of these, consider the following statements:

1. No roses are trees.
2. Some roses are trees.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

Q76. [Syllogism and Logical Reasoning | Statement (which)] Statements: Some cats are dogs and All dogs are birds. (Assume every class named is non-empty.) On the basis of these, consider the following statements:

1. Some cats are birds.
2. All cats are birds.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

Q77. [Syllogism and Logical Reasoning | Statement (which)] Statements: All chairs are tables and Some tables are desks. (Assume every class named is non-empty.) On the basis of these, consider the following statements:

1. Some chairs are desks.
2. Some desks are chairs.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

Q78. [Syllogism and Logical Reasoning | Statement (which)] Statements: No pencils are erasers and All rulers are erasers. (Assume every class named is non-empty.) On the basis of these, consider the following statements:

1. No pencils are rulers.
2. Some pencils are rulers.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

Q79. [Syllogism and Logical Reasoning | Statement (which)] Statements: Some apples are fruits and Some fruits are sweets. (Assume every class named is non-empty.) On the basis of these, consider the following statements:

1. Some apples are sweets.
2. Some sweets are apples.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

Q80. [Syllogism and Logical Reasoning | Statement (which)] Statements: All lions are tigers and Some zebras are not tigers. (Assume every class named is non-empty.) On the basis of these, consider the following statements:

1. Some zebras are not lions.
2. No lions are zebras.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

Q81. [Syllogism and Logical Reasoning | Statement (which)] Statements: All Kannadigas are poets and Some Kannadigas are farmers. (Assume every class named is non-empty.) On the basis of these, consider the following statements:

1. Some poets are farmers.
2. All farmers are Kannadigas.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

Q82. [Coding-Decoding | Direct] In a certain code, CAT is written as ECV. In the same code, DOG will be written as

- (a) FQI
- (b) EPH
- (c) FQJ
- (d) FPI

Q83. [Coding-Decoding | Direct] In a certain code, PEN is written as KVM. In the same code, CAT will be written as

- (a) YZG
- (b) XZH
- (c) XYG
- (d) XZG

Q84. [Coding-Decoding | Direct] If A = 1, B = 2, C = 3 and so on, the sum of the letter values of the word MANGO is

- (a) 70
- (b) 66
- (c) 50
- (d) 72

Q85. [Coding-Decoding | Match the following] Each word below is coded by moving every letter 1 step ahead in the alphabet. Match the word with its code.

List I	List II
A. HELP	1. DPJO
B. ROAD	2. SPBE
C. FARM	3. GBSN
D. COIN	4. IFMQ

- (a) A-2, B-1, C-3, D-4
- (b) A-4, B-2, C-3, D-1
- (c) A-1, B-2, C-3, D-4

- (d) A-3, B-4, C-2, D-1

Q86. [Blood Relations | Direct] Pointing to a man, Ravi (a male) said, "His mother is the only daughter of my mother." How is the man related to Ravi?

- (a) Nephew
- (b) Cousin
- (c) Son
- (d) Brother

Q87. [Blood Relations | Direct] A is the brother of B. B is the sister of C. C is the father of D. How is A related to D?

- (a) Cousin
- (b) Uncle
- (c) Father
- (d) Brother

Q88. [Blood Relations | Direct] P is the husband of Q. R is the son of P and Q. S is the wife of R. How is S related to P?

- (a) Daughter
- (b) Niece
- (c) Sister-in-law
- (d) Daughter-in-law

Q89. [Blood Relations | Direct] A woman points to a man and says, "He is the son of my mother's only brother." The man is her

- (a) Cousin
- (b) Nephew
- (c) Uncle
- (d) Brother

Q90. [Direction Sense | Direct] A man walks 5 km towards the north, turns right and walks 3 km, then turns right again and walks 5 km. How far is he from the starting point (km)?

- (a) 13
- (b) 8
- (c) 3
- (d) 5

Q91. [Direction Sense | Statement (how many)] With reference to directions on a map, consider the following statements:

1. If you face north and turn right, you face east.
2. If you face south and turn left, you face west.
3. The shortest distance after walking 3 km east and 4 km north is 5 km.
4. North-east lies exactly midway between north and east.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q92. [Blood Relations | Match the following] Match the relationship description with the relation.

List I	List II
A. Father's brother (to a male)	1. Uncle
B. Mother's sister	2. Nephew
C. Brother's son	3. Brother-in-law

List I	List II
D. Wife's brother	4. Aunt

- (a) A-2, B-4, C-3, D-1
- (b) A-4, B-3, C-2, D-1
- (c) A-1, B-4, C-2, D-3
- (d) A-3, B-4, C-1, D-2

Q93. [Percentage | Statement (how many)] With reference to percentages, consider the following statements:

1. A number raised by 20% and then cut by 20% ends at 96% of the original.
2. 25% of 250 equals 62.5.
3. If sugar becomes 25% costlier, a family must cut consumption by 20% to keep spending the same.
4. 50 is 80% of 40.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q94. [Percentage | Chronology] Arrange the following in ascending order of value.

A. 2% of 2000
B. 15% of 200
C. 12.5% of 400
D. 40% of 90

- (a) B - D - C - A
- (b) A - D - B - C
- (c) C - B - D - A
- (d) B - D - A - C

Q95. [Percentage | Match the following] Match the fraction with its percentage value.

List I	List II
A. 1/8	1. 35%
B. 3/5	2. 125%
C. 7/20	3. 60%
D. 5/4	4. 12.5%

- (a) A-4, B-1, C-2, D-3
- (b) A-4, B-3, C-1, D-2
- (c) A-4, B-3, C-2, D-1
- (d) A-1, B-3, C-2, D-4

Q96. [Percentage | Assertion-Reason]
Assertion (A): A 20% rise followed by a 20% fall leaves a price lower than the original.

Reason (R): A percentage fall is calculated on the new, increased price (a bigger base).

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q97. [Profit and Loss | Statement (how many)] With reference to profit and loss, consider the following statements:

1. An article costing Rs 400 sold for Rs 500 yields a profit of 25%.

2. Selling an article costing Rs 150 at a 20% profit gives a selling price of Rs 180.
3. An article marked at Rs 800 and sold for Rs 640 carries a discount of 25%.

How many of the above statements are correct?

- (a) None
- (b) Only one
- (c) Only two
- (d) All three

Q98. [Profit and Loss | Match the following] Match each situation with its result.

List I	List II
A. Cost Rs 200, sold for Rs 250	1. 20% loss
B. Cost Rs 250, sold for Rs 200	2. Rs 450
C. Marked Rs 500, 10% discount, selling price	3. Rs 100
D. Cost Rs 80, 25% profit, selling price	4. 25% profit

- (a) A-4, B-1, C-2, D-3
- (b) A-1, B-3, C-2, D-4
- (c) A-4, B-2, C-1, D-3
- (d) A-2, B-4, C-1, D-3

Q99. [Profit and Loss | Assertion-Reason]
Assertion (A): A profit of 25% on cost price is the same as a profit of 20% on selling price.

Reason (R): When CP is 100 and profit is 25, the selling price is 125 and 25 is 20% of 125.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q100. [Ratio and Partnership | Statement (how many)] With reference to ratios, consider the following statements:

1. If a:b = 2:3 and b:c = 4:5, then a:c = 8:15.
2. Rs 700 is divided in the ratio 3:4. The larger share is Rs 400.
3. The mean proportion between 4 and 9 is 6.
4. The duplicate ratio of 2:3 is 4:6.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q101. [Average | Statement (how many)] With reference to averages, consider the following statements:

1. The average of the first 9 natural numbers is 5.
2. The average of 12, 15, 18 and 21 is 17.
3. If the average of 5 numbers is 20, their sum is 100.

How many of the above statements are correct?

- (a) None
- (b) Only one
- (c) Only two
- (d) All three

Q102. [Time and Work | Match the following] Match the two workers (days alone) with the days taken working together.

List I	List II
A. A: 6 days, B: 3 days	1. 4
B. A: 10 days, B: 15 days	2. 6
C. A: 20 days, B: 5 days	3. 5
D. A: 10 days, B: 10 days	4. 2

- (a) A-3, B-2, C-4, D-1
- (b) A-4, B-2, C-1, D-3
- (c) A-4, B-3, C-1, D-2
- (d) A-2, B-4, C-1, D-3

Q103. [Time and Work | Assertion-Reason]
Assertion (A): If 8 men finish a job in 15 days, then 12 men (of equal skill) finish it in 10 days.

Reason (R): The number of workers and the days needed are inversely proportional when the work is fixed.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q104. [Speed Time Distance | Chronology] Arrange the following speeds in ascending order.

A. 40 km/h
B. 10 m/s
C. 15 m/s
D. 1 km per minute

- (a) C - D - A - B
- (b) B - C - A - D
- (c) D - A - C - B
- (d) B - A - C - D

Q105. [Speed Time Distance | Match the following] Match the speed in km/h with its value in m/s.

List I	List II
A. 36 km/h	1. 10 m/s
B. 72 km/h	2. 25 m/s
C. 90 km/h	3. 15 m/s
D. 54 km/h	4. 20 m/s

- (a) A-2, B-4, C-3, D-1
- (b) A-1, B-3, C-2, D-4
- (c) A-1, B-4, C-2, D-3
- (d) A-3, B-4, C-1, D-2

Q106. [Speed Time Distance | Assertion-Reason]
Assertion (A): The average speed for a round trip covering equal distances at 40 km/h and 60 km/h is 48 km/h.

Reason (R): For equal distances the average speed is the harmonic mean, not the simple average, of the two speeds.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q107. [Simple and Compound Interest | Match the following] Match each item (principal Rs 1000, rate 10% per annum) with its value in rupees.

List I	List II
A. SI for 2 years	1. 200
B. CI for 2 years	2. 10
C. CI minus SI for 2 years	3. 210
D. Amount at SI for 3 years	4. 1300

- (a) A-1, B-3, C-2, D-4
- (b) A-2, B-3, C-1, D-4
- (c) A-2, B-1, C-3, D-4
- (d) A-3, B-2, C-1, D-4

Q108. [Ages | Statement (how many)] With reference to ages, consider the following statements:

1. A father is 30 and his son is 6. After 6 years the father will be thrice as old as the son.
2. Two persons have ages in the ratio 5:3 and the sum is 40. The elder is 25 years old.
3. The sum of two ages is 60 and their difference is 10. The younger is 30.
4. A mother is 3 times as old as her daughter, who is 8. After 12 years the mother will be 36.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q109. [Number System | Assertion-Reason]
Assertion (A): 91 is a prime number.

Reason (R): 91 is not divisible by 2, 3 or 5.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q110. [Number System | Assertion-Reason]
Assertion (A): The LCM of two co-prime numbers is equal to their product.

Reason (R): Co-prime numbers have a highest common factor of 1.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q111. [Mensuration | Match the following] Match the item with its value (pi = 22/7 where needed).

List I	List II
A. Area of a circle of radius 7 cm (sq cm)	1. 154
B. Area of a square of side 9 cm (sq cm)	2. 13
C. Diagonal of a 12 cm by 5 cm rectangle (cm)	3. 64
D. Volume of a cube of side 4 cm (cubic cm)	4. 81

- (a) A-2, B-4, C-3, D-1
- (b) A-2, B-1, C-4, D-3
- (c) A-4, B-1, C-2, D-3
- (d) A-1, B-4, C-2, D-3

Q112. [Probability and Permutation-Combination | Assertion-Reason]
Assertion (A): The probability of getting a sum of 12 on two fair dice is 1/36.

Reason (R): Only one outcome, (6,6), gives a sum of 12.

In the context of the two statements, which one of the following is correct?

- (a) Both A and R are true and R is the correct explanation of A
- (b) Both A and R are true but R is not the correct explanation of A
- (c) A is true but R is false
- (d) A is false but R is true

Q113. [Probability and Permutation-Combination | Match the following] Match the event with its probability.

List I	List II
A. Exactly one head when two coins are tossed	1. 1/36
B. Two sixes when two dice are thrown	2. 1/6
C. An ace from a well-shuffled pack of 52 cards	3. 1/13
D. A sum of 7 on two dice	4. 1/2

- (a) A-2, B-4, C-3, D-1
- (b) A-3, B-1, C-2, D-4
- (c) A-4, B-1, C-3, D-2
- (d) A-4, B-1, C-2, D-3

Q114. [Calendar and Clock | Statement (how many)] With reference to leap years, consider the following statements:

1. The year 2028 is a leap year.
2. The year 1900 was a leap year.
3. The year 2000 was a leap year.
4. Every year divisible by 4 is a leap year.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q115. [Calendar and Clock | Statement (how many)] With reference to the angle between the hands of a clock, consider the following statements:

1. The hands are at right angles at 3:00.
2. At 6:00 the hands are 180 degrees apart.
3. At 12:30 the angle between the hands is 165 degrees.
4. At 9:15 the hands are exactly 90 degrees apart.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q116. [Number and Letter Series | Statement (how many)] With reference to number series, consider the following statements:

1. In the series 5, 10, 20, 40 the next term is 80.
2. The series 1, 8, 27, 64 consists of cubes of consecutive natural numbers.
3. The next term in 1, 3, 6, 10 is 14.
4. The next term in 2, 4, 8, 14, 22 is 32.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q117. [Data Interpretation | Direct] The sales (Rs lakh) of a company over four years were: 2021: 40, 2022: 50, 2023: 60, 2024: 90. The percentage growth in sales from 2023 to 2024 is

- (a) 52%
- (b) 50%
- (c) 33%
- (d) 30%

Q118. [Data Interpretation | Statement (how many)] The sales (Rs lakh) of a company over four years were: 2021: 40, 2022: 50, 2023: 60, 2024: 90. With reference to this data, consider the following statements:

1. The highest percentage growth between consecutive years was in 2023-24.
2. Total sales in 2021 and 2022 together were less than the sales of 2024.
3. The sales in 2023 were 20% more than in 2022.
4. The sales in 2024 were double the sales in 2021.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q119. [Data Interpretation | Chronology] The sales (Rs lakh) of a company over four years were: 2021: 40, 2022: 50, 2023: 60, 2024: 90. Arrange the following growth rates in ascending order.

A. 2022-23 growth
B. 2021-22 growth
C. 2021 to 2024 overall growth
D. 2023-24 growth

- (a) A - B - D - C
- (b) A - C - B - D
- (c) C - D - B - A
- (d) C - B - A - D

Q120. [Percentage | Statement (how many)] With reference to percentages, consider the following statements:

1. 8% of 200 is 16.
2. 45% of 400 is 181.
3. 15% of 500 is 75.
4. 60% of 400 is 250.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q121. [Percentage | Statement (how many)] With reference to percentages, consider the following statements:

1. 40% of 500 is 210.
2. 15% of 40 is 6.
3. 60% of 60 is 36.
4. 8% of 150 is 12.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q122. [Speed Time Distance | Statement (how many)] With reference to units of speed, consider the following statements:

1. 36 km/h is the same as 10 m/s.
2. 126 km/h is the same as 36 m/s.
3. 90 km/h is the same as 25 m/s.
4. 54 km/h is the same as 25 m/s.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q123. [Speed Time Distance | Statement (how many)] With reference to units of speed, consider the following statements:

1. 72 km/h is the same as 25 m/s.
2. 108 km/h is the same as 30 m/s.
3. 144 km/h is the same as 40 m/s.
4. 45 km/h is the same as 12.5 m/s.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q124. [Simple and Compound Interest | Statement (how many)] With reference to simple interest, consider the following statements:

1. The simple interest on Rs 8000 at 12% per annum for 4 years is Rs 3840.
2. The simple interest on Rs 2000 at 8% per annum for 4 years is Rs 650.
3. The simple interest on Rs 5000 at 5% per annum for 5 years is Rs 1250.
4. The simple interest on Rs 6000 at 12% per annum for 5 years is Rs 3601.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q125. [Simple and Compound Interest | Statement (how many)] With reference to simple interest, consider the following statements:

1. The simple interest on Rs 5000 at 12% per annum for 5 years is Rs 3010.
2. The simple interest on Rs 6000 at 8% per annum for 5 years is Rs 2400.
3. The simple interest on Rs 6000 at 10% per annum for 2 years is Rs 1200.
4. The simple interest on Rs 6000 at 6% per annum for 3 years is Rs 1080.

How many of the above statements are correct?

- (a) Only one
- (b) Only two

- (c) Only three
- (d) All four

Q126. [Average | Statement (how many)] With reference to averages, consider the following statements:

1. The average of 55, 43, 52 is 50.
2. The average of 55, 49, 37 is 57.
3. The average of 40, 24, 17 is 27.
4. The average of 16, 38, 54, 55, 42 is 46.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q127. [Average | Statement (how many)] With reference to averages, consider the following statements:

1. The average of 33, 16, 22, 57 is 42.
2. The average of 38, 10, 15 is 21.
3. The average of 38, 47, 44 is 43.
4. The average of 49, 22, 25 is 32.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q128. [Ratio and Partnership | Statement (how many)] With reference to sharing in a ratio, consider the following statements:

1. Rs 600 is divided in the ratio 2:3. The smaller share is Rs 240.
2. Rs 720 is divided in the ratio 4:5. The smaller share is Rs 322.
3. Rs 400 is divided in the ratio 2:3. The smaller share is Rs 160.
4. Rs 1080 is divided in the ratio 2:7. The smaller share is Rs 250.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q129. [Ratio and Partnership | Statement (how many)] With reference to sharing in a ratio, consider the following statements:

1. Rs 960 is divided in the ratio 3:5. The smaller share is Rs 362.
2. Rs 480 is divided in the ratio 1:3. The smaller share is Rs 120.
3. Rs 720 is divided in the ratio 2:7. The smaller share is Rs 160.
4. Rs 500 is divided in the ratio 2:3. The smaller share is Rs 200.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q130. [Probability and Permutation-Combination | Statement (how many)] With reference to combinations, consider the following statements:

1. The number of ways of choosing 2 persons out of 7 is 21.
2. The number of ways of choosing 3 persons out of 10 is 132.
3. The number of ways of choosing 3 persons out of 9 is 84.
4. The number of ways of choosing 2 persons out of 9 is 37.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q131. [Probability and Permutation-Combination | Statement (how many)] With reference to combinations, consider the following statements:

1. The number of ways of choosing 3 persons out of 6 is 25.
2. The number of ways of choosing 2 persons out of 6 is 15.
3. The number of ways of choosing 3 persons out of 8 is 56.
4. The number of ways of choosing 2 persons out of 10 is 45.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q132. [Number System | Statement (how many)] With reference to LCM, consider the following statements:

1. The LCM of 8 and 12 is 24.
2. The LCM of 14 and 21 is 52.
3. The LCM of 6 and 8 is 24.
4. The LCM of 15 and 20 is 66.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q133. [Number System | Statement (how many)] With reference to LCM, consider the following statements:

1. The LCM of 18 and 24 is 74.
2. The LCM of 16 and 24 is 48.
3. The LCM of 9 and 12 is 36.
4. The LCM of 12 and 18 is 36.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q134. [Profit and Loss | Statement (how many)] With reference to profit percentage, consider the following statements:

1. An article bought for Rs 500 and sold for Rs 625 gives a profit of 25%.
2. An article bought for Rs 250 and sold for Rs 275 gives a profit of 15%.
3. An article bought for Rs 500 and sold for Rs 650 gives a profit of 30%.

4. An article bought for Rs 500 and sold for Rs 600 gives a profit of 25%.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q135. [Profit and Loss | Statement (how many)] With reference to profit percentage, consider the following statements:

1. An article bought for Rs 800 and sold for Rs 1040 gives a profit of 40%.
2. An article bought for Rs 200 and sold for Rs 280 gives a profit of 40%.
3. An article bought for Rs 800 and sold for Rs 1000 gives a profit of 25%.
4. An article bought for Rs 200 and sold for Rs 240 gives a profit of 20%.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q136. [Profit and Loss | Statement (how many)] With reference to discounts, consider the following statements:

1. An article marked at Rs 800 is sold at a discount of 10%. Its selling price is Rs 720.
2. An article marked at Rs 500 is sold at a discount of 25%. Its selling price is Rs 380.
3. An article marked at Rs 2000 is sold at a discount of 15%. Its selling price is Rs 1700.
4. An article marked at Rs 500 is sold at a discount of 20%. Its selling price is Rs 402.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q137. [Profit and Loss | Statement (how many)] With reference to discounts, consider the following statements:

1. An article marked at Rs 1200 is sold at a discount of 15%. Its selling price is Rs 1021.
2. An article marked at Rs 1200 is sold at a discount of 20%. Its selling price is Rs 960.
3. An article marked at Rs 1200 is sold at a discount of 10%. Its selling price is Rs 1080.
4. An article marked at Rs 500 is sold at a discount of 10%. Its selling price is Rs 450.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q138. [Time and Work | Statement (how many)] With reference to joint work, consider the following statements:

1. A can do a job in 10 days and B in 40 days. Together they finish it in 8 days.
2. A can do a job in 20 days and B in 30 days. Together they finish it in 13 days.
3. A can do a job in 18 days and B in 9 days. Together they finish it in 6 days.
4. A can do a job in 9 days and B in 18 days. Together they finish it in 9 days.

How many of the above statements are correct?

- (a) Only one

- (b) Only two
- (c) Only three
- (d) All four

Q139. [Time and Work | Statement (how many)] With reference to joint work, consider the following statements:

1. A can do a job in 15 days and B in 10 days. Together they finish it in 11 days.
2. A can do a job in 12 days and B in 6 days. Together they finish it in 4 days.
3. A can do a job in 30 days and B in 15 days. Together they finish it in 10 days.
4. A can do a job in 8 days and B in 24 days. Together they finish it in 6 days.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q140. [Number System | Statement (how many)] With reference to unit digits, consider the following statements:

1. The unit digit of 2 raised to the power 15 is 8.
2. The unit digit of 9 raised to the power 13 is 0.
3. The unit digit of 3 raised to the power 22 is 9.
4. The unit digit of 7 raised to the power 23 is 6.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q141. [Number System | Statement (how many)] With reference to unit digits, consider the following statements:

1. The unit digit of 8 raised to the power 21 is 0.
2. The unit digit of 4 raised to the power 11 is 4.
3. The unit digit of 9 raised to the power 18 is 1.
4. The unit digit of 2 raised to the power 19 is 8.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q142. [Mensuration | Statement (how many)] With reference to areas, consider the following statements:

1. The area of a rectangle 12 m by 9 m is 108 sq m.
2. The area of a rectangle 25 m by 6 m is 155 sq m.
3. The area of a rectangle 14 m by 11 m is 154 sq m.
4. The area of a rectangle 13 m by 8 m is 114 sq m.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q143. [Mensuration | Statement (how many)] With reference to areas, consider the following statements:

1. The area of a rectangle 15 m by 8 m is 125 sq m.
2. The area of a rectangle 16 m by 9 m is 144 sq m.
3. The area of a rectangle 18 m by 5 m is 90 sq m.
4. The area of a rectangle 20 m by 7 m is 140 sq m.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q144. [Ranking and Order | Direct] In a row of students, Rahul is 12th from the left end and 29th from the right end. Altogether, the row contains how many students?

- (a) 80
- (b) 41
- (c) 42
- (d) 40

Q145. [Ranking and Order | Statement (how many)] With reference to positions in a queue of 45 people, consider the following statements:

1. The person who is 15th from the front stands at position 31 from the back.
2. If Raju is 17th from the front, the number of people behind him is 28.
3. The number of persons between the 10th and the 25th (both excluded) from the front is 14.
4. The number of persons standing between the 5th from the front and the 5th from the back is 34.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q146. [Seating Arrangement | Statement (which)] Five colleagues A, B, C, D and E sit in a row facing north. A sits at one end of the row and B sits next to A. D sits immediately to the left of E. C does not sit next to B. A sits to the left of E.

1. D sits exactly in the middle of the row.
2. C sits at the right end of the row.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

Q147. [Cubes and Dice | Match the following] A solid cube of side 5 cm is painted on all faces and then cut into 1 cm cubes. Match the type of small cube with its number.

List I	List II
A. Painted on three faces	1. 36
B. Painted on two faces	2. 27
C. Painted on one face	3. 54
D. Not painted on any face	4. 8

- (a) A-4, B-1, C-3, D-2
- (b) A-1, B-3, C-4, D-2
- (c) A-2, B-4, C-3, D-1

- (d) A-2, B-1, C-3, D-4

Q148. [Cubes and Dice | Direct] A solid cube of side 3 cm is painted on all faces and cut into 27 cubes of side 1 cm. The number of small cubes with exactly one face painted is

- (a) 8
- (b) 12
- (c) 6
- (d) 1

Q149. [Venn Diagram and Sets | Statement (how many)] In a group of 60 students, 35 like tea, 30 like coffee and 10 like both.

1. The number liking only tea is 25.
2. The number liking at least one of the two drinks is 55.
3. The number liking exactly one drink is 45.
4. The number liking only coffee is 25.

How many of the above statements are correct?

- (a) Only one
- (b) Only two
- (c) Only three
- (d) All four

Q150. [Venn Diagram and Sets | Direct] In a class of 60, 35 like tea, 30 like coffee and 10 like both. The number who like neither is

- (a) 10
- (b) 5
- (c) 25
- (d) 15

Q151. [Logical Reasoning | Statement (which)] On an island, knights always tell the truth and knaves always lie. A says, "We are both knaves."

1. A is a knave.
2. B is a knave.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

Q152. [Logical Reasoning | Statement (which)] Three islanders A, B and C are each a knight (always truthful) or a knave (always lying). A says, "B is a knave." B says, "C is a knave." C says, "A and B are both knaves."

1. A is a knave.
2. C is a knight.

Which of the statements given above is/are correct?

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

Q153. [Odd One Out and Analogy | Odd-one/NOT] Find the odd one out: ACE, GIK, MOQ, PQR

- (a) MOQ
- (b) GIK
- (c) ACE
- (d) PQR

Q154. [Odd One Out and Analogy | Odd-one/NOT] Find the odd one out: 2, 3, 5, 9, 11, 13

- (a) 3
- (b) 9
- (c) 2
- (d) 5

Q155. [Odd One Out and Analogy | Odd-one/NOT] Find the odd one out: 16, 25, 36, 48, 49

- (a) 16
- (b) 25
- (c) 48
- (d) 36

Q156. [Odd One Out and Analogy | Direct] Complete the analogy: 3 : 27 :: 4 : ?

- (a) 64
- (b) 16
- (c) 81
- (d) 48

Answer key with explanations and sources

Q	Ans	Tag	Explanation	Sources	Status
1	(d) -4%	Percentage	Take 100: it becomes 120 then 96. Net change is -4%. Shortcut: a - b - ab/100. Do not just subtract the two percentages, that is the classic trap! Friend tip: turn the starting value into 100 and walk through the steps. No formula panic, only arithmetic.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
2	(d) -25%	Percentage	Take 100: it becomes 150 then 75. Net change is -25%. Shortcut: a - b - ab/100. Do not just subtract the two percentages, that is the classic trap! Friend tip: turn the starting value into 100 and walk through the steps. No formula panic, only arithmetic.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
3	(d) 48400	Percentage	Grow year by year: x(1+10/100) twice. Simple addition of 2x10% misses the growth on growth. Friend tip: turn the starting value into 100 and walk through the steps. No formula panic, only arithmetic.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
4	(d) 300	Percentage	Number = 45 x 100 / 15. Brute force scanning numbers 1 to 10000 also lands on it. Friend tip: turn the starting value into 100 and walk through the steps. No formula panic, only arithmetic.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
5	(d) 2000	Percentage	Margin is (2 x 55 - 100)% = 10% of the total. Total = 200 / 1/10. No vote lost, no recount drama. Friend tip: turn the starting value into 100 and walk through the steps. No formula panic, only arithmetic.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
6	(c) Only three	Percentage	Check each: 20% of 150 = 30 (true). 12.5% of 80 = 10, not 12 (false). 80 to 100 is 20/80 = 25% (true). 1.25 x 0.8 = 1 (true). Friend tip: turn the starting value into 100 and walk through the steps. No formula panic, only arithmetic.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
7	(d) A - D - C - B	Percentage	Convert to decimals: 0.375 < 0.4 < 0.4375 < 0.45. Same denominator trick or decimals, both give one answer. Friend tip: turn the starting value into 100 and walk through the steps. No formula panic, only arithmetic.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C

Q	Ans	Tag	Explanation	Sources	Status
8	(d) 1000	Profit and Loss	SP = CP x (100+gain)/100 = 800 x 125/100. Profit % is always on cost price unless told otherwise. Friend tip: profit and loss percentages are always on COST price unless the question says otherwise. Discount is on the marked price.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
9	(d) 810	Profit and Loss	Apply one after the other: 1000 x 90/100 x 90/100 = 810. Total discount is not 20%, it is slightly less. Friend tip: profit and loss percentages are always on COST price unless the question says otherwise. Discount is on the marked price.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
10	(d) 1440	Profit and Loss	Apply one after the other: 2000 x 80/100 x 90/100 = 1440. Total discount is not 30%, it is slightly less. Friend tip: profit and loss percentages are always on COST price unless the question says otherwise. Discount is on the marked price.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
11	(d) 80	Profit and Loss	Cost prices come out as 800 and 1200, total cost 2000 versus total sale 1920, so loss = Rs 80. Equal gain% and loss% on equal SP is always a loss of x squared by 100 percent. Friend tip: profit and loss percentages are always on COST price unless the question says otherwise. Discount is on the marked price.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
12	(d) 20%	Profit and Loss	Profit or loss = SP - CP = 50; divide by CP (250) and multiply by 100 = 20%. Divide by cost, not by selling price: that is the usual trap. Friend tip: profit and loss percentages are always on COST price unless the question says otherwise. Discount is on the marked price.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
13	(b) 1 and 3 only	Profit and Loss	First is true: 500 x 0.9 = 450. Second is false: 0.8 x 0.9 = 0.72, so the discount is 28%. Third is true: profit 25 on SP 125 is 20%. Friend tip: profit and loss percentages are always on COST price unless the question says otherwise. Discount is on the marked price.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
14	(a) 2880	Ratio and Partnership	Total parts = 2+3; one part = 7200/5; the share for 2 parts = 2880. Always add the parts first. Friend tip: add the ratio parts, divide the total by that sum to get one part, then multiply. Partners share profit in money times months.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
15	(a) 3000	Ratio and Partnership	Total parts = 6+5; one part = 5500/11; the share for 6 parts = 3000. Always add the parts first. Friend tip: add the ratio parts, divide the total by that sum to get one part, then multiply. Partners share profit in money times months.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
16	(d) 2500	Ratio and Partnership	Profit goes by money x time: A = 6000x12 = 72000; B = 9000x8 = 72000; ratio 72000:72000 = 1:1 here after simplifying. Money alone is not the full story. Friend tip: add the ratio parts, divide the total by that sum to get one part, then multiply. Partners share profit in money times months.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
17	(d) 1:3	Ratio and Partnership	Alligation: cheaper : dearer = (dearer - mean) : (mean - cheaper) = (60-55) : (55-40) = 1:3. A scan of small ratios agrees. Friend tip: add the ratio parts, divide the total by that sum to get one part, then multiply. Partners share profit in money times months.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
18	(c) Only three	Ratio and Partnership	Each follows from cross-multiplication or the product-of-extremes rule: 8/15 true; sqrt(36) = 6 true; 6x5/3 = 10 true; 5x40/8 = 25, so x = 25 and	Spectrum / standard competitive-exam text, Computed twice (formula and	C

Q	Ans	Tag	Explanation	Sources	Status
			the last one is false. Friend tip: add the ratio parts, divide the total by that sum to get one part, then multiply. Partners share profit in money times months.	brute-force script), see data/mental_solutions.txt	
19	(a) 41	Average	New total = 40x8+49; divide by 9. Average problems are really total problems wearing a costume. Friend tip: average = total divided by count. When someone joins or leaves, fix the TOTAL first and then divide again.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
20	(d) 52	Average	Change in total = 62-40 = 22; spread over 11 players gives a rise of 2 kg. Friend tip: average = total divided by count. When someone joins or leaves, fix the TOTAL first and then divide again.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
21	(a) 8	Average	Average of 1 to n is (n+1)/2 = 8. Gauss would be proud, and no calculator needed. Friend tip: average = total divided by count. When someone joins or leaves, fix the TOTAL first and then divide again.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
22	(a) 1 and 2 only	Average	First: 110/10 = 11 (true). Second: 45/3 = 15 (true). Third: 4 x 20 = 80, so it is false. Friend tip: average = total divided by count. When someone joins or leaves, fix the TOTAL first and then divide again.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
23	(d) 3	Time and Work	Per-day work: 1/12 + 1/4. Together = 12x4/(12+4) = 3 days. Brute force: add the daily work in tenths of a day until it reaches 1. Teamwork makes the dream work, and also the formula. Friend tip: take the LCM of the days as total work. Then everybody has a whole-number daily share.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
24	(b) 14.4	Time and Work	A does 6/20 = 0.3 of the work; the rest 0.7 is done at the combined rate. Total = 6 + 8.4. Friend tip: take the LCM of the days as total work. Then everybody has a whole-number daily share.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
25	(a) 30	Time and Work	Net rate = 1/10 - 1/15. Time = 10x15/(15-10) = 30 hours. The leak is like that friend who always eats your snacks. Friend tip: take the LCM of the days as total work. Then everybody has a whole-number daily share.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
26	(d) All four	Time and Work	First: 1/6 + 1/3 = 1/2 per day, 2 days (true). Second: 10x12 = 120 man-days, 120/20 = 6 (true). Third: A = 2B in rate and together 1/12 per day, so B = 1/36 per day and A = 1/18 per day. A takes 18 days (true). Fourth: one-fifth of 240 min = 48 (true). All four hold. Friend tip: take the LCM of the days as total work. Then everybody has a whole-number daily share.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
27	(b) 60	Speed Time Distance	Speed = distance / time = 150/9 m/s. Multiply m/s by 18/5 to get km/h: 16.67 x 3.6 = 60 km/h. (This answers the cliffhanger from the Geography bank!) Friend tip: speed x time = distance. Convert units first (x 5/18 for km/h to m/s), calculate later.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
28	(a) 9	Speed Time Distance	Opposite directions: speeds add = 100 km/h = 250/9 m/s. Distance to clear = 250 m. Time = 9 s. Friend tip: speed x time = distance. Convert units first (x 5/18 for km/h to m/s), calculate later.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C

Q	Ans	Tag	Explanation	Sources	Status
29	(d) 40	Speed Time Distance	Same distance both ways: average = 2xy/(x+y) = 2x30x60/90 = 40 km/h. Never use (x+y)/2 here, the slow leg takes more time! Friend tip: speed x time = distance. Convert units first (x 5/18 for km/h to m/s), calculate later.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
30	(d) 6.4	Speed Time Distance	Downstream speed 15, upstream speed 9. Time = 36/15 + 36/9 = 2.4 + 4 hours. Friend tip: speed x time = distance. Convert units first (x 5/18 for km/h to m/s), calculate later.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
31	(b) 72	Speed Time Distance	To cross a platform the train covers its own length plus the platform: 500 m in 25 s = 20 m/s = 72 km/h. Friend tip: speed x time = distance. Convert units first (x 5/18 for km/h to m/s), calculate later.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
32	(b) 1 and 3 only	Speed Time Distance	First: 72 x 5/18 = 20 (true). Second: 90/1.5 = 60, not 55 (false). Third: relative speed 10 km/h, 20/10 = 2 hours (true). Friend tip: speed x time = distance. Convert units first (x 5/18 for km/h to m/s), calculate later.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
33	(a) 2050	Simple and Compound Interest	Amount = 20000 x (1+5/100)^2 = 22050; CI = amount - principal = 2050. Compare with SI of 2000: compounding gives interest on interest. Friend tip: simple interest is a flat rate every year. Compound is interest on interest, and the difference over 2 years is P (r/100) squared.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
34	(d) 50	Simple and Compound Interest	For 2 years the difference is P(r/100)^2 = 5000 x (10/100)^2 = 50. This 2-year shortcut is a favourite. Friend tip: simple interest is a flat rate every year. Compound is interest on interest, and the difference over 2 years is P (r/100) squared.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
35	(b) 16	Ages	Let t years pass: 40+t = 2(12+t), so t = 40-2x12 = 16. Check: father 56, son 28. Friend tip: ages move together, so both people add the same number of years. The difference never changes, gottaaytu?	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
36	(a) 20	Ages	Let the ages be 4k and 5k. (4k+5) x 6 = (5k+5) x 5 gives k = 5. Younger = 4k = 20. Plug back in to check: the ratio becomes 5:6. Friend tip: ages move together, so both people add the same number of years. The difference never changes, gottaaytu?	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
37	(b) 1 and 3 only	Simple and Compound Interest	First: 2000x10x3/100 = 600 (true). Second: CI = 1000 x 1.21 - 1000 = 210, not 200 (false). Third: CI 210 beats SI 200 by P(r/100)^2 = 10 (true). Friend tip: simple interest is a flat rate every year. Compound is interest on interest, and the difference over 2 years is P (r/100) squared.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
38	(a) 994	Number System	999 / 7 leaves remainder 5, so 999 - 5 = 994. Brute force: scan 100 to 999. Friend tip: factorise first, always. HCF takes the smaller powers, LCM takes the bigger powers.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
39	(b) 3	Number System	Unit digits of powers of 7 repeat in a cycle of 4: 7, 9, 3, 1. 123 leaves remainder 3 when divided by 4, so the unit digit is 3. Friend tip: factorise first, always. HCF takes the smaller powers, LCM takes the bigger powers.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
40	(d) 12				C

Q	Ans	Tag	Explanation	Sources	Status
		Number System	Common factors: 1, 2, 3, 4, 6, 12. Greatest is 12. Friend tip: factorise first, always. HCF takes the smaller powers, LCM takes the bigger powers.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	
41	(d) 65	Number System	LCM(12,15,20) = 60. Add the common remainder: 60 + 5 = 65. Friend tip: factorise first, always. HCF takes the smaller powers, LCM takes the bigger powers.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
42	(b) 6	Number System	Count the 5s in 25!: 25/5 = 5 and 25/25 = 1, so 6 trailing zeros. A 10 needs a 2 and a 5, and 2s are plentiful. Friend tip: factorise first, always. HCF takes the smaller powers, LCM takes the bigger powers.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
43	(a) 47	Number System	Inclusion-exclusion: 33 + 20 - 6 (the multiples of 15 are counted twice) = 47. Friend tip: factorise first, always. HCF takes the smaller powers, LCM takes the bigger powers.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
44	(a) 10	Number System	2, 3, 5, 7, 11, 13, 17, 19, 23, 29: ten of them. Remember 1 is neither prime nor composite. Friend tip: factorise first, always. HCF takes the smaller powers, LCM takes the bigger powers.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
45	(c) Only three	Number System	Digit-sum rule for 9 works (true). Last-two-digits rule for 4 works (true). 91 = 7 x 13, so it is composite (false). HCF divides both numbers and so divides the LCM (true). Three statements are correct. Friend tip: factorise first, always. HCF takes the smaller powers, LCM takes the bigger powers.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
46	(b) A-3, B-1, C-4, D-2	Number System	LCM(4,6) = 12; HCF(18,24) = 6; primes below 20 are 2,3,5,7,11,13,17,19 = 8; 1+2+...+10 = 55. Friend tip: factorise first, always. HCF takes the smaller powers, LCM takes the bigger powers.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
47	(d) A - B - D - C	Number System	Convert to decimals: 5/8 = 0.625, 2/3 = 0.667, 7/10 = 0.7, 3/4 = 0.75. Friend tip: factorise first, always. HCF takes the smaller powers, LCM takes the bigger powers.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
48	(d) 616	Mensuration	Area = pi r^2 = 22/7 x 14 x 14 = 616. Check via circumference: 2 pi r x r / 2 gives the same. Friend tip: pi = 22/7 turns circle sums into easy multiples of 7. Check if the radius is 7, 14 or 21 and you will smile.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
49	(a) 340	Mensuration	TSA = 2(lb + bh + hl) = 2(80 + 40 + 50) = 340. Friend tip: pi = 22/7 turns circle sums into easy multiples of 7. Check if the radius is 7, 14 or 21 and you will smile.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
50	(b) 1540	Mensuration	V = pi r^2 h = 22/7 x 49 x 10 = 1540. Friend tip: pi = 22/7 turns circle sums into easy multiples of 7. Check if the radius is 7, 14 or 21 and you will smile.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
51	(b) 308	Mensuration	V = one-third pi r^2 h = 1/3 x 22/7 x 49 x 6 = 308. A cone is one-third of the cylinder with same	Spectrum / standard competitive-exam text,	C

Q	Ans	Tag	Explanation	Sources	Status
			base and height. Friend tip: pi = 22/7 turns circle sums into easy multiples of 7. Check if the radius is 7, 14 or 21 and you will smile.	Computed twice (formula and brute-force script), see data/mental_solutions.txt	
52	(b) Only two	Mensuration	Cone = 1/3 cylinder (true). Cube TSA = 6a^2 = 150 (true). Square diagonal = a root 2 = about 14.14 cm (false). Doubling the radius makes the area four times (false). Two statements are correct. Friend tip: pi = 22/7 turns circle sums into easy multiples of 7. Check if the radius is 7, 14 or 21 and you will smile.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
53	(a) D - B - A - C	Mensuration	Square 100; circle 22/7 x 36 = 113.14; rectangle 132; triangle 150. Friend tip: pi = 22/7 turns circle sums into easy multiples of 7. Check if the radius is 7, 14 or 21 and you will smile.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
54	(d) 1/6	Probability and Permutation-Combination	Favourable: (1,6),(2,5),(3,4),(4,3),(5,2),(6,1) = 6 out of 36 = 1/6. Friend tip: probability is favourable over total. Count the total first, then the favourable, then divide.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
55	(b) 3/8	Probability and Permutation-Combination	Exactly two heads: HHT, HTH, THH = 3 out of 8 outcomes. Friend tip: probability is favourable over total. Count the total first, then the favourable, then divide.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
56	(a) 7/10	Probability and Permutation-Combination	Not blue = 5 + 2 = 7 favourable out of 10. Friend tip: probability is favourable over total. Count the total first, then the favourable, then divide.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
57	(d) 2/9	Probability and Permutation-Combination	Favourable pairs C(5,2) = 10; total pairs C(10,2) = 45; probability = 10/45 = 2/9. Friend tip: probability is favourable over total. Count the total first, then the favourable, then divide.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
58	(d) 30	Probability and Permutation-Combination	5 letters with L twice and E twice: 5!/(2! x 2!) = 120/4 = 30. Friend tip: probability is favourable over total. Count the total first, then the favourable, then divide.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
59	(a) 56	Probability and Permutation-Combination	C(8,3) = 8x7x6/(3x2x1) = 56. Order does not matter in a committee. Friend tip: probability is favourable over total. Count the total first, then the favourable, then divide.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
60	(b) 66	Probability and Permutation-Combination	Choose 2 of 12: 12x11/2 = 66. Friend tip: probability is favourable over total. Count the total first, then the favourable, then divide.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
61	(c) 24	Probability and Permutation-Combination	Fix one person and arrange the other 4: (5-1)! = 24. Friend tip: probability is favourable over total. Count the total first, then the favourable, then divide.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
62	(c) Only three	Probability and Permutation-Combination	Certain event = 1 (true). 4 kings in 52 = 1/13 (true). Primes on a die: 2, 3, 5 = 3/6 = 1/2 (true). Two heads = 1/4 (false). Three statements are correct. Friend tip: probability is favourable over	Spectrum / standard competitive-exam text, Computed twice (formula and	C

Q	Ans	Tag	Explanation	Sources	Status
			total. Count the total first, then the favourable, then divide.	brute-force script), see data/mental_solutions.txt	
63	(b) A - D - B - C	Probability and Permutation-Combination	Probabilities: 1/4, 1/2, 2/3 and 1 (a sure event). Friend tip: probability is favourable over total. Count the total first, then the favourable, then divide.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
64	(d) 48	Number and Letter Series	Each term is double the previous one. Friend tip: look at the differences first, then the ratios, then squares, cubes and primes. Letters: convert to numbers.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
65	(c) 42	Number and Letter Series	Terms are n(n+1): 1x2, 2x3, 3x4, 4x5, 5x6, so the next is 6x7 = 42. Differences 4, 6, 8, 10, 12 also lead to 42. Friend tip: look at the differences first, then the ratios, then squares, cubes and primes. Letters: convert to numbers.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
66	(a) 21	Number and Letter Series	Fibonacci pattern: each term is the sum of the previous two. Friend tip: look at the differences first, then the ratios, then squares, cubes and primes. Letters: convert to numbers.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
67	(a) U	Number and Letter Series	Gaps are +2, +3, +4, +5, so next is +6: O to P, Q, R, S, T, U. Friend tip: look at the differences first, then the ratios, then squares, cubes and primes. Letters: convert to numbers.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
68	(d) Thursday	Calendar and Clock	Count odd days or use a formula: the date fell on Thursday. Cross-checked with Zeller's congruence. Friend tip: odd days are just the remainder after dividing by 7. Say the days Sunday to Saturday as 0 to 6 and the rest is addition.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
69	(c) Thursday	Calendar and Clock	Count odd days or use a formula: the date fell on Thursday. Cross-checked with Zeller's congruence. Friend tip: odd days are just the remainder after dividing by 7. Say the days Sunday to Saturday as 0 to 6 and the rest is addition.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
70	(b) Sunday	Calendar and Clock	Count odd days or use a formula: the date fell on Sunday. Cross-checked with Zeller's congruence. Friend tip: odd days are just the remainder after dividing by 7. Say the days Sunday to Saturday as 0 to 6 and the rest is addition.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
71	(b) 24	Calendar and Clock	Multiples of 4 give 25, but 2100 is a century not divisible by 400, so it is not a leap year: 24. Friend tip: odd days are just the remainder after dividing by 7. Say the days Sunday to Saturday as 0 to 6 and the rest is addition.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
72	(d) 75	Calendar and Clock	Formula: modulus of (30H - 5.5M) = modulus of (90 - 165) = 75. Hour hand has moved 105 degrees, minute hand 180 degrees. Friend tip: odd days are just the remainder after dividing by 7. Say the days Sunday to Saturday as 0 to 6 and the rest is addition.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
73	(c) 22	Calendar and Clock	In 12 hours the hands overlap 11 times (not 12, because the 11 o'clock overlap merges with the 12 one), so 22 times in a day. Brute force: overlaps happen every 720/11 minutes. Friend tip: odd days are just the remainder after dividing by	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C

Q	Ans	Tag	Explanation	Sources	Status
			7. Say the days Sunday to Saturday as 0 to 6 and the rest is addition.		
74	(c) Both 1 and 2	Syllogism and Logical Reasoning	Chain All-All gives All. And since pens exist inside bags, the converse "Some bags are pens" also follows. Friend tip: draw every legal picture. A conclusion that is not true in all of them does not follow.	Spectrum / standard competitive-exam text, Computed twice (rule and exhaustive Venn-model script), see data/mental_solutions.txt	C
75	(a) 1 only	Syllogism and Logical Reasoning	Roses sit inside flowers, flowers have no overlap with trees, so roses cannot be trees. "Some roses are trees" is the opposite of what is forced. Friend tip: draw every legal picture. A conclusion that is not true in all of them does not follow.	Spectrum / standard competitive-exam text, Computed twice (rule and exhaustive Venn-model script), see data/mental_solutions.txt	C
76	(a) 1 only	Syllogism and Logical Reasoning	The cats that are dogs are also birds, so some cats are birds. But only SOME cats were said to be dogs, so All cats are birds does not follow. Friend tip: draw every legal picture. A conclusion that is not true in all of them does not follow.	Spectrum / standard competitive-exam text, Computed twice (rule and exhaustive Venn-model script), see data/mental_solutions.txt	C
77	(d) Neither 1 nor 2	Syllogism and Logical Reasoning	Chairs are inside tables, and some tables are desks. Those desk-tables could lie outside the chairs, so no definite link between chairs and desks. Neither follows. Friend tip: draw every legal picture. A conclusion that is not true in all of them does not follow.	Spectrum / standard competitive-exam text, Computed twice (rule and exhaustive Venn-model script), see data/mental_solutions.txt	C
78	(a) 1 only	Syllogism and Logical Reasoning	Rulers are inside erasers, pencils have nothing in common with erasers, so pencils share nothing with rulers. The "some" conclusion contradicts that. Friend tip: draw every legal picture. A conclusion that is not true in all of them does not follow.	Spectrum / standard competitive-exam text, Computed twice (rule and exhaustive Venn-model script), see data/mental_solutions.txt	C
79	(d) Neither 1 nor 2	Syllogism and Logical Reasoning	Two "Some" premises never force a link. Some apples are fruits and some fruits are sweets, but they could be different fruits. Neither follows. Friend tip: draw every legal picture. A conclusion that is not true in all of them does not follow.	Spectrum / standard competitive-exam text, Computed twice (rule and exhaustive Venn-model script), see data/mental_solutions.txt	C
80	(a) 1 only	Syllogism and Logical Reasoning	Lions are inside tigers, and some zebras lie outside tigers, so those zebras lie outside lions too: Some zebras are not lions follows. No lion is a zebra is not forced, because the other zebras may well be lions. Friend tip: draw every legal picture. A conclusion that is not true in all of them does not follow.	Spectrum / standard competitive-exam text, Computed twice (rule and exhaustive Venn-model script), see data/mental_solutions.txt	C
81	(a) 1 only	Syllogism and Logical Reasoning	Some Kannadigas are farmers, and all Kannadigas are poets, so those Kannadiga-farmers are poet-farmers: Some poets are farmers follows. All farmers are Kannadigas is not forced. Friend tip: draw every legal picture. A conclusion that is not true in all of them does not follow.	Spectrum / standard competitive-exam text, Computed twice (rule and exhaustive Venn-model script), see data/mental_solutions.txt	C
82	(a) FQI	Coding-Decoding	Every letter moves 2 steps forward in the alphabet: C to E, A to C, T to V. So D to F, O to Q, G to I: FQI. Friend tip: write A to Z as 1 to 26 beside the word and look at the jumps. The pattern shows itself in ten seconds.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
83	(d) XZG	Coding-Decoding	Mirror code: A pairs with Z, B with Y, and so on (opposite letters). P to K, E to V, N to M. So C to X, A to Z, T to G: XZG. Friend tip: write A to Z as 1 to	Spectrum / standard competitive-exam text, Computed twice (formula and	C

Q	Ans	Tag	Explanation	Sources	Status
			26 beside the word and look at the jumps. The pattern shows itself in ten seconds.	brute-force script), see data/mental_solutions.txt	
84	(c) 50	Coding-Decoding	M13 + A1 + N14 + G7 + O15 = 50. Friend tip: write A to Z as 1 to 26 beside the word and look at the jumps. The pattern shows itself in ten seconds.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
85	(b) A-4, B-2, C-3, D-1	Coding-Decoding	Shift each letter by +1: HELP to IFMQ, ROAD to SPBE, FARM to GBSN, COIN to DPJO. Friend tip: write A to Z as 1 to 26 beside the word and look at the jumps. The pattern shows itself in ten seconds.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
86	(a) Nephew	Blood Relations	Only daughter of Ravi's mother = Ravi's sister. The man's mother is Ravi's sister, so the man is Ravi's sister's son: nephew. Friend tip: draw the family tree on rough paper, one box per person. Never solve it in your head, machi.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
87	(b) Uncle	Blood Relations	A, B and C are siblings. C is D's father, so A is the brother of D's father: uncle. Friend tip: draw the family tree on rough paper, one box per person. Never solve it in your head, machi.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
88	(d) Daughter-in-law	Blood Relations	R is the son of P and Q. S is R's wife, so S is P's son's wife: daughter-in-law. Friend tip: draw the family tree on rough paper, one box per person. Never solve it in your head, machi.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
89	(a) Cousin	Blood Relations	Mother's brother is the woman's maternal uncle. His son is therefore her maternal cousin. Friend tip: draw the family tree on rough paper, one box per person. Never solve it in your head, machi.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
90	(c) 3	Direction Sense	He ends 3 km east of the start: the two 5 km legs cancel (north then south). Friend tip: draw a tiny compass and walk the path with your pen. Distance from the start is a Pythagoras triangle (3-4-5, 5-12-13 are the usual ones).	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
91	(c) Only three	Direction Sense	North to the right is east (true). Facing south, the left hand points to the EAST, not west (false). 3-4-5 triangle (true). North-east is the midpoint of north and east (true). Three statements are correct. Friend tip: draw a tiny compass and walk the path with your pen. Distance from the start is a Pythagoras triangle (3-4-5, 5-12-13 are the usual ones).	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
92	(c) A-1, B-4, C-2, D-3	Blood Relations	Father's brother is an uncle; mother's sister is an aunt; brother's son is a nephew; wife's brother is a brother-in-law. Friend tip: draw the family tree on rough paper, one box per person. Never solve it in your head, machi.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
93	(c) Only three	Percentage	(1) True: the correct value is 96. (2) True: the correct value is 62.5. (3) True: the correct value is 20. (4) False: the correct value is 125. Apply the base-100 trick and the "extra / new" rule. Friend tip: turn the starting value into 100 and walk through the steps. No formula panic, only arithmetic.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
94	(d) B - D - A - C	Percentage	15% of 200 = 30; 40% of 90 = 36; 2% of 2000 = 40; 12.5% of 400 = 50. Friend tip: turn the	Spectrum / standard competitive-exam text,	C

Q	Ans	Tag	Explanation	Sources	Status
			starting value into 100 and walk through the steps. No formula panic, only arithmetic.	Computed twice (formula and brute-force script), see data/mental_solutions.txt	
95	(b) A-4, B-3, C-1, D-2	Percentage	1/8 = 12.5%; 3/5 = 60%; 7/20 = 35%; 5/4 = 125%. Friend tip: turn the starting value into 100 and walk through the steps. No formula panic, only arithmetic.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
96	(a) Both A and R are true and R is the correct explanation of A	Percentage	100 to 120 to 96. The 20% fall is taken on 120, so it removes more (24) than the 20 that was added. Friend tip: turn the starting value into 100 and walk through the steps. No formula panic, only arithmetic.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
97	(c) Only two	Profit and Loss	(1) True: the correct value is 25. (2) True: the correct value is 180. (3) False: the correct value is 20. Profit% = profit/cost x 100; discount% = discount/marked price x 100. Friend tip: profit and loss percentages are always on COST price unless the question says otherwise. Discount is on the marked price.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
98	(a) A-4, B-1, C-2, D-3	Profit and Loss	(250-200)/200 = 25% profit; (250-200)/250 = 20% loss; 500 x 0.9 = 450; 80 x 1.25 = 100. Friend tip: profit and loss percentages are always on COST price unless the question says otherwise. Discount is on the marked price.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
99	(a) Both A and R are true and R is the correct explanation of A	Profit and Loss	Profit is the same rupee amount; only the base changes from CP (100) to SP (125). Friend tip: profit and loss percentages are always on COST price unless the question says otherwise. Discount is on the marked price.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
100	(c) Only three	Ratio and Partnership	(1) True: the correct value is 15. (2) True: the correct value is 400. (3) True: the correct value is 6. (4) False: the correct value is 9. Link ratios through the common term; shares are fractions of the total; mean proportion is the square root of the product. Friend tip: add the ratio parts, divide the total by that sum to get one part, then multiply. Partners share profit in money times months.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
101	(c) Only two	Average	(1) True: the correct value is 5. (2) False: the correct value is 16.5. (3) True: the correct value is 100. Average = sum / count, and sum = average x count. Friend tip: average = total divided by count. When someone joins or leaves, fix the TOTAL first and then divide again.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
102	(b) A-4, B-2, C-1, D-3	Time and Work	ab/(a+b): 18/9 = 2; 150/25 = 6; 100/25 = 4; 100/20 = 5. Friend tip: take the LCM of the days as total work. Then everybody has a whole-number daily share.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
103	(a) Both A and R are true and R is the correct explanation of A	Time and Work	Total work 8 x 15 = 120 man-days; 120/12 = 10 days. Friend tip: take the LCM of the days as total work. Then everybody has a whole-number daily share.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
104	(d) B - A - C - D	Speed Time Distance	Convert everything to m/s: 10; 40 km/h = 11.11; 15; 1 km/min = 16.67. Friend tip: speed x time = distance. Convert units first (x 5/18 for km/h to m/s), calculate later.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C

Q	Ans	Tag	Explanation	Sources	Status
105	(c) A-1, B-4, C-2, D-3	Speed Time Distance	Multiply by 5/18: 36 to 10; 72 to 20; 90 to 25; 54 to 15. Friend tip: speed x time = distance. Convert units first (x 5/18 for km/h to m/s), calculate later.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
106	(a) Both A and R are true and R is the correct explanation of A	Speed Time Distance	2xy/(x+y) = 4800/100 = 48. The slower leg eats more time, so the average is dragged below 50. Friend tip: speed x time = distance. Convert units first (x 5/18 for km/h to m/s), calculate later.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
107	(a) A-1, B-3, C-2, D-4	Simple and Compound Interest	SI = 200; CI = 1210 - 1000 = 210; difference = 1000 x (0.1)^2 = 10; amount = 1000 + 300 = 1300. Friend tip: simple interest is a flat rate every year. Compound is interest on interest, and the difference over 2 years is P (r/100) squared.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
108	(c) Only three	Ages	(1) True: the correct value is 6. (2) True: the correct value is 25. (3) False: the correct value is 25. (4) True: the correct value is 36. Set up the equation and plug the answer back to check. Friend tip: ages move together, so both people add the same number of years. The difference never changes, gottaaytu?	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
109	(d) A is false but R is true	Number System	91 = 7 x 13, so the assertion is false. The reason is a true fact but proves nothing: you must test primes up to the square root of 91 (about 9.5), and 7 divides it. Friend tip: factorise first, always. HCF takes the smaller powers, LCM takes the bigger powers.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
110	(a) Both A and R are true and R is the correct explanation of A	Number System	LCM x HCF = product of the two numbers. With HCF = 1, LCM = product. Friend tip: factorise first, always. HCF takes the smaller powers, LCM takes the bigger powers.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
111	(d) A-1, B-4, C-2, D-3	Mensuration	Circle = 22/7 x 49 = 154; square = 81; diagonal = root(144+25) = 13; cube = 64. Friend tip: pi = 22/7 turns circle sums into easy multiples of 7. Check if the radius is 7, 14 or 21 and you will smile.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
112	(a) Both A and R are true and R is the correct explanation of A	Probability and Permutation-Combination	36 equally likely outcomes; just one favourable. Friend tip: probability is favourable over total. Count the total first, then the favourable, then divide.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
113	(c) A-4, B-1, C-3, D-2	Probability and Permutation-Combination	Count favourable over total: 2/4; 1/36; 4/52; 6/36. Friend tip: probability is favourable over total. Count the total first, then the favourable, then divide.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
114	(b) Only two	Calendar and Clock	2028 is divisible by 4 and is not a century (leap). 1900 is a century not divisible by 400 (not leap). 2000 is divisible by 400 (leap). Century years need divisibility by 400, so "every year divisible by 4" is false. Friend tip: odd days are just the remainder after dividing by 7. Say the days Sunday to Saturday as 0 to 6 and the rest is addition.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
115	(c) Only three	Calendar and Clock	At 12:30 the hour hand is at 15 degrees and the minute hand at 180: 165. At 9:15 the hour hand is at 277.5 and the minute hand at 90: difference 187.5, so 172.5 degrees (not 90). Three	Spectrum / standard competitive-exam text, Computed twice (formula and	C

Q	Ans	Tag	Explanation	Sources	Status
			statements are correct. Friend tip: odd days are just the remainder after dividing by 7. Say the days Sunday to Saturday as 0 to 6 and the rest is addition.	brute-force script), see data/mental_solutions.txt	
116	(c) Only three	Number and Letter Series	Doubling gives 80. Cubes 1, 8, 27, 64 (true). Triangular numbers 1, 3, 6, 10, 15: the next is 15, not 14. Differences 2, 4, 6, 8 lead to 22+10 = 32. Three statements are correct. Friend tip: look at the differences first, then the ratios, then squares, cubes and primes. Letters: convert to numbers.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
117	(b) 50%	Data Interpretation	(90 - 60)/60 x 100 = 50%. Always divide by the OLD year, not the new one. Friend tip: percentage growth is always divided by the OLD year. Tables fool the rushed, not the careful.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
118	(b) Only two	Data Interpretation	2023-24 grew 50% against 25% and 20% earlier (true). 40 + 50 = 90, equal to 2024 sales, not less (false). 60 is 20% above 50 (true). 90 is 2.25 times 40, not double (false). Friend tip: percentage growth is always divided by the OLD year. Tables fool the rushed, not the careful.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
119	(a) A - B - D - C	Data Interpretation	2022-23: 20%; 2021-22: 25%; 2023-24: 50%; overall 2021-24: 125%. Friend tip: percentage growth is always divided by the OLD year. Tables fool the rushed, not the careful.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
120	(b) Only two	Percentage	(1) True: the correct value is 16. (2) False: the correct value is 180. (3) True: the correct value is 75. (4) False: the correct value is 240. Friend tip: turn the starting value into 100 and walk through the steps. No formula panic, only arithmetic.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
121	(c) Only three	Percentage	(1) False: the correct value is 200. (2) True: the correct value is 6. (3) True: the correct value is 36. (4) True: the correct value is 12. Friend tip: turn the starting value into 100 and walk through the steps. No formula panic, only arithmetic.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
122	(b) Only two	Speed Time Distance	(1) True: the correct value is 10. (2) False: the correct value is 35. (3) True: the correct value is 25. (4) False: the correct value is 15. Friend tip: speed x time = distance. Convert units first (x 5/18 for km/h to m/s), calculate later.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
123	(c) Only three	Speed Time Distance	(1) False: the correct value is 20. (2) True: the correct value is 30. (3) True: the correct value is 40. (4) True: the correct value is 12.5. Friend tip: speed x time = distance. Convert units first (x 5/18 for km/h to m/s), calculate later.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
124	(b) Only two	Simple and Compound Interest	(1) True: the correct value is 3840. (2) False: the correct value is 640. (3) True: the correct value is 1250. (4) False: the correct value is 3600. Friend tip: simple interest is a flat rate every year. Compound is interest on interest, and the difference over 2 years is P (r/100) squared.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
125	(c) Only three	Simple and Compound Interest	(1) False: the correct value is 3000. (2) True: the correct value is 2400. (3) True: the correct value is 1200. (4) True: the correct value is 1080. Friend tip: simple interest is a flat rate every year. Compound is interest on interest, and the difference over 2 years is P (r/100) squared.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
126	(b) Only two	Average			C

Q	Ans	Tag	Explanation	Sources	Status
			(1) True: the correct value is 50. (2) False: the correct value is 47. (3) True: the correct value is 27. (4) False: the correct value is 41. Friend tip: average = total divided by count. When someone joins or leaves, fix the TOTAL first and then divide again.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	
127	(c) Only three	Average	(1) False: the correct value is 32. (2) True: the correct value is 21. (3) True: the correct value is 43. (4) True: the correct value is 32. Friend tip: average = total divided by count. When someone joins or leaves, fix the TOTAL first and then divide again.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
128	(b) Only two	Ratio and Partnership	(1) True: the correct value is 240. (2) False: the correct value is 320. (3) True: the correct value is 160. (4) False: the correct value is 240. Friend tip: add the ratio parts, divide the total by that sum to get one part, then multiply. Partners share profit in money times months.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
129	(c) Only three	Ratio and Partnership	(1) False: the correct value is 360. (2) True: the correct value is 120. (3) True: the correct value is 160. (4) True: the correct value is 200. Friend tip: add the ratio parts, divide the total by that sum to get one part, then multiply. Partners share profit in money times months.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
130	(b) Only two	Probability and Permutation-Combination	(1) True: the correct value is 21. (2) False: the correct value is 120. (3) True: the correct value is 84. (4) False: the correct value is 36. 			COST price unless the question says otherwise. Discount is on the marked price.	brute-force script), see data/mental_solutions.txt	
137	(c) Only three	Profit and Loss	(1) False: the correct value is 1020. (2) True: the correct value is 960. (3) True: the correct value is 1080. (4) True: the correct value is 450. Friend tip: profit and loss percentages are always on COST price unless the question says otherwise. Discount is on the marked price.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
138	(b) Only two	Time and Work	(1) True: the correct value is 8. (2) False: the correct value is 12. (3) True: the correct value is 6. (4) False: the correct value is 6. Friend tip: take the LCM of the days as total work. Then everybody has a whole-number daily share.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
139	(c) Only three	Time and Work	(1) False: the correct value is 6. (2) True: the correct value is 4. (3) True: the correct value is 10. (4) True: the correct value is 6. Friend tip: take the LCM of the days as total work. Then everybody has a whole-number daily share.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
140	(b) Only two	Number System	(1) True: the correct value is 8. (2) False: the correct value is 9. (3) True: the correct value is 9. (4) False: the correct value is 3. Friend tip: factorise first, always. HCF takes the smaller powers, LCM takes the bigger powers.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
141	(c) Only three	Number System	(1) False: the correct value is 8. (2) True: the correct value is 4. (3) True: the correct value is 1. (4) True: the correct value is 8. Friend tip: factorise first, always. HCF takes the smaller powers, LCM takes the bigger powers.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
142	(b) Only two	Mensuration	(1) True: the correct value is 108. (2) False: the correct value is 150. (3) True: the correct value is 154. (4) False: the correct value is 104. Friend tip: pi = 22/7 turns circle sums into easy multiples of 7. Check if the radius is 7, 14 or 21 and you will smile.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
143	(c) Only three	Mensuration	(1) False: the correct value is 120. (2) True: the correct value is 144. (3) True: the correct value is 90. (4) True: the correct value is 140. Friend tip: pi = 22/7 turns circle sums into easy multiples of 7. Check if the radius is 7, 14 or 21 and you will smile.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
144	(d) 40	Ranking and Order	Total = left rank + right rank - 1 = 12 + 29 - 1 = 40. You counted Rahul twice, so subtract one. Friend tip: left rank plus right rank always counts the same person twice, so subtract one.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
145	(c) Only three	Ranking and Order	(1) True: the correct value is 31. (2) True: the correct value is 28. (3) True: the correct value is 14. (4) False: the correct value is 35. Position from back = total - position from front + 1. People behind = total - front position. Between two positions = difference - 1. Friend tip: left rank plus right rank always counts the same person twice, so subtract one.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
146	(c) Both 1 and 2	Seating Arrangement	A must be at the left end because A sits to the left of E. B is next to A, so B is 2nd. D and E form a block (D then E). C cannot touch B, so C cannot be 3rd; hence the block takes places 3 and 4 and C is 5th. The row is A B D E C. D is in the middle and C is at the right end, so both statements are true. A scan of all 120 arrangements finds exactly one	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C

Q	Ans	Tag	Explanation	Sources	Status
			that satisfies every clue. Friend tip: place the surest clue first (an end, a fixed pair), then slot the rest. The "not next to" clue is for the last step.		
147	(a) A-4, B-1, C-3, D-2	Cubes and Dice	Corners have 3 painted faces: 8. Edges (not corners) have 2: 12(n-2) = 36. Faces (not edges) have 1: 6(n-2)^2 = 54. Inside: (n-2)^3 = 27. Check: 8+36+54+27 = 125. Friend tip: corners, edges, faces, inside: 8, 12(n-2), 6(n-2) squared, (n-2) cubed. Always add up to n cubed to confirm.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
148	(c) 6	Cubes and Dice	Each face has only its centre cube painted on one face alone: 6 faces x 1 = 6. Friend tip: corners, edges, faces, inside: 8, 12(n-2), 6(n-2) squared, (n-2) cubed. Always add up to n cubed to confirm.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
149	(c) Only three	Venn Diagram and Sets	(1) True: the correct value is 25. (2) True: the correct value is 55. (3) True: the correct value is 45. (4) False: the correct value is 20. Draw two overlapping circles: only tea 25, both 10, only coffee 20, neither 5 (60 - 55). Statement 4 claims 25 but only coffee is 20. Friend tip: fill the overlap first, then the rest of each circle, and finally the outside. Total = A + B - both + neither.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
150	(b) 5	Venn Diagram and Sets	60 - (35 + 30 - 10) = 5. Friend tip: fill the overlap first, then the rest of each circle, and finally the outside. Total = A + B - both + neither.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
151	(a) 1 only	Logical Reasoning	If A were a knight, his statement would have to be true, but a knight cannot call himself a knave. So A is a knave. A knave lies, so "both are knaves" is false, which means B is not a knave: B is a knight. An exhaustive check of the four combinations agrees. Friend tip: with puzzles, assume one person is a knight or a knave and chase the consequence. One contradiction kills the guess.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
152	(a) 1 only	Logical Reasoning	Try A as a knight: then B is a knave, so C is a knight; but C says A is a knave, a lie from a knight. Contradiction. So A is a knave, which makes B a knight, which makes C a knave, and C's false claim fits. Answer: A knave, B knight, C knave. All 8 combinations were tested. Friend tip: with puzzles, assume one person is a knight or a knave and chase the consequence. One contradiction kills the guess.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
153	(d) PQR	Odd One Out and Analogy	In ACE, GIK and MOQ each letter jumps 2 places. In PQR the jump is 1, so PQR is the odd one out. Friend tip: find the one rule that four items share. The odd one breaks it.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
154	(b) 9	Odd One Out and Analogy	All the others are prime numbers; 9 = 3 x 3 is not. Friend tip: find the one rule that four items share. The odd one breaks it.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
155	(c) 48	Odd One Out and Analogy	All except 48 are perfect squares (4, 5, 6, 7 squared). Friend tip: find the one rule that four items share. The odd one breaks it.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	C
156	(a) 64				C

Q	Ans	Tag	Explanation	Sources	Status
		Odd One Out and Analogy	3 cubed is 27, so 4 cubed is 64. Friend tip: find the one rule that four items share. The odd one breaks it.	Spectrum / standard competitive-exam text, Computed twice (formula and brute-force script), see data/mental_solutions.txt	

Recap: five things to carry into the hall

1. **Net of +a% and -a% is a loss of a^2/100 %.** For 20% it is 4%.
2. **Work and speed:** ab/(a+b) for two workers; 2xy/(x+y) for equal-distance average speed; km/h x 5/18 gives m/s.
3. **Trains:** pole means own length; platform or another train means add lengths; opposite adds speed, same subtracts.
4. **Counting:** n(n-1)/2 handshakes, n(n-3)/2 diagonals, (n-1)! round a table, and the painted cube 8, 12(n-2), 6(n-2)^2, (n-2)^3.
5. **Calendar:** 100 years = 5 odd days, 400 years = 0; 1900 not leap, 2000 leap, 2100 not leap.

> **Peak fact:** 15 November 2026, the tentative prelims date, is a **Sunday**. The calendar items above work it out by odd days, and a date function agrees.
>
> **Next up:** Bank 5 is **Indian History**, the biggest slice of Paper I. Cliffhanger: **which 1784 treaty ended the Second Anglo-Mysore War**, and what did Tipu Sultan and the English each get back? (The answer is inside.)
